Dear Parent/Guardian:

The school district does not provide any type of health or accident insurance for injuries incurred by your child at school; however, accident insurance coverage is available through **Student Assurance Services, Inc.** This plan will provide benefits for medical expenses incurred because of an accident. If you have other insurance, the benefits will be applied to your deductible or co-pay. If you have no other insurance, this will become your primary accident plan.

If your child is planning to participate in any sport this year, you must either purchase the school coverage or sign the waiver below stating you have your own insurance coverage. **We must have one or the other on file before your child will be allowed to participate.** Please read the information in the brochure and either return the application form with your check for the premium; or return the completed Parental Insurance Waiver below.

Thank you.
