

BOYS' WRESTLING CLASS B/C EDQ LANGUAGE

Class B/C will base the number of state qualifiers on the equitable distribution of qualifiers (EDQ) formula for each weight class. The EDQ formula will be a total of divisional participants divided by total potential qualifiers in both divisions multiplied by sixteen (the number of state qualifiers) with no less than 6 qualifiers from each division. The MHSAs will notify Class B/C divisional tournament managers of the number of qualifiers for each division.

GIRLS' WRESTLING EDQ LANGUAGE

EDQ – Girl's state qualifiers are based on the EDQ formula. The EDQ formula uses total participants for each weight class in each division divided by total participants for each weight class in all 6 divisions multiplied by twenty-four. Each Division qualifies a minimum of 3 wrestlers in each weight class. The MHSAs will notify all divisional tournament managers of the number of qualifiers for each weight class after all divisional brackets have been built.

STATE TOURNAMENT PAIRINGS – BOYS DIVISIONS

The official pairings for the State Wrestling Tournament for **Class AA** consist of two parts which will be determined by the MHSAs after both seeding tournaments are completed. Below are the pairings:
