

## November Students of the Month – Gratitude

Kindergarten - Mrs. Heuer. Logan Bakeberg is the Student of the Month in Mrs. Heuer's kindergarten class for the theme of Gratitude. Logan uses kind words and manners when talking to other people. He is always saying 'please' and 'thank you'. Logan helps his friends and adults in our classroom and is always trying to lift people up with his kindness. You can tell that he also appreciates it when others help him by showing how happy it makes him when someone offers him help! He is courteous in that he always tries to be kind and gracious to everyone he meets and he often shares one of his big smiles when he's talking to others. Way to go, Logan! Congratulations!!

Kindergarten - Miss Miller. Paisley Stoll is the Student of the Month in Miss Miller's classroom. She is kind to others and uses kind words with polite manners when she is talking to other people. Paisley is always ready to help peers in our classroom and is thankful to help when she can. If someone drops something or makes a mistake, I can count on Paisley to get up and help immediately. She likes it when others help her as well and shows it by telling them 'Thank you' and being kind to them while they help her. She is always kind and respectful to everyone she meets. Paisley is a grateful, helpful, kind, and bright girl. Congratulations Paisley!

Grade One - Miss Byrd/Mr. Madsen. Victoria Diaz Rathsavong is our example of gratefulness in our classroom. She is appreciative of those who care for her; her parents, her friends and her teacher. Victoria also shows gratitude for the many helpers who make our school successful! Thank you, Victoria, for being such a great example for us all!!

Grade One - Mrs. Pavlenko. I would like to nominate Grace Marketon for my November Student of the Month. Grace is kind and helpful to her classmates and teachers and has continued to grow in her knowledge and work ethic, particularly in sounding out words. She is terrific about using good manners in the classroom and elsewhere, offering to help in any way she can-asking if she can stack extra chairs, clean up our classroom marker bin, or assist a classmate in picking up a spilled crayon box. She is always saying please and thank you to others, and is growing in her confidence. Grace has also been demonstrating friendship by always greeting others and working well with everyone. Grace is a wonderful example of what it means to be grateful, and for that reason, she has undoubtedly earned our November Student of the Month! Congratulations, Grace!

Grade Two - Mrs. Carlson/Mrs. Neumann. The theme for November is Gratitude. Gratitude is a character strength that involves feeling and expressing thankfulness. Kaia Olson is a second grade student that demonstrates gratefulness on a daily basis. When she comes into the classroom she always has a positive attitude and is a real pleasure to be around. She shows gratitude for herself and also for the people around her that encourage her to be the best that she can be! She is a happy and joyful young lady and guess what??? That in itself is the simplest form of gratitude. "Congratulations Kaia and thank you for sharing thankfulness as a gift to all of us at Winsted Elementary!" YOU SHINE!

Grade Two - Mrs. Eastling. I nominate Ace Moses for student of the month for Gratitude. He always has a kind word to say and will say please or thank you, even for the little things. He shows he is grateful for the things he has by taking care of them. Great job, Ace!

Grade Three - Mrs. LaMott. Congratulations to McKenna Thiemann for being selected student of the month from Mrs. LaMott's classroom! McKenna continually expressed that she is grateful for what she has received and things that she has. She is always thankful to spend time with friends at school and happy to help when it is needed. McKenna's attitude in the classroom reflects that she is happy to be in school each day. Congratulations McKenna and keep up the good work! :)

Grade Three - Mrs. Wadman/Mrs. Sanken. November's theme of GRATITUDE is shown by Jason Krause in many different situations. He helps others when they are getting behind and comforts them in a very gentle way. Besides being grateful, I can always catch Jason being kind and respectful to his friends through his words and actions. He has shown gratitude by noticing the small things in the classroom, appreciates what he has and what people do for him. That's why Jason is having a happy and successful year in Third grade! I am proud to name Jason as student of the month for November!

Grade Four - Mrs. Gallagher. The November student of the month for Mrs. Gallagher's class is Ryan Odenbrett. This month's theme is gratitude. Ryan was ready to explain what gratitude is AND he had lots of examples of what he is grateful for. Ryan enjoys time with friends and family and going to church. Ryan has an outgoing, friendly personality and helps bring excitement and joy to those around him through the things he says and does. As a student of the month, Ryan also exhibits other positive character traits. He is kind and respectful when playing with friends on the playground and loves to participate in classroom activities. Ryan also has recently been voted as a member of Winsted Elementary's Student Council. This shows that he is respected and viewed as a leader by his classmates. We are so glad to have Ryan in our class. Congratulations Ryan!

Grade Four - Mr. Goudy. The student of the month for November is Braelynn Long. She is having a wonderful year! She is such a hard worker and really cares about her academics. She is keeping an upbeat spirit to her which is allowing her to have a fantastic perspective. Braelynn is communicating with her teachers when she needs help and takes her learning very seriously. She shows gratitude by appreciating the learning environment and using her resources. She is also heavily involved in sports outside of school. Let's keep up the fantastic year Braelynn!
