

WELLNESS POLICY

The Audubon Board of Education is committed to the optimal development of every student. The board believes for students to have the opportunity to achieve personal, academic, developmental, and social success, there needs to be a positive, safe, and health-promoting learning environment at every level, in every setting.

The school district provides a comprehensive learning environment for developing and practicing lifelong wellness behaviors. The entire school environment, not just the classroom, shall be aligned with healthy school district goals to positively influence a student's understanding, beliefs and habits as they relate to good nutrition and regular physical activity. In accordance with law and this belief, the board commits to the following:

The school district will identify at least one goal in each of the following areas:

- **Nutrition Education and Promotion:** Schools will provide nutrition education and engage in nutrition promotion that helps students develop lifelong healthy eating behaviors.
- **Physical Activity:** Schools will provide students with age and grade appropriate opportunities to engage in physical activity that meet the Iowa Healthy Kids Act.
- **Other School Based Activities that Promote Wellness:** As appropriate, schools will support students, staff, and parents' efforts to maintain a healthy lifestyle.

The following nutritional guidelines for food available on school campuses will be adhered to:

- Meals served through the National School Lunch and School Breakfast Program will be appealing and meet, at a minimum, nutrition requirements established by state and federal law;
- Schools providing access to healthy foods outside the reimbursable meal programs before school, during school and thirty minutes after school shall meet the United States Department of Agriculture ("USDA") Smart Snacks in Schools nutrition standards, at a minimum. This includes such items as those sold through a la carte lines, vending machines, student run stores, and fundraising activities;
- Snacks provided to students during the school day without charge (e.g., class parties) will meet standards set by the district in accordance law. The district will provide parents a list of foods and beverages that meet nutrition standards for classroom snacks and celebrations; and
- Schools will only allow marketing and advertising of foods and beverages that meet the Smart Snacks in school nutritional standards on campus during the school day.

The superintendent or superintendent's designee shall implement and ensure compliance with the policy by:

- Reviewing the policy at least every three years and recommending updates as appropriate for board approval;
- Implementing a process for permitting parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, administrators and the public to participate in the development, implementation, and periodic review and update of the policy;
- Making the policy and updated assessment of the implementation available to the public (e.g., posting on the website, newsletters, etc). This information shall include the extent to which the schools are in compliance with policy and a description of the progress being made in attaining

- the goals of the policy; and
- Developing administrative regulations, which shall include specific wellness goals and indicators for measurement of progress consistent with law and district policy.

NOTE: This is a mandatory policy.

NOTE: The Iowa Department of Education has tools and resources available to help districts with progress reports and other aspects of policy implementation and review. Please visit the “School Wellness Policy” section of the Iowa Department of Education’s website, located at: <https://www.educateiowa.gov/pk-12/nutrition-programs/school-wellness>.

NOTE: School districts are required by federal law to have at least one wellness goal in each of the goal areas identified in paragraph three of the sample policy. These goal areas include the following: nutrition promotion and education, physical activity, and other school-based activities that promote student wellness. School districts should select goals to include in the regulation (507.9R1) from the options provided in the sample regulation (507.9R1) or identify a district specific goal. Districts must remember the sample policy and sample regulation cannot be adopted in the current format. School boards and administration must make a choice for all text in italicized brackets.

WELLNESS REGULATION

To implement the Wellness Policy, the following district specific goals have been established:

Goal 1 – Nutrition Education and Promotion: Schools will provide nutrition education and engage in nutrition promotion that help students develop lifelong healthy eating behaviors. The goal(s) for addressing nutrition education and nutrition promotion include the following:

- Provide students with the knowledge and skills necessary to promote and protect their health
- Promote fruits, vegetables, whole-grain products, low-fat and fat-free dairy products, and healthy foods.
- Share with families the nutritional content of meals through the school website.
- Notify parents and students of the availability of breakfast.
- Students will have at least 10 minutes to sit and eat breakfast and 20 minutes for lunch.
- We will discourage students from sharing food/beverages at meals and snack time.
- Food sold during school will meet the nutritional standards as required by state or federal law
- Fundraisers are encouraged but not required to comply with the state nutrition guidelines.
- We will not use food/beverages/candy especially those that do not meet the standards as rewards for academic performance or good behavior.
- We will not withhold food or beverages as a punishment.

Goal 2 – Physical Activity: Schools will provide students and staff with age and grade appropriate opportunities to engage in physical activity that meet federal and state guidelines, including the Iowa Healthy Kids Act. The goal(s) for addressing physical activity include the following:

- Engage students in moderate to vigorous activity during at least 50 percent of physical education class time
- Encourage classroom teachers to provide short physical activity breaks (3-5 minutes), as appropriate
- Offer classroom health education that complements physical education by reinforcing the knowledge and self-management skills needed to maintain a physically active lifestyle
- Physical activity should not be used for or withheld as a punishment
- Afford elementary students with recess according to the following:
 - At least 20 minutes a day;
 - Outdoors as weather and time permits;
 - Encourages moderate to vigorous physical activity; and
 - Scheduled to avoid extended periods of inactivity (i.e., periods of two or more hours).

Goal 3 – Other School-Based Activities that Promote Student Wellness: Schools will support student, staff, and parents' efforts to maintain a healthy lifestyle, as appropriate. The goal(s) for addressing other school-based activities that promote student wellness include the following:

- Share information about the nutritional content of meals with parents and students
- Permit students to bring and carry water bottles filled with water throughout the day
- Make drinking water available where school meals are served during mealtimes
- Discourage students from sharing foods or beverages during meal or snack times, given concerns about allergies and dietary needs

WELLNESS REGULATION

Public Involvement: There is a process for permitting parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, administrators, and the public to participate in the development, implementation, and periodic review and update of the policy.

- The district has a local wellness policy committee to advise the district on the development, implementation, and improvement of the school wellness policy

Monitoring:

- The superintendent will ensure compliance with established school district-wide nutrition and physical activity wellness policies.
- In each school:
 - The principal will ensure compliance with the policy and report compliance to the superintendent.
 - Food service staff will ensure compliance with nutrition policies within food service areas and will report on this matter to the superintendent and principal.

NOTE: School districts are required by federal law to have at least one specific wellness goal in each of the goal areas identified above. These goal areas include the following: nutrition promotion and education, physical activity, and other school-based activities that promote student wellness. Options have been provided, but districts must remember the sample policy and sample regulation cannot be adopted in the current format. School boards and administration must make a choice for all text in italicized brackets.
