- All JV and Varsity matches will be played at the same site (double-headers).
- JV will be played first and will play a 3-set match. (All 3 sets will be played regardless of the outcome of the first 2 sets)
- Varsity matches remain the usual format.

1. Our goal is to have ability grouped conferences within each classification (DI & DII).
2. In order to achieve that goal, we are proposing 6 Conferences (3DI, 3DII).
3. We are proposing crossover play between all ability conferences.
4. All matches (besides non-league/tournament) must be played and will count toward playoff qualification. NOTE: If COVID quarantines remain an issue for 2022 missed games due to DOH quarantines will be preferably made up or, if not possible, be treated as “no contests” based on 2020 precedent.
5. Division I – 12 teams will qualify for playoffs, per Section policy.
Division II – 12 teams will qualify for playoffs, per Section policy.

TIE-BREAKING

The TOP finishers in each Division will be determined by:

- A. W-L% (match) in all matches-**ALL must be played to qualify**
- B. Head-to-Head Results (match) among tied teams
- C. Division record
- D. Head-to-Head Results (games) among tied teams

For seeding position only

- E. The number of wins against the teams who finished ahead in the Division
- F. Quality wins against playoff teams, one at a time beginning with the #1 seed
(ex. The team that beats the higher seed in fewer games gets the high seed)
- G. Quality losses against playoff teams, one at a time beginning with the #1 seed
(ex. The team that loses to the higher seed in more games gets the higher seed)
- H. W-L % (games) all games

For last playoff spot only

A play-in game will be played at the home school of the team seeded higher based on E-H.

If more than 2 teams tied, then matches will be best of 3 at the higher seed based on E-H.

LOP-SIDED SCORE POLICY

A lop-sided score will consist of any match where:

1. The match result must be 3-0
2. Each game within the match must have been won by a margin of 20 or more points
3. The coach of the losing team must perceive that the winning coach made no effort to mitigate the lopsided outcome.

Procedures:

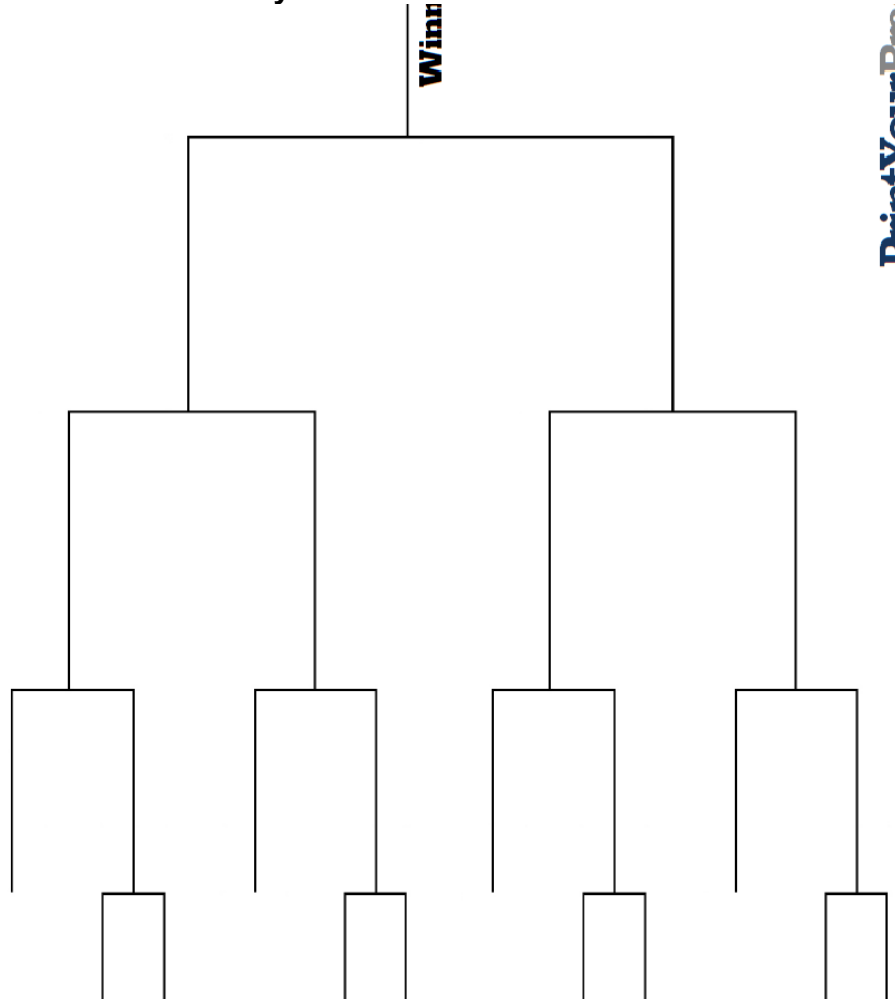

1. The losing coach, if perceiving no attempt to mitigate the lopsided outcome, must report the incident to: Their Athletics Director, the opponent Athletics Director, the Sport Coordinator, the Coaches Association President and the Section 8 Executive Director. The losing coach will be responsible for submitting a written explanation substantiating their belief that there was either no attempt or an inadequate attempt to mitigate the lopsided outcome.
2. The first reported incident of a lopsided outcome will be communicated by the Sport Coordinator to the winning team's Athletics Director who will address the concern internally using their best judgment and will be expected to communicate that outcome to all listed above in #1.
3. A second reported incident involving a coach will be communicated to all of the listed above in #1, but the details involved will be addressed by a committee of: the Sport Coordinator, the Coaches Association President, at least 3 Division Coordinators/Representatives. This committee will consider evidence (scorebooks, video, written/verbal reports from both coaches and officials) to determine if an adequate attempt was made to mitigate the lopsided score. A written communication of those findings will be sent to the Athletics Director and Principals of both teams involved. The Athletics Director of the winning team will report back to the committee the further steps, additional to and/or above and beyond those taken following the first incident, taken to address the concern internally.
4. A third reported incident involving a coach will be referred to the Section 8 Ethics Committee.
5. These procedures will apply only to contests played during the League Schedule, will not include tournament play or the post-season and will not carry over from year to year.

Prolonged Interruption Policy

If circumstances delay the completion of a match (bad weather, equipment failure, etc.), the results at the time of the interruption will remain the same, and the match resumes under the same conditions, if possible. The score at the time of interruption, results of completed sets, etc., are retained. A conference may opt to establish rules to cover situations in which a prolonged interruption prevents a match from being concluded and still consider the match a completed contest. If no such action is taken by the conference, the result is recorded as a no-contest for both teams.
