2026-2027

Dear Parents/Guardians:

The 5th-6th graders will be using specific colored notebooks/folders for each of their subjects. This is an organizational aid that has been found to be very useful in helping the students organize their work for various subjects.

Please purchase these colored notebooks (**NOT** composition)/folders if possible to help your child with organizing their work for next fall.

Social Studies	Green
Science	Red
Math	Blue
Reading	Yellow
Language Arts	Orange
Take Home/Important	Purple (folder only)

Your child should have these notebooks/folders along with the rest of their supplies here for the first day. We will be checking to make sure they have the necessary materials the first morning of school. Please call if you have any question or concerns. Please take note of the school supplies needed that will appear in the Comfrey Times and on the school website closer to the beginning of the fall school year.

Thanks for your cooperation. Enjoy the summer!

Sincerely,

Beth Griffis
