2025-2026 School Year

June 24, 2025

Greetings to all members of LCHS Lion Nation!

We are only days away from the Fall 2025 LCHS Athletics season getting underway. Your support and involvement has created so many positive opportunities and memories for all of our student-athletes. With the continued support of the greatest fans in the Commonwealth, the upcoming school year will be no different as we continue to make Louisa County High School Athletics even better! The involvement of our fans and support of our partners are two key factors in continuing to grow Louisa County High School Athletics into the future.

We are contacting you to make you aware of programs that we will be utilizing for guests to all LCPS ticketed athletic events for the 2025-2026 LCHS Athletics seasons. The purpose of this update to our policy is to ensure that we are being vigilant in our quest to provide both the safest and most exciting environment possible for our guests, staff, and students.

Accordingly, LCHS will continue a clear bag policy at all ticketed athletic events on the LCHS campus during the 2025-2026 school year, including at The Jungle (stadium), The Den (gymnasium), and other sporting venues. Below are a few key points to be aware of as we head into the upcoming season:

- Clear bags that allow the inside contents of the bag to easily be seen **will be allowed** at all events – regardless of size or bag style.
 - This includes items such as clear backpacks, clear camera bags, clear purses, clear fanny packs, and clear computer bags.
 - Clear bags could be subject to inspection if needed.
- Small non-clear clutch bags, which cannot exceed 4.5" x 6.5" in size, **will be allowed** inside our sporting venues.
- Any student-athlete that is a member of the hosting or visiting team, along with approved coaches/gameday staff and media members participating in ticketed events **will be allowed** to take their equipment bags into the sporting venue.
- Non-clear bags, non-clear backpacks, non-clear camera bags, non-clear purses, non-clear fanny packs, and non-clear computer bags **will not be allowed** inside our sporting venues.
 - Exceptions will be made for individuals who have bags specifically for medical or childcare needs.

We appreciate your support as we continue to keep the safety of our fans, students, and guests as our number one priority. This will allow us to provide entry to our sporting venues in the most efficient manner possible, and it will allow you to have an exceptional gameday experience!

If you have any questions whatsoever, please contact our LCHS Athletics department directly by emailing bairdcl@lcp.k12.va.us or calling 540-894-5436, extension 1015. We are here to help!

Once again, we are looking forward to another year of memories, fandom, and fun! Thank you for your support!
