District No.41

Descriptor Term: Student Educational Records and Privacy
Descriptor Code: FGA (See Policies Handbook for Full Policy)
Adopted Date: 12/16/15 -Reaffirmed 11/09/2022

The Surrey Public School Board believes that while collection and use of student information is necessary to provide educational and student support services, the District must implement safeguards to ensure information is appropriately protected and used to serve the best interests of students. The purpose of this policy is to establish such safeguards.

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Surrey Public School, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Surrey Public School may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with district procedures.

The primary purpose of directory information is to allow the Surrey Public School to include this type of information from your child's education records in certain school publications. Examples include:

1. A playbill, showing your student's role in a drama production;
2. The annual yearbook;
3. Honor roll or other recognition lists;
4. Graduation programs; and
5. Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require school districts receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories - names, addresses and telephone listings - unless parents have advised the school district that they do not want their student's information disclosed without their prior written consent.

If you do not want Surrey Public School to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by **9/05/2024**.
