Superintendent: Dr. Larry Washington  
Athletic Director: Ms. Suzanne Lenzian

2024-2025

# KEYNOTE SPEAKER

## MR. ARTAVIUS FISHER

Professional basketball player, community builder, husband, father, and philanthropist Tay Fisher was born and raised in Kingston, NY. A graduate of Kingston High School, his legacy looms large not only as the player with the most single-game points (61), but as a beacon of possibility for others. His KHS accomplishments led him to a full athletic scholarship at Siena College where he earned a BA in Psychology and played on the school's Basketball team. While there, he was recognized as Most Improved Player (2006), Defensive Player of the Year (2007), and Rev. Benjamin Kuhn's Student-Athlete of the Year (2008). In his senior year, Siena won the competitive MAAC tournament and made an appearance in the NCAA tournament, upsetting Vanderbilt in the first round.

After graduating college, he was drafted by The World-Famous Harlem Globetrotters. While part of the team he was given the nickname 'Firefly' for the way he lit up the court with his shooting, dribbling, and infectious smile. As a Globetrotter, Fisher traveled to over 75 countries bringing athleticism and entertainment to youth, fans, and US military personnel. In his years on the team, Fisher appeared regularly on CNN, ESPN, the Oprah Network, as well as youth programs Stomp and GoNoodle to promote healthy, active living.

Committed to inspiring future generations, he pursued a Master's in Education at the College of Saint Rose - while still playing for the Globetrotters. Despite the rigorous touring schedule and course load, he graduated magna cum laude. His unique perspective and encouragement of cultural exchange was recognized with a Dr. Huey C. Bogan Award for Creativity in Teaching.

After an impressive ten-year career with the Globetrotters, Fisher retired in 2019 to focus on his family. He met his wife Yasmin back in their undergraduate days at Siena College, where she works as the Director of the Higher Education Opportunity Program (HEOP). Her role demonstrates their shared commitment to helping others achieve their dreams, by providing support to students who may typically face academic or financial limitations. After their son Durand was diagnosed with Epilepsy, they became advocates for the disease raising awareness and funds so that other parents wouldn't feel alone.

After pivoting on the court of life, Fisher has continued to find routes for assisting others. Over the past 18 years he has developed a range of programs to build basketball mechanics, as well as leadership, work ethic, sportsmanship, and self-confidence. These include leagues, clinics, trainings, Tay Fisher's Fundamental Basketball Camp, Fisher's Fight 4 the Cure breast cancer fundraiser, and T-A-Y, an anti-bullying curriculum. He recently established Team VibeZ, an Amateur Athletic Union (AAU) traveling basketball team, to bring youth together from a range of communities between Kingston and the Capital Region. Throughout these initiatives and public speaking engagements, Fisher brings the hard work that made him famous, the world perspective gleaned from globe-trotting, and the community-mindedness that brought him back home.

---

# BEACON HIGH SCHOOL

BEACON CITY SCHOOL DISTRICT

## LILA BURKE

**Class Rank: 18**

**Varsity Sports:**

Volleyball, Basketball

**Athletic Honors:**

All-State For Volleyball, 1000 kills In Volleyball, Volleyball MVP Award, Basketball Coaches Award, Basketball All-Section

# THE TYLER MUISE MVP AWARD

2024-2025 WINNER

## WESLY LAMBER

**Wesly Lamber**

Middletown High School

The OCIAA is very proud to honor this year's Tyler Muise MVP Award recipient, Mr. Wesly Lamber from Middletown High School.

Wesly has been a member of the Middletown Varsity Unified Basketball team for four years. He has been a leader who demonstrates the characteristics of Tyler Muise. He brings his non-stop energy and positivity to his teammates and school mates both on and off the court. Wesly's coach, Erin Pesavento commented that "Wesly leads both by example and by heart: always encouraging others, celebrating their successes, and offering support when it's needed most. His kindness is instinctive, and his presence uplifting." He is a role model to students on and off the court. Wesly has the innate ability to light up every room when he enters. He is the kind of athlete all coaches want to have on their team.

The Middletown Community and the entirety of the OCIAA is so proud to recognize Wesly as this year's Tyler Muise MVP Award Winner. Once again, Congratulations to the 2024-2025 Tyler Muise MVP Award winner, Wesly Lamber!

**THANK YOU TO THE SPONSOR OF THE TYLER MUISE MVP AWARD**

# ATHLETIC TRAINER OF THE YEAR

## HONORS ROBERT COUDREY

**Robert Coudrey**  
Athletic Trainer  
Newburgh Free Academy

The inaugural Sharon Delmonico Athletic Trainer of the Year Award goes to Robert "Trainer Bob" Coudrey.

Trainer Bob has over 30 years of experience as a certified athletic trainer. His professional philosophy has always been centered around delivering high-quality, comprehensive medical care and rehabilitation to student-athletes - not just as a temporary solution, but as a long-term, trusted resource within the community. Every decision he has made in his career has been grounded in a deep commitment to the well-being of student-athletes and the broader athletic community, particularly within Section IX. From the beginning, his goal has been to provide more than just immediate treatment; he has sought to build a presence that athletes, families, and schools can rely on, not only in moments of injury but as part of a holistic, ongoing support system.

Bob launched the Athletic Training position at Newburgh Free Academy, where he served with unwavering dedication. Recognizing the need for broader access to quality athletic healthcare, he played a key role in helping to create and facilitate similar athletic training positions at Marlboro, Cornwall, Middletown, and Washingtonville High Schools. These initiatives significantly expanded the reach of athletic training services and contributed to a stronger, more resilient network of care for student-athletes across the region.

Athletes will always remember an athletic trainer who took care of them. Aside from the taping, diagnosing and rehabilitating injuries, athletic trainers serve as invaluable mentors and guides in an athlete's life. They play a crucial role in treating an athlete from head to toe - physically and often times mentally. Athletic trainers treat the whole athlete. That is the approach Trainer Bob has used and taught so many of our trainers in the section. Sharon Delmonico was one of those trainers and the qualities that Trainer Bob has instilled in her have made such an impact on so many athletes in our community. Bob has led by example in defining the true role of what an Athletic Trainer should be to our student athletes and the OCIAA is proud to honor him with this year's Sharon Delmonico Athletic Trainer of the Year Award.
