General and Safety Information – please read and sign the following:

- Students staying all day may bring their lunch, or purchase a lunch. Students receiving free or reduced lunch during the school year will receive free or reduced lunch during summer school. Students will not be able to access their school lunch accounts. They will need to bring money to pay daily or prepay for multiple lunches. **NO Charges.** During the AM/PM snack breaks, drinks or snacks may be purchased for \$1.00 each or can be brought from home. Summer school is from 8:30AM – 3:30PM. Students must be picked up no later than 3:45. After 3:45 there will be no supervision.

Daily attendance is not required for summer school; however if your child is enrolled in both morning and afternoon classes, and is not going to attend the full day, a note or phone call will be required before your child will be given permission to leave. If they are going to miss their morning class, please sign them in or send a note with them when they arrive for the afternoon class. Note—Attending Summer School is a privilege; behavior problems will not be tolerated. All school rules will be enforced according to the Lawson R-XIV Handbook.

7/8 Grade Science/Social Studies -Revisit and refine on 4th quarter concepts and objectives.

Grades 5-8 Rotation Session (AM)

- **Kids in the Kitchen Cooking**
- **Computers Exploration (Minecraft)**
- **P.E.**

A Stitch in Time - Sewing

The lost art of sewing is making a comeback! Be on the "cutting" edge and join this class to learn the first steps in sewing. After learning the basics, you will use sewing patterns and fabric to create a project.

Sports Unlimited -

Learn and perfect your skills in a variety of sports. Students will enjoy daily competitions and fun interactive games. Students will have fun getting in "shape" and mastering their "game".

Craft/Scrapbooking -

Are you creative and crafty? This class will be "make it and take it" crafts and scrapbooking. Learn how to turn everyday items into creative projects. You will be able to make projects for you, your family and others.

Trebuchet Design and 3D Printing -

Get ready to storm the castle by designing a medieval trebuchet. We will research the best way to make a trebuchet and create our own designs. We will then learn how to create a digital 3d model of the trebuchet in Onshape and print out the 3d parts to put together a working model to launch ping pong balls. Along the way, you learn engineering design, CAD 3D modeling and how to use a 3d printer. Will yours launch the farthest?

Brain Games -

Come test your skills with some fun BRAIN GAMES! Join us playing some old favorites and learning some new ones you are sure to love! We will play card games, board games, and computer games that are sure to blow your minds!

Cultural Film Study -

We will be taking a look at some of the most popular films ever produced such as E.T., The Wizard of Oz, The Princess Bride, and many more! Have a great summer watching films in style, on the big screen, in the SPAC! Not only that but you'll learn how they were made and what their impact was on us.
