Practical Suggestions for Building Assets in Your Child

FAST FACTS

ASSET #6: Parent Involvement in Schooling

Youth are more likely to grow up healthy when their parents are involved in their education and school.

29%
of youth surveyed by Search Institute have this asset in their lives.*

What Are Assets?

Assets are 40 key building blocks to help kids succeed. "Parent involvement in schooling" is one of six support assets

* Based on Search Institute surveys of about 100,000 6th- to 12th-grade youth throughout the United States.

Becoming a School Partner

It's a downward trend. As children start kindergarten, parents are quite involved with their education. We attend parent-teacher conferences, cheer on our children at school concerts and events, and hang up schoolwork in the family kitchen gallery: the refrigerator.

As children become older, parents grow farther away from school. Kids seem to be doing well without our involvement. They're supposed to be independent. Right?

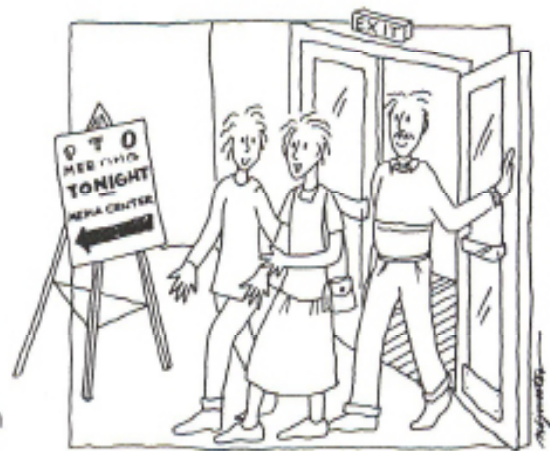

Yes, but not by a parental retreat. Kids need their parents to stay actively involved in their education throughout middle and high school.

Parents can easily stay involved in small ways that will make a big difference. For example:

- Maintain ongoing communication with your child's teacher(s). Call to check in every other month. Call before trouble appears.
- Join a parent-teacher organization. If you can't volunteer a lot of time, say so.
- Volunteer to help out in small ways. Check with the teacher or the school's volunteer coordinator.

The CHALLENGE

Most youth don't have parents who are active in their schooling. Only 29% of young people experience this asset. And involvement drops dramatically across the middle and high school years, from 44% of 6th graders having this asset to only 17% of 12th graders.

- Attend all conferences. If you can't make it on the designated date, arrange to meet at another time.
- Talk with your child about her or his homework—focus more on the issues and topics than specific assignments.

time together

Three ways to get more involved with your child's education:

1. Encourage your child's teacher to meet with both you and your child so that everyone can have a say in expectations and goals.
 - Go to a museum to look at exhibits that are related to your child's class.
2. Together create a thank-you note or small gift for your child to give to the teacher.

MACVILLE TOWNSHIP SNOWPLOWING POLICY

The criteria for snow removal in our Township will be: Snow accumulations of 4 inches or more; or drifting snow that causes problems. Snow plowing under severe conditions will consist of opening roads first and widening at a later time. Under normal conditions, one plowing per snowfall will be considered sufficient.

The goal of the Township is to have all roads passable within a reasonable amount of time after a snowfall has stopped. The Township will usually not dispatch the snowplow until after four inches of accumulated snowfall or after a snowfall has stopped. During extended periods of snowfall exceptions may be made.

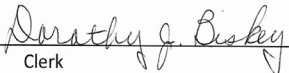

The snowplow will not be sent out in situations that may be hazardous due to restricted visibility. Snow removal operation may be delayed because of these conditions: personnel equipment availability, and budget. The Township does NOT salt or sand roads.

Township residents are reminded that it is unlawful to plow snow from their driveway onto or across the public roads. Piles of snow left on or near the road can freeze into a solid mass, creating a hazardous situation for vehicles and snowplows, resulting in liability to the property owner.

Adopted on the 14th day of November, 2019.

4 Hour Refresher Class

Taking this class is an easy and sure way to reduce your motor vehicle insurance premiums. State law requires all auto insurance providers to reduce premiums by 10% for policyholders who are 55 or older, when a certificate of class completion is provided to them. If you have never taken the class before, you need to take the initial 8-hour class first, and then every three years the 4-hour refresher is taken. No tests are given. All participants will be issued a certificate at the end of the class. You must have a valid driver's license with you at the beginning of the class so that a certificate can be issued.

Up coming 4 hr Refresher Classes:

MR. JOHNSON'S MINUTE...

It has been a very busy month of school for Hill City! Lots of great new things happening in our school, like the word walls that are currently up in the commons. Each month, students are making posters discussing different words. For November, it was grateful, and for December, it is generosity. The posters are amazing and if you have a chance, stop in and check them out. The Gem Classroom awards have been a big hit too in grades K through 8. Students earn rewards based on completing their goals. We hope to have this rolled out for grades 9 through 12 very soon.

Basketball is currently underway. We are super proud of our student-athletes for both the Hornets and the Storm. They are all working extremely hard on their current seasons. It is great to see packed stands at every game, so come on out and see them!

The One Act Play is in year 2 under Mrs. Sippola. These young students are working on putting together an amazing play. There will be opportunities for the community to come and watch on February 14th at 6:00, February 15th at 6:00, and February 16th at 2:30. This is a MSHSL sponsored activity, meaning the students can earn the opportunity to compete at Sections and State tournaments. I want to wish this team good luck this season!

Storm Robotics, with Mr. Gallagher, is kicking off soon. This is a new opportunity this year for our students to compete against other schools in robotics. Mr. Gallagher has information on this new activity that is a co-op with Northland Schools.

Congratulations to Arnie Landrus on his recent retirement. Arnie has been a huge part of the school and I want to thank Arnie for everything he has done. Thank you Arnie.

I also want to wish everyone a Merry Christmas, a Happy New Year, and Happy Holidays! The last day of school before break is December 20th, with the first day of school back from break is January 6th. This is a good time to enjoy being around family and friends and we hope everyone enjoys their Holiday!

Go Storm and Go Hornets!
