About Newton Country Day School of the Sacred Heart

Location: Newton, Massachusetts

Mission Statement:

Newton Country Day educates young women to assume leadership positions. Founded in 1880, Newton Country Day, a member of the international Network of Sacred Heart Schools, is an independent, college preparatory school for highly motivated girls who wish to pursue a serious course of study.

Newton Country Day School's culture and identity are bound inextricably to the vision set forth in the Goals of Sacred Heart Schools. They awaken and spur our faith, intellect, social action, community building, and personal growth. Whether planning a community service project, tackling an academic challenge, or supporting one another, Newton students and faculty frame their choices and actions in accordance with the Five Goals. When faced with challenges, they give us the language and focus to understand and prevail.
