ANNUAL NOTIFICATION OF STUDENT DIRECTORY INFORMATION
Rights to Parents and Students

September 30, 2019

“Directory Information” is considered a “public record” which must be released by the district to any person who requests it under the Missouri Sunshine Law, §§ 610.010- .030, RSMo.

Directory information is information about student that generally is not considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The District will designate the types of information included in directory information and may release this information without obtaining consent from a parent or eligible student unless a parent or eligible student notifies the District in writing. Parents and eligible students will be notified annually of the information the District has designated as directory information and the process for notifying the District if they do not want the information released. Parents or eligible students have ten (10) school days after annual public notice to view the student’s “General Directory Information” and “Limited Directory Information” and provide notice in writing to the school district that they choose to not have this information or any portion of the “General Directory Information” and/or “Limited Directory Information” released. Even if parents or eligible students notify the District in writing that they do not want directory information disclosed, the District may still disclose the information if required or allowed to do so by law. For example, the District may require students to disclose their names, District email addresses in classes in which they are enrolled, or students may be required to wear or display a student identification card that exhibits information designated as directory information. The District designates the following items as directory information:

General Directory Information: The following personally identifiable information about a student may be disclosed by the District without first obtaining written consent from a parent or eligible student: Student’s name; date and place of birth; parents’ names; grade level; enrollment status (e.g., full-time or part-time); student identification number; user identification used by the student for the purposes of accessing or communicating in electronic systems as long as that information alone cannot be used to access protected educational records; participation in District-sponsored or District-recognized activities and sports; weight and height of members of athletic teams; dates of attendance; degrees, honors and awards received; artwork or course work displayed by the District; schools or school Districts previously attended; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

Limited Directory Information: In addition to general directory information, a student’s address, telephone number and email address; and the parents’ addresses, telephone numbers and email addresses may be disclosed to: school officials with a legitimate educational interest; parent groups or booster clubs that are recognized by the Board and are created solely to work with the District, its staff, students and parents and to raise funds for District activities; parents of other students enrolled in the same school as the student whose information is released; students enrolled in the same school as the student whose information is released; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children’s Division (CD) of the Department of Social Services.

Military and Higher Education Access: The District will disclose the names, addresses and telephone numbers of secondary school students to military recruiters or institutions of higher education as required by law. However, if a parent or a secondary school student who is at least 18 submits a written request, the District will not release the information without first obtaining written consent from the parent of the student/eligible student.

Parents or guardians may designate additional adult(s) to have access to their student’s records by requesting a Family Educational Rights and Privacy Act (FERPA) release form.

Parents/Guardians and/or eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:
