

MOA Basketball Officials Certified Camp Guidelines

To become officially certified by the MOA, a basketball officiating camp must meet specific criteria. This certification ensures that the camp aligns with MOA standards and that officials' attendance satisfies the MOA's postseason eligibility requirements. To maintain eligibility for postseason divisional and state tournaments, basketball officials must attend a certified camp at least once every three years. Please note that working at an officiating camp does not satisfy the requirement—all officials must attend a camp.

Camp Requirements:

1. Instructor-to-Camper Ratio:
 - At least one certified camp instructor for every 8 campers.
 - The camp director must be a certified instructor.
2. Game Participation:
 - Each camper must participate in a minimum of 4 games.
 - A maximum of 6 games is recommended.
3. Game Level:
 - All games must be at the high school level.
4. Classroom Instruction:
 - A minimum of 2 hours of classroom instruction is required.
 - Instruction may be divided into multiple sessions throughout the camp.
 - The MOA committee will provide the 3-Person floor mechanics curriculum (approximately 45 minutes) for live delivery.
5. Officiating Crew:
 - Each game must be staffed with a minimum 3-person officiating crew.
 - Scheduling 4 officials per game is recommended.

Application Process:

To apply for certification, camp directors must complete the **MOA Basketball Officials Camp Certification Application** and submit it to the MOA Officiating Camp Committee via email at MOAbbcamp@gmail.com.

Out-of-State Camp Attendance:

Officials who attend an out-of-state officiating camp may apply to have their attendance recognized as fulfilling the postseason eligibility requirement. To do so, complete the **MOA Basketball Officials Camp Certification Application**, attach the camp brochure or itinerary, and provide the camp director's contact information. The committee will review this information to determine if the camp meets the certification criteria.

Important: Hiring camps do not meet the criteria for certification and cannot be used to fulfill the MOA postseason eligibility requirement.
