

January Students of the Month - Perseverance

Gr K - Mrs. Gunderson. Rhett Keskitalo is our January Student of the Month. When talking about perseverance, Rhett comes to mind because of his never ending hard work in the classroom, his willingness to accept challenges, and the encouragement he brings to himself and others. Rhett is a fast worker and when he finishes his work early he's always up for another challenge to expand or improve upon his work. Recently, our class did a science experiment trying to redirect the sun's light and warmth to warm a pretend village. This was quite a challenge but Rhett didn't give up. He worked hard to overcome any barriers and lead his team to success in solving the challenge! We are so proud of Rhett's perseverance and leadership and we can't wait to see where this life takes him!
