

May Students of the Month – Creativity

Kindergarten - Mrs. Heuer. Oliver Schulze is the student of the month in Mrs. Heuer's kindergarten class for the theme of creativity. Oliver is great at building and creating elaborate things out of the building items we have in our classroom. We are always waiting to see what he can create during our free time! He also takes his time when creating arts and crafts in our classroom and shows good effort when drawing and coloring. Oliver participates in Music and PE and has been a big help in preparing for our kindergarten program – in learning his lines, learning the songs and in learning all the actions to the songs. Congratulations on being picked for our Student of the Month, Oliver!

Kindergarten - Ms. Miller. Phillip Huston is the student of the month in Miss Miller's class for the theme of creativity. Phillip uses his imagination in many different ways. He enjoys drawing and coloring - he creates such cool pictures with unique details! He shows great interest in any art project that we do. He also builds very tall and amazing things using our class building toys and then plays with peers with such creativity. I appreciate your creativity Phillip! Congratulations!

Grade One - Miss Byrd. For Student of the Month May, Creativity, I chose Everett Cole. He shows creativity in the art he makes, his ideas, his problem solving, helping others, and many more ways. Everett has shown his creativity throughout the year and has even grown in the ways he is creative in his learning and artistic skills.

Grade One - Mrs. Pavlenko. I would like to nominate Elijah Schmidt for my May Student of the Month. Elijah is great at sharing his exuberance and creativity with others. He comes to school everyday with a smile on his face, prepared and ready to learn. Elijah is very helpful-if he is given a job to do, he consistently gives 100% of his best effort, particularly with anything featuring writing and art! In fact, the creativity and detail in his Weekend News writings are something I look forward to every Monday! His carefully curated drawings of Pokemon and other friendly characters are also received and appreciated by myself and his classmates. Finally, Elijah uses kind and encouraging words with his classmates and teachers, and enjoys sharing and celebrating their accomplishments, big and small, as well as his own. I have loved having Elijah in my class and look forward to watching him grow and succeed next year in 2nd Grade. Best Wishes!

Grade Two - Mrs. Carlson. May's theme of creativity has been shown by Brooklyn Spars frequently in the classroom. Brooklyn creates artwork that is different from everyone else's. She takes her time to create something unique and new. Brooklyn thinks independently and outside the box. Her artwork stands out! I am proud to call Brooklyn the student of the month for May.

Grade Two - Mrs. Eastling. I nominate Charlie Kaiser for student of the month for creativity. He shows creativity in all the work he does. His writing truly shows creativity because it has so much detail, and he goes the extra mile to add in interesting ideas. It is so fun to read! He loves to push his brain when working on assignments when he is given less guidance, because then he is able to show what he knows in a variety of ways. Way to go Charlie!

Grade Three - Mrs. Wadman. May's theme of creativity has been shown by Claire Cossins in many different ways. She shows creativity by always solving problems in unique ways! This year, if we have had a challenge to face as a class, she is the first one to suggest an idea that is original! Claire also has amazing artistic skills. She is having such an amazing year here in 3rd grade! I am proud to name Claire, student of the month for May!

Grade Three - Mrs. LaMott. Congratulations to Hadley Richter for being selected student of the month from Mrs. LaMott's classroom! Hadley is creative in many ways. She is always drawing and creating things. Many of her dragons grace the walls of our classroom. She created her own deck of Dragon cards too! She enjoys dreaming up stories to go along with her creations. Hadley also uses her creativity to help solve problems - her own and within the classroom. She will offer solutions and ways to create a better space for everyone. Congratulations Hadley and keep up the good work! :)

Grade Four - Mrs. Gallagher. The May student of the month for Mrs. Gallagher's class is Michelle Muraski. This month's theme is creativity. Michelle is artistically talented in many ways. Any drawing, painting, or poster she makes will have extra details. Even her daily work is turned in with drawings that reflect what she's thinking while she's working. This is part of her thinking process! Michelle is an enthusiastic volunteer whenever an opportunity arises to create a poster or card to celebrate a special event and she is looking forward to the art club in middle school. Michelle demonstrates other good citizenship skills by working very hard to be aware of others feelings. It isn't always easy, but she strives to use kind words with others and knows when to apologize if a mistake is made. Michelle shows respect during work time by working quietly and not distracting others. We are so glad to have Michelle in our class. Congratulations Michelle!

Grade Four - Mr. Goudy. Samuel Marquette is the student of the month for May. Samuel joined us this winter and quickly became accustomed to the classroom setting. He has such a gift of knowledge in so many areas. He is engaged in the classroom lessons, participates regularly, and shares with us his creative mind whenever he gets the chance. If I ever need help in knowing any social studies events from the past, I know that Samuel is the guy I need to talk to! Congrats Samuel!
