

# FEBRUARY

## Family Fun Homework Menu

The following activities have been chosen to help your family:

1. Talk to each other.
2. Spend time together.
3. Have fun together.

Directions: Please choose at least \_\_\_\_\_ items to complete this month. Write the date in the box for each activity you complete. If you can, send your teacher a photo of one choice you completed this month! Enjoy! ☺

<b>Games</b>	Play Pictionary with your family. Split into 2 teams and set a timer. Both teams decide on an object to draw. First team to guess correctly gets a point! Keep playing.	Play dress up using old clothes and/or costumes. Take turns guessing who/what you are supposed to be.	Play any game that uses dice. Some examples are Yatzee, Bunco, and Farkle. Visit this link for more ideas: <a href="http://icebreakerideas.com/dice-games/">http://icebreakerideas.com/dice-games/</a>
<b>Get Moving</b>	Go on a nature walk/hike. While you're out, how many different insects can you find and identify?	Challenge a family member to a burpee contest. How many can you each do in one minute? Now have a rematch.	Ask a family member to teach you these classic dance moves: <ul style="list-style-type: none"><li>•The Robot</li><li>•The Sprinkler</li><li>•The Shopping Cart</li><li>•The Running Man</li></ul>
<b>Life Skills</b>	Make a card or letter for someone you love who doesn't live close to you. Learn how to address the card/letter, then mail it to them.	Ask an adult to give you the cleaning supplies needed to clean mirrors. Now go clean all the mirrors in your home.	Learn how to politely order your own food and beverage from a restaurant menu. Set up a practice meal at home then go try it in a real restaurant.
<b>Art &amp; Cooking</b>	Create a mosaic art picture using small, torn pieces of colored paper and glue/glue stick.	With an adult's help, use the recipes linked below to make your own slime or play dough. <a href="http://www.bestrecipes.com.au/recipe/no-cook-play-dough-129.htm">www.bestrecipes.com.au/recipe/no-cook-play-dough-129.htm</a> <a href="http://www.hometeachingtoday.com/a/slime-recipes-project">www.hometeachingtoday.com/a/slime-recipes-project</a>	With a adult's help, learn how to safely cook something that uses boiling water (pasta, hard boiled eggs, etc.).

Return your February menu to school on or before \_\_\_\_\_
