

COMPUTER PROTECTION PLAN-Grades 9-12

The Winner School District recognizes that with the implementation of the 1:1 computer initiative there is a need to protect the investment by both the District and the Student/Parent. For students in grades 9-12 who will be taking their computers home, the following outlines the various areas of protection: warranty, accidental damage protection and insurance.

VENDOR WARRANTY: The vendor warrants the computer from defects in materials and workmanship. This limited warranty covers normal use, mechanical breakdown or faulty construction and will provide replacement parts necessary to repair the computer or computer replacement. **The vendor warranty does not warrant against damage caused by misuse, abuse, accidents or computer viruses.**

ACCIDENTAL DAMAGE PROTECTION: **This coverage does not provide for damage caused by fire, theft, loss, misuse, intentional or frequent damage or cosmetic damage.** Students may be assessed a fee for damages to their assigned computer using the fee scale on their computer checkout sheet.

INSURANCE FOR THEFT, LOSS OR FIRE: Computers that are stolen, lost or damaged by fire are not covered by the vendor Warranty or the Accidental Damage Protection outlined above. The following are the options that are available for these types of losses, and the Student/Parent must commit to one by checking the appropriate box.

- No Insurance** - Students who choose this option will be required to turn in their computer to the office/administrator each day at the end of the school day and check it out of the office/administrator each morning. These students will have an assigned computer and will have access to that computer only during the school day.
- Personal Insurance** - You will cover the computer under your own insurance policy and in the case of a theft, loss or damage by fire, you agree to pay the District the amount received from your insurance company plus any additional amount needed to cover the computer replacement not to exceed \$800 for the computer.
Insurance Company: _____ Policy #: _____
- School District Protection** - You choose to pay the school district an annual protection payment for coverage of theft, loss or damage by fire in the amount of \$50.00 for each computer. The \$50.00 payment is **non-refundable**. This protection coverage has a \$250.00 additional charge per occurrence. This annual coverage begins upon receipt of the payment and ends at the conclusion of each school year. **This covers total loss only and will NOT cover loss outlined in #15 of the Student Pledge.**
- JOM Funding** - Student qualifies for JOM Funding to cover the cost of School District Protection.

ADDITIONAL INFORMATION: In cases of theft, vandalism and other criminal acts, a police report, or in the case of fire, a fire report **MUST** be filed by the student or parent for the protection coverage to take place. A copy of the police/fire report must be provided to the principal's office. The \$250.00 additional charge is the responsibility of the student/parent and must be paid before the computer can be repaired or replaced.

INTENTIONAL DAMAGE/ACCESSORY REPLACEMENT: Students/Parents are responsible for full payment of intentional damages to computers or replacement of lost or damaged accessories.

Warranty, Accidental Damage Protection, or School District Computer Protection DOES NOT cover intentional damage to the computer or accessories needing to be replaced due to damage or loss.
