Rhode Island Principals Committee on Athletics

Mission Statement

Athletic participation helps students grow, learn, and enjoy themselves while they use and develop their personal, physical, and intellectual skills. RIPCOA values the lessons that have long been taught by athletic participation: the pursuit of excellence through personal development and teamwork, ethical and responsible behavior on the field and off, adherence to the spirit of rules as well as to their letter, leadership and strength of character, and sportsmanship – respect for one’s opponents, acceptance of victory with humility and the acknowledgement of defeat with grace. In seeking to teach these lessons to RI middle school students, RIPCOA strives to instill habits that will lead students to better and healthier lives. While winning is not an end in itself, we believe that the efforts of athletes to be their best will lead them to succeed throughout their lives. With these goals in mind, RIPCOA promotes inclusive participation, a sense of community focusing on a shared experience within competition and opportunities for individual holistic development for each participant, coach and fan.

PRINCIPALS' COMMITTEE
ON ATHLETICS
Grades 6 through 8

ARTICLE II

ORGANIZATION AND BY-LAWS

Section 1. The PRINCIPALS' COMMITTEE ON ATHLETICS GRADES 6 THROUGH 8 is an autonomous governing body which shall consist of individuals who are members of RIASP and sports directors who are selected by this committee.

The Principals' Committee on Athletics Grades 6 through 8 (PCA 6-8) will, within its jurisdiction, supervise and control the athletic programs, contests, schedules, and matters relating thereto, in participating junior high/middle schools of the State of Rhode Island. This committee will seek to maintain, improve, and raise the athletic standards in the participating schools of the State of Rhode Island.

The PCA 6-8 shall have power to initiate investigations, (take testimony and demand affidavits) relative to the violations of the rules of the PCA 6-8. If charges are brought against (or are discovered involving) any participating school (or individual) for violation of the rules of the PCA 6-8 or violation of the spirit of fair play and good sportsmanship, the PCA 6-8 shall consider such charges and determine and assess penalties necessary.

Any school (or individual) which/who is charged with the violation of the Rules and Regulations of the PCA 6-8 may appeal as herein set forth within fourteen (14) days of notice of such violation or decision.

The PCA 6-8 is empowered to require any participation school to provide additional administrative staff members to supervise any scheduled athletic activity both home and away if conditions in the judgment of the PCA 6-8 require such administrative supervision. It is assumed that each member school will provide adequate and proper supervision for all athletic events directly involving their individual schools.

The PCA 6-8 reserves to itself the granting of television/film rights. No participating school in the programs of the PCA 6-8 can film, tape, or televise any of its scheduled games without first obtaining permission in writing from the PCA 6-8 through the Chairperson.

Schools, however, are given permission to film or videotape their games provided that no commercial use of any kind is made of the film/videotape and provided that any showing of the film/videotape takes place in the school itself.

Filming, videotaping, or televising the game for commercials use or for showing on cable or regular television requires permission in writing from the PCA 6-8 through the Chairperson as to terms, conditions, and compensation.

The PCA 6-8 shall determine the number of divisions into which the various sports shall be divided and shall be empowered to assign schools to those divisions on whatever basis it sees fit. It shall supervise the schedule and award championships in the following sports: baseball, basketball, cross country, track, wrestling, softball, soccer, tennis, and such other sports as shall from time to

time be added. All rules of the PCA 6-8 shall apply equally to contests participated in by junior high/middle school teams in all sports unless a specific exception is made.

Section 2. The officers shall be a Chairperson, who shall serve as treasurer and secretary, and a Vice-Chairperson, and such other officers as the PCA 6-8 shall deem necessary.

Section 3. The Chairperson shall be the executive officer of the PCA 6-8 and shall have power to act for the PCA 6-8 between meetings. When the Chairperson is unavailable, the Vice Chairperson will assume his/her powers in urgent and timely situations.

The Chairperson and Vice-Chairperson shall be elected annually at the June meeting and serve at the pleasure of the PCA 6 – 8.

There shall be such professional, clerical and/or other employees as the PCA 6-8 shall determine from time to time. All such employees of the PCA 6-8 shall be subject to the direction of the Chairperson.

The Chairperson and the staff shall be responsible for and perform such duties as shall be assigned to them from time to time by the PCA 6-8.

Section 4. The PCA 6-8 shall conduct four (4) regularly scheduled meetings during the school year at such hour and place as shall be fixed and determined by the Chairperson. Such meetings shall be scheduled to allow ample time for the organization of the several programs sponsored by the PCA 6-8. Such meetings shall normally be scheduled during the months of September, November, February, and June.

Special meetings of the PCA 6-8 shall be called by the Chairperson whenever he/she shall deem special meetings necessary or desirable and whenever he/she is requested to do so by three (3) or more members of the Committee.

Two (2) day notice of special meetings shall be given by phone to all members, or written notice in the form of a published agenda at least seven (7) days prior to the date of the meeting shall be utilized.

At any meeting of the PCA 6-8, the presence of five (5) members shall be necessary to constitute a quorum; but any less number may adjourn to a day specified.

Section 5. All communication regarding school athletics must be addressed to the Chairperson.

Section 6. The Executive Committee shall consist of the Chairperson, Vice-Chairperson and at least one (1) additional member of the PCA 6-8 appointed by the Chairperson. The Director or Directors of the various sports shall serve as members of the Executive Committee when the matters under consideration involve their sports. The Executive Committee, when necessary, is empowered to act for the PCA 6-8 between the regular meetings of the PCA 6-8.

Section 7. The annual dues and any additional fees deemed necessary by the PCA 6-8 of each member school of the PCA 6-8 shall be determined annually by the PCA 6-8.

Section 8. The PCA 6-8 shall have special charge of any contest deemed necessary to determine a State Championship. The host school of any contest shall forward to the PCA 6-8 all receipts from the contest minus the expenses incurred. The principal of the host school or his

designee shall forward to the PCA 6-8 an account of the receipts and expenses. Receipts forwarded to the PCA 6-8 shall accrue to the PCA 6-8 treasury for official expenses.

Section 9. The fiscal year of the PCA 6-8 will be from September 1 through August 31.

Section 10. The accounts of the Treasurer shall be reviewed at the end of the fiscal year.

Section 11. The PCA 6 – 8 regulates athletic competition between member schools whose Principal or Assistant Principal is a member of the RI Association of School Principals.

Section 12. The PCA 6-8 shall provide appropriate recognition for teams that win division and state championships. In case of teams tied for first place at the end of the league season, co-championships shall be awarded in all sports.

Section 13. In extenuating circumstances that would cause undue hardship, these Rules and Regulations may be waived by a majority vote of the Executive Committee. Other than Committee considerations for active Individual Education Programs, no retroactive waivers nor waivers of age rule, however, may be granted.

Section 14. The PCA 6-8 may establish such Subcommittees, Special Committees, Temporary Committees, or such other Committees as it shall deem appropriate. The PCA shall determine the extent of the authority and responsibility of such Committees. Each created Committee shall establish governing rules for the conduct of its affairs and the time, place, and manner of holding its meetings.

No created Committee shall make any public pronouncement or take any public action in the name of the PCA 6-8 without the express approval of the PCA 6-8 or the Executive Committee.

Section 15. These By-Laws and Rules may be amended by vote of a majority of the members present at any two (2) meetings of the PCA 6-8. Notice of the proposed amendment shall be given in the notice of the meeting at which action is taken thereon at least seven (7) days before the date of the said meeting. However, such notice may be waived by a majority vote of the PCA 6-8.

Section 16. Members of the PCA 6-8 will be assigned as Directors or Co-Directors of the various sports. In this capacity they are to prepare schedules, receive scores, organize, and conduct interpretation meetings, organize, update their specific website, and conduct interpretation meeting. They shall organize playoffs, distribute necessary information, and supervise the program in the sport of which they are Directors. The Directors of each sport will have the authority to make such decisions as they deem necessary for the completion of league and tournament play.

Section 17. In contests not conducted on a neutral court, the Directors of the Sports shall appoint supervisors. These supervisors shall have the same position and responsibility as the school representative at the normal home contests. They shall operate under the authority of the Director of the Sport involved and shall report to him/her on the game or games of which they were the supervisor.

Section 18. The principal of each school of the PCA 6-8 must be a member in good standing of the Rhode Island Association of School Principals at the time of filing the Declaration of Intent to compete. The Declaration of Intent to compete of any school whose principal is not a member of the

Rhode Island Association of School Principals will not be accepted and hence no schedule will be given that school for the following year of competition in the PCA 6-8.

Section 19. Each principal, by signing the Declaration of Intent to Complete, pledges that he/she accepts the Rules and Regulations of the PCA 6-8 and pledges his school and its participants to said rules.

Section 20. Each principal member is responsible to the PCA 6-8 in all matters pertaining to interscholastic sports, including the eligibility of students. He/she may delegate authority only to regular members of his/her staff, but this does not relieve the principal of ultimate responsibility. No interscholastic games may be scheduled or performed without the approval of the principal.

ARTICLE III

Eligibility

The following rules apply to all interscholastic sports sanctioned by the Principals' Committee on Athletics Grades 6 through 8.

- a) It is recommended that principals exercise great care in determining the ages of contestants, and, in all doubtful cases, secure birth certificates from the city or town clerk of the pupil's place of birth.
- b) In case of doubt about the age of any contestant in an athletic contest, a birth certificate, or some other legal evidence satisfactory to the PCA 6-8, must be presented to the Chairperson or his/her designee on demand. If no satisfactory evidence can be presented, the student must be barred from competition.
- c) Competitors in junior high/middle school sports who are born outside the state shall file with their principal birth certificates or other legal evidence of birth date and their complete school records in junior high schools attended outside the state. This data must be made available to the PCA 6-8 upon request.

Section 1. An athlete will be ineligible for athletic competition in a junior high/middle school if the athlete's 15th birthday occurs prior to September 1st of the school year in which the athlete seeks participation.

Section 2. No student in grades other than 6, 7, 8 may compete in athletic events sponsored by the PCA 6 – 8.

Section 3. An athlete otherwise eligible is to be considered eligible as soon as the athlete is officially registered in a school (there is no mandatory "waiting period" for transfer students).

Section 4. To be eligible at the beginning of a marking period, the student must have done passing work in the previous marking period in those subjects that, if failed, would prevent his/her promotion or graduation at the end of the current year.

- a) The final grades of the previous academic year shall be considered the criteria for academic eligibility at the beginning of a new academic year.
- b) A student who is retained in a grade because of academic failure but remains eligible relative to age will be considered academically ineligible for the first marking period.
- c) In the case of a student who devotes a considerable part of the summer to making up subjects failed during the school year and receives credit toward promotion/graduation for this make-up work, that student shall be entitled to count such credit toward eligibility provided this credit is made an official part of his/her school record during the first week of the fall term. In case a student fails to complete the minimum scholastic requirements for athletic eligibility at the end of a quarter due to unavoidable absence, the student shall be ineligible for the next quarter until these requirements of the preceding quarter are made up.

Section 5. The athlete shall receive no special privilege such as extra examinations, delayed marks, make-up opportunities, or other favors which are not granted on equal terms to every student in the school, with the further provision that grades for failures or incomplete work in which a make-up opportunity is granted at the end of a quarterly marking period must be made a matter of final record within two calendar weeks of the first day of the succeeding marking period.

Section 6. Admission to, or exclusion from, participation in a sport because of these eligibility rules, shall take place at the close of the school day on which report cards are issued for the end of a regular marking period.

Section 7. When members of a team are charged with being ineligible by an opposing team, the game shall be played as scheduled and the protest filed with the Chairperson in accord with the established protest regulations of the PCA 6 – 8.

Section 8. Any representation of a school by an athlete, whether legal or illegal must be counted as participation and so be reported on the returns to the PCA 6 – 8.

Section 9. In case a game is postponed or results in a tie, the eligibility of the participants does not hold over until the game is played off, but the student who participates in any contest must be eligible on the date the game is actually played.

Section 10. If a school's list is not on file as indicated, participating schools are subject to fines until such time as the list is forwarded to the sport's director. Non-complying schools are not eligible for post-season competition.

Section 11. All questions of eligibility are to be submitted in writing to the Chairperson for consideration. Schools will be notified of the decision by letter. An appeal may be made from the ruling of the Chairperson to the full Committee.

Section 12. Athletes who do not have on file a valid Assumption of Risk Form at his/her school will be ineligible for competition in the programs sponsored by the PCA 6 – 8.

Section 13. No athlete may participate in more than one sport in the same season. The exception would be in Track & Field for field events.

Section 14. The PCA 6 – 8 will provide the opportunity for male and/or female athletes to compete as individuals. They may compete on behalf of their respective schools in specified sports under specified conditions provided the school does not sponsor a team in that sport. However, the PCA 6 – 8 encourages schools to sponsor team participation to provide opportunities to all student athletes.

Individual competition shall be limited to cross country, tennis, track, and wrestling. All eligibility guidelines previously mentioned must be adhered to as well as participation requirements in those sports.

Individual athletes must be accompanied by a coach and/or an authorized representative of the school. Schools will be limited to three individuals or shall be required to participate as a team.

Section 15. All athletes must participate with their school of record.

ARTICLE IV

Postponement

Section 1. Where unusual circumstances prevail or where weather conditions are unfavorable, a game may be postponed by mutual consent of the principals, or authorized agents, of the schools involved. Postponed games are to be made up on the next available date.

The Chairperson of this Committee or the director of the sport involved is empowered to exercise the right to postpone a game in the event of failure of the principals to agree on the matter. If at game time conditions for playing are, in the judgment of the head official, too hazardous for playing, the official may postpone the game.

Section 2. Postponement of league contests must have precedence on open dates of league schedules, and games with outside schools arranged for these dates must be on a tentative basis. A league team fulfilling a contract with an outside opponent to the detriment of its league opponent must forfeit the games to the latter, unless by mutual agreement another date can be arranged.

Section 3. Postponements or cancellations shall be reported to the sport's director. Information will be posted on the sport's website by the director. Make-up contests will be posted in the same manner.

Article V

Protests

Section 1. A school filing a protest shall make out the protest in triplicate. One copy will go to the Chairperson of this Committee; the second, through the Chairperson, to the school or schools protested against; and the third copy is to be retained by the protesting school. The protest must be signed by the principal or acting principal and postmarked no later than forty-eight (48) hours after the completion of the game or contest. The protest must be accompanied by a fee of twenty (\$20.00) dollars that is to be returned to the school in the event the decision is in favor of the protesting school, but forfeited to the treasury of the PCA 6-8 in case of an adverse decision.

Section 2. The Committee will entertain no protest where the protested call did not have a significant effect on the outcome of the contest. The Chairperson will make this determination.

Section 3. The Committee will refuse to accept a protest if the protesting team fails to notify the officials of the game at the time of the incident or the first opportunity to report that the game is being finished under protest.

Section 4. Procedure for handling protest:

- a) If any of the procedures, deadlines, etc., as set down in the rule for filing a protest, are not strictly adhered to, the protest shall be immediately disallowed and the two schools in contention so notified. The Chairperson shall weigh this protest procedure and make the determination whether the protest shall be heard or terminated at this stage:
 - 1) This decision is not subject to appeal.
 - 2) The protest fee shall be returned to the protesting school.
- b) If the Chairperson concludes that the conditions for filing a protest have been fulfilled, he/she will convene the Subcommittee of the sport involved to consider the protest.
 - 1) The Chairperson will request of each school involved, and officials, if necessary, in the protest a complete written statement describing and explaining the protested situation to be presented to him/her within seven (7) calendar days from the date on which this written statement is requested.
 - 2) The Chairperson will telephone each principal requesting the written statement and then follow up the telephone call with a letter to be sent the same day. The seven (7) days will begin with the telephone call and end with the postmark of return mailing.

- c) The Subcommittee will consider the protest within the week following or sooner if the material is received before the seven (7) days have elapsed.
 - 1) If either or both schools fail to submit a written statement within the seven (7) days, the Subcommittee shall judge the case notwithstanding the failures to comply.
 - 2) If the protesting school does not submit a written statement and the decision is to disallow the protest, this judgment cannot be appealed and the protest fee is not returned.
 - 3) If the defending school does not submit a written statement and the decision is to uphold the protest, this judgment cannot be appealed.
- d) If the protest is disallowed and the protesting school has complied with all the requirements, the decision may be appealed.
- e) If the decision is appealed, the Chairperson shall appoint an Appeals Committee of at least five (5) members of the PCA 6-8 to hold a formal hearing on the appeal. Not more than two (2) of these may be members of the original Subcommittee that originally ruled on the protest unless all members of the Committee sit at the appeals Committee.
- f) Each appointed member shall agree that his/her judgment has not already been prejudiced.
 - 1) Each school may be represented by the principal, athletic director, coach, and any other person approved by the Chairman, prior to the day of the hearing.
 - 2) The game officials may be consulted by the Appeals Committee and may be required to be present at the hearing.
 - 3) The admissibility of evidence shall be determined by the Appeals Committee.
 - 4) The Appeals Committee in executive session shall, after considering all the evidence, vote to uphold or disallow the protest. A majority vote shall suffice and be final.

Section 5. In play-off competition, the Subcommittee of the sport will make the final determination of a protest, the provisions of this article notwithstanding.

Article VI

Penalties

Section 1. A player who has participated in an interscholastic contest while ineligible shall be disqualified in the sport involved for a number of league games equal to the number of games in which the athlete ineligibly participated. Such loss of eligibility shall date from the date of the last infraction, and, if necessary, shall extend into the league games of the game sport for the following year.

Section 2. A school playing an ineligible player shall automatically forfeit any game in which said player participated. The Chairperson of the PCA 6-8 is to be notified, and if trophies or awards are involved, they must be returned to the Committee. The failure of a member principal/school to promptly and automatically implement the forfeiture provisions of this section shall subject a member principal/school to additional penalties pursuant to Section Five (5) of this Article.

Section 3. Any school failing to file the Eligibility List on or before the designated date shall be on Probation and shall forfeit all league contests until twenty-four (24) hours after receipt of the Eligibility List by the division director of the sport.

Section 4. Any school or schools failing to have their coach or the representative of the coach at the Interpretation Meeting or any other meeting called by the Chairperson of the Committee or the Director of a particular sport shall be fined the sum of fifty (\$50.00) dollars for each meeting missed.

Section 5. Penalties will be determined and imposed by the Committee upon member schools, players, or coaches for violations of the Rules and Regulations of the PCA 6-8. Notice of the penalty will be given in writing by the Chairperson to the principal or his/her nominee of the school involved, who in turn, will forward copies of such notice of penalty to the individual(s) involved. At that time, the principal or his nominee will explain the penalty to the individual(s) along with his/her rights pursuant to the Rules and Regulations. The type and duration of these penalties will be determined in accordance with the nature and extent of the offense. They may include: Reprimand, Fine, Probation, or Suspension.

REPRIMAND

An official letter of censure in regard to an inexcusable, unethical, or unsportsmanlike action together with a warning against an occurrence of such acts in the future.

FINE

A monetary payment for violations of the rules as provided in the Rules and Regulations.

PROBATION

It permits regular season activity but may prohibit Tournament Play, and such regular season activity may be subject to the imposition of such safeguards or conditions as are found necessary. A school may be placed on PROBATION for any of the reasons listed as causes or the more severe penalty of SUSPENSION.

SUSPENSION

Athlete Ejections

1. Any athlete who is ejected from any contest (non-league and/or league game) shall be ineligible to participate until he/she sits out the next League game, including all games in between. A player put out of the last contest for that sport season shall be ineligible for the first two League contests of the same sport in the following year.
2. The second time an athlete is ejected in the same sport season, that athlete shall be suspended for the rest of that sport season.
3. The third time an athlete is ejected in the same school year, that athlete is suspended from all RIPCOA sport participation for one full year from the date of the last ejection. Pending appeal that athlete shall remain suspended.

Coaches Ejections

1. In the event a coach is ejected from a contest and there is no assistant coach, the game will end and the opposing team will be awarded a victory by forfeit.
 - a. A coach who is ejected shall leave the vicinity of the playing area immediately and shall not return or have contact with the team.
 - b. Any coach determined to be in violation of this provision may be subject to an additional period of disqualification.
2. First ejection:
 - a. The coach is ineligible to coach the next league game at a minimum; any further sanctions may be opposed at the discretion of the RIPCOA Committee.
 - b. The school shall be assessed a \$50.00 fine payable to RIPCOA Grades 6-8. Disqualification of the coach continues until the school pays the fine.
 - c. A principal of the school can appeal the suspension by following RIPCOA appeal procedures.
3. Second Ejection:
 - a. If a coach receives a second ejection within the same year, including a second sport, he/she is ineligible to coach any RIPCOA sport for one year from the date of the last ejection.

The Committee reserves the right to review any and all ejections and to impose such appropriate penalties as the individual situation requires.

Section 6. Any player who assaults (lays hand on or physically molests) a referee or other official in connection with a game or contest sponsored by the Committee shall immediately become ineligible for further league competition for one year from the date of the offense.

Section 7. In the event that a school cancels a league contest without following the prescribed procedure, the Committee may suspend the school from that sport for a period to be determined by the Committee.

Section 8.

- a) No member school shall be relieved of its obligations to adhere to these rules except by a formal vote of the Committee. The decision of the Committee shall be final and, in case a school refuses to abide by such a decision or withdraws before a decision has been reached, all other member schools shall sever athletic relations with such a school canceling all contests already scheduled and refusing to schedule others. Competition with the offending school may be resumed only when the Committee has again admitted the school to its jurisdiction.
- b) This rule shall not be interpreted to mean that isolated cases of such infractions of the rules shall be made a reason for canceling games or severing athletic relations. Such cases of infraction shall be reported to the Committee. Cancellations or severance of relations shall take place under this rule only when a school through its principal has definitely declared that it is no longer its purpose or policy to abide by the rule of the Committee or when the Committee has formally voted that the school in question is no longer adhering to the rules and that severance of athletic relations is therefore required.

Section 9. In the event that a school withdraws from any sport, the Committee may exclude said school for a period of two (2) years or multiple thereof from that sport.

Section 10. If in the judgment of the Committee the school is in serious violation of a rule of the Committee as published in this manual, such school may be placed on Probation for a period of one (1) year. If at the end of that time the infraction has not been ended, the school may be excluded from participation in the sports under the jurisdiction of the Committee at the discretion of the Committee whose decision in all these cases shall be final.

Section 11. The Subcommittee of each sport shall have the authority to suspend players in the respective sport or to impose any of the penalties provided in Section 5 of Article V.

Section 12. Any school filing a Letter of Intent to participate in scholastic events sponsored by the PCA 6-8 will be assessed a one hundred (\$100.00) dollar fine if that school withdraws after the dates noted below:

Fall Sports	-	August 15
Winter Sports	-	October 15
Spring Sports	-	February 15

ARTICLE VII

Procedure and Appeals

Section 1. The normal channel of communication with the Committee is to the Chairperson who may decide in the first instance all matters. However, he may refer any matter to the proper Subcommittee for decision.

Section 2. Any ruling of the Chairperson may be appealed to the proper Subcommittee except as noted in Article IV, Section 4, Paragraph a.

Section 3. Appeals from the Subcommittee shall be made to a five (5) member Committee as noted in Article IV, Section 4.e of this manual and the decision of this Committee shall be final.

Section 4. In case of protests the procedure outlined in Article IV shall be the procedure followed.

Section 5. Individuals may appeal any decision involving them alone through their principal to the proper body outlined above.

Section 6. Appeals must be received at each level within fourteen (14) calendar days.

ARTICLE VIII

Officials

Section 1. The home team is responsible for assigning officials.

Section 2. The number of officials to be assigned is:

- Soccer - Two officials required
- Basketball - Two officials required
- Wrestling - One official required
- Tennis - One official required
- Baseball - Two officials required
- Softball - Two officials required

Section 3. Adults only are to be used as officials. They must not be members of the faculty or staff (i.e., anyone having official association with the school) of either team's school, except by mutual agreement. This agreement must be reached no later than the day before the game.

Section 4. Should an emergency develop in which a properly assigned official cancels his assignment or is otherwise unable to officiate on the day of the game, it will be the responsibility of the home school to notify the visiting team. It will then be the responsibility of the home school to secure an official acceptable to the visiting school prior to the start of the game. Should the home school be unable to secure an official acceptable to the visiting school, the game will be played with the official(s) available. It will be the responsibility of the visiting team to notify the Director of the sport (in writing) of the home school's failure to have the proper number of officials available. If in the judgment of the Committee a school is flagrantly violating this rule, the Committee will impose penalties on the school. Such penalties will be determined by the Committee.

Section 5. Boardmen, probationers, or applicants should be used whenever possible. It is strongly recommended that schools vary officials for home games.

ARTICLE VIX

Grade Arrangement and Eligibility

As of the 03/04 school year, freshmen are part of the Rhode Island Interscholastic High School League and are no longer under RIPCOA jurisdiction.

ARTICLE X

Miscellaneous

Section 1. After practice in any sports starts, a student shall practice or play with only one school squad in one sport in a season, with the exception of the field events associated with spring track.

Section 2. The principal of the school or his authorized representative shall accompany the school team to all athletic contests. The authorized representative may be either a faculty member or a coach, but in no case a student.

Section 3. Schools shall declare their intent to compete in sports in the spring of the previous year of play.

Section 4. Scheduling of post-season games in all sports is prohibited with the exception of play-offs to determine state championships. The season is regarded as ending with the last scheduled game or the practice date for the opening of the next sport season, whichever is later.

§ 16-91-1. Findings of fact.

The general assembly hereby finds and declares:

(1) Concussions are one of the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. A concussion is caused by a blow or motion to the head or body that causes the brain to move rapidly inside the skull. The risk of catastrophic injuries or death is significant when a concussion or head injury is not properly evaluated and managed.

(2) Concussions are a type of brain injury that can range from mild to severe and can disrupt the way the brain normally works. Concussions can occur in any organized or unorganized sport or recreational activity and can result from a fall or from players colliding with each other, the ground, or with obstacles. Concussions occur with or without loss of consciousness, but the vast majority occurs without loss of consciousness.

(3) Continuing to play with a concussion or symptoms of a head injury leaves the young athlete especially vulnerable to greater injury and even death. The general assembly also recognizes that, despite having generally recognized return-to-play standards for concussion and head injury, some affected youth athletes are prematurely returned to play resulting in actual or potential physical injury or death to youth athletes in the state of Rhode Island.

(4) Concussions can occur in any sport or recreational activity, furthermore, symptoms

(P.L. 2010, ch. 21, § 1; P.L. 2010, ch. 22, § 1; P.L. 2014, ch. 370, § 1; P.L. 2014, ch. 401, § 1.)

A

PHILOSOPHY OF GENDER IDENTITY PARTICIPATION

RIPCOA facilitates middle school sports in the state of Rhode Island. RIPCOA allows participation for all students regardless of their gender or expression. The purpose of this policy is to designate a set of criteria in which student-athletes are able to compete on a level playing field in a safe, competitive and friendly environment, free of discrimination. Fundamental fairness, as well as most local, state and federal rules and regulations, requires schools to provide transgender student-athletes with equal opportunities to participate in athletics. This policy creates a framework in which this participation may occur in a safe and healthy manner that is fair to all competitors.

GENDER IDENTITY PROCESS FOR PARTICIPATION

All students will have the opportunity to participate in RIPCOA sanctioned activities in a manner that is consistent with their gender identity, irrespective of the gender listed on a student's records. Once a student has been granted eligibility to participate in the sport consistent with his/her gender identity, the eligibility is granted and applied consistently for the duration of the student's participation in middle school and does not need to be renewed every sports season or school year. All discussion and documentation will be kept confidential, and the proceedings will be sealed unless the student and family make a specific request.

Determination of Eligibility:

1. The student or the parent(s)/guardian shall notify the Principal (or designee) that the student would like the opportunity to participate in RIPCOA athletics consistent with the gender that the student identifies as.
 2. The student's home school will determine the eligibility of a student seeking to participate in interscholastic athletics in a manner consistent with their gender identity where the student's gender identity does not correspond to the student's sex assigned at birth.
 3. The Principal (or designee) will confirm the gender identity asserted for purposes of trying out for an interscholastic sports team through documentation from the parent, guardian, guidance counselor, or from a doctor, psychologist or other medical professional.
 4. On a seasonal basis the school will provide approval of eligibility to try out for an interscholastic sports team or teams which corresponds to the student's gender identity.
 5. The school Principal shall notify the RIPCOA Chairperson that the school has a student that would like the opportunity to participate in RIPCOA athletics consistent with the gender the student identifies as.
- This policy is in line with applicable RI Department of Education policy, State and Federal laws.
 - RIPCOA gender specific sports – soccer, cross country, basketball, baseball, softball & track & field. All other sports are considered co-ed. (wrestling & tennis)

Established Policies of the R.I. Interscholastic Injury Fund XIX

In view of the fact that a number of new schools have been added to the Interscholastic League, that we now cover the Girls' Interscholastic League, and that a number of changes have occurred in the personnel of older schools, it is felt that a review of some of the policies of the Rhode Island Interscholastic Injury Fund, which was incorporated in 1947, is in order. Please pass along a copy of these policies to each coach and to the individual responsible for submitting claims to the claims' Committee.

Any and all financial assistance rendered by this Corporation to members of the Rhode Island Interscholastic League and to all other participating schools shall be given purely on a voluntary basis in such amounts and in such manner as the Board of Directors in its sole discretion shall determine.

- 1) All claims are to be submitted to the Secretary/Treasurer:

R.I. INTERSCHOLASTIC INJURY FUND
P.O. BOX 8695
WARWICK, RI 02888

- 2) All claims must be submitted on individual claim sheets.
- 3) Please fill in ALL the requested information and attach all bills if there is any balance to be considered by the Committee.
- 4) Please be specific in regard to the injury (not head, leg, etc.). This line should be filled in from the doctor's diagnosis, for example: sprained back, fractured tibia, fractured wrist, and fractured tooth.
- 5) Each claim should be submitted as soon as it is completed. Do not wait until you have a number of them. Except in rare cases, any claim should be submitted within TWO WEEKS after a sport's season has come to an end.
- 6) Bills not processed within a year from the date of the injury will not be paid. Said claims will go before a Review Board who will recommend payment or non-payment.
- 7) The fund will pay for any rehabilitative aid recommended by a physician. Any protective equipment designed to return an athlete to competition is the responsibility of the individual school. The fund will not pay primary ambulance service: this is a responsibility of the school.
- 8) Payment for blood transfusions is not granted by the fund. Hospitals prefer replacement of blood.
- 9) Some of the dental bills have been rather high. We are interested in good dental work, but not necessarily the most expensive type. If, however, this is what the child's parent wants, he/she will have to assume the difference. Most funds have a maximum. We have not done this to date, nor will we, unless we are forced into such a situation. Look in your community for a few cooperative dentists who are aware of our fund, and recommend that the child go to any one of them. Most mouth pieces come with an insurance policy which will pay up to five hundred (\$500.00) for injuries to the mouth and teeth.

- 10) Blue Cross and Blue Shield do not cover all claims made on the Injury Fund. Some emergency room visits, office visits, medicines, etc., are among those not covered. Therefore, it is necessary that a student have school insurance for full coverage.
- 11) School insurance is mandatory for full coverage. Failure to comply with this requirement will result in a deduction of fifty (\$50.00) from full payment.
- 12) The prevailing semi-private rates are considered in hospital care.
- 13) In case of death, payment or amount of payment is left to the discretion of the Board of Directors.
- 14) Any school which does not compete in a fundraising activity for a particular sport will not be covered for injuries in that particular sport by the Injury Fund.

WHAT IS THE SOURCE OF OUR REVENUE TO OPERATE THE FUND?

It is the responsibility of each coach in each individual sport to arrange some activity, the proceeds of which will be turned over to the Treasurer of the Fund. From time to time a bulletin will be issued by the Secretary/Treasurer to inform you of any change in the policies of the Interscholastic Injury Fund.

PLEASE FILE FOR FUTURE USE.
