

One Call Now Alert System

How to access the Self-Update Portal

The OneCallNow Alert system is populated with contact information from the school's student information system. As a parent, you may log in to the Self-Update Portal and edit how your phone numbers and email addresses are contacted. You can add additional email addresses and phone numbers for yourself (a cell phone or alternate email for example), or someone else's contact information (a grandparent, aunt or uncle, or student for example). Changes you make in the Self-Update Portal are not applied to the school's student information system—only to the OneCallNow Alert system. If your phone number or email address are wrong, contact the school office to have them corrected.

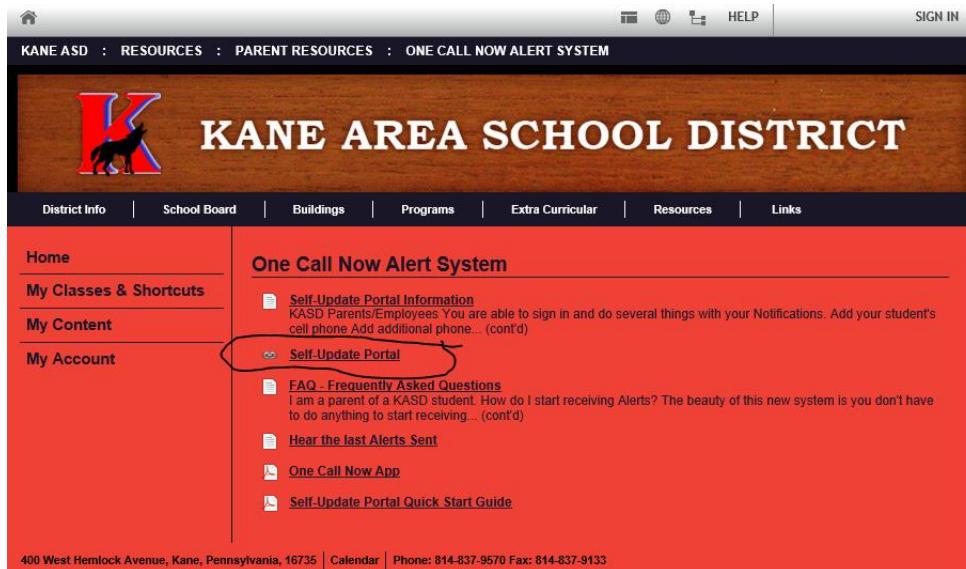

When alerts are sent out using the system, they are sent to the fewest contacts possible for that event. This is not always as small of a group as we would like, but the system has its limits! This system will be used for school closures during the winter as well as any true emergency that may arise. So be cautious about opting out of messages!

If you have previously signed in to OneCallNow Self-Update Portal, the Web address is:

<https://www.mycallnow.com>

The first time in, you must use the link on Kane Area School Districts web page:

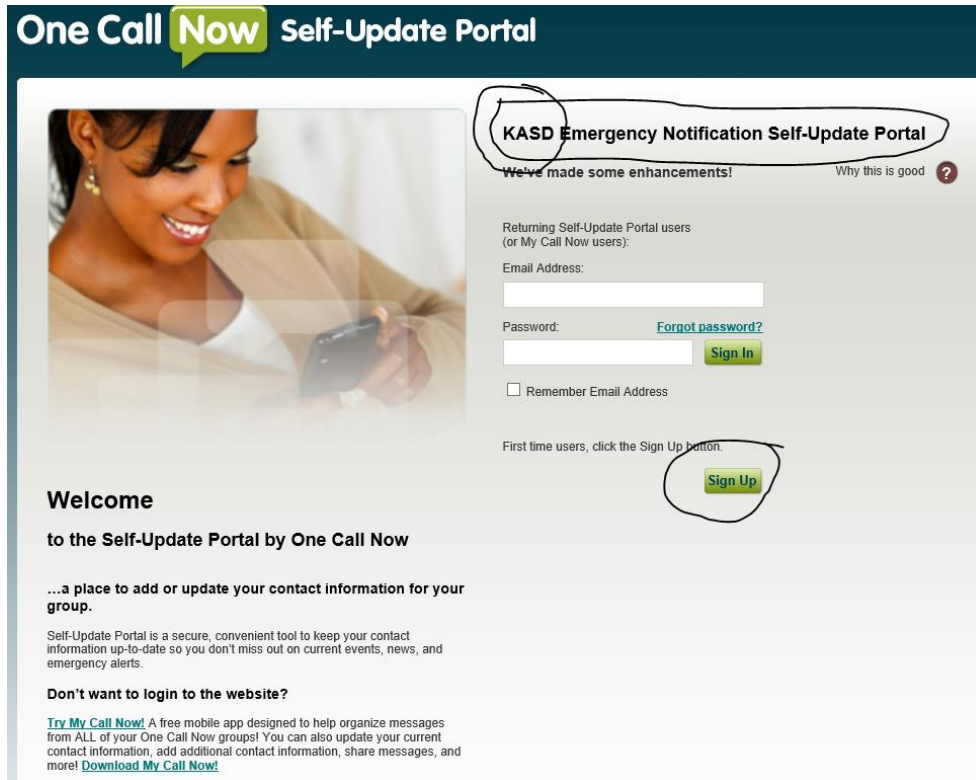

- Go to: www.kasd.net
- Click on Resources, Parent Resources, OneCallNow Alert System, Self-Update Portal

By providing the requested information and hitting Save, you are consenting in writing to receive, at the provided telephone number, pre-recorded messages from or on behalf of Kane Area School District, regardless if such phone number is or becomes part of any State or Federal "Do Not Call" list. You acknowledge that the information you provide is accurate and your own. If you do not consent to receiving these pre-recorded messages, you must not submit your information. You can opt out of receiving messages at any time by visiting our website: <https://www.onecallnow.com/corporate/opt-out>

Save **Cancel**

Clicking the Save button will send an email with instructions on completing your Profile.

One Call Now Alert System

How to access the Self-Update Portal

- The information you enter on the screen above must be what is in the KASD student information system. If it is correct, your portal login is created. If not, please contact the school office to correct this information.
- On return visits to the portal you can enter your email address and password for access.
- Once you have logged in, you will see the numbers and email addresses that are on-file for you. These numbers and email addresses are directly from the school's student information system eSchoolData. If the information is incorrect, please contact the school office to have it corrected.

The screenshot shows the 'One Call Now Self-Update Portal' interface. At the top, there's a header with the logo and title. Below the header, the main content area is titled 'Self-Update Portal'. On the right, there's a 'My Settings' dropdown menu. The main section is for updating contact information. It includes a dropdown for 'Update your contact information for:' set to 'Kane Area School District', with address details: '400 W. Hemlock Ave, Kane, PA 16735' and the website 'www.kasd.net'. There's a 'Search' button for finding other groups to join. Below this, it shows 'Contact information currently in use for: Candalar Mark'. There are two tables: one for phone numbers and one for email addresses. Each table has columns for 'Edit', 'Phone Number' or 'Email Address', 'Main Contact', 'Status', 'Receive Texts', and 'Verified'. The phone number table has three rows, and the email address table has two rows. At the bottom, there's an 'Add' button for adding more contact information. A note at the bottom explains that the information provided will update contact info in the One Call Now system, pending approval, and that the system respects privacy. A 'Logout' button is in the bottom right corner.

Note: The information you provide on this page will update your contact information in the One Call Now system, pending approval by this organization. It may or may not be used by the organization to update their own records. One Call Now respects your privacy and will not share this information with anyone except for the organization for which you are updating your contact information. For more information, please read our [Privacy Policy](#).

[Logout](#)

- You may edit any of the entries to change how they are contacted.
- You may add additional email addresses or phone numbers by clicking on the Add button.
- Any additional contacts that you add will be contacted for verification—if you add a phone number, the number entered will receive a call to verify that it is the correct number. The same goes for texting and email.
- The add process is not complete until after a contact is verified. So if you are adding a phone number, you may want to be near the phone when you add it so you can verify it promptly.
