

**South Koochiching  
Rainy River School  
District  
2024-2029**

**STRATEGIC PLAN**

**Mission Statement:** To prepare communities of tomorrow by promoting lifelong learning, positive values, school pride, mutual respect and individuality.

**Goal #1 High Quality Instruction (Page 5):** Supporting a districtwide culture where all instructional staff analyze student data, reflect on their practice, collaborate professionally with their peers, and incorporate evidence-based instructional practices to ensure High-Levels of Learning for ALL students.

**Goal #2 Aligned and Coherent Systems (Page 6):** Ensuring articulated programs and systems to support a comprehensive, consistent, and responsive learning environment for ALL students.

**Goal #3 Social and Emotional Needs (Page 6):** Implementing mental health and behavioral interventions to best meet the social and emotional needs of ALL students.

**Goal #4 Safe and Engaging Environment (Page 7):** Ensuring all students are engaged and connected to their school, peers, and community in a safe and secure educational setting.

**Belief Statements:** The South Koochiching-Rainy River School District believes that:

Learning occurs best in a safe, nurturing, and respectful environment

Schools should develop a culture which promotes integrity, respect, honesty, and trust

Every human being is unique, has worth, and deserves respect

Public Education is central to our democracy

Students, staff, administrators, school board members, parents, and community all have a responsibility in the development of successful citizens

Positive relationships are the foundation of successful schools

Positive leadership at all levels is integral to the success of the schools

Students will be actively involved in their learning process by setting goals for lifelong learning through the development of personal learning plans

We believe WIN Time is a valuable opportunity for ALL students throughout the academic day.

**WIN Time (What I Need)** The SKRR School District believes a goal driven program that meets the needs of ALL students is vital to our Academic Success. Our WIN program is structured so our professional educators, along with our support staff, use evidence-based practices of common/formative assessments, targeted interventions and enrichment-based activities in the core areas of math and reading. Our professional educators meet multiple times per week in collaborative teams called Professional Learning Communities (PLC'S) and they focus on answering the four critical questions of a high performing PLC.

- 1) What do we want our students to learn and be able to do?  
(Standards/Essential Skills)**
- 2) How do we know if they have learned it? (Assessments)**
- 3) What do we do for our students that have not mastered the skill?  
(Interventions)**
- 4) What do we do to challenge the students that have mastered or  
already know the skill? (Enrichment)**

Our WIN time is data-driven and designed to help ALL students whether they Meet or Exceed benchmarks or need additional support learning the skill.

**Goal #1: High Quality Instruction**

Outcome Statement: Supporting a districtwide culture where all instructional staff analyze student data, reflect on their practice, collaborate professionally with their peers, and incorporate evidence-based instructional practices to ensure high levels of learning for all students.
