Survey(s) of Staff, Students, and Families

CACR Requirement: Each school district must periodically survey affected constituencies, in their home language(s) where appropriate and practicable, about their connection to and level of satisfaction with school.

Summarize the results of your most recent survey(s) of staff, students, and families.

The district’s most recent surveys of staff, students, and families indicate a high level of satisfaction and a strong sense of connection to school. Across all groups, respondents reported feeling supported, safe, and valued within the school community. Families expressed confidence in their children’s learning environments, students reported positive relationships with staff and peers, and staff indicated satisfaction with school climate and collaboration. Survey feedback will continue to be reviewed to ensure ongoing engagement and continuous improvement.
