ATHLETIC OVERVIEW

The Commodore Perry Senior High School is a District 10 member of the Pennsylvania Interscholastic Athletic Association, which is one of the twelve districts. District 10 includes Crawford, Erie, Mercer, Venango and Warren Counties. The Commodore Perry School District is located in Mercer County. Commodore Perry's interscholastic sports program consists of the following sports:

Fall

- **Cross Country:** This is offered to boys and girls in 7th and 8th grade at the junior high level and 9th-12th grade at the varsity level.
- **Boys Soccer:** This is offered to boys and girls at JV/varsity levels, 9th-12th grade.
 - Soccer has Co-Op with Lakeview @ Commodore Perry
- **Girls Volleyball:** This is available to girls at the JV/varsity levels, 9th-12th grade.
- **Girls Basketball:** This sport is offered to 7th and 8th grade girls at the junior high level.
- **Football:** This fall sport is offered at the junior high level for 7th and 8th grades and 9th-12th grades at the junior varsity and varsity levels. *Fall Season: August- December
 - Football has Co-Op with Mercer @ Mercer
- **Cheerleading:** In the fall, cheerleading is available for football at the junior high level for 7th and 8th grades and 9th-12th grades at the varsity level with Mercer School District. In the winter, PIAA Competitive Spirit is available at the varsity level for grades 9-12 with Lakeview School District. Junior high cheerleading is available for 7th and 8th graders, covering junior high boys' basketball. Varsity Cheerleading is available for 9th-12th, covering varsity boys' basketball and wrestling.
- **Competitive Cheerleading:**
 - *Fall Season: August- November
 - *Fall/Winter Season (PIAA): August- February
 - Competitive Cheer has a Co-Op with Lakeview @ Lakeview
- **Golf:** This fall sport is offered to 9th-12th grades at the varsity level.
 - Golf has Co-Op with Greenville @ Greenville

Winter

- **Basketball:**
 - In the winter, competition includes boys 7th, 8th, and 9th grades at the junior high level, as well as, boys/girls junior varsity and varsity teams, 9th-12th grades.
- **Wrestling:** This winter sport is offered at the junior high, 7th and 8th grades, and junior varsity/varsity levels, 9th-12th grades.
 - Wrestling has Co-Op with Lakeview @ Commodore Perry

Spring

- **Volleyball:** This sport is offered to 7th and 8th grade girls at the junior high level.
- **Baseball:** This is offered for boys at the junior high level, grades 7th-8th and at the varsity level, 9th-12th grades.
 - Baseball has Co-Op with Lakeview @ Lakeview
- **Softball:** This spring sport is offered for girls at the junior high level, grades 7th-8th and at the varsity level, 9th-12th grades.
 - Softball has Co-Op with Lakeview @ Lakeview
- **Track & Field:** This spring sport is offered to boys/girls at the junior high, 7th and 8th grades, and varsity, grades 9-12, levels.

ADMINISTRATIVE ORGANIZATION

The Board of School Directors shall set policy with regard to conducting the athletic programs with the Commodore Perry School District. The Athletic Committee, within the limits of the adopted School Board policies, serves as liaison between the athletic programs and Board. The Committee may make recommendations to the Board. It may not usurp the powers and duties delegated to the Principal, nor may it supersede the action and power of the Board of Directors.

The Principal, in all matters pertaining to the interscholastic athletic relations of his/her school, is responsible to the PIAA. He/she may delegate some of those powers, but such delegation shall not relieve him/her of responsibility for any infraction by his/her school, of the Constitution and By-Laws of the PIAA.

The Athletic Director is directly responsible to the principal. The primary responsibility of the athletic director is the administration and supervision of the interscholastic athletic program. The athletic director's duties will be those described in his/her job description and any other designations. He/she will provide the leadership necessary for the day-to-day operation of the athletic department.

All Head Coaches shall be responsible to the Athletic Director for the total operation of their respective sports programs. Head coaches will be responsible for normal duties required of interscholastic competition, those duties described within the Athletic Handbook for Coaches and/or any duties delegated by the Athletic Director and/or Principal.

ATHLETE INFORMATION

Eligibility of Athletes and Insurance Requirements

In order for a student to compete in interscholastic athletics, including cheerleading, he/she must fulfill all the requirements set forth by the PIAA and the Commodore Perry School District. This includes compliance with specifications set forth in the Commodore Perry School District extracurricular participation policy. In all cases, the Administration retains the right to use its discretion in evaluating cases; a student's past record, attitude and willingness to cooperate in correcting behavior problems will be considered, when appropriate. Prior to participation in any/all interscholastic activities, the District Parent/Student Assurance form at the end of the Student Athlete/Parent Handbook, a Concussion and Sudden Cardiac Arrest Acknowledgement, and Coach's Rules form must be signed by both the athlete and parent/guardian. The coach must keep a copy and forward a copy of each form to the Principal and Athletic Director.

Consent of Parent/Guardian

Athletes involved with a sport (grades 7-12) are required to submit the following forms prior to participation in practices and/or games:

- PIAA Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE) – the student and parent/guardian is required to complete Sections 1-6 and Section 7 by an Authorized Medical Examiner. Upon completion, Sections 1-7 must be submitted to the student's Arbiter account. The CIPPE may not be performed earlier than May 1st and shall be effective, regardless of when performed during a school year, until the next April 30th. (see Sports Physical Exam section)
- Insurance information – all insurance information must be provided on the CIPPE in order to participate in any PIAA sport. Failure to provide information will result in participation restrictions.

Academic Eligibility

In order to maintain athletic eligibility on a weekly basis each Friday during his/her athletic season, a student must be:

- Passing a total of four (4) full-credit subjects or the equivalent each week during his/her athletic season.
- Failing no more than 1 class. For example:
 - Fails math and 1 elective, ineligible
 - Fails math and science, ineligible
 - Fails 2 electives, ineligible
 - Fails math, eligible

A student who is declared academically ineligible on an eligibility report will be ineligible for a period of one week (from Sunday to Saturday) and in that time must bring his/her grades up to passing or he/she will remain ineligible for interscholastic competition until that condition is met. Practice is permissible and when possible and appropriate, extra help/time should be given to improve the student athlete's academic standing.

If a student is not meeting all eligibility requirements at the end of a grading period (end of nine weeks), said student will be ineligible for the first fifteen (15) school days of the next

grading period. At the end of the school year, the student's final credits in the student's subjects rather than the student's credits for the last grading period shall be used to determine eligibility status for the next grading period.

Age

If the age of 19 is attained on or after July 1, the student shall be eligible, age wise, to compete through that school year. A student may not represent the District in interscholastic sports if he/she has reached the end of four consecutive years (eight consecutive semesters or the equivalent) beyond the eighth grade year, or participated in six seasons beyond the sixth grade or four seasons beyond the eighth grade in any sport.

Amateur Status

To be eligible to participate in interscholastic athletics, a student must be an amateur in the sport involved and cannot accept compensation, other Consideration, or an award not permitted as stated in PIAA Constitution and By-Laws Article II for or related to the student's athletic ability, participation, performance, services, or training in a sport.

Assumed Name

A student who participates in an Inter-School Practice, Scrimmage, or Contest in a sport under a name other than the student's own shall be ineligible to participate in that sport for up to one year from the date of such participation under an assumed name.

Attendance

A student athlete must be in school prior to the start of their second period class to be able to participate that day (practice or event) without a doctor's excuse. If a student arrives after the start of their second period class, he/she is ineligible to practice or play without a doctor's excuse. Prescheduled appointments and/or emergencies are acceptable upon Principal approval. A student athlete is not permitted to participate in a game and/or practice if he/she leaves early from school due to an illness, unless a doctor's excuse is provided.

PIAA Guideline: A student accumulating twenty (20) or more absences during a semester shall not be eligible to participate in interscholastic activities until he/she has been in attendance for a total of forty-five (45) school days following the twentieth (20th) day of absence.

Behavior

Athletes shall understand that they are leaders and must assume responsibilities at home, in school, and in the community. As a representative of the school and community, athletes must be neatly groomed and properly dressed. Behavior unbecoming an athlete could result in the Principal revoking the privilege of a student to participate in an athletic event. This behavior includes, but is not limited to, disciplinary sanctions imposed for misbehavior.

Cheerleader Selection (Winter Season)

Tryouts will be held for the purpose of selecting cheerleaders for the next school year, if the number of interested participants warrants a tryout session. For interested cheerleader participants, a mandatory sign-up will occur for two consecutive weeks prior to the scheduled tryout session. Participants must complete and submit the required paperwork by the deadline given in order to participate in the tryout session.

On the first tryout practice date, coaches will evaluate the number of participants for each cheer squad. If the number of participants per squad does not warrant a tryout session, it is at the coaches' discretion to eliminate the tryout process and assign cheerleaders to appropriate squads. Upon making this decision, coaches will notify the Athletic Director and/or Principal; and also, inform cheerleaders and parents/guardians by the end of the first tryout practice. There is no guarantee that cheerleaders will be assigned to multiple cheer squads in one school year at either the Varsity or Junior High level. If a tryout session is held, an alternate cheerleader may be chosen, but not notified, for each squad. In the event there is a vacancy on a squad, the alternate cheerleader will be notified and offered the vacant position.

A committee of judges will select the new cheerleaders during the tryout process. Anyone, including advisors, immediately related to or a near relative of a participant will remove him/herself from the selection process. Any questions regarding the judge/participant relationship shall be directed to the Principal and/or Athletic Director.

Co-Op with Mercer: Mercer Area School District will determine the selection process for football cheerleading.

Club Sports

If a coach chooses to promote club sports opportunities, all athletes should be informed of such opportunities.

Club sports have no connection to the Commodore Perry School District athletics programs and, as such, should have no direct impact on a student's status in a CP-sanctioned athletic activity. It is understood that participation in club sports may improve an athlete's skills, thereby impacting an athlete's playing time or role on a team.

Communication

All coaches will utilize the sportsYou app to communicate with athletes and parents/guardians.

District Transportation

All transportation will be arranged by the Athletic Director; and a schedule given to the coach prior to the season starting. Any changes to the departure schedule shall be requested by the coach to the Athletic Director prior to the season beginning. The coach shall have his/her team members ready to board the bus at the designated time in the designated location.

No athletic team or cheerleaders will be transported to events using private transportation unless special permission requested in writing is granted by the Principal. Athletes are permitted to depart visiting schools in private transportation as long as the athlete's parent/guardian

submits a note to the coach or has signed the athlete out with the coach unless the team rules say otherwise. An athlete may only ride home with someone other than a parent/guardian if a note signed by the parent/guardian is presented to the coach prior to departure from the home school. At no time will a student be permitted to ride with a student driver to/from an event.

The head coach shall remind students that riding the District provided transportation is a privilege. Proper conduct is expected and required. The head coach shall ensure that his/her athletes comply with transportation rules and regulations and remind athletes to clean off shoes/cleats prior to entering and to pick up all items, including trash, prior to departing the transportation. The coach shall be the last to depart after checking for items forgotten.

Transportation arrangements for post-season/playoff events will be the responsibility of the Principal and/or Athletic Director. The Principal and/or Athletic Director will determine if a charter bus/van or regular school bus/van will be used as transportation for post-season events. Consideration will be given for distance to the event, the time involved in traveling to the event, and the athletic budget. If a regular school bus or van is determined by the Principal and/or Athletic Director to be sufficient for the event, an outside organization, such as a Booster Organization, can request a charter bus or van with the understanding that the group is responsible for the charter transportation costs.

Equipment

A student athlete will be issued sports equipment from the coach on behalf of the District. All athletic equipment/uniforms must be returned at the end of a sports season in order to participate in any subsequent athletic sports seasons. All items not returned will be placed on the obligation list and the student will not be permitted to participate in any subsequent sports seasons until the obligation is paid in full.

If a student is given a piece of equipment from the certified athletic trainer to be used temporarily (ex. brace, crutches, or ace wraps) the piece of equipment must be returned in good condition and in a timely manner. If the piece of equipment is lost or broken, the student is responsible to replace the broken or misplaced item with a new piece. All items not replaced will be placed on the obligation list and the student will not be permitted to participate in any subsequent athletic sports seasons.

Heat Acclimation (Football)

Each year, prior to the beginning of the pre-season camp, a five day time span must be used to acclimate the student athletes to the heat. The students must wear helmet and shoulder pads for the first four days and can wear full gear the fifth day. The process when done before pre-season camp concludes no more than 48 hours prior to pre-season camp.

ImPACT Baseline Testing

The Commodore Perry School District in partnership with Meadville Sports Medicine will provide ImPACT baseline testing for each athlete in grades 7-12 every other school year, at no

cost to the athlete. For those athletes who sustain a head injury or concussion, additional testing will be administered by the Athletic Trainer or School Nurse as needed. Athletes will follow the Concussion protocol implemented by the District.

Letters of Intent

Any student committing to playing sports at the collegiate level will inform the athletic director once that decision has been made to arrange a signing day at the high school.

NCAA Recruiting of High School Athletes

Any recruitment of a Commodore Perry athlete who is eligible for college or university athletic participation must be conducted within NCAA recruiting guidelines. These guidelines can be found at <http://www.ncaa.org/student-athletes/future/recruiting>

NIL - Name, Image, Likeness

Any student approached by an agent to represent them as they seek sponsorship MUST notify the athletic director immediately of the agent's name and contact information to ensure the agent is registered with the state as an approved agent.

Pregnant Athlete Guidelines

If/ when a pregnant athlete informs the school district of her pregnancy and is participating in an in-season PIAA sport, she must present the Athletic Trainer/ Athletic Director with a physician's note clearing her for full participation until her physician would deem an end to her participation (physician notes are required from all student-athletes for playing through illness, injury, or current medical conditions).

If the athlete and her physician determine that she can participate throughout pregnancy, she will be given full opportunity during practices and games.

All absences from team practices or games due to the current pregnancy are excusable and will not be held against her in regards to playing-time or participation.

Social Media Guidelines for Student-Athletes

Social Media has become ingrained in today's society. The wide variety of social networking tools presently available provides students easy access to share important news and events with each other. Social media technologies such as Twitter, Facebook, Instagram, Snapchat, Internet forums, weblogs, social blogs, micro blogging, Wikis, podcasts, photographs, video rating, social bookmarking, and others have many benefits in our world; however they can also be disruptive when inappropriate social media postings occur. Using these communication tools in an inappropriate manner can have negative consequences, especially if unkind words or threats are used with intent to hurt others.

The Commodore Perry School District Athletics' Program recognizes and supports its student-athletes' right to freedom of speech, expression, and association, including the use of social networks. In this context, each student-athlete must remember that participating and competing for the Commodore Perry School District is a privilege and not a right. The

student-athletes represent the school district, and therefore, they are expected to portray themselves, their team, and the school district in a positive manner at all times. Any online postings must be consistent with federal and state laws, as well as team and school district rules and regulations (including those listed below).

Specifically prohibited behaviors include but are not limited to:

- Sexually Explicit, profane, lewd, indecent, illegal, or defamatory language/actions
- Derogatory language regarding school personnel or other students/ team members
- Comments designed to harass or bully students/ team members and/or school personnel
- Nude, sexually-oriented or indecent photos, images, or altered pictures

Also prohibited are all on-campus connections to off-campus violations of the policy (during practice or events)

- Use of school computers to view off-campus postings
- Students accessing posts at school on their own devices
- Distribution of hard copies of posts on school property
- Re-communication on campus on the content of the posts
- Any violations found through a principal investigation, which disrupt or interfere with the educational process in any manner, may result in suspension, removal from team, etc.

*****THINK BEFORE YOU POST- GUIDELINES TO POSITIVE POSTING*****

- Be careful with how much and what kind of identifying information you post on social networking sites. It is unwise to make available information such as a full date of birth, social security number, address, phone number, cell phone numbers, class/ work schedules, bank account information, or details about your daily routine. All of these can facilitate identity theft or stalking. REMEMBER: once posted the information becomes the property of the website.
- Be aware that potential current and future employers and college admissions offices often access information you place on online social networking sites. Realize that any information you post will provide an image of you to prospective employers and/or schools: regarding yourself or how you speak of others. The posting is considered public information. Protect yourself by maintaining a self-image that you can be proud of years from now.
- Be careful in responding to unsolicited emails asking for passwords or PIN numbers. Reputable businesses do not ask for this information online.
- Do not have a false sense of security about your rights to freedom of speech. Understand that freedom of speech is not unlimited. Social networking sites are NOT a place where you can say and do whatever you want without repercussions.
- Remember that photos once put on a social network site's server become the property of the site. You may delete the photo from your profile, but it still stays in the network server. Internet search engines like Google or Yahoo may still find that image long after you have deleted it from your profile. Think long and hard about what type of photo you want to represent you.

- One of the biggest lessons social networking users can learn is that anything you post online enters the public record. High School students/ personnel need to consider their profiles and how they may look to future colleges or potential employers.

Sports Practices

All practices are closed to spectators and the public.

Students Release time

The number of times a student athlete is given permission to leave class for extracurricular activities will be kept to a minimum. Dismissal times for students to participate in athletic activities will be decided by the Principal after conferring with the Athletic Director.

Weight Room/Gymnasium/Athletic Training Room Regulations/Procedures

Students will not be permitted to utilize the weight room and/ or the athletic training room without an approved coach and/or supervisor. Inappropriate or unsafe behavior will not be tolerated and can result in dismissal and/or suspension from the weight room facility.

Varsity Athletic Awards

The head coach shall recommend the members of his/her squad who have met the requirements for a letter, jacket, or plaque with approval from the Principal and Athletic Director.

- General Letter Requirements
 - Attendance – athletes should attend all practices unless excused by the head coach.
 - Sportsmanship – athletes should realize that they are representing their school and community and should conduct themselves in such a manner that they are unquestionable assets to both.
 - Adherence to rules and regulations – athletes must abide by the rules and regulations as set forth by the coach and athletic department.
 - Athletes who discontinue participation forfeit all awards and recognition they may receive.
- Specific Letter Requirements
 - Basketball (boys and girls) – participate in 50% of the Varsity quarters.
 - Cheerleaders – must cheer one year for a letter.
 - Cross Country – Must participate in 50% of the meets and have an average score of 7 or less
 - Track (boys and girls) – participate in 50% of the Varsity meets and have scored 10 points throughout the season.
 - Volleyball – plays in 50% of the Varsity sets.
 - Wrestling – participates in 50% of the Varsity matches.

*A participant receiving his/her first letter in any sport shall receive a letter and a pin (symbol of that sport). If the participant “letters” in a different sport for the first time, he/she will receive a pin (symbol of that sport). If the participant letters in the same sport during future seasons, he/she will receive a bar.

Spectators at Events

PIAA requires all registered sports' officials to enforce the sportsmanship rules for coaches and contestants. Actions meant to demean opposing contestants, teams, spectators, and officials are not in the highest ideals of interscholastic education and will not be tolerated.

- Remember that you are at a contest to support and cheer for your team and to enjoy the skill and competition; not to intimidate or ridicule the officials, the other team, or its fans.
- Remember that interscholastic athletics are a learning experience for students and that mistakes are sometimes made. Praise student-athletes in their attempt to improve themselves as students, as athletes, and as people as you would praise a student working in the classroom.
- Attendance at events is a privilege to observe the contest, not a license to verbally assault others and be generally obnoxious.
- Show respect for the opposing players, coaches, spectators, support groups and officials. Treat them as you would treat a guest in your own home.
- Respect the integrity and judgment of contest officials. Understand that they are doing their best to help promote the student-athlete, and admire their willingness to participate in full view of the public.
- Recognize and show appreciation for an outstanding play by either team.
- Refrain from the use of any controlled substances (alcohol, drugs, tobacco, etc.)
- Use only those cheers that support and uplift the teams involved.
- Recognize and compliment school and athletic administrators for their efforts in emphasizing the educational benefits of interscholastic athletics and the role of good sportsmanship to that end.
- Be a positive role model through your own actions and by censuring those around you whose behavior is unbecoming.

SPORTS PHYSICAL EXAMINATIONS

Parents/Guardians are responsible for completing the physical examination on or after May 1st. Students may not practice nor compete until all physical examination paperwork is submitted to Arbiter and approved by the Athletic Director. The physical examinations will be valid for all sports seasons in a school year provided the student athlete does not sustain any of the following since completion of the initial physical exam:

- An illness and/or injury that required medical treatment from a licensed physician of medicine or osteopathic medicine;
- A Concussion (i.e. bell rung, ding, head rush) or traumatic brain injury
- Any dizzy spells, blackouts, and/or unconsciousness;
- Any episodes of unexplained shortness of breath, wheezing, and/or chest pain;
- New prescription or pills;
- Any concerns that need to be discussed with a physician.

Students obtaining a physical examination from a family physician must also complete sections 1-6 of the CIPPE form. Section 7 of the CIPPE must be signed by the physician and dated on or after May 1st to be valid for the following school year's sports seasons. The CIPPE must be completed online using the student's Arbiter login.

Forms Available:

District Office and High School Office

PIAAWebsite:

[http://www.piaa.org/assets/web/documents/PIAA_CIPPE_FORMS_SECTION\(S\)_1_-_10\(1\).pdf](http://www.piaa.org/assets/web/documents/PIAA_CIPPE_FORMS_SECTION(S)_1_-_10(1).pdf)

PARENT/ COACH RELATIONSHIP

Both parenting and coaching are extremely difficult vocations. By establishing respect for each other and an understanding of each position, we are better able to accept the actions of the other and provide greater benefit to our student-athletes. When children become involved in an athletic program, parents have a right to understand what expectations are placed on a child. This begins with clear communication from the coach of the child's program.

Communication parents should expect from a child's coach

1. Philosophy of the coach.
2. Expectations the coach has for your child as well as all the players on the team.
3. Locations and times of all practices and contests.
4. Team requirements, i.e. fees, special equipment, off-season conditioning.
5. Procedure should your child be injured during participation.
6. Discipline which results in the denial of your child's participation.

Communication coaches expect from parents

1. Concerns expressed directly to the coach.
2. Notification of any schedule conflicts in advance.
3. Specific concern in regard to a coach's expectations.

As a child becomes involved in the programs at Commodore Perry School District, they will experience some of the most rewarding moments of their lives. It is important to understand that there may also be times when things do not go the way a parent or child wishes. At these times, discussion with the coach is encouraged.

Appropriate concerns for parents to discuss with coaches

1. Ways to help your child improve.
2. Concerns about your child's behavior

It is very difficult to accept your child not playing as much as you may hope. Coaches are professionals. They make judgment decisions based on what they believe to be best for all students involved. As you may have seen from the list above, certain topics can be and should be discussed with a coach.

Issues not appropriate to discuss with coaches

1. Playing time.
2. Team strategy.
3. Play calling.
4. Other student athletes.

There are situations that may require a conference between the coach and the parent. It is important that both parties involved have a clear understanding of the other's position. When those conferences are necessary, the following procedure should be utilized to help promote a resolution of the issue of concern.

NOTE: If a parent/guardian's conduct violates NFHS/PIAA/Commodore Perry Athletic policies regarding parent/coach interaction, there may be consequences that include a warning, removal from one game, removal from multiple games, etc.

PROCEDURES FOR IDEAS, SUGGESTIONS, AND CONCERNS

STEP 1: COACH

- The concern should first be presented to the coach by the athlete.
- The coach should make every attempt to resolve the concern.
- The parent should discuss the concern with the athlete: discuss what was communicated between the coach and the athlete.
- If needed: The parent/ athlete may contact the coach via sportsYou or email after 24 hours to set up an appointment.

STEP 2: ATHLETIC DIRECTOR

- If the coach is unable to resolve the concern or if the athlete or coach is not satisfied with the result from step 1, then the athlete and parent should address the concern with the Athletic Director..
- The Athletic Director should gather the necessary information to attempt to resolve the concern. This may be accomplished by organizing a conference and acting as the mediator or by implementing other strategies necessary to resolve the concerns. The Athletic Director will determine at what point to share the concern with the Principal. Depending on the severity of the concern, the Athletic Director may choose to go to Step 3 to have the assistance of the Head of Athletics (Principal).

STEP 3: PRINCIPAL

- If the athlete and parents are not satisfied with the results of Step 2, then the Principal will make every attempt to resolve the concern. This may be accomplished by strategies decided by the principal.

STEP 4: SUPERINTENDENT

- If the parties concerned are not satisfied with the results from step 3, then the Principal will involve the Superintendent for guidance and direction. The Superintendent will make every attempt to resolve the concern. This may be accomplished by strategies decided by the Superintendent.

STEP 5: ATHLETIC COMMITTEE

- If the parties are not satisfied with the results of Step 4, then the Superintendent may direct the Principal to present the concern to the members of the Athletic Committee.

STEP 6: BOARD OF EDUCATION

- If the parties concerned are still not satisfied with the results of Step 5, then the concern will be shared with the Board of Education in the manner and time recommended but the Superintendent and the Athletic Committee.

The Parent/Student Athlete handbook was compiled to help parents and student athletes understand the rules and regulations required to participate in interscholastic sports. It is hoped that the listing of various proven practices and procedures presented in this handbook, will promote a more efficient operation and enjoyable experience through the interscholastic athletic program at Commodore Perry School District.

Each student athlete and parent/guardian must sign the slip below acknowledging that the information provided in the Parent/Student Athlete Handbook has been reviewed on the District's website (under forms and links). Prior to participation, athletes are required to submit the signed form to the Coach.
