617 SCHOOL DISTRICT ENSURANCE OF PREPARATORY AND HIGH SCHOOL STANDARDS

I. PURPOSE

The purpose of this policy is to ensure that all locally adopted preparatory and high school content standards of the Profile of Learning are addressed directly in both curriculum and assessment for all students, including those with special needs.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to implement the Minnesota Graduation Standards, including local adoption of the former Profile of Learning content standards, during the transition to the implementation of the required Minnesota Academic Standards.
- B. This policy ensures that all students who qualify and elect to satisfy their graduation requirements will continue to receive instruction, curriculum and assessment which address the preparatory and high school content standards. This policy also defines how technology will be integrated across student learning areas. In implementing the preparatory and high school content standards, the school district will work to improve the scope and sequences of curriculum, research-based instructional skills of teachers and other district staff who work with students, and alternative assessments of student achievement while making the transition to the required Minnesota Academic Standards.

III. ESTABLISHMENT OF CURRICULUM AND INSTRUCTION

A. Preparatory Content Standards

[To the extent school districts retain preparatory content standards as part of their locally adopted academic standards, school districts should insert in this section how their curriculum and instructional opportunities for all students will address the preparatory content standards, including the primary, intermediate and middle level standards. This section should contain an outline of each learning area's sequence in a manner which provides notice as to when various achievements are expected.]

B. High School Content Standards

The school district will follow Policy 613, Graduation Requirements, as it implements the graduation standards. This policy ensures that all students will receive instruction, curriculum and assessment which addresses the high school content standards of the Profile of Learning in all learning areas and that the uses of technology are integrated across student learning areas.
