

Berit Parten

After leading the Redhawks to their first state championship in 30 years last year, expectations were high on Berit Parten and her #1 ranked Minnehaha Academy team coming into this season. What Berit has delivered over the month of September likely exceeded all those expectations. Berit scored 27 goals and 12 assists in the month of September, pacing her at the top of the state leaders in both categories. What's most impressive about the productivity is the games in which they came in bunches. Against SPA Berit scored 4 goals in the first half and finished with a career high six goals in a big conference win. Each goal uniquely showcased Berit's breadth of scoring abilities by scoring with power from distance, finesse in the box, dribbling past defenders, sprinting behind for a through ball, and even scoring an Olympico to cap it off. Possibly even more impressive, Berit helped lift Minnehaha out of a 2-goal deficit twice in the game against #2 ranked Providence Academy to score five and assist on the game winner in an exciting 6-4 victory. These key victories against conference rivals earned the Redhawks their first IMAC championship in school history.

Jonathan Karpenko

Jonathan Karpenko is a senior co-captain and has played a key role in helping Minnehaha Academy win its first conference title in 20 years. Karpenko leads the team with 15 goals (tied for 19th in the state) but also has been key in his commitment to empowering and encouraging others throughout the program.
