Mandated Screenings

PA State laws require that students have certain screenings on file at school:

- **PHYSICAL EXAM:** Required prior to entering Kindergarten, 6th grade and 11th grade
- **DENTAL EXAM:** Required in Kdg, 3rd grade and 7th grade
- **HEARING SCREEN:** Grades K, 1, 2, 3, 7 and 11 (provided by Certified School Nurse)
- **VISION SCREEN:** Grades K-12 (provided by Certified School Nurse)
- **GROWTH SCREEN:** Grades K-12 (provided by Certified School Nurse)
- **SCOLIOSIS:** Grades 6 & 7

If your child fails any of the screenings provided by the school, you are notified by a referral letter asking you to make an appointment for your child to be seen by a doctor, eye doctor, or dentist.

Please provide a copy of any physical, dental or vision exams to your school nurse to be placed in your child's health file.

KASD does have a school physician who is scheduled annually to complete mandated physical exams.

The Mobile Dentist is available to students in grades K-8 and this exam at school will count as your child's mandated dental exam.
