Boys Golf Overview

Fall 2022

Below are the conference alignments for the Fall 2022. All conferences will play each school twice. All student athletes must compete in a minimum of 8 out of 12 (75%) matches in order to be eligible for post season play. Conference champs are determined by best record in each conference. If teams finish with the same record, the first tiebreaker is head-to-head matchups. Second tiebreaker is the team with the lowest team handicap differential.

10 teams will be qualifying for post season matches including the 6 conference winners (from fall & spring) and the next 4 teams (two from fall & spring seasons) with the lowest team scoring average, which is based on the sum of the best 5 qualifying averages. All 10 teams will be ranked 1-10 based on lowest handicap as a team. Teams ranked 1-6 will compete on the 1st day of County tournament @ Bethpage. A 9-hole playoff match will be held @ Bethpage, date and course TBA for the final 2 spots. 7vs10 & 8vs9, with the 2 winning teams advancing. Top 4 teams after day 1 will advance to day 2 of championship. Possible 5th team will advance **ONLY** if they are within 15 strokes of the leader.

Stroke averages will be determined using a formula that will include slope rating for each golf course to consider differences in difficulty of the various courses played. Boys who qualify as a team member with an adjusted score above the qualifying score will not be included in the individual championship. Teams that have girls play with the boy's team because their schools do not have a girls team, would be allowed to use their stroke differential handicap to qualify as an individuals in girl's tournament. The differential is based on playing from the white tees instead of the reds.
