

**WINNER SCHOOL DISTRICT 59-2  
OFFICIAL SCHOOL BOARD POLICY**

**WEATHER**

If there is officially no school there will be no practice or activity at any level. If school is closed early during the regular athletic activity season there will be no activities at any level, and no practices at the middle, or junior varsity level. Varsity athletic practice can be held on days of early dismissal upon approval of the building principal and the superintendent of schools. Rural varsity athletes will be asked to file a "snow family" registration with the athletic director to give these athletes a place to stay in town if weather prohibits travel following the practice.

If there is officially no school or school is closed early and any activity that is within three school days of an elimination contest. (This would include district, region, and state events.) There will be voluntary practices allowed. These voluntary practices may only be called upon the approval of the building principal and the superintendent of schools.
