Dear Coaches,

The "Section VIII Girls' Lacrosse Handbook" is a valuable resource for coaches. The handbook contains vital information that will guide you through your season. You will find rules, regulations and important dates including playoff information. Please take the time to read the handbook thoroughly. Feel free to contact me if you have any questions or concerns.

Although things continue to change and things are uncertain, we are a positive and important part of our student athlete's day!

Once again, let each of us represent our school, communities, and county with the highest level of integrity and character. Compete with dignity and class while maintaining the utmost level of respect for our opponents. All of our student-athletes matter, let healthy competition bring out the best in all of us as we demonstrate day in and day out the synergy that is created through participation in athletics that is the platform for the development of life skills our student athletes will rely on forever. Let good sportsmanship always prevail.

The journey you and your team experience will be a result of countless hours of practice, scouting and gameplay that will provide your team with life lessons that exceed the playing field. The events you encounter, impacted by how one responds will impact the outcome. Be the leader your team will need to navigate the highs/lows of a season that will ultimately define your program's success.

On behalf of the Girls' Lacrosse Committee, I wish you the very best this upcoming season and look forward to being a part of the many successes both on and off the field regarding girls' lacrosse in Nassau County.

Sincerely,

Alyssa Kildare

Latest Rules Updates from the NFHS (updated July 2022):

**2-4-4a:** Eliminates the requirement to apply pressure to the ball in the pocket during crosse inspection.

**Rationale:** Ensures the method of checking pocket depth is done in a consistent manner by all officials.

**5-2-5d:** Players may not step on or over the restraining lines after the official's hand is in contact with the sticks at the draw until the restraining line is released regardless of number of players between the restraining lines.

**Rationale:** Assists with game management during the draw.

**5-4-1:** Allows a player that is fouled outside the critical scoring area to take the free position and self-start within 4-meters of the spot of the foul.

**Rationale:** Improves pace of the game by allowing self-starts to occur within 4-meters of the spot of the foul rather than within playing distance.

**5-4-5c; 9-1a, b and e-r PENALTIES 2; 10-1 PENALTIES 2:** Allows the defensive player awarded a free position to self-start when there is a foul by an attack player within the critical scoring area unless the game clock is stopped.

**Rationale:** Improves pace of the game.

**5-5-1f:** Eliminates alternate possession for offsetting fouls when one of the fouls requires the issuance of a card.

**Rationale:** Creates a more appropriate penalty assessment by awarding possession to the team that was not issued a card.

**7-1-2c:** Allows the goalkeeper to carry the ball into the goal circle after it has been cleared and played.

**Rationale:** Allows another option for the goalkeeper to return to the goal circle with the ball.

**10-1y PENALTIES:** Moves administration of a free position for a three-second violation from the spot of the ball to the 12-meter fan when the ball is outside the critical scoring area and above the goal line extended.

ATHLETIC ASSOCIATION  
SECTION VIII of NYSPHSAA, INC.  
SECTION VIII SPORTSMANSHIP POLICY**

**Recognition**

The High School Association of Section VIII established a Sportsmanship Committee to function under the auspices of the Athletic Council, in order to monitor, to report to school districts and to take action related to incidents of unsportsmanlike conduct and/or flagrant misconduct.

**Purpose**

The purpose of this action is to take a positive step in an effort to control disruptive behavior at all Section VIII events.

**A. What is to be reported (from arrival to departure):**

1. A Player - who is ejected from a contest for flagrant misconduct and/or a derogatory gesture
  2. A Spectator - who acts in a disruptive and/or abusive manner.
  3. A Coach - who conducts himself/herself in an unsportsmanlike manner.
  4. An Official - who demonstrates unsportsmanlike conduct.
  5. A School - that permits spectators to conduct themselves in an abusive, disruptive or harassing manner.
- This also includes schools that do not provide adequate supervision at home or as a visitor to control their spectators.

**B. Responsibility for reporting Unsportsmanlike Behavior Report:**

1. ***Coaches - must report all incidents to their respective athletic directors, even if only one team/player was cited for misconduct.***
2. ***Athletic Directors - must file reports with the Executive Director within 24 hours of any incident of unsportsmanlike behavior.***
3. ***Officials - must file reports with the Executive Director within 24 hours of any incident of unsportsmanlike behavior.***

**C. Reporting Procedure**

1. All disruptive incidents are to be reported by the coaches to their respective athletic directors immediately following the contest.
2. The Athletic Directors of both teams involved (even if only one had received a penalty for the misconduct) are to file reports with the Office of the Executive Director as soon as possible, but no later than the morning following the contest/incident.
3. The Officials assigned to the contest are to file a report with the Office of the Executive Director as soon as possible, but no later than the morning following the contest/incident.
4. The Executive Director will forward copies of all reports to the Sportsmanship Committee Chairperson and Sports Coordinators.

**D. Committee Actions:**

1. All member schools, and all individuals representing these member schools who are involved in unsportsmanlike conduct are subject to actions deemed appropriate by the Sportsmanship Committee.
2. The Sportsmanship Committee may recommend action in instances of unsportsmanlike conduct and is authorized to recommend penalties which may include, but are not limited to: Censure, Reprimand, Suspension, Loss of Eligibility, or any other actions that are deemed appropriate by the Sportsmanship Committee.
3. All recommendations of the Sportsmanship Committee will be filed with the Office of the Executive Director and forwarded to the Athletic Director(s) of the school(s) involved.
4. All actions of the Sportsmanship Committee are subject to review by the respective Athletic Director(s) for the possible imposition of further disciplinary action.
5. Copies of all reports of the Sportsmanship Committee shall be kept on file with the Sportsmanship Chairperson, the Executive Director, and the Sports Coordinator.

**E. Penalties:**

1. Player Expulsion: Any player who commits a serious violation of game rules or takes part in flagrant misconduct during play shall be subject to ejection from the contest and disciplinary action. Ejection from a contest for violation of sportsmanship rules carries with it a mandatory additional one game suspension from the next regularly scheduled contest, including post-season play. Disqualifications from one season will carry over to the player's next season of participation where necessary. Any player suspended from participation may not be on site or involved in any capacity (spectator, time keeper, score keeper, etc.) on the day of the suspension. Failure to comply with this aspect of the suspension could result in additional sanctions being levied against the coach and/or team.
2. Second Occurrence of Misconduct: Any person (coach, player, spectator, school official, etc.) who is ejected from a second contest for an unsportsmanlike infraction shall prompt the Sportsmanship Committee to review the matter which may lead to severe disciplinary action including suspension of participation privileges for the remainder of the season. Such disciplinary action could carry over into subsequent sports seasons as part of the penalty. Additional terms and conditions may also be recommended by the Sportsmanship Committee before a review or a bid for reinstatement is reviewed by the committee.
3. Intentional Physical Contact by a Player: Any player who strikes, shoves, kicks, or makes other physical contact, with the intent to do so and/or results in intentionally inflicted physical harm to another person, (an official, another player, a spectator, coach, school district employee or supervisor, etc.) shall be ejected from the contest immediately. The incident must be reported to the Sportsmanship Committee which is empowered to review any such case of unsportsmanlike behavior and which can levy penalties which may include but are not limited to: Censure, Reprimand, Suspension, Loss of Eligibility, or another action that is deemed appropriate by the committee.
4. Team Member/Non-Participant - Pre- or Post-Game Misconduct: Any player, coach, or spectator who commits a serious violation of sportsmanship rules or takes part in flagrant misconduct as a non-participant prior to the start of the contest will be excluded from play in and/or subject to removal from the site of the contest. Any player, coach, or spectator who commits a serious violation of the sportsmanship rules or takes part in flagrant misconduct as a non-participant after the contest has been concluded (post-game) will be suspended from participation in or attendance at the next regularly scheduled contest including post-season.
5. Spectators: Any spectator who acts in a disruptive or abusive manner may cause the game to be suspended until the situation is resolved or the spectator removed. A letter from the Sportsmanship Committee may be sent to the appropriate Athletic Director(s), Building Principal(s), and Superintendent(s). Continued incidents of disruptive behavior may result in additional disciplinary action by the Sportsmanship Committee.
6. Coaches:  
A coach who conducts herself/himself in an unsportsmanlike manner will be reported to the Sportsmanship Committee and subject to local disciplinary action. A coach who is ejected from a contest will be suspended from the next regularly scheduled contest. Any coach ejected from a contest for unsportsmanlike conduct will be excluded from the next regularly scheduled contest (including post-season contests). Such disqualification and subsequent suspension penalty will carry over from one season to the next season in which the involved coach is serving as a coach, regardless of the sport or level. During any such suspension, the suspended coach may not be present in any capacity (supervisor, spectator, faculty member, etc.) on the day of the suspension. Failure to comply with this aspect of the suspension could result in additional sanctions being levied against the coach and/or team
7. Intentional Physical Contact: Any coach who strikes, shoves, kicks, or makes other physical contact, with the intent to do so, to another person (e.g., an official, another coach, player, fan) shall be expelled from the game immediately and banned from further coaching in all sports for a period of time to be determined by the Athletic Council.
8. Officials: An official who demonstrates unsportsmanlike conduct will be reported to the Sportsmanship Committee. The Sportsmanship Committee may request disciplinary action to be taken against the official via communication with the official's governing body.

9. Taunting: Taunting includes, but is not limited to, any actions or comments by coaches, players, or spectators which are intended to bait, anger, embarrass, ridicule or demean other players, coaches, or game officials. Included in this is conduct that berates, needles, intimidates or threatens based on gender, ethnic origin or background and conduct that attacks religious beliefs, size, economic status, speech family, special needs, or personal matters. Examples of taunting that would lead to ejection include, but are not limited to, physical and verbal intimidation outside the spirit of the game (“trash talking”), reference to sexual orientation, “in-the-face confrontation” by the one player to another, standing over, straddling a tackled or fallen player, etc. See NYSPHSAA Handbook #27 (page 72) Section on Sportsmanship.
  
10. Bench Clearing: If an altercation occurs during a contest and members of either team leave their bench or sideline area or playing positions, and go onto the field/court/participation area, they will be immediately ejected from the contest for unsportsmanlike behavior.

#### F. Due Process

1. Students, coaches, and schools have the right to be heard by the Sportsmanship Committee. This right must be claimed within 24 hours of the incident occurring and must be made to the Office of the Executive Director of Section VIII. All actions of the Sportsmanship Committee are subject to review and appeal. Any such appeal may eventually be made to the Section VIII Athletic Council.

### **SECTION VIII OUT OF SPORTS SEASON ATHLETIC PARTICIPATION POLICY**

**In order to protect all eligible student-athletes from exploitation and coercion, the following principles should be adhered to:**

- We, all member districts, do not limit individual students' opportunities to participate in other sports and athletic experiences.
- We do not exert pressure on student athletes to participate in an athletic activity outside of any sport season (as defined by the Section).
- We support and preserve the integrity of each interscholastic sports program by enforcing these principles.
- We insure that the spirit and intent of this policy be understood and adhered to by all members of the Section.

**To that end, the following guidelines will be in force replacing the former "Camp and Recreation Rule":**

- Section VIII members will conduct programs which are recreational in nature as defined by this regulation. Intramurals, strength and conditioning programs, and recreation programs which are **open to all students** are permitted.
- During any approved activity **individual sport skills** may be taught to students.
- The same opportunity for instruction and personal improvement must be available to all students participating in the activity.
- **Team strategy and roster specific workouts limited to members of an athletic team are prohibited.**
- Recreational activities must be open and publicized to all eligible bona fide students.
- During the summer, Section VIII members may conduct leagues, camps, clinics, and similar activities at their facilities.
- Members shall observe the starting and ending dates of each sports season as set by the Section annually.

It is also the spirit of this rule that we encourage, enable, and permit athletes to participate in more than one sport during the course of the year. Students should not be coerced to participate in other activities organized during a specified sports season to maintain good standing in an out of season sport. It is the responsibility of the local athletic administrator to regulate, monitor, and require compliance with the tenets of this rule for it to be effectively observed.

All who are concerned with the proper conduct and with the intent and spirit of any interscholastic sport are obligated to report any violation or perceived violation to the Ethics Committee through the Executive Director's office. All violations will be adjudicated by the Ethics Committee which could result in forfeiture of eligibility and/or sanctions of the students, teams, coaches, or schools involved.

It is recommended that this policy and standard be made available to all students, parents, coaches and other school personnel concerned with the conduct of our interscholastic programs.

**TRANSFER REGULATION**

a. A student in grades 9-12 who transfers, with a corresponding change in residence of his/her parents (or other persons with whom the student has resided for at least six months) shall become eligible after starting regular attendance in the second school. A residence change must involve a move from one school district to another. Furthermore, when a student moves from public school district to another public school district for athletic eligibility the student must enroll in the public school district or in a private school within that district's boundaries of his/her parent's residency. For athletic eligibility, a residency is changed when one is abandoned by the immediate family and another residency is established through action and intent. Residency requires one's physical presence as an inhabitant and the intent to remain indefinitely. The Superintendent, or designee, will determine if the student has met district residency requirements.

b. A student who transfers without a corresponding change in residence of his/her parents (or other persons with whom the student has resided for at least six months prior) is ineligible to participate in any interscholastic athletic contest in a particular sport for a period of one (1) year if as a 9-12 student participated in that sport during the one (1) year period immediately preceding his/her transfer. Students who transfer from any school to the public school district of the residence of his/her parents (or other persons whom the student has resided for at least six months) or a private school within that district's boundaries shall receive a waiver from the Transfer Rule. Such a transfer without penalty will only be permitted once in a high school career. **Schools must submit the required transfer form to the Section office. Athletes are not permitted to practice before the form has been submitted. Athletes are not permitted to compete without approval.** **NOTE:** A student in a foreign exchange program listed by CSIET has a one-year waiver of the Transfer Rule. If such a student elects to stay a second year he/she becomes a foreign student at the start of the school year with item (b) in effect.

**Exemptions to (b):** For athletic eligibility a student must enroll in the public school district or in a nonpublic school within that district's boundaries of his/her parent's residency.

**Note:** Multiple High School Districts - The policies/boundaries of the school district will be followed. If the district has an open enrollment policy, the interpretation to be used will be the same as used for students of K-8 school districts. When a student enrolls in 9th grade, that is the district (building) of their residence. Any subsequent transfer would be subject to the Transfer Rule.

1. The student reaches the age of majority and established residency in a district and can substantiate that they are independent and self-supporting.
2. If a private or parochial school ceases to operate a student may transfer to another private or parochial school of his/her choice. Otherwise, a student must enroll in the public school district of his/her parents' residency.
3. A student who is a ward of the court or state and is placed in a district by court order. Guardianship does not fulfill this requirement.
4. A student from divorced or "legally" separated parents who moves into a new school district with one of the aforementioned parents. Such a transfer is allowed once every six months. The legal separation agreement must address custody, child support, spouses support and distribution of assets and be filed with the County Clerk or issued by a Judge.
5. A student who is declared homeless by the superintendent pursuant to Commissioner's Regulation 100.2.
6. A student of a military employee who is transferred to an active military base may enroll in the non-public school closest to their residence and maintain eligibility if the student enrolls in a non-public school immediately following the change in residence.

**NOTE: It is provided, however, that each school shall have the opportunity to petition the section involved to approve transfer without penalty based on an undue hardship for the student. Educational Waivers will not be considered as an undue hardship effective for the 2015-2016 school year.**

c. Transfer students trying out for sports before school opens in the fall shall register and be accepted by the principal of that school before the medical examination and the first practice. This shall constitute the start of the regular attendance for falls sports.

**NOTE:** After approval by the school medical officer a student may practice immediately and must satisfy the specific sports standard according to the number of practice sessions.

d. Practices at the previous school may be counted toward the minimum number of practices required provided the principal or athletic director of the previous school submits, in writing, the number and dates of such practices to the principal or athletic director of the new school.

**Transfer Appeal Guidelines:**

**Financial** – Appeals require documented proof of a significant loss of income or a significant increase in expenses.

- Written description outlining the circumstances that led to the financial hardship
- Appropriate documentation may include:
  - Evidence of loss income or change in financial obligation that are not self imposed.
  - Family W2 forms – pay stubs
  - Notarized statement from parent
  - Statement from employer or professional with knowledge of circumstances
  - Most recent tax returns – two years

**Health and Safety** – Appeals are considered for safety, mental health, personal relationships and other similar circumstances.

- Written documentation is required from the Superintendent of Schools or HS Principal of the sending school indicating the specific circumstances which necessitated the transfer.
- Supporting documentation from a third party outside of the school may be submitted (ex. police report)

**Additional Information/Reminders:**

Officials are going to be tough to secure. Please be supportive and patient with our new officials this year. It is important that we keep these officials in the game, so the official pool continues to grow!

If a game needs to be rescheduled, please note that it still goes to the next available day. For weekend games, make sure to get contact information from your school on contacts from opposing schools and officials in case it gets canceled. It is your responsibility to contact all parties.
