ORDER

Plaintiff class members instituted this action contending that defendants discriminated against Native American students, maintained a racially hostile educational environment, and engaged in racially discriminatory policies, customs, and practices. Plaintiffs sought declaratory and injunctive relief. The parties entered into mediation and reached an agreement to enter into a consent decree requiring the Winner School District to undertake various actions to improve the educational experience of Native American students in the District. The original consent decree was entered on December 10, 2007, and was thereafter amended on November 4, 2014, based upon the parties continued collaboration aimed at meeting the decree's goals.

The parties have stipulated and agreed that the defendants have successfully completed the requirements set forth in the amended consent decree and have jointly requested that the Court terminate the consent decree.

Now, therefore,

IT IS ORDERED that the joint motion, Doc. 82, to terminate the consent decree is granted.

IT IS FURTHER ORDERED that the amended consent decree, Doc. 81, is hereby terminated.

DATED this 6th day of June, 2017.
