1. Add your student's cell phone
2. Add additional phone numbers you want to receive notifications on
3. Add additional e-mail addresses you want to receive notifications on
4. Opt-in/opt-out of getting messages to all of the above

Please be sure to use the primary e-mail address on file with the school your child attends to sign in and create your self-update account the first time. KASD Employees - be sure to use your @kasd.net address if you have one.

If you don't know or can't remember the e-mail address you have on file as your primary contact, please call the school your child attends to update/correct that information. It will take 48 hours for the system to sync up after the correction is made with the office.
