

Advisory Committees

District Curriculum Advisory Committee Overview

HLWW's District Advisory Committee is composed of community members, parents, teachers, students, support staff, administrators and school board members. This group is involved in planning, evaluation and reporting of the district curriculum process. In addition to reviewing the annual report, the committee has been involved in decisions related to building plans, the district testing program, curriculum and extra-curricular activities. This group meets approximately two times per year and members serve a five-year term.
