Welcome to the 2022 Fall Field Hockey season.

A message from Steve Horgan as he retires from his position from USA Field Hockey:

To the Coaches: We all have passion for the game from different perspectives. Remember the same as umpires, you are only part of the show. Decisions on the field and in the moment may not always be perceived as correct, but this is sport, everyone is human and perceived mistakes will happen. Any distraction from the field of play that impacts or influences the game only takes away from the positive environment created by our game and the enjoyment of the game for our players. Players and parents feed off of you as you are seen as their authority on the game. You all do great work in teaching our players not only about hockey but life skills as well. Please continue to promote the positive aspects of our game to everyone you come in contact with.

This season NYS and Section VIII will be emphasizing crowd control. It will be a challenging season, keeping everyone safe and inspiring our athletes, as we continue the tradition of excellence in Section VIII field hockey this season.

Have a great season! Hope to see you on the pitch!

Barb Sellers

NFHS Coaches Code Of Ethics

The function of a coach is to educate students through participation in interscholastic competition. An interscholastic program should be designed to enhance academic achievement and should never interfere with opportunities for academic success. Each student should be treated with the utmost respect, and his or her welfare should be considered in decisions by the coach at all times. Accordingly, the following guidelines for coaches have been adopted by the NFHS Board of Directors.

- The coach shall be aware that he or she has a tremendous influence, for either good or ill, on the education of the student and, thus, shall never place the value of winning above the value of instilling the highest ideals of character.
- The coach shall uphold the honor and dignity of the profession. In all personal contact with students, officials, athletic directors, school administrators, the state high school athletic association, the media, and the public, the coach shall strive to set an example of the highest ethical and moral conduct.
- The coach shall take an active role in the prevention of drug, alcohol and tobacco abuse.
- The coach shall avoid the use of alcohol and tobacco products when in contact with players.
- The coach shall promote the entire interscholastic program of the school and direct his or her program in harmony with the total school program.
- The coach shall master the contest rules and shall teach them to his or her team members. The coach shall not seek an advantage by circumvention of the spirit or letter of the rules.
- The coach shall exert his or her influence to enhance sportsmanship by spectators, both directly and by working closely with cheerleaders, pep club sponsors, booster clubs, and administrators.
- The coach shall respect and support contest officials. The coach shall not indulge in conduct which would incite players or spectators against the officials. Public criticism of officials or players is unethical.
- The coach should meet and exchange cordial greetings with the opposing coach to set the correct tone for the event before and after the contest.
- The coach shall not exert pressure on faculty members to give student special consideration.
- The coach shall not scout opponents by any means other than those adopted by the league and/or state high school athletic association.

Re: AccuWeather Website – Heat Index/Wind Chill

Clarification for determining Heat Index/ Wind Chill in your zip code:

1. Log onto **AccuWeather.com** by using the association website, www.nysphsaa.org, we recommend saving this site to your computer or phone.
2. Once you have entered the zip code for your practice or contest site you will see the home page for the local forecast. DO NOT USE THE TEMPERATURE on this page.
3. Click onto **Hourly Forecast**, and you will be linked to a chart similar to the one below. Please use the current hour RealFeel temperature for your zip code to take the appropriate action for your practice or contest.

	Tue 3pm	4pm	5pm	6pm	7pm	8pm	9pm	Tue 10pm

If you have any questions or comments please feel free to contact the association office.
We thank you for all that you do for our student athletes.

WIND CHILL PROCEDURES

Administration of Wind Chill Procedures:

- Wind Chill will be checked 1 hour before the contest/practice by a certified athletic trainer, athletic director, or school designee when the air temperature is 39 degrees (Fahrenheit) or lower.
- The athletic trainer, athletic director, or school designee will use the accuweather.com website to determine the heat index for the area of the contest/practice. The accuweather.com website can be reached through the NYSPHSAA website. Once a person is on the accuweather.com website, they will put in the zip code for the location of the contest/practice and the website will give them the air temperature as well as the RealFeel temperature (wind chill).
- If the RealFeel temperature (wind chill) is 10 degrees or below, the athletic trainer, athletic director, or school designee must re-check the RealFeel (wind chill) at halftime or midway point of the contest. If the RealFeel (wind chill) temperature is -11 degrees (Fahrenheit) or lower, the contest will be suspended.

Please refer to the following chart to take the appropriate actions:

	RealFeel (wind chill) above 40 degrees	Full activity. No restrictions
R E C O M M E N D E D	Wind Chill Caution: RealFeel (wind chill) 36 degrees to 20 degrees	Stay adequately hydrated. Notify coaches of the threat of cold related illnesses. Have students and coaches dress in layers of clothing.
	Wind Chill Watch: RealFeel (wind chill) 19 degrees to 10 degrees	Stay adequately hydrated. Notify coaches of the threat of cold related illnesses. Have students and coaches dress in layers of clothing. Cover the head and neck to prevent heat loss.
	Wind Chill Warning: RealFeel (wind chill) 9 degrees to -10 degrees	Stay adequately hydrated. Notify coaches of the threat of cold related illnesses. Have students and coaches dress in layers of clothing. Cover the head and neck to prevent heat loss. Consider postponing practice to a time when RealFeel temp is much higher. Consider reducing the amount of time for an outdoor practice session.
REQUIRED	Wind Chill Alert: RealFeel (wind chill) -11 degrees or lower	No outside activity, practice or contest, should be held.

Special Note: Alpine Skiing will be exempt from this policy and will follow the regulations of the host ski center where the practice or event is being held.

NYSPHSAA
THUNDER & LIGHTNING POLICY

(Effective 10/25/04)
(Revised October 20, 2008)

Applies to regular season through NYSPHSAA Finals:

1) Thunder and lightning necessitates that contests be suspended. The occurrence of thunder and/or lightning is not subject to interpretation or discussion - thunder is thunder, lightning is lightning.

a) With your site administrator, set up a plan for shelter prior to the start of any contest.

2) When thunder is heard and/or when lightning is seen, the following procedures should be adhered to:

a) Suspend play and direct participants to go to shelter, a building normally occupied by the public or if a building is unavailable, participants should go inside a vehicle with a solid metal top (e.g. bus, van, car).

b) Do not permit people to stand under or near a tree; and have all stay away from poles, antennas, towers and underground watering systems.

c) After thunder and/or lightning have left the area, wait 30 minutes after the last boom is heard or strike is seen before resuming play or competition.

EMERGENCY ACTION PLAN: Required by NYSPHSAA and Section 8 for injuries or unforeseen emergencies. All FH coaches are to check with their AD and familiarize themselves with the plan/s. Plans will be in place for Final games.

Concussions: The Invisible Injury

Student and Parent Information Sheet

CONCUSSION DEFINITION

A concussion is a reaction by the brain to a jolt or force that can be transmitted to the head by an impact or blow occurring anywhere on the body. Essentially a concussion results from the brain moving back and forth or twisting rapidly inside the skull.

FACTS ABOUT CONCUSSIONS ACCORDING TO THE CENTER FOR DISEASE CONTROL (CDC)

- An estimated 4 million people under age 19 sustain a head injury annually. Of these approximately 52,000 die and 275,000 are hospitalized.
- An estimated 300,000 sports and recreation related concussions occur each year.
- Students who have had at least one concussion are at increased risk for another concussion.

In New York State in 2009, approximately 50,500 children under the age of 19 visited the emergency room for a traumatic brain injury and of those approximately 3,000 were hospitalized.

REQUIREMENTS OF SCHOOL DISTRICTS

Education:

- Each school coach, physical education teacher, nurse, and athletic trainer will have to complete an approved course on concussion management on a biennial basis, starting with the 2012-2013 school year.
 - * School coaches and physical education teachers must complete the CDC course.
(www.cdc.gov/concussion/HeadsUp/online_training.html)
 - * School nurses and certified athletic trainers must complete the concussion course. (<http://preventingconcussions.org>)

Information:

- Provide concussion management information and sign off with any parental permission form.
- The concussion management and awareness information or the State Education Department's web site must be made available on the school web site, if one exists.

Removal from athletics:

- Require the immediate removal from athletic activities of any pupil that has or is believed to have sustained a mild traumatic brain injury.
- No pupils will be allowed to resume athletic activity until they have been symptom free for 24 hours and have been evaluated by and received written and signed authorization from a licensed physician. For interscholastic athletics, clearance must come from the school medical director.
 - * Such authorization must be kept in the pupil's permanent health record.
 - * Schools shall follow directives issued by the pupil's treating physician.

SYMPTOMS

Symptoms of a concussion are the result of a temporary change in the brain's function. In most cases, the symptoms of a concussion generally resolve over a short period of time; however, in some cases, symptoms will last for weeks or longer. Children and adolescents are more susceptible to concussions and take longer than adults to recover.

It is imperative that any student who is suspected of having a concussion is removed from athletic activity (e.g. recess, PE class, sports) and remains out of such activities until evaluated and cleared to return to activity by a physician.

Symptoms include, but are not limited to:

- Decreased or absent memory of events prior to or immediately after the injury, or difficulty retaining new information
- Confusion or appears dazed
- Headache or head pressure
- Loss of consciousness
- Balance difficulties, dizziness, or clumsy movements
- Double or blurry vision
- Sensitivity to light and/or sound
- Nausea, vomiting and/or loss of appetite
- Irritability, sadness or other changes in personality
- Feeling sluggish, foggy or light-headed
- Concentration or focusing problems
- Drowsiness
- Fatigue and/or sleep issues – sleeping more or less than usual

Students who develop any of the following signs, or if signs and symptoms worsen, should be seen and evaluated immediately at the nearest hospital emergency room.

- Headaches that worsen
- Seizures
- Looks drowsy and/or cannot be awakened
- Repeated vomiting
- Slurred speech
- Unable to recognize people or places
- Weakness or numbing in arms or legs, facial drooping
- Unsteady gait
- Change in pupil size in one eye
- Significant irritability
- Any loss of consciousness
- Suspicion for skull fracture: blood draining from ear or clear fluid from the nose

SPORTSMANSHIP

The Association recognizes and appreciates that the influence and responsibility of the school administration with regard to good sportsmanship extends to all levels of competition. However, it must also be seen that the NYSPHSAA has been vested with the responsibility to ensure that all contests under its jurisdiction are conducted satisfactorily. This standard applies to all regular season and post schedule play.

a. Coach:

1. Any coach excluded by a certified official from an interschool competition for unsportsmanlike conduct, including taunting, is ineligible to coach any interschool competition in that sport until after the next previously scheduled contest at the same level (e.g. junior varsity, varsity, etc.) has been completed. In individual sports a multi-day contest is considered to be a contest. Disqualification from one season carries over to the next season of participation. The coach may not be present at the game site nor communicate in any manner during the contest with any person present at the site.

NOTE: "Not being physically present at the site" means the disqualified coach is not to be present in the locker room, on the sidelines, in the stands or site area before, during or after the game/meet. (see Taunting, p. 90, Next Previously Scheduled Contest, p. 89) Any coach that does not serve the penalty for violating the Sportsmanship Standard will be ineligible to participate in the next two regularly scheduled contests. If the coach continues to not serve the penalty, the matter will be referred to the Section for further action. If the coach is involved in the NYSPHSAA play-offs, the matter will be referred to the Executive Director of the NYSPHSAA.

Any coach:

1. Who receives a disqualification penalty in a sport shall not participate in the next regularly scheduled contest;
2. Who receives a second disqualification penalty in the same sport in the same season shall not participate in the next two regularly scheduled contests; and
3. Who receives a third disqualification penalty in the same sport in the same season will not be allowed to participate for the rest of the season. If the disqualification penalty takes place in the last contest of the season (regular season or post schedule play), the Section Athletic Council will assess the penalty carrying over into the next season of participation.

2. A coach who strikes, shoves, kicks or makes other physical contact with the intent to annoy, harass or intimidate another person (e.g. official, another coach, player, fan) shall be expelled immediately and banned from further participation or coaching in all sports for a period of time to be determined by the section not to exceed one year from the date of the offense.

b. Player:

1. Any member of a squad disqualified by a sport official for unsportsmanlike conduct, including taunting, or for a flagrant foul shall not participate in that sport in the next previously scheduled contest with a member school or in NYSPHSAA tournament play. In individual sports a multi-day contest is considered to be a contest. The contest in which the athlete was disqualified must count in the total maximum number of contests permitted. Disqualifications from one season carry over to the next season of participation. (see Taunting, p. 90, Next Previously Scheduled Contest, p. 89)

Any player:

1. Who receives a disqualification penalty in a sport shall not participate in the next regularly scheduled contest;
2. Who receives a second disqualification penalty in the same sport in the same season shall not participate in the next two regularly scheduled contests; and
3. Who receives a third disqualification penalty in the same sport in the same season will not be allowed to participate for the rest of the season. If the third ejection takes place in the last contest of the season (regular season or post schedule play), the Section Athletic Council will assess the penalty carrying over into the next season of participation.

2. Any member of the squad who strikes, shoves, kicks or makes other physical contact with the intent to annoy, harass or intimidate an official shall be expelled from the game immediately and banned from further participation in all sports for a period of time to be determined by the section not to exceed one year from the date of the offense. **NOTE:** Member of the squad includes player, manager, score keepers, timers, and statisticians.

c. Official:

1. Unprofessional conduct on the part of the official such as, but not limited to, taunting, baiting, use of profanity, shall be reported by a school administrator from the aggrieved school to the section executive director. A request will be made to the appropriate sport officials chapter to investigate the incidence and to report their action to the section in a timely manner.

OFFICIALS' RATING CARDS: SECTION VIII HAS A NEW WEBSITE

At the end of each game, Varsity Coaches are required to fill out a rating card for the officials...immediately following each game.

Once her penalty is served, she can go on to the field. If the yellow carded player is not involved in the overtime, the coach determines which player will sit out for the penalty and the team plays short until the penalty is completed *Ref NYSPHSAA FIELD HOCKEY MEETING Nov 21 2009*

NYSPHSAA as of January 2010

THESE GUIDELINES MUST BE USED FOR ALL NYSPHSAA FIELD HOCKEY SCRIMMAGES

The following is definition of a Field Hockey scrimmage has been approved and will appear in the 2010-2012 NYSPHSAA Handbook.

FIELD HOCKEY: A field hockey scrimmage must start with a sideline or 16 yard hit and includes ***one or more*** of the following:

1. A running clock and/or modified periods
2. Incorporate all or part of the Overtime Procedure into the scrimmage
3. Each team will take 5 offensive corners, playing until either a goal is scored; ball goes out of bounds or crosses the 25yd line.

5 GOAL DIFFERENTIAL RULE:

NYSPHAA FH policy: When a team is beating another team by 5 or more goals, **THE CLOCK WILL RUN AFTER GOALS.**

NOISEMAKERS: as per NYSPHSAA, noisemakers are not permitted at during any game or contest.

PRACTICE DAYS: # of PRACTICES PRIOR TO GAME:

TEAMS MAY NOT PRACTICE OR PLAY 7 DAYS IN A ROW—during regular season

SECTION 8 MAXIMUM NUMBER OF GAMES: 15

AFTER SCORING A GOAL: the player who scored is to carry or ***DRIBBLE*** the ball back to the 50 yd. line.

SECTION 8 FIELD HOCKEY OVERTIME----FOR REGULAR SEASON PLAY

(SAME AS 2021)

FOLLOW ALL OF THE NYS FH OT Pg. 17, 18 & 19---**EXCEPT: OMIT III (no second 10 min 7v7)**

- ☞ **ONLY USE 1 TEN MINUTE 7V7 OVERTIME PERIOD**
- ☞ **IF A TIE STILL REMAINS after 1 ten minute 7v7: GO DIRECTLY TO 1V1 SHOOTOUT**
- ☞ **ONE TIMEOUT IS ALLOWED DURING OVERTIME AS PER NYSPHSAA FH**

ALL OTHER NYSPHSAA FH OT RULES ARE IN EFFECT

SECTION VIII SCORE DIFFERENTIAL POLICY: When a field hockey score reaches a differential of 6, the coach and players of the team with the higher score will attempt to reduce the possibility of scoring additional goals. If the score becomes a differential of 7, the team should know it is time to work with the ball instead of shooting at the goal. Coaches must have a signal or plan ready to implement since there are no timeouts except for halftime. Game final score with a differential of 8 or more are to be reported to the coordinator and the Exec. Dir. (Each differential is sport specific)

TIMERS: When the official timer is in the booth, ***ANOTHER PERSON HAS TO TIME THE PENALTIES FROM THE TABLE.*** If the school does not have another person, TIME must be kept at the table.

HOME team is to provide the official timer and scorekeeper at the table.

If there is enough room at the table for social distancing, the visiting team may have a scorekeeper at the table.

EMERGENCY ACTION PLAN: Required by NYSPHSAA and Section 8 for injuries or unforeseen emergencies. All FH coaches are to check with their AD and familiarize themselves with the plan/s. Plans will be in place for Final games.

Field Hockey Rules Changes - 2022

By NFHS on February 17, 2022 [field hockey](#)

1-5-6: The change clarifies that hair adornments, such as beads, may be worn in the hair if they are secured and do not present a risk of injury to the player, teammates or opponents.

Rationale: Clarifies that hair adornments can be worn in the hair if they do not endanger other players as well as being more inclusive of participants' cultural and religious beliefs.

1-5, 1-6, 1-8 Penalties: Applies penalty to the athlete for illegal equipment after the game has begun.

Rationale: Once a coach has certified/verified that players are properly and legally equipped, the athletes should be held responsible for their uniform and equipment and therefore, the penalty should fall on the athlete, not the coach.

3-2-4: Uses consistent language with using the term 'free hit' only as a consequence of a foul.

Rationale: Clarifies the 25-yard hit is not a free hit as a consequence of a foul, even though it is taken just like a free hit.

3-3-11: Clarifies the definition of a sweep.

Rationale: Simplifies language to allow for use of either edge or the flat side of the stick on both the forehand and backhand when using the sweep. Guidelines of rule 8 already exist to address improper striking of the ball while utilizing the sweep.

4-1-3, 4-2-2e: Allows one, 90-second timeout to each team during the game.

Rationale: Time-out permits coaches to deliver a quick pep talk, refocus players, or change strategy.

10-Penalties 5: Clarifies the penalty language for the inserter not properly inserting the ball with at least one foot behind the endline.

Rationale: Provides procedures for the officials and penalty specifics when the inserter has both feet in the field of play.

11-2-3: Clarifies where players on either team not involved in the penalty stroke stand during the taking of the stroke

Rationale: Clarifies that players not involved in a penalty stroke need to be out of the sight line of the goalkeeper.

- Defensive corners during 7 v 7:
- Defense will be reduced to 4 players (3 plus goalie) behind end line
- The remaining defensive player goes behind the 50 yd line with the rest of the team.
- The attack remains the same.

III. ONLY USE III IN PLAYOFFS If a tie still exists after the first 10 minute overtime, the teams will play a second 10 minute

7 V 7 Sudden Victory overtime period.

- A coaching intermission, lasting 5 minutes, will be allowed prior to the start of the second OT period.
- Teams will change ends of the field, the team not having possession at the start of the first OT shall have possession to start the second OT.
- each team is allowed one time out.
- Rolling substitution are permitted.
- Defensive corners same as above.
- The attack remains the same.

IV. If the score remains tied at the end of the second 10 minute overtime period; a Shoot-out will take place.

A set of 5 alternating shoot outs take place in each series. A full set of 5 is played.

- Players from each team take a 1v1 shoot-out, alternately against the goalkeeper of the other team.
- Five (5) players per team will take the shoot-out in the sequence nominated and communicated by the team to the umpires on duty before the start of the shoot-out competition. The order of shoot-out must be indicated to the umpires at the coin toss.
- The umpires, in conjunction with the tournament committee will choose the goal to be used.
- Toss of coin: The **Visiting team** calls the toss. The team which wins the toss has the choice to take or defend the first shoot-out.

1. The team scoring or awarded the most goals is the winner and the competition ceases once an outright winner is determined. Winner is declared: when there is a clear winner and play is not necessary to finish the group of 5. ex: during the 1st group of five 1v1 scenarios, the score is 4-1, there is no need to play out the last two players.

PLAYERS AND COACHES—

- When not involved in play, the Goalkeeper may stand on the end line on the side of the goal closest to her team OR may stand behind the 25 yd line with the 5 players involved in the shootout.
 - Team members, and coaches not involved in the shootout, may stand on the field, behind the 30 yd. line, 5-10 yards from the sideline. One team on each side of the field.
 - PLAYERS should be ready for the next shootout, but not raced into the set up.
 - If the goalie is a shooter, she is considered a field player.
- A player who has been excluded permanently (red card) from the field of play during that same match, cannot take part in any shoot-out competition.
 - A team with a player who was carded during the shootout, must play short in the shootout period.

V. Shootout:

OFFICIALS:

- Lead and Trail officials will call the shootout.
- Lead official during regulation time will continue to be lead regardless of which goal is chosen.
- Table official will keep time.
- If Sectional games have a Certified *Table official*, the *Table official* will keep the time. If a Certified Official is not assigned to the table during Sectional games, the timer will turn her/his back to the field and start the 10 seconds with the official's whistle. The official time will be kept on the field.
- Officials should not feel they have to move the 1v1 along. Officials should scan both benches, allowing players and coaches a reasonable amount of time to set up for each shootout.

PROCEDURE:

- The goalkeeper starts on or behind the goal line between the posts.
- The ball is placed on the nearest 25 yd line opposite the center of the goal.
- The attacker stands outside the 25 yd line near the ball.
- The umpire blows the whistle to signal the start of the shootout; the attacker and the goalkeeper may then move in any direction.
- The shoot-out is completed under the following conditions:
 - **10** seconds has elapsed.
 - The attacker scores a goal.
 - The attacker commits a foul.
 - The goalkeeper commits an unintentional foul in which case the shoot-out is re-taken.
 - The goalkeeper commits an intentional foul, in which case a penalty stroke is awarded.
 - The ball goes out of play over the back-line or side-line; this includes the goalkeeper intentionally playing the ball over the back-line (not a foul). The ball simply going outside the circle a second time does not constitute the end of a shoot-out.

Replacement situations

- If a penalty stroke is awarded as specified above, it is taken by the two players involved in the shoot-out concerned, unless either of them is incapacitated or suspended. This penalty stroke will take place before the next available shoot-out takes place.
- If the replacement goalkeeper is a field player, that player is allowed reasonable time to put on protective equipment.
- If during a shoot-out competition, a defending goalkeeper is incapacitated, that goalkeeper may be replaced by

another goalkeeper.

- If during the shoot-out competition, an attacker is incapacitated, that attacker may be replaced by another player from the team unless suspended by the umpire prior to or during the shoot-out competition.

VI. **If a tie still exists after the first series of 5 shoot-out, a second series of 5 shoot-outs** will take place.

- Coaches may change the order and/or players before the start of the second shootout.
- A coaching intermission lasting 2 minutes, will be allowed prior to the start of the second shoot-out period.
- The coach must inform the umpires as to the order in which the nominated players take the shoot-out.
- The team who had taken the first shoot-out of the first series must defend the second series.

****If a tie still exists after a second series of 5 shootouts, Sudden Victory of 5 additional shoot-outs are taken. (Follow the same process criteria as above.)**

VII. **Misconduct:**

1. Each team will begin the first 7v7 overtime with seven players, one of which must be a Goalkeeper, (unless players were disqualified or have not completed a suspension during any previous playing period. Teams will play short during this time.)
2. Any player who has been disqualified (Red Carded) during regulation play is not eligible for the overtime period and the team will play short for the entire overtime.
3. A player suspended (Green/Yellow Carded) during regulation play, would be eligible at the completion of the suspension timeframe of the 7v7 periods. The team plays short until the suspension is completed.
4. At the beginning of the first round of 1v1shootout, a suspended player with time that is carried over into the 1v1 shootout round will be unable to participate in any future shootout rounds. **Teams will start the 1 v1 shootout with 5 players.**
5. If an Attack player is Green / Yellow carded **during** the shootout, that player may be replaced with an eligible shooter to participate in any future shoot outs. However the player carded will be unable to participate in any future shootout rounds. Any further player who is carded during the shootout will follow the same procedure.
6. If an Attack player is Red carded **during** the shootout, their team will only have 4 shooters participate in any future shootouts. The player carded will be unable to participate in any future shootout rounds. Any future shoot-out the player was entitled to take counts as no goal. The spot of the no goal in future shootouts will be determined by the carded player's coach.
7. If a goalie is carded **during** the shootout, she is replaced and is unable to participate in any future rounds. The replacement goalkeeper is allowed reasonable time to put on protective equipment. If the goalie is Red carded, she will be replaced and is unable to participate in any future rounds. An Attack player will be removed from the shootout series and her spot in future shootouts will count as a no goal. The spot of the no goal in future shootouts will be determined by the carded player's coach.
8. It is expected that the players and coaches will not enter the field of play until the official has signaled the end of the game or overtime. Failure to comply will be treated as misconduct.

NEWS RELEASE

High School Field Hockey Eyewear Rule Altered for 2020 Season

FOR IMMEDIATE RELEASE

Contact: Julie Cochran

INDIANAPOLIS, IN (August 8, 2022) — In response to longstanding concerns regarding the wearing of goggles in high school field hockey, the NFHS Board of Directors approved a change in the eyewear rule that will take effect with the upcoming 2020 season.

Rule 1-6-5 in the NFHS Field Hockey Rules Book, which currently states that “All field players shall wear eye protection that met the ASTM standard for field hockey (2713) at the time of manufacture,” will now state that “Goggles may be worn by all field hockey players.”

In addition to the current rule, an additional note was due to take effect in 2020 as follows: “Beginning in the 2020 fall season, all eye protection shall be permanently labeled with the ASTM 2713 standard for field hockey at the time of manufacture.”

Since goggles were mandated by the NFHS Board of Directors in 2011 with the intent to lessen the risk of catastrophic eye injuries, there have been a number of concerns that led to the current rule modification.

While there is a required ASTM standard for field hockey goggles, there is no NOCSAE standard, which is preferred as NOCSAE’s aim is to protect against worst case

High School Field Hockey Eyewear Rule Altered for 2020 Season

injury. The ASTM 2713 standard is not protective against a direct ball to the eye in testing. NOCSAE will not certify any facial/eye protection unless it is integrated into a helmet.

One of the ongoing concerns has been that ASTM-certified goggles are not available for all field players, notably those who wear corrective lenses. Since the current rule cannot be met by individuals with glasses, state associations have been issuing waivers for students with corrective lenses to allow participation.

Also, in addition to lack of available product to meet the rule, no significant research data has indicated that goggles have reduced the number of eye injuries, particularly those of a catastrophic nature.

Finally, while the mandatory eyewear rule was put into effect as a guard against eye injury, the wearing of goggles has created a higher risk concern regarding the penalty corner. Under the current eyewear rule, players cannot remove their goggles to wear full facemasks on penalty corners, which is the most dangerous play in the sport. Now, players can elect to wear corner masks.

The NFHS Sports Medicine Advisory Committee, which was in support of the action by the Board of Directors, noted that the ASTM standard that has been required does not eliminate the risk of injury for which the rule was established (loss of an eye).

“Given the fact that the previous rule that required goggles did not completely lessen the risk of catastrophic eye injuries, and that the product does not exist for players with corrective lenses, and that there is no NOCSAE standard for field hockey goggles, and that the wearing of goggles prevents players from wearing corner masks on penalty corners, the Board believed it was time to make the rule permissive in nature rather than mandatory,” said Julie Cochran, director of sports and liaison to the Field Hockey Rules Committee.

Although the rule has been changed to state that goggles **may** be worn, state associations, schools and parents can still elect to require the use of goggles.

Field Hockey

The NYSDOH has determined that field hockey is a moderate risk sport (limited ability to maintain physical distance and/or be done individually; limited ability to: (1) avoid touching of shared equipment, (2) clean and disinfect equipment between uses by different individuals, or (3) not use shared equipment at all).

General Considerations:

- No hugging, shaking hands, or fist bumps.
- Clean and disinfect frequently touched surfaces and exercise equipment including balls.
- Ball Retrievers should be placed on the opposite side of the team bench.
- Balls – Each player should bring their own ball or use the same school-issued ball during practice. Skill training, conditioning, agility, etc. can be done with the one player/one ball concept. Balls should be sanitized before and after each practice/game.
- Bench area may be extended to the 15 for teams with 30+ players. Coaches are still restricted to remain between the 45 and 25. There must still be 5 yards between the sideline and the bench area.

Pre and Post Game Ceremony:

- Establish field hockey specific social distancing game protocols including the elimination of handshakes before and after the match.
- Limit attendees to one official, the head coach from each team, and a single captain from each team.
- Move the location of the pregame conference to center of the field. All individuals should maintain a social distance of six feet during the conference.
- Suspend handshakes prior to and following the pregame conference.

Considerations for Officials:

- Bring personal hand sanitizer. Wash hands frequently.
- Do not share equipment.
