18.12.2 If a middle level student transfers to a school district where eighth graders are allowed to play at the high school level, high school eligibility at the receiving school will be limited to sub-varsity only for the remainder of the school year.

20.0.0 All coaches, whether paid or volunteer, would be required annually to complete the WIAA general rules clinic and the WIAA approved rules clinic for the sport being coached.

3.7.0 DIVISION OF THE ASSETS OF THE ASSOCIATION - In the event the Washington Interscholastic Activities Association should be dissolved or cease to exist, all assets, including any building and land owned by the Association, would be equally divided among the Association’s member schools of that year.
4.0.0 CLASSIFICATION OF SCHOOLS

4.1.0 DATES FOR CLASSIFICATION OF HIGH SCHOOLS - All high schools are to be classified according to enrollment in grades 9-11. (Schools new to the Association will take the average of their estimated enrollment for their first two (2) years.)

4.1.1 The P-223 enrollment figures as sent to the Office of State Superintendent of Public Instruction will be used for classification purposes.

4.1.2 The classification year is the calendar year prior to the first year of the four-year classification cycle.

4.1.3 A school’s classification is determined by the average monthly enrollment from January 1 through May 1, October 1 and twice the November 1 count of odd-numbered years and will be the basis for classification for the next four (4) years.

4.1.4 The responsibility for investigating enrollment figures lies with the WIAA Executive Board and this may be invoked by any member school with the support of four (4) other member schools.

4.2.0 HIGH SCHOOL CLASSIFICATIONS - High schools shall be classified as “4A”, “3A”, “2A”, “1A”, “2B” and “1B”. Every four (4) years the enrollment range will be determined by the Executive Board based upon recommendations from the WIAA Classification Committee. These ranges will be calculated based on balancing the prior four (4) year enrollment parameters. The 2024-28 enrollment parameters for each classification shall be:

</tr>
<tr>
<td>2B</td>

</tr>
<tr>

</tr>
</tbody>
</table>

NOTE: The enrollment changes for 3A and 4A will be effective beginning with the 2024-28 classification cycle.

4.2.1 In four-year high schools (grades 9-10-11-12), any students who are repeating the 11th grade shall be deducted from the school’s enrollment figures for that year.

4.2.2 Students must be counted in their school of residence unless they are enrolled in a separately established member school. Member schools in this situation must attempt to gain league affiliation and demonstrate a two (2) year history of participation in the number of WIAA sanctioned activities comparable to other WIAA member schools of the same enrollment.

4.2.3 A schools adjusted enrollment based upon the WIAA Executive Board approved socioeconomic factor will be used to determine that school’s classification.

4.2.4 A 2B, 1A, 2A, 3A or 4A school’s adjusted enrollment factor as reported to the Office of State Superintendent of Public Instruction (OSPI) on the annual reporting date of the classification year will be used to determine that school’s adjusted enrollment. 2B, 1A, 2A, 3A or 4A schools with an adjusted enrollment factor that is greater than the state wide average will have their Average Monthly Enrollment reduced.

4.2.4 Schools with an adjusted enrollment factor that is greater than the state wide average will be adjusted as follows:

4.2.4.1 The reduction will match the percentage greater than the state wide average up to 40 percent (%). maximum.

4.2.4.2 A school could be moved down only one (1) classification due to its adjusted enrollment.

4.3.0 CLASSIFICATION FOR ALL-BOY SCHOOL or ALL-GIRL SCHOOL - In an all-boy or all-girl school, the school’s adjusted enrollment is doubled to determine the classification for athletics.

4.4.0 OPTING FOR A HIGHER CLASSIFICATION – A school may opt up to a higher classification. If a school chooses to opt up, it must be for all sports and activities under WIAA jurisdiction. Schools must notify the WIAA office of their intent to opt up on or before the second Friday in January of the first year of the four (4) year classification cycle.

4.4.1 The same timeline applies for 1B and 2B to petition up for football only.

4.4.2 The same timeline applies for 1B or 2B schools to petition up in boys soccer only.

4.5.0 APPEAL OF DETERMINED CLASSIFICATION - A school may appeal its determined classification to the District Directors Appeals Board.

4.5.1 The appeal must be filed no later than the second Friday in January of the first year of the four (4) year classification cycle.

4.5.2 The same timeline applies for schools to petition down for football only.
4.5.3 During the second year of the four (4) year classification cycle, a school may appeal its determined classification for the next two (2) years of the four (4) year classification cycle. An appeal would be based on circumstances involving significant change in enrollment during the first two (2) years, history of declining enrollment, opening of a new school within the school district, or unforeseen circumstances beyond the control of the school. To appeal, a school must submit appeal paperwork to its current and - if applicable - new league, as well as its WIAA District Board. Appeals must follow WIAA handbook rule 4.4.0. The appeal must be filed no later than December 1 during the second year of the four-year classification cycle.

   2. Approval of each school board of school(s) involved, and
   3. Approval of the league(s) involved, and
   4. Approval of the WIAA District(s) involved, and
   5. Appropriate action of the WIAA Executive Director.
      a. Any combination for team or individual sports or activities between a 1B, 2B, 1A and/or a 2A school will be permitted provided all steps above have been completed.
      b. A combination between any 1B, 2B, 1A, or 2A school with either a 3A or 4A school must be approved at least through the levels described above in steps 2, 3, and 4, and then by the WIAA Executive Director.
      c. A combination between any classifications of schools will be permitted for subvarsity squads.
      d. Combined programs will not be allowed for varsity team sports or activities for 3A and 4A schools (whether 3A with 3A, 3A with 4A, or 4A with 4A.)
      e. Combined programs will not be allowed for individual sports for post-season play for 3A or 4A schools (whether 3A with 3A, 3A with 4A, or 4A with 4A.)

PHILOSOPHY OF SANCTIONING PROCESS: As a member of the National Federation of State High School Associations (NFHS), the WIAA supports the Federation’s goals of promoting uniformity of standards in interstate activities, protecting students and schools from exploitation by special interest groups and providing a clear channel of communication for member state associations.

10.1.0 WIAA, being a member in good standing of the National Federation of State High School Associations, accepts the rules of the organization, as now or hereinafter amended, for all intrastate, interstate (including Canada and Mexico) and international contests. Member school districts must observe the following important rules governing these contests:

10.1.1 For all intrastate contests, meets and tournaments, regardless of the number of schools involved, each participating school must obtain permission to attend from their local school board.
10.1.2 In all interstate contests, meets and tournaments, each participating school shall follow the contest, meet and tournament rules of the state association of which it is a member, or rules which have been approved by the state association for interstate competition.

Nonskid surface mats are required for performing basket tosses and other similar multi-base tosses on a hard surface and must be a minimum of 6’ x 8’. (Folding panel mats and yoga mats are not acceptable nor appropriate).

12.1.2 The practice regulations and minimum practice requirements are determined by school district policy.

A. School uniforms may be worn ONLY during the WIAA season for that sport except during Washington State Coaches Association feeder or all state contests. NOTE: Uniforms are considered to be the school issued contest uniform (practice or shooting shirts are not classified as school uniforms) and are defined in the adopted rule book for each specific sport.
B. Football helmets and shoulder pads may be worn only during the WIAA season for that sport except as approved through the local school district policy.

17.5.5 Coaches may not transport current and/or prospective athletes to an out-of-season event in their particular sport.

C. This restriction does not apply to fundraising activities unless the fundraising activities include the students participating in skills that are specific to the sport being coached
   1. Fundraising activities are subject to the approval and rules of the participating school districts and/or Association Student Body governments.
   2. Participating in fundraising activities cannot be a requirement, incentive for, or a condition of participation on a team.
D. Organization or implementation of the wrestling weight management program is not considered to be the one (1) organizational meeting.

Q&A

17.5.9 In the sport coached, a school coach may not sponsor, coach or direct activities which resemble out-of-season practices or contests to any student at that high school or any feeder school(s) for that high school in the school district except during the designated season for that sport until after the final spring WIAA tournament is completed (high school) or until after the completion of the final spring sports season (middle level.) A feeder school may be either grades 7 and 8 or grades 7, 8 and 9.
A. A coach may coach their child at any time provided no other students who attend or feed into that school are involved, individually or as members of a team.

If a school district has specific boundaries for its high school(s) and middle school(s), a high school coach may coach students in the high school and the middle school(s) that feed directly to the high school only during their designated season (when the high school and middle level programs overlap or if that coach has a written agreement with the school district to coach at both the high school and middle level) or during the summer.

2. During the out-of-season time period, the coach could coach high school students attending a different high school or a middle school that does not feed directly to the high school in which that coach was hired to coach.

3. If a school district has an open enrollment policy, then a high school coach may coach students in the high school in which the coach is contracted to coach during the designated high school season, middle level students within that school district during the time period the high school and middle level season overlap or if that coach is contracted to coach at both the high school and middle level, or during the summer.

D. During the out-of-season time period, a private high school coach may not coach prospective middle level students. Prospective middle level students include:

1. Middle level students who attend a designated private feeder school owned and operated by the high school where the coach is contracted to coach; or

2. In the case where no designated private feeder school exists, middle level students who reside in the public school district where the private high school is located.

E. Exception: A coach, on an annual basis, may coach an individual(s) that has been invited to participate or has qualified for a national event which has been approved by the Association. The number of allowable practices, contests, and student athletes to be involved will be determined by the Association.

Q&A 17.5.10 STUDENTS AS MANAGERS OF HIGH SCHOOL TEAMS

A. A manager of a team is limited to preparing water/drinks, keeping statistics, and providing supplies to the coach and/or players.

B. Managers are not allowed to participate in any warm-up or practice drills in the same role as the athletes.

17.6.0 PHYSICAL EDUCATION CLASSES: A member school makes decisions regarding curriculum content and teachers and may limit the involvement of its coaching staff in teaching specific courses. Coaches may teach physical education classes provided all of the following conditions are met:

17.6.1 The class must include students who do not participate in the sport the coach coaches.

17.6.2 A variety of sports must be taught during the quarter or semester.

17.6.3 A variety of offensive and defensive strategies in each sport should be emphasized. Class time should not be used to teach offensive and/or defensive strategies that will be implemented by the school team, particularly if the defensive strategies are designed around a specific opponent from another school or another school team.

17.6.4 Videotapes or films may be shown to the entire class for group instruction. Videotapes or films of interscholastic contests should not be viewed on a one-to-one basis during class time.

17.6.5 Class members may not challenge one another for positions on the varsity squad in a specific sport. Example: A high jumper jumping during class time for his/her class grade would be allowed, as long as he/she does not challenge another student for a position on the varsity track team.

17.6.6 Class time may not be used to choreograph, critique, nor judge/officiate a competitive routine.

Q&A 17.7.0 CONDITIONING - A member school may organize and supervise a conditioning program which may include weight training, running and exercising provided all of the following conditions are met:

17.7.1 Participation in conditioning cannot be a requirement, incentive for, or a condition of participation on a school team;

17.7.2 It is open and advertised to all students at that school;

17.7.3 Instruction in specific sports skills is not provided.

17.9.2 Participation in a sport camp or clinic cannot be a requirement or condition of participation on a school team.

PHILOSOPHY OF SUMMER ACTIVITIES: Students may be afforded the opportunity to participate in activities during the summer if they so choose. Students should also be provided with an opportunity to participate with their families during the summer or simply take a break from sports prior to the start of fall sports turnouts. Limiting participation during the month of August for fall sports athletes helps to ensure that all students begin the fall sports season on an equal basis.

Q&A 17.10.0 SUMMER ACTIVITIES - Summer is defined for high schools as the first day following the WIAA spring tournaments through July 31. Summer is defined for middle level schools as the first day following the final day of the spring sports schedules or the first day following the WIAA spring tournaments, whichever is later, through July 31.
17.10.1 Coaches may conduct activities during the summer on their own, as individuals.
17.10.2 School districts may authorize the use of facilities, school equipment (such as football helmets and shoulder pads, balls, etc.), sport specific apparatus (such as batting cages, football sleds, nets, etc), and/or transportation for individuals and/or teams of that school during the summer if approved by the local school board.
17.10.3 School districts may provide liability insurance for summer programs.
17.10.4 School districts may not allow for the use of school uniforms during the summer. Uniforms are considered to be the school issued contest uniform (practice or shooting shirts are not classified as school uniforms) and are defined in the adopted rule book for each specific sport.
17.10.5 Participation in summer programs cannot be a requirement or condition of participation on a school team.

Q&A 17.11.0 PRACTICE REGULATIONS - School sponsorship or promotion of practice and/or participation is restricted to the WIAA designated season for that sport. Several practice regulations that apply to all sports during the school year are as follows:
17.11.1 PRACTICE DEFINITION – Practice is defined as a school scheduled in-person team physical activity designed for the preparation of athletes for the ensuing sports season and must be conducted under the supervision of the school coach during a school-approved practice at a school-approved site. Participation in physical education classes does not constitute a practice.
17.11.2 MINIMUM PRACTICE REQUIREMENT: Each student is required to complete the minimum number of practices in a specific sport the day before participating in a game. The minimum number is included in the specific sport sections of the WIAA handbook.
17.11.3 For the purpose of meeting the pre-contest practice requirements, an athlete must be medically cleared by a medical authority licensed to perform a physical examination (also refer to 17.11.2) to fully participate in practice. An individual may meet pre-contest practice requirements only when practicing during regular team practices.

The intensity and duration of each athlete’s participation in practice will be determined by the coach of that team.
17.11.4 Practice shall be limited to each sports season as defined under each sport. Up to five (5) practices from one (1) sport may be transferred to another sport except football in the same season provided practice in the succeeding sport begins within three (3) school business days following the last practice in the previous sport.
17.11.5 A coach of a school team (paid or volunteer) may conduct practice only during the WIAA sport season.
17.11.6 One (1) day is equal to one (1) practice for purposes of meeting the minimum practice requirements.
17.11.7 Schools may conduct practice or contests during any six days of the week.

Practice and/or competition may be held on a nationally recognized holiday.
Q&A 17.11.8 Practice on a game day shall not allow an athlete to become eligible for competition on that day.
Q&A 17.11.9 Participation in pre-contest warm-up exercises shall not count toward the pre-contest practice requirement.
Q&A 17.11.10 Interruption of Pre-contest Practices - Unless the school has a more restrictive policy, if an individual athlete’s pre-contest practice is interrupted, the athlete would stay at their current practice count, and upon their return to practice, continue toward meeting the minimum requirement.

A. Once the pre-contest practice requirements have been met, each school has the authority to establish minimum requirements regarding return to play.

17.11.11 Practice Accommodations for Circumstances Beyond the Control of the School - A school/school district must request and be approved by the WIAA office staff to adjust the process to meet the minimum practice requirements when a team practice(s) has not been held due to circumstances beyond the control of the school (facilities not available, roads impassable, prohibitive weather conditions, teacher strike/walk-out, emergency conditions, etc.)

While the number of pre-contest practices will not be waived, the following rule exceptions will be approved in the order listed for a school to offer the minimum number of practices for the team required for a specific sport prior to the first scheduled contest and for no more than one-half the minimum number of practices. The practice accommodations will not be granted for a jamboree or for individual athletes on a team.

A. Every effort must be made to reschedule the contest(s) that are affected.
B. Number of practices in a week - exception that will be allowed:
   Provided that the local school board approves a practice for a seventh day of the week, that practice can count toward the minimum practice requirements.
   If the minimum practice requirement still cannot be met, then the following will be waived:
C. Practice on a game day – Exception that will be allowed:
   A practice may be held on the same day as the first contest, which can count toward the number of required practices.
   If the minimum practice requirement still cannot be met, then the following will be waived:
D. One (1) day is equal to one (1) practice - Exception that will be allowed:
   Two (2) practices may be held on the same day and may be counted as two (2) practices for purposes of meeting the number of required practices. In this situation, the maximum number of practices that may be counted is two (2).

Q&A 17.11.12 Waiver of Individual Practice Requirements

A. An individual who participates in any level of WIAA sanctioned sport postseason playoffs and who cannot meet the minimum practice requirements for the immediate succeeding sport season will be allowed to waive up to a maximum of one-half of the required individual practice days for that sport only if the available team practice days are insufficient to meet the minimum requirement before a scheduled contest and only if practice in the succeeding sport begins within two (2) school business day or the Monday following elimination from the postseason event, whichever comes first.

B. An individual, who participated and qualified in the alternate (fall) season for a spring state championship and who also participated in a spring sport, will be allowed to waive up to a maximum of one-half of the required individual practice days for the alternate season sport before a scheduled contest in that sport.

17.12.0 SQUAD - DEFINITION - A group of students playing together against another group of students is a squad. A student is considered a member of a squad when the student is included on a school’s eligibility list for that sport.

Member schools are expected to promote fairness, equity and safety during all contests.

PHILOSOPHY OF CROWD MANAGEMENT:

Each WIAA member school is responsible for managing the student and adult spectators attending an event on behalf of that school. Member schools are expected to promote fairness, equity and safety during all contests. Standards of acceptable behavior at events must be developed and monitored at each event in which the school participates. Inappropriate behavior at an event will cause the school to follow the WIAA handbook rule regarding rule violations and penalties.

Suggested best practices to continue to build healthy cultures at schools and WIAA sponsored events can be found in Appendix 5.

Any coach is prohibited from unilaterally refusing to play.

PHILOSOPHY OF CROWD MANAGEMENT: Each WIAA member school is responsible for managing the student and adult spectators attending an event on behalf of that school. Member schools are expected to promote fairness, equity and safety during all contests. Standards of acceptable behavior at events must be developed and monitored at each event in which the school participates. Inappropriate behavior at an event will cause the school to follow the WIAA handbook rule regarding rule violations and penalties.

Suggested best practices to continue to build healthy cultures at schools and WIAA sponsored events can be found in Appendix 5.

17.31.0 SUPERVISION OF TEAM/CONTEST - During the sport season, all team/contestant activity (designated practice, turnouts, games, meets, playoffs) shall be under the supervision of a school approved supervisor.

17.32.0 CROWD CONTROL RESPONSIBILITY - During each sport season, any activity (games, meets, playoffs) must be contested under the supervision of a school approved supervisor. At all interscholastic activities member schools are obligated to maintain proper crowd control at all interscholastic activities. The WIAA Executive Board shall have full authority to penalize any member school whose representatives or spectators may be adjudged, upon evidence presented, to have violated these obligations. The Association shall have no responsibility for crowd control or for the actions of school representatives.

17.30.1 SUPERVISOR RESPONSIBILITIES - All activity supervisors must be designated by the member school. It is recommended that, when possible, the supervisor be a designee separate from a member of the active coaching staff (of the activity being contested). Each supervisor must be trained in the member school’s Contest Conduct Plan and directly present in the area where the activity is conducted. The supervisor must ensure that all Standards of Acceptable Behavior are upheld by those in attendance at the activity, carrying out all aspects of the school’s designated Contest Conduct Plan as needed. The supervisor serves as the point of contact for any incidents that may occur.

A. Each school is required to provide supervision at ALL levels of WIAA sanctioned contests/activities.

B. If a visiting school cannot provide a school supervisor who is not a member of the active coaching staff (of the activity being contested), due to availability or contest location, the visiting school shall communicate this with the host school and share their strategy to provide supervision for its school-affiliated crowd(s).

A. INCIDENT MANAGEMENT - Member schools must generate step-by-step protocols for responding to an incident of inappropriate or discriminatory behavior or harassment that takes place at one of its WIAA-sanctioned events. Suggested Incident Management components include the following:
   1. Pausing/postponing/canceling the event
   2. Removing those engaging in harmful behavior
   3. Escorting visiting teams and if necessary, officials, to vehicles/buses at the end of an event
   4. Providing support for those impacted by the harmful behavior.
   5. Other mitigating procedures to prevent further incidents from occurring throughout the remainder of the event.

B. SPECTATOR, COACH & PARTICIPANT EDUCATION - Member schools must generate an educational component, putting in place preemptive measures to curb inappropriate actions and discriminatory harassment. These measures must take place prior to the start of each sports season and include active student participants and student body.
   1. EXAMPLES OF EDUCATIONAL MEASURES –
      a. Peer-led presentations on sportsmanship at a schoolwide assembly, sport-specific preseason meetings, and/or advisory periods;
      b. Informative sessions on the consequences of discriminatory behavior;
      c. Plans in place to provide student-athlete-read PA announcements on sportsmanship and equity prior to every WIAA-sanctioned event;
      d. Pre-season training for all sports teams;
      e. Signed code of conduct for parents and students;

   17.34.1 To determine whether an injured participant for whom the designated medical authority has responsibility may continue in the contest. A coach, official, parent, another physician, or any other person may not overturn the designated medical authority’s decision against further participation.

   17.34.2 To interrupt a contest if, in the designated medical authority’s opinion, continuation would post a significant threat to the safety, health, or life of a competitor, due to an injury to a competitor. Authority to suspend or terminate a contest rests with the game management.

   17.34.3 To enter the field of competition as necessary to fulfill required responsibilities.

   17.34.4 To consult with designated tournament medical authorities of medical decisions affecting competitors for whom the physician has responsibility.

   17.34.5 To provide, when requested by an opposing team, medical coverage/services for that team in the absence of a team designated medical authority from that school.

18.0.0 STUDENT STANDARDS FOR INTERSCHOLASTIC ELIGIBILITY

PHILOSOPHY OF STANDARDS OF ELIGIBILITY: In keeping with the belief that participation in activities is a privilege and not a right, certain standards of eligibility have been established. Standards on age, residence and seasons limitations promote the Association’s goals of fairness and equality of opportunity for all participants. Standards on scholarship, attendance and amateur standing support the Association’s goals of educating youth and promote activities as an integral part of the total educational process.

Student eligibility is determined by the athletic director at the member school in which the student participates. There are six (6) separate components that are reviewed to determine eligibility.

18.1.0 STUDENT ELIGIBILITY CRITERIA - All participants must be eligible under the rules of the Washington Interscholastic Activities Association to participate in an interscholastic contest.

   18.1.1 If a school district has more restrictive eligibility standards, the student will be held to the more restrictive standard.

   18.1.2 This regulation does not restrict participation in practices.
18.2.0 CLEARED FOR PARTICIPATION - No student shall participate in a practice unless they are on the cleared for participation list on file in the principal's office or the office of the principal's designee.

18.2.1 A student must be on a school's cleared for participation list on or before the 50 percent (%) date for that sport in order for a student to participate in postseason and state tournament playoffs for a WIAA member school. The 50 percent (%) rule dates are included in each sports section of the WIAA Handbook.

Q&A 18.3.0 ELIGIBLE TO COMPETE - Only students who are currently eligible to compete in an activity may appear in the team uniform on the team bench, sideline, court, field or deck during the contest.

18.3.1 A student must be currently eligible for an activity in order to participate in the pre-event warm-up.

18.3.2 Upon mutual agreement of schools or leagues, eligibility lists may be exchanged.

Q&A 18.4.0 PHYSICAL EXAMINATION - Prior to the first practice for participation in interscholastic athletics a student shall undergo a thorough medical examination and be approved for interscholastic athletic competition by a medical authority licensed to perform a physical examination.

18.4.1 Results of the exam shall indicate:

A. Documentation of a detailed review of the student's medical history with special attention to presence or absence of cardiovascular/pulmonary risks and/or previous significant injury and rehabilitation there from.

B. Documentation of satisfactory examination of the cardiopulmonary system.

C. Documentation of satisfactory sport-specific orthopedic screening examination.

D. A written statement by the examiner as to the fitness of the student to undertake the proposed athletic participation, together with suggestion for activity modification if necessary.

18.4.2 Those licensed to perform physical examinations include a Medical Doctor (MD), Doctor of Osteopathy (DO), Advanced Registered Nurse Practitioner (ARNP), Physician’s Assistant (PA), and Naturopathic Physician.

18.4.3 The school in which this student is enrolled must have on file a statement (or prepared form) from a medical authority licensed to give a physical examination, certifying that the participant's physical condition is adequate for the activity or activities in which the student wishes to participate.

18.4.4 To resume participation following medical care by a medical authority licensed to perform a physical examination and/or a dentist (for dental injury) or podiatric physician (for a foot and/or ankle injury), a participating student must present to the school officials a written release from a medical authority licensed to perform physical examinations as listed in 18.4.2 and/or a dentist or podiatric physician as applicable.

18.4.5 To resume participation following medical care for suspicion of concussion or concussion, both the school athletic director and the medical authorities approved by the WIAA to make return to practice/play decisions (MD, DO, PA, ARNP, LAT) shall use the WIAA’s designated “Return to Practice and Competition for Athletes with a Suspected Concussion” form. This new rule will be known as the “Kenney Bui Rule.”

18.4.6 The physical examination shall be valid for twenty-four (24) consecutive months to the date unless otherwise limited by local school district policy or when the physician indicates the physical is only good for less than twenty-four (24) consecutive months.

18.4.7 For each subsequent twenty-four (24) month period the student shall furnish a statement or physical examination form signed by a medical authority licensed to perform a physical examination that provides clearance for continued athletic participation.

Q&A 18.5.0 AGE LIMITS - SENIOR HIGH SCHOOL – A student shall be under 20 years of age within the first two (2) weeks of each sport season.

AGE LIMITS - JUNIOR HIGH SCHOOL – A student shall not have reached their 16th birthday prior to June 1 of the previous school year.

AGE LIMITS - MIDDLE SCHOOL – A student shall not have reached their 15th birthday prior to June 1 of the previous school year. Middle school is defined as a school with at least seventh and eighth grade levels.

18.5.1 Overage Student - A student who is ineligible to compete in middle or junior high level school athletics due to the age rule may participate in all sports in the public senior high school of the public school district provided both middle or junior high level and senior high school principals of the public school district concerned approve the student’s participation. The middle level/junior high school principal shall certify to the senior high principal the student's scholastic eligibility.

18.6.0 STUDENT MEMBER OF A SCHOOL - Students must be regular members of the school they represent in order to participate in an interscholastic activity. Students are a "regular member" if they meet one of the following:

A. Enrolled half time or more, exclusive of interscholastic activities.
B. Participating at the resident public school in which their home is located and receiving academic instruction in a private school without the sport, alternative school without sports and/or registered as home school in the school.

C. Participating at a school involved in an approved combine with the school.

Definitions:

18.6.1 RESIDENT PUBLIC SCHOOL: The public school that the student would normally attend based on the location of the residence within the public school service area and policies.

18.6.2 SCHOOL OF CHOICE: The school that is not the resident public school. The school of choice can be a public, private, alternative, charter, home school, or online school.

18.6.3 Home Based Education – Home School Contract must be on file annually in the principal’s office or office of the principal’s designee. Home based students must register with a public school district with the intent to home school. Home based students do not receive assistance from the school district, nor does the school district receive FTE funding or any other outside sources for them. Home based instruction students are categorized as regular members of a school. Therefore, to be eligible for interscholastic activities, the student must:

A. Meet both WIAA and school district eligibility requirement standards of all students, including transfer student requirements.

B. Meet and adhere to the same team responsibilities and standards of behavior and performance of other members of the team/squad.

C. Participate as a member of the public school in which service area they reside with their family unit. After registering with the school district as a home school student, a student is subject to the transfer rules if they subsequently change schools.

D. Provide to school authorities acceptable documentation of any interscholastic eligibility standards required of all other student participants.

E. Comply with WIAA and local school regulations during the time of participation.

F. Comply with RCW 28A.225.010 (4).

Q&A 18.6.4 Alternative Education – Alternative Education Contract must be on file annually in the principal’s office or office of the principal’s designee. Alternative education programs are academic learning opportunities that fall outside of the traditional school house format. These schools must be registered with OSPI. A school district receives FTE funding for students involved in these programs. A full-time high school student in a public alternative school without athletics may participate at the resident public school that the student would normally attend or that student’s public school of record.

18.6.5 Private School Education - A student who is a regular member in a private school may participate on the interscholastic teams of their resident public school if the student resides within the service area of that public school and if the interscholastic activity is unavailable to the student in the private school. The following rules may not be appealed:

A. Students in a private school must meet the same team responsibilities as public school team members and are obligated by the same standards of behavior and performance as other members of the team.

B. In a school district with multiple middle schools, a full-time seventh (7th) or eighth (8th) grade student in a private school who qualifies under 18.6.2 shall be able to participate at the seventh (7th) or eighth (8th) grade public school that is nearest that student’s current private school provided they reside in that school district.

Q&A 18.7.0 RUNNING START ELIGIBILITY STANDARDS – A Running Start Contract must be on file annually in the principal’s office or office of the principal’s designee. A Running Start student’s eligibility is through the public school of residence/record, where the student accesses the Running Start program.

18.7.1 Member of the School - The Running Start student will not be included on the school’s P-223 count submitted to OSPI. Running Start is considered a mainstream program. The school of eligibility must be the school of residence/record for the Running Start student and include the same transcript records as all other students.

18.7.2 Regular Attendance - The Running Start student must comply with the WIAA minimum eligibility standards of attendance and comply with local school attendance eligibility policies required of all other students. Note: Students who access the Running Start Program at the community colleges may find themselves on a different academic calendar from their high school for academic eligibility.

18.7.3 Previous Semester/Trimester - The Running Start student shall meet the requirements of 18.8.0 by having been in regular attendance during the previous semester/trimester immediately preceding the semester/trimester in which the contest is held. Coursework will be monitored at any time and, at a
minimum, the previous semester grades recorded on the official transcript. The School Eligibility Standards must be consistently applied to all students. School board (or schools so authorized by school district policy) adopted standards greater than WIAA standards must be applied.

18.7.4 Scholarship - The Running Start student shall maintain passing grades during the previous and current high school semester/trimester equivalent to the standards set in 18.8.0. For the purposes of this rule, one (1) five (5) credit class in a college quarter shall be equal to one (1) high school credit and one (1) three (3) credit class in a college semester shall also be equal to one (1) high school credit.

Running Start students who participate in club sport programs at the post-secondary institution they attend forfeit their interscholastic eligibility for the corresponding WIAA sanctioned sport.

GUIDELINES IN ESTABLISHING RUNNING START ELIGIBILITY:

A. Determine the number of credits required for athletic eligibility at the student’s high school.
   Example: Five (5) classes required in a six (6) period school day is equal to 2.5 semester credits needed for eligibility.

B. Establish the student’s academic schedule for the year, either entirely as a Running Start student or a student with a blended schedule of classes from both Running Start and the high school.

C. Determine the number of credits to be earned in each of the courses.

D. The credits in the Running Start second term can be used either for the first (1st) semester, the second (2nd) semester, or split between the two (2) semesters.

E. It is possible that a Running Start Student would not attend any classes during one (1) of the three (3) Running Start terms and still be eligible, provided they took enough credits during the other two (2) terms to meet or exceed the number of credits per semester for athletic eligibility at the high school.

F. Running Start is a public school mainstream educational program. Eligibility is at the public school of residence/record where the student accesses the Running Start program. A student could still compete athletically for the private school if they maintain enrollment at the private school for at least 50 percent (%) of the school day at the private school.

PHILOSOPHY OF SCHOLARSHIP: While the WIAA is aware of the important role that interscholastic athletics play in the development of students, the WIAA member schools are also committed to the philosophy that the primary purpose of our secondary schools should be to academically prepare students to become productive citizens upon graduation. Scholastic incentives should be established and enforced for the educational and personal welfare of the students who participate.

18.8.0 SCHOLARSHIP - In order to maintain eligibility during the current semester/trimester, the student shall be full-time and maintain passing grades, or the minimum grade standards as determined by the school district if more restrictive, in a minimum of:

- 3 classes in a 4 period class schedule or the equivalent credits
- 4 classes in a 5 period class schedule or the equivalent credits
- 5 classes in a 6 period class schedule or the equivalent credits
- 6 classes in a 7 period class schedule or the equivalent credits
- 7 classes in an 8 period class schedule or the equivalent credits

Class schedule guidelines referenced above shall be the requirement of all full time students in that school.

NOTE: Any class posted as a “W” indicates a student has withdrawn from the class and is not considered a class toward the minimum class or the equivalent credit requirements.

18.8.1 Member schools may allow only seniors who are on track to graduate to initially enroll in one less class than the minimum number of classes required to be passed for other students. Seniors enrolled in one less class than required to be passed by other students must maintain passing grades in all classes in which they initially enrolled in order to remain academically eligible. Seniors may not drop or withdraw from a class in order to remain eligible.

18.8.2 Any class taken as part of the regular schedule of the student during the semester/trimester shall be considered to be a full time subject.

In order to meet the minimum requirement, classes must be for high school credit and be reflected as such on the high school transcript.
18.8.3 Schools shall establish a grade monitoring system to ascertain the student’s passing status in the minimum of required classes. To monitor a student’s continued academic eligibility, periodic grade checks within each three (3) to six (6) week period are required during the current semester/trimester beyond normal grading periods. Private school students participating at their public school of residence will be held to the grade standard of the school they academically attend.

18.8.4 A student shall have passed the minimum number of classes as listed in 18.8.0 in the immediately preceding semester/trimester in order to be eligible for competition during the succeeding semester/trimester. The record at the end of the semester/trimester shall be final, except for those class-for-class replacement credits earned in a regular, accredited school program or alternative educational program accepted by the school district.

18.8.5 Incompletes may be made up for credit during the first five (5) weeks of the subsequent semester/trimester. The student shall be ineligible for interscholastic competition until the incomplete(s) are cleared.

Q&A 18.8.6 ACADEMIC INTERVENTION

For the purpose of this rule:

Probation is defined as - a period of monitoring student academic progress, while still being eligible to compete.

Suspension is defined as - the determined period of time that a student is making up academic progress, while not being eligible to compete but may participate in practice.

18.8.6.1 FALL - A student will be placed on academic probation at the start of the fall sport season if they failed to meet the grade requirements of 18.8.4 in the second semester or the third trimester of the previous school year.

A. The probation period for high school students shall be from the end of the previous semester through the fourth (4th) Saturday in September.

B. If, at the end of the probation period, the student is passing in the minimum number of classes required above, the student may then be removed from probation.

C. If the student fails to meet the academic standards of rule 18.8.4 at the end of the probation period, the student will be placed on academic suspension for three (3) weeks and will be ineligible for contests.

D. If a student meets the academic standards of 18.8.4 at the end of the three (3) week suspension, the athlete will no longer be on academic suspension and will be eligible for contests as long as they remain in compliance with a school’s regular monitoring of academic progress.

E. In the fall, an incoming ninth grade student is not required to meet the previous semester scholarship rule in 18.8.4 provided they have met all other eligibility requirements. The student’s grades will be monitored during the first designated monitoring period established by the school and every three (3) to six (6) weeks thereafter.

F. In the Fall sports season, students that do not meet the regular attendance standard of rule 18.7.2 and 18.10.0 are not eligible for a probationary period at the beginning of the fall and must be placed on a five (5) week academic suspension. Their eligibility can be reinstated after the fourth Saturday in September if at that time they are meeting the academic standard of rule 18.8.4.

18.8.6.2 WINTER / SPRING - A student who failed to meet the grade requirements of 18.8.4 shall be placed on suspension because the grading period ended during the same school year (i.e. second semester for a winter or spring athlete).

Suspension is the first five (5) weeks of the succeeding semester/trimester. If the suspension period falls during a non-school week (as defined in 17.14.1) and the athlete is missing scheduled competition, the week may count toward the five (5) week suspension.

Q&A 18.9.0 PREVIOUS SEMESTER/TRIMESTER - The student shall have been in regular attendance as a full-time student as defined in 18.10.0 in an elementary, intermediate, middle level, or high school during the semester/trimester immediately preceding the semester/trimester in which the contest is held.

Q&A 18.10.0 REGULAR ATTENDANCE - The student shall be enrolled and in regular attendance within the first 15 school days in a semester or ten (10) school days in a trimester at the start of the current semester/trimester in order to participate in interscholastic contests during the current semester/trimester. An enrolled student who receives semester/trimester grades will be considered to have been in attendance for that semester/trimester unless they are withdrawn from school.

PHILOSOPHY OF RESIDENCE RULE: The WIAA residence rule is intended to create an equitable environment in which its member schools can compete, and at the same time prevent those abuses that taint the goals of interscholastic activities. Primarily, the residence rule is intended to prevent athletic recruiting, prevent students from choosing schools for athletic reasons, and to promote...
the varied family units as the best environment for students to live in while attending school. Deterring students from running away from or avoiding imposed discipline, protecting school programs by discouraging athletic transfers and protecting the opportunities for bona fide resident students to participate are also viable reasons for the residence rule.

Q&A 18.11.0 DEFINITION of RESIDENCE and FAMILY UNIT

RESIDENCE - The place where the family unit has established its home and/or the place where the student is habitually present and to which, when departing, the student intends to return.

FAMILY UNIT - The adult(s) who has/have resided with, had legal custody, legal guardianship, or has/have acted in a parental capacity of the student and any siblings high school age or younger with whom the student resides for a period of at least one (1) year.

18.11.1 In order to be eligible to participate and/or represent a member school in an interscholastic contest, the student of that school must be residing within the boundaries of that school district and designated attendance area of the school. In the event a school does not have a designated attendance area, the WIAA Executive Board shall have the authority to designate an attendance area for such school. The WIAA Executive Board shall consider all relevant factors, including but not limited to, the natural or historical attendance area for such school, the geographical setting of the school in the municipality, and the nearby public school boundaries.

18.11.2 Unless otherwise provided, a student shall become varsity eligible at the school in which that student resides with the family unit, provided the student continuously attended that member school, or a feeder school of that member school, for a period of one (1) year.

18.11.3 A student who cannot meet the Residence Rule requirements would be eligible for all interscholastic competition below the varsity level, subject to 18.28.3.

18.11.4 Residence Area for private schools shall be a fifty (50) mile radius from the school address. Any move by the family unit within the 50-mile radius from the school would require continuous enrollment at the original private school of residence. NOTE: Refer to Article 3.1.1 for status of a private school district.

PHILOSOPHY OF TRANSFER - The Transfer Rule is intended to create and maintain a consistent and level playing field for students in member schools. In keeping with the belief that participation in activities is a privilege and not a right, certain standards of eligibility have been established. The transfer rule protects students who have previously participated in athletic competition at a member school from being replaced by students who transfer. It encourages fair play, communication and determination while discouraging “school shopping” and abuses of promotion and recruiting by member schools and their agents. While recognizing the educational experiences that each member school provides, the WIAA member schools support the right of parents and students to attend a school of their choice during the window of transfer. Our membership also recognizes the unpredictable nature of the high school experience. Therefore, the WIAA supports the right of parents and students to attend a school of their choice, however, this does not guarantee varsity athletic eligibility. Once a student establishes themselves at a school, there must be an acceptable set of circumstances or “hardship” to warrant varsity athletic eligibility if a student transfers schools.

Q&A 18.12.0 TRANSFERRING STUDENTS - After residing in, registering with, attending, or participating with a middle level or high school, students changing enrollment to/from one school district to another school district or from one high school to another high school within a multiple high school district shall be considered transferring students. In order to be eligible for varsity competition, transferring students must meet the transferring student requirements of 18.12.1, 18.12.2, 18.12.3, or be granted a waiver under 18.14.0 and 18.28.3. This section shall also apply to those students receiving home based instruction. NOTE: Refer to Article 3.1.1 for the status of a private school district.

18.12.1 A student who is ineligible in a member school for interscholastic activities may not become immediately eligible at another member school without completing the conditions of ineligibility.

18.12.2 The following students who are attending a member school shall be deemed to meet the residence rule requirement and transferring student rule requirements:

A. A student whose transfer is based on a bona fide change of residence to a new school (district) due to an actual physical relocation of and with the entire family unit to a different residence and preceded by termination of all occupancy of their previous residence (unless subject to 18.11.4 or 18.12.2.H).

B. A student attending a school outside of their residence district for one (1) calendar year or more is eligible thereafter at that school provided the enrollment/attendance is continuous.

C. A student whose parent(s) or legal guardian(s) reside at different abodes as the result of a divorce or court approved legal separation is allowed one (1) transfer between parents or guardians after entering the ninth (9th) grade without being restricted to sub-varsity competition for one (1) year.

D. A student who is under commitment to the Department of Social and Health Services, a student who is on juvenile parole status and a student who has been adjudicated as a ward of a juvenile court where residence is the result of assignment by the government entity charged with their care.

E. A student who has a residence change because of the death of a member of the family unit or military deployment in order to reside with a relative.
F. A seventh (7th) and/or eighth (8th) grade student who transfers to a school without a corresponding change of residence by their family unit and who meets all other conditions of eligibility shall be eligible at the new middle school when properly enrolled. **If an eighth grader transfers, and eighth (8th) graders are allowed to participate at the high school level, high school eligibility at the receiving school is limited to sub-varsity only for the remainder of that school year. This rule cannot be appealed.**

G. A student, except F-1 Visa students, upon enrollment to the initial first level of a private school within a 50-mile radius of the family residence from their public school of residence or their public school of residence from a private school within a 50-mile radius of the family residence.

H. A student who wishes to transfer to a school without a corresponding change of residence by their family unit and who meets all other conditions of eligibility shall have initial eligibility at the new school only during the window of transfer (per school district policy.)

1. The window of transfer may be accessed one (1) time during the natural break between junior high/middle school and high school.
   a) If the receiving school declares its ninth (9th) graders as junior high athletes, the window of transfer is between the ninth (9th) and tenth (10th) grade years.
   b) If the receiving school declares its ninth (9th) graders as high school athletes, the window of transfer is between the eighth (8th) and ninth (9th) grade years.

I. Provided all other conditions of eligibility are met, a student who has established their athletic eligibility at a high school of choice, public or private, located outside their resident public school during the window of transfer described above, will be required to have continuous enrollment at the established school of choice regardless of any family unit move within the student’s original or chosen resident public school district attendance boundaries.

J. **CHILDREN OF “MISSION OR KEY AND ESSENTIAL” MILITARY PERSONNEL** – A military service member who is deemed by the Department of Defense or the Department of Homeland Security (US Coast Guard) as “mission/ or key and essential” and who is further required to live within the boundaries of the military base, may upon arrival, enroll their child(ren) in a school district the family chooses. Such child(ren) shall be considered immediately eligible provided all other WIAA eligibility rules are met. Should the child(ren) change schools, all WIAA eligibility rules, including transfer rules, must be met.

K. A student, including F-1 Visa students, coming from outside the 50-mile radius upon enrollment to an Adventist boarding school based upon being an Adventist, would be varsity eligible.
18.13.0 SUB-VARSITY STATUS - Ineligibility pursuant to section 18.12.0 shall be effective for one (1) calendar year from the date of enrollment. This ineligible status only prohibits a student from competing at the varsity level.

18.14.0 RESIDENCE RULE WAIVER - Transferring students, unless eligible via 18.11.0 through 18.12.0, shall be deemed to have transferred at will and must apply to the WIAA District Eligibility Committee for a waiver of the Residence Rule. Such an application shall be processed under the appeal provisions contained in Article 19 of this Handbook. The procedure for evaluating a transferring student’s application will be as follows:

18.14.1 The student must meet all other eligibility requirements of Article 18 of this Handbook.

18.14.2 The student must establish a hardship as defined under the provisions of Article 19.1.0 and as determined by the District Eligibility Committee.

A. A student transferring from a school of choice may gain eligibility only at their resident public school if granted a hardship.

18.14.3 There can be no evidence that either the student transferred for the purpose of participating in interscholastic athletics or transferred as a result of having been recruited for the purpose of participating in interscholastic athletics.

18.14.4 In addition to the above requirements, the District Eligibility Chairperson shall, as an added condition of eligibility, require that a transferring student submit a WIAA Previous School Statement. A copy of the signed form must be retained on file in the school office for the duration of the student’s attendance at that school.

Q&A 18.15.0 SEASON LIMITATIONS - After entering or being eligible to enter the seventh (7th) grade students shall have six (6) consecutive years of interscholastic eligibility. If the seventh (7th) or eighth (8th) grade is repeated, and such repetition is based upon documented academic deficiencies by the school principal, the repeated year shall not count against the student’s six (6) interscholastic competitive years. Home school students are required to provide documentation of academic deficiency to be verified by the school principal.

After entering or being eligible to enter the ninth (9th) grade, a student shall have four (4) consecutive years of interscholastic eligibility.

For the purpose of this rule, consecutive shall mean starting on a designated date and continuing without delay or interruption for four (4) consecutive years. For the purpose of interpreting this rule, interscholastic eligibility exists for a maximum of six (6) years after entering or being eligible to enter the seventh grade and four (4) consecutive academic years after entering or being eligible to enter the ninth grade, and as long as the total years of eligibility (grades 7-12) do not exceed six (6) years. Application of this rule shall not be determined by years of participation in individual sports or sport seasons.

18.15.1 Students who do not attend school or who fail to, or are deemed ineligible to participate shall forfeit their eligibility during that period and shall not be provided any additional period of eligibility except as may be provided through the appeal process in Article 19.

18.15.2 Students repeating the eighth (8th) grade at the middle level or ninth (9th) grade at the junior high level may participate in the senior high school of the same school district provided the principals of both schools involved agree. In such case, the middle level school principal shall provide certification of the student’s scholastic eligibility to the high school principal.

18.15.3 Additional eligibility shall not be granted if the student has had six (6) years of interscholastic eligibility after entering or being eligible to enter the seventh (7th) grade or four (4) consecutive years of interscholastic eligibility after entering or being eligible to enter the ninth (9th) grade.

18.15.4 A student who has been identified as receiving special education services and who is accessing educational services beyond their interscholastic eligibility may apply for a waiver of this rule by submitting a request for extended eligibility at the sub-varsity level to the WIAA Executive Director. The WIAA Executive Director may grant a waiver of this rule provided the student does not pose a safety risk to themself or to other students.

PHILOSOPHY OF GENDER IDENTITY PARTICIPATION: The WIAA encourages participation for all students regardless of their gender identity or expression. Further, most local, state and federal rules and regulations require schools to provide transgender and other gender-diverse student-athletes with equal opportunities to participate in athletics. The purpose of this policy is to offer clarity with respect to the participation of trans and gender-diverse student-athletes. Additionally, this policy encourages a culture in which student-athletes can compete in a safe and supportive environment, free of discrimination.

18.16.0 GENDER IDENTITY PARTICIPATION - All students have the opportunity to participate in WIAA athletics and/or activities in a manner that is consistent with their gender identity. Currently, most athletic programs are offered separately for boys and girls as outlined in Appendix 1. Athletes will participate in programs consistent with their gender identity or the gender most consistently expressed. School personnel responsible for student eligibility will work collaboratively with the student-athlete to determine eligibility. Once the student has been granted eligibility to participate in the sport consistent with their gender identity, the eligibility is granted for the duration of the student’s participation and does not
need to be renewed every sports season or school year. The WIAA staff is willing to collaborate with any member school seeking assistance regarding gender equity. For additional information on Gender Identity, refer to Appendix 6.

18.17.0  FIFTH (5th) GRADE PARTICIPATION — Fifth (5th) graders may participate in any middle level program except football if the total enrollment of the seventh (7th) and eighth (8th) grades in a middle school is less than 40 on the first day of the season for that sport.

18.17.1  This participation does not count against the student’s middle level eligibility.

18.17.2  This rule may not be appealed through the eligibility appeal process.

18.17.3  FIFTH (5th) GRADERS PRACTICE WITH THE MIDDLE LEVEL TEAM — If the enrollment in a middle school is more than 40 on the first day of the season for that sport, fifth (5th) graders may practice with the seventh (7th) and eighth (8th) grades.

A. The local school board must assume all responsibility for the fifth (5th) grade students practicing with the seventh (7th) and eighth (8th) grade teams.

Q&A 18.18.0 SIXTH (6th) GRADE PARTICIPATION — Depending upon the action of the school district, sixth (6th) graders may participate in any seventh (7th) and eighth (8th) grade program except football.

18.18.1  Sixth (6th) graders attending a middle school of any size may participate in any seventh (7th) and eighth (8th) grade program except football, if the following conditions are met:

A. Required approval:
   1. School principal, superintendent, and local school board approval.
   2. League approval.
   3. WIAA District Board approval.

B. The WIAA out-of-season rules would apply to sixth (6th) graders involved in these approved programs.

18.18.2  This participation does not count against the student’s middle level eligibility.

18.18.3  This rule may not be appealed through the eligibility appeal process.

18.18.4  SIXTH (6th) GRADERS PRACTICE WITH THE MIDDLE LEVEL TEAM — If the enrollment in a middle school is more than 40 on the first day of the season for that sport, sixth (6th) graders may practice with the seventh (7th) and eighth (8th) grades.

A. The local school board must assume all responsibility for the sixth (6th) grade students practicing with the seventh (7th) and eighth (8th) grade teams.

18.19.0  JOINING SEVENTH (7th) AND EIGHTH (8th) GRADERS WITH NINTH (9th) GRADE - A school district which operates with an organization pattern other than a 6-3-3 may with league approval join the seventh (7th) and eighth (8th) graders from member schools with high school ninth (9th) graders for middle level competition in any one or all sports seasons.

18.19.1  If there is more than one high school operating within the school district, each high school will serve the students of their attendance area.

18.19.2  This rule may not be appealed through the eligibility appeal process.

18.20.0  MIDDLE LEVEL PRACTICE WITH THE HIGH SCHOOL TEAM

18.20.1  If a sport is not offered by the middle school, middle level students may practice with the feeder high school as long as the number of consecutive weeks does not exceed the season limitation for middle level in that sport.

18.20.2  If a sport is offered by the middle school, middle level students may practice with the feeder high school teams only during the time period that the seasons run concurrently.

18.20.3  The local school board must assume all responsibility for the middle level students practicing with high school students.

18.20.3  This rule may not be appealed through the eligibility appeal process.

Q&A 18.21.0 EIGHTH (8th) GRADERS PARTICIPATION WITH THE HIGH SCHOOL TEAM

18.21.1  FEEDER MIDDLE SCHOOL/JUNIOR HIGH - DEFINITION

A. Public schools – the middle school/junior high whose students will progress to a specific high school.

B. Private schools
   1) A designated private feeder school owned and operated by the high school; or
   2) In the case where no designated private feeder school exists, the middle school(s)/junior high(s) in the public school district where the private high school is located.

18.21.2  With league approval, high schools with an enrollment equal to or less than one-half of the enrollment in the largest 2B school may allow eighth (8th) graders from a WIAA member feeder middle school/junior high to participate in any high school program for that classification cycle.

NOTE: 165 will be the enrollment cut-off for the 2020-2024 classification cycle.
18.21.3 With league approval, any 2B school with an enrollment of 166 or more, or a 1A school may allow eighth (8th) grade students from a WIAA member feeder middle school/junior high to participate in the high school program with the intent to maintain a varsity and a junior varsity program in baseball, basketball, soccer, softball, or volleyball. Eighth graders cannot be brought up to establish a C squad.

NOTE: If a 2B or 1A school is not a member of a league, WIAA District approval is required.

18.21.4 With league approval, any 2B school with an enrollment of 166 or more, or 1A school may allow eighth (8th) grade students from a WIAA member feeder middle school/junior high to participate in any high school program except football if that sport is not offered at the middle level/junior high.

NOTE: If a 2B or 1A school is not a member of league, WIAA District approval is required.

18.21.5 With league approval, any 2B school with an enrollment of 166 or more, or 1A school may allow eighth (8th) grade students from a WIAA member feeder middle school/junior high to participate at the high school level if at any time during the season the number of participants on the high school team is at or below these specified numbers.

NOTE: If a 2B or 1A school is not a member of a league, WIAA District approval is required.

Baseball: 25
Basketball: 16
Soccer: 25
Softball: 25
Volleyball: 17

18.21.6 Whether the seasons run concurrently, or during different times during the school year, combining contests in both middle level and high school, an eighth (8th) grader may participate in the maximum number of high school contests. Also refer to the specific sport sections in this WIAA handbook to verify daily, weekly or season limitations.

18.21.7 Provided all conditions of eligibility are met, any student will have four (4) years of eligibility after entering the ninth grade.

18.21.8 This rule may not be appealed through the eligibility appeal process.

18.22.0 NINTH (9th) GRADE PARTICIPATION - Ninth (9th) graders may be declared on the WIAA membership form either in the middle level program or the high school program, on a sport by sport basis, regardless of the building in which the ninth (9th) graders are actually located.

18.22.1 A high school that has a squad of players consisting solely of ninth (9th) grade students must conduct its competition either under middle level school playing rules or under high school playing rules, depending upon whether it is playing a middle level team or a high school team.

18.22.2 A squad that consists of students from several grades (9th, 10th, 11th and 12th) will compete under high school playing regulations.

18.22.3 Ninth (9th) grade students, when declared in high school by the local school board, may form as many squads as desired and enter competition provided the squads are accepted by the league in which that school participates.

18.22.4 Ninth (9th) grade students in a high school can participate on any squad in that school and must adhere to all rules and regulations that apply.

18.22.5 When ninth (9th) grade is part of a middle level school program (6-3-3 organizational pattern), the ninth (9th) grade student shall not participate in any high school (10-12) athletic program if that sport is available in the middle level, except in the case of an overage student.

18.22.6 If ninth (9th) grade students are declared in high school by the local school board in that school, the student is ineligible for that school district's middle level school team in that sport during that school year.

18.22.7 Ninth (9th) grade teams from 9-12 high schools may play middle level teams, provided that (a) the principals of both schools agree to the contest(s); (b) the contest(s) is conducted according to middle level rules; (c) the high school squad consists solely of ninth (9th) grade students.

18.22.8 This rule may not be appealed through the eligibility appeal process.

Q&A 18.23.0 CONCURRENT SPORTS LIMITATION - A middle level or a high school level student may be on only one (1) interscholastic sport roster per season.

18.23.1 The exception shall be for students participating in ‘1B’ or ‘2B’ high schools with local administrators and school board determining eligible participation in more than one (1) interscholastic sport per season at that high school. Participation is limited to only one (1) contact sport per season (basketball, football, soccer, and wrestling are considered to be contact sports.)
18.23.2 The exception shall be for the student who competes during an alternate season, qualifies for the state tournament, and is required to practice prior to competing in the state tournament. [Example: A student represented their school in fall tennis and qualified for the state tournament in the spring. During the spring season this same student represented their school in track. Prior to the state tennis tournament, the student is required to have a minimum number of practices, during which time the student is also participating on the track team. In the event that the student also qualifies for the state track meet, state event schedules will not be restructured in order for the student to compete in both state events.]

18.23.3 This does not prohibit a student from being a cheerleader or a member of the dance/drill team while concurrently participating in another sport.

**PHILOSOPHY OF THE AMATEUR STANDING RULES**

WIAA rules do not prohibit student athletes from engaging in certain commercial activities in their individual capacities. These activities, generally referred to as Name, Image and Likeness (NIL), will not jeopardize a student athlete’s amateur status if they comply with the WIAA Amateur Standing Rules.

**Q&A 18.24.0**

**AMATEUR STANDING** - A student who represents a school in an interscholastic sport must be an amateur in that sport. An amateur student-athlete is one who engages in athletics for the physical, mental, social and educational benefits.

**Q&A 18.24.1**

**Name Image and Likeness (NIL):** A student is in violation of this rule and shall immediately lose eligibility if that student, their family member, or anyone else on behalf of that student, enters into an agreement with an individual, corporate entity, partnership, association, or any other party or organization, for use of that student’s NIL which in any way relates to the student’s connection to their high school.

18.24.2 In order to maintain amateur standing in that sport under WIAA jurisdiction, the student-athlete may not:

A. Accept merchandise or in-kind gifts of more than $500 in fair market value per sport based upon performance in that sport during any one calendar year August 1 through July 31.
   1. Reduced membership fees or reduced user fees from an athletic club, recreation center, golf course, etc., do not count toward this $500 limit.
   2. Defined games of chance are exempt from this rule.
   3. Accept payment of expense allowances over the actual and necessary expenses for the athletic trip (NOTE: Entry fees and payment for lost wages are not considered a reimbursable expense.)
   4. Awards that are permitted - Awards to athletic teams or to individual members of such teams under the jurisdiction of the Association may be made by a member school in the form of letters, insignias, certificates, medals, and/or trophies as are customarily emblematic of athletic competition and whose intrinsic values are insignificant.

B. Accept cash awards in that sport. A gift card that cannot be exchanged for cash or a voucher with no cash value is allowed.
   1. This provision is not intended to restrict the right of any student to participate in a commercial endorsement provided there is no affiliation with the school team, school, WIAA District or WIAA state association.
   2. The student does not appear in the uniform of the student’s school and does not utilize the marks, logos, etc of the school, WIAA District, or WIAA state association as part of any endorsement.

C. Enter competition under a false name.

D. Play on an intercollegiate team. A student-athlete may try out and/or participate against an intercollegiate team but may not represent an intercollegiate team in that sport. **NOTE:** University club sports are considered to be the same as an intercollegiate team if competitions involving other university club sports teams are held.

E. Sign or have ever signed a contract to play professional athletics in that sport.

F. By sport receive or have ever received from a professional sports organization, directly or indirectly, a salary or any other form of financial assistance including scholarships, educational grants-in-aid, or any of their expenses for reporting to or visiting a professional team.

18.24.3 Provided they are not representing a WIAA member school, a student-athlete may participate against professional and intercollegiate scoring athletes in any sport under the jurisdiction of the WIAA.

18.24.4 Amateur standing will not be jeopardized by instructing, supervising or officiating in any organized youth sports program, recreation, playground or camp activities whether the student-athlete is paid or not paid for these duties.

18.24.5 A WIAA member school may not permit nor authorize the use of an individual student’s name and/or picture, a school or school team name and/or picture(s) to directly advertise, recommend or promote a commercial product or service.
18.24.6 Use of a Student-Athlete's Name in Advertisements that are Congratulatory in Nature - A business can place its trademark on the advertisement only; the advertisement cannot include a reproduction of the product with which the business is associated.

18.24.7 A student who forfeits amateur status may apply to the Executive Director for reinstatement.

18.25.0 COMMERCIAL SPONSORSHIPS SECURED BY THE SCHOOL

18.25.1 A sponsor’s name or logo is not permitted on any apparel or equipment approved by the school to be worn or used during the pre-contest warm-ups or during a contest.

18.25.2 The use of a Student-Athlete’s Name in Advertisements that are Congratulatory in Nature is permitted.

Q&A 18.26.0 USE OF ILLEGAL SUBSTANCES – School and WIAA rules and regulations are intended to discourage the use of alcohol, tobacco, legend drugs, controlled substances and paraphernalia and to encourage the use of school and community resources. School and community resources should be identified for students who have had a violation and seek help or who are referred for assessment.

18.26.1 Alcohol and tobacco - Each WIAA member school shall adopt reasonable rules and regulations pertaining to the use of alcohol or tobacco products that are specific to the middle or high school levels.

18.26.2 Legend drugs and controlled substances – Penalties for the possession, use or sale of legend drugs (drugs obtained through prescription, RCW 69.41.020-050) and controlled substances (RCW 69.50) shall be as follows:

1st Violation - A participant shall be immediately ineligible for interscholastic competition in the current interscholastic sports program for the remainder of the season. Ineligibility shall continue until the next sports season in which the participant wishes to participate unless the student accesses the assistance program outlined in B (below.)

An athlete who is found to be in violation of the Legend drugs and controlled substances rule shall have two options.

A. The athlete will be ineligible for participation in contests for the remainder of that interscholastic sports season and must meet the school’s requirements in order to be eligible to compete in the next interscholastic sports season. The school principal will have the final authority regarding the student’s participation in further interscholastic sports programs.

B. The athlete may choose to seek and receive help for a problem with use of legend drugs or controlled substances. Successful utilization of school and or community assistance programs may allow him/her to have eligibility re-instated in that athletic season, pending recommendation by the school.

2nd Violation - A participant who again violates any provision of RCW 69.41.020 through 69.41.050 or of RCW 69.50 shall be ineligible for interscholastic competition for a period of one (1) calendar year from the date of the second violation.

3rd Violation - A participant who violates for a third time RCW 69.41.020 - 69.41.050 or of RCW 69.50 shall be permanently ineligible for interscholastic competition.

Q&A 18.27.0 HARDSHIP - The WIAA District Eligibility Committee and the Executive Director are given the authority to make specific exceptions to those student eligibility regulations contained in Article 18 provided such exceptions are based upon hardship conditions that are deemed to have contributed in a significant way to non-compliance with specific regulation(s) that may be appealed.

18.27.1 Any waiver of student eligibility regulations shall be based upon extenuating circumstances, beyond the student’s, or where applicable, the parents’ or legal guardian’s control, that are deemed to have significantly influenced or contributed to the cause of the student’s non-compliance to the eligibility regulation(s) involved. (The following criteria shall be used to determine if a hardship exists):

A. A hardship exists only when some unique circumstances concerning the student’s physical or emotional status exist and only when such circumstances are not the result of acts or actions by the student or family unit.

B. There must be no reason to believe that the decision and/or the execution of the decision concerning the student’s transfer was for athletic purposes.

C. The circumstances must be totally different from those that exist for the majority or even a small minority of students (e.g., usual maturation problems or family situations that do not cause severe and abnormal emotional problems, and academic or athletic deficiencies in a school’s curriculum or co-curricular activities do not constitute a hardship).

D. The burden of providing evidence that a hardship exists shall be borne by the student.

E. There shall be a direct, causal relationship between the alleged hardship and the student’s inability to meet the specific eligibility rule(s).
18.27.2 Exceptions to student eligibility regulations based upon a hardship shall be subject to the following limitations:

A. Loss of eligibility in itself or an injury in itself that prevents the student from being able to participate are not to be considered hardships. In addition, attending a school that does not offer interscholastic activities is not to be considered a hardship, nor shall it justify extending eligibility beyond the four (4) consecutive year period allowed.

B. A hardship exception shall not be granted if there is sufficient evidence to make it reasonable to believe that the non-compliance to the eligibility rule in question was motivated by the student's, parents' or school's efforts to gain a desired athletic outcome or to intentionally circumvent a rule, or

C. To grant additional eligibility based upon a hardship condition, a student must demonstrate that normal progression toward graduation has been significantly interrupted as a result of a long-confining illness (which can include a learning disability), an injury, or a family hardship, and that the interruption prevented the student from graduating and participating in four (4) consecutive years.

18.27.3 The District Eligibility Committee shall waive the junior varsity rule in the case of a transfer student for a specific sport if the petitioner can provide documentation in one or more of the following criteria on the Previous School Statement in the WIAA Eligibility Packet.

A. A transferring student has not participated at the school level or club/community equivalent in that sport for one (1) year prior to their transfer.

For the purposes of this rule, participation is defined as: Participation in ten (10) or more coach organized (or led) practices or one (1) contest at the school, club or community level in that sport.

B. A transferring ninth grade student from a middle level school to a four year high school shall not have played on an eighth grade team or club/community equivalent.

C. A transferring tenth grade student from a junior high school to a three year high school shall not have played on a ninth grade team or club/community equivalent.

19.0.0 STUDENT APPEALS OF INELIGIBILITY

PHILOSOPHY OF STUDENT APPEALS OF INELIGIBILITY: The purpose of the appeal process is to provide students declared ineligible for athletic competition a clear explanation for their ineligibility and a procedure whereby they are afforded a full and reasonable opportunity to contest their ineligible status.

Q&A 19.1.0 APPEAL PROCEDURE FOR STUDENTS - Hardship must be the basis of an appeal. The following sections are the procedures for a student to appeal ineligibility to participate in interschool activities.

19.2.0 PURPOSE - The purpose of these provisions is to prescribe in detail the procedure whereby a student who wishes to contest the reasons for their alleged ineligibility to participate in an interschool activity under eligibility standards established by the WIAA shall be afforded a fair opportunity to petition the appropriate governing board(s) of the WIAA to obtain a full and open review.

19.3.0 PROCEDURES FOR INFORMING STUDENT OF INELIGIBILITY - Each school district superintendent or their designee(s), having reasonable cause to believe that a student is ineligible to participate in or continue in an interschool activity under the Rules and Regulations of the WIAA, shall provide the student with notice of their ineligibility either by certified mail or by delivering said notice in person. The notice shall:

19.3.1 Specify the reason(s) for the alleged ineligibility and the rule being violated.

19.3.2 Advise the student of their opportunity to request a hearing in order to contest the reason(s) for the alleged ineligibility.

19.3.3 State that a written petition for a hearing can be served upon the WIAA District Eligibility Committee, or its designee, on or before the expiration of the third school business day after receipt of the Notice of Opportunity for a hearing.

A. Should a student be declared ineligible on the basis of gender identity, the school administrator shall then contact the WIAA office.

B. Once contacted, the WIAA office will assign a facilitator who will assist the school and student in preparation and completion of the paperwork associated with the eligibility appeal process.

19.3.4 Specify how the petition for hearing can be served upon the WIAA District Eligibility Committee or its designee by providing an address for that Committee or its designee.

19.3.5 Provide the student with the form(s) necessary to petition for a hearing pursuant to the procedure provided herein.
19.3.6 Failure to request a hearing in the manner hereinafter described within three (3) school business days following the date of receipt of the written notice of alleged ineligibility shall waive the right to a hearing and the appeal procedures that govern determinations of eligibility under the standards established by the WIAA.

19.3.7 Unless otherwise provided, any student declared ineligible to participate in an interschool activity shall remain ineligible until a decision to the contrary is made as provided for in Article 19 of this Handbook.

19.4.0 PROCEDURES FOR INFORMING SENDING SCHOOL PRINCIPAL OF APPEAL - In transferring student cases, the sending school principal or designee shall be notified by mail, email, fax or phone by the WIAA District Eligibility Chairperson or designee of the hearing date, time, and place. The sending school principal or designee shall have the opportunity to be present during the hearing.

19.5.0 NOTICE AND DECISION PROVISIONS/CONSTRUCTION OF DATES - The notice and decision provisions contained in the hearing and appeals procedures as herein set forth shall correspond with the actual school business days of that member school. In computing any period of time prescribed or allowed by these rules the day of the act or event from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included, unless it is a legal holiday, in which event the period runs until the next day that is not a legal holiday.

19.6.0 DISTRICT LEVEL ELIGIBILITY COMMITTEE - The governing board in each WIAA Representative District shall appoint a committee composed of a chairperson and at least two (2) additional committee members. No member of the Eligibility Committee shall hear and decide a case concerning a student who attends or attended a school with which that member is employed or otherwise directly associated. In such case, that member shall be disqualified and the majority of the remaining members of the Eligibility Committee shall meet and appoint any additional person or persons necessary to fill such vacancy.

19.6.1 Each member of the committee must be trained and certified on an annual basis by the WIAA office staff.

19.6.2 The Eligibility Committee shall be authorized to hear and decide cases involving the eligibility of students to participate in interschool activities pursuant to the eligibility standards established by the WIAA.

19.6.3 The committee will review the appeal paperwork prior to scheduling the hearing.

A. If the appeal meets a set criteria established for each article of the WIAA eligibility rule, the committee will process and approve.

B. If the appeal does not meet the set criteria, then the district eligibility chair will schedule a hearing with the student and their representative.

19.6.4 Appeals of decisions of the district eligibility committee may be appealed to the WIAA Executive Director.

19.6.5 The district eligibility committee will be evaluated annually.

Q&A 19.7.0 ELIGIBILITY COMMITTEE - THE PETITION - Any student and/or their parents(s)/family unit may request a hearing before the Eligibility Committee in order to contest the reason(s) for any alleged ineligibility under the standards established by the WIAA. The person(s) requesting such a hearing shall be known as the Petitioner. A request for a hearing in the form and manner described herein shall be known as a Petition. A Petition shall: (a) be written; (b) set forth the specific eligibility; (c) be signed by the Petitioner(s); and (d) be submitted to the Eligibility Committee with such completed forms as may be prescribed by the Executive Board of the WIAA.

Q&A 19.8.0 ELIGIBILITY COMMITTEE - THE HEARING - Upon the receipt of a Petition properly submitted in the manner described above, the Eligibility Committee shall schedule a hearing as expeditiously as possible, but in no case later than five (5) school business days of that member school prior to the first full interscholastic contest that is the subject of the Petition, or within a reasonable time thereafter in cases of emergency including, but not limited to, an unforeseeable late student enrollment. Written notice of the time and place of the hearing shall be delivered to the Petitioner no later than three (3) school business days of that member school prior to the date of the hearing. In the case of transferring students, notice by phone, mail or fax shall also be given to the sending school principal. All hearings shall be closed to the public.
19.8.1 The Petitioner may represent themself or be represented by such other person, as they may desire. The Petitioner shall have the opportunity to testify, present and cross-examine witnesses, as well as to introduce affidavits, exhibits, and other such evidence as may be deemed relevant and material by the Eligibility Committee.

19.8.2 The Eligibility Committee may continue the hearing for a reasonable period of time when in the judgment of the Committee such a continuance is determined to be necessary to a fair and proper disposition of the petition.

19.8.3 A tape recording or verbatim record of the hearing shall be made in connection with each petition considered by the Eligibility Committee.

Q&A 19.9.0 ELIGIBILITY COMMITTEE - THE DECISION - At the conclusion of the hearing and after a full and complete consideration of the evidence presented in support of the petition, the Eligibility Committee shall either (a) grant the petition, (b) deny the petition, or (c) take the petition under advisement for a period not to exceed five (5) school business days of that member school. The decision of the Eligibility Committee shall be written and shall include specific findings and conclusions that support the particular determination. A copy of the decision of the Eligibility Committee shall be sent to the petitioner within five (5) school business days of that member school following the date of the conclusion of the hearing or time period for seeking additional information. The sending school principal shall also be sent a copy of the decision within five (5) school business days of that member school following the date of the conclusion of the hearing or time period for seeking additional information.

19.9.1 The decision of the Eligibility Committee shall be based solely upon the facts and arguments presented during the hearing.

19.9.2 In the case of a decision by the Eligibility Committee to deny the petition for eligibility, the Petitioner shall be provided, in addition to a copy of the written decision, a copy of the procedure and forms required in order to appeal to a Hearing Officer appointed by the WIAA Executive Director.

19.9.3 When the Eligibility Committee denies the petition, the student is ineligible for interscholastic competition.

Q&A 19.10.0 EXECUTIVE DIRECTOR/HEARING OFFICER - APPEAL/NOTICE OF APPEAL - An aggrieved student wishing to appeal the decision of the Eligibility Committee shall file notice of appeal with the Executive Director of the WIAA on or before the tenth (10th) school business day following the date of receipt of the written decision of the Eligibility Committee denying the petition. Upon failure to file a notice of appeal, the decision rendered by the Eligibility Committee shall constitute the final determination in the case.

19.10.1 The notice of appeal shall (a) be written, (b) be signed by the petitioner-appellant, (c) set forth the specific alleged error(s) that form the basis of appeal, and (d) be accompanied by such completed forms as the WIAA Executive Board may prescribe as now or hereafter amended.

19.10.2 An appeal to the WIAA Executive Director shall require the Executive Director to notify a designated Hearing Officer to schedule a hearing to commence on or before the tenth (10th) school business day following the date of receipt of the written notice of appeal. Written notice of the time and place of the hearing shall be sent to the petitioner-appellant no later than five (5) school business days of that member school prior to the date of the hearing.

19.11.0 HEARING OFFICER - THE HEARING - The hearing before the WIAA Hearing Officer shall be limited to a review of the record of the hearing conducted before the District Eligibility Committee and any additional relevant evidence.

19.11.1 In the review of the record, the findings and recommendations of the Hearing Officer shall be based solely upon the record of the hearing conducted by the Eligibility Committee and may include additional evidence, oral or written, when in the opinion of the Hearing Officer, such evidence is deemed relevant and material to a fair and proper disposition of the appeal. Upon receipt of additional evidence by the Hearing Officer, the parties shall be afforded a reasonable opportunity to contest such evidence.

19.11.2 A tape recording or verbatim record shall be made of the hearing.

19.12.0 HEARING OFFICER - THE RECOMMENDATION - The recommended decisions to the WIAA Executive Director proposed by the Hearing Officer shall be written and shall include specific findings and conclusions that support the particular recommendations. The recommended decisions shall either affirm or reverse the decision of the Eligibility Committee, or take the petition under advisement for a period not to exceed five (5) school business days for the purpose of seeking additional information.

19.12.1 The written finding(s) of and recommendation(s) of the Hearing Officer shall be delivered to the Office of the WIAA Executive Director as expeditiously as possible, but in no case later than five (5) school business days of that member school following the date of the conclusion of the hearing or time period for seeking additional information.
19.12.2 WIAA Executive Director - The Decision - The WIAA Executive Director shall review the findings and recommendation of the Hearing Officer and shall either affirm or deny the recommendation of the Hearing Officer. The decision rendered by the Executive Director shall be written and shall include the findings and conclusions that support the particular determination and may include conditions for granting eligibility. The decision of the Executive Director is final.

19.12.3 A copy of the written decision of the Executive Director in each case shall be sent to the petitioner-appellant as expeditiously as possible but in no case later than five (5) school business days of that member school following the date of the conclusion of the hearing or time period for seeking additional information.

19.12.4 Any student who remains aggrieved by a decision of the WIAA Executive Director and/or WIAA Executive Board may appeal to the Superior Court pursuant to RCW 28A.645.010 through RCW 28A.645.030, as now or hereafter amended.

19.13.0 PROTESTS OF ELIGIBILITY - Any member school, which has reason to believe that a student is not in compliance with WIAA eligibility standards, may protest the student's eligibility by written notification to the principal of the school that the student attends.

19.13.1 Whenever the eligibility of a student is protested in the manner described above, a representative of the school which the student attends shall notify the student of their protested ineligibility and right to apply to the WIAA District Eligibility Committee as prescribed in Article 19 of the Handbook concerning their eligibility.

19.13.2 In addition to the above, the District Eligibility Chairperson may appoint a Fact Finder to investigate matters pertaining to the protest.

19.13.3 In addition to the above requirements, the District Eligibility Chairperson may, as an added condition of eligibility, require that a transferring student submit a WIAA Previous School Statement. This form must be signed by the principal of the school from which the student has transferred, indicating the principal's approval of athletic eligibility for the transferring student. A copy of the signed form must be retained on file in the school office for the duration of the student's attendance at that school.

19.13.4 Unless such written protest is submitted by that member school at least seven (7) school business days before the student's first opportunity to participate in an interscholastic contest, the student shall remain eligible during the appeal process provided for in Article 19 of this Handbook.

20.0.0 EJECTION FROM CONTEST

20.1.0 EJECTION FROM CONTEST - Conduct resulting in an ejection from an interscholastic contest administered by game officials, coaches or school administrators shall result in the following:

NOTE 1: Two (2) technical assessed during a basketball game are considered to be an ejection.

NOTE 2: Any player who is issued a second yellow card caution in the same soccer match will be disqualified from participating for the remainder of the match. This will not be counted as an ejection and schools will not be required to report it as an ejection.

20.1.1 For the remainder of the contest in which the ejection occurred:

A. When a student is ejected, the coach continues to be responsible for the student. The student shall remain with the team.

B. When a coach or other adult school representative is ejected, the coach or other adult school representative must vacate the playing area (gymnasium, field, and stadium.) If a head coach is ejected, an assistant coach or any school district personnel authorized to supervise students may assume the head coaching responsibilities for the remainder of the contest. If no other school district personnel are on site, the contest will be terminated and forfeiture declared.

20.1.2 The school principal/designee is required to submit an ejection report online to the WIAA office within one (1) school business day following the completion of the contest in which the ejection occurred.

20.1.3 The first ejection of the season shall result, at a minimum, in the ejected person (student, coach, other school representative) being suspended until after the next school contest in that sport at the same level of competition from which the person was ejected has been completed.
A. An ejection due to violent conduct by a player or a coach shall result in a suspension equal to twenty percent (20%) of the number of allowable contests for that sport as indicated below.

Number of regular season contests in that sport: 1-7 8-11 12-15 16-20
Number of contests to fulfill suspension: 1 2 3 4

1. Violent conduct is defined as the commission of a violent act against an opponent, spectator, teammate or other individual(s) when in or out of play. A player or coach is guilty of violent conduct if they use excessive force or brutality against an opponent when not in the play. They are also guilty of violent conduct if they use excessive force or brutality against a teammate, spectator, or any other person. Violent conduct may occur either on the field of play or outside its boundaries, whether the person is in play or not.

B. The WIAA staff and/or WIAA Executive Board may increase a suspension based upon the aggressive conduct, inappropriate language, and/or circumstances following an ejection.

C. Even though a jamboree does not count as a contest for the purposes of meeting the suspension period, the suspended person is not allowed to participate in a jamboree.

D. A student who is on suspension may be on the team bench, but not in the school uniform, during the suspension period.

E. Any coach ejected shall not be involved in coaching to any degree during the contest from which they are suspended and shall not be allowed into the facility (gymnasium, field, stadium, locker room or hallway, etc.) during a contest during the suspension period.

Whenever a baseball coach is ejected, a two-part plan that is meant to reduce the number of baseball coach ejections must be completed, which requires an ejected coach to complete the NFHS "Teaching and Modeling Behavior" online course and develop a plan to reduce ejections overall with their athletic director, principal, and superintendent/designee before the coach may be allowed to return to coach.

There is a fee for the course which can be found at https://nfhslearn.com/courses/teaching-and-modeling-behavior as well as a link on the WIAA baseball page under "helpful links". The certificate of completion and the plan to reduce ejections must be received by Cindy Adsit, cadsit@wiaa.com, before the coach may be allowed to return to coach.

20.1.4 Should a participant be unable to complete a suspension during the sports season in which the ejection occurs, the suspension shall be carried over into the participant’s succeeding season of participation. In order for the suspension in the succeeding season of participation to meet this requirement, the participant must be a member of the team for the entire season for that sport.

A. The suspension for violent conduct will be based upon the maximum number of contests allowed to be played in that sport, not the number of contests scheduled or played by the school in that sport.

20.1.5 The second ejection in the same sport and season for that individual shall result in being suspended for the remainder of the season of that sport.

20.1.6 For aggressive physical contact with an official the individual will be suspended from further competition for a period not to exceed one (1) calendar year.

20.1.7 Any school with five or more ejections during a school year must follow the protocol below:

A. The first year that a school has five (5) or more ejections, the school must submit a written plan of action to reduce the number of ejections prior to the proceeding September WIAA Executive Board meeting.

The written plan must include the following elements: Accountability, Action Plan, Evaluation Plan, Specific Expectations and Timeline.

B. The second year that a school has five (5) or more ejections, the school principal/designee shall meet with a designated WIAA executive staff member at the WIAA office and present the school’s sportsmanship plan.

C. The third year that a school has five (5) or more ejections, the school principal/designee, coaches and student athletes representing the school must present the school’s sportsmanship plan to the WIAA Executive Board during the September WIAA Executive Board meeting.

21.0.0 EJECTION AND/OR SUSPENSION AS A RESULT OF AN EJECTION MAY BE APPEALED

Q&A 21.1.0 EJECTION AND/OR SUSPENSION AS A RESULT OF AN EJECTION MAY BE APPEALED

21.1.1 An ejection and/or suspension as the result of an ejection based on a judgment call made by a contest official(s) may be appealed. Only a school approved video, submitted by the principal or designee, will be used to determine whether an ejection was due to incorrect or poor judgment on the part of the ejecting contest official(s.)

21.1.2 Ejections resulting from a misinterpretation or misapplication of a playing rule on the part of the ejecting contest official(s) may be appealed. Video cannot be used as evidence when appealing a misinterpretation or misapplication of a playing rule.

21.1.3 IF THERE ARE TWO (2) OR MORE SCHOOL BUSINESS DAYS PRIOR TO THE NEXT REGULAR SEASON CONTEST FOR THE INDIVIDUAL THE APPEAL WILL BE REVIEWED BY THE WIAA ADMINISTRATIVE STAFF

21.1.3.1 For appeal of an ejection due to incorrect or poor judgement on the part of the ejecting contest official(s).

A. The principal/designee of the ejected person must contact the WIAA administrative staff within one (1) school business day after the conclusion of the contest in which the ejection occurred to verify incorrect or poor judgment on the part of the contest official(s).

B. The video documenting poor judgment must be submitted within one (1) school business day after the conclusion of the contest during which the ejection occurred.

C. The video submitted must clearly document the situation/play in which the ejection occurred.

D. The WIAA administrative staff will have a minimum of two (2) school business days in order to make a decision regarding the appeal.

E. After watching a video submitted by a school to appeal a suspension of its participant(s) and/or coach(es) for incorrect or poor judgment on the part of the official(s), the WIAA administrative staff have the ability to suspend a participant or coach from either team if their behavior warranted ejection but was unseen by the officials working the contest.

F. The decision of the WIAA administrative staff regarding the ejection is final and may not be further appealed.

21.1.3.2 For appeal of an ejection due to misinterpretation or misapplication of a playing rule

A. The principal/designee of the ejected person must contact the WIAA administrative staff within one (1) school business day after the conclusion of the contest in which the ejection occurred to verify a misapplication/misinterpretation of the rule.

B. The decision of the WIAA administrative staff regarding the misinterpretation or misapplication is final and may not be further appealed.
C. Providing the WIAA administrative staff verifies a misinterpretation or misapplication of the rule, the principal/designee may appeal the outcome of the contest in which the ejection occurred to the school's league.

1. APPEAL OF LEAGUE DECISION – follow WIAA handbook rule 27.0.0
   a. If the school is not a member of a league, the appeal will be filed directly with the District Board of the WIAA District in which the school is a member.
   b. OPPOSING SCHOOL (LEAGUE MEMBER) APPEAL OF LEAGUE - If the opposing school is a member of the same league, they may appeal the decision of the league to the WIAA district board in which the league is located.
   c. OPPOSING SCHOOL (NON-LEAGUE MEMBER) APPEAL OF LEAGUE - If the opposing school is not a member of the same league, but both leagues are in the same WIAA District, they may appeal the decision of the league to the WIAA district board in which the leagues are located.
   d. OPPOSING SCHOOL (NON-DISTRICT MEMBER) APPEAL OF LEAGUE - If the opposing school is not a member of the same WIAA District, they may appeal the decision of the league to the District Director's Appeals Board.

21.1.4 IF THE NEXT REGULAR SEASON CONTEST FOR THE INDIVIDUAL WILL BE ON THE SAME DAY OR THE NEXT DAY, THE APPEAL MUST BE HEARD BY A GAMES COMMITTEE

21.1.4.1 Each league and District must have a Games Committee selected and named prior to the start of the season (refer to Article 47.0.0)

21.1.5 FOR LEAGUE/DISTRICT/REGIONAL/QUALIFYING AND/OR STATE EVENTS (POSTSEASON EVENTS), THE APPEAL MUST BE HEARD BY A GAMES COMMITTEE

21.1.5.1 POSTSEASON APPEAL TIMELINE - The principal/designee of the ejected person must contact the event manager immediately after the conclusion of the contest in which the ejection occurred to verify a misapplication or misinterpretation of the rule.

21.1.5.2 MISAPPLICATION/MISINTERPRETATION MUST BE VERIFIED BY WIAA STAFF Providing the WIAA administrative staff finds a misapplication or misinterpretation of the rule, the principal/designee may appeal the suspension to the Games Committee (refer to Article 47.0.0).

21.1.5.3 If WIAA administrative staff review cannot be completed prior to the next contest or a Games Committee is not available, the suspension must be fulfilled.
   A. If the suspension is fulfilled, an appeal can still be processed by the WIAA administrative staff, for the sole purpose to remove the ejection from the individual's record and the school ejection count.

21.1.6 SECOND EJECTION OR FOR AGGRESSIVE PHYSICAL CONTACT AGAINST AN OFFICIAL - The severity of the penalty for the second ejection or for aggressive physical contact may be appealed to the WIAA Executive Director upon presentation of rationale and written documentation signed by the WIAA member school principal or superintendent desiring and supporting penalty modification within two (2) school business days after the conclusion of the contest in which the ejection occurred.

25.1.2 Once approved, a state tournament will be held for both years of an allocation period.

25.1.3 The number of state tournaments may be reduced when the number of participating schools decreases and the proper number of state tournaments reassigned.

25.1.4 The number of schools participating in a sports activity during the first year of the classification/allocation cycle will be the basis for determining the number of tournaments.

25.1.5 ALLOCATION FORMULA - The number of schools in a given classification statewide is divided by the number of tournament entries. This figure is then divided into the number of schools in the classification in each WIAA District. The result is the allocation for that district.

25.1.6 APPLICATION OF THE ALLOCATION FORMULA - The Allocation Formula shall be applied each even-numbered year. The WIAA Executive Board is empowered to make decisions regarding the fractional allocations.

A. The Allocation Formula is applied by the WIAA Executive Board to the WIAA Districts for all postseason tournament events except for wrestling, where the state shall be divided into regions for each classification.

B. The Allocation Formula is the basis for allotting representatives from WIAA Districts to the Representative Assembly.

C. By using the Allocation Formula, the WIAA Executive Board shall determine allocations based on the average monthly enrollment as reported during the classification year. The WIAA Executive Board is empowered to make decisions regarding the fractional allocations.
25.1.7 ALLOCATION CALCULATIONS STEPS and CRITERIA

A. The allocation factor is derived from the schools participating in a sport or activity.
   1. The WIAA Executive Board and District Directors verify the member school participation summary. The participation summary is based upon the information supplied by the member schools on the WIAA membership form.
   2. TEAM - Definition - A team is defined as the minimum number of participants required for full participation/scoring in that sport.

For team and individual sports, the program is counted for allocation purposes if the member school participates in varsity competition during the regular season and postseason competition in that sport. For individual sports, a school must attain a roster of at least the number listed below at the end of the third week of the fall sports season for all fall sports except cross country which is determined at the end of the fifth week and at the end of the second week during the winter except 1B/2B wrestling which is determined at the end of the third week and spring sports seasons during the first year of the allocation cycle. To count as a cross country team, a school must demonstrate that an official team competed in a sanctioned varsity event by the end of the fifth week of the season.

3. Combined programs are counted as one (1) school.

B. Determine the two (2) year allocations using the school factor.
   1. The school factor is calculated by dividing the total number of schools in that classification that offer that sport by the total number of allocations for the two-year allocation cycle. (Example: The school factor for 61 schools with 32 allocations would be 1.91.)
   2. The number of schools in each WIAA District is divided by the school factor to determine the two-year allocation for that WIAA district/combined district.

C. The whole numbers are added, with the additional allocations determined from the fractional allocations (largest to smallest fractional allocation) until all tournament entries are filled.
   1. Ties will be assigned as an entry of both WIAA Districts.
      a. WIAA will assign all allocations in the case of ties.
      b. In the case of a fractional tie (if shared allocations are not possible) the allocation will be assigned to the entity with the WIAA District with the largest enrollment.
      c. For schools that received approval to petition down to a lower classification in football, the average enrollment of all other schools in that classification in that WIAA District will be the enrollment assigned to those schools.
   2. WIAA Districts will be combined if the one (1) year allocation is less than 0.8 or if the two (2) year allocation is less than 1.6.
   3. For odd numbered allocations over the two (2) year cycle, the following steps will be used:
      a. Highest whole number receives the highest number of entries during the first year.
      b. Highest fraction receives the highest number of entries during the first year.

D. Adjustments may be made to allocations no later than Friday of the third week of a sports season provided verification has been submitted to the WIAA Executive Director that a school omission or addition to a league/WIAA District count would result in altered allocations.

E. Adding or Deleting a Sport - A school that adds or deletes a sport after submitting the annual enrollment form must submit the change in writing to the Executive Director, with copies sent to the WIAA District Director and league representative. The league is the overseer of schools within its jurisdiction and responsible to communicate with the District Director on all allocation information and league entries.
   1. Adding or deleting a sport during the first three (3) weeks of a season during the first year of a two-year allocation cycle may effect a change in tournament allocations.
2. Adding or deleting a sport after the first three (3) weeks of a season during the first year of a two-year allocation cycle or at any time during the second year of a two-year allocation cycle will not change tournament allocations.

3. Violations of, or failure to comply with, the above procedures shall result in the following:
   a. The first school violation will result in a probation warning to the individual school regarding all programs and a specific fine double the annual fee for the sport not reported for that school year.
   b. The first league violation will place all schools in the league in that specific sport on probation.

25.1.8 Management, sites, dates and other details for all regional and state tournaments shall be determined by the WIAA Executive Board.

25.1.9 Revenue from these tournaments shall accrue to WIAA as determined by the WIAA Executive Board.

25.1.10 Playoffs and tournaments shall be governed by regulations adopted by the WIAA Executive Board.

25.1.11 The 1B State Football Championships will be played in conjunction with other football championships at the selected championship site.

25.1.12 When there is an eight (8)-team football tournament to determine a state champion, the quarterfinals and semifinals will be played on consecutive weekends beginning the thirteenth week of the season.

25.1.13 At the site of any WIAA State Tournament the advertising and or posting of signs and or the distribution of announcements shall be limited to only those events sanctioned or conducted by the WIAA. Any distribution of notices or announcements advertising non-WIAA events shall be prohibited at the site of any WIAA sponsored tournament.

25.2.0 DISTRICT REPRESENTATION IN STATE TOURNAMENTS - District representation in state tournaments shall be determined by the application of the Allocation Formula except as otherwise determined by the WIAA Executive Board as listed in each sports section.

25.2.1 The deadline for determining district entries to state tournaments shall be midnight Saturday prior to the week of the state-level events.

25.2.2 The WIAA District has the authority and responsibility to determine the method by which allocations will be filled for state events within the parameters/rules for that sport.

25.2.3 In the event that a dispute arises within a WIAA District/Region involving the method of qualifying for state tournaments or state meets, final authority rests with the WIAA Executive Board.

25.2.4 Individuals and teams that qualify for a state qualifying event must compete unless exempted by the appropriate level.

25.2.5 By entering participants in postseason competition, each member school certifies that, barring injury, illness, religious observance or unforeseen events, the team or individuals representing the school will participate in every level of competition through the completion of the state championship event.

25.2.6 Any withdrawal or intentional forfeiture for a reason other than those listed in Rule 22.2.5 shall be considered a violation of WIAA rules and regulations, and shall be subject to penalties as determined by the WIAA Executive Board.

25.2.7 Any WIAA District not using allocations must notify the WIAA office at the beginning of that sport season. The WIAA Executive Board may reallocate unused allocations.

25.2.8 FOR DISTRICTS WITH ONLY ONE (1) ALLOCATION – If a District has only one (1) allocation in the first and/or second year of the allocation period, that District would be allowed to petition to the WIAA Executive Board for the opportunity to combine with another District that has more than one (1) allocation (“glue”) to gain an additional allocation provided the minimum number of schools in the District offer the program in question. The number of schools that drive an allocation, plus one, will be the number needed to provide the opportunity for a second individual or team from a district to qualify for postseason play. The deadline for the petition shall be two (2) weeks after the allocations have been finalized.

A. The WIAA District geographically closest to the District with one (1) allocation would be considered first in the possible combination of District allocations. Geographical distance is determined by the actual miles traveled on local/county/state roads between the outermost school in each of the districts involved.

B. The combination agreement would specify that the District with only one allocation would have the potential to gain or to lose the allocation.
C. The WIAA District with more than one (1) allocation may choose to “protect” its number one (1) team, and/or additional allocations as applicable, and offer only the lowest allocation in a playoff with the District appealing for an additional allocation.

D. If two WIAA Districts “glue”, the following conditions will be in effect:
   a. Glued WIAA Districts will be considered a Bi-District or Tri-District, depending upon the total number of Districts involved, where each District is treated equitably by the other member Districts in the agreement and the allocations from the Districts involved will be pooled (example: if District 2 has two (2) allocations and District 4 has one (1) allocation, the combine agreement will reflect three (3) allocations.
   b. The WIAA Districts can choose to utilize any format for the purposes of qualifying individuals/teams for the state event, taking into account the draw criteria for each state event. If the format agreed to by both/all Districts is more than a simple cross-over, loser-out contest, each District will be awarded proportional representation similar to the process WIAA allocates state berths.
   c. Agreements must be approved in writing by each WIAA District within two (2) weeks of allocations being confirmed by WIAA. If allocations are known prior to the start of the season, agreements must be in place prior to the start of the season. All combine agreements must be approved by the WIAA Executive Board.
   d. Agreements will speak to all years of the allocation cycle. There should be annual communication between the leagues to review and confirm the conditions of the agreement.
   e. Agreements defining the format of the “glue” will include a minimum of:
      * Postseason tournament format
      * Allocations for each District
      * Dates and locations of contests
      * Revenue sharing plan
      * Seeding criteria
      * List of all sports included

25.2.9 WIAA EXECUTIVE BOARD MUST APPROVE ALL DISTRICT AGREEMENTS – The WIAA Executive Board must approve all District agreements involving shared allocations.

25.2.10 INDEPENDENT TEAM’S ACCESS TO POSTSEASON COMPETITION - If a WIAA member school’s team(s) chooses not to become a member(s) of a league, that member school’s team(s) may play an independent schedule. The placement of that team(s) for postseason play will be determined by the WIAA Executive Board, unless such access is provided by a league or district.

    Should the WIAA Executive Board be required to place an independent team in postseason competition, consideration would be given to that team’s record against varsity competition of schools of the same classification – or of a higher classification. Each team’s schedule(s) must be submitted to the affected leagues, WIAA Districts and WIAA office.

    In order to qualify for postseason play, a team’s record against such competition must be equal to or better than the team receiving the lowest berth from that league/district. If this criteria is met, the independent team will be allowed to challenge for this berth through direct competition.

25.3.0 RESCHEDULING OF STATE EVENTS DUE TO RELIGIOUS OBSERVANCE - The WIAA Executive Board will review any requests for accommodation during a team state event (baseball, basketball, football, soccer, softball, volleyball), considering the following in the scheduling or rescheduling of events:

    25.5.1 The impact on the academic schedule.
    25.5.2 The safety for participants and spectators.
    25.5.3 The impact on participants by considering competition schedule, cost of lodging, travel, and meals.
    25.5.4 The impact on fan’s ability to attend the event.
    25.5.5 Loss of overall event quality for participants.
25.4.0 INCLEMENT WEATHER POLICY - TEAMS/INDIVIDUALS UNABLE TO ARRIVE FOR SCHEDULED COMPETITION AT A CHAMPIONSHIP EVENT

The WIAA Executive Board and executive staff believe that all teams/individuals earning the right to participate in championship events should have those rights protected as much as possible. The WIAA Executive Board and executive staff also recognize the efforts of all participants to attend the championship events. The participating schools must also realize that these events are held to certain restrictions with facilities, game officials, and all other game administration. A WIAA championship event shall be defined as regional and state competition. The competing school is responsible for notifying the WIAA office or the event manager, if the school is having difficulty traveling to the event site due to weather or a clear area-wide emergency and may not arrive in time for the scheduled event(s). Notification shall be made as soon as possible after it becomes evident that the team/individual is having difficulty. School personnel have the responsibility of making alternative travel plans to tournament sites based upon weather forecasts and any other pertinent information. As a common practice, input and recommendations are to be sought from the Highway Patrol and/or the Department of Transportation. Specific circumstances not covered by this policy are left to the discretion of the WIAA Executive Director or designee.

25.4.1 If a team/individual is unable to arrive at a championship event site for its scheduled competition due to circumstances beyond its control (e.g., an earthquake, all passes closed, roads closed due to flooding, etc.) that team/individual will be allowed to participate in its scheduled event provided it arrives at the event site and is able to compete on the day of its scheduled event. The WIAA Executive Director, in cooperation with the event manager, shall adjust the schedule of the event for the purpose of allowing maximum participation for all qualified schools. If the team/individual is unable to arrive to compete on the day of its event, a forfeit is recorded and that team/individual shall move into the consolation bracket or be dropped from competition, whichever is applicable to the particular event.

A. There may be times in the interest of safety, weather, or conditions beyond the control of the participating schools and/or the tournament management that it becomes necessary to delay, postpone, or cancel such tournaments. The intent of this policy is to accommodate the participating school(s) by rescheduling if possible.

1. The following practices shall be observed:
   a) If severe weather conditions affect a participating school, but not the tournament, the principal must notify the tournament director.
   b) If severe weather conditions affect the tournament, the WIAA Executive Director or WIAA staff designee will make the final decision concerning tournament postponement or rescheduling.
   c) Play will resume on the next playable date.
   d) Changing of sites, postponement or cancellation of events will be determined by the WIAA Executive Director or WIAA staff designee.

2. Procedures to follow if contests are rescheduled:
   a) The WIAA Executive Director or WIAA staff designee has the final authority on contest rescheduling.
   b) If contests are rescheduled on the same day as originally scheduled but at a different site, the semifinal and championship contests will be scheduled at the same time or later than originally scheduled.
   c) Time between contests may be shortened. Example: If contests were originally scheduled at two (2) hour intervals, they may be rescheduled at one and one half (1½) hour intervals.
   d) Individuals/teams shall be granted a minimum of twenty (20) minutes for rest between contests.
   e) Whenever possible, contests played on the final day of the tournament shall be scheduled to allow individuals/teams to return to their home community that day.
   f) If during the last scheduled day of a WIAA tournament, contests are unable to restarted requiring postponement overnight, only those individuals/teams still in contention for the championship will continue play. Individuals/teams not in contention for the championship shall be awarded a tie for the highest placing that could have been earned if postponement had not been necessary.

B. Ticket revenue will not be refunded in the event the schedule and/or day(s) of the event are changed due to inclement weather.
26.0.0 RULE EXCEPTIONS - EXPERIMENTS

26.1.0 EXCEPTIONS TO RULES AND REGULATIONS - All requests for exceptions to adopted sport rules or WIAA Rules and Regulations, except student eligibility, must be directed to the WIAA Executive Board for approval.

26.2.0 EXPERIMENTS

26.2.1 Should a league or member school desire to deviate from a) applicable playing rule of a game/contest, b) WIAA Handbook regulations, or c) The WIAA Executive Board adopted policies related to activities, the league or school shall submit a written proposal to the WIAA Executive Board no later than 30 days prior to the start of the specific activity season.

26.2.2 Such a proposal shall have complete and detailed rationale for the request and documented support from the respective WIAA District.

26.2.3 League concurrence of the experiment is required for requests made by member schools.

26.2.4 An experiment (if approved) shall be granted for one (1) year only, but may be renewed for a second year. There will be no renewal until an amendment is submitted to and acted on by the Representative Assembly. Should there be a need for additional data, a written, detailed assessment and evaluation of the experiment with any recommendations shall be sent to the WIAA office no later than thirty (30) days following the completion of the activity season in which the experiment was conducted.

26.2.5 The WIAA Executive Staff shall review the evaluation and recommendations and present its findings to the WIAA Executive Board for their review and action.

27.0.0 ILLEGAL RECRUITING

27.0.0 ILLEGAL RECRUITING - Students who demonstrate special skills and talent in any of the activities under the jurisdiction of the Washington Interscholastic Activities Association should not be subjected to pressures to enroll or continue to be enrolled in a member school outside of their normal enrollment area. The rules do not prohibit legitimate school public relations, promotion or marketing. Rather, these rules prohibit capitalization upon a school’s athletic program and/or a student’s athletic interest, potential or proficiency as a factor in determining school attendance.

Efforts to induce students to enroll or continue to be enrolled in a member school because of the students’ special talent or skill is considered recruiting. Recruiting of students or attempted recruiting of students for athletic purposes is prohibited, regardless of their residence.

27.1.0 No student athlete may receive, or be offered, any remunerations of any kind, or to receive or be offered any special inducement of any kind which is not made available to all applicants who enroll or continue to be enrolled in the school or apply to the school.

A. Special inducement shall include, but not be limited to, the offer or acceptance of:

1. Money or other valuable consideration such as free or reduced tuition during the regular year or summer school by anyone connected with the school.
2. Room, board or clothing or financial allotment for clothing.
3. Pay for work that is not performed or that is in excess of the amount regularly paid for such service.
4. Free transportation by any school connected person.
5. Residence with any school connected person.
6. Any privilege not afforded to non-athletes.
7. Free or reduced rent for parents.
8. Payment of moving expenses of parents or assistance with the moving of parents.
9. Employment of family unit in order to entice the family to move to a certain community if someone connected with the school makes the offer.
10. Help in securing or promising a college athletic scholarship.

B. Inducing or attempting to induce or encourage any prospective student to attend or continue to attend any member school for the purpose of participating in athletics, even when special remuneration or inducement is not given, is a violation.

No member school and no one acting on behalf of any member school shall give any speech or give any slide, film or tape presentation or distribute any written material which states or implies that a member school’s athletic program is better than the athletic program of any other member school or that it would be more advantageous for any prospective student-athlete to participate in athletics at that member school as opposed to any other school.
C. Member schools shall be responsible for any violation committed by any person associated with the school, including principals, assistant principals, coaches, teachers, any other staff members or students, or any organization having any connection to the school. The member schools shall be responsible for any violation committed by any person acting at the direction of the school. This rule is not intended to prevent a member school from conducting academic recruitment programs or recruitment programs designed to attract students based upon the school’s overall educational and extracurricular programs of the school and not be used as a subterfuge for recruiting students for athletic purposes.

D. A student who has enrolled in a different school and has been determined to be recruited will be deemed ineligible at all levels of play and for all sports for one full calendar year. The one (1) year penalty will begin on the day the determination is made that the student has been recruited.

28.0.0 RULE VIOLATIONS AND PENALTIES

PHILOSOPHY OF RULE VIOLATIONS AND PENALTIES: The strength of the WIAA lies in the willingness and ability of the membership to support the rules and regulations adopted and, if necessary, to support the penalties placed upon members, if it is determined that those same rules and regulations have been violated. The process for developing a penalty starts with the offending school’s administrator contacting the league president and determining the parameters for developing the offending school’s proposal for penalty and any other remedies. If there is a doubt about a proposal, the WIAA staff must be contacted for assistance. The WIAA staff may assist or seek guidance from members of the review panel. The penalties listed are available to the leagues, districts, and WIAA Executive Board. Authority to impose forfeitures, withhold revenue shares, and impose fines is vested in the League, WIAA District Board, and WIAA Executive Board, while only the District and Executive Boards have the authority to withhold allocations and suspension, or place a member school on probation or restriction. The Penalty Review Council is available to assist schools, leagues, and districts in establishing the appropriate penalty.

28.1.0 REPORTING RULE VIOLATIONS BY MEMBER SCHOOLS - When school personnel, WIAA District Director, or the WIAA staff has been advised of an allegation that a rule has been violated, the principal (or designee) of the school involved must report any necessary action taken by the school in writing within five (5) school business days to: 1) the superintendent of the offending school, 2) the league of school membership for review and action, and 3) the appropriate WIAA District.

28.1.1 The offending school may appeal any league actions, first to the appropriate WIAA District for review and action and, following WIAA District action, to the District Directors and then to the WIAA Executive Board for review and action.

28.1.2 Should a violation be discovered within ten (10) days of the start of postseason competition, the appeal goes directly to the WIAA Executive Board.

28.1.3 Only the WIAA Executive Board may remove an individual athlete or a team from postseason competition.

28.2.0 RULE VIOLATIONS INVOLVING SCHOOLS OR STUDENTS - Reports of students or schools in alleged violation of WIAA Rules and Regulations shall be handled as follows:

28.2.1 Schools, WIAA staff, WIAA District Directors, WIAA District Eligibility Committee Members, and/or the WIAA Eligibility Hearing Officer have the responsibility to report possible eligibility infractions or alleged school violations of WIAA rules and regulations in writing to the principal of the school involved, with copies sent to the involved school’s superintendent, the appropriate league and WIAA District Directors at the earliest possible date for the principal’s investigation and response to the notifying school.

28.2.2 The principal or designee of the school involved in the alleged violation shall reply to the notifying school principal or designee within five (5) school business days with the results of the investigation.

28.2.3 Copies of the report, including action taken, shall be sent to the involved school’s superintendent, appropriate league, WIAA District Director and the notifying school’s principal.

28.2.4 After five (5) school business days of receipt of notice of an alleged violation, upon receipt or absence of the investigation report, the league shall hear the allegations and determine the penalty, if any, in accordance with the WIAA School District Due Process Procedures.

28.2.5 The action of the league shall be forwarded to the appropriate WIAA District Board, then to the District Directors Appeals Board, then to the WIAA Executive Board for review. The WIAA Executive Board may appoint a fact finder to investigate the alleged violations. The Board at each level shall determine if the penalty is appropriate and in accordance with the WIAA School District Due Process Procedures. The Board at each level has the authority to alter penalties as deemed appropriate.

28.2.6 Violations of the Bound for State Tournament Regulations will be reviewed and processed by the WIAA Executive Board.

28.3.0 PENALTY FOR USE OF INELIGIBLE PARTICIPANT - Whenever possible, those responsible for the violation shall be penalized. Students who are not responsible for the violation shall be penalized as a last option. However, if students benefit or are responsible for the violation, that benefit or responsibility must be measured within the penalty
28.3.1 The appeal and supporting rationale must be filed with the appropriate league by the school principal/designee within two (2) school business days of the verification of an ineligible participant and declaration of contest(s) forfeiture.

28.3.2 The hearing procedures, as outlined in the WIAA Handbook, shall be followed. The WIAA district shall review the documentation and determine if the contest(s) should be forfeited. Any WIAA district action shall be in writing and shall specify the reasons for the decision. Failure of a school for any reason to enforce the regulation and/or decision of the WIAA district will be considered a school violation.

28.3.3 A school may appeal a ruling of forfeiture that is based on the contribution of an ineligible participant toward victory in a team sport. The school shall prove by a preponderance of evidence that the contest would have been won without the participation of the ineligible participant. The WIAA district may also impose a penalty against the member school.

28.3.4 Criteria to determine an individual athlete's contribution to a victory will include, but is not limited to, the following:

A. Was the ineligible athlete a starter in the contest in question?
B. What was the ineligible athlete's amount of playing time?
C. What was the score when the contestant entered the contest and what was the score at the end of the contest?
D. What were the individual's statistics from the game and when were they achieved?
E. What was the contribution of the opposing player while this individual was in the game?
F. How did the role played in this game by this player compare to the role he/she played in other games?
G. Was anyone aware this athlete was ineligible prior to his/her participating?
H. What is the input from the opposing school or schools?

28.3.5 In the individual sports of bowling, cross country, golf, gymnastics, swimming and diving, tennis, track and field, and wrestling, the school must:

A. Eliminate all matches, places, points, scores, etc., of involved student as an individual, and eliminate all contributions made by involved student toward team score.
B. Reduce team points (score) and adjust league standings and/or tournament places.
C. Return awards of individual(s) and, if appropriate, after adjusting standings, team awards.

28.4.0 APPEAL OF PENALTY FOR USE OF INELIGIBLE PARTICIPANT

28.4.1 The use of a participant who is ineligible by WIAA or local school district rules shall result in forfeiture of contests in which that participant took part, except in situations in which it is determined that the participant/parent/guardian provided the school with false information, or withheld information, which caused the school to declare the participant eligible. In such cases, the participant will be declared ineligible for interscholastic competition for a period of one (1) year. The one (1) year penalty begins on the day the determination is made that false information had been provided. The one (1) year penalty may be appealed to the WIAA Executive Director.

28.4.2 Should a member school determine that a participant is ineligible after that student has participated in one or more interscholastic competitions, that student may apply for eligibility through the process outlined in WIAA Rule 19. Should the participant be declared eligible during this process, the forfeiture(s) due to this participation shall be voided.

28.4.3 APPEAL OF PENALTY FOR USE OF INELIGIBLE PARTICIPANT IN A TEAM SPORT - In the event of a valid physical not being on file or an inadvertent error, the school officials may petition the League to have the forfeiture voided. The petitioning school shall have the burden to show the error was not intentional and occurred notwithstanding the maintenance of procedures reasonably adopted to avoid such an error.

INADVERTENT ERROR - DEFINITION- An inadvertent error is a mechanical, electronic, or clerical (incorrect posting) error that resulted in an ineligible participant competing in a contest.

28.5.0 PENALTIES FOR VIOLATIONS

Violations of the rules of this Association shall render the offending school liable to a penalty by the action of the school, league, WIAA District or the WIAA Executive Board.

28.5.1 Letter of Remedy – the school that has violated a WIAA rule/regulation must write a letter to its league explaining the violation and the internal processes it will use so that further violations do not occur. The letter should also include the member schools suggestion for penalty.

28.5.2 Forfeiture of contest(s) - the forfeit of contests or meets may be included in penalties assessed for violation of Association rules.
28.5.3 Probation - The coach/personnel/school is placed on probation for a specified time by the league, WIAA District or WIAA Executive Board. During the probationary period, a school may participate in all interscholastic activities unless stipulated otherwise by the league or WIAA.

28.5.4 Restriction - The league, WIAA District, or WIAA Executive Board may take action that would restrict participation in league. The restriction may be applied to any and all individuals involved including a coach, participant, school employee, team, group, or school.

28.5.5 Suspension - All rights and privileges of member schools of the WIAA are withheld for a specified period determined by the WIAA Executive Board. The WIAA Executive Board may suspend a school in a particular sport or activity or in all sports and activities for a sports season or school year.

28.5.6 Violations of the rules of this Association shall render the offending school liable to a penalty by the action of the school, league, WIAA District or the WIAA Executive Board. The list of violations set forth in this listing is not all-inclusive, and if a violation of rules occurs which is not listed herein, then the appropriate body shall have the authority to assess penalties that are deemed appropriate.

28.5.7 A pattern of attempting to circumvent rules, regulations and/or policies shall be subject to review and possible penalty to be imposed by the WIAA Executive Board.

28.5.7 The WIAA Executive Board may expel a member school if a violation or series of violations occurs.

28.5.8 If a student who has been declared ineligible is permitted to participate in interscholastic competition because of a court restraining order and/or injunction against the school or WIAA, and if such restraining order and/or injunction subsequently is dismissed, stayed, reversed or the school or WIAA prevails at trial, one (1) or more of the penalties outlined above may be taken in the interest of restitution and fairness to other member schools.

28.5.9 If a student participates under a court order and then the Association prevails at trial, or the participant dismisses their action/lawsuit, or the injunction, restraining order, action/lawsuit is subsequently overturned or dismissed, the participant shall become immediately ineligible and shall remain ineligible for the period of time equal to that for which the student was allowed to participate under the restraining order or injunction.

28.5.10 When the WIAA is involved in legal cases, the Executive Board may seek to recover attorney costs when found to be the prevailing party.

28.6.0 Penalty Review Council - A council for penalty review to assist member schools, leagues, district directors, and the WIAA Executive Board in penalty review.

28.6.1 The purpose of this council will be to advise school personnel and league presidents on the issue of developing the appropriate penalty for violation of WIAA Rules and Regulations. Once a WIAA member school discovers--or is advised by another member school or WIAA staff--that it has violated a WIAA rule, the school must contact that school’s league president. The member school may propose suggested penalties to the league or may seek advice from the council by contacting the chair.

28.6.2 In all cases, the “Penalty Options” chart shall be used to assist the school, league, and panel.

28.6.3 The council shall be comprised of five (5) individuals who will be appointed by the WIAA Executive Board. Each shall serve a two-year term, with the exception of the chair, who will serve a four (4) year term.

28.6.4 The Penalty Review Council shall adopt a schedule of fines and publish said schedule annually in the Association Handbook. The fine schedule shall also include any amounts paid by the Association or received by the school as a result of postseason competition. A fine shall not be levied against any individual within the interscholastic athletic program but may only be levied against the member school and only for selected violations as determined by the Penalty Review Council.
28.7.0 SUMMARY OF RULINGS - At the conclusion of each school year a summary of rule violations and actions taken by schools, leagues and WIAA Districts shall be forwarded to the WIAA Office by each WIAA District Executive Board.

29.0.0 CONTEST PROTESTS PROCEDURES

29.1.0 PROTEST PROCEDURES - Only the WIAA staff can determine if a playing rule has been misinterpreted or misapplied. The adopted rule book(s) for that sport is used for reference.

29.1.1 When a school feels that there has been a misinterpretation or misapplication of a playing rule, the school representative shall notify the WIAA staff within one (1) school business day of the conclusion of the contest.

29.1.2 INVALID PROTEST - If staff determines a playing rule has not been misinterpreted or misapplied, the protest is not valid and cannot be heard.

29.1.2.1 Protests of an official’s judgment will not be heard and video cannot be used as evidence.

29.1.2.2 Verification of the score is based upon official’s judgment and cannot be protested.

29.1.2.3 The score of a contest is final when the officials have verified the end of the contest and cannot be protested.

29.1.3 VALID PROTEST - If staff determines a playing rule has been misinterpreted or misapplied, the protest can be heard.

29.1.3.1 The school representative shall notify the official’s assignor, the opposing school, the league president, and the District Director within one (1) school business day of the staff determination that a playing rule was misinterpreted or misapplied to officially lodge the protest in writing. The written protest shall contain the facts, including the specific rule in question.

29.1.3.2 TIMELINE FOR REVIEW OF A VALID PROTEST

A. REGULAR SEASON CONTESTS

1. Protests involving schools from the same WIAA League - Disputes and protests of a playing rule involving schools that are members of the same WIAA League shall be referred to their League hearing board for resolution.

2. If the school is not a member of a league, the protest will be heard by the District hearing board in which that school is a member.

3. Protests involving schools from the same WIAA District - Disputes and protests of a playing rule involving schools that are members of the same WIAA District shall be referred to their District board for resolution. Districts may delegate this authority to the appropriate league/leagues.

4. Protests involving schools from two (2) WIAA Districts - Disputes and protests of a playing rule involving schools that are members of different WIAA Districts shall be referred to the WIAA District Director Appeals Panel.

5. A protest filed later than one (1) school business day following the decision of the WIAA staff cannot be considered.

B. POSTSEASON CONTESTS - Protests during the postseason must be resolved before the resumption of play.

1. The protest will be reviewed and final resolution will be determined by a Games Committee (refer to Games Committee in WIAA handbook rule 47.0.0.)

The best method of providing both sexes, as a whole, with an equal opportunity to participate in the sports or games of their choice is by sex segregated sports teams and/or programs in certain cases. Each case of maintenance of separate teams/programs truly constitutes the provision of an equal opportunity and substantial equality (assuming for the sake of argument that the state constitution allows for further exception of the unequivocal statement that volleyball for girls and football for boys, or vice versa, qualifies per se as the best method of providing both sexes, as a whole, with an equal opportunity to participate in the sports or games of their choice and (b) clearly support a finding that substantial equality is provided for both sexes in terms of such WAC 392-190-030 factors as accommodation of the interests and abilities of both sexes, the provision of equipment, the provision of coaches, etc.)

In view of the 1975 State Attorney General's opinion, the opinion of WIAA attorneys, and considering 1983 and 1985 interpretations of Title IX regulations, the following policy statement is made:

1. If there are within a single sport two teams, one for boys and one for girls, boys should play on the boys' team and girls should play on the girls' team.
2. School districts may maintain separate athletic teams for boys and girls if it can be shown that it is the best way to provide students of both sexes an equal opportunity to engage in a sport (e.g., Tackle Football for boys, Volleyball for girls), and if the two separate programs provide substantially equal opportunities for competition, instruction, publicity and awards.
3. If school districts do not provide similar or equal programs for boys and girls, members of the opposite sex cannot be denied the privilege of turning out for a given team; and no school or school district may impose sanctions of any kind upon a coeducational team.
4. In addition to developing strong athletic programs for boys and girls, school districts should be considering coeducational programs in appropriate sports.

Definition of "Boys Team/Girls Team and Mixed Team"

The following clarification of this Position Statement adopted by the Executive Board on May 4, 1987:

School districts are encouraged to continue to provide equal opportunity for boys and girls in all sports.

Girls may, at the discretion of the local school board, participate with boys in any interscholastic activity if there is no girls team or equal opportunity for participation. Girls are eligible to turn out for baseball, even if softball is offered. Any team consisting of both boys and girls shall be considered a boys' team and may compete only against other boys' teams. If a girl competes on a boys' team in cross country, golf or tennis, the girl is not eligible for the boys' state championship but is eligible to attempt to qualify for the girls' state championship in that sport.

Participation: Limitation Based on Gender.

Only students regularly enrolled in schools which are members of the WIAA in grades 7 to 12 inclusive may participate in the program of the WIAA and may represent only the school in which they are enrolled unless otherwise provided for by WIAA rules. Schools shall designate the sex of students allowed to participate on a team for each sport on the WIAA membership forms according to the following standards:

1. If the school provides only a team for boys for a particular sport, girls may compete and qualify for the boys' team.
2. If the school provides only a team for girls in a particular sport, the boys may not compete and qualify for the team unless opportunities for boys to participate in other sports in the school have been limited in comparison to the opportunities for girls to participate in other sports in the school.
3. If the school provides a team for boys and a team for girls in the same sport, girls may not compete and qualify for the boys' team in that sport and boys may not compete and qualify for the girls' team in that sport.

NOTE: The State Board of Education approved the Position Statement on Boys' and Girls' Programs with the following qualifications or disclaimer (adopted May 31, 1985): This policy is approved only insofar as the second sentence of the opening paragraph, and paragraphs 1 and 2, of the policy respecting separate boy's and girl's teams are applied solely to grades seven (7) through twelve (12) (WAC 392-190-025 prohibits separate sports teams and programs for boys and girls at the K-6 grade levels), and with the further exception of the unequivocal statement that volleyball for girls and football for boys, or vice versa, qualifies per se as the provision of an equal opportunity and substantial equality (assuming for the sake of argument that the state constitution allows for sex segregated sports teams and/or programs in certain cases, each case maintenance of separate teams/programs truly constitutes the best method of providing both sexes, as a whole, with an equal opportunity to participate in the sports or games of their choice and (b) clearly support a finding that substantial equality is provided for both sexes in terms of such WAC 392-190-030 factors as accommodation of the interests and abilities of both sexes, the provision of equipment, the provision of coaches, etc.)
APPENDIX 3 – POSITION STATEMENT ON CHEMICAL AWARENESS STANDARDS FOR MODEL POLICIES FOR TOBACCO, ALCOHOL AND OTHER DRUGS

Philosophy: The WIAA and its member schools recognize that the use of tobacco, alcohol and other drugs is a significant health problem for many students, resulting in negative effects on behavior, learning and their total development. The use of tobacco, alcohol and other drugs by students affects academic achievement, personal growth, extracurricular activities participation and the development of related skills. Others affected by the misuse and abuse are family, teammates and other significant persons in their lives.

The WIAA and its member schools believe that the close contact of parents/coaches, advisors, students and communities in interscholastic activities and classrooms provides a unique opportunity to observe, confront and assist one another.

It is the philosophy of the WIAA and its member schools that students should be encouraged and supported in their efforts to develop and maintain a chemical-free lifestyle.

The position of WIAA is:

1. To emphasize the health and safety of students while participating in activities and the long-term physical and emotional effects of tobacco, alcohol and other drugs on their health;
2. To promote a sense of order and discipline among students;
3. To confirm and support existing state laws which restrict the use of tobacco, alcohol and other drugs;
4. To assist schools in the establishment of policies that are consistent with WIAA minimum standards of athletic and activity eligibility;
5. To recognize and support schools that have programs to assist students who desire to resist peer pressure which directs them toward the use of tobacco, alcohol, and other drugs;
6. To require local school boards of directors to adopt, administer and implement policies and procedures regarding tobacco, alcohol and other drug use by athletes;
7. To provide and assist the schools of the state in developing and administering model policies; to act as a clearinghouse for recent court rulings, opinions, trainers and facilitators.

APPENDIX 4 – MIDDLE LEVEL PHILOSOPHY

MIDDLE SCHOOL PHILOSOPHY – Recognizing the unique developmental needs of the middle level student, the WIAA promotes activities that build student success through active participation, increased skillbuilding, and positive sportsmanship.

Participation
- Emphasize participation over win/loss records
- Provide opportunities for everyone to participate
- Balance competition with cooperation
- Encourage lifelong participation in activities
- Emphasize having fun

Skillbuilding
- Develop age appropriate skills
- Focus on fundamentals
- Develop skills as a foundation for improvement

Sportsmanship
- Develop a positive team attitude
- Encourage, cooperate and collaborate with peers
- Present positive adult role models that demonstrate self control and (mutual) respect

Middle School Coaches Shall Understand
- Students have varying levels of ability, and coaches need to present a developmentally appropriate program for students.
- Positive encouragement is the strongest tool for learning.
- Coaches should provide a safe environment for kids to “risk” and grow.
- Activities should be meaningful and fun.
- Fundamentals and practice are the building blocks for a successful athlete.
- Coaches are a key role model.
- Every team member’s responsibility is to encourage one another.
- Today’s superstar could be tomorrow’s bench warmer and vice versa.
- The importance of commitment and responsibility.
EXAMPLE OF CONDUCT PLAN

The following sample Discrimination & Harassment Contest Conduct Plan aims to provide a template for schools to use when constructing their own strategy for addressing D&H before, during, and after events. It includes language taken from the Alaska state association’s action plan, as well as the DEI’s “Best Practices” guidelines.

WIAA DISCRIMINATION & HARASSMENT CONTEST CONDUCT PLAN [SAMPLE]

The following Contest Conduct Plan will be in effect at all WIAA sanctioned contests. It intends to accomplish the following goals:

1) Clearly state that WIAA-sanctioned events serve as safe, welcoming spaces – free of discrimination & harassment (D&H) – for all students.
2) Demonstrate that addressing instances of D&H is more important than any contest itself.
3) Identify and address instances of D&H early so as to prevent escalation.
4) Demonstrate to those experiencing harmful impacts from D&H that their concerns are valid and their well-being is a top priority.
5) Generate accountability for those who engage in discriminatory behavior.
6) Create an atmosphere that promotes equity, accountability, and transparency for all WIAA-sanctioned events.

Discrimination & Harassment Clarifications

In alignment with the Washington Office of Superintendent of Public Instruction (OSPI), the WIAA defines D&H as “discrimination in public schools on the basis of sex, race, color, religion, creed, national origin, sexual orientation, gender identity, gender expression, disability, the use of a trained dog guide or service animal, age, and honorably discharged veteran or military status.”

Discrimination and harassment includes a verbal, non-verbal, or physical act during WIAA competition. This Contest Conduct Plan intends to provide a consistent, rational framework for managing situations in which a participant or coach believes another participant or coach has engaged in discriminatory behavior.

EXAMPLE OF CONDUCT PLAN

Contest Conduct Plan – PART 1: INCIDENT MANAGEMENT (utilizes contest interruption policy)

Member schools shall generate step-by-step protocols for responding to an incident of inappropriate or discriminatory behavior or harassment that takes place at one of its WIAA-sanctioned events.

1. Pre-Event Procedures:
   a. Determine optimal roles and locations of designated supervisors for checking in with coaches/officials and addressing potential issues
   b. Establish proactive communication with officials and medical. Communicate to the assigner before the game so that officials know whom to talk to before coming to the building.
   c. Develop an evacuation plan for each of your school’s competition sites in the event of a crisis, establishing who will help teams leave safely.

2. IN-GAME REPORTING BY OFFICIAL, SPECTATOR, OR COACH:
   a. Alert officials to stop the game, alert the crew, send the teams to their benches and have the crew bring both coaches and captains together to discuss what was reported. Explain to both coaches/captains that those behaviors will not be allowed to continue, and consequences will occur if reported again, including potential postponement of the game.
   b. Return coaches to their athletes to explain what was reported and the consequences that will be applied if the behaviors continue.
   c. Officials and event management should be in communication throughout the remainder of the game regarding alleged behaviors.
   d. Event management needs to contact administrator(s) present at the game and follow through with the school(s) involved.
   e. Officials should report the incident to their assigner at the conclusion of the contest.
3. **IN-GAME REPORTING BY STUDENT OR COACH:**
   a. Stop the game, send the teams to their benches, alert other crew members, and bring both coaches and captains together to discuss what was reported. Explain to both coaches/captains what behaviors were reported and that any such behavior will not be allowed to continue, and consequences will occur if reported again, including potential postponement of the game.
   b. Return coaches to their athletes to explain what was reported and the consequences that will be applied if the behaviors continue.
   c. Officials immediately alert event management of what has been reported so event management can contact administrator(s) present at the game and follow through with the school(s) involved.
   d. Officials should report the incident to their assigner at the conclusion of the contest.

4. **DISCRIMINATION & HARASSMENT HEARD OR SEEN BY AN OFFICIAL:**
   a. Apply NFHS rules as they should be enforced, resulting in the appropriate penalty, which may include ejection from the contest.
   b. Speak with both coaches immediately regarding the incident that occurred and ensure that coaches address their teams on expected behaviors for the remainder of the competition.
   c. Immediately alert event management of what has occurred so event management can follow through with the school(s) involved.
   d. Officials should report the incident to their assigner at the conclusion of the contest.

5. **Upon continued harmful behavior, officials can issue a warning that further actions may warrant termination of the contest.**
   a. If the warning is given to the coaches, the crew should meet with game management to make sure they are aware that a third occurrence will result in the termination of the game.

6. **In any instance of discrimination or harassment, designated supervisors are to check in with affected student-athletes or coaches to determine whether further action may be necessary to support them.**

**EXAMPLE OF CONDUCT PLAN**

**Contest Conduct Plan – PART 2: SPECTATOR & PARTICIPANT EDUCATION**

*Member schools shall implement an educational component, putting in place preemptive measures to curb inappropriate actions and discriminatory harassment. These measures must take place prior to the start of each sports season and include active student participants and student body.*

1. **Implement an anti-discrimination PA announcement to be read before each competition, emphasizing the following components:**
   a. Cheering in favor of one’s team, not against the opponent
   b. Making comments about the game, not the player
   c. Hearing from multiple voices: student reads get better reception

2. **Implement a peer-led presentation on sportsmanship at one of the following venues:**
   a. Schoolwide assembly
   b. Sport-specific preseason meetings
   c. Advisory periods

3. **Identify student leaders early in the year, and let them spearhead sportsmanship. If students lead the charge, others will follow**

4. **Implement data-driven information sessions for students/parents on the consequences of discriminatory behavior at one of the following venues:**
   a. Schoolwide assembly
   b. Sport-specific preseason meetings
   c. Advisory periods

5. **Preseason trainings for coaches/admin**
   a. Could include messaging from student athletes about what they may want adults to know coming from a student athlete perspective
   b. Mental health expert helping coaches implement strategies to support students

6. **Spectator policy/expectations (via signage) around competition sites & social media of schools competing**
   a. D/H reporting
b. Positive messaging

7. Social media rewards system from the school for students demonstrating exemplary sportsmanship

APPENDIX 6 – GENDER IDENTITY

Language and terminology are continually evolving, which means that people talk and think about gender in many different ways. However, below are a number of commonly used terms (and key aspects to each of our identities) to use as a starting point for any conversation about gender:

1. Assigned Sex describes the sex a person was given at birth based on their anatomy. Falls within two categories: female and male.

2. Gender Expression describes the external ways in which a person expresses their gender identity to the world, such as through their behavior, emotions, style of dress, hairstyle, makeup, interests, or choice of toys, colors, or activities.

3. Gender Identity refers to a person’s innate sense of their own gender. This can include being female, male, both, gender-fluid, or other—regardless of their assigned sex at birth. The most commonly used terms to describe gender identity include, but are not limited to, the following:
   * Cisgender is an adjective that is used to describe a person whose assigned sex aligns with their gender identity, e.g., someone who was assigned female at birth and whose gender identity is female. Most people are cisgender.
   * Transgender is an adjective used to describe a person whose gender identity differs from their assigned sex, e.g., someone who was assigned female at birth, but whose gender identity is male.
   * Nonbinary is an adjective that can be used to describe a variety of gender identities that do not fall into one of the two traditional (binary) categories—male or female. It can indicate a person’s gender identity that is something other than male or female, that is neither entirely male nor entirely female, or that blends elements of being male or female.
   * An example of correct usage for these adjectives include: a cisgender person, a transgender person, a nonbinary person.

4. Sexual Orientation is a collection of terms used to describe to whom one is emotionally, physically, and/or romantically attracted. Like cisgender people, transgender and nonbinary people will also use any sexual orientation descriptor including straight, gay, lesbian, bisexual, asexual, queer, etc. Note: Gender identity terms (e.g. cis, trans, nonbinary) are not sexual orientation labels.

Additional Terms:*

Gender Binary. An assumption that gender is limited solely to two categories, male and female, rather than a classification of genders that exist along a spectrum.

Transitioning is a verb describing the process through which a person begins to live in congruence with their gender identity. Each person’s transition is distinct, but possible steps may include any combination of legal, medical, or social changes (e.g., changing their name and pronouns, identification documents, appearance, etc.).

CORE VALUES: The WIAA Gender Identity policy has been developed based on the following core values.

- Recognizing the value of and maximizing participation in extracurricular athletics for all students
- Emphasizing that participation in extracurricular athletics is not just allowed, but encouraged for all students
- Operating from the presumption that all students will have access to programs and eligibility policies
- Reducing socio-economic barriers to participation.
- Acknowledging that this WIAA policy will need to be reviewed and revised each classification cycle or outside of that time-line, when information is available that necessitates a review or in response to a request by member school(s)
- Encouraging inclusive practices amongst member schools
- Encouraging participation for all athletes in a safe and supportive environment, free from discrimination

APPENDIX 7 – PHILOSOPHY AND PROTOCOLS RELATED TO WIAA HANDBOOK RULE 24.0.0 ILLEGAL RECRUITING

One of the responsibilities of being a member of the WIAA is a commitment to follow the philosophies and guidelines developed by the member schools as they relate to WIAA sanctioned activities and athletics.

1. Washington Interscholastic Activities Association’s philosophy on the recruiting of student-athletes to or from schools. That philosophy, outlined in WIAA Handbook Rule 24.0.0, states:

   “Students who demonstrate special skills and talent in any of the activities under the jurisdiction of the Washington Interscholastic Activities Association should not be subjected to pressures to enroll or continue to be enrolled in a member school outside of their normal enrollment area. The rules do not prohibit legitimate school public relations, promotion or marketing. Rather, these rules prohibit capitalization upon a school’s athletic program and/or a student’s athletic interest, potential or proficiency as a factor in determining school attendance. Efforts to induce students to enroll or continue to be enrolled in a
2. As a member school you agree to support and abide by the WIAA philosophy on the recruiting of student-athletes to schools. The member schools of the WIAA deplore any attempt, whether direct or indirect, to influence students to enroll at a certain school for an athletic purpose. Any attempt by those affiliated with the school or acting on behalf of the school* to directly or indirectly influence students to attend their high school for an athletic purpose shall render school personnel and the school itself subject to penalties, including, but not limited to, disqualification from district and/or state competition. Students who attend a school for an athletic purpose shall be ineligible at all levels of play and for all sports for one full calendar year.

(*) People affiliated with the school include, principals, assistant principals, coaches, teachers, any other staff members or students, or any organization having any connection to the school.

3. Member schools agree to support and abide by the Washington Interscholastic Activities Association’s philosophy on financial incentives designed to recruit student-athletes. That philosophy, outlined in the WIAA Handbook Rule 24.1.0, states that:

“No student athlete may receive, or be offered, any remunerations of any kind, or receive or be offered any special inducement of any kind which is not made available to all students or applicants who enroll or continue to be enrolled in the school or apply to the school.”

If families of potential students contact our school, we will present them with a complete, accurate, and inspirational picture of their overall educational and co-curricular programs, then allow them to make an unfettered choice. We therefore choose to abide by the following appropriate communication protocol:

- No one affiliated with the school or acting on behalf of the school* may initiate contact with prospective student-athletes and/or their parents.
- When a coach is approached by a potential student, her/his family or representative of the family, the coach must refrain from discussing the schools programs and advise the applicant or family to contact the school’s registrar for further information.
- While an applicant is engaged in the registration process, coaches must refrain from discussing school programs with her/him, her/his family or a representative of the family. This limitation on communication applies until a student is officially registered in the school.
- No one affiliated with the school or acting on behalf of the school* will actively seek out prospective student-athletes for their schools by attending youth or middle school camps or competitions.
- Schools may host athletic competitions or camps at their own venues and coaches may be present and involved in the management of those events provided they do not use these events as a mechanism for enticing potential student athletes.
- Any effort made to encourage an applicant to attend must be aligned with efforts made for all students to attend. Special efforts must not be made to encourage potential students interested in athletics to attend unless parallel efforts are made for all potential students.

4. Resolution of Questions and Concerns: Should a question or concern arise between schools regarding compliance with these philosophies and protocols, the school that has the question or concern should contact the other school directly. This approach fosters open and positive communications between member schools and is in keeping with the spirit of collegiality that serves as a foundation for the WIAA. If a question or concern cannot be satisfactorily resolved between schools, then it should be elevated to the league and/or the WIAA for further consideration.

5. Private Schools: If financial aid is provided, it must be granted solely on the basis of financial need. A family’s demonstrated financial need is determined in accordance with the process that is established by each school. Schools may offer merit scholarships which are defined as awards based on scholastic achievement. No financial aid or merit scholarship may be offered on the basis of athletic ability.

Private schools have the right to engage in promotion, marketing, and public relations efforts that are consistent with WIAA Rules. Such efforts may include:

- Promotion and marketing of schools and their total programs to the general public. Examples include, but are not limited to, advertisements with various media outlets, admissions open houses, and attendance at local or regional school fairs.
- Offering programs to attract students based on the overall educational and co-curricular programs of the school. Examples include, but are not limited to, admissions office staff visiting local schools and feeder schools and arranging with our admissions offices to have groups of students visit our schools.
- Private schools may have direct contact with any students currently enrolled in that school’s own middle school/junior high program. Examples include, but are not limited to, attending competitions and instructing during team practices during the designated season.

### APPENDIX 8 – DETERMINING THE BEGINNING, 50% DATES AND ENDING DATES OF THE WIAA SPORTS SEASONS

The NFHS Standardized Calendar shall be followed for the beginning dates, 50 percent rule dates, and ending dates of each specific sports season. The 50% date is the Monday following the mid-way point of the regular season. For example, the volleyball regular season spans 10 weeks, and the 50% date is on the Monday of the sixth week.

APPENDIX 11 – CODE OF ETHICS

It is the duty of all concerned with school athletics:

1. To emphasize the proper ideals of sportsmanship, ethical conduct and fair play.
2. To eliminate all possibilities which tend to destroy the best values of the game.
3. To stress the values derived from playing the game fairly.
4. To show cordial courtesy to visiting teams and officials.
5. To establish a happy relationship between visitors and hosts.
6. To respect the integrity and judgment of sports officials.
7. To achieve a thorough understanding and acceptance of the rules of the game and the standards of eligibility.
8. To encourage leadership, use of initiative, and good judgment by the players on the team.
9. To recognize that the purpose of athletics is to promote the physical, mental, moral, social and emotional well-being of the individual players.
10. To remember that an athletic contest is only a game - not a matter of life or death for player, coach, school, official, fan, community, state or nation.

APPENDIX 12 – PHILOSOPHY OF DANCE/DRILL TEAMS AS ACTIVITY SQUADS

Interscholastic athletics supplement the secondary curricular program and provide students with educational experiences and learning outcomes that contribute toward the development of attributes of good citizenship. This can be accomplished only when emphasis is placed upon teaching "through school athletics". Interscholastic athletics can be justified only when this is the primary philosophy and purpose.

Being one (1) of the most recognizable representatives of a school, Dance/Drill Team members are in a position of influence; therefore high standards of conduct are essential. Positive personal behavior and team cohesiveness demonstrate these standards. Appropriate behavior will help earn the respect of the student body which is the core of developing effective school spirit and student involvement.

THE PURPOSE OF DANCE/DRILL TEAMS:

A. Dance/Drill sports teams compete as athletes. Members must condition, practice and warm up the same as other athletes in preparation for a performance.

B. Dance/Drill team competition requires the development of physical skills, performed in a choreographed routine. During a competition the team’s performance is judged. Dance/Drill team competition is a part of the total educational program. Dance/Drill team competition serves to develop leadership, confidence and skill.

C. Dance/Drill activities teams may serve as support groups for the interscholastic athletic programs within the school. Each team strives to boost school spirit, promote good sportsmanship and help student participants achieve the most worthwhile educational objectives of the interscholastic program.

APPENDIX 14 – HISTORICAL PERSPECTIVE OF WIAA

1900-1925
Although the records are not precise before 1925, there is considerable evidence to show that the schools in Washington were deeply concerned about interscholastic athletics. Shortly after 1900, the Washington High School Athletic Association was formed. Meetings were held in conjunction with the annual Washington Education Association conventions. A three-man Board of Control administered the affairs of the Association. Much of our basic philosophy was established, yet the need for more complete organization became apparent. The National Federation lists 1920 as the year of our official beginning.

1925-1958
1925 to 1958 saw considerable growth in the development and control of interscholastic athletics in Washington State. In February of 1925, by referendum vote, an assembly of eight (8) was chosen from eight districts to formulate rules for the Association. The next month the assembly was expanded to sixteen (16) to conform to the number that came to the State Basketball Tournament. During the ensuing years the number of Board of Control members increased from three (3) to eight (8), Representative Assembly members from eight (8) to thirty-two (32), and administrative districts from eight (8) to ten (10).

In 1936 our State joined the National Federation. The March 1946 Representative Assembly authorized the formation of a State Officials Association for Football and Basketball. The junior high schools of the state came under the jurisdiction of the Association through action of the September 1946 Representative Assembly. A Junior High Committee, created in March 1952, and now a permanent committee, drew up the current Rules for Junior High Schools. They went into effect in July 1954.

In 1950 Henry DeYoung became the first full-time Executive Secretary and offices were established in the Lloyd Building in Seattle.

1958-1983
On July 1, 1958, WHSAA became WIAA. Debate and music were added to athletics to make our organization the Washington Interscholastic Activities Association. Proper constitutional changes were made to create permanent state music and debate committees. Two school directors became ex-officio members of the Representative Assembly. An Assistant Executive Secretary was added to the staff in July 1961. Wrestling officials were added to the WOA in 1963, and an Officials Association for Girls' Sports was added in 1974.

On May 1, 1964, the Association offices were moved to the WEA Building in Seattle. Regulations for girls' athletic activities were added to the Association by action of the 1967 Representative Assembly. In July of 1970, WIAA was privileged to host the 51st National Federation Annual Conference. The Association moved into its own office building near Lake Sammamish in Bellevue on November 1, 1971. In 1972 the Executive Board was increased from eight (8) to ten (10) members; and an Assistant Executive
Secretary for Girls' Sports was added. In 1977, the Representative Assembly grew to thirty-five (35) members, and an Administrative Assistant for Publicity was added to the staff. The WIAA became a nonprofit, incorporated Association in 1980.

In 1981 the WIAA Districts were reduced from ten (10) to nine (9). The Executive Board membership remained at ten (10) with one member at large elected from the west side. The title of Executive Secretary was changed to Executive Director.

After 21 years of service to the schools of the State of Washington, Henry E. Rybus retired as Executive Director receiving the National Federation's highest service award in 1982.

During the 1982-83 school year WIAA "piloted" the catastrophic insurance coverage plan for the member school districts of Washington State. The plan was offered nationwide the following year.

**1983-Present**

In the summer of 1983 WIAA hosted the 64th National Federation Annual Conference.

In 1984, softball and soccer associations and boards were added to the Washington Officials Association. Additional state tournaments added in 1984 were: "AA" Girls' and Boys' Soccer; "A/B" Softball; "AA" Boys' and Girls' Swimming; and "A/B" Tennis.

Following the 1977 pioneering of the multi-championship football games of the "Kingbowl", WIAA offered the nation's first concurrent basketball tournaments in one facility at the Tacoma Dome in 1985, and added a second "AA" tourney in 1988. "Project High Five" and the academic achievement recognition program were initiated by the WIAA Board during 1984.

Washington hosted the Annual National Federation Sections seven (7) and eight (8) meeting in October of 1985, in 1997 and in September of 2019.

In 1987, Cheerleading became a WIAA sanctioned activity and state tournaments for "B" Softball and "A/B" Golf were added. US Bank was the corporate sponsor of WIAA State Tournaments from 1987 through 1996.

In 1988 Theatre/Drama was added as a WIAA sanctioned activity and the "AA" and "AAA" classifications returned to a 16-team basketball tournament after 25 years of regionals. Academic state champions were recognized in each classification in each sport and activity under WIAA jurisdiction at the state championship events. After three years of study, the Washington Officials Association (WOA) and WIAA member schools entered into an unprecedented agreement with the Washington State Labor and Industrial (L&I) Department to assure workers compensation insurance coverage for all WOA Officials.

In 1989, Boys A/B Soccer and a separate Girls' Golf Tournament were added and Mat Classic I took place in the Tacoma Dome. Dance/Drill became a WIAA sanctioned activity in 1990.

WIAA Schools named student "Dreamers and Doers" to the national Disney sponsored program starting in 1989-90. In 1991-92 the program was discontinued, and the WIAA/ALPAC/7-UP/Hugh McElhenny scholarship was inaugurated for "Believers and Achievers".

John Olson joined the Executive Staff as WIAA's first legal counsel in 1990.

WIAA Executive Director Cliff Gillies served as the National Federation President in 1990-91. That same year the sportsmanship recognition medallions were introduced at the state tournament contests.

The 1992 Spring Sports State Championships were held statewide at three sites: Tacoma area (AAA), Spokane area (A/B), and Washington State University (Pullman area) (AA). AA/AAA Track (Startrack) and A/B State Track Meets remained at their traditional sites of Tacoma Lincoln Bowl and Eastmont High School. This was the state's first Springfest.

The Expulsion/Suspension Rule was adopted in 1992.

The State Board of Education adopted by resolution on May 29, 1990, qualification standards required for all interscholastic coaches by the school year 1994-1995. These standards were proposed by Representatives of School Directors, Superintendents, Principals, Athletic Directors, Coaches, and WIAA. The standards were also required of Cheer coaches and Dance/Drill coaches beginning in 1996.

In 1992 WIAA's first fastpitch softball tournament for AAA, AA and A was held for those schools who elected to play fastpitch instead of slowpitch.

The 1996 Representative Assembly added a fifth classification of schools and a separate Middle Level Representative Assembly, beginning with the 1997-98 school year.

Girls' bowling came under WIAA jurisdiction as a winter sport through action of the 1999 Representative Assembly. The state event for Dance/Drill became a championship, rather than a conference.

The WIAA state office moved from Bellevue to Renton in 1999-2000. 2001 represented the inaugural year for the Scholastic Cup program, in which points were earned for the top schools in each classification. Points were earned for academic and athletic recognition and were deducted for ejections.

2004 marked the first girls' wrestling invitational held in conjunction with Mat Classic XIV. In the spring of 2004, ten individuals and one team were inducted into the WIAA Hall of Fame in a special recognition luncheon at Seahawk Stadium. Following the finalization of the sport seasons, schools had the option to declare cheerleading and dance/drill as an activity or as a sport.

Member high schools were divided equally into six classifications (1B, 2B, 1A, 2A, 3A, 4A) beginning with the 2006-07 school year. Thirteen new state championship tournaments were added as a result during the inaugural year.

The WIAA Executive Board was expanded to 13 members, with one from each of the nine WIAA Districts, and four regional representatives as a means to insure diversity of position, race, gender, and ethnicity in representing the member schools.
Mike Colbrese retired at the end of the 2018-19 school year after serving as the WIAA Executive Director for 26 years.

Slowpitch softball once again became a recognized WIAA sport, with a separate state championship event held in the fall of 2019-20. The global COVID-19 pandemic forced the Association to cancel all state events beginning in mid-March 2020, extending through the end of the 2020-21 school year.

APPENDIX 16 – CO-OP AGREEMENT BETWEEN WIAA MEMBER SCHOOLS, LEAGUES, DISTRICTS AND WOA ASSOCIATIONS AND BOARDS

Parties: The Parties to this Co-Op Agreement are the member schools of the Washington Interscholastic Activities Association and the entities making up leagues and districts, represented by the WIAA Executive Director, and the member Associations and Boards of the Washington Officials Association, represented by the WOA Executive Director.

RECITALS

WHEREAS, the Parties each have unique roles and responsibilities with regard to the conduct of high school, junior high school, and middle school athletic contests, and

WHEREAS, the Parties desire to provide for the consistent statewide administration of high school, junior high school, and middle school athletic contests.

NOW, therefore, in consideration of the mutual covenants and promises contained herein, the Parties, intending to be legally bound, hereby agree as follows:
1. **Duration of Agreement**: This Agreement shall be in effect from August 1, 2020 through July 31, 2024, with the provision that any part of this Agreement can be reopened upon the mutual consent of the Washington Interscholastic Activities Association (WIAA) Executive Board and the Washington Officials Association (WOA) Executive Board.

2. **Service Area**: The service area includes all WIAA member middle schools, junior highs, and high schools. This includes all contests, varsity and non-varsity.
   a. Only WOA officials are eligible to officiate scheduled contests.
   b. School representatives do not have the authority to solicit officials directly for contests. All assignments must be made by, and through the appropriate assigner for the respective WOA Association/Board.
   c. In case of an emergency, non-registered officials may be used as outlined in the WIAA Handbook.
   d. Service areas disputes shall be addressed by the WIAA Executive Director and WOA Executive Director.

3. **Officials**: Officials must be members of the WOA as defined in Article I of the WOA By-Laws.
   a. Registered and certified officials as defined by the WOA By-Laws shall be permitted to work middle school/junior high contests.
   b. Certified officials as defined by the WOA By-Laws shall be permitted to work high school contests.

4. **Contest Fees**: Shall be in accordance with the established WIAA / WOA fee schedule.

5. **Administrative Fee**: Administrative fees are included in the agreed upon contest fees.

6. **Local Association/Board Funding**: Assessment fees and/or dues paid by officials shall be used to contribute towards the funding of the local Association/Board.

7. **Invoicing**: As part of the co-op, high schools will be invoiced a WOA membership fee within 60 days of the start of the season based on the fee schedule agreed upon by the WIAA and WOA. Middle Schools/Junior High Schools will be invoiced three times a year (December, April, June). Payment is due within 45 days of the invoice date.

8. **Change Fee (Schools)**: There is no change fee charged to the schools. Excessive non-weather related schedule changes in a given sport by a member school shall be reviewed by the WIAA Executive Director and WOA Executive Director.

9. **Late Fee (Schools)**: A 10% service charge will be assessed to WOA Membership Fee invoices that are not paid by the due date. Invoices that remain unpaid at the end of the season will be assessed an additional 10% service fee. If discrepancies in the invoice arise, it is the responsibility of the school administrator to contact the WOA prior to the due date to reconcile the invoice.

10. **Cancellation Fee (Schools)**: If, after the official(s) arrive at the contest site, the contest (started or not) is cancelled/postponed, the contest fees and mileage shall be paid in full.

11. **Late Cancellation Fee (Schools)**: The full contest fees and mileage shall be paid when the assigned official(s) appear for an event that has been previously cancelled unless the school notifies the Assigner at an agreed upon time prior to the scheduled start of the contest. Cancellations made without regard to the agreed upon time may result in a fee being charged to the school.

12. **No Show Penalty**: If a Confirmed Contest cannot be played due to the lack of officials, the schools and local association/board involved shall negotiate any monetary penalty, which shall not exceed the visiting team’s transportation costs. If the parties are unable to do so, the parties may submit information pertaining to the no show to the WIAA Executive Director and WOA Executive Director in order to receive a ruling as to whether or not a penalty shall be imposed. The ruling may be appealed to a panel consisting of WIAA and WOA Executive Board members. No penalty or reimbursement shall be payable however, if the failure to appear is due to unforeseen circumstances, such as weather conditions affecting safe travel, or sudden onset of illness or injury. A Confirmed Contest is one that appears in ArbiterSports and has officials who have accepted the assignment. If the contest is not in ArbiterSports or officials have not accepted the assignment, the contest is not considered confirmed. The responsibility of verifying a confirmed contest is shared by the assigner, home athletic administrator, and visiting athletic administrator. If there are no officials available for a scheduled contest, it is the responsibility of the assigner to inform the home athletic administrator. This provision is not in place if only one official is requested or assigned to a contest.

   a. Travel Fees for postseason contests at a site that is serviced by the respective Association/Board shall be the same as section 13.

19. Observations (State): Leagues and districts shall honor the WOA Observers Pass for admittance to regular season and postseason contests. 17.5.0 OUT-OF-SEASON

NO; school sponsorship or promotion or practice and/or participation is limited to the designated WIAA season for that sport.

School uniforms may be worn ONLY if the all state contests are sponsored by the Washington State Coaches Association.

Q&A-4: We have a former NBA player now living in our community. Is it permissable to bring him in to assist in practices once in a while?

Q&A-5: Are there any restrictions regarding alumni returning to the school during the winter break to assist with the wrestling program?
Alumni assisting in any manner with a school sports program must be approved volunteer coaches according to local school district policies and are subject to the out-of-season rules and coaches standards.

Q&A-6: Could a seventh (7th) grade coach work with eighth (8th) graders or high school age students at any time during the WIAA school year?
NO, not unless the person has a written agreement with the school district to coach at both levels and then, only during the designated season for each level. The specific sports coaches are considered to be coaches of all student athletes within that school district.

Q&A-7: I coached volleyball in the fall. At the end of the volleyball season, I resigned and coached many of the same players on a club volleyball team. Can I reapply for the high school coaching position again in the fall?
NO, when a coach is hired to coach an interscholastic team, that coach has committed to following all WIAA rules throughout the WIAA school year. If you resign, are terminated, or for whatever reason do not anticipate returning the next year and choose to coach a club team that involves students from that school during the out-of-season time period, you cannot be considered for that school's coaching position until after that sport has concluded during the following school year.

Q&A-8: Could a coach be involved in coaching one of their athletes who has been nominated as a member of a regional or national team in that sport during the out-of-season time period?

Q&A-13: May a prospective coach run practice drills involving the players at that school during the interview/screening for a new position?
YES.

Q&A-14: Could the high school basketball coach work with the middle school basketball team during the fall (which is the designated season for this middle level basketball league)?

No WIAA rules would not be violated if a coach organizes a summer league team during the summer.

You may assist in evaluating and drafting players onto all star teams only if none of your players are involved. Analyzing players on their performance and ability is a primary function and a regular responsibility of a coach during a practice and is permissible only during the designated WIAA season.

Q&A-29: Is it within WIAA rules for the volleyball coach to play with the students during the out-of-season time period?
YES; a coach may play with students from his/her school as long as no coaching is taking place.

There is no WIAA rule to prohibit participation in the summer program as long as the last middle school sports event has been completed and the local school district allows summer participation for these students.

Q&A-2: May a high school baseball coach be actively involved in a summer baseball program before school is out, if the majority of the summer team roster is composed of that coach’s high school team?

YES; a coach may coach non-school teams and players during the season. However, requiring participation by student-athletes as a condition for playing on a school team would constitute a violation.

Q&A-3: Are students that participate in a school-sponsored summer program required to meet all WIAA eligibility requirements?

WIAA rules and regulations do not govern summer programs, other than to define the time period for summer, ad to allow school districts to sponsor programs. Local school districts have the authority to determine what programs will be sponsored by the school(s) within that district, and may add restrictions as deemed appropriate. The WIAA rules of eligibility do not apply, although local school districts could add that stipulation.

17.11.0 PRACTICE REGULATIONS

YES; contingent upon the school administration and risk manager approving the site with the school coach running the same practice as that conducted at the school site.

Q&A-5: One of the players on our volleyball team has a job that conflicts with after school practice. The coach also teaches an advanced PE class and is willing to run a special practice for her during the class. Will that allow for her to play in our first match?

NO; participating in physical education classes does not constitute a practice.

Q&A-6: Instead of a practice on the field, our coach plans for the teams to watch game films and talk strategy to prepare for an upcoming game.

For the purpose of meeting the pre-contest practice requirements, the practice must be a physical activity.

Q&A-7: One of the gymnasts on our team also participates in club gymnastics. She intends to practice for about 15 minutes at school then continue the practice at the club where she competes. Is that legal?

Q&A-12: Can the seventh and/or eighth graders practice with the high school team if that sport is not offered at the middle level?

YES; provided the practice sessions do not extend beyond the twelve (12) week middle level season limit and the school district assumes all responsibility and liability for the different age groups practicing together.

Q&A-13: Since participation in physical education classes cannot count as a practice, could the coach schedule a team practice before school?

YES; practices may be conducted prior to, or after, the school day.
17.11.6 ONE DAY EQUALS ONE PRACTICE

**Q&A:** Due to an illness, one of our soccer players missed three practices. The coach is willing to run two practices in a day, one early in the morning, and one later in the afternoon, in order for this player to be eligible for the first game. Will that be acceptable?

Each school has the authority to decide when, where, and how long practice sessions will be conducted. However, whether the student participates in one or two practices in a day, one day is equal to one practice for the purposes of meeting the minimum practice requirements.

17.11.7 PRACTICE DAYS

**Q&A-1:** I need only one more practice to be eligible for our first soccer game, and my coach is willing to have a special practice on Sunday.

While WIAA rules do not prohibit a Sunday practice, a full team practice must be held in order for the practice to count.

**Q&A-2:** Our family generally travels out of state on Thanksgiving to spend time with relatives, but my gymnastics coach has scheduled practice on Thursday, Friday and Saturday of that holiday weekend. Can he do that?

Each school has the authority to decide when, where, and how long practice sessions will be conducted. A nationally recognized holiday is an allowable practice day.

17.11.8 PRACTICE ON A GAME DAY

**Q&A:** One of our basketball players needs only one more practice in order to play in our first game tomorrow night. If the coach runs a special practice tomorrow morning would he be eligible to play?

**NO:** while the coach could schedule a practice, providing it is a full team practice, it could count toward the minimum practice requirement, but practice on a game day does not allow an athlete to become eligible for competition on that day.

17.11.9 PRE-CONTEST WARM-UP EXERCISES

**Q&A:** One of the soccer players on our team needs only one practice to play in our first game this afternoon. If the coach extends the pre-game warm-up to a full practice, could she play in the game?

**NO:** participation in pre-contest warm-up exercises cannot count as a practice and practice on a game day does not allow an athlete to become eligible for competition on that day.

17.11.12 WAIVER OF INDIVIDUAL PRACTICE REQUIREMENTS

**Q&A-1:** Because I played in the pep band during the state basketball tournament, I missed the first four softball practices. I know the basketball players need only five (of the ten) pre-contest practices in order to be eligible for our first game, but I was told I have to participate in the full ten practices. Is that right?

**YES:** only athletes competing in any level of WIAA sanctioned postseason playoffs are allowed up waive up to one-half of the minimum pre-contest practice requirements. Band, cheer or dance/drift participants who perform at a sport state championship event must complete all precontest practices in the succeeding sports season before competing in a contest.

**Q&A-2:** Several of the football players on our team also play basketball. Since they won the football state championship, we plan to give them the next week to rest before beginning basketball practices since they will need to practice only five days before our first basketball game.

The provision to waive up to one-half of the practice requirements is available ONLY if the players are unable to meet the practice requirement. If practices are scheduled, they should be expected to participate and are not allowed to waive that practice. If they choose to take a week off, they would have to get in the full ten practices before playing in a basketball game.

**Q&A-3:** My doubles partner and I qualified for the state tennis tournament in the fall since our school participates in an alternate season program. We both played baseball in the spring, so could we waive half of the required spring practices in the alternate sport?

**YES:** since the doubles team qualified in the fall (alternate) season and each member is also participating in a spring sport, up to one-half of the required number of practices may be waived.

**Q&A-4:** Could the son of one of the football coaches practice with his dad’s team even though the son attends a different high school in a multi-high school district? The son’s team did not make the playoffs so his team’s season is over, but he wants to continue to practice.

**NO:** only students who are members of the school may practice with the team.
Q&A-5: Our middle school provides a four-sport season for students with ninth graders competing at the high school level in sports not offered at the middle school. The middle level sports season are somewhat different than the three high school sports seasons. If a ninth grader completes a middle level season then plays at the high school level in a different sport, is that student required to complete all of the precontest practices or would that student be allowed to waive up to half of those practices due to competing in another sport?

The only waiver of the pre-contest practices is for students participating in a sport state championship event.

Q&A-6: The football team at my school is in the playoffs. Several of the football players also play basketball. After the basketball season begins and while the team is still involved in the football playoffs, if the basketball coach holds a morning practice and the football coach holds an afternoon practice, can the morning practice count toward the minimum practice requirement for basketball?

YES, provided the practice was scheduled for the entire team, and not just the football players who also play basketball.

Q&A-7: If players on a football team that is still in the playoffs beyond the start of the basketball season also participate in two basketball practices, then miss the next four basketball practices due to conflicts with football practice or games, does the interruption of pre-contest rule (17.11.10) apply?

No, since the players continued to practice with the football team during the overlap, 17.11.10 would not apply.

Q&A-8: How many practices are required of players on a football team that is still in the playoffs beyond the start of the basketball season?

Whether the player participates in one, two, or more practices during the football-basketball overlap, the player is required to participate in the first basketball practice following the conclusion of that team’s football season, and a minimum of five (5) practices must be completed before the player can participate in a basketball game.

Q&A-9: If the softball program is cancelled by the school midway through the season, could a student waive up to one-half of the required practices in order to participate in track and field?

Yes, since the program was cancelled by the school and the other sport is held during the same season.

17.14.2 EACH CONTEST CREDITED TO A SQUAD

Q&A-1: If a junior varsity team plays a varsity team, how does that game count?

It counts as a JV contests for the JV team, and as a varsity game for the varsity team.

Q&A-2: Does it count as a game if the varsity girls basketball team scrimmages against the boys junior varsity team?

NO; since both teams are from the same school, the scrimmage would be considered the same as a practice.

Q&A-3: The basketball team is scheduled to play a game on Martin Luther King Day. Since that’s a national holiday, is it legal to play on that day?

YES; there are no WIAA restrictions for playing on a national holiday.

Q&A-4: Can our baseball players play in a staff/student slow pitch game as part of our end of spring season banquet? Would this be considered a contest and count as one of the 20 allowed per player?

Your school could sponsor an event during the time period that the sport is in season or during the summer. Since baseball and softball are in season during the spring, it would be within WIAA rules and since only students and faculty from your own school would be involved, it would not count as a contest. Since you have proposed to have adults involved in the game, approval of your Risk Manager is recommended prior to this event being scheduled or promoted.

17.14.8 POSTSEASON QUALIFYING EVENTS

Q&A-1: Does a league championship tournament where all teams qualify for the district tournament, but that determines only the league champion, meet this rule?

NO; either teams must be eliminated or the tournament must determine seeding for the district tournament.
17.23.5 INTERSTATE COMPETITION

**Q&A:** Our softball team has been invited to participate in a tournament in Arizona over spring break. Are there any special requirements our school must meet since the tournament is in a different state?

In addition to any local school district requirements regarding travel, any interstate or international event involving two or more schools which is co-sponsored by or titled in the name of an organization outside the school community (e.g. a college/university, a theme park, an athletic shoe/apparel company) needs to be sanctioned. Any event in non-bordering states if more than five or more states are involved needs to be sanctioned. Any event in non-bordering states if more than eight schools are involved needs to be sanctioned. The host school must fill out the request for sanction via the NFHS Website. Your school would be allowed to participate after approval has been granted by the appropriate levels.

17.25.0 NON-SCHOOL PARTICIPATION

**Q&A:** I am a select soccer player. Can I play on my select club team at the same time that I play on my high school team?

YES; you can participate on a non-school team at the same time you compete on your school team with a few restrictions. You cannot be given special treatment or privileges on a regular basis to enable you to participate on your non-school team, e.g., reduced practice times, special workouts, late arrivals or early dismissals. You also cannot compete in your school uniform at non-school events. REGULAR is defined as meaning no more than once per week (if a student is released from a practice or game to participate in a non-school sports program).

18.3.0 PLAYERS ELIGIBLE FOR PARTICIPATION

**Q&A-1:** Is a basketball player who does not have the minimum number of practices to compete in an interscholastic contest allowed to be on the team bench in uniform during a contest?

NO; only players who are currently eligible to participate may wear the contest uniform on the team bench.

**Q&A-2:** A high school volleyball team has nine players on the roster, but only six players on the court. The other three players are serving as line judges. One of the six court players becomes injured. Can one of the other players serving as line judge now play in the contest?

YES; the three students serving as line judges are eligible players. The fact that they are currently not occupying a spot on the team bench does not prohibit their participation in the contest, provided the players do not exceed the team and individual contest limitations for that day.

**Q&A-3:** I competed in wrestling at my high school until January 25, and then switched to play basketball. Can I compete in the postseason basketball tournaments?

NO; you must have been on a school’s team roster for at least 50 percent of the regular season in that sport in order to be eligible for postseason participation.

**Q&A-4:** My family has lived in school district A for many years, then we moved to a new school district at the beginning of the second semester. It is near the end of my wrestling season. Am I eligible at my new school to participate in the remainder of the wrestling season?

YES; since your entire family unit has relocated, you have immediate eligibility at your new school, provided you meet all other eligibility requirements of participation.

Note: Your new school and coaches will make the decision on the level and degree of your participation. You would be eligible for postseason competition because you have been on A TEAM ROSTER for more than 50 percent of the season in wrestling.

**Q&A-5:** One of our school’s basketball players broke her ankle after only the third basketball practice, had to sit on the sidelines the next eight weeks, and was just cleared by her doctor to play. Because she has not been playing, will she still meet the 50% rule?

YES; she has been on the eligibility list for basketball for the entire season and since participation is not a requirement, she would be eligible to participate in the postseason provided she meets all other conditions of eligibility.
18.4.0 PHYSICAL EXAMINATION

Q&A-1: A family friend is a Doctor of Chiropractics and has agreed to provide athletic physical exams for our family. Will this physical exam be accepted for interscholastic participation?
NO; only those licensed to perform physical examinations are able to provide physical exams for athletic participation.

Q&A-2: I had a physical exam in April for spring sports. For how long is my physical good?
Physical exams are good for 24 months unless the school district has a more restrictive policy.

Q&A-3: I was injured for the early part of the basketball season, but have finally been cleared by a chiropractor to resume athletic participation. Is the medical release from a chiropractor acceptable?
NO; the written release to resume participation must come from a physician licensed to perform physical examinations.

Q&A-4: Can a student get a waiver of the Physical Exam requirement for religious reasons?
NO; the physical exam requirement is a health and safety requirement for all students who choose to participate in athletics at a member school.

Q&A-5: One of the boys on the basketball team broke his hand and has not been cleared by his physician to scrimmage with the team, although he has been cleared to run for conditioning. If he runs on the sidelines during a practice while the team is scrimmaging, can that count as a practice?
NO; the player must medically cleared to fully participate in practice in order for it to count toward meeting the minimum practice requirements.

Q&A-6: Due to a severely sprained ankle, one of our swimmers is unable to swim at this point. If she assists the coach with timing and other managerial duties, can those practice sessions count toward meeting the practice requirements?
NO; she must medically cleared to fully participate in practice in order for it to count toward meeting the minimum practice requirements.

18.5.0 AGE LIMITS

Q&A-1: Can a student who turns 20 years of age in July compete for a fall sport?
NO; at the high school level, a student must be under 20 years of age on September 1 for a fall sport, December 1 for a winter sport, and March 1 for a spring sport.

Q&A-2: Can a student who turns 16 in May of the previous school year compete on a junior high school athletic team?
NO; a student who turns 16 prior to June 1 cannot compete at the junior high level the next school year.

Q&A-3: Is a student who turns 15 in April of the previous school year eligible to compete on a middle level athletic team?
NO; a student who turns 15 prior to June 1 cannot compete at the middle level the next school year. It may be possible for the student to participate at the high school level.

Q&A-4: Can an average middle level student compete on the high school team?
YES; a student who is ineligible to compete in the middle or junior high-level school athletics due to the age rule may participate in all sports in the public senior high school of the public school district, provided both the middle or junior high level and senior high school principals concerned approve the student's eligibility.

Note: This will be the first of the four consecutive years of eligibility at the high school level.

18.6.2 ALTERNATIVE EDUCATION

Q&A-1: I attend a private high school without athletics. Can I compete in athletics at the public high school of my choice?
NO; you can only compete at the resident public high school that you would normally attend.
Q&A-2: As a home school student, where can I compete in athletics?
A home school student has athletic eligibility in his/her resident public school of record. In order to participate in activities/athletics the student must be a registered home school student with the school district and must meet all the eligibility requirements for participation.

Q&A-3: As a home school student, can I transfer to another public school for athletics?
YES; but you need to be released by your public school of residence and then register with the nonresident school district as a home school student. In addition, your athletic participation will be subject to the transfer rule, and your participation will be limited to the junior varsity level for one year in those sports you participated in the previous year at the school, club or community levels.

Q&A-4: I attend two different high schools: I attend school A for 75 percent of the school day and school B for 25 percent of the school day. Can I compete for athletics at school B?
NO; you must be enrolled half time or more to be a member of a school and represent them in interscholastic athletic competition. Your athletic eligibility is at school A.

Q&A-5: My private school had to drop its soccer program one week into the season due to lack of participation. Where am I eligible to play soccer?
Because your school no longer has a soccer program, you are eligible to play soccer at your public school of residence. If in a multiple high school district, then you are only eligible at the high school of your residence.

Q&A-6: I attend an alternative school without athletics. Prior to this school year, I attended a traditional public school that offered athletics and I participated in basketball. Where is my eligibility this year?
You remain eligible at your public school of record.

Q&A-7: I am attending a private school that does not have a gymnastics program. Can I participate at the public school closest to my private school?
No; you may only participate at your resident public school that you would normally attend.

Q&A-8: My resident public school does not offer the sport in which I want to participate. May I participate at another public school?
No; you must be enrolled half time or more to represent a school in interscholastic activities.

Q&A-9: The private school I attend has not been offering a soccer program, and I have been returning to my public school of residence to participate in soccer. But next year, my private school will be starting a soccer program. Can I still participate for my public school of residence since I have already been playing on their soccer team?
You will have to start playing for your private school once it begins offering the sport.

Q&A-10: I will be taking a Distance Learning Program offered by a school district in another part of the state. Where is my athletic eligibility?
Since you will be an out-of-district student taking courses from an alternative school without athletics, your athletic eligibility is at your public school of residence.

Q&A-11: I attend a private high school without athletics. Can I compete in athletics at another private high school of my choice?
NO; you can only compete at the resident public high school that you would normally attend.

18.7.0 RUNNING START ELIGIBILITY STANDARDS

Q&A-1: I am a full time Running Start student. Where am I eligible for athletics?
Your athletic eligibility is at your high school “of record,” which is your public school of residence. If you are a transfer student to another school district, your athletic eligibility would be subject to the transfer rules and all other conditions of athletic eligibility.

Q&A-2: I take classes at the community college as part of the Running Start program and also take two classes at my high school. How do I compute my grades for athletic competition?
You will have a “blended” GPA of college and high school credits. Begin by determining how many class periods are in the normal semester/trimester class schedule and the credits that can be earned at your high school. Example: Your high school has a six-period day (six .5 credit classes). The WIAA...
minimum class load and number of classes that must be passed would be five class periods or the equivalent of 2.5 credits. A five-hour Running Start class equals 1 credit. If you take eight hours of classes at Running Start (the equivalent of 1.6 credits) blended with the two classes at high school (equivalent to 1 credit), you would have 2.6 credits for the semester. 2.5 credits or more would meet the WIAA standard in a six-period day. Be aware that most school districts have a more restrictive academic requirement that you must meet for athletic participation.

Q&A-3: I attend a private school and would like to access Running Start classes. Where is my athletic eligibility?

Running Start is a public school educational program offering. Your eligibility is at your public school of residence where you access the Running Start program. You will be considered a transfer student back to your public school of residence with possible restrictions on your athletic participation for one year. You could still compete athletically for your private school if you maintain enrollment at the private school for at least 50 percent of the school day at the private school.

Q&A-4: Is it conceivable that a Running Start student could take enough credits with a blended schedule and not have to attend school the second semester, yet still be able to compete?

Yes; it is possible the student would not have to attend school during the second semester, provided that the required number of credits has been taken.

18.8.6 ACADEMIC SUSPENSION PERIOD

Q&A-1: I am a senior who will graduate this year and am enrolled in one less class than required by the other students at my school. Will I still be eligible if I drop a full credit class?

NO; seniors must maintain passing grades in all classes in which they initially enrolled in order to remain academically eligible.

Could I drop a full credit class and add a TA class?

NO; seniors may not drop or withdraw from a class in order to be eligible.

Q&A-2: I was academically ineligible at the start of my first semester this year due to poor grades at the end of the second semester last year. Basketball is my first sport this year. Do I have to sit out the first five weeks of the basketball season?

NO; the academic suspension period for high school shall be from the end of the previous semester through the fourth (4th) Saturday of September in the fall and the first five (5) weeks of the succeeding semester/trimester. You can become eligible on the Monday of the 6th week of the semester, providing you are now passing the minimum number of classes required by your school and the WIAA for athletic eligibility.

Note: School districts can adopt a stricter scholastic policy.

Q&A-3: How should a school periodically monitor the academic progress of athletes to guarantee they are academically eligible?

Each member school must establish a periodic grade monitoring system to guarantee that all athletes are meeting the academic standards of the current semester. It would not be necessary to establish a GPA when monitoring students’ academic progress. A school would need to determine if the student is eligible academically. School district standards may be more restrictive and could require a GPA. A monitoring system would check athlete’s grades two or three times during each nine-week academic quarter or equivalent.

Q&A-4: I am participating in volleyball in the fall sports season. I was academically eligible at the beginning of the semester, but now four weeks into the season I am failing three of my six classes. Can I still compete in contests?

NO; you must meet the WIAA and school minimum grade standards at all times during the current semester. You would be able to begin competition at any point in the semester that your grades improve and you meet the WIAA and school standards of eligibility.

Note: Your school may have a policy that requires a period of ineligibility when you do not meet the minimum grade standards during the season and semester.

Q&A-5: Can a scholastically ineligible student participate in practices, but not compete interscholastically?

YES; an ineligible student may practice subject to local school regulations.
Q&A-6: My high school has a pass-all-classes scholastic requirement for athletics. During the mid-term grade check, I failed one class. I meet the WIAA scholastic standard but do not meet the school district scholastic standard. Can I still participate in athletic contests? 
NO; you are an ineligible athlete because you do not meet your school district scholastic standard.

Q&A-7: I will be attending summer school. How are these grades used for my athletic eligibility? 
Summer school grades become part of the second semester grades of the previous school year.

Q&A-8: I am a senior and have almost enough credits to graduate. My high school is on a six (6) period day, so does that mean I only need to take three (3) classes? 
NO; each student must meet the WIAA scholastic rule.

Q&A-9: I attend a private school and go to my public school of residence to swim as my private school does not have a swim program. Which school's academic grade standard am I held to for athletic eligibility? 
You are held to the grade standard of the school that you academically attend.

Q&A-10: I am on the football team but academically ineligible due to my second semester grades from the previous school year. Our football team has a jamboree prior to the start of school this year. Can I play in the jamboree? 
NO; the academic suspension period is from the end of the previous semester until the completion of the academic suspension period.

Q&A-11: I was academically ineligible at the start of my first semester this year due to poor grades at the end of the second semester last year. I will be a Running Start student beginning this fall and classes at the community college do not start until the third week of September. When does my suspension period end? 
Your academic suspension period will end after the fourth (4th) Saturday of September, providing you are now meeting the WIAA and school district scholastic standards.

18.9.0 PREVIOUS SEMESTER

Q&A-1: I dropped out of school with five (5) weeks remaining in the semester last spring. Can I now play football this fall? 
If you received grades for the semester and you meet the academic standards, you are eligible. If you received NO academic credit the previous semester, you are ineligible until you have attained a previous semester.

Q&A-2: My family moved to a new school district at the end of the first semester of the school year. I did not do well academically at my old school and would have been ineligible at the start of the second semester due to my poor grades. At my new school district I would be eligible because its grade standard is not as restrictive. Which grade standard is applicable in my situation? 
The grade standard of the school that issued the grades is the standard that you will be held accountable to at the start of the second semester at your new school. Your academic progress during the second semester will be under the academic standard of your new school.

18.10.0 REGULAR ATTENDANCE

Q&A: I overslept this morning and did not get to school until the start of 4th period. Can I play in tonight's game because I missed part of the school day? 
The WIAA does not have a rule on attendance the day of a contest. Many school districts and leagues have an attendance rule for practice and game days. Please check with your athletic director regarding your eligibility to compete in tonight's game.

18.11.0 DEFINITION of RESIDENCE and FAMILY UNIT

Q&A-1: Are there any restrictions on legal custody and a student's athletic eligibility? 
YES; the court established guardianship or legal custody must have been in effect for a period of at least one year when determining athletic eligibility.

Q&A-2: Do I need to own my home in order for my son to have athletic eligibility? 
NO; home ownership has nothing to do with athletic eligibility. The important factor in establishing athletic eligibility is the school district where the entire family unit lives full time.
Q&A-3: Public school districts have established boundaries. What are the established boundaries of a private school?
The private school residence boundary is a 50-mile radius from the school.

18.12.0 TRANSFERRING STUDENTS

Q&A-1: I am a basketball player, and my entire family unit moved from another state to Washington State over the weekend. Can I play basketball at my new school?
YES; you are immediately eligible as soon as you enroll in your new school and provide documentation to meet all conditions of athletic eligibility.

Q&A-2: I have attended a high school outside of my resident school district the past two years. My family is moving again to another school district. Where is my athletic eligibility?
You actually have initial eligibility at two schools. 1) You can remain at your current high school with full athletic eligibility because you have more than one year of continuous enrollment. 2) You could move to your new high school and also have immediate athletic eligibility because your entire family unit has relocated. You must meet all other conditions of athletic eligibility.

Q&A-3: My parents are legally divorced, and I have been living with my mother since the divorce. As a 10th grader I want to live with my father. What is my athletic eligibility?
You will have full residence eligibility when you move to live with your father, if you meet all other conditions of athletic eligibility. If you were to go back to live with your mother, you would be considered a transfer student with limitations on your athletic participation.

Q&A-4: My parents are not getting along and have separated to live in different school districts. I want to live with my father and attend school in a new school district. What is my athletic eligibility?
You would be considered a transfer student with limitations on your athletic participation at the new school, because the entire family unit no longer lives together and your parents have not obtained a court approved legal separation or divorce.

Q&A-5: I am a 7th grader and want to attend a school outside of my resident public school district, because it is easier for my parents to provide transportation. Are there any restrictions on my athletic eligibility?
You will have full athletic eligibility at your new middle school. There are no transfer restrictions at the middle level for 7th and 8th graders.

Q&A-6: I have completed the 8th grade at my public middle school and now want to transfer to a local private school for the 9th grade. Will I have any eligibility problems?
By rule you are transferring at the break between the middle level and high school and will be eligible, provided you meet all conditions of athletic eligibility.

Q&A-7: I have been attending my private school for the past five years and just completed the 11th grade. I now want to transfer to my public high school in order to take more advanced placement classes. Will I be able to play on the varsity team as a senior?
NO; you would be considered a transfer student and limited to JV participation in those sports you participated in the previous year at the school, club or community levels, provided you meet all other conditions of athletic eligibility.

Q&A-8: Our son attends an alternative high school in another school district. He wants to participate in sports this year. Can he participate at the nearest out-of-district high school?
There are two options for participation: 1) As an out-of-district alternative school student, you can return to your public school of residence and compete with full athletic eligibility, or 2) you can compete at one of the high schools in the school district of the alternative school you attend. If you choose option 2, you do so as a transfer student with restrictions for your first year of participation.
Q&A-9: I have been attending an out-of-district alternative high school the past three years and now want to attend the public out-of-district high school for my senior year. I have not participated in athletics at any level the past two years and would like to be on the swim team for my senior year. Is this possible?

You will now be considered a transfer student at the out-of-district high school. Your athletic eligibility limits your participation to the JV level for one year in those sports you participated in the previous year. Since you did not participate in any sports the previous year at the school, club or community level, you will have full varsity eligibility as a transfer student, provided you meet all other conditions of athletic eligibility.

Q&A-10: My daughter has been struggling at her resident high school with her grades and we feel a change would be best for her. She will enroll in the neighboring school district next fall and wants to play varsity volleyball. She has been playing volleyball at the school and club level the past three years and is very talented. Will this change of schools impact her athletic eligibility?

YES; your daughter is now considered a transfer student and is subject to the transfer rule. Since she played volleyball last year, she will be limited to JV participation for one year. After one year of continuous enrollment, she would regain varsity eligibility, provided she meets all other conditions of athletic eligibility.

Q&A-11: I am an out-of-district student attending a junior high as a 9th grader. I play junior golf, a sport not offered at the junior high school, and want to participate on the high school golf team. Are there any restrictions on my ability to play on the high school varsity team?

YES; you could participate on the high school golf team because the sport is not offered at the junior high school, but your participation would be limited to the junior varsity team because you are a transfer student, provided you meet all other conditions of athletic eligibility.

Note: If you have had continuous enrollment of more than one year at the junior high school, you would have full varsity eligibility on the high school golf team.

Q&A-12: I attend a K-8 public school district. Where is my athletic eligibility when I become a ninth grader?

Upon completion of the eighth grade in the K-8 non-high school district, you can choose any public or private school as your new resident school district. Once you make a choice, that school district becomes your resident school for athletic eligibility, and any further school changes would be with transfer student restrictions.

Q&A-13: My father works in a different school district than where we live. If I attend the school where he works, it would be easier for my father to provide transportation, especially after practices. Will I lose eligibility if I transfer?

You will be a transfer student, subject to all transfer rules.

Q&A-14: I transferred to a middle school outside my resident school district at the beginning of the second semester of my 8th grade year. How will this affect my high school eligibility at the out-of-district high school?

You are considered a transfer student for one year from the date you began attending the out-of-district school. During the second semester of your 8th grade year, this will have no effect on your athletic participation as there is no transfer rule for middle school students. But, as a high school student, you will be a transfer student with limitations on your athletic participation for the first semester of your high school season until you have one year of continuous enrollment in the school district. After one year of continuous enrollment in the school district, you will have full athletic opportunity.

Q&A-15: I have been attending my resident high school for the past three years, but my parents are moving to another area of the state over the summer. I want to stay and finish my senior year at my current high school. Would I be athletically eligible?

YES; you have more than one year of continuous enrollment at your current high school. As long as you maintain continuous enrollment, you have full athletic eligibility, regardless of where your family unit resides, provided you meet all other conditions of athletic eligibility.
18.12.2 ELIGIBILITY - INTERNATIONAL STUDENTS

**Q&A-1:** I will be coming to Washington State as part of a yearlong cultural exchange. Will I be able to participate in athletics at my host school?

YES, you will have one year of varsity eligibility as an International exchange student as long as you have not graduated from high school in your home country. Your host school will have to submit the International Exchange Form of the WIAA Eligibility Packet to the WIAA District Eligibility Chairperson. The contract and related issues/international exchange student contract (entering/leaving) can be found at wiaa.com/publications/forms/student eligibility.

**Q&A-2:** I am a graduate of my high school in my home country and will be spending a year in a high school in Washington State. Can I participate in sports at my host school?

NO; you are a graduate of high school and have no further high school athletic eligibility. Your host high school may allow you to practice with the team, but you will not be able to participate in any level of interscholastic competition.

**Q&A-3:** I will be part of a Rotary Club Exchange for my junior year. I do not know if I will be able to participate in athletics in my host country, but want to be able to compete back at my resident public school when I return for my senior year. How do I make this happen?

You need to submit International Exchange Form to your WIAA District Eligibility Chairperson PRIOR to departure, and you will be eligible upon your return as long as you meet all other eligibility rules. The contract and related issues/international exchange student contract (entering/leaving) can be found at wiaa.com/publications/forms/student eligibility.

**Q&A-4:** I am an International exchange student who graduated in my home country. At what level of competition will I be able to participate?

Since you have already graduated in your home country, you are ineligible to participate at any level of competition at the high school you now attend.

**Q&A-5:** I am an International exchange student who has been reassigned to a new host family and a new school. Am I eligible to participate at my new school?

NO; you are considered a transfer student, subject to all transfer rules.

**Q&A-6:** I participated in an International exchange program when I was in eleventh grade. I failed to submit the International Exchange Form to my WIAA District Eligibility Chairperson prior to my experience. What do I need to do in order to become varsity eligible?

You will need to go before your district eligibility committee where your case will be heard. The contract and related issues/international exchange student contract (entering/leaving) can be found at wiaa.com/publications/forms/student eligibility.

**Q&A-7:** I attended high school in the United States for three (3) years before I left the country for an International exchange program. During my year abroad, I participated at the high school I was attending. I have returned home and want to attend high school for another year to finish credits. Will I be able to participate?

NO; you have had four (4) years of high school and have participated each of those four (4) years.
18.13.0 SUB-VARSITY STATUS

**Q&A-1:** A student that just transferred to our school has been determined to be eligible for sub-varsity only in cross country, gymnastics and track and field. Can they compete in their respective events with other varsity athletes and just not score points for the team?

YES, if only one (1) race/event/heat is provided for both varsity and sub-varsity athletes, then the athlete could compete but not score.

NO, if a separate sub-varsity race/event/heat is offered, then they can compete only in the sub-varsity race/event/heat.

18.15.0 SEASON LIMITATIONS

**Q&A-1:** I had to repeat the eighth grade. I played sports in seventh and both years of eighth grade. Do I have four (4) years of eligibility when I enter ninth grade at the high school?

If you are able to provide documentation from the school principal that you had to repeat eighth grade because of academic deficiencies, then you will have four (4) consecutive years of high school eligibility.

**Q&A-2:** I have had some academic difficulty and will not graduate with my class in June. I will return to high school next year to complete all my credits and want to participate in athletics. I have been a member of the high school football team all four (4) years. Are there any limitations on my athletic participation as a 5th year senior?

YES; you have no athletic eligibility remaining; you have already participated for four (4) consecutive years since entering or being eligible to enter the 9th grade. Your high school can choose to allow you to practice with the team, but you cannot compete in any interscholastic contests.

**Q&A-3:** I was involved in a serious car accident when I was a sophomore and was hospitalized for an extended period of time. I was unable to attend school for most of my sophomore year and am behind in credits and will not graduate with my class. I will return to school for a fifth year to earn enough credits to graduate. Will I be able to participate in athletics?

You will need to appeal your athletic eligibility to your WIAA District Eligibility Committee. You will need to demonstrate a hardship beyond your control that caused you to be behind in credits and not graduate with your class. If granted, eligibility will only be granted for the portion of the season that was missed due to the hardship.

**Q&A-4:** My family moved to a new school district at the end of the first semester. My old school played golf during the fall sports season. My new school plays golf in the spring season. Am I eligible to participate in golf at my new school, even though I have already played golf for a school this school year?

YES; if your move to a new school is a result of a relocation of your entire family unit, you can participate in golf in the spring season at your new school. (If you had been a transfer student without a move of your family unit, you would not be eligible for golf in the spring season at your new school.)

**Q&A-5:** I am a home school student in the eighth grade. My parents are going to hold me back as an eighth grader for an additional year. How will this affect my athletic participation?

If the seventh or eighth grade is repeated, and such repetition is based upon documented academic reasons by the school principal, the repeated year shall not count against your six (6) interscholastic competitive years. It will be the responsibility of your parents to demonstrate to the school principal that you are being held back for academic reasons, which would be comparable to the mainstream student being held back for academic reasons.

**Q&A-6:** Our son will not graduate from high school this June with his class; basically he has just been lazy and has not earned enough credits to graduate on time. He will either take summer school or go back to school next fall to earn enough credits to graduate. We understand there is an appeal process for athletic eligibility. We want to complete the process this spring so we can make a decision on completing his credits. If he will have athletic eligibility next fall, he will return to school in the fall. If not, he will take summer school to earn his credits, then go to community college next fall.

Your son will not be able to appeal his eligibility until the fall when he becomes a fifth year student. You should base your decision on the best academic course of action for your son, not on his possible athletic eligibility.
**Q&A-7:** If our school does not have a separate eighth grade program, could those eighth graders practice with the high school team?

The school must designate a twelve-week season, even though not sponsoring a separate program. Although they would not be allowed to compete on behalf of the school (unless in a 1B or 2B school), the school then has the authority and responsibility to determine if eighth graders would be allowed to practice.

18.18.0 SIXTH (6th) GRADE PARTICIPATION

**Q&A-1:** Since the rules now allow for sixth graders to participate in all sports except football, is my school required to now include sixth graders in those sports?

No. Just like your school determines which sports and activities to offer, it will also determine if sixth graders will be allowed to participate with the seventh and eighth grade teams.

**Q&A-2:** Because our middle school has an enrollment below 60 in grades 7 and 8, we have always brought sixth graders up. If we continue to do that, do the out-of-season rules now apply to those sixth graders because of this new rule?

Yes. The out-of-season would apply to any and all sixth graders if they participate with the seventh and eighth graders.

**Q&A-3:** If the participation numbers in seventh and eighth grade baseball are low, and it is decided to bring sixth graders up to play baseball, does that also mean that they must be brought up for all sports except football?

No. With the exception of football, your school has the authority to determine in which sports sixth graders may participate.

**Q&A-4:** Will the middle school enrollment be a determining factor in whether or not sixth graders are allowed to participate?

No. Middle schools of any size may utilize sixth graders in all sports except football.

**Q&A-5:** If sixth graders are brought up to participate in softball, does that mean a sixth grader might get more playing time than a seventh or eighth grader?

Potentially. Playing time is determined by the coach based upon school policies.

**Q&A-6:** If my school wants to utilize sixth graders, but my league votes no because the other school do not want to include sixth graders, is there an avenue for appeal?

Yes. The school could appeal the decision of the league to the WIAA District Board.

**Q&A-7:** Football is offered at my son’s middle school and he will be in the sixth grade this year. He has played youth football with many of the same kids for years. Will he be able to join the team with the rest of his friends?

No. Sixth graders may participate in all middle level sports except football.

**Q&A-8:** My daughter’s middle school is offering fastpitch softball to sixth graders. The coach from her traveling team is interested in coaching the team. If the coach is hired, will it affect my daughter’s eligibility?

No. Once the coach is hired by the school, all out-of-season rules outlined in WIAA handbook rule 17.5.0 would apply to the coach. The coach would no longer be able to coach the traveling team during the out-of-season timelines.

**Q&A-9:** If my sixth grade son participates in the middle level program at his school, will that impact his future eligibility?

No. Provided all other condition of eligibility are met, your son will have six (6) years of eligibility upon enrollment into the seventh grade.
18.21.0 EIGHTH GRADE PARTICIPATION

**Q&A-1:** If our school utilizes eighth graders on the junior varsity basketball program who have not yet played any games at the middle level, what is the maximum number of high school games in which they could play?

20 games.

**Q&A-2:** If an eighth grader has participated on a middle level or junior high basketball team, what is the maximum number of quarters in which they could play at the high school level?

40 quarters.

**Q&A-3:** As a 1B school, if eighth graders are brought up to play high school basketball, are they restricted to the junior varsity team?

No, your school has the authority to determine not only if eighth graders will be brought up to play at the high school, but on which team (varsity or junior varsity) each will play.

**Q&A-4:** As a 2B school with an enrollment of 98, are we required to bring up eighth graders to play high school basketball even if there are enough high school participants to field both a varsity and junior varsity team?

With an enrollment of 104 or below, 18.20.0 allows for eighth graders to play at the high school level, but each school determines whether or not to utilize eighth graders.

**Q&A-5:** As a 2B school with an enrollment of 115, can we bring up eighth graders to fill in some of the lower weight classes in high school wrestling?

In a 2B school with an enrollment of 115, eighth graders could wrestle on the high school team only with league approval and only if wrestling was not offered at the middle level.

**Q&A-6:** After an eighth grader has played in a high school basketball game, is she also allowed to play in a middle level basketball game since both are in season?

Yes. Combining the number of games played at the high school level with those played at the middle level, whether concurrently or in one season following by another, each eighth grader can play in a maximum of 80 quarters. Each middle level game played counts as four quarters, regardless of the number of quarters of actual participation in that game (subtract 4 from the 80 quarter limit for each middle level game played.)

**Q&A-7:** Since high school players can now participate in up to 80 quarters in a season, regardless of the number of games in which they enter, does the same hold true for eighth graders playing both at the middle level and the high school level?

No. Quarters are counted at both high school and middle level. If a student plays in only one quarter of a middle level basketball game, he/she has “used up” four (4) quarters at the high school level.

**Q&A-8:** With league approval, eighth graders can participate on the high school basketball team if the participation numbers are at 16 or below. Does that also mean that the team is limited to suit up only 16 players per game?

No. There is no limit on the number of players who can participate in any regular season game. The roster is limited to 12 players during the postseason.

**Q&A-9:** Can an eighth grader playing on the high school baseball team play in more than three (3) games in a week?

Yes. They can play in any high school games scheduled.

**Q&A-10:** Can an eighth grader participate in a high school spring sport and also a middle school spring sport? In this specific case, can an eighth grader play on the high school baseball team and also on the middle school track and field team during the three (3) week overlap of the seasons?

No. WIAA handbook rule 18.23.0 restricts students to being on only one (1) interscholastic sport roster per season. The eighth grader could not play on the high school baseball team until after the middle school track season has ended.
18.23.0  CONCURRENT SPORTS LIMITATION

Q&A-1: My daughter is a very gifted athlete. We live in a very small town and our high school is in the 1B classification. She wants to play two sports during the spring season, softball and track and field. Is this possible?
YES; students are limited to participation in only one sport per season, except in the 1B or 2B classification where, with school board approval, a student may participate in more than one sport in a season.

Q&A-2: My son participates in track for the 1B private school he attends. His school does not offer soccer, but our 4A resident school does. Since students in 1B schools are allowed to participate in more than one sport during the same season, could he also play soccer at that school?
NO; this rule is designed to assist small schools in salvaging sports offerings, not to provide additional opportunities for student athletes at their resident public school.

Q&A-3: If a student is having a difficult time deciding between competing in baseball or track and field, is it ok to practice with both teams so he can get in the required practices and then compete for only one?
YES; since he would be competing in only one sport.

Q&A-4: Could a cross country athlete turn out for football following the conclusion of the cross country state championships?
YES; that student could practice with the football team but could not compete in football since he competed in cross country during the same season.

18.24.0  AMATEUR STANDING

Q&A-1: I have become a professional in the sport of bowling. Can I still play on my high school teams in all other sports?
YES; you would still be considered an amateur in the other sports.

Q&A-2: I have been invited to attend one of the Nike Basketball camps this summer. As part of the camp, I will be given a pair of shoes and workout gear with a retail value of over $400. Can I accept this merchandise without jeopardizing my amateur status?
In order to maintain amateur status a student cannot accept merchandise or in-kind gifts of more than $500 in fair market value per sport during any one calendar year August 1 through July 31. If the merchandise was part of the camp fee paid by the student, then he/she has purchased the merchandise and it will not affect amateur status.

Q&A-3: My son has been invited to participate in a large invitation track meet this summer in California. As part of the invitation the meet organizers have agreed to pay his transportation to and from the event, as well as provide housing and meals at the event. Is this allowable without jeopardizing his amateur status?
YES; you can accept payment for the actual expenses for the athletic trip.

Q&A-4: Our son won a car as a prize for a hole in one in a charity golf tournament. Will keeping the car affect his amateur standing?
NO; the hole in one contest is considered a game of chance by the PGA Golf rules, and the student would be able to accept the car without jeopardizing his/her WIAA eligibility.

Q&A-5: If I win $700 in merchandise credit for winning a golf tournament may I donate $200 of the amount to my school and keep the other $500 under my name to not jeopardize my amateur standing?
NO; you may only accept $500 in merchandise credit during any calendar year. Any additional amount must be forfeited.

Q&A-6: Our town’s radio station wants to select a “player of the game” for each of the games broadcast on the radio and give that player a gift certificate for a free meal at a local restaurant. Is that legal?
In order for the athlete to maintain his/her amateur standing, the athlete can not endorse the food item or the restaurant. The value of the gift certificate must apply toward the $500 merchandise limit allowed within a calendar year.
**Q&A-7:** The local newspaper prints a special edition of the paper for each sports season with pictures of the athletes, schedules, highlights of the upcoming season, etc. There is advertising from many of the local businesses as part of this special edition. Is this a violation of any WIAA rules or regulations?

Articles that are congratulatory in nature are permitted. The trademarks associated with the business may be included. Product reproductions are not permitted.

**Q&A-8:** I will be instructing, supervising and officiating at a sports camp this summer and will be paid for these duties. Will being paid affect my amateur status?

**NO;** you can instruct, supervise or officiate for any organized youth sports program, recreation, and playground or camp activities without jeopardizing your amateur status.

**Q&A-9:** I plan to play in an upcoming junior golf tournament in my community. First prize will be a $300 contribution paid directly to the school. Since nothing will be given to the winner, do I need to count that $300 toward my annual $500 limit?

**NO;** since the prize is going directly to the school, the amount will not apply to you individually.

**Q&A-10:** A local car dealership wants to feature our quarterback in an advertisement. His jersey number is 12. Could he wear a t-shirt with a 12 on it in the ad?

Yes, provided he is not wearing his school jersey and the school is not identified on the t-shirt.

**Q&A-11:** If one of our students will be paid to endorse a uniform manufacturing company, can she be identified as being from our school?

No, this student can only represent herself. The name of the town in which she lives can be included, but there can be no connection to the school.

**Q&A-12:** Could one of our tennis players accept a $1,000 cash prize for placing first in a tournament sponsored by a tire company he represents?

No, students cannot accept a cash prize based upon their performance in the sport.

**Q&A-13:** A college is recruiting me and they have asked me to visit campus and practice with the team. Will this jeopardize my athletic eligibility?

**NO;** you are allowed to try out and/or practice with a college team.

Note: You need to check the NCAA regulations for any restrictions that may apply.

**Q&A-14:** I am a Running Start student and have started to play on the college basketball team. Can I still play on my high school basketball team?

**NO;** once you play on a college team, you no longer have high school eligibility in that sport.

---

**18.26.0 USE OF ILLEGAL SUBSTANCES**

**Q&A-1:** I was caught in possession of illegal drugs at school. I have been told that I am ineligible for the remainder of the sports season. I have completed the drug and alcohol assessment process and have been attending the prescribed treatment sessions. Is there any way I can regain my eligibility this season?

YES; your eligibility may be re-instated for this violation for the current season based upon a recommendation from your school, since you are currently participating in a treatment program and following the recommendations of the health care professionals.

**Q&A-2:** I have had a drug violation in middle school and have again been involved in another drug violation at the high school. Are the violations cumulative or do they apply to the middle level and high school levels separately?

The repeat offenses for the use of illegal substances are specific to the middle level and high school level, thereby, making this your first high school violation, which is subject to local school district policies that may be more restrictive.

**Q&A-3:** My school district has a 365 day or all year athletic code prohibiting the use of illegal substances for all athletes, but my friends at a neighboring high school have indicated their school athletic code is for the season only. Why are the athletic codes different?

The WIAA requires a school district to have an athletic code that covers the sports season of participation. Schools and school districts have the right to have more restrictive athletic code rules that would cover the entire school year or the calendar year.
**Q&A-4:** Does a penalty for violation of use of illegal substances carry over from the middle school to high school?

NO; the penalties for use of illegal substances are specific to the middle level and the high school level as they relate to the first violation.

**Q&A-5:** I had an athletic code violation at my resident school. I have transferred to a new school. Will I be subject to the athletic code restrictions of my old school?

YES; a student who is ineligible in a member school may not become immediately eligible at another member school without completing the conditions of ineligibility.

### 18.27.0 HARDSHIP

**Q&A-1:** My school does not offer German as a foreign language. I will be transferring to another school district in order to take German and other AP classes. Will I be able to play varsity sports?

NO; you will have automatic JV eligibility for one (1) year in those sports you participated in the previous year if you meet all conditions of athletic eligibility. Having or not having an academic or athletic program is not grounds for hardship by definition.

**Q&A-2:** I became pregnant last year and missed a year of athletic participation. Will I be able to participate in my fifth year?

In order to be granted a replacement year, you must show that you were unable to complete high school in four consecutive years as a result of a long-confining illness, an injury or a family hardship that prevented graduation in four (4) years.

**Q&A-3:** Our son attends our resident public school, but it does not have a swim program and he wants to transfer to a neighboring school district that has a swim program. Can he go through the Eligibility Appeal Process to gain athletic eligibility?

NO; by definition, having or not having an academic or athletic program is not grounds for hardship. Note: The only way to participate in swimming would be for your school to enter into a combined or cooperative agreement with a school that has a swim program.

### 19.1.0 APPEAL PROCEDURE FOR STUDENTS

**Q&A:** Where can I find the WIAA Eligibility Forms?

You can find the Eligibility forms three ways:

2. Contact the athletic director at your high school
3. Call the WIAA Office at 425-687-8585 to request the forms

### 19.7.0 ELIGIBILITY COMMITTEE - THE PETITION

**Q&A:** Where do I send the completed eligibility packet?

The completed eligibility packet is sent to your WIAA District Eligibility Chairperson. Work with your athletic director in completing the eligibility packet and sending or faxing the completed packet to your WIAA District Eligibility Chairperson.

### 19.8.0 ELIGIBILITY COMMITTEE - THE HEARING

**Q&A:** How will I be notified of the date and time of my eligibility hearing?

The WIAA District Eligibility Chairperson will notify you of the date, time and place of your eligibility hearing. Your athletic director will also be provided the hearing information.

### 19.9.0 ELIGIBILITY COMMITTEE - THE DECISION

**Q&A:** I am very nervous about my eligibility hearing. Can you explain the hearing process?

Your hearing will be with a minimum of three representatives from your WIAA District. There may be more than three members of the Eligibility Committee present.

You should be present for the hearing, and you can bring any number of other people to represent and support your appeal. The Eligibility Committee will review the eligibility packet you have submitted, and they will then give you an opportunity to explain your unique circumstances and hardship that have resulted in your request to appeal your eligibility. There will be an opportunity for questions by everyone present.

The hearing will be tape recorded, but all information at the hearing is confidential.
A hearing will typically take 15 to 30 minutes depending upon the complexity of the information involved in your appeal. All information shared during the hearing is confidential. You will be notified of the results of your appeal following your hearing. A letter will be sent within five school business days following the date of your hearing.

19.10.0 EXECUTIVE DIRECTOR/HEARING OFFICER - APPEAL/NOTICE OF APPEAL

Q&A: If the WIAA District Eligibility Committee denies my eligibility appeal, do I have any other level of appeal?

YES: You can appeal to the WIAA Hearing Officer. You will be given appeal procedure information with your WIAA District Eligibility Committee decision. Any appeal to the WIAA Hearing Officer shall be based on alleged errors from the WIAA District level hearing or additional relevant evidence that was not presented at the WIAA District Eligibility hearing.

20.0.0 EJECTION FROM CONTEST

Q&A-1: As the only coach at the baseball game, I was ejected for unsportsmanlike conduct. The umpire called the game because there was no other adult school representative present to assume the coaching duties. Was this the correct action?

YES; when the coach is ejected and there are no other authorized adult school district personnel present to supervise the team, the contest is terminated and forfeit declared.

Q&A-2: I was ejected from the basketball game because of offensive language directed towards the official. I was upset and wanted to leave the gym and get away from the game. My coach required me to stay on the team bench. Why?

Your coach is responsible for you until you return to your school after the game or are released to your parents by the coach.

Q&A-3: I had a player receive his first ejection from the varsity football game on Friday night. Can I play him in the junior varsity game on Monday and have him sit out the next varsity game?

NO; any ejected player or coach is ineligible for all contests until after the next school contest in that sport at the same level of competition from which the person was ejected.

Q&A-4: I am a senior on my soccer team and was ejected in the previous varsity game. Can I suit up and be on the team bench for the next varsity game?

Only students eligible to play may appear in the school uniform, but you may be on the team sideline during the suspension period.

May I be in the stands watching the game?

YES; you may be in the stands as a spectator.

May I be on the team bench as a manager and take stats for this game?

YES; an ejected student may be on the team bench during the suspension period.

Q&A-5: Our wrestling coach was ejected last night from the varsity match. He wants to attend tonight’s match so he can scout the visiting team. Do the rules permit this?

NO; any coach ejected cannot be involved in coaching to any degree and is not allowed into the facility during the suspension period.

Q&A-6: My starting goalkeeper was ejected from the last soccer game of the season last spring. When does he have to sit out a contest?

If the athlete is unable to complete a suspension during the sports season in which the ejection occurred, the suspension shall be carried over into the participant’s succeeding season of participation.

Q&A-7: My son was ejected for the second time in last night’s soccer game. What is the penalty for the second ejection?

The second ejection in the same sport and season results in ineligibility for the remainder of the season.
Q&A-8: I lost my temper at last night’s game and physically assaulted the official. I was ejected and will sit out the next game. Will there be any further penalties for my actions?
YES; the WIAA Executive Director has the authority to suspend an individual from further competition for a period not to exceed one (1) calendar year. In addition, the official involved could bring legal charges against you with the local law enforcement authorities.

Q&A-9: I was ejected from a football game yesterday for what was determined to be violent conduct. Since our school is playing fewer games than the rest of the schools, can that suspension be reduced?
NO; the suspension for violent conduct is based upon the maximum number of contests in that sport, not the actual number scheduled or played.

Q&A-10: We had a student receive their second ejection of the sport season and it was our final game of the year. Will they have to sit out the entire next sports season?
No, if the student was ejected for violent conduct, they would be suspended as outlined in Rule 18.27.4, but if the ejection would have been for only one game, the one game suspension carries over into their next season played. The student does not sit out an entire next season.

21.0.0 APPEAL PROCESS FOR EJECTION FROM CONTEST

Q&A-1: The pitcher on our softball team was ejected from today’s game. I did not notify the umpire of my desire to appeal until after the game. What is the appeal process I must follow?
The school principal has one (1) school business day to notify the WIAA staff of the appeal.

Q&A-2: As the athletic director, I want to appeal the ejection of my coach from yesterday’s game. The coach notified the official of the intent to appeal at the time of the ejection. I agree with my coach that the official made the wrong judgment call. What is the appeal process I must follow?
The process for the appeal of a judgment call that led to an ejection by a game official is spelled out in the rule.

Q&A-3: During the contest last night, a player from the other team punched one of our players but it was not seen by the official. We have everything on video tape. Can this be reviewed and the correct suspension handed down to the player?
No. The WIAA staff will not review a video of an incident to suspend another individual when it was not seen by the official, unless it is part of the appeal process for an ejection submitted by that school. The video should be sent to the opposing school’s Athletic Director to be reviewed.

22.1.0 DEFINITION OF A HEAD COACH

Q&A: Since we offer girls’ basketball during the fall for the middle level and during the winter for the high school, could we hire the same person to be the head coach both levels?
Yes, provided the coach has a written agreement with the school district to coach at both levels during their specific designated season.

22.2.0 COACHING STIPENDS AND GIFTS TO COACHES

Q&A: Does the $500 limit also apply for a coach conducting clinics and/or training sessions during the summer?
Yes, school board approval is required for any payments and/or gifts to a coach in excess of $500 while conducting coaching duties or activities, including any year round activities, related to each sport he/she coaches for that school. This includes payment by a booster club, individual(s) or group(s) for coaching involvement on behalf of the school.

22.4.0 STUDENTS AS VOLUNTEER COACHES

Q & A: Could a high school senior assist with the middle level basketball program in the fall?
YES; high school students may serve as middle level volunteer assistant coaches during the designated middle school season when under the direct supervision of the middle level coach. These high school students must meet WIAA coaches standards minimum requirements to hold a valid First Aid Certification and a valid CPR card.
