BRIAN RILEY

Brian Riley recently completed his 20th season at the helm in 2023-24, after being named Army hockey's 16th head coach of the program in 2004.

Following 14 years as an assistant to his brother Rob and a lifetime of hockey education from his father Jack, Brian knew all about the U.S. Military Academy.

The knowledge, preparation and hard work have all paid off for Brian as he adds to the Riley legacy and Army hockey. Just the third Army hockey coach in the past 70 years, Brian Riley has made his mark on a program coached by his father and brother in his past 17 seasons at the helm.

A three-time Atlantic Hockey Association Coach of the Year, he led the team to its first regular season championship in program history. Riley reached 100 wins at Tate Rink on November 30, 2018 with a 5-4 win over Canisius. He's had five players chosen to participate in the NCAA Frozen Four Skills Competition and 12 named to the AHA Academic All-Star Team.

Aside from his standard coaching responsibilities, Riley served as the President of the American Hockey Coaches Association from 2014-17. He has also served on the NCAA Division I Men's Ice Hockey Committee from 2013-18, which is responsible for the management of the NCAA Championship.

Riley has coached an AHA Player of the Year, an AHA Goalie of the Year, an AHA Rookie of the Year and two AHA Best Defenseman. Seven of his players have been First Team Atlantic Hockey All-Conference, while 12 were named to the second team and two to the third. Riley has also mentored 10 to the All-Rookie Team and five who received the Atlantic Hockey Sportsmanship Award.

In addition to the on-ice success of his players, Riley had the pleasure of coaching 2008 and 2013 Men's Hockey Senior CLASS Award winners Bryce Hollweg and Cheyne Rocha. Rocha earned first team Academic All-America honors two years in a row. Several other highlights include coaching eight Atlantic Hockey Scholar-Athlete of the Year honorees and 104 on the AHA All-Academic squad.

Riley was named the league coach of the year for the first time in 2005-06 when the team finished fifth in conference play after overcoming an 0-7-1 start.

In his first campaign behind the Black Knights' bench, Riley earned his first-career win when Army stunned Colgate, 3-2, in Hamilton, N.Y.

Riley led his team to 11 wins during that initial season, setting the Academy record for most victories by a rookie head coach. He broke the record established by his brother, Rob, in 1986-87. In addition, the younger Riley also piloted the Black Knights to their first postseason win in more than a quarter century when Army defeated American International College, 5-3, in the first round of the Atlantic Hockey tournament.

Riley's father, Jack, started it all in 1951 when legendary football coach and athletic director at West Point, Earl "Red" Blaik hired him to head the hockey program. What began as a one-year contract turned into a 36-year Hall of Fame career that culminated in 542 victories.

Riley's brother, Rob, took the reins from his father in the fall of 1986 and racked up 306 victories of his own over 18 winters.

When Rob officially stepped down in the summer of 2004, he passed the torch (and family tradition) on to his younger brother. Riley played an integral role in recruiting many of the athletes that helped

Army put together back-to-back 20-win seasons and tutored Corey and Ian Winer, former Colorado Avalanche forward Dan Hinote.

Riley recruited Zach McKelvie, a defenseman who was signed by the Boston Bruins organization after his senior season in 2009. He then served two years of active duty as an Infantry Officer before officially starting his professional career in the Calgary Flames organization in 2011. McKelvie now resides as the Associate Head Hockey Coach for the Black Knights and is still one of the most talented defensemen to play Army hockey. More recently, Riley mentored Dominic Franco who received an offer a one-year contract within the Buffalo Sabres organization through American Hockey League affiliate, the Rochester Americans in 2020.

A 1983 graduate of Brown, Riley began his coaching career in 1984 with a three-year stint as an assistant coach at SUNY Plattsburgh. During that period, the Cardinals advanced to the NCAA Division III Tournament three times, reaching the championship game twice.

In 1988, Riley moved to the Division I ranks at the University of Massachusetts-Lowell. There, he teamed with his cousin, Bill Riley, for one season, directing the River Hawks to the NCAA Tournament, giving him his fourth straight postseason appearance.

The following winter, Riley joined his brother's staff at West Point for the first time where he spent the next seven seasons. In 1996, the West Point native left the comfort and familiarity of the Academy, where he grew up, for the great Midwest and a head coaching position at Shattuck St. Mary's Prep School in Faribault, Minn.

There, Riley carved out a stellar two-year coaching career in which his teams compiled an impressive 94-19-10 record. In his first season, Riley directed the squad to a 40-9-7 record before improving to 54-10-3 in 1997-98.

In 1999, Riley returned to West Point, where he served at his brother's side until assuming the head coaching position in 2004.

During his collegiate playing days, Riley co-captained Brown's hockey squad his senior season, earning honorable mention All-Ivy League. He was presented the Class of '36 Trophy for his outstanding contributions over his four-year career and the Patrick Jones Trophy for most team spirit.

Prior to starring at Brown, Riley attended New Hampton Prep and led the hockey team to a No. 1 national ranking among prep schools. He was chosen as the school's most outstanding athlete while captaining both the soccer and hockey teams.

Riley completed course work on his master's, earning a graduate degree in Education from Boston University, in May 2003.

Riley is married to the former Marybeth Feldman of Highland Falls, N.Y. The couple has three children: Jack, Danielle and Brendan.

THE TYLER MUISE MVP AWARD

**2023-2024
Tyler Muise
MVP Award Winner:**

Damari Lewis

The OCIAA is very proud to honor this year's Tyler Muise MVP Award recipient, Mr. Damari Lewis from Kingston High School.

Most staff and coaches call Damari "Captain" when they see him at the gym or in school. He is a leader of Kingston's Unified athletes in both bowling and basketball and truly is a kind, enthusiastic and talented athlete. From singing the National Anthem for every home and away Unified basketball game, to motivating his teammates, Damari is truly the "Captain" for the Kingston Tigers. Damari is role model to students on and off the court. Damari's athleticism, and schoolwork ethic is also matched by his kindness. He is an inspired, enthusiastic player who is always ready to lay it all on the line. Damari's attitude and hard work prompt other team members to play harder and cheer louder. He consistently has a positive attitude and an outstanding sense of humor. Damari handles wins the same as losses - he always recognizes that the experience itself is worth it. Damari consistently shows teamwork, integrity, and sportsmanship. He is the kind of athlete all coaches want to have on their team.

The Kingston Community and the entire OCIAA is so proud to recognize Damari as this year's Tyler Muise MVP Award Winner. Once again, Congratulations to the 2023-2024 Tyler Muise MVP Award winner, Damari Lewis!

2023-2024 Athletic Trainer of the Year

Sharon Delmonico

The inaugural Athletic Trainer of the Year Award goes to Sharon Delmonico from Valley Central.

Trainer Sharon has played such an important part of Athletic Training in our area. She has led by example in defining the true role of what an Athletic Trainer should be to our student athletes. So many high school athletes will remember an athletic trainer who took care of them and many will refer to one as their role model. Many athletes form a strong bond with their trainer. Aside from the taping, diagnosing and rehabilitating injuries, athletic trainers serve as invaluable mentors and guides in an athlete's life. They play a crucial role in treating an athlete from head to toe - physically and often times mentally. Athletic trainers treat the whole athlete. Sharon Delmonico epitomizes these qualities and the OCIAA is proud to honor her with this year's Athletic Trainer of the Year Award.
