YOUR PLAN INFO — AT YOUR FINGERTIPS

Registering at your member website is the first step to getting personalized information about your health plan.

You can easily access your personal plan information, resources and tools on your member website. When your member ID card arrives (in the mail), go online and register at bluecrossmnonline.com. Once registered, you can:

- Find doctors, clinics, hospitals and pharmacies
- View claims and Explanations of Health Care Benefits (EOBs)
- Send secure emails to customer service
- View, print, email or order member ID cards
- Check health financial accounts balances (if applicable)

You'll need your member ID card to register. Be sure to have it handy.

HOW TO REGISTER

- 1 Click "Register"
- 2 Fill out the registration page using your information as it appears on your ID card
- 3 Create your login ID and password
- 4 The system will log you in. Next, you'll see your member dashboard with your personal information.

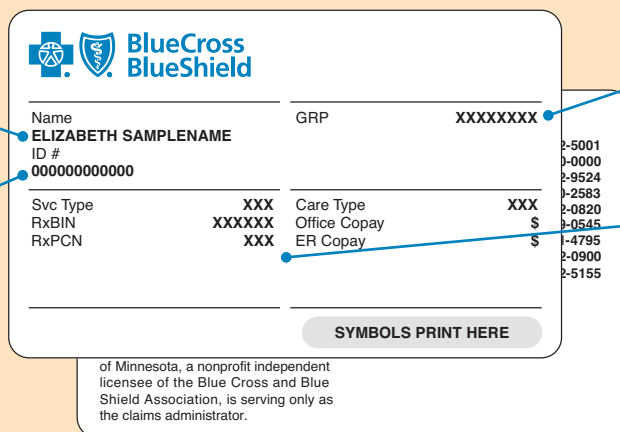

UNDERSTANDING YOUR MEMBER ID CARD

Member name

Each family member covered by your plan will have an ID card. This includes minor children.

Member ID number

Your member ID number helps providers look up your plan details. We also use it to track expenses.

Group number

This identifies your employer's plan.

Plan details

Questions?
Contact information is on the back of your ID card.

The sample shown is a guide only. The information and the format of your card may vary.

UNDERSTANDING YOUR PLAN: COSTS

Having health insurance means you and a health plan share in paying your medical costs. The share you pay changes throughout your plan year as you receive medical care and pay costs. Here's how it works:

During your plan year, you'll have two groups of costs: health plan **fees** and **medical care costs**. The plan tracks what you pay in medical costs and applies eligible costs (see glossary) toward certain milestones (see deductible and out-of-pocket maximum on the next page). When your costs hit these milestones, you move into the next stage of your plan. Your share of costs becomes less as you reach each stage.

Here are descriptions of health plan fees, medical costs and milestones:

HEALTH PLAN FEES

Premium

Your regular payment to your health plan (on a monthly, per paycheck, etc. basis)

Your employer may pay part of your premium.

Your premium **does not count toward** your deductible or out-of-pocket maximum.

MEDICAL COSTS

Copays (your plan may or may not have copays)

A set cost you pay every time you get medical care or a prescription

Copays can vary based on where you get care (virtual, clinic, urgent care, etc.).

Your copays do not count toward your deductible but **do count toward** your out-of-pocket maximum.

Covered medical costs

The medical services your plan covers

"Covered" means your plan pays for some or all of the costs. These are different in each plan.

Over-the-allowed-amount costs — The health plan and in-network providers (see glossary) have agreed to an "allowed amount" (the most a provider can charge you). If you receive a covered service from a nonparticipating provider (see glossary) who charges over the allowed amount, this additional cost is your responsibility.

Your covered costs **usually count toward** your deductible and out-of-pocket maximum.

Costs over the allowed amount **do not count toward** your deductible and out-of-pocket maximum.

Non-covered services

"Non-covered" refers to medical services not covered by your plan

If you receive these services, you pay in full.

Services not covered by your plan **do not count toward** your deductible and out-of-pocket maximum.

HEALTH PLAN MILESTONES AND STAGES

Deductible *(your plan may or may not have a deductible)*

When your plan begins, you are in the first stage where you pay for all covered medical services. When these costs hit a certain amount (the deductible), you move into the next stage.

Your deductible **counts toward** your out-of-pocket maximum.

Coinsurance

This stage starts after you hit your deductible. Now, you and the plan each pay a percentage for covered services. Example: 80/20 coinsurance means the plan pays 80 percent and you pay 20 percent.

Coinsurance **counts toward** your out-of-pocket maximum.

Out-of-pocket maximum

This is the last stage of your plan. When the medical costs you've paid reach a certain amount (the out-of-pocket maximum), the health plan pays all your covered medical costs for the plan year's remainder.*

*Covered medical costs up to the lifetime maximum.

UNDERSTANDING PLAN MILESTONES AND STAGES

1. When your plan begins, you're in the first stage. You pay for all your covered medical costs until you hit the **deductible**.
2. After hitting your deductible, you enter the next stage. You now pay only a percentage of your medical costs and the health plan pays the rest. This is the **coinsurance** stage of your plan.
3. The coinsurance stage lasts until you reach the **out-of-pocket maximum**. At that point, the plan starts paying for all covered medical costs for the rest of the plan year.

HOW YOUR CLAIMS ARE PROCESSED

1

You go to your health care provider.

2

Your provider files the claim (in network).

3

You receive an Explanation of Health Care Benefits (EOB). (This is not a bill.)

4

You receive a statement from your provider. Make sure it matches your EOB.

5

You pay your provider for your portion of the costs.

UNDERSTANDING YOUR PLAN: NETWORK ACCESS

NETWORKS

A network is a group of medical providers (doctors, clinics and hospitals) with which the health plan has an agreement. The agreement means you get a discount on medical care when you go to these providers. If you have providers you prefer, you'll want to check if they're in the network you're considering. (You can see if a provider is in your network using the Find a Doctor tool on your member website.)

Network types

Preferred provider organization (PPO) – With this type of network, you can see any doctor in your network — no referral required.

NATIONAL AND INTERNATIONAL NETWORKS

- **BlueCard® PPO** – Access to more than 95 percent of doctors and 96 percent of hospitals nationwide
- **Blue Cross Blue Shield Global® Core** – In-network access to primary care providers in more than 170 countries

Each Blue Cross and/or Blue Shield plan is an independent licensee of the Blue Cross and Blue Shield Association. Each health care provider is an independent contractor and not our agent. It is up to the member to confirm provider participation in their network prior to receiving services.

Aware® Network — Blue Cross' largest network featuring access to nearly every physician and hospital in Minnesota.

PREVENTIVE CARE

**Most preventive visits
are covered at**

 **100%**

**when you see a doctor
in network**

(Check your benefit booklet on your member website.)

IS A PROVIDER IN THE NETWORK?

To see if a doctor, clinic or hospital is in a specific network, log in at bluecrossmnonline.com and use the Find a Doctor tool or call customer service.

DO I NEED A REFERRAL?

You don't need a referral to see a specialist in your network. In-network specialists are listed in the Find a Doctor tool online or you can call customer service.

CHOOSING A PLAN: THINK ABOUT YOUR NEEDS

When choosing a plan, think about how much medical care, including prescriptions you (and your dependents) expect to need within the plan year. Also, think about your financial situation and if it's important to you to keep your current providers.

IN GENERAL:

- **Higher premium** = Lower out-of-pocket costs
- **Lower premium** = Higher out-of-pocket costs

Out-of-pocket costs include:

- Deductible
- Copays
- Coinsurance
- Non-covered services
- Over-the-allowed-amount costs

(See glossary for definitions)

DO YOU (AND YOUR DEPENDENTS) EXPECT TO:

- See a doctor regularly? Yes No
- Need regular prescriptions, specialty drugs or medical equipment? Yes No
- Have surgery, childbirth or other major medical care? Yes No

	IF MORE "YES" BOXES CHECKED...	IF MORE "NO" BOXES CHECKED...
Recommended plan type	Higher-premium/ lower-deductible plan	Lower-premium/ higher-deductible plan
Why is this recommended?	If you pay more for your premium, your out-of-pocket costs will be less when you get care.	If you don't expect to need much medical care, you can choose to pay less for your premium.
Cautions	Be sure you can afford the higher premium because you will pay this regularly.	Be sure you can afford out-of-pocket medical costs if you should need care unexpectedly.

Is keeping your current doctor important to you?

If yes, be sure to check if that doctor is in the network you're considering. If the provider isn't in the network, it will cost you more to see this doctor. Find out if a provider is in network by calling customer service or visiting bluecrossmnonline.com and using the Find a Doctor tool.

KNOW WHERE TO GO FOR CARE

Save money and time by using the right type of place for the care you need. Make sure the doctor, clinic or hospital is in your network before getting care.

HOW YOUR PHARMACY BENEFITS WORK

Blue Cross and Blue Shield of Minnesota works with Prime Therapeutics to provide you a pharmacy network (pharmacies that have an agreement with Blue Cross) and a drug list (a list of plan medications — also called a “formulary”). Using your pharmacy network and drug-list medications can help you save money.

Your pharmacy network:

Select Pharmacy Network

Your drug list:

FlexRX and GenRX

Find a network pharmacy *Your pharmacy network is listed on your benefit chart.* To find a pharmacy in your network, log in to your member website. When you go to the pharmacy, bring your prescription and member ID card. (Note: If you go to an out-of-network pharmacy, you may pay in full.)

90-day prescriptions If you're taking a medication long term, you can save time by ordering up to a 90-day supply at participating in-network pharmacies or through mail order. To sign up for mail order, log in to your member website.

Specialty pharmacies Specialty medicines for complex illnesses (like multiple sclerosis or hemophilia) generally cost more or require extra support and are only available through specialty pharmacies. Your plan requires you to use a pharmacy in the Blue Cross Specialty Pharmacy Network for these medications. Visit your member website and see “Prescriptions” or call customer service for information.

CHECK IF A MEDICATION IS COVERED

The name of your drug list is listed on your benefit chart. To see if a medicine is on your drug list, log in to your member website. Medicines not on your drug list may cost you more.

UTILIZATION MANAGEMENT

Blue Cross has utilization management programs that help to ensure you get the right medicines for your needs.

- **Prior authorizations** – Ensures appropriate use of medicines by requiring pre-approval to verify appropriate prescribing.
- **Quantity limits** – Restricts the amount of drugs you may receive during a prescribing period. Promotes safe, cost-effective medication use and helps reduce waste and overuse.
- **Step Therapy** – Requires you to try a safe, more clinically effective and, in some cases, less expensive medicine, before a more expensive drug is approved.

INSULIN COVERAGE

Tier 1 and Tier 2* insulin options will be included as a covered benefit with \$0 out-of-pocket cost.

*Tier 1 and Tier 2 are generally defined as consisting of preferred generic and brand medications available through a plan's drug list or formulary.

To get more details about your pharmacy plan or drug list, log in to your member website or call customer service.

TOP THINGS TO KNOW — FOR UNDERSTANDING YOUR PLAN

Q What's the difference between participating, nonparticipating, in network and out of network?

A PARTICIPATING		NONPARTICIPATING
Provider/pharmacy has an agreement with your health plan		Provider/pharmacy DOES NOT have an agreement with your health plan
In-network provider/pharmacy	Out-of-network provider/pharmacy	AND Provider/pharmacy is NOT in your plan's network
\$	\$\$	\$\$\$

Each provider is an independent contractor and not our agent.

Q Who do I pay when my EOB says I owe money?	A Don't pay anything when you receive an EOB. You will receive a bill from the provider. This is what you pay.
Q How do I know if a doctor, clinic or hospital is in my network?	A You can find out if a provider is in your network by using the Find a Doctor tool at bluecrossmnonline.com or by calling customer service.
Q How do I access the member website and what can I find there?	A Using your member ID card, register at bluecrossmnonline.com . Once registered, you can: <ul style="list-style-type: none"> → Find doctors, clinics, hospitals and pharmacies → View claims and Explanations of Health Care Benefits (EOBs) → Send secure emails to customer service → View, print, email or order member ID cards → Check health financial accounts balances (if applicable) → Access health and wellbeing resources

Q What's the difference between an embedded and non-embedded deductible?

A Embedded and non-embedded deductibles apply to family plans.

Deductible (definition)

When your plan begins, you are in the first stage where you pay for all covered medical services. When these costs hit a certain amount (the deductible), you move into the next stage where the health plan pays for some of your medical costs (coinsurance).

Embedded deductible

When one family member hits the per-person deductible, the health plan begins paying some of that person's medical costs. When the family deductible is met, the plan pays some of the medical costs for all family members.

Non-embedded deductible

When the family deductible is met, the plan begins sharing costs for each member. The deductible can be met by one or a combination of family members.

GLOSSARY

TERMS TO KNOW

Your health plan will make more sense if you know a few important terms.

Allowed amount: The amount Blue Cross has agreed to pay a medical provider for a service.

Coinsurance: This payment structure starts after meeting your deductible. In coinsurance, you and the plan each pay a percentage for covered services. Example: 80/20 coinsurance means the plan pays 80 percent and you pay 20 percent.

Convenience or retail clinic: These clinics treat a limited list of common illnesses. They are often located in or near a retail store.

Copay: (Your plan may or may not have copays.) A fee you pay every time you get medical care or a prescription. Copays can vary based on where you get care (virtual, clinic, urgent care, etc.).

Cost sharing: Refers to the member sharing medical costs with the health plan through copays, deductible and coinsurance.

Deductible: This is the first milestone you hit by paying for covered medical services. Along with covered service costs, your copays (if your plan has them) may count toward your deductible.

Eligible or covered services: Health care covered by your plan.

Embedded deductible: Plan begins paying benefits that require cost sharing for the first family member who meets the per-person deductible. Once one or more of the remaining family members meet the family deductible, the plan pays benefits for all covered family members.

Explanation of Health Care Benefits (EOB): A letter you receive after getting care that shows costs, the amount the health plan is expected to pay and the amount you are expected to pay. You do not pay anything when you receive an EOB.

Formulary or drug list: A list of FDA-approved prescription drugs preferred by your health plan.

Health plan: Can refer to your health insurance company or your specific health plan.

In-network: Providers or pharmacies **in your plan's network** that give you the most coverage (lowest cost). Note: An in-network provider is not the same as a participating provider.

Member website: A secure website for accessing

plan details and cost information as well as health and wellbeing tools.

Nonparticipating provider: A provider that **does not have a contract** with the health plan. You pay in full when using these providers. Note: A nonparticipating provider is not the same as an out-of-network provider.

Out-of-network: A provider or pharmacy that has a contract with the health plan but is **not part of your plan's network**. You may pay more when using these providers/pharmacies. Note: An out-of-network provider is not the same as a nonparticipating provider.

Out-of-pocket expense/cost: Refers to costs the member pays: premium, copay, deductible, coinsurance, and non-covered services or over-the-allowed-amount costs.

Out-of-pocket (OOP) maximum: This is the last milestone you hit by paying for covered medical services. Once you reach this amount, the plan pays for all covered in-network services for the plan year's remainder.

Participating provider: A provider that has a contract with the health plan, and **may be in or out of your plan's network**. Note: A participating provider is not the same as an in-network provider.

Premium: Your monthly payment, like a membership fee. Your employer may pay part of your premium. You may also be able to pay your premium pretax from your paycheck.

Provider: Refers to doctors, clinics, hospitals and other health care professionals.

Service (also called "care"): Medical treatment.
