

*Adopted: 6/18/2026*

*Revised:*

**ROCHESTER BEACON ACADEMY  
POLICY No. 613  
GRADUATION REQUIREMENTS**

**I. PURPOSE**

The purpose of this policy is to set forth requirements for graduation from Rochester Beacon Academy (RBA).

**II. GENERAL STATEMENT OF POLICY**

The policy of RBA is that all students must demonstrate, as determined by RBA, their satisfactory completion of the credit requirements and their understanding of academic standards. RBA must adopt graduation requirements that meet or exceed state graduation requirements established in law or rule.

**III. DEFINITIONS**

- A. "Credit" means a student's successful completion of an academic year of study or a student's mastery of the applicable subject matter, as determined by RBA.
- B. "English language learners" or "ELL" student means an individual whose first language is not English and whose test performance may be negatively impacted by lack of English language proficiency.
- C. "Individualized Education Program" or "IEP" means a written statement developed for a student eligible by law for special education and services.
- D. "Required standard" means a statewide adopted expectation for student learning in the content areas of language arts, mathematics, science, social studies, physical education, health, and the arts. Locally developed academic standards in health apply until statewide rules implementing statewide health standards under Minnesota Statutes, section 120B.021, subdivision 3, are required to be implemented in the classroom.
- E. "Section 504 Accommodation" means the defined appropriate accommodations or modifications that must be made in the school environment to address the needs of an individual student with disabilities.

**IV. CHARTER SCHOOL ASSESSMENT COORDINATOR**

The District Literacy Lead shall be named the Charter School Assessment Coordinator. Said person shall be in charge of all test procedures and shall bring recommendations to the school board annually for approval.

**V. ASSESSMENT GRADUATION REQUIREMENTS**

A. Graduation Requirements

Students' state graduation requirements, based on a longitudinal, systematic approach to student education and career planning, assessment, instructional support, and evaluation, include the following:

- 1. Achievement and career and college readiness in mathematics, reading, and

writing, to the extent available, to monitor students' continuous development of and growth in requisite knowledge and skills; analyze students' progress and performance levels, identifying students' academic strengths and diagnosing areas where students require curriculum or instructional adjustments, targeted interventions, or remediation; and, based on analysis of students' progress and performance data, determine students' learning and instructional needs and the instructional tools and best practices that support academic rigor for the student.

2. Consistent with this paragraph and Minnesota Statutes, section 120B.125, age-appropriate exploration and planning activities and career assessments to encourage students to identify personally relevant career interests and aptitudes and help students and their families develop a regularly reexamined transition plan for postsecondary education or employment without need for postsecondary remediation.
3. Based on appropriate state guidelines, students with an IEP may satisfy state graduation requirements by achieving an individual score on the state-identified alternative assessments.

**B. Targeted Instruction Plan**

1. A student must receive targeted, relevant, academically rigorous, and resourced instruction which may include a targeted instruction and intervention plan focused on improving the student's knowledge and skills in core subjects so that the student has a reasonable chance to succeed in a career or college without need for postsecondary remediation.
2. Consistent with Minnesota Statutes, sections 120B.13, 124D.09, 124D.091, 124F.08, and related sections, an enrolling school or district must actively encourage a student in grade 11 or 12 who is identified as academically ready for a career or college to participate in courses and programs awarding college credit to high school students. Students are not required to achieve a specified score or level of proficiency on an assessment under this subdivision to graduate from high school.
3. As appropriate, students through grade 12 must continue to participate in targeted instruction, intervention, or remediation and be encouraged to participate in courses awarding college credit to high school students.

- C. A student's progress toward career and college readiness must be recorded on the student's high school transcript.

**VI. GRADUATION CREDIT REQUIREMENTS**

Students must successfully complete, as determined by RBA, the following high school level credits for graduation:

**A. Credit Requirements**

1. Four (4) credits of language arts sufficient to satisfy all academic standards in English language arts;
2. Three (3) credits of mathematics sufficient to satisfy all of the academic standards in mathematics;
3. Three (3) credits of science, including one (1) credit to satisfy all the earth and space science standards for grades 9 through 12, one (1) credit to satisfy all the life science standards for grades 9 through 12, and one (1) credit to satisfy all the chemistry or physics standards for grades 9 through 12;

4. Three and one-half (3.5) credits of social studies, encompassing at least United States history, geography, government and citizenship, in either grade 11 or 12 for students beginning in grade 9 in the 2025-2026 school year and later or an advanced placement, international baccalaureate, or other rigorous course on government and citizenship under Minnesota Statutes, section 120B.21, subdivision 1a, and a combination of other credits encompassing at least United States history, geography, government and citizenship, world history, and economics sufficient to satisfy all of the academic standards in social studies;
5. One (1) credit in the arts sufficient to satisfy all of the academic standards in the arts;
6. Credits sufficient to satisfy the state standards in physical education and health; and
7. A minimum of seven (7) elective credits.
8. Students who begin grade 9 in the 2024-2025 school year and later must successfully complete a course for credit in personal finance in grade 10, 11, or 12. A teacher of a personal finance course that satisfies the graduation requirement must have a field license or out-of-field permission in agricultural education, business, family and consumer science, social studies, or math.

**B. Credit Equivalencies**

1. A one-half (.5) credit of economics taught in a school's agricultural, food, and natural resources education or business education program or department may fulfill a one-half (.5) credit in social studies under Paragraph A.4, above, if the credit is sufficient to satisfy all of the academic standards in economics.
2. An agriculture science or career and technical education credit may fulfill the elective science credit required under Paragraph A.3, above, if the credit meets the state physical science, life science, earth and space science, chemistry, or physics academic standards or a combination of these academic standards as approved by the charter school. An agriculture or career and technical education credit may fulfill the credit in chemistry or physics required under Paragraph A.3, above, if the credit meets the state chemistry or physics academic standards as approved by the charter school. A student must satisfy either all of the chemistry academic standards or all of the physics academic standards prior to graduation. An agriculture science or career and technical education credit may not fulfill the required biology credit under Paragraph A.3, above.
3. A career and technical education credit may fulfill a mathematics or arts credit requirement under Paragraph A.2 or Paragraph A.5, above.
4. A computer science credit may fulfill a mathematics credit requirement under Paragraph A.2, above, if the credit meets state academic standards in mathematics.
5. A Project Lead the Way credit may fulfill a mathematics or science credit requirement under Paragraph A.2 or Paragraph A.3, above, if the credit meets the state academic standards in mathematics or science.
6. An ethnic studies course may fulfill a social studies, language arts, arts, math, or science credit if the course meets the applicable state academic standards. An ethnic studies course may fulfill an elective credit if the course meets applicable local standards or other requirements.

## **VII. GRADUATION STANDARDS REQUIREMENTS**

- A. All students must satisfactorily complete the following required Academic Standards in accordance with the standards developed by the Minnesota Department of Education (MDE):
  - 1. Minnesota Academic Standards, English Language Arts K-12;
  - 2. Minnesota Academic Standards, Mathematics K-12;
  - 3. Minnesota Academic Standards, Science K-12;
  - 4. Minnesota Academic Standards, Social Studies K-12; and
  - 5. Minnesota Academic Standards, Physical Education K-12.
- B. State standards in the Arts K-12 are available, or charter schools may choose to develop their own standards.
- C. The academic standards for language arts, mathematics, and science apply to all students except the very few students with extreme cognitive or physical impairments for whom an IEP team has determined that the required academic standards are inappropriate. An IEP team that makes this determination must establish alternative standards.

## **VIII. EARLY GRADUATION**

Students may be considered for early graduation, as provided for within Minnesota Statutes, section 120B.07, upon meeting the following conditions:

- A. All course or standards and credit requirements must be met;
- B. The Executive Director shall conduct an interview with the student and parent or guardian, familiarize the parties with opportunities available in postsecondary education, and arrive at a timely decision; and
- C. The Executive Director's decision shall be in writing and may be subject to review by the board.
