

Unified Champion Schools Showcase

The Special Olympics Unified Champion Schools program is aimed at promoting social inclusion through intentionally planned and implemented activities affecting systems-wide change. This is accomplished by implementing inclusive sports, inclusive youth leadership opportunities, and whole school engagement. The program is designed to be woven into the fabric of the school, enhancing current efforts and providing rich opportunities that lead to meaningful change in creating a socially inclusive school that supports and engages all learners, with and without disabilities. What a Unified Champion School “looks like” can vary greatly from school to school, based on the needs, goals, schedules and other factors unique to each school; but the basic building blocks remain the same.

Come to Clairemont High School to learn about the Unified Champion Schools Program and get ideas on implementing the components of Unified Sports, Youth Leadership, and Whole School Awareness at the Elementary, Middle, and High School levels. We are inviting teachers, admin, and parents from around the county to come and experience inclusion and how to build an inclusive culture on their campus.

You will hear from parents and students, teachers, administrators, and Special Olympics experienced in the Unified Champion Schools Program. Observe and participate in Unified activities.

This will be a fun learning experience that you can take back to your schools to help promote an inclusive culture on your campuses.
