

FOR IMMEDIATE RELEASE

KemperSports to Bring High School Golf to Two Chicago Public Schools

New golf teams to be established at Gwendolyn Brooks and Hyde Park High Schools with free course and range access at Harborside International as part of commitment to youth golf

NORTHBROOK, ILLINOIS, May 10, 2022 – <u>KemperSports</u> today announced that it will bring junior golf programming to two south side Chicago high schools. With support from Callaway Golf and the Illinois International Port District, KemperSports will sponsor a boys and girls high school golf team at Gwendolyn Brooks College Preparatory Academy High School and Hyde Park High School, both part of the Chicago Public Schools (CPS) system. Equipment for the golf programs is being donated to the schools by KemperSports and Callaway, and each team will have free access to practice at Harborside International Golf Center, owned by the Illinois International Port District and managed by KemperSports.

KemperSports staffers, including PGA professionals across the Chicagoland area, will be available to the coaches of these teams to provide guidance and support as needed throughout the season. Additionally, KemperSports will host a coaching seminar for CPS golf coaches this summer in preparation for the season.

"We are thrilled to help make golf available to CPS students at Brooks and Hyde Park High Schools and share our passion for the game with these deserving students," said KemperSports CEO Steve Skinner. "We are committed to investing in our youth and breaking down barriers to help make golf more accessible to anyone who is interested in learning the game. We have seen firsthand the positive effects that golf can have on our youth, and we look forward to seeing that positive impact unfold at CPS.

KemperSports has a long history of supporting youth golf and creating programming to teach important life lessons through the sport while investing in the communities in which it operates. The company made its mark on the city of Chicago through its work with the Chicago Park District golf facilities, dating back to 1993, and by establishing the First Tee – Greater Chicago chapter in 2000.

"Harborside International is a true community asset, and we could not be more excited to share our facility and courses with these CPS teams as we all work together to grow the game of golf in our great city," said Erik Varela, Executive Director of the Illinois International Port District. "We are proud to be part of the ongoing mission to bring more youth to the game, and we hope that our property will be the start of many successful seasons of growth and fun for these student athletes."

This will be the first-ever golf program at Hyde Park High School and will mark the resumption of a golf program at Brooks for the first time in 20 years.

"Chicago Public Schools is proud to partner with KemperSports to develop golf programs at Hyde Park High School and Brooks College Prep," said CPS Executive Director of Sports Administration, David Rosengard. "Through this partnership, our student-athletes will learn the fundamentals and love for the game, receive cutting-edge equipment and will help steward the growth of the sport in their communities. We look forward to continuing our partnership with KemperSports to equitably expand access to the sport of golf across all of our schools and communities."
