PART I – INFORMATION

Accident Insurance

The district does not carry insurance on students on an individual basis. Parents/guardians have the opportunity to purchase an individual insurance policy at group rates. This insurance is strictly voluntary. Information will be sent home to you on the first week of school.

Arrival and Dismissal Hours

Hours for School District Buildings and Facilities School building hours are 8:00 a.m. to 3:45 p.m. Students must be supervised while in the building. Students should not be in the building prior to 7:30 a.m. or after 3:30 p.m., unless they are under the direct supervision of a coach, advisor, or teacher. Students causing issues outside of building hours may be served a trespass notice, which will restrict their ability to be on school grounds outside of school hours.

Background Check Procedures

In compliance with Minnesota Statute 123B.03, Subd.1 (e) we are required to notify parents and/or guardians at the beginning of each school year of our hiring authority's policy requiring a criminal history background check on employees and other individuals who provide services to the school. Parents/Guardians that volunteer on field trips or in the classroom, must have a background check on file.

Backpacks and/or Bags

Students are to leave all backpacks and bags in their locker during the school day. They are not allowed in the classrooms.

Bicycles

Students may ride bikes to school; however, they are not allowed to ride the bike on the school grounds during the school day. The school will not be responsible for their security and recommend that they be parked in the bike racks and locked.

Body Sprays/Colognes

Because of allergies and sensitivities, body sprays/colognes/perfume or similar items should be applied in locker rooms or outside the school buildings. If used improperly, the item will be confiscated.

Calendar

The school calendar is adopted annually by the school board. A copy of the school calendar can be found on the school district's website at: www.menahga.k12.mn.us

Class Assignments

Students are scheduled in the spring each school year for the following school year. New students are scheduled in August or as soon as they enroll in the district. Teacher requests are not a part of the scheduling process. Students are scheduled based on registration and course offerings.

Closed Campus Policy / Open Noon Period Privileges

Once a student enters onto school property, they may not leave school grounds without permission from a principal or an out-of-the-building pass. Students are to remain in the designated areas during lunch. Students are not permitted to leave the school grounds or go into the parking areas during lunchtime. Lunchroom supervisors can give permission for students to leave the lunchroom area.

Seniors in good standing academically and behaviorally (principal's discretion) will be issued Gold Passes. The passes allow seniors to go downtown during lunch period on the following conditions:

- Seniors who have met a 3.0 grade point average or principal's discretion. The beginning of the school year grade point average will be determined by a student's spring cumulative GPA. 2nd Semester will be determined by fall GPA.
- Not received an Out of School Suspension at anytime during the current semester
- Not on the "No Pass List" or tardy for a 5th hour class.
- Not more than 3 daily-unexcused absences per semester or principal's discretion

Students must have a signed parent permission slip for privileges to begin. Students must pick up their Gold Pass to the high school office and sign out before leaving the building and leave through the high school office doors. When returning, students return their passes and sign in to the high school office. Failure to follow these regulations will result in the loss of Gold Pass privileges. Gold Pass privileges can be revoked at any time.

Complaints

If you feel there is a problem or concern related to your child's educational welfare the Board of Education requests that you follow the protocol below:

1. First, contact the person directly involved.
2. If you are unable to resolve the problem by contacting the person, please contact the appropriate principal or supervisor.
3. If you feel the problem still exists, you should meet with the superintendent of schools.
4. If not resolved after a meeting with the superintendent, you may request a meeting with the appropriate committee of the Board of Education.
5. In the event that you feel there is still a basis for a problem, you are invited to address your concerns to the full Board of Education for final resolution.

Written complaints must be filed within ten working days from the date of the incident. Please contact the district office for more information on the district's complaint of services policy and to obtain a complaint of services form.

Drills – Fire, Lockdown and Severe Weather

Drills occur several times throughout the school year. Each classroom is assigned a specific location to report for fire and severe weather drills. Your teacher will explain your location. Whenever an alarm is sounded, students should move to designated areas as quickly and quietly as possible. All drills should be taken seriously, so that students know how to respond in case of an actual event.

Eighteen-Year-Old Students

The age of majority for most purposes in Minnesota is 18 years of age. All students, regardless of age, are governed by the rules for students provided in school district policy. The policies that Menahga High School operates under will be equally applied to all students regardless of age. M.S.A. 120.06 states, "Notwithstanding the provisions of any law to the contrary, the conduct of all students under 21 years of age attending public secondary school shall be governed by a single set of reasonable rules and regulations promulgated by the local Board of Education." Students 18 years of age or older, regardless of where they are living, will still require parental permission if a student is under the legal guardianship of the parent.

Equal Access to School Facilities

The overall financial resources of the Menahga Public School District 821 do not allow it to locate the wrestling practice room anywhere but the basement of its facility. Therefore, to be compliant with ADA Title II and Section 504 of the Rehabilitation Act, the district will adopt Policy 521.1 Accessibility. A student with a disability who qualifies under Section 504 of the Rehabilitation Act will not be excluded from any school program, services, or activities at Menahga Public School District 821 due to an inaccessible classroom or basement. Programs, services, or activities will be relocated to rooms that are accessible on the main floor of the school building in order to accommodate a qualifying person with a disability. Please make written request to the contact person to make these arrangements as follows: High School Principal, PO Box 160, Menahga, MN 56464 Phone: 218-564-4141 ext

Fees

Materials that are part of the basic educational program are provided with state, federal, and local funds at no charge to a student. Students are expected to provide their own pencils, paper, erasers, and notebooks. Students may be required to pay certain other fees or deposits, including (not an inclusive list):

- Cost for materials for a class project that exceeds minimum requirements and is kept by the student.
- Security deposits for the return of materials, supplies, or equipment.
- Field trips considered supplementary to the district's educational program.
- Admission fees or costs to attend or participate in optional extracurricular activities and programs.
- Voluntarily purchased student health and accident insurance.
- Use of musical instruments owned or rented by the school district.
- A school district-sponsored driver or motorcycle education training course.
- Transportation to and from school for students living within two miles of school.
- Transportation of students to and from optional extracurricular activities or post-secondary instruction conducted at locations other than school.

Students will be charged for textbooks, workbooks, and library books that are lost or destroyed. The school district may waive a required fee or deposit if the student and parent/guardian are unable to pay. For more information, contact the High School Principal.

Food

Energy drinks are not recommended for consumption by anyone under the age of 18. Energy drinks will not be permitted on the school grounds at any time. This includes all school and athletic buses. No pop or soda is allowed on the school grounds during the regular school day unless pre-approved by the principal. Students may not eat or drink in the classrooms, library, or halls during the school day (8:15 a.m.-3:16 p.m.) except for specially permitted occasions. Students may have bottled water in class. Water bottles must be clear and shatter-proof.

Foreign Exchange Students

Menahga High School welcomes qualified exchange students to enroll in our district. The qualified student:

- Must be in grade 10 (or higher) or equivalent.
- Must be 16 years old.
- Must be part of a certified exchange program with J-1 sanctioning by the State Department.
- Menahga will accept a maximum of three exchange students per school year.

Fundraising

All organizations need written approval from the principal, prior to their sale. This is to prevent overlapping sales, duplication, and recognition of the worthiness of the fundraiser. Forms may be obtained in the office. A copy of fundraisers approved will be provided to the Superintendent.

Graduation Ceremony

Student participation in the graduation ceremony is a privilege, not a right. Students who have completed all the requirements for graduation are allowed to participate in graduation exercises, unless participation is denied for appropriate reasons, which may include discipline. In order to participate in graduation commencement, students must wear the gown, mortarboard, honor cord, tassel, and stoll chosen by the graduation committee. The graduation committee will consist of senior class members, senior class advisors and the high school principal. Graduation exercises are under the control and direction of the High School Principal.

It is the student's responsibility to track their progress towards completing the graduation requirements. Questions regarding the status of a student's progress should be addressed with the appropriate school counselor.

Graduating with Honors

A student having compiled a scholastic average of 3.60 or higher during grades 9 through 12 will be designated an honor student. A student must have attended Menahga High School facility grades 9-12 at some time during their high school career to be included as a Senior Class Honor student. The students designated as honor students will receive recognition in the area newspapers and on the Commencement Program. Honor status will be calculated after 1st semester final grades have been submitted. The senior graduation committee will consider honor students as commencement speakers. All seniors have the option to participate on the committee.

Interviews of Students by Outside Agencies

Generally, students may not be interviewed during the school day by persons other than a student's parents/guardians or school district officials, employees, and/or agents, except as provided by law and/or school policy. Requests from law enforcement officers and those other than a student's parents/guardians, school district officials, employees and/or agents to interview students shall be made through the principal's office. Upon receiving a request, it shall be the responsibility of the principal to determine whether the request will be granted. Prior to granting a request, the principal shall attempt to contact the student's parents/guardians to inform them of the request, except where otherwise prohibited by law. (School Board Policy 519L: Interviews of Students by Outside Agencies)

Library and Media Center

Media Center materials are available for student use during the school day and are available for checkout, with the exception of reference materials and some audiovisual materials. Students with overdue materials are not allowed to check out additional materials.

Lunch

All students are scheduled for a 30-minute lunch period. Students must eat in the cafeteria. Students are expected to bus their own dishes and keep the lunchroom neat and orderly. Students are not to share their meal account numbers. Food services include breakfast and hot lunch. The board approves the prices set for school breakfast, lunch and the price of milk. Lactose reduced milk will be provided to any student upon the written request by the parent/guardian.

It is important that parents/guardians sign up for free or reduced meals before school starts or at any time their income or household size changes. Those qualifying not only help our lunch program, but help fund other programs. Applications are available from the office. Please call the office if you would like assistance in completing the form. Applications do not carry over from year to year.

"In accordance with federal law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability." To file a complaint, write USDA, Director, Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410 or call (202) 720-5964 or (800) 795-3272 (voice) or (202) 720-6382 (TTY). USDA is an equal opportunity provider and employer.

Messages to Students

Students may not be interrupted during school hours by outside calls and messages except in the case of an emergency. If it is necessary to reach your child, dial 564-4141 extension 3. The office will relay your message. Parents wishing to contact a classroom teacher should be prepared to leave a message requesting the teacher to contact them. Except during preparation time, teachers are not available to come to the telephone during the school day.

Money, Valuables and Personal Property

The school is not responsible for valuables which get lost, stolen, or damaged at school or on the bus.

Nondiscrimination

The school district is committed to inclusive education and providing an equal educational opportunity for all students. The school district does not discriminate on the basis of race, color, creed, religion, national origin, sex, marital status, parental status, status with regard to public assistance, disability, sexual orientation, or age in its programs and activities.

Notice of Violent Behavior by Students

The school district will give notice to teachers and other appropriate school district staff before students with a history of violent behavior are placed in their classrooms. Prior to giving this notice, district officials will inform the student's parent or guardian that the notice will be given.

The student's parents/guardians have the right to review and challenge their child's records, including the data documenting the history of violent behavior.

Novelty Items

There is no reason to bring any article to school that does not pertain to a school activity. These items distract from the education of others. Any article of this nature such as squirt guns, cap guns, balloons, toys, CD players, etc. will be taken by the teacher and kept in the office. It will be returned only to a parent and should not be taken to school again. Laser light pens, when not used in an instructional capacity, will be confiscated and not returned because of their potential for injuring eyes.

Parent and Teacher Conferences

Two conferences will be scheduled each year. Check the school calendar for dates and times. You may contact teachers at any time throughout the year with questions or concerns or to schedule an individual time to meet.

Planners

Students are required to have their planner in their possession throughout the school day. Failure to have a planner will result in a student being denied any pass privileges. Students are not permitted to lend or borrow planners. In the event that a planner is lost, defaced, or the Student Handbook portion is removed, a new planner must be purchased from the Main Office. Students who arrive at school after the start of the school day must report to the office. If the student does not have their planner with them, he/she will be given a pass from the office.

Pledge of Allegiance

Students will be asked to recite the pledge of allegiance to the flag of the United States of America ~~one or more times each week,~~ everyday during the start of 2nd period excluding late starts and E-Learning days. Anyone who does not wish to participate in reciting the pledge of allegiance for any personal reasons may elect not to do so. Students and school personnel must respect another person's right to make that choice.

School / Co-curricular / Extracurricular Activities

The school district provides opportunities for students to pursue special interests that contribute to their physical, mental, and emotional health; however, instruction is the school district's priority. Students who participate in school-sponsored and/or affiliated activities are expected to responsibly represent the school and community, their participation is a privilege and not a right. All rules pertaining to student conduct and student discipline apply to school activities. All spectators at school-sponsored activities are expected to behave appropriately. Students and employees may be subject to discipline and parents/guardians and other spectators may be subject to sanctions for inappropriate, illegal, or unsportsmanlike behavior at these activities or events. The Menahga School District is a member of the Minnesota State High School League (MSHSL). Students who participate in MSHSL activities must also abide by the MSHSL rules. The district will enforce all MSHSL rules during the school year and in the summer where applicable. Employees who conduct MSHSL activities will cover applicable rules, penalties, and opportunities with students and parents/guardians prior to the start of an activity. For more information about the MSHSL rules and student eligibility requirements, contact the Activities Director (A.D.).

A student cannot elect to participate in an activity as a means to shorten the time he/she misses as a result of a violation. If a sport season has started and the student has not registered for the sport, they cannot then go out for the sport in an attempt to shorten the penalty for another sport.

A student shall be disqualified from all activities for an additional nine weeks beyond the student's original period of ineligibility when the student denies violation of the rule, is allowed to participate and then is subsequently found guilty of the violation. If a student participates in an activity while they are ineligible, the length of the penalty shall begin anew the next day.

Penalties listed above are consequences for breaking MSHSL rules in season as well as out of season violations. Violations will carry into the activity participant's next season (Examples: A football violation would carry into wrestling or basketball) if the penalty had not been fully served during the season the violation occurred. Violations that occur out of the season will serve the same penalty as in season violations.

Academic Eligibility Procedures

Students are responsible for class work in all classes. An Ineligibility List is published every week. If a student is on the ineligibility list, he/she is ineligible to participate in any extracurricular activities and will not be allowed to participate until the coach receives a signed statement from the classroom instructor stating that the student is once again in good standing. The MHS/UNC coaching staff is responsible for keeping updated on their participants' progress and ensuring that an academically ineligible participant does NOT participate. If a student fails one or more courses once the grades are posted at the end of each high school semester, he or she will lose eligibility for the next 2 events/contests in category 1 and 1 event/contest in category 2 or 3 per failed course. Any performances that occur during this time will be lost. Students are expected to attend all practices during this time period.

Activity Eligibility

In order to participate in Menahga High School's co-curricular and extracurricular activities, students must meet the following guidelines:

- Present a current physical (athletes only);
- Be under 20 years of age;

School Closing Procedures

When school is called off in the morning and conditions improve, the administration may approve practice, or team participation in local, subsection or section activities. Students will not be penalized for missing practice due to weather conditions or other emergency closings. The Menahga School District is linked to the Skyward Instant Alert System. If you are signed up, this system will also alert you by an automated phone message to any school closing due to inclement weather.

The radio/TV stations listed below will also announce information concerning Menahga Schools: **WCCO (Cable Channel 4); KSAX (Cable Channel 5); KARE 11 (Cable Channel 11); WDAY (Cable Channel 12); FOX 9 KMSP (Cable Channel 18); WCCO (830 AM); KPRM (870 AM); KWAD (920 AM); KJJK (1020 AM); KBRF (1250 AM); KMSP (1420 AM); KXKK (92.5 FM); KSKK (94.7 FM); KJJK 96.5 FM); KDKK (97.5 FM); KPRW (99.5 FM); KZCR (Z-103.3 FM); KKWS (105.9 FM)**

School Dances

All events must be approved by the adviser and the principal and must be properly chaperoned. School activities during the school week must end by 10:00 p.m. or earlier. No activities may be held without proper supervision. Dances will be closed door. Once a person has entered, he/she may not leave and reenter.

Searches

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in their desks, lockers, or vehicles parked on school property. "Contraband" means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, where appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

Lockers and Personal Possessions Within a Locker

According to state law, school lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

Students' personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials will provide notice of the search to students whose lockers were searched, unless disclosure would impede an ongoing investigation by police or school officials.

Desks

School desks are the property of the school district. At no time does the school relinquish its exclusive control of desks provided for the convenience of students. Inspection of the interior of desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

Personal Possessions and Student's Person

The personal possessions of a student and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

Searches by Canines

The school district contracts with Interquest Detection Canines of Northern Minnesota to perform searches on campus randomly throughout the school year. Handlers and canines will search parking lots, lockers, classrooms, and other district property. Canines are trained to find alcohol, firearms and ammunition, prescription and over-the-counter medication, and illegal drugs.

Parent Portal

The Parent Portal program allows you, your parent, or your guardian access to your current academic progress, attendance history, and general information via computer.

Please recognize that this system *is not* designed to be instantaneous. It may take some time for teachers to evaluate, grade, enter grades in the electronic grade book, and update the information system from the teacher's grades books.

The information is designed to be an approximation, and to allow you to monitor student progress. Please contact the HS Office to obtain the form to apply for this option.

Student Parking Permit

Students must fill out a parking permit form to register for a parking permit. The permit will be numbered and must be hung from the rear-view mirror of the vehicle. Vehicles without parking permits may be towed at owner expense.

Student Parking Areas

When a student applies for a parking permit, a map of where students may park will be made available. Through the application process, a student agrees to park in the designated areas.

Parking in Non-designated Areas and Careless Driving

If a student fails to park in the designated areas, the due process procedure will begin with a discussion and move through a revoked permit and loss of parking if the regulations are not followed. The student's car will be towed at the expense of the owner if parked in a non-designated area. The same process will be followed for a student who is driving or parking in a careless manner. Designated parking areas are reserved from 6:00 A.M. – 6:00 P.M., unless posted otherwise.

Patrols and Inspections

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

Search of the Interior of a Student's Motor Vehicle

The interior of a student's motor vehicle in a school district location, including the glove and trunk compartments, may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to withdrawal of parking privileges and to discipline if the student refuses to open a locked motor vehicle or its compartments under the student's control upon the request of a school official.

Student Publications and Materials

The policy of the school district is to protect students' free speech rights while, at the same time, preserving the district's obligation to provide a learning environment that is free of disruption. All school publications are under the supervision of the building principal and/or sponsor. Nonschool-sponsored publications may not be distributed without prior approval.

Distribution of Nonschool-Sponsored Materials on School Premises

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes distributing nonschool-sponsored material, subject to school district regulations and procedures.

School-Sponsored Student Publications

The school district may exercise editorial control over the style and content of student expression in school-sponsored publications and activities. Faculty advisors shall supervise student writers to ensure compliance with the law and school district policies. Students producing official school publications and participating in school activities will be under the supervision of a faculty advisor and the school principal. "Official school publications" means school newspapers, yearbooks, or material produced in communications, journalism, or other writing classes as part of the curriculum. Expression in an official school publication or school-sponsored activity is prohibited when the material:

- Is obscene to minors;
- Is libelous or slanderous;
- Advertises or promotes any product or service not permitted for minors by law;
- Encourages students to commit illegal acts or violate school regulations or substantially disrupts the orderly operation of school or school activities;
- Expresses or advocates sexual, racial, or religious harassment or violence or prejudice;
- Is distributed or displayed in violation of time, place, and manner regulations.

Expression in an official school publication or school-sponsored activity is subject to editorial control by the school district over the style and content when the school district's actions are reasonably related to legitimate pedagogical concerns. Official school publications may be distributed at reasonable times and locations.

Students who ride the bus to school must ride the bus home unless the office receives a signed note from the parent/guardian or receives a phone call. All calls for transportation changes must be made before 1 p.m. each day to ensure that your child's teacher can be notified.

Riding the bus is a privilege; thus, students are expected to behave in the same manner as in the classroom. While riding, waiting for the bus, or after being dropped off, all riders must comply with the following rules:

- Get to the bus stop five minutes before your scheduled pickup time. The school bus driver will not wait for late students.

The driver, transportation director, and principal will address serious and persistent situations. Offenses that are dangerous or destructive will result in immediate suspension and may include notification of legal authorities. Students damaging school buses are liable for damages. Failure to initiate payment will result in loss of riding privileges until damage is paid for.

Consequences for school bus/bus stop misconduct will apply to all regular and late routes. Decisions regarding a student's ability to ride the bus in connection with co curricular and extracurricular events (for example, field trips or competitions) will be in the sole discretion of the school district. When any student goes 60 transportation days without a report, the student's consequences may start over at the first offense. Based on the severity of a student's conduct, more serious consequences may be imposed at any time. Depending on the nature of the offense, consequences such as suspension or expulsion from school also may result from school bus/bus stop misconduct.

All district students are provided with bus safety instruction during the first three weeks of school and are required to demonstrate understanding of bus safety lessons. More information is available in policy 709mL-1.

Extracurricular Transportation

The school district may provide transportation for students to and from extracurricular activities. To the extent the school district provides extracurricular transportation, the district may charge a fee for transportation of students to and from extracurricular activities and optional field trips at locations other than school.

Late Bus

Late buses run at 5:15 p.m. as announced. The late bus is for students who are participating in a sport practice or activity or receiving assistance from a teacher. Any student riding for reasons other than school activities may lose future riding privileges and/or receive detention.

Parent Pickup and Drop Off of Students

Parents/Guardians picking up or dropping off their students are directed to do so at the East side of the High School Parking Lot. Morning drop offs and afternoon pick-ups can be made at the main doors in the front of the school; however, this is a very busy area and drivers should not park in this area. Crossing guards are on duty before and after school.

Video and Audio Recording

The school district buildings and grounds may be equipped with video cameras. Video surveillance may occur in any school district building or on any school district property.

Visitors in District Buildings

Parents/guardians and community members are welcome to visit the schools. To ensure the safety of those in the school and to avoid disruption to the learning environment, all visitors must report directly to the Office upon entering the building, with the exception of events open to the public. All visitors will be required to provide a picture ID, and to wear a "visitors badge" while in the building during the school day. Visitors must have the approval of the principal before visiting a classroom during instructional time. An individual or group may be denied permission to visit a school or school property, or such permission may be revoked, if the visitor does not comply with school district procedures or if the visit is not in the best interests of the students, employee, or the school district. **Anyone violating this policy could be charged with trespassing. Menahga High School does not permit student visitors at school because of the disruption to the school day.**

PART II — ACADEMICS

Academic Integrity Policy in College Credit Courses

If students in college credit courses are caught breaching the academic integrity policy, they will immediately be dropped from that course and lose credit from the college and will lose high school credit. A grade of “F” will be placed on the college and high school transcript.

Academic Lettering

A student may earn a letter for being on the A or B honor roll for 2 (two) consecutive semesters.

Alternative Educational Opportunities

Some students may be at risk of not completing their educational programs. The school district provides alternative learning options for students who are at risk of not succeeding in school. Alternative educational opportunities may include special tutoring, modified curriculum and instruction, instruction through electronic media, special education services, homebound instruction, and enrollment in an alternative learning center, among others. Students and parents/guardians with questions about these programs should contact the Student Services Office.

Cheating and Plagiarism

Dual Enrollment

Dual enrollment students include home school, ALC and PSEO students who are also taking courses in our high school. Dual enrollment students should only be in the building during the time of their classes here. They should arrive no more than five minutes before the class and leave immediately after the class.

Extended School Year Opportunities

The school district provides extended school year opportunities to a student who is the subject of an Individualized Education Program (IEP) if the student’s IEP team determines the services are necessary during a break in instruction in order to provide a free and appropriate public education. For more information on extended school year opportunities for students with an IEP, contact your student’s IEP case manager.

Summer School - Credit Recovery

Menahga High School may offer summer school session on site for students who need developmental, remedial, or make-up work in basic skills, and academic courses. Summer school is a privilege to students and not a right.

Failing a Class

Each teacher sets grading criteria and will inform students of that criteria on the first day of the course. If a student drops the course or is removed from the course after two weeks into the grading period, he/she will automatically receive a failing grade for the course. Students that fail a core graduation requirement should contact the academic advisor / principal for options regarding the make-up of that requirement.

Field Trips

Educational field trips may be taken during the school year under the teacher’s direction with administrative approval. Parents may be asked to assist with these field trips. When trips are made in school buses outside of school district boundaries, parents will be notified. Students are required to have written permission from a parent or guardian on the school’s field trip permission form prior to going on a field trip. Permission will not be granted over the phone. When students are on field trips, all rules of student conduct and discipline apply. Signed permission forms will be recognized as permission granted until the student is no longer in attendance at Menahga Public School. If a parent would prefer that a student not attend a particular field trip, please contact the classroom teacher.

Grades

Students' grades will be reported twice during the year. Report cards will be available online at the end of each grading period for review. Online grade reports may be reviewed at: <https://mncloud2.infinitecampus.org/campus/portal/menahga.jsp>

Report cards will be mailed home at the end of each school year for review. The grades on your report card determine your grade point average (GPA). Class rank is calculated based on a student's cumulative GPA.

Students in Grades 9-12 are required to pass all core courses. A student failing a core class must repeat the course and pass before credit is given.

Students must pass a core course before they can take the next course in that sequence. In order to receive credit for a class, a student's final grade must be 60% or higher. Private and Homeschool grades will be transferred in as P / F.

Students must be enrolled in at least 4 Menahga High School class periods in order to be listed on the Menahga High School Honor Roll. A - 4.0-3.6 GPA, B - 3.59-3.0 GPA

Homebound Instruction

Homebound instruction is available for any student who is out of school due to illness (either at home or in the hospital) for an extended period of time. It is a valuable service offered to our students to insure they do not fall too far behind their classmates due to an extended illness. Please contact the school office if you have any questions regarding homebound instruction.

Homework

Homework assignments are made by the teachers. The amount of homework varies by teacher and subject area. The school district asks for parents/guardians to encourage their child(ren) to complete homework thoroughly and promptly. Typically, students will have two days to make up work they miss due to unexpected absences. The two days to make up work standard, does not apply to work that is received previous to the

absences occurring. In the case of expected absences, students need to talk with teachers if extra time is necessary. Teachers determine if late work is accepted, and how much credit will be earned.

Menahga Area Learning Center

The Menahga Area Learning Center is an opportunity for at-risk students who are 16 and older and enrolled in grades 9-12 to be successful in earning their high school diplomas. The program offers classes Tuesday and Thursday during the school year. Credits are awarded upon successful completion of each class. Students will earn a Menahga High School diploma or that of their home school district when all credit requirements are completed. Students who are full time at the high school and need to make up required classes may attend the ALC after school program or summer sessions to earn necessary credits. Students must have an ALC referral from a High School Principal.

Progress Reports

Progress reports are issued midway through each semester. These reports will be handed out at fall and spring conferences. Teachers at various times on an as-needed basis may send out progress reports, both positive and negative.

Promotion and Retention

All students are expected to achieve an acceptable level of proficiency. Students who achieve at an acceptable level will be promoted to the next grade level at the completion of the school year. Retention of a student may be considered when professional staff and parents/guardians feel that it is in the best interest of the student. The superintendent's decision will be final. The district has a variety of services to help students succeed in school.

Post-Secondary Enrollment Options

Tenth, eleventh, and twelfth grade students may apply to enroll in Post-Secondary Enrollment Options (PSEO) and other advanced enrichment programs. General information about the PSEO program will be provided to all eighth, ninth, tenth, and eleventh grade students by March 1. Qualifying credits granted to a student through a PSEO course or program that meets or exceeds a graduation standard or requirement will be counted toward the graduation and credit requirements of the state academic standards. Interested students must fill out an application form and submit it to the Student Services Office by May 30 for enrollment the following school year. The application form must be signed by the student and his/her parent or guardian. Students wishing to take a PSEO course should contact the Student Services Office for more information.

State Test Requirements

Minnesota state law requires that all 9th graders take science, 10th graders take the reading, 11th graders take the Minnesota Comprehensive Assessment (MCA) III in the spring unless exempt in an Individual Education Plan. These scores are used to determine whether a school is making adequate yearly performance goals under federal legislation. MCA III scores will be sent home to all parents/guardians when received back from the Minnesota Department of Education.

Support Services (504)

The Menahga Public School District does not discriminate against any student on the basis of his or her disability and allows equal access to and participation in its programs and activities. The District also does not discriminate against anyone because he or she is associated with someone who is disabled. In addition, it is the District's responsibility to identify and evaluate students who, within the intent of Section 504 of the Rehabilitation Act of 1973, need specially designed instructional or physical accommodations so those students may receive free appropriate public education. For this policy, a student who may be eligible within the intent of Section 504 is one who:

- Is eligible to attend the District's schools under federal and Minnesota law; and
- Has a physical or mental impairment that substantially limits one or more major life activities, including learning.

Students may be eligible for services under the provisions of Section 504 even though they do not require services pursuant to the Individuals with Disabilities Education Act (IDEA). Students who are identified as individuals with exceptional needs under IDEA criteria will have their rights and obligations determined by that law. Inquiries regarding compliance with Section 504 may be directed to the district 504 Coordinator: Mike Schmidt. Menahga Public School 218-564-4141.

Test-Out Policy and Procedures

Minnesota Academic Standards provides an opportunity for students to demonstrate mastery of subject material and earn course credit. A student who has gained conceptual knowledge and skills necessary to pass a course may elect to earn credit for the course by successfully completing the test out procedure for the course. Application for test-out must be made to the principal or academic advisor by May 15th for the first semester and November 15th for second semester. Parent signature must accompany the application. A student may attempt to test-out of any given course only once. If the student fails any portion of the exam, they must enroll in and pass the course to receive credit in that course. The test-out will consist of a written exam, but may include lab work, presentations, problem solving, and submission of portfolios, performance and/or demonstrations. Tests and answer keys will be secured in the office. Tests will not be returned to the student. The criteria used to determine whether or not the student passes the exam (and, thus, the course) will be the same as would be used to determine whether or not a student would pass the course if they were enrolled in it. Criteria for passing the comprehensive exam must not be more stringent than the criteria for passing a course. Exams must be passed with a 70% to establish credit. Students will earn a grade based on the district adopted grading scale.

PART III — RULES AND DISCIPLINE

Attendance

Minnesota Statute 120A.22 requires every student between the ages of seven and sixteen receive an education. Students are required to attend all assigned classes every day that school is in session or have a valid excuse for absence.

Student Absences

Parents/guardians should notify the school by 8:30 AM if a student is going to be absent. Any absences unreported by parents/guardians will be marked as unexcused. The student has the right and obligation to make up any work missed for full credit. Arrangements are to be made to make up work in advance when students know they will be gone for several days. Administration will determine the legitimacy of all absences.

Absences During the School Day

Students must bring a note stating a specific reason from your parent or guardian to the office on the morning of the day that you need to leave. An out-of-the-building pass will be ready to be picked up in the office after period 1. Before leaving school, students should sign out in the office **AND SIGN IN AT THE OFFICE UPON RETURN**. If you leave the building without an out-of-the-building pass, you will be considered truant unless you have **CLEARED YOUR LEAVING WITH A PRINCIPAL**.

Classification of Absences

Excused absences ALL ABSENCES WILL BE COUNTED in the accumulation of the maximum number 12 per school year, except for school authorized absences. Excused absences need to be verified by parent or guardian at the time of the absence and are counted in the maximum absences rule. For excused absences, a student will be allowed two school days for each day absent to complete assignments. Arrangements need to be made with the teachers.

- Illness or medical/dental appointment not verified by a doctor
- Serious illness in the student's immediate family
- Needed at home up to 3 days per year. at the discretion of the principal.
- Religious instruction not to exceed 3 hours per week
- Family Trip
- Two days per year for personal trips to schools or colleges (not verified)

School Authorized Absences – these need to be verified at the time of the absence and are not counted in the 12-day maximum rule. Make up work is required.

- All school approved absences through the principal's office. Examples would be pre-approved, school related events, or court appearances.
- Official religious holidays
- Illness or medical appointment verified by doctor/dentist

- Death in immediate family, i.e., grandparents, brothers, sisters, parents (significant extended family members at the discretion of the principal)
- Suspensions
- Two days per year for personal trips to schools or colleges (verified, pre approval needed)
- Any absence which the student is excused in writing by an administrator or faculty member.

Unexcused absences are all absences beyond the maximum 12 per year that do not meet the criteria of a school authorized absence or absences that are unreported by parents/guardians. Students with 7 or more unexcused periods will be reported as truant. Daily participation grade based on attendance may be part of courses offered. Students will lose all participation if absence is unexcused.

Late Arrival

Being late to school will be treated differently than other tardiness. If you are late to school you must check into the office to sign in and pick up a pass. Missing the bus and oversleeping are not excused reasons for being late to school.

Tardiness

Tardies are issued when a student is not in the classroom when the bell rings. Students with an unexcused tardy for more than five minutes will be considered absent for the period. Students with a valid excuse for being tardy must obtain a pass from the staff member who has detained the student. Students who present a pass to their teacher will not be considered tardy. Three unexcused tardies are equivalent to one unexcused absence.

Truancy

A student absent without the consent of the parent/guardian is truant. This is an unexcused absence and the student will be subject to the district attendance policy. After three (3) unexcused absences, a letter will be sent to parents/guardians. Under Minnesota law, students with seven (7) or more unexcused absences qualify as truant and parents/guardians are required to meet to develop a Truancy Plan as a final attempt to compel the student to attend school. If the Truancy Plan is not followed and the student continues to have unexcused absences, the matter will be referred to the County Attorney's Office.

Bullying Prohibition

The school district is committed to providing a safe and respectful learning environment for all students. Acts of bullying, in any form, by either an individual student or a group of students, is prohibited on school district property, at school-related functions, and by misuse of technology. The school principal has the right to regulate electronic device usage. Menahga High School prohibits any member of the school to use electronic devices (including cell phones) to take a picture of a staff member or student for the purpose of displaying it on the internet or in any other public place without the permission of the person photographed. Students who are concerned about a specific disciplinary action or student conduct violation may consult with their parents/guardians, teachers, and/or student support service staff to informally resolve the concern. PART IV — HEALTH AND SAFETY

Accidents

All student injuries that occur at school or school-sponsored activities should be reported to the building principal. Parents/guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).

Communicable Diseases

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent suspects that his/her child has a communicable or contagious disease, the parent should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

Students with certain communicable diseases will not be excluded from attending school in their usual daily attendance settings as long as their health permits and their attendance does not create a significant risk of transmitting the illness to other students or school district employees. The school district will determine on a case-by-case basis whether a contagious student's attendance creates a significant risk of transmitting the illness to others.

Emergency Contact Information

Parents should make sure emergency contact information is correct and up-to-date each year. This can be done by contacting the high school office.

First Aid

The nurse's office is equipped to handle minor injuries requiring first aid. If the nurse's office is not open, assistance can be sought from the building's administrative office. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent/guardian will be contacted depending on the situation.

The district has installed automated external defibrillators (AEDs) outside the elementary office, outside the cafeteria, outside the middle school office, in the high school gym and top of the east stairwell. Tampering with any AED is prohibited and may result in discipline.

Health Services

A nurse is present in the school health office throughout the day. If you find it necessary to go to the health office, you must first get permission from your teacher. If it becomes necessary for you to go home, the nurse will call home for you. **Students should not call or text home.** This will minimize calls and confusion. The nurse is not a doctor. Do not expect her to perform the same services that you would obtain from a doctor at the clinic.

A parent/guardian should notify the school if his/her child is unable to attend school because of illness. To report your child's absence, please call (218) 564-4141 ext.

Health Screening

The school conducts periodic screenings including vision, hearing. These are only screenings and if indicated, should be followed by medical examination for diagnosis. A parent has the right to determine if their child will participate. Please notify the office in writing in September if you would like your child exempt.

Immunizations

All students must be properly immunized or submit appropriate documentation exempting them from such immunizations in order to enroll or remain enrolled. Students may be exempted from the immunization requirement when the immunization of the student is contraindicated for medical reasons; laboratory confirmation of adequate immunity exists; or due to the conscientiously held beliefs of the parents/guardians or student. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student reaches the age of 18. For a copy of the immunization schedule or to obtain an exemption form or information, contact the student health office at (218) 564-4141.

Medications at School During the School Day

The school district acknowledges that some students may require prescribed drugs or medication during the school day. The administration of prescription medication or drugs at school requires a completed signed request from the student's parent. An "Administering Prescription Medications" form must be completed once a year and/or when a change in the prescription or requirements for administration occurs. Prescription medications must be brought to school in the original container labeled for the student by a pharmacist, and must be administered in a manner consistent with the instructions on the label. Prescription medications are not to be carried by the student but will be left with the appropriate school personnel. Exceptions that may be allowed include: prescription asthma medications administered with an inhaler pursuant to school district policy and procedures, medications administered as noted in a written agreement between the school district and parent or as specified in an Individualized Education Program (IEP), a plan developed under Section 504 of the Rehabilitation Act (§504 Plan), or an individual health plan (IHP). The school district is to be notified of any change in a student's prescription medication administration. Students may have over-the-counter medications, such as Tylenol or Ibuprofen, in their lockers with a parent signed note on file with the school nurse. Parents must provide any nonprescription medication the child is to receive, and the medication is to be in the original container. The Health Office does not provide Tylenol, Motrin, Tums, Cough Drops, etc. for students. The Health Office does not provide feminine products.

This information will help parents/guardians make informed decisions that benefit their children, schools, and communities.

Why statewide testing?

Minnesota values its educational system and the professionalism of its educators. Minnesota educators created the academic standards which are rigorous and prepare our students for career and college.

The statewide assessments are how we as a state measure that curriculum and daily instruction in our schools are being aligned to the academics standards, ensuring all students are being provided an equitable education. Statewide assessment results are just one tool to monitor that we are providing our students with the education that will ensure a strong workforce and knowledgeable citizens.

Why does participation matter?

A statewide assessment is just one measure of your student's achievement, but your student's participation is important to understand how effectively the education at your student's school is aligned to the academic standards.

- In Minnesota's implementation of the federal Every Student Succeeds Act, a student not participating in the statewide assessments will not receive an individual score and for the purpose of school and district accountability calculations, including opportunities for support and recognition, will not be considered "proficient."
- Students who receive a college-ready score on the high school MCA are not required to take a remedial, noncredit course at a Minnesota State college or university in the corresponding subject area, potentially saving the student time and money.
- Educators and policy makers use information from assessments to make decisions about resources and support provided.
- Parents and the general public use assessment information to compare schools and make decisions about where to purchase a home or to enroll their children.
- School performance results that are publicly released and used by families and communities, are negatively impacted if students do not participate in assessments.
- English learners not taking ACCESS or Alternate ACCESS for ELLs will not receive a score to meet English learner program exiting criteria.

Academic Standards and Assessments

What are academic standards?

The [Minnesota K–12 Academic Standards](#) are the statewide expectations for student academic achievement. They identify the knowledge and skills that all students must achieve in a content area and are organized by grade level. School districts determine how students will meet the standards by developing courses and curriculum aligned to the academic standards.

What is the relationship between academic statewide assessments and the academic standards?

The statewide assessments in mathematics, reading, and science are used to measure whether students, and their school and district, are meeting the academic standards. Statewide assessments are one measure of how well students are doing on the content that is part of their daily instruction. It is also a measure of how well schools and districts are doing in aligning their curriculum and teaching the standards.

Minnesota Comprehensive Assessments (MCA) and Minnesota Test of Academic Skills (MTAS)	ACCESS and Alternate ACCESS for English Learners
<ul style="list-style-type: none"> • Based on the Minnesota Academic Standards; given annually in grades 3–8 and high school in reading and mathematics; given annually in grades 5, 8, and high school for science. • Majority of students take the MCA. • MTAS is an option for students with the most significant cognitive disabilities. 	<ul style="list-style-type: none"> • Based on the WIDA English Language Development Standards. • Given annually to English learners in grades K–12 in reading, writing, listening, and speaking. • Majority of English learners take ACCESS for ELLs. • Alternate ACCESS for ELLs is an option for English learners with the most significant cognitive disabilities.

Why are these assessments effective?

Minnesota believes that in order to effectively measure what students are learning, testing needs to be more than answering multiple choice questions.

- To answer questions, students may need to type in answers, drag and drop images and words, or manipulate a graph or information.
- The Reading and Mathematics MCA are adaptive, which means the answers a student provides determine the next questions the student will answer.
- The Science MCA incorporates simulations, which require students to perform experiments in order to answer questions.

All of these provide students the opportunity to apply critical thinking needed for success in college and careers and show what they know and can do.

Are there limits on local testing?

As stated in Minnesota Statutes, section 120B.301, for students in grades 1–6, the cumulative total amount of time spent taking locally adopted districtwide or schoolwide assessments must not exceed 10 hours per school year. For students in grades 7–12, the cumulative total amount of time spent taking locally adopted districtwide or schoolwide assessments must not exceed 11 hours per school year. These limits do not include statewide testing.

In an effort to encourage transparency, the statute also requires a district or charter school, before the first day of each school year, to publish on its website a comprehensive calendar of standardized tests to be administered in the district or charter school during that school year. The calendar must provide the rationale for administering each assessment and indicate whether the assessment is a local option or required by state or federal law.

What if I choose not to have my student participate?

Parents/guardians have a right to not have their student participate in state-required standardized assessments. Minnesota Statutes require the department to provide information about statewide assessments to parents/guardians and include a form to complete if they refuse to have their student participate. This form follows on the next page and includes an area to note the reason for the refusal to participate. Your student's district may require additional information.

A school or district may have additional consequences beyond those mentioned in this document for a student not participating in the state-required standardized assessments. There may also be consequences for not participating in assessments selected and administered at the local level. Please contact your school for more information regarding local decisions.

When do students take the assessments?

Each school sets their testing schedule within the state testing window. Contact your student's school for information on specific testing days.

- The MCA and MTAS testing window begins in March and ends in May.
- The ACCESS and Alternate ACCESS for ELLs testing window begins at the end of January and ends in March.

When do I receive my student's results?

Each summer, individual student reports are sent to school districts and are provided to families no later than fall conferences. The reports can be used to see your child's progress and help guide future instruction.

How much time is spent on testing?

Statewide assessments are taken one time each year; the majority of students test online. On average, the amount of time spent taking statewide assessments is **less than 1 percent of instructional time** in a school year. The assessments are not timed and students can continue working as long as they need.

Why does it seem like my student is taking more tests?

The statewide required tests are limited to those outlined in this document. Many districts make local decisions to administer additional tests that the state does not require. Contact your district for more information.

Where do I get more information?

Students and families can find out more on our [Statewide Testing page](https://education.mn.gov/parents-and-families/programs-and-initiatives/statewide-testing) (education.mn.gov > Students and Families > Programs and Initiatives > Statewide Testing).

NOTES

Minnesota Statutes, section 120B.31, subdivision 4a, requires the commissioner to create and publish a form for parents and guardians to complete if they refuse to have their student participate in state-required standardized assessments. Your student's district may require additional information. School districts must post this three-page form on the district website and include it in district student handbooks.

Parent/Guardian Refusal for Student Participation in Statewide Assessments

To opt out of statewide assessments, the parent/guardian must complete this form and return it to the student's school.

To best support school district planning, please submit this form to the student's school no later than January 15 of the academic school year. For students who enroll after a statewide testing window begins, please submit the form within two weeks of enrollment. A new refusal form is required **each year** parents/guardians wish to opt the student out of statewide assessments.
