

# About

The WORK Program is an all-day high school initiative for students on an IEP. Students in the WORK program learn how to “adult” by practicing work skills at a community-based work site, acquire knowledge in public transportation, develop life-long health and fitness habits, access the community and learn valuable home-living skills.

## Our Focus

### Work Experiences

Students participate in several supported community-based work experiences up to 40 hours in length.

### Community Involvement

Students build an awareness of the community and practice accessing it, every single day.

### Home Living

Students learn how to maintain their homes, cook, shop, do laundry, develop healthy hobbies, and much more.

## Employability Skills

- **Accepting feedback**
- **Integrity**
- **Grit**
- **Attitude**
- **Motivation**
- **Responsibility**
- **Requesting time off**
- **Preventing burnout**
