

## October Students of the Month – Responsibility

Kindergarten - Mrs. Heuer. Colton Shaw is the October Student of the Month in Mrs. Heuer's kindergarten class. Colton is very responsible in our classroom. He takes care of his personal items and takes care of all the things he uses in our classroom. He puts forth great effort in learning as much as he can, and he does his best to learn new skills and concepts that are taught. Colton tries to do what is right and to make the best choices for himself. He always has a positive outlook and a positive attitude which is shared with us all and we appreciate it! Congratulations, Colton!

Kindergarten - Ms Miller. Victoria Diaz Rathsavong is the October Student of the Month in Ms. Miller's kindergarten class. Victoria has worked very hard to be responsible in our classroom. She listens to the teachers, follows directions to get her work done and is responsible for taking care of her own needs. She tries her hardest to do her best work and tries to get it done on time. She shows respect by being kind to others, helping her classmates when needed and she takes care of her supplies in the classroom. Victoria tries to do what is right and makes good choices for herself. She has a positive outlook and a fun-loving attitude which is shared with us all and we appreciate it! Congratulations, Victoria!

Grade One - Miss Byrd. For Student of the Month October Responsibility, I chose Bristyl Mickolichcheck. She shows responsibility by owning up to mistakes, always being prepared for class, always doing her homework, having materials ready to go every day, and following classroom and school rules.

Grade One - Mrs. Pavlenko. I would like to recognize Dominik Spyra as my October Student of the Month. Dominik is wonderful at showing responsibility, whether it is putting forth his best effort in his classwork, working hard at keeping his materials organized, or participating during instruction. He also shows how responsible he is by helping his friends if they have a question or are struggling, and helping his teachers by going above and beyond what is expected, showing mastery of many of our UFLI skills so far, as well as classroom assessments in reading and math. Dominik begins each day, ready for class, and ends each day ready to go home and share all that he has learned. He is dependable, and can be trusted to do whatever is necessary, whether it is helping a classmate stack their chair at the end of the day, cleaning up a friend's workspace, or sweeping small scraps of paper off of the floor and into the trash. He shows how responsible he is by leading by example, which is why I would like to give Dominik a shout out on a job well done!

Grade Two - Mrs. Carlson. October's theme of responsibility has been shown by Elizabeth Cafferty many times in and out of the classroom. Elizabeth takes responsibility for her jobs in the classroom. Elizabeth always turns her homework in on time and reminds her teacher of items she needs to complete. Elizabeth shows that she can be held accountable for her actions. She is able to make the right decisions even when someone is not watching her. Elizabeth takes care of her items and can be trusted! I am proud to call Elizabeth the Student of the Month for October.

Grade Two - Mrs. Eastling. I nominate McKenna Thiemann for October Student of the Month for Responsibility. McKenna is a student who is on task during lessons. She participates, asks questions, and is engaged throughout it all. When given the opportunity to work with partners, small groups, or choice seating she works hard, is respectful, and completes all her work. She is a good listener to others, and I can count on her when I need help with something. Great job, McKenna!

Grade Three - Mrs. Wadman. October's theme of responsibility has been shown by Sofia Foss in many different ways. Sofia is always showing so much responsibility in the classroom. She shows responsibility by always getting her work done on time, and helping out around the classroom when needed. I know that Sofia will have such an amazing year here in 3rd grade! I am proud to name Sofia Student of the Month for October!

Grade Three - Mrs. LaMott. Congratulations to Kensi Mickolichek for being selected student of the month from Mrs. LaMott's classroom! Kensi is great at showing responsibility, whether it is through the effort she puts into her work, keeping her materials organized, or participating during lessons. She always has her homework turned in on time and is very dependable! Kensi also shows how responsible she is by helping others when it is appropriate. She knows right from wrong and works hard every day to make good choices. Congratulations Kensi and keep up the good work! :)

Grade Four - Mrs. Gallagher. The October Student of the Month for Mrs. Gallagher's class is Maxwell Field. There are many ways in which Max demonstrates responsibility. He is very good about getting his homework done on time, working quietly and he always does his best work. Friends and teachers alike will tell you that Max is a great citizen in our school. He is polite, kind, and has a great attitude about school. Max also shows other areas of greatness. He shows great self-discipline by waiting patiently to be called on in class while also participating in an appropriate manner. We love having Max in our class. Congratulations Max!

Grade Four - Mr. Goudy. Lucille Hughes is the Student of the Month for October in my classroom. Lucy has really taken her responsibility this year seriously, as she has embraced being the oldest grade in the school. She gets her Wednesday folder turned in on time, follows directions to a T, and is consistently participating in the classroom. I can also count on Lucy to do her job within the classroom, such as paper passer during this month. She is eager to help out and does it with a smile on her face. Lucy is going to be a tremendous mentor to her Kinderbuddy because she has shown a lot of potential to build positive relationships. I am proud of her start to the year and know that she will continue to shine in many ways!
