(507) 765-3809 Ext. 402  
Fax: (507) 765-2367

Dear Parent/Guardian,

The Minnesota State High School League provides all its member schools and their students with a free Concussion Insurance Program which is specifically developed to insure student participants from the high cost of concussion treatment and neurological follow-up. The injury must be sustained while the student is participating in an MSHSL covered event. All students are eligible for coverage in grades 7 through 12, participating in activities, practice or play of sports, at the Varsity, Junior Varsity, B-Squad, and Sophomore level sponsored by the MSHSL. The policy limit is \$25,000 per injury medical maximum. Coverage is secondary/excess to any other valid and collectible insurance carried by the parent/guardian.

The new program intends to assure that all eligible students in MSHSL member schools receive prompt and professional attention for head injury events. Accident medical deductibles and co-pays left unpaid by other insurance policies are reimbursed under this program to the limits of the policy.

If you have a need to make claim under this new insurance program, please contact Mr. Chris Mensink, Athletic Director, or phone (509)765-3809 Ext 1102.

Sincerely,

Mr. Chris Mensink, Athletic Director  
Fillmore Central High School
