	District	5-10 minutes	The screeners are administered to students who are not at the targeted scores on the FastBridge fluency measures. The results are used by grade level teachers and interventionists to guide instruction in the area of phonics or phonemic awareness.

MCA Reading	State	2-3 hours	The results are shared with schools and families. The results are used to improve classroom teaching and learning.
Math			
FastBridge CBMmath Automaticity	District	10 minutes	The results are available to grade level teachers and interventionists through the Fastbridge website. The results are used as benchmark and progress monitoring measure to assess a student's fluency with basic math facts, like addition, subtraction, multiplication, and division
FastBridge aMath	District	15 minutes	The results are available to grade level teachers and interventionists through the FastBridge website. The results are used as benchmark screeners to measure broad mathematical skills.

Diagnostic Screeners
 	
  -Structuring Numbers
  -Addition & Subtraction
  -Place Value
  -Multiplication
	District	10-15 minutes	The screeners are administered to students who are not at the target scores on the FastBridge CBMmath or aMath measures and recommended for Tier 3 services. The results are used by interventions to guide instruction in the needed areas. Scores are shared with classroom teachers.

MCA Math	State	2-3 hours	The results are shared with schools and families. The results are used to improve classroom teaching and learning.

FIFTH GRADE

Assessment	District or State	Amount of Time	How are results used?
Reading			
FastBridge aReading	District	15-20 minutes	The results are available to grade level teachers and interventionists through the FastBridge website. The results are used as benchmark screeners to predict reading achievement.
FastBridge CBMReading (oral reading fluency)	District *(required by READ Act)*	4-5 minutes	The results are available to grade level teachers and interventionists through the FastBridge website. The results are used as benchmark and progress monitoring measures. The results are shared with families of students who are not yet at the target scores through a personal learning plan.
Diagnostic Screeners Lake Agassiz Phonics Screener Lake Agassiz Phonemic Awareness Screener	District	5-10 minutes	The screeners are administered to students who are not at the targeted scores on the FastBridge fluency measures. The results are used by grade level teachers and interventionists to guide instruction in the area of phonics or phonemic awareness.
MCA Reading	State	2-3 hours	The results are shared with schools and families. The results are used to improve classroom teaching and learning.
Math			
FastBridge CBMmath Automaticity	District	10 minutes	The results are available to grade level teachers and interventionists through the Fastbridge website. The results are used as benchmark and progress monitoring measure to assess a student's fluency with basic math facts, like addition, subtraction, multiplication, and division
FastBridge aMath	District	15 minutes	The results are available to grade level teachers and interventionists through the FastBridge website. The results are used as benchmark screeners to measure broad mathematical skills.
Diagnostic Screeners -Structuring Numbers -Place Value -Multiplication -Fractions	District	10-15 minutes	The screeners are administered to students who are not at the target scores on the FastBridge CBMmath or aMath measures and recommended for Tier 3 services. The results are used by interventions to guide instruction in the needed areas. Scores are shared with classroom teachers.
MCA Math	State	2-3 hours	The results are shared with schools and families. The results are used to improve classroom teaching and learning.

SIXTH GRADE

Assessment	District or State	Amount of Time	How are results used?
Reading			
FastBridge aReading	District	15-20 minutes	The results are available to grade level teachers and interventionists through the FastBridge website. The results are used as benchmark screeners to predict reading achievement.
FastBridge CBMReading (oral reading fluency)	District *(required by READ Act)*	4-5 minutes	The results are available to grade level teachers and interventionists through the FastBridge website. The results are used as benchmark and progress monitoring measures. The results are shared with families of students who are not yet at the target scores through a personal learning plan.
Diagnostic Screeners Lake Agassiz Phonics Screener Lake Agassiz Phonemic Awareness Screener	District	5-10 minutes	The screeners are administered to students who are not at the targeted scores on the FastBridge fluency measures. The results are used by grade level teachers and interventionists to guide instruction in the area of phonics or phonemic awareness.
MCA Reading	State	2-3 hours	The results are shared with schools and families. The results are used to improve classroom teaching and learning.
Math			
FastBridge CBMmath Automaticity	District	10 minutes	The results are available to grade level teachers and interventionists through the Fastbridge website. The results are used as benchmark and progress monitoring measure to assess a student's fluency with basic math facts, like addition, subtraction, multiplication, and division
FastBridge aMath	District	15 minutes	The results are available to grade level teachers and interventionists through the FastBridge website. The results are used as benchmark screeners to measure broad mathematical skills.
Diagnostic Screeners -Structuring Numbers -Place Value -Multiplication -Fractions	District	10-15 minutes	The screeners are administered to students who are not at the target scores on the FastBridge CBMmath or aMath measures and recommended for Tier 3 services. The results are used by interventions to guide instruction in the needed areas. Scores are shared with classroom teachers.
MCA Math	State	2-3 hours	The results are shared with schools and families. The results are used to improve classroom teaching and learning.

Ulen-Hitterdal High School			
Assessment	District or State	Amount of Time	How are results used?
Reading			
PSAT/NMSQT- Preliminary SAT/National Merit Scholarship Qualifying Test	11th Grade	3.5	The PSAT assesses the Critical Reading, Writing, and Math. Offered to 11th graders if looking to do the SAT. Score reports are available online when the College Board releases them to students. Students will receive an email from the College Board with an access code to view their scores in their College Board account.
ASVAB -Armed Services Vocational Aptitude Battery	11th Grade	3 hours	The ASVAB is a multiple-aptitude battery that measures developed abilities and helps predict future academic and occupations success. It is offered to all 11th graders for the Career Exploration Program component. Students will receive their score reports in November.
ACT -The American College Testing	11th Grade	3-4 hours	The American College Testing is a college entrance exam that assesses Math, Reading, English, Science, and Writing. The ACT is accepted by all four-year universities and colleges in the U.S. Score reports are available 4-6 weeks after testing.

AP English Literature and Composition Exam			AP Exams measure achievement in the AP Course. The scores can be used by college and universities to determine if they will grant students credit for what they've already learned, or allow you to skip the equivalent course once you get to college. AP scores are available in July.
MCA Reading 7th, 8th, 10th	State	2-3 hours	The results are shared with schools and families. The results are used to improve classroom teaching and learning.
Math			
MCA Reading 7th, 8th, 11th	District	1-2 hours	The results are shared with schools and families. The results are used to improve classroom teaching and learning.
