Emergency Shelter

The Emergency Shelter is designed for children and adolescents in crisis who require immediate out-of-home placement. Featuring 24-hour awake supervision, video surveillance, and delayed-lock alarmed doors, this 10-bed facility also has on-site laundry, food service, two classrooms and a gymnasium.

Alternative Education/Intensive Treatment Program

Beacon Light operates multiple privately licensed alternative education classrooms for school age children, designed to provide additional support to students with special needs, or those unable to participate in a regular education classroom due to mental health or behavioral concerns. Autistic support, life skills, and special education are among the many customized educational settings available. The Intensive Treatment Program (ITP) provides students with additional therapeutic support at the end of the academic day. Group and individual therapy are designed to address mental health and behavioral needs.

Outpatient Mental Health

Outpatient mental health services provide professional counseling to children and adults with a variety of mental health concerns. Master's and PhD level clinicians provide individual, family, group, and couples' counseling, as well as psychiatric and psychological testing and evaluation. Consultation is also available regarding probation, dependency and geriatric issues.

McKean County Resource Directory

Residential Treatment

Residential Treatment is for children and adolescents age 7-18 who require out-of-home placement for behavioral health issues. Eight group homes throughout the Bradford community provide 24-hour awake supervision in a structured yet caring setting. Residents receive both individual and family counseling on a weekly basis. Beacon Light also provides specialized residential treatment for youth identified with juvenile sexual offending behaviors.

Community Based Wraparound

Community Based Wraparound services are designed to provide support to children and adolescents age 2 to 21 in a natural setting in the home, school and community, and supported by the child's family, services work to transfer necessary skills to caretakers and children.

Treatment Foster Care

Treatment Foster Care is designed for individuals who are not yet ready to return home from care, but who do not require the level of intense treatment provided in an RTF. Children age 2-21 reside in natural homes with trained foster parents who provide support and care. Clients meet with Master's level staff on a weekly basis for support of mental health and behavioral issues. Specialized Foster Care for individuals with a history of sexual offense is also available.

Eligibility: Inpatient/Outpatient criteria

1-800-446-2583

Targeted age group (s): 14 and up for inpatient; 18 and up for all other programs

- **General Psychiatric Unit** (Inpatient): an inpatient psychiatric unit that provides short-term psychiatric services. A treatment team determines therapy modes according to client needs. Admission criteria includes psychosis, suicidal ideations/behavior, voluntary/involuntary admissions, and depression with extreme social isolation and withdrawal.
- **M.I.C.A. Unit** (Mentally Ill Chemically Addicted – Inpatient): a unit for adults who are dually diagnosed with psychiatric and substance abuse problems. Clients receive comprehensive, integrated inpatient therapy from a multidisciplinary treatment team, including individual, group and family therapy where aftercare planning and referral involvement are key components.
- **Alcohol Detoxification Unit** (Inpatient): A managed approach to alcohol withdrawal that is most often the initial step in treating chemical dependency. This program is designed for individuals who require medical detoxification from alcohol and those who exhibit moderate to severe intoxication with impending withdrawal.
- **Short Term Adult Recovery Program** (S.T.A.R. Program): An acute partial hospitalization program that provides day treatment designed to treat and stabilize individuals with acute mental illnesses before their behavioral consequences become severe and unmanageable.
- **Intensive Outpatient Program** (I.O.P. – Outpatient): An outpatient program designed to treat and stabilize individuals with drug and/or alcohol problems before their consequences become severe and unmanageable. The program involves structured group, individual and family therapy to assist the individual in achieving optimal involvement in their community.
- **Electroconvulsive Therapy** (E.C.T. Therapy): administered by an experienced team of medical personnel to treat severe depression and other mental illnesses. ECT helps clients who cannot use or do not respond to medication or psychotherapy.
- **Tobacco Cessation Program**: An individualized treatment opportunity to help overcome the normal cravings associated with nicotine withdrawal.
- **Substance Abuse Professional Services**: Offers an evaluation to individuals who have violated Department of Transportation (DOT) drug and alcohol regulations as well as non-DOT employees. The service facilitates the placement of an employee into an appropriate treatment or educational program.

McKean County Resource Directory

Frequently Called Numbers

[illegible]

Thank you to the McKean County Collaborative Board and the many volunteers who completed this directory. It is anticipated that an updated Resource Directory will be issued every two to three years. The directory was prepared with the best information available. Although we cannot assume any liability for errors, omissions or misrepresented services, we urge you to email lee@mckeanfamilyresources.net with any listing that should be included or corrected.
