The purpose of this policy is to ensure that equal educational opportunity is provided for all students of the school district.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the education district is to provide equal educational opportunity for all students. The school district does not unlawfully discriminate on the basis of race, color, creed, religion, national origin, sex, marital status, parental status, status with regard to public assistance, disability, sexual orientation, including gender identity and expression, or age. The school district also makes reasonable accommodations for students with disabilities.
- B. The school district prohibits harassment and discrimination of any individual based on any of the protected classifications listed above. For information about the types of conduct that constitute violation of the school district's policy on harassment and violence and the school district's procedures for addressing such complaints, refer to the school district's policy on harassment and violence (Policy 413).
- C. The school district prohibits discrimination of students with a disability, within the intent of Section 504 of the Rehabilitation Act of 1973 ("Section 504"), who need services, accommodations, or programs in order to receive a free appropriate public education. For information as to protections that may apply pursuant to Section 504 and the school district's corresponding procedures for addressing disability discrimination complaints, refer to the school district's policy on student disability nondiscrimination (Policy 521).
- D. The school district prohibits sexual harassment discrimination of any individual on the basis of sex in its education programs or activities. For information as to the protections that apply pursuant to Title IX and school district's corresponding procedures and processes for addressing sexual harassment and discrimination, refer to the school district's policy on Title IX sex nondiscrimination (Policy 522).
- E. The school district shall provide equal opportunity for members of each sex and to members of all races and ethnicities to participate in its athletic program. In determining whether equal opportunity to participate in athletic programs is available for the purposes of this law, at least the following factors shall be considered to the extent that they are applicable to a given situation: whether the opportunity for males and females to participate in the athletic program reflects the

demonstrated interest in athletics of the males and females in the student body of the educational institution; whether the opportunity for members of all races and ethnicities to participate in the athletic program reflects the demonstrated interest in athletics of members of all races and ethnicities in the student body of the educational institution; whether the variety and selection of sports and levels of competition effectively accommodate the demonstrated interests of members of each sex; whether the variety and selection of sports and levels of competition effectively accommodate the demonstrated interests of members of all races and ethnicities; the provision of equipment and supplies; scheduling of games and practice times; assignment of coaches; provision of locker rooms; practice and competitive facilities; and the provision of necessary funds for teams of one sex.

103 COMPLAINTS – STUDENTS, EMPLOYEES, PARENTS, OTHER PERSONS

I. PURPOSE

The school district takes seriously all concerns or complaints by students, employees, parents or other persons. If a specific complaint procedure is provided within any other policy of the school district, the specific procedure shall be followed in reference to such a complaint. If a specific complaint procedure is not provided, the purpose of this policy is to provide a procedure that may be used.

II. GENERAL STATEMENT OF POLICY

- A. Students, parents, employees, or other persons may report concerns or complaints to the school district. While written reports are encouraged, a complaint may be made orally. Any employee receiving a complaint shall advise the principal or immediate supervisor of the receipt of the complaint. The supervisor shall make an initial determination as to the seriousness of the complaint and whether the matter should be referred to the superintendent. A person may file a complaint at any level of the school district; i.e., principal, superintendent or school board. However, persons are encouraged to file a complaint at the building level when appropriate.
- B. Depending upon the nature and seriousness of the complaint, the supervisor or other administrator receiving the complaint shall determine the nature and scope of the investigation or follow-up procedures. If the complaint involves serious allegations, the matter shall promptly be referred to the superintendent, who shall determine whether an internal or external investigation should be conducted. In either case, the superintendent shall determine the nature and scope of the investigation and designate the person responsible for investigation or follow-up relating to the complaint. The designated investigator shall ascertain details concerning the complaint and respond promptly to the appropriate administrator concerning the status or outcome of the matter.
- C. The appropriate administrator shall respond in writing to the complaining party concerning the outcome of the investigation or follow-up, including any appropriate action or corrective measure that was taken. The superintendent shall be copied on the correspondence and consulted in advance of the written response when appropriate. The response to the complaining party shall be consistent with the rights of others pursuant to the applicable provisions of Minnesota Statutes chapter 13 (Minnesota Government Data Practices Act) or other law.

205 OPEN MEETINGS AND CLOSED MEETINGS

I. PURPOSE

- A. The school board embraces accountability and transparency in the conduct of its business, in the belief that openness produces better programs, more efficient administration of programs, and an organization more responsive to public interest and less susceptible to private interest. The school board shall conduct its business under a presumption of openness. At the same time, the school board recognizes and respects the privacy rights of individuals as provided by law. The school board also recognizes that there are certain exceptions to the Minnesota Open Meeting Law as recognized in statute where it has been determined that, in limited circumstances, the public interest is best served by closing a meeting of the school board.
- B. The purpose of this policy is to provide guidelines to assure the rights of the public to be present at school board meetings, while also protecting an individual's rights to privacy under law, and to close meetings when the public interest so requires as recognized by law.

II. GENERAL STATEMENT OF POLICY

- A. Except as otherwise expressly provided by statute, all meetings of the school board, including executive sessions, shall be open to the public.
- B. Meetings shall be closed only when expressly authorized by law.

III. DEFINITION

“Meeting” means a gathering of at least a quorum of school board members-or quorum of a committee or subcommittee of school board members, at which members discuss, decide, or receive information as a group on issues relating to the official business of the school board. The term does not include a chance or social gathering or the use of social media by members of a public body so long as the social media use is limited to exchanges with all members of the general public. For purposes of the Open Meeting Law, social media does not include e-mail.

IV. PROCEDURES

- A. Meetings
 - 1. Regular Meetings

A schedule of the regular meetings of the school board shall be kept on file at the school district office. If the school board decides to hold a regular meeting at a time or place different from the time or place stated in its regular meeting schedule, it shall give the same notice of the meeting as for a special meeting.

2. Special Meetings

- a. For a special meeting, the school board shall post written notice of the date, time, place, and purpose of the meeting on the principal bulletin board of the school district or on the door of the school board's usual meeting room if there is no principal bulletin board. The school board's actions at the special meeting are limited to those topics included in the notice.
- b. The notice shall also be mailed or otherwise delivered to each person who has filed a written request for notice of special meetings. This notice shall be posted and mailed or delivered at least three days before the date of the meeting.
- c. As an alternative to mailing or otherwise delivering notice to persons who have filed a written request, the school board may publish the notice once, at least three days before the meeting, in the official newspaper of the school district or, if none, in a qualified newspaper of general circulation within the area of the school district.
- d. A person filing a request for notice of special meetings may limit the request to particular subjects, in which case the school board is required to send notice to that person only concerning those particular subjects.
- e. The school board will establish an expiration date on requests for notice of special meetings and require refiling once each year. Not more than sixty (60) days before the expiration date of request for notice, the school board shall send notice of the refiling requirement to each person who filed during the preceding year.

3. Emergency Meetings

- a. An emergency meeting is a special meeting called because of circumstances that, in the school board's judgment, require immediate consideration.

[Note: While the statute leaves the question to the board of whether the circumstances require immediate consideration at an emergency meeting, the advisory opinions of the Minnesota Commissioner of Administration

would limit such meetings to responding to natural disasters or health epidemics caused by an event such as an accident or terrorist attack.]

- b. If matters not directly related to the emergency are discussed or acted upon, the minutes of the meeting shall include a specific description of those matters.
- c. The school board shall make good faith efforts to provide notice of the emergency meeting to each news medium that has filed a written request for notice if the request includes the news medium's telephone number.
- d. Notice of the emergency meeting shall be given by telephone or any other method used to notify the members of the school board.
- e. Notice shall be provided to each news medium which has filed a written request for notice as soon as reasonably practicable after notice has been given to the school board members.
- f. Notice shall include the subject of the meeting.
- g. Posted or published notice of an emergency meeting shall not be required.
- h. The notice requirements for an emergency meeting as set forth in this policy shall supersede any other statutory notice requirement for a special meeting that is an emergency meeting.

4. Recessed or Continued Meetings

If a meeting is a recessed or continued session of a previous meeting, and the time and place of the meeting was established during the previous meeting and recorded in the minutes of that meeting, then no further published or mailed notice is necessary.

5. Closed Meetings

The notice requirements of the Minnesota Open Meeting Law apply to closed meetings.

6. Actual Notice

If a person receives actual notice of a meeting of the school board at least twenty-four (24) hours before the meeting, all notice requirements are satisfied with respect to that person, regardless of the method of receipt of notice.

7. Health Pandemic or Chapter 12 Emergency

In the event of a health pandemic or an emergency declared under Minnesota Statutes chapter 12, a meeting may be conducted by telephone or interactive technology in compliance with Minnesota Statutes section 13D.021.

8. Meetings by Interactive Technology

A meeting may be conducted by interactive technology, Zoom, Skype, or other similar electronic means in compliance with Minnesota Statutes section 13D.02.

B. Votes

The votes of school board members shall be recorded in a journal or minutes kept for that purpose. The journal or any minutes used to record votes of a meeting must be open to the public during all normal business hours at the school district's administrative offices.

C. Written Materials

1. In any open meeting, a copy of any printed materials, including electronic communications, relating to the agenda items of the meeting prepared or distributed by or at the direction of the school board or its employees and distributed to or available to all school board members shall be available in the meeting room for inspection by the public while the school board considers their subject matter.
2. This provision does not apply to materials not classified by law as public, or to materials relating to the agenda items of a closed meeting.

D. Open Meetings and Data

1. Meetings may not be closed to discuss data that are not public data, except as provided under Minnesota law.
2. Data that are not public data may be discussed at an open meeting if the disclosure relates to a matter within the scope of the school board's authority and is reasonably necessary to conduct the business or agenda item before the school board.
3. Data discussed at an open meeting retain the data's original classification; however, a record of the meeting, regardless of form, shall be public.

E. Closed Meetings

1. Labor Negotiations Strategy

- a. The school board may, by a majority vote in a public meeting, decide to hold a closed meeting to consider strategy for labor negotiations, including negotiation strategies or developments or discussion and review of labor negotiation proposals, conducted pursuant to Minnesota's Public Employment Labor Relations Act (PELRA).
- b. The time and place of the closed meeting shall be announced at the public meeting. A written roll of school board members and all other persons present at the closed meeting shall be made available to the public after the closed meeting. The proceedings of a closed meeting to discuss negotiation strategies shall be tape recorded, and the tape recording shall be preserved for two years after the contract discussed at the meeting is signed. The recording shall be made available to the public after all labor contracts are signed by the school board for the current budget period.

2. Sessions Closed by Bureau of Mediation Services

All negotiations, mediation meetings, and hearings between the school board and its employees or their respective representatives are public meetings. Mediation meetings may be closed only by the Commissioner of the Bureau of Mediation Services (BMS). The use of recording devices, stenographic records, or other recording methods is prohibited in mediation meetings closed by the BMS.

3. Preliminary Consideration of Allegations or Charges

The school board shall close one or more meetings for preliminary consideration of allegations or charges against an individual subject to its authority. If the school board members conclude that discipline of any nature may be warranted as a result of those specific charges or allegations, further meetings or hearings relating to those specific charges or allegations held after that conclusion is reached must be open. A meeting must also be open at the request of the individual who is the subject of the meeting. A closed meeting for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

4. Performance Evaluations

The school board may close a meeting to evaluate the performance of an individual who is subject to its authority. The school board shall identify the individual to be evaluated prior to closing a meeting. At its next open meeting, the school board shall summarize its conclusions regarding the evaluation. A meeting must be open at the request of the individual who is the subject of the meeting. A closed meeting for this purpose must be

electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

5. Attorney-Client Privilege Meeting

A meeting may be closed if permitted by the attorney-client privilege. Attorney-client privilege applies when litigation is imminent or threatened, or when the school board needs advice above the level of general legal advice, for example, regarding specific acts and their legal consequences. A meeting may be closed to seek legal advice concerning litigation strategy, but the mere threat that litigation might be a consequence of deciding a matter one way or another does not, by itself, justify closing the meeting. The motion to close the meeting must specifically describe the matter to be discussed at the closed meeting, subject to relevant privacy and confidentiality considerations under state and federal law. The law does not require that such a meeting be recorded.

6. Dismissal Hearing

- a. A hearing on dismissal of a licensed teacher shall be public or private at the teacher's discretion. A hearing regarding placement of teachers on unrequested leave of absence shall be public.
- b. A hearing on dismissal of a student pursuant to the Pupil Fair Dismissal Act shall be closed unless the pupil, parent, or guardian requests an open hearing.
- c. To the extent a teacher or student dismissal hearing is held before the school board and is closed, the closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

7. Coaches; Opportunity to Respond

- a. If the school board has declined to renew the coaching contract of a licensed or nonlicensed head varsity coach, it must notify the coach within fourteen (14) days of that decision.
- b. If the coach requests the reasons for the nonrenewal, the school board must give the coach its reasons in writing within ten (10) days of receiving the request. The existence of parent complaints must not be the sole reason for the school board not to renew a coaching contract.
- c. On the request of the coach, the school board must provide the coach with a reasonable opportunity to respond to the reasons at a school

board meeting.

- d. The meeting may be open or closed at the election of the coach unless the meeting is closed as required by Minnesota Statutes section 13D.05 to discuss educational or certain other nonpublic data.
- e. A meeting closed for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

8. Meetings to Discuss Certain Not Public Data

- a. Any portion of a meeting must be closed if the following types of data are discussed:
 - (1) data that would identify alleged victims or reporters of criminal sexual conduct, domestic abuse, or maltreatment of minors or vulnerable adults;
 - (2) active investigative data collected or created by a law enforcement agency;
 - (3) educational data, health data, medical data, welfare data, or mental health data that are not public data; or
 - (4) an individual's personal medical records.
- b. A closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

9. Purchase and Sale of Property

- a. The school board may close a meeting:
 - (1) to determine the asking price for real or personal property to be sold by the school district;
 - (2) to review confidential or nonpublic appraisal data; and
 - (3) to develop or consider offers or counteroffers for the purchase or sale of real or personal property.
- b. Before closing the meeting, the school board must identify on the record the particular real or personal property that is the subject of

the closed meeting.

- c. The closed meeting must be tape recorded at the expense of the school district. The tape must be preserved for eight years after the date of the meeting and be made available to the public after all real or personal property discussed at the meeting has been purchased or sold or the school board has abandoned the purchase or sale. The real or personal property that is the subject of the closed meeting must be specifically identified on the tape. A list of school board members and all other persons present at the closed meeting must be made available to the public after the closed meeting.
- d. An agreement reached that is based on an offer considered at a closed meeting is contingent on its approval by the school board at an open meeting. The actual purchase or sale must be approved at an open meeting and the purchase price or sale price is public data.

10. Security Matters

- a. The school board may close a meeting to receive security briefings and reports, to discuss issues related to security systems, to discuss emergency response procedures, and to discuss security deficiencies in or recommendations regarding public services, infrastructure, and facilities, if disclosure of the information discussed would pose a danger to public safety or compromise security procedures or responses.
- b. Financial issues related to security matters must be discussed and all related financial decisions must be made at an open meeting.
- c. Before closing a meeting, the school board must refer to the facilities, systems, procedures, services, or infrastructures to be considered during the closed meeting.
- d. The closed meeting must be tape recorded at the expense of the school district and the recording must be preserved for at least four years.

11. Other Meetings

Other meetings shall be closed as provided by law, except as provided above. A closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

F. Procedures for Closing a Meeting

The school board shall provide notice of a closed meeting just as for an open meeting. A school board meeting may be closed only after a majority vote at a public meeting. Before closing a meeting, the school board shall state on the record the specific authority permitting the meeting to be closed and shall describe the subject to be discussed.

206 PUBLIC PARTICIPATION IN SCHOOL BOARD MEETINGS/COMPLAINTS ABOUT PERSONS AT SCHOOL BOARD MEETINGS AND DATA PRIVACY CONSIDERATIONS

I. PURPOSE

- A. The school board recognizes the value of participation by the public in deliberations and decisions on school district matters. At the same time, the school board recognizes the importance of conducting orderly and efficient proceedings, with opportunity for expression of all participants' respective views.
- B. The purpose of this policy is to provide procedures to assure open and orderly public discussion as well as to protect the due process and privacy rights of individuals under the law.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school board is to encourage discussion by persons of subjects related to the management of the school district at school board meetings. The school board may adopt reasonable time, place, and manner restrictions on public expression in order to facilitate free discussion by all interested parties.
- B. The school board shall, as a matter of policy, protect the legal rights to privacy and due process of employees and students.

III. DEFINITIONS

- A. "Personnel data" means government data on individuals maintained because the individual is or was an employee or applicant for employment. For purposes of this policy, "employee" includes a volunteer or an independent contractor.
- B. Personnel data on current and former employees that is "public" includes:

Name; employee identification number, which must not be the employee's social security number; actual gross salary; salary range; terms and conditions of employment relationship; contract fees; actual gross pension; the value and nature of employer paid fringe benefits; the basis for and the amount of any added remuneration, including expense reimbursement, in addition to salary; bargaining unit; job title; job description; education and training background; previous work experience; date of first and last employment; the existence and status of any complaints or charges against the employee, regardless of whether the complaint or charge resulted in a disciplinary action; the final disposition of any disciplinary

action as defined in Minn. Stat. § 13.43, Subd. 2(b), together with the specific reasons for the action and data documenting the basis of the action, excluding data that would identify confidential sources who are employees of the public body; the complete terms of any agreement settling any dispute arising out of the employment relationship, including a buyout agreement as defined in Minn. Stat. § 123B.143, Subd. 2, except that the agreement must include specific reasons for the agreement if it involves the payment of more than \$10,000 of public money; work location; work telephone number; badge number; work-related continuing education; honors and awards received; and payroll time sheets or other comparable data that are only used to account for employee's work time for payroll purposes, except to the extent that release of time sheet data would reveal the employee's reasons for the use of sick or other medical leave or other not public data.

- C. Personnel data on current and former applicants for employment that is "public" includes:

Veteran status; relevant test scores; rank on eligible list; job history; education and training; and work availability. Names of applicants shall be private data except when certified as eligible for appointment to a vacancy or when applicants are considered by the appointing authority to be finalists for a position in public employment. For purposes of this subdivision, "finalist" means an individual who is selected to be interviewed by the appointing authority prior to selection.

- D. "Educational data" means data maintained by the school district which relates to a student.

- E. "Student" means an individual currently or formerly enrolled or registered in the school district, or applicants for enrollment, or individuals who receive shared time services.

- F. Data about applicants for appointments to a public body, including a school board, collected by the school district as a result of the applicant's application for appointment to the public body are private data on individuals, except that the following are public: name; city of residence, except where the appointment has a residency requirement that requires the entire address to be public; education and training; employment history; volunteer work; awards and honors; prior government service; any data required to be provided or that is voluntarily provided in an application to a multimember agency pursuant to Minn. Stat. § 15.0597; and veteran status. Once an individual has been appointed to a public body, the following additional items of data are public: residential address; either a telephone number or electronic mail address where the appointee can be reached, or both at the request of the appointee; the first and last dates of service on the public body; the existence and status of any complaints or charges against an appointee; and, upon completion of an investigation of a complaint or charge against an appointee, the final investigative report unless access to the data would jeopardize an active investigation. Any electronic mail address or telephone number provided by a public body for use by an appointee shall be public. An

appointee may use an electronic mail address or telephone number provided by the public body as the designated electronic mail address or telephone number at which the appointee can be reached.

IV. RIGHTS TO PRIVACY

- A. School district employees have a legal right to privacy related to matters which may come before the school board, including, but not limited to, the following:
 - 1. right to a private hearing for teachers, pursuant to Minn. Stat. § 122A.40, Subd. 14 (Teachers Discharge Hearing);
 - 2. right to privacy of personnel data as provided by Minn. Stat. § 13.43 (Personnel Data);

V. THE PUBLIC'S OPPORTUNITY TO BE HEARD

The school board will strive to give all persons an opportunity to be heard and to have complaints considered and evaluated, within the limits of the law and this policy and subject to reasonable time, place, and manner restrictions. Among the rights available to the public is the right to access public data as provided by Minn. Stat. § 13.43, Subd. 2 (Public Data).

VI. PROCEDURES

- A. Agenda Items
 - 1. Persons who wish to have a subject discussed at a public school board meeting are encouraged to notify the superintendent's office in advance of

the school board meeting. The person should provide his or her name, the name of group represented (if any), and the subject to be covered or the issue to be addressed.

2. Persons who wish to address the school board on a particular subject should identify the subject and identify agenda item(s) to which their comments pertain.
3. The school board chair will recognize one speaker at a time and will rule out of order other speakers who are not recognized. Only those speakers recognized by the chair will be allowed to speak. Comments by others are out of order. Individuals who interfere with or interrupt speakers, the school board, or the proceedings may be directed to leave.
4. The school board retains the discretion to limit discussion of any agenda item to a reasonable period of time as determined by the school board. If a group or organization wishes to address the school board on a topic, the school board reserves the right to require designation of one or more representatives or spokespersons to speak on behalf of the group or organization.
5. Matters proposed for placement on the agenda which may involve data privacy concerns, which may involve preliminary allegations, or which may be potentially libelous or slanderous in nature shall not be considered in public, but shall be processed as determined by the school board in accordance with governing law.
6. The school board chair shall promptly rule out of order any discussion by any person, including school board members, that would violate the provisions of state or federal law, this policy or the statutory rights of privacy of an individual.
7. Personal attacks by anyone addressing the school board are unacceptable. Persistence in such remarks by an individual shall terminate that person's privilege to address the school board.
8. Depending upon the number of persons in attendance seeking to be heard, the school board reserves the right to impose such other limitations and restrictions as necessary in order to provide an orderly, efficient, and fair opportunity for those present to be heard.

B. Complaints

1. Routine complaints about a teacher or other employee should first be directed to that teacher or employee or to the employee's immediate supervisor.
2. If the complaint is against an employee relating to child abuse,

discrimination, racial, religious, or sexual harassment, or other activities involving an intimidating atmosphere, the complaint should be directed to the employee's supervisor or other official as designated in the school district policy governing that kind of complaint. In the absence of a designated person, the matter should be referred to the superintendent.

3. Unresolved complaints from Paragraph 1. of this section or problems concerning the school district should be directed to the superintendent's office.
4. Complaints which are unresolved at the superintendent's level may be brought before the school board by notifying the school board in writing.

C. Open Forum

The school board shall normally provide a specified period of time when persons may address the school board on any topic, subject to the limitations of this policy. The school board reserves the right to allocate a specific period of time for this purpose and limit time for speakers accordingly.

The school board may decide to hold certain types of public meetings where the public will not be invited to address the school board. Possible examples are work sessions and board retreats. The public will still be entitled to notice of these meetings and will be allowed to attend these meetings, but the public will not be allotted time during the meeting to address the board.

D. No Board Action at Same Meeting

Except as determined by the school board to be necessary or in an emergency, the school board will not take action at the same meeting on an item raised for the first time by the public.

VII. PENALTIES FOR VIOLATION OF DATA PRIVACY

- A. The school district is liable for damages, costs and attorneys' fees, and, in the event of a willful violation, punitive damages for violation of state data privacy laws. (Minn. Stat. § 13.08, Subd. 1)
- B. A person who willfully violates data privacy or whose conduct constitutes the knowing unauthorized acquisition of not public data is guilty of a misdemeanor. (Minn. Stat. § 13.09)
- C. In the case of an employee, willful violation of the Minnesota data practices law, Chapter 13, and any rules adopted thereunder, including any action subject to a criminal penalty, constitutes just cause for suspension without pay or dismissal. (Minn. Stat. § 13.09)

209 CODE OF ETHICS

I. PURPOSE

The purpose of this policy is to assist the individual school board member in understanding his or her role as part of a school board and in recognizing the contribution that each member must make to develop an effective and responsible school board.

II. GENERAL STATEMENT OF POLICY

Each school board member shall follow the code of ethics stated in this policy.

A. AS A MEMBER OF THE SCHOOL BOARD, I WILL:

1. Attend school board meetings.
2. Come to the meetings prepared for discussion of the agenda items.
3. Listen to the opinions and views of others (including, but not limited to, other school board members, administration, staff, students, and community members).
4. Vote my conscience after informed discussion, unless I abstain because a conflict of interest exists.
5. Support the decision of the school board, even if my position concerning the issue was different.
6. Recognize the integrity of my predecessors and associates and appreciate their work.
7. Be primarily motivated by a desire to provide the best possible education for the students of my school district.
8. Inform myself about the proper duties and functions of a school board member.

B. IN PERFORMING THE PROPER FUNCTIONS OF A SCHOOL BOARD MEMBER, I WILL:

1. Focus on education policy as much as possible.

2. Remember my responsibility is to set policy – not to implement policy.
3. Consider myself a trustee of public education and do my best to protect, conserve, and advance its progress.
4. Recognize that my responsibility, exercised through the actions of the school board as a whole, is to see that the schools are properly run – not to run them myself.
5. Work through the superintendent – not over or around the superintendent.
6. Delegate the implementation of school board decisions to the superintendent.

C. TO MAINTAIN RELATIONS WITH OTHER MEMBERS OF THE SCHOOL BOARD, I WILL:

1. Respect the rights of others to have and express opinions.
2. Recognize that authority rests with the school board in legal session – not with the individual members of the school board except as authorized by law.
3. Make no disparaging remarks, in or out of school board meetings, about other members of the school board or their opinions.
4. Keep an open mind about how I will vote on any proposition until the board has met and fully discussed the issue.
5. Make decisions by voting in school board meetings after all sides of debatable questions have been presented.
6. Insist that committees be appointed to serve only in an advisory capacity to the school board.

D. IN MEETING MY RESPONSIBILITIES TO MY COMMUNITY, I WILL:

1. Attempt to appraise and plan for both the present and future educational needs of the school district and community.
2. Attempt to obtain adequate financial support for the school district's programs.
3. Insist that business transactions of the school district be ethical and open.
4. Strive to uphold my responsibilities and accountability to the taxpayers in my school district.

E. IN WORKING WITH THE SUPERINTENDENT OF SCHOOLS AND STAFF, I WILL:

1. Hold the superintendent responsible for the administration of the school district.
2. Give the superintendent authority commensurate with his or her responsibilities.
3. Assure that the school district will be administered by the best professional personnel available.
4. Consider the recommendation of the superintendent in hiring all employees.
5. Participate in school board action after considering the recommendation of the superintendent and only after the superintendent has furnished adequate information supporting the recommendation.
6. Insist the superintendent keep the school board adequately informed at all times.
7. Offer the superintendent counsel and advice.
8. Recognize the status of the superintendent as the chief executive officer and a non-voting, ex officio member of the school board.
9. Refer all complaints to the proper administrative officer or insist that they be presented in writing to the whole school board for proper referral according to the chain of command.
10. Present any personal criticisms of employees to the superintendent.
11. Provide support for the superintendent and employees of the school district so they may perform their proper functions on a professional level.

F. IN FULFILLING MY LEGAL OBLIGATIONS AS A SCHOOL BOARD MEMBER, I WILL:

1. Comply with all federal, state, and local laws relating to my work as a school board member.
2. Comply with all school district policies as adopted by the school board.
3. Abide by all rules and regulations as promulgated by the Minnesota Department of Education and other state and federal agencies with jurisdiction over school districts.

4. Recognize that school district business may be legally transacted only in an open meeting of the school board.
5. Avoid conflicts of interest and refrain from using my school board position for personal gain.
6. Take no private action that will compromise the school board or administration.

210 CONFLICT OF INTEREST – SCHOOL BOARD MEMBERS

I. PURPOSE

The purpose of this policy is to observe state statutes regarding conflicts of interest and to engage in school district business activities in a fashion designed to avoid any conflict of interest or the appearance of impropriety.

II. GENERAL STATEMENT OF POLICY

It is the policy of the school board to contract for goods and services in conformance with statutory conflict of interest laws and in a manner that will avoid any conflict of interest or the appearance thereof. Accordingly, the school board will contract under the statutory exception provisions only when it is clearly in the best interest of the school district because of limitations that may exist on goods or services otherwise available to the school district.

III. GENERAL PROHIBITIONS AND RECOGNIZED STATUTORY EXCEPTIONS

- A. A school board member who is authorized to take part in any manner in making any sale, lease, or contract in his or her official capacity shall not voluntarily have a personal financial interest in that sale, lease, or contract or personally benefit financially therefrom.
- B. In the following circumstances, however, the school board may as an exception, by unanimous vote, contract for goods or services with a school board member of the school district:
 - 1. In the designation of a bank or savings association, in which a school board member is interested, as an authorized depository for school district funds and as a source of borrowing, provided such deposited funds are protected in accordance with Minnesota Statutes chapter 118A. Any school board member having said interest shall disclose that interest and the interest shall be entered upon the school board minutes. Disclosure shall be made when such bank or savings association is first designated as a depository or source of borrowing, or when such school board member is elected, whichever is later. Disclosure serves as notice of the interest and need only be made once;
 - 2. The designation of an official newspaper, or publication of official matters therein, in which the school board member is interested when it is the only newspaper complying with statutory requirements relating to the designation or publication;

3. A contract with a cooperative association of which the school board member is a shareholder or stockholder but not an officer or manager;
 4. A contract for which competitive bids are not required by law. A contract made under this exception will be void unless the following procedures are observed:
 - a. The school board shall authorize the contract in advance of its performance by adopting a resolution setting out the essential facts and determining that the contract price is as low as or lower than the price at which the goods or services could be obtained elsewhere.
 - b. In the case of an emergency when the contract cannot be authorized in advance, payment of the claims must be authorized by a like resolution wherein the facts of the emergency are also stated.
 - c. Before a claim is paid, the interested school board member shall file with the clerk of the school board an affidavit stating:
 - (1) The name of the school board member and the office held;
 - (2) An itemization of the goods or services furnished;
 - (3) The contract price;
 - (4) The reasonable value;
 - (5) The interest of the school board member in the contract; and
 - (6) That to the best of the school board member's knowledge and belief, the contract price is as low as, or lower than, the price at which the goods or services could be obtained from other sources.
 5. A school board member may contract with the school district to provide construction materials or services, or both, when the sealed bid process is used. When the contract comes before the school board for consideration, the interested school board member may not vote on the contract. (*Note: This section applies only when the school district has a population of 1,000 or less according to the last federal census.*)
 6. A school board member may rent space in a public facility at a rate commensurate with that paid by other members of the public.
- C. In the following circumstances, the school board may as an exception, by majority vote at a meeting at which all school board members are present, contract for services with a school board member of the school district: A school board member

may be newly employed or may continue to be employed by the school district as an employee only if there is a reasonable expectation on July 1, or at the time the contract is entered into or extended, that the amount to be earned by that school board member under that contract or employment relationship, will not exceed \$20,000 in that fiscal year. If the school board member does not receive majority approval to be initially employed or to continue in employment at a meeting at which all school board members are present, that employment is immediately terminated and that school board member has no further rights to employment while serving as a school board member in the school district.

- D. The school board may contract with a class of school district employees, such as teachers or custodians, when the spouse of a school board member is a member of the class of employees contracting with the school board and the employee spouse receives no special monetary or other benefit that is substantially different from the benefits that other members of the class receive under the employment contract. For the school board to invoke this exception, it must have a majority of disinterested school board members vote to approve the contract, direct the school board member spouse to abstain from voting to approve the contract, and publicly set out the essential facts of the contract at the meeting in which the contract is approved.

IV. LIMITATIONS ON RELATED EMPLOYEES

- A. The school board must hire or dismiss teachers only at duly called meetings. When a husband and wife, brother and sister, or two brothers or sisters, constitute a quorum, no contract employing a teacher may be made or authorized except upon the unanimous vote of the full school board.
- B. The school board may not employ any teacher related by blood or marriage to a school board member, within the fourth degree as computed by the civil law, except by a unanimous vote of the full school board.

V. CONFLICTS PRIOR TO TAKING OFFICE

A school board member with personal financial interest in a sale, lease, or contract with the school district which was entered before the school board member took office and presents an actual or potential conflict of interest, shall immediately notify the school board of such interest. It shall thereafter be the responsibility of the school board member to refrain from participating in any action relating to the sale, lease, or contract. At the time of renewal of any such sale, lease, or contract, the school board may enter into or renew such sale, lease, or contract only if it falls within one of the enumerated exceptions for contracts relating to goods or services provided above and if the procedures provided in this policy are followed.

VI. DETERMINATION AS TO WHETHER A CONFLICT OF INTEREST EXISTS

The determination as to whether a conflict of interest exists is to be made by the school board. Any school board member who has an actual or potential conflict shall notify the

school board of such conflict immediately. The school board member shall thereafter cooperate with the school board as necessary for the school board to make its determination.

211 CRIMINAL OR CIVIL ACTION AGAINST SCHOOL DISTRICT, SCHOOL BOARD MEMBER, EMPLOYEE, OR STUDENT

I. PURPOSE

The purpose of this policy is to provide guidance about the school district's position, rights, and responsibilities when a civil or criminal action is pending against the school district, or a school board member, school district employee, or student.

II. GENERAL STATEMENT OF POLICY

- A. The school district recognizes that, when civil or criminal actions are pending against a school board member, school district employee, or student, the school district may be requested or required to take action.
- B. In responding to such requests and/or requirements, the school district will take such measures as are appropriate to its primary mission of providing for the education of students in an environment that is safe for staff and students and is conducive to learning.
- C. The school district acknowledges its statutory obligations with respect to providing assistance to school board members and teachers who are sued in connection with performance of school district duties. Collective bargaining agreements and school district policies may also apply.

III. CIVIL ACTIONS

- A. Pursuant to Minnesota Statutes section 466.07, subdivision. 1, the school district shall defend and indemnify any school board member or school district employee for damages in school-related litigation, including punitive damages, claimed or levied against the school board member or employee, provided that the school board member or employee was acting in the performance of the duties of the position and was not guilty of malfeasance, willful neglect of duty, or bad faith.
- B. Pursuant to Minnesota Statutes section 123B.25(b), with respect to teachers employed by the school district, upon written request of the teacher involved, the school district must provide legal counsel for any school teacher against whom a claim is made or action is brought for recovery of damages in any tort action involving physical injury to any person or property or for wrongful death arising out of or in connection with the employment of the teacher with the school district. The school district will choose legal counsel after consultation with the teacher.

C. Data Practices

Educational data and personnel data maintained by the school district may be sought as evidence in a civil proceeding. The school district will release the data only pursuant to the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13 and to the Family Educational Rights and Privacy Act, 20 United States Code section 1232g, and related regulations. When an employee is subpoenaed and is expected to testify regarding educational data or personnel data, the employee will inform the building administrator or designated supervisor, who shall immediately inform the superintendent or designee. No school board member or employee may release data without consultation in advance with the school district official designated as the responsible authority for the collection, use, and dissemination of data.

D. Service of Subpoenas

School district officers and employees will normally not be involved in providing service of process for third parties in the school setting.

E. Leave to Testify

Leave for employees appearing in court, either when sued or under subpoena to testify, will be considered in accordance with school district personnel policies and applicable collective bargaining agreements.

IV. CRIMINAL CHARGES OR CONDUCT

A. Employees

1. The school district expects that its employees serve as positive role models for students. As role models for students, employees have a duty to conduct themselves in an exemplary manner.
2. If the school district receives information relating to activities of a criminal nature by an employee, the school district will investigate and take appropriate disciplinary action, which may include discharge, subject to school district policies, statutes, and provisions of applicable collective bargaining agreements.
3. Pursuant to Minnesota Statutes section 123B.02, subdivision 20, if reimbursement for a criminal defense is requested by a school district employee, the school board may, after consulting with its legal counsel, reimburse the employee for any costs and reasonable attorney fees incurred by the employee to defend criminal charges brought against the employee arising out of the performance of duties for the school district. The decision whether to reimburse shall be made in the school board's discretion. A school board member who is a witness or an alleged victim in the case may not vote on the reimbursement. If a quorum of the school board is

disqualified from voting on the reimbursement, the reimbursement must be approved by a judge of the district court.

B. Students

The school district has an interest in maintaining a safe and healthful environment and in preventing disruption of the educational process. To promote that interest, the school district will take appropriate action regarding students convicted of crimes that relate to the school environment.

C. Criminal Investigations

1. The policy of the school district is to cooperate with law enforcement officials. The school district will make all efforts, however, to encourage law enforcement officials to question students and employees outside of school hours and off school premises unless extenuating circumstances exist, the matter being investigated is school-related, or as otherwise provided by law.
2. If questioning at school is unavoidable, the school district will attempt to maintain confidentiality to avoid embarrassment to students and employees and to avoid disruption of the educational program. The school district will attempt to notify parents of a student under age 18 that police will be questioning their child. Normally, the superintendent, principal, or other appropriate school official will be present during the interview, except as otherwise required by law (Minnesota Statutes section 260E.22), or as otherwise determined in consultation with the parent or guardian.

D. Data Practices

The school district will release to juvenile justice and law enforcement authorities educational and personnel data only in accordance with Minnesota Statutes chapter 13 (Minnesota Government Data Practices Act) and 20 United States Code section 1232g (FERPA).

V. STATEMENTS WHEN LITIGATION IS PENDING

The school district recognizes that when a civil or criminal action is commenced or pending, parties to the lawsuit have particular duties in reference to persons involved or named in the lawsuit, as well as insurance carrier(s). Therefore, school board members or school district employees shall make or release statements in that situation only in consultation with legal counsel.

213 SCHOOL BOARD COMMITTEES

[Note: Many school boards utilize either standing or ad hoc committees, or both. On the other hand, some school boards avoid the use of committees for the most part because of the danger of fragmentation of the governance process. The objective of this policy is to provide a framework for those school boards which elect to utilize committees or subcommittees. Further, this policy is designed to apply only to committees or subcommittees made up of elected school board members. Other considerations will apply to committees established by the school board involving members of the public, employees, students, parents, etc.]

I. PURPOSE

The purpose of this policy is to provide for the structure and the operation of committees or subcommittees of the school board.

II. GENERAL STATEMENT OF POLICY

- A. It is the policy of the school board to designate school board committees or subcommittees when it is determined that a committee process facilitates the mission of the school board.
- B. The school board has determined that certain permanent standing committees, as described in this policy, do facilitate the operation of the school board and the school district.
- C. A school board committee or subcommittee will be formed by school board resolution which shall outline the duties and purpose of the committee or subcommittee.
- D. A committee or subcommittee is advisory in nature and has only such authority as specified by the school board.
- E. The school board will receive reports or recommendations from a committee or subcommittee for consideration. The school board, however, retains the right and has the duty to make all final decisions related to such reports or recommendations.
- F. The school board also may establish such ad hoc committees for specific purposes as it deems appropriate.
- G. The school board reserves the right to limit, create or abolish any standing or ad hoc committee as it deems appropriate.

- H. A committee of the school board shall not appoint a subcommittee of that committee without approval of the school board.

III. APPOINTMENT OF COMMITTEES

- A. The school board hereby appoints the following standing committees:
 - 1. Audit.
 - 2. Policy.
 - 3. Building and Grounds.
 - 4. Negotiations Committee(s) for various employee groups.

[Note: Each school district should determine which, if any, standing committees the school board wishes to establish.]

- B. The school board will establish, by resolution, for each standing or ad hoc committee the number of members, the term and the charge or mission of each such committee.
- C. The school board chair shall appoint the members of each standing or ad hoc committee and designate the chair thereof.

- A. All meetings of committees or subcommittees shall be open to the public in compliance with the Open Meeting Law, and notice shall be given as prescribed by law.
- B. A committee or subcommittee shall act only within the guidelines and mission established for that committee or subcommittee by the school board.
- C. Actions of a committee or subcommittee shall be by majority vote and be consistent with the governing rules of the school board.
- D. The committee or subcommittee shall designate a secretary who will record the minutes of actions of the school board committee.
- E. The power of a committee or subcommittee of the school board is advisory only and is limited to making recommendations to the school board.
- F. A committee or subcommittee of the school board shall, when appropriate, clarify in any dealings with the public that its powers are only advisory to the school board.

214 OUT-OF-STATE TRAVEL BY SCHOOL BOARD MEMBERS

I. PURPOSE

The purpose of this policy is to control out-of-state travel by school board members as required by law.

II. GENERAL STATEMENT OF POLICY

School board members have an obligation to become informed on the proper duties and functions of a school board member, to become familiar with issues that may affect the school district, to acquire a basic understanding of school finance and budgeting, and to acquire sufficient knowledge to comply with federal, state, and local laws, rules, regulations, and school district policies that relate to their functions as school board members. Occasionally, it may be appropriate for school board members to travel out of state to fulfill their obligations.

III. APPROPRIATE TRAVEL

Travel outside the state is appropriate when the school board finds it proper for school board members to acquire knowledge and information necessary to allow them to carry out their responsibilities as school board members. Travel to other out-of-state meetings for which the member intends to seek reimbursement from the school district should be preapproved by the school board.

IV. REIMBURSABLE EXPENSES

Expenses to be reimbursed may include transportation, meals, lodging, registration fees, required materials, parking fees, tips, and other reasonable and necessary school district-related expenses.

V. REIMBURSEMENT

- A. Requests for reimbursement must be itemized on the official school district form and are to be submitted to the designated administrator. Receipts for lodging, commercial transportation, registration, and other reasonable and necessary expenses must be attached to the reimbursement form.
- B. Automobile travel shall be reimbursed at the mileage rate set by the school board. Commercial transportation shall reflect economy fares and shall be reimbursed only for the actual cost of the trip.
- C. Amounts to be reimbursed shall be within the school board's approved budget allocations, including attendance at workshops and conventions.

VI. ESTABLISHMENT OF DIRECTIVES AND GUIDELINES

The superintendent shall develop a schedule of reimbursement rates for school district business expenses, including those expenses requiring advance approval and specific rates of reimbursement. The superintendent shall also develop directives and guidelines to address methods and times for submission of requests for reimbursement.

306 ADMINISTRATOR CODE OF ETHICS

I. PURPOSE

The purpose of this policy is to establish the requirements of the school board that school administrators adhere to the standards of ethics and professional conduct in this policy and Minnesota law.

II. GENERAL STATEMENT OF POLICY

- A. An educational administrator's professional behavior must conform to an ethical code. The code must be idealistic and at the same time practical, so that it can apply reasonably to all educational administrators. The administrator acknowledges that the schools belong to the public they serve for the purpose of providing educational opportunities to all. However, the administrator assumes responsibility for providing professional leadership in the school and community. This responsibility requires the administrator to maintain standards of exemplary professional conduct. It must be recognized that the administrator's actions will be viewed and appraised by the community, professional associates, and students. To these ends, the administrator must subscribe to the following standards.
- B. The Educational Administrator:
1. Makes the well-being of students the fundamental value of all decision-making and actions.
 2. Fulfills professional responsibilities with honesty and integrity.
 3. Supports the principle of due process and protects the civil and human rights of all individuals.
 4. Obeys local, state, and national laws and does not knowingly join or support organizations that advocate, directly or indirectly, the overthrow of the government.
 5. Implements the school board's policies.

403 DISCIPLINE, SUSPENSION, AND DISMISSAL OF SCHOOL DISTRICT EMPLOYEES

I. PURPOSE

The purpose of this policy is to achieve effective operation of the school district's programs through the cooperation of all employees under a system of policies and rules applied fairly and uniformly.

II. GENERAL STATEMENT OF POLICY

The disciplinary process described herein is designed to utilize progressive steps, where appropriate, to produce positive corrective action. While the school district intends that in most cases progressive discipline will be administered, the specific form of discipline chosen in a particular case and/or the decision to impose discipline in a manner otherwise, is solely within the discretion of the school district.

III. DISCIPLINE

A. Violation of School Laws and Rules

The form of discipline imposed for violations of school laws and rules may vary from an oral reprimand to termination of employment or discharge depending upon factors such as the nature of the violation, whether the violation was intentional, knowing and/or willful and whether the employee has been the subject of prior disciplinary action of the same or a different nature. School laws and rules to which this provision applies include:

1. policies of the school district;
2. directives and/or job requirements imposed by administration and/or the employee's supervisor; and
3. federal, state, and local laws, rules and regulations, including, but not limited to, the rules and regulations adopted by federal and state agencies.

B. Substandard Performance

An employee's substandard performance may result in the imposition of discipline ranging from an oral reprimand to termination of employment or discharge. In most instances, discipline imposed for the reason of substandard performance will follow a progressive format and will be accompanied by guidance, help and

encouragement to improve from the employee's supervisor and reasonable time for correction of the employee's deficiency.

C. Misconduct

Misconduct of an employee will result in the imposition of discipline consistent with the seriousness of the misconduct. Conduct which falls into this category includes, but is not limited to:

1. unprofessional conduct;
2. failure to observe rules, regulations, policies and standards of the school district and/or directives and orders of supervisors and any other act of an insubordinate nature;
3. continuing neglect of duties in spite of oral warnings, written warnings and/or other forms of discipline;
4. personal and/or immoral misconduct;
5. use of illegal drugs, alcohol or any other chemical substance on the job or any use off the job which impacts on the employee's performance;
6. deliberate and serious violation of the rights and freedoms of other employees, students, parents or other persons in the school community;
7. activities of a criminal nature relating to the fitness or effectiveness of the employee to perform the duties of the position;
8. failure to follow the canons of professional and personal ethics;
9. falsification of credentials and experience;
10. unauthorized destruction of school district property;
11. other good and sufficient grounds relating to any other act constituting inappropriate conduct;
12. neglect of duty;
13. violation of the rights of others as provided by federal and state laws related to human rights.

IV. FORMS OF DISCIPLINE

- A. The forms of discipline that may be imposed by the school district include, but are not limited to:

1. oral warning;
 2. written warning or reprimand;
 3. probation;
 4. disciplinary suspension, demotion or leave of absence with pay;
 5. disciplinary suspension, demotion or leave of absence without pay; and
 6. dismissal/termination or discharge from employment.
- B. Other forms of discipline, including any combination of the forms described in Paragraph A., above, may be imposed if, in the judgment of the administration, another form of discipline will better accomplish the school district's objective of stopping or correcting the offending conduct and improving the employee's performance.

V. PROCEDURES FOR ADMINISTERING POLICY

- A. When any form of discipline is imposed, the employee's supervisor will:
1. Advise the employee of any inadequacy, deficiency or conduct which is the cause of the discipline, either orally or in writing. If given orally, the supervisor will document the fact that an oral warning was given to the employee specifying the date, time, and nature of the oral warning.
 2. Provide directives to the employee to correct the conduct or performance.
 3. Forward copies of all writings to the administrator in charge of personnel for filing in the employee's personnel file.
 4. Allow a reasonable period of time, when appropriate, for the employee to correct or remediate the performance or conduct.
 5. Specify the expected level of performance or modification of conduct to be required from the employee.
- B. The school district retains the right to immediately discipline, terminate, or discharge an employee as appropriate, subject to relevant governing law and collective bargaining agreements when applicable.

A Summary of Your Rights Under the Fair Credit Reporting Act

The federal Fair Credit Reporting Act (FCRA) promotes the accuracy, fairness, and privacy of information in the files of consumer reporting agencies. There are many types of consumer reporting agencies, including credit bureaus and specialty agencies (such as agencies that sell information about check writing histories, medical records, and rental history records). Here is a summary of your major rights under the FCRA. **For more information, including information about additional rights, go to www.consumerfinance.gov/learnmore or write to: Consumer Financial Protection Bureau, 1700 G Street N.W., Washington, DC 20552.**

- **You must be told if information in your file has been used against you.** Anyone who uses a credit report or another type of consumer report to deny your application for credit, insurance, or employment – or to take another adverse action against you – must tell you, and must give you the name, address, and phone number of the agency that provided the information.
- **You have the right to know what is in your file.** You may request and obtain all the information about you in the files of a consumer reporting agency (your “file disclosure”). You will be required to provide proper identification, which may include your Social Security number. In many cases, the disclosure will be free. You are entitled to a free file disclosure if:
 - a person has taken adverse action against you because of information in your credit report;
 - you are the victim of identity theft and place a fraud alert in your file;
 - your file contains inaccurate information as a result of fraud;
 - you are on public assistance;
 - you are unemployed but expect to apply for employment within 60 days.

In addition, all consumers are entitled to one free disclosure every 12 months upon request from each nationwide credit bureau and from nationwide specialty consumer reporting agencies. See www.consumerfinance.gov/learnmore for additional information.

- **You have the right to ask for a credit score.** Credit scores are numerical summaries of your credit-worthiness based on information from credit bureaus. You may request a credit score from consumer reporting agencies that create scores or distribute scores used in residential real property loans, but you will have to pay for it. In some mortgage transactions, you will receive credit score information for free from the mortgage lender.
- **You have the right to dispute incomplete or inaccurate information.** If you identify information in your file that is incomplete or inaccurate, and report it to the consumer reporting agency, the agency must investigate unless your dispute is frivolous. See www.consumerfinance.gov/learnmore for an explanation of dispute procedures.

- **Consumer reporting agencies must correct or delete inaccurate, incomplete, or unverifiable information.** Inaccurate, incomplete, or unverifiable information must be removed or corrected, usually within 30 days. However, a consumer reporting agency may continue to report information it has verified as accurate.
- **Consumer reporting agencies may not report outdated negative information.** In most cases, a consumer reporting agency may not report negative information that is more than seven years old, or bankruptcies that are more than 10 years old.
- **Access to your file is limited.** A consumer reporting agency may provide information about you only to people with a valid need -- usually to consider an application with a creditor, insurer, employer, landlord, or other business. The FCRA specifies those with a valid need for access.
- **You must give your consent for reports to be provided to employers.** A consumer reporting agency may not give out information about you to your employer, or a potential employer, without your written consent given to the employer. Written consent generally is not required in the trucking industry. For more information, go to www.consumerfinance.gov/learnmore.
- **You may limit “prescreened” offers of credit and insurance you get based on information in your credit report.** Unsolicited “prescreened” offers for credit and insurance must include a toll-free phone number you can call if you choose to remove your name and address from the lists these offers are based on. You may opt out with the nationwide credit bureaus at 1-888-5-OPTOUT (1-888-567-8688).
- **You may seek damages from violators.** If a consumer reporting agency, or, in some cases, a user of consumer reports or a furnisher of information to a consumer reporting agency violates the FCRA, you may be able to sue in state or federal court.
- **Identity theft victims and active duty military personnel have additional rights.** For more information, visit www.consumerfinance.gov/learnmore.

States may enforce the FCRA, and many states have their own consumer reporting laws. In some cases, you may have more rights under state law. For more information, contact your state or local consumer protection agency or your state Attorney General. For information about your federal rights, contact:

404 EMPLOYMENT BACKGROUND CHECKS

I. PURPOSE

The purpose of this policy is to maintain a safe and healthful environment in the school district in order to promote the physical, social, and psychological well-being of its students. To that end, the school district will seek a criminal history background check for applicants who receive an offer of employment with the school district and on all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether any compensation is paid, or such other background checks as provided by this policy. The school district may also elect to do background checks of other volunteers, independent contractors, and student employees in the school district.

II. GENERAL STATEMENT OF POLICY

- A. The school district shall require that applicants for school district positions who receive an offer of employment and all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether any compensation is paid, submit to a criminal history background check. The offer of employment or the opportunity to provide services shall be conditioned upon a determination by the school district that an individual's criminal history does not preclude the individual from employment with, or provision of services to, the school district.
- B. The school district specifically reserves any and all rights it may have to conduct background checks regarding current employees, applicants, or service providers without the consent of such individuals.
- C. Adherence to this policy by the school district shall in no way limit the school district's right to require additional information, or to use procedures currently in place or other procedures to gain additional background information concerning employees, applicants, volunteers, service providers, independent contractors, and student employees.

III. PROCEDURES

- A. Normally an individual will not commence employment or provide services until the school district receives the results of the criminal history background check. The school district may conditionally hire an applicant or allow an individual to provide services pending completion of the background check but shall notify the

individual that the individual's employment or opportunity to provide services may be terminated based on the result of the background check. Background checks will be performed by the Minnesota Bureau of Criminal Apprehension (BCA). The BCA shall conduct the background check by retrieving criminal history data as defined in Minnesota Statutes section 13.87. The school district reserves the right to also have criminal history background checks conducted by other organizations or agencies.

- B. In order for an individual to be eligible for employment or to provide athletic coaching services or other extracurricular academic coaching services to the school district, except for an enrolled student volunteer, the individual must sign a criminal history consent form, which provides permission for the school district to conduct a criminal history background check, and provide a money order or check payable to either the BCA or to the school district, at the election of the school district, in an amount equal to the actual cost to the BCA and the school district of conducting the criminal history background check. The cost of the criminal history background check is the responsibility of the individual, unless the school district decides to pay the costs for a volunteer, an independent contractor, or a student employee. If the individual fails to provide the school district with a signed Informed Consent Form and fee at the time the individual receives a job offer, or permission to provide services, the individual will be considered to have voluntarily withdrawn the application for employment or request to provide services.
- C. The school district, in its discretion, may elect not to request a criminal history background check on an individual who holds an initial entrance license issued by the Minnesota Professional Educator Licensing and Standards Board or the Minnesota Commissioner of Education within the 12 months preceding an offer of employment or permission to provide services.
- D. The school district may use the results of a criminal background check conducted at the request of another school hiring authority if:
 - 1. the results of the criminal background check are on file with the other school hiring authority or otherwise accessible;
 - 2. the other school hiring authority conducted a criminal background check within the previous 12 months;
 - 3. the individual executes a written consent form giving the school district access to the results of the check; and
 - 4. there is no reason to believe that the individual has committed an act subsequent to the check that would disqualify the individual for employment or provision of services.
- E. For all nonstate residents who are offered employment with or the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, the school district shall request a criminal history

background check on such individuals from the superintendent of the BCA and from the government agency performing the same function in the resident state or, if no government entity performs the same function in the resident state, from the Federal Bureau of Investigation. The offer of employment or the opportunity to provide services shall be conditioned upon a determination by the school district that an individual's criminal history does not preclude the individual from employment with, or provision of services to, the school district. Such individuals must provide an executed criminal history consent form.

- F. When required, individuals must provide fingerprints to assist in a criminal history background check. If the fingerprints provided by the individual are unusable, the individual will be required to submit another set of prints.
- G. Copies of this policy shall be available in the school district's employment office and will be distributed to applicants for employment and individuals who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services upon request. The need to submit to a criminal history background check may be included with the basic criteria for employment or provision of services in the position posting and position advertisements.
- H. The individual will be informed of the results of the criminal background check(s) to the extent required by law.
- I. If the criminal history background check precludes employment with, or provision of services to, the school district, the individual will be so advised.
- J. The school district may apply these procedures to other volunteers, independent contractors, or student employees.
- K. At the beginning of each school year or when a student enrolls, the school district will notify parents and guardians about this policy and identify those positions subject to a background check and the extent of the school district's discretion in requiring a background check. The school district may include this notice in its student handbook, a school policy guide, or other similar communication. A form notice for this purpose is included with this policy.

IV. CRIMINAL HISTORY CONSENT FORM

A form to obtain consent for a criminal history background check is included with this policy.

3. is determined by the commissioner as a part of the standard for the chemical or substance or mixture of chemicals and substances to present a significant risk to worker health and safety or imminent danger of death or serious physical harm to an employee as a result of foreseeable use, handling, accidental spill, exposure, or contamination.
- D. “Harmful physical agent” means a physical agent determined by the commissioner as a part of the standard for that agent to present a significant risk to worker health or safety or imminent danger of death or serious physical harm to an employee. This definition includes, but is not limited to, radiation, whether ionizing or nonionizing.
 - E. “Infectious agent” means a communicable bacterium, rickettsia, parasites, virus, or fungus determined by the commissioner by rule, with approval of the commissioner of health, which, according to documented medical or scientific evidence, causes substantial acute or chronic illness or permanent disability as a foreseeable and direct result of any routine exposure to the infectious agent. Infectious agent does not include an agent in or on the body of a patient before diagnosis.
 - F. “Blood borne pathogen” means a pathogenic microorganism that is present in human blood and can cause disease in humans. This definition includes, but is not limited to, hepatitis B virus (HBV) and human immunodeficiency virus (HIV).

IV. TARGET JOB CATEGORIES

Annual training will be provided to all full- and part-time employees who are “routinely exposed” to a hazardous substance, harmful physical agent, infectious agent, or blood borne pathogen as set forth above.

408 SUBPOENA OF A SCHOOL DISTRICT EMPLOYEE

I. PURPOSE

The purpose of this policy is to protect the privacy rights of school district employees and students under both state and federal law when requested to testify or provide educational records for a judicial or administrative proceeding.

II. GENERAL STATEMENT OF POLICY

This policy is to provide guidance and direction for school district employees who may be subpoenaed to testify and/or provide educational records for a judicial or administrative proceeding.

III. DATA CLASSIFICATION

A. Educational Data

1. State Law

The Minnesota Government Data Practices Act (MGDPA), Minnesota Statutes chapter 13, classifies all educational data, except for directory information as designated by the school district, as private data on individuals. The state statute provides that **private data on individuals may not be released, except pursuant to a valid court order or informed consent by the subject of the data or a parent if the subject of the data is a minor.**

2. Federal Law

The Family Educational Rights and Privacy Act (FERPA), 20 United States Code section 1232g, provides that educational data may not be released, except pursuant to informed consent by the individual subject of the data or any lawfully issued subpoena. Regulations promulgated under the federal law require that the school district must first make a reasonable effort to notify the parent of the student, or the student if the student is 18 years of age or older, of the subpoena in advance of releasing the information pursuant to the subpoena.

B. Personnel Data

The MGDPA also classifies all personnel data, except for certain data specifically

classified as public, as private data on individuals. The state statute provides that **private data on individuals may not be released, except pursuant to a valid court order or informed consent by the subject of the data.**

IV. APPLICATION AND PROCEDURES

- A. Any employee who receives a subpoena for any purpose related to employment is to inform the building administrator or designated supervisor when the employee receives the subpoena. The building administrator or designated supervisor shall immediately inform the superintendent that the employee has received a subpoena.
- B. No employee may release educational data, personnel data, or any other data of any kind without consultation in advance with the school district official who is designated as the authority responsible for the collection, use and dissemination of data.
- C. Payment for attendance at judicial or administrative proceedings and the retention of witness and mileage fees is to be determined in accordance with the applicable school board policies and collective bargaining agreements.
- D. The administration shall not release any information except in strict compliance with state and federal law and this policy. Recognizing that an unauthorized release may expose the school district or its employees to civil or criminal penalties or loss of employment, the administration shall confer with school district legal counsel prior to release of such data.

410 FAMILY AND MEDICAL LEAVE POLICY

I. PURPOSE

The purpose of this policy is to provide for family and medical leave to school district employees in accordance with the Family and Medical Leave Act of 1993 (FMLA) and also with parenting leave under state law.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding family and medical leave are adopted by the school district, pursuant to the requirements of the FMLA and consistent with the requirements of the Minnesota parenting leave laws.

III. DEFINITIONS

A. “Covered active duty” means:

1. in the case of a member of a regular component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country; and
2. in the case of a member of a reserve component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a call or order to active duty under a provision of law referred to in 10 United States Code section 101(a)(13)(B).

B. “Covered servicemember” means:

1. a member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or
2. a covered veteran who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness and who was a member of the Armed Forces, including a member of the National Guard or Reserves, and was discharged or released under conditions other than dishonorable, at any time during the period of five years preceding the first date the eligible employee takes FMLA leave to care for the covered veteran.

C. “Eligible employee” means an employee who has been employed by the school

district for a total of at least 12 months and who has been employed for at least 1,250 hours of service during the 12-month period immediately preceding the commencement of the leave. An employee returning from fulfilling his or her Uniformed Services Employment and Reemployment Rights Act (USERRA)-covered service obligation shall be credited with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service. In determining whether the employee met the hours of service requirement, and to determine the hours that would have been worked during the period of absence from work due to or necessitated by USERRA-covered service, the employee's pre-service work schedule can generally be used for calculations. While the 12 months of employment need not be consecutive, employment periods prior to a break in service of seven years or more may not be counted unless: (1) the break is occasioned by the employee's fulfillment of his or her USERRA-covered service obligation; or (2) a written agreement, including a collective bargaining agreement, exists concerning the school district's intention to rehire the employee after the break in service.

- D. "Military caregiver leave" means leave taken to care for a covered servicemember with a serious injury or illness.
- E. "Next of kin of a covered servicemember" means the nearest blood relative other than the covered servicemember's spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember's next of kin, and the employee may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember's only next of kin.
- F. "Outpatient status" means, with respect to a covered servicemember who is a current member of the Armed Forces, the status of a member of the Armed Forces assigned to:
 - 1. a military medical treatment facility as an outpatient; or
 - 2. a unit established for the purpose of providing command and control of members of the Armed Forces receiving care as outpatients.
- G. "Qualifying exigency" means a situation where the eligible employee seeks leave for one or more of the following reasons:
 - 1. to address any issues that arise from a short-notice deployment (seven

- calendar days or less) of a covered military member;
 - 2. to attend military events and related activities of a covered military member;
 - 3. to address issues related to childcare and school activities of a covered military member's child;
 - 4. to address financial and legal arrangements for a covered military member;
 - 5. to attend counseling provided by someone other than a health care provider for oneself, a covered military member, or his/her child;
 - 6. to spend up to 15 calendar days with a covered military member who is on short-term, temporary rest and recuperation leave during a period of deployment;
 - 7. to attend post-deployment activities related to a covered military member;
 - 8. to address care needs of a covered military member's parent who is incapable of self-care; and
 - 9. to address other events related to a covered military member that both the employee and school district agree is a qualifying exigency.
- H. "Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves:
- 1. inpatient care in a hospital, hospice, or residential medical care facility; or
 - 2. continuing treatment by a health care provider.
- I. "Spouse" means a husband or wife. For purposes of this definition, husband or wife refers to the other person with whom an individual entered into marriage as defined or recognized under state law for purposes of marriage in the state in which the marriage was entered into or, in the case of a marriage entered into outside of any state, if the marriage is valid in the place where entered into and could have been entered into in at least one state. This definition includes an individual in a same-sex or common law marriage that either: (1) was entered into in a state that recognizes such marriages; or (2) if entered into outside of any state, is valid in the place where entered into and could have been entered into in at least one state.
- J. "Veteran" has the meaning given in 38 United States Code section 101.

IV. LEAVE ENTITLEMENT

A. Twelve-week Leave under Federal Law

- 1. Eligible employees are entitled to a total of 12 work weeks of unpaid family

or medical leave during the applicable 12-month period as defined below, plus any additional leave as required by law. Leave may be taken for one or more of the following reasons in accordance with applicable law:

- a. birth of the employee's child and to care for such child;
 - b. placement of an adopted or foster child with the employee;
 - c. to care for the employee's spouse, son, daughter, or parent with a serious health condition;
 - d. the employee's serious health condition makes the employee unable to perform the functions of the employee's job; and/or
 - e. any qualifying exigency arising from the employee's spouse, son, daughter, or parent being on covered active duty, or notified of an impending call or order to covered active duty in the Armed Forces.
2. For the purposes of this policy, "year" is defined as a rolling 12-month period measured backward from the date an employee's leave is to commence.
 3. An employee's entitlement to FMLA leave for the birth, adoption, or foster care of a child expires at the end of the 12-month period beginning on the date of the birth or placement.
 4. A "serious health condition" typically requires either inpatient care or continuing treatment by or under the supervision of a health care provider, as defined by applicable law. Family and medical leave generally is not intended to cover short-term conditions for which treatment and recovery are very brief.
 5. A "serious injury or illness," in the case of a member of the Armed Forces, including a member of the National Guard or Reserves, means:
 - a. injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces (or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; and
 - b. in the case of a covered veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time, during the period of five years preceding the date on which the veteran undergoes the medical treatment, recuperation, or therapy, means a qualifying injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or

that existed before the beginning of the member's active duty and was aggravated by service in the line of duty in the Armed Forces and that manifested itself before or after the member became a veteran, and is:

- (1) a continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the servicemember unable to perform the duties of the servicemember's office, grade, rank, or rating; or
 - (2) a physical or mental condition for which the covered veteran has received a U.S. Department of Veterans Affairs Service-Related Disability (VASRD) rating of 50 percent or greater and such VASRD rating is based, in whole or in part, on the condition precipitating the need for military caregiver leave; or
 - (3) a physical or mental condition that substantially impairs the covered veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service, or would do so absent treatment; or
 - (4) an injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers.
6. Eligible spouses employed by the school district are limited to an aggregate of 12 weeks of leave during any 12-month period for the birth and care of a newborn child or adoption of a child, the placement of a child for foster care, or to care for a parent. This limitation for spouses employed by the school district does not apply to leave taken: by one spouse to care for the other spouse who is seriously ill; to care for a child with a serious health condition; because of the employee's own serious health condition; or pursuant to Paragraph IV.A.1.e. above.
7. Depending on the type of leave, intermittent or reduced schedule leave may be granted in the discretion of the school district or when medically necessary. However, part-time employees are only eligible for a pro-rata portion of leave to be used on an intermittent or reduced schedule basis, based on their average hours worked per week. Where an intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the school district may transfer the employee temporarily to an available alternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position, and which has equivalent pay and benefits.

8. If an employee requests a leave for the serious health condition of the employee or the employee's spouse, child, or parent, the employee will be required to submit sufficient medical certification. In such a case, the employee must submit the medical certification within 15 days from the date of the request or as soon as practicable under the circumstances.
9. If the school district has reason to doubt the validity of a health care provider's certification, it may require a second opinion at the school district's expense. If the opinions of the first and second health care providers differ, the school district may require certification from a third health care provider at the school district's expense. An employee may also be required to present a certification from a health care provider indicating that the employee is able to return to work.
10. Requests for leave shall be made to the school district. When leave relates to an employee's spouse, son, daughter, parent, or covered servicemember being on covered active duty, or notified of an impending call or order to covered active duty pursuant to Paragraph IV.A.1.e. above, and such leave is foreseeable, the employee shall provide reasonable and practical notice to the school district of the need for leave. For all other leaves, employees must give 30 days' written notice of a leave of absence where practicable. The failure to provide the required notice may result in a delay of the requested leave. Employees are expected to make a reasonable effort to schedule leaves resulting from planned medical treatment so as not to disrupt unduly the operations of the school district, subject to and in coordination with the health care provider.
11. The school district may require that a request for leave under Paragraph IV.A.1.e. above be supported by a copy of the covered military member's active duty orders or other documentation issued by the military indicating active duty or a call to active duty status and the dates of active duty service. In addition, the school district may require the employee to provide sufficient certification supporting the qualifying exigency for which leave is requested.
12. During the period of a leave permitted under this policy, the school district will provide health insurance under its group health plan under the same conditions coverage would have been provided had the employee not taken the leave. The employee will be responsible for payment of the employee contribution to continue group health insurance coverage during the leave. An employee's failure to make necessary and timely contributions may result in termination of coverage. An employee who does not return to work after the leave may be required, in some situations, to reimburse the school district for the cost of the health plan premiums paid by it.
13. The school district may request or require the employee to substitute accrued paid leave for any part of the 12-week period. Employees may be

allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave. The superintendent shall be responsible to develop directives and guidelines as necessary to implement this policy. Such directives and guidelines shall be submitted to the school board for annual review.

The school district shall comply with written notice requirements as set forth in federal regulations.

14. Employees returning from a leave permitted under this policy are eligible for reinstatement in the same or an equivalent position as provided by law. However, the employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the leave.

B. Twelve-week Leave under State Law

An employee who does not qualify for parenting leave under Paragraphs IV.A.1.a. or IV.A.1.b. above may qualify for a 12-week unpaid leave which is available to a biological or adoptive parent in conjunction with the birth or adoption of a child, or to a female employee for prenatal care or incapacity due to pregnancy, childbirth, or related health conditions. The length of the leave shall be determined by the employee but must not exceed 12 weeks unless agreed to by the school district. This leave is separate and exclusive of the family and medical leave described in the preceding paragraphs but may be reduced by any period of paid parental, disability, personal, or medical, or sick leave, or accrued vacation provided by the school district so that the total leave does not exceed 12 weeks, unless agreed to by the school district, or leave taken for the same purpose under the FMLA. The leave taken under this section shall begin at a time requested by the employee. An employee who plans to take leave under this section must give the school district reasonable notice of the date the leave shall commence and the estimated duration of the leave. For leave taken by a biological or adoptive parent in conjunction with the birth or adoption of a child, the leave must begin within 12 months of the birth or adoption; except that, in the case where the child must remain in the hospital longer than the mother, the leave must begin within 12 months after the child leaves the hospital.

C. Twenty-six-week Servicemember Family Military Leave

1. An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember shall be entitled to a total of 26 work weeks of leave during a 12-month period to care for the servicemember. The leave described in this paragraph shall be available only during a single 12-month period. For purposes of this leave, the need to care for a servicemember includes both physical and psychological care.

2. During a single 12-month period, an employee shall be entitled to a combined total of 26 work weeks of leave under Paragraphs IV.A. and IV.C. above.
3. The 12-month period referred to in this section begins on the first day the eligible employee takes leave to care for a covered servicemember and ends 12 months after that date.
4. Eligible spouses employed by the school district are limited to an aggregate of 26 weeks of leave during any 12-month period if leave is taken for birth of the employee's child or to care for the child after birth; for placement of a child with the employee for adoption or foster care or to care for the child after placement; to care for the employee's parent with a serious health condition; or to care for a covered servicemember with a serious injury or illness.
5. The school district may request or require the employee to substitute accrued paid leave for any part of the 26-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave.
6. An employee will be required to submit sufficient medical certification issued by the health care provider of the covered servicemember and other information in support of requested leave and eligibility for such leave under this section within 15 days from the date of the request or as soon as practicable under the circumstances.
7. The provisions of Paragraphs IV.A.7., IV.A.10., IV.A.12., IV.A.13., and IV.A.14. above shall apply to leaves under this section.

V. SPECIAL RULES FOR INSTRUCTIONAL EMPLOYEES

- A. An instructional employee is one whose principal function is to teach and instruct students in a class, a small group, or an individual setting. This includes, but is not limited to, teachers, coaches, driver's education instructors, and special education assistants.
- B. Instructional employees who request foreseeable medically necessary intermittent or reduced work schedule leave greater than 20 percent of the workdays in the leave period may be required to:
 1. take leave for the entire period or periods of the planned medical treatment;
or

2. move to an available alternative position for which the employee is qualified, and which provides equivalent pay and benefits, but not necessarily equivalent duties.
- C. Instructional employees who request continuous leave near the end of a semester may be required to extend the leave through the end of the semester. The number of weeks remaining before the end of a semester does not include scheduled school breaks, such as summer, winter, or spring break.
1. If an instructional employee begins leave for any purpose more than five weeks before the end of a semester and it is likely the leave will last at least three weeks, the school district may require that the leave be continued until the end of the semester.
 2. If the instructional employee begins leave for a purpose other than the employee's own serious health condition during the last five weeks of a semester, the school district may require that the leave be continued until the end of the semester if the leave will last more than two weeks or if the employee's return from leave would occur during the last two weeks of the semester.
 3. If the instructional employee begins leave for a purpose other than the employee's own serious health condition during the last three weeks of the semester and the leave will last more than five working days, the school district may require the employee to continue taking leave until the end of the semester.
 4. If the school district requires an instructional employee to extend leave through the end of a semester as set forth in this paragraph, only the period of leave until the employee is ready and able to return to work shall be charged against the employee's FMLA leave entitlement. Any additional leave required by the school district to the end of the school term is not counted as FMLA leave but as an unpaid or paid leave, to the extent the instructional employee has accrued paid leave available and the school district shall maintain the employee's group health insurance and restore the employee to the same or equivalent job, including other benefits, at the conclusion of the leave.

VI. OTHER

- A. The provisions of this policy are intended to comply with applicable law, including the FMLA and applicable regulations. Any terms used from the FMLA will have the same meaning as defined by the FMLA and/or applicable regulations. To the extent that this policy is ambiguous or contradicts applicable law, the language of the applicable law will prevail.
- B. The requirements stated in the collective bargaining agreement between employees in a certified collective bargaining unit and the school district regarding family and

medical leaves (if any) shall be followed.

VII. DISSEMINATION OF POLICY

- A. A poster prepared by the U.S. Department of Labor summarizing the major provisions of the Family and Medical Leave Act and informing employees how to file a complaint shall be conspicuously posted in each school district building in areas accessible to employees and applicants for employment.

No reimbursement will be made for services other than the lodging (e.g., in-room movies, refreshments in the room for which charges are added to the bill, laundry or dry-cleaning services, telephone charges unless directly related to school district business, etc.); however, parking or meal expenses that are included on the lodging bill may be reimbursed under other provisions of this policy.

C. Meal Costs.

- 1. The documented expenses of meals while out of the district are reimbursable up to the limits set forth below. If a meal is included in the registration cost of a conference or meeting, it is expected that the employee will not request reimbursement if the employee chooses to eat the meal elsewhere. - C. Nothing in this policy shall prevent any person from reporting harassment or violence directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

If the complaint involves the superintendent, the report may be filed directly with the school board. The report shall include a determination of whether the allegations have been substantiated as factual and

whether they appear to be violations of this policy.

- B. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the targets or victims and alleged perpetrators of harassment or violence, the parent(s) or guardian(s) of targets or victims of harassment or violence and the parent(s) or guardian(s) of alleged perpetrators of harassment or violence who have been involved in a reported and confirmed harassment or violence incident of the remedial or disciplinary action taken, to the extent permitted by law.
- C. In order to prevent or respond to acts of harassment or violence committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in acts of harassment or violence.

VII. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, or other school district personnel who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged harassment or violence prohibited by this policy, who testifies, assists, or participates in an investigation of retaliation or alleged harassment or violence, or who testifies, assists, or participates in a proceeding or hearing relating to such harassment or violence. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the harassment or violence. Remedial responses to the harassment or violence shall be tailored to the particular incident and nature of the conduct.

VIII. RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES

These procedures do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the Minnesota Department of Human Rights or another state or federal agency, initiating civil action, or seeking redress under

state criminal statutes and/or federal law.

414 MANDATED REPORTING OF CHILD NEGLECT OR PHYSICAL OR SEXUAL ABUSE

I. PURPOSE

The purpose of this policy is to make clear the statutory requirements of school personnel to report suspected child neglect or physical or sexual abuse.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to fully comply with Minnesota Statutes chapter 260E requiring school personnel to report suspected child neglect or physical or sexual abuse.
- B. A violation of this policy occurs when any school personnel fails to immediately report instances of child neglect or physical or sexual abuse when the school personnel knows or has reason to believe a child is being neglected or physically or sexually abused or has been neglected or physically or sexually abused within the preceding three years.

III. DEFINITIONS

- A. “Accidental” means a sudden, not reasonably foreseeable, and unexpected occurrence or event that:
 - 1. is not likely to occur and could not have been prevented by exercise of due care; and
 - 2. if occurring while a child is receiving services from a facility, happens when the facility and the employee or person providing services in the facility are in compliance with the laws and rules relevant to the occurrence of event.
- B. “Child” means one under age 18 and, for purposes of Minnesota Statutes chapter 260C (Juvenile Safety and Placement) and Minnesota Statutes chapter 260D (Child in Voluntary Foster Care for Treatment), includes an individual under age 21 who is in foster care pursuant to Minnesota Statutes chapter 260C.451 (Foster Care Benefits Past Age 18).
- C. “Immediately” means as soon as possible but in no event longer than 24 hours.
- D. “Mandated reporter” means any school personnel who knows or has reason to believe a child is being maltreated or has maltreated within the preceding three

years.

- E. “Mental injury” means an injury to the psychological capacity or emotional stability of a child as evidenced by an observable or substantial impairment in the child’s ability to function within a normal range of performance and behavior with due regard to the child’s culture.
- F. “Neglect” means the commission or omission of any of the acts specified below, other than by accidental means:
 - 1. failure by a person responsible for a child’s care to supply a child with necessary food, clothing, shelter, health, medical, or other care required for the child’s physical or mental health when reasonably able to do so;
 - 2. failure to protect a child from conditions or actions that seriously endanger the child’s physical or mental health when reasonably able to do so, including a growth delay, which may be referred to as a failure to thrive, that has been diagnosed by a physician and is due to parental neglect;
 - 3. failure to provide for necessary supervision or child care arrangements appropriate for a child after considering factors as the child’s age, mental ability, physical condition, length of absence, or environment, when the child is unable to care for the child’s own basic needs or safety, or the basic needs or safety of another child in his or her care;
 - 4. failure to ensure that a child is educated in accordance with state law, which does not include a parent’s refusal to provide his or her child with sympathomimetic medications;
 - 5. prenatal exposure to a controlled substance as defined in state law used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in the child at birth, results of a toxicology test performed on the mother at delivery or the child’s birth, medical effects or developmental delays during the child’s first year of life that medically indicate prenatal exposure to a controlled substance, or the presence of a fetal alcohol spectrum disorder;
 - 6. medical neglect as defined by Minnesota Statutes section 260C.007, subdivision. 6, clause (5);
 - 7. chronic and severe use of alcohol or a controlled substance by a person responsible for the care of the child that adversely affects the child’s basic needs and safety; or
 - 8. emotional harm from a pattern of behavior that contributes to impaired emotional functioning of the child, which may be demonstrated by a substantial and observable effect in the child’s behavior, emotional

response, or cognition that is not within the normal range for the child's age and stage of development, with due regard to the child's culture.

Neglect does not occur solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child in lieu of medical care.

- G. "Nonmaltreatment mistake" occurs when: (1) at the time of the incident, the individual was performing duties identified in the center's child care program plan required under Minnesota Rules part 9503.0045; (2) the individual has not been determined responsible for a similar incident that resulted in a finding of maltreatment for at least seven years; (3) the individual has not been determined to have committed a similar nonmaltreatment mistake under this paragraph for at least four years; (4) any injury to a child resulting from the incident, if treated, is treated only with remedies that are available over the counter, whether ordered by a medical professional or not; and (5) except for the period when the incident occurred, the facility and the individual providing services were both in compliance with all licensing requirements relevant to the incident. This definition only applies to child care centers licensed under Minnesota Rules chapter 9503.
- H. "Person responsible for the child's care" means (1) an individual functioning within the family unit and having responsibilities for the care of the child such as a parent, guardian, or other person having similar care responsibilities, or (2) an individual functioning outside the family unit and having responsibilities for the care of the child such as a teacher, school administrator, other school employee or agent, or other lawful custodian of a child having either full-time or short-term care responsibilities including, but not limited to, day care, babysitting whether paid or unpaid, counseling, teaching, and coaching.
- I. "Physical abuse" means any physical injury, mental injury (under subdivision 13), or threatened injury (under subdivision 23), inflicted by a person responsible for the child's care on a child other than by accidental means; or any physical or mental injury that cannot reasonably be explained by the child's history of injuries, or any aversive or deprivation procedures, or regulated interventions, that have not been authorized by Minnesota Statutes section 125A.0942 or 245.825.

Abuse does not include reasonable and moderate physical discipline of a child administered by a parent or legal guardian that does not result in an injury. Abuse does not include the use of reasonable force by a teacher, principal, or school employee as allowed by Minnesota Statutes section 121A.582.

Actions that are not reasonable and moderate include, but are not limited to, any of the following: (1) throwing, kicking, burning, biting, or cutting a child; (2) striking a child with a closed fist; (3) shaking a child under age three; (4) striking or other actions that result in any nonaccidental injury to a child under 18 months of age; (5) unreasonable interference with a child's breathing; (6) threatening a child with a weapon, as defined in Minnesota Statutes section 609.02, subdivision 6; (7)

striking a child under age one on the face or head; (8) striking a child who is at least age one but under age four on the face or head, which results in an injury; (9) purposely giving a child poison, alcohol, or dangerous, harmful, or controlled substances that were not prescribed for the child by a practitioner, in order to control or punish the child, or other substances that substantially affect the child's behavior, motor coordination, or judgment, or that result in sickness or internal injury, or that subject the child to medical procedures that would be unnecessary if the child were not exposed to the substances; (10) unreasonable physical confinement or restraint not permitted under Minnesota Statutes section 609.379, including, but not limited to, tying, caging, or chaining; or (11) in a school facility or school zone, an act by a person responsible for the child's care that is a violation under Minnesota Statutes section 121A.58.

- J. "Report" means any communication received by the local welfare agency, police department, county sheriff, or agency responsible for child protection pursuant to this section that describes maltreatment of a child and contains sufficient content to identify the child and any person believed to be responsible for the maltreatment, if known.
- K. "School personnel" means professional employee or professional's delegate of the school district who provides health, educational, social, psychological, law enforcement, or child care services.
- L. "Sexual abuse" means the subjection of a child by a person responsible for the child's care, by a person who has a significant relationship to the child (as defined in Minnesota Statutes section 609.341, subdivision 15), or by a person in a current or recent position of authority (as defined in Minnesota Statutes section 609.341, subdivision 10) to any act which constitutes a violation of Minnesota statutes prohibiting criminal sexual conduct. Such acts include sexual penetration, sexual contact, solicitation of children to engage in sexual conduct, and communication of sexually explicit materials to children. Sexual abuse also includes any act involving a minor that constitutes a violation of Minnesota statutes prohibiting prostitution or use of a minor in a sexual performance. Sexual abuse includes all reports of known or suspected child sex trafficking involving a child who is identified as a victim of sex trafficking. - M. "Threatened injury" means a statement, overt act, condition, or status that represents a substantial risk of physical or sexual abuse or mental injury. Threatened injury includes, but is not limited to, exposing a child to a person responsible for the child's care who has (1) subjected the child to, or failed to protect a child from, an overt act or condition that constitutes egregious harm; (2) been found to be palpably unfit; (3) committed an act that resulted in an involuntary termination of parental rights; (4), or committed an act that resulted in the involuntary transfer of permanent legal and physical custody of a child to a relative.

IV. REPORTING PROCEDURES

- B. A mandated reporter shall immediately report the information to the local welfare agency, agency responsible for assessing or investigating the report, police department, county sheriff, tribal social services agency, or tribal police department. The reporter will include his or her name and address in the report.
- B. An oral report shall be made immediately by telephone or otherwise. The oral report shall be followed by a written report within 72 hours (exclusive of weekends and holidays) to the appropriate police department, the county sheriff, local welfare agency, or agency responsible for assessing or investigating the report. Any report shall be of sufficient content to identify the child, any person believed to be responsible for the maltreatment of the child if the person is known, the nature and extent of the maltreatment, and the name and address of the reporter.
- C. Regardless of whether a report is made, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident has occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.
- D. A mandated reporter who knows or has reason to know of the deprivation of custodial or parental rights or the kidnapping of a child shall report the information to the local police department or the county sheriff.
- E. With the exception of a health care professional or a social service professional who is providing the woman with prenatal care or other health care services, a mandated reporter shall immediately report to the local welfare agency if the person knows or has reason to believe that a woman is pregnant and has used a controlled substance for a nonmedical purpose during the pregnancy, including, but not limited to, tetrahydrocannabinol, or has consumed alcoholic beverages during the pregnancy in any way that is habitual or excessive.
- F. A person mandated by Minnesota law and this policy to report who fails to report may be subject to criminal penalties and/or discipline, up to and including termination of employment.
- G. An employer of a mandated reporter shall not retaliate against the person for reporting in good faith maltreatment against a child with respect to whom a report is made, because of the report.
- H. Any person who knowingly or recklessly makes a false report under the provisions of applicable Minnesota law or this policy shall be liable in a civil suit for any actual damages suffered by the person or persons so reported and for any punitive damages set by the court or jury, plus costs and reasonable attorney fees.

Knowingly or recklessly making a false report also may result in discipline.

[Note: The Minnesota Department of Education (MDE) is responsible for assessing or investigating allegations of child maltreatment in schools. Although a report may be made to any of the agencies listed in Section IV. A., above, and there is no requirement to file more than one report, if the initial report is not made to MDE, it would be helpful to MDE if schools also report to MDE.]

V. INVESTIGATION

- A. The responsibility for assessing or investigating reports of suspected maltreatment rests with the appropriate state, county, or local agency or agencies. The agency responsible for assessing or investigating reports of maltreatment has the authority to interview the child, the person or persons responsible for the child's care, the alleged offender, and any other person with knowledge of the maltreatment for the purpose of gathering facts, assessing safety and risk to the child, and formulating a plan. The investigating agency may interview the child at school. The interview may take place outside the presence of the alleged offender or parent, legal guardian, or school official. The investigating agency, not the school, is responsible for either notifying or withholding notification of the interview to the parent, guardian, or person responsible for the child's care. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded.
- B. When the investigating agency determines that an interview should take place on school property, written notification of intent to interview the child on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property.
- C. Except where the alleged offender is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable, and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Every effort must be made to reduce the disruption of the educational program of the child, other students, or school employees when an interview is conducted on school premises.
- D. Where the alleged offender is believed to be a school official or employee, the school district shall conduct its own investigation independent of MDE and, if involved, the local welfare or law enforcement agency.

- E. Upon request by MDE, the school district shall provide all requested data that are relevant to a report of maltreatment and are in the possession of a school facility, pursuant to an assessment or investigation of a maltreatment report of a student in school. The school district shall provide the requested data in accordance with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13, and the Family Educational Rights and Privacy Act, 20 United States Code section 1232g.

VI. MAINTENANCE OF SCHOOL RECORDS CONCERNING ABUSE OR POTENTIAL ABUSE

- A. When a local welfare or local law enforcement agency determines that a potentially abused or abused child should be interviewed on school property, written notification of the agency's intent to interview on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct the interview. The notification shall be private data. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notice or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation has been concluded.
- B. All records regarding a report of maltreatment, including any notification of intent to interview which was received by the school as described above in Paragraph A., shall be destroyed by the school only when ordered by the agency conducting the investigation or by a court of competent jurisdiction.

VII. PHYSICAL OR SEXUAL ABUSE AS SEXUAL HARASSMENT OR VIOLENCE

Under certain circumstances, alleged physical or sexual abuse may also be sexual harassment or violence under Minnesota law. If so, the duties relating to the reporting and investigation of such harassment or violence may be applicable.

VIII. DISSEMINATION OF POLICY AND TRAINING

- A. This policy shall appear in school personnel handbooks.
- B. The school district will develop a method of discussing this policy with school personnel.
- C. This policy shall be reviewed at least annually for compliance with state law.

- C. The report shall, to the extent possible, identify the vulnerable adult, the caregiver, the nature and extent of the suspected maltreatment, any evidence of previous maltreatment, the name and address of the reporter, the time, date, and location of the incident, and any other information that the reporter believes might be helpful in investigating the suspected abuse or neglect. CONSENT TO SCHOOL DISTRICT CONDUCT
OF CLEARINGHOUSE FULL QUERY**

Before employing a driver subject to controlled substances and alcohol testing, the school district must conduct a full pre-employment query of the federal Commercial Driver’s License (CDL) Drug and Alcohol Clearinghouse (“Clearinghouse”) to obtain information about whether the driver

- (1) has a verified positive, adulterated, or substituted controlled substances test result;
- (2) has an alcohol confirmation test with a concentration of 0.04 or higher;
- (3) has refused to submit to a test in violation of federal law; or
- (4) that an employer has reported actual knowledge that the driver used alcohol on duty, before duty, or following an accident in violation of federal law or used a controlled substance in violation of federal law.

The applicant must give specific written or electronic consent for the school district to conduct the Clearinghouse full query. The school district shall retain the consent for three (3) years from the date of the query.

I consent to the school district's conduct of a Clearinghouse full query.

REFUSAL TO SUBMIT TO TESTING

I hereby refuse to submit to drug/alcohol testing by doing the following:

- Failing to appear for any test within a reasonable time, as determined by the school district, consistent with applicable DOT regulations, after being directed to do so;
- Failing to remain at the testing site until the testing process is complete;
- Failing to provide a urine specimen or an adequate amount of saliva or breath for any DOT drug or alcohol test;
- Failing to permit the observation or monitoring of any provision of a specimen in the case of a directly observed or monitored collection in a drug test;
- Failing to provide a sufficient breath specimen or sufficient amount of urine when directed and it has been determined that there was no adequate medical explanation for the failure;
- Failing or declining to take a second test as directed;
- Failing to undergo a medical examination or evaluation, as directed by the Medical Review Officer (MRO) or the Designated Employer Representative (DER);
- Failing to cooperate with any part of the testing process (e.g., refusing to empty pockets when so directed by the collector, behaving in a confrontational way that disrupts the collection process, failing to wash hands after being directed to do so by the collector, failing to sign the certification on the form);

- Failing to follow the observer’s instructions, in an observed collection, to raise the driver’s clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if the driver has any type of prosthetic or other device that could be used to interfere with the collection process;
- Possessing or wearing a prosthetic or other device that could be used to interfere with the collection process;
- Admitting to the collector or MRO that the driver adulterated or substituted the specimen; or
- Having a verified adulterated or substituted test as reported by the MRO.

[An applicant who fails to appear for a preemployment test, who leaves the testing site before the preemployment testing process commences, or who does not provide a urine specimen because he or she left before it commences, is not deemed to have refused to submit to testing.]

I recognize that my refusal subjects me to the consequences specified in federal law and regulations. It also constitutes a presumption of a positive result. I further recognize that if I am an applicant, I will be disqualified from consideration for the conditionally-offered position. If I am an employee, I will not be permitted to perform safety-sensitive functions, and will be considered insubordinate and subject to disciplinary action, up to and including dismissal. If the school district offers me an opportunity to return to a DOT safety-sensitive function, I understand I will be evaluated by a substance abuse professional, and will be required to submit to a return-to-duty test prior to being considered for reassignment to safety-sensitive functions.

You have the right to request and receive from the school district a copy of the test result on any drug or alcohol test or cannabis test.

Right to Explain Positive Test Result:

In the case of a positive test result on a confirmatory test, you have the right to explain the results. You may, within three (3) working days after notice of a positive test result on a confirmatory test, submit information to the school district, in addition to any information already submitted, to explain that result. Attached to this Notice is a document entitled "Explanation of Positive Test Result" for this purpose.

Right to Request Confirmatory Retests:

In the case of a positive test result on a confirmatory test, you have the right to request a confirmatory retest of the original sample at your own expense.

Within five (5) working days after notice of the confirmatory test result, you must notify the school district in writing of your intention to obtain a confirmatory retest.

Within three (3) working days after receipt of the notice, the school district shall notify the original testing laboratory that you have requested the laboratory to conduct the confirmatory retest or to transfer the sample to another laboratory licensed under Minn. Stat. § 181.953, Subd. 1 to conduct the confirmatory retest. The original testing laboratory shall ensure that appropriate chain-of-custody procedures are followed during transfer of the sample to the other laboratory. The confirmatory retest must use the same drug, alcohol, or cannabis threshold detection levels as used in the original confirmatory test. If the confirmatory retest does not confirm the original positive test result, no adverse personnel action based on the original confirmatory test may be taken against you.

Other Rights:

In the case of a positive test result on a confirmatory test, you may have other rights provided under the sections detailed below.

A. Employee Discharge and Discipline

1. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee whose position does not require a commercial driver's license on the basis of a positive test result from an initial screening test that has not been verified by a confirmatory test.

In the case of a positive test result on a confirmatory test, the employee shall be subject to discipline which includes, but is not limited to, immediate suspension without pay and immediate discharge, pursuant to the provisions of this policy.

2. The school district may not discharge an employee whose position does not require a commercial driver's license for whom a positive test result on a confirmatory test was the first such result for the employee on a drug or alcohol test requested by the school district, unless the following conditions have been met:

- a. The school district has first given the employee an opportunity to participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug or alcohol or cannabis counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with a certified chemical use counselor or a physician trained in the diagnosis and treatment of chemical dependency; and
 - b. The employee has either refused to participate in the counseling or rehabilitation program or has failed to successfully complete the program, as evidenced by withdrawal from the program before its completion or by a positive test result on a confirmatory test after completion of the program.
3. Notwithstanding Paragraph 1., the school district may temporarily suspend the tested employee or transfer that employee to another position at the same rate of pay pending the outcome of the confirmatory test and, if requested, the confirmatory retest, provided the school district believes that it is reasonably necessary to protect the health or safety of the employee, co-employees or the public. An employee who has been suspended without pay must be reinstated with back pay if the outcome of the confirmatory test or requested confirmatory retest is negative.
4. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of medical history information revealed to the school district, unless the employee was under an affirmative duty to provide the information before, upon, or after hire.
5. An employee must be given access to information in the employee's personnel file relating to positive test result reports and other information acquired in the drug and alcohol testing or cannabis testing process and conclusions drawn from and actions taken based on the reports or other acquired information.

B. Withdrawal of Applicant's Job Offer

If a job applicant for a position that does not require a commercial driver's license has received a job offer made contingent on the applicant passing drug, alcohol, and/or cannabis testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the case of a positive test result on a confirmatory test, the school district may withdraw the job offer.

The school board further recognizes the important contribution that the public schools have in shaping the youth of today into the adults of tomorrow.
- B. The school board believes that a work environment free of drug, alcohol, and cannabis use will be not only safer, healthier, and more productive but also more conducive to effective learning. To provide such an environment, the purpose of this policy is to provide authority so that the school board may require all employees and/or job applicants to submit to drug, alcohol, and cannabis testing in accordance with the provisions of this policy and as provided in federal law and Minnesota Statutes, sections 181.950-181.957.

II. GENERAL STATEMENT OF POLICY

- A. All school district employees and job applicants whose positions require a commercial driver's license will be required to undergo drug and alcohol testing and cannabis testing in accordance with federal law and the applicable provisions of this policy. The school district also may request or require that drivers submit to drug and alcohol testing and cannabis testing in accordance with the provisions of this policy and as provided in Minnesota Statutes, sections 181.950-181.957.
- B. The school district may request or require that any school district employee or job applicant, other than an employee or applicant whose position requires a commercial driver's license, submit to drug and alcohol testing and cannabis testing in accordance with the provisions of this policy and as provided in Minnesota Statutes, sections 181.950-181.957.
- C. The use, possession, sale, purchase, transfer, or dispensing of any drugs not medically prescribed, including medical cannabis, whether or not it has been prescribed for the employee, is prohibited on school district property (which includes school district vehicles), while operating school district vehicles or equipment, and at any school-sponsored program or event. Use of drugs that are not medically prescribed, including medical cannabis, whether or not it has been prescribed for the employee, is also prohibited throughout the school or work day, including lunch or other breaks, whether or not the employee is on or off school district property. Employees under the influence of drugs that are not medically prescribed are prohibited from entering or remaining on school district property.

- D. The use, possession, sale, purchase, transfer, or dispensing of alcohol or cannabis is prohibited on school district property (which includes school district vehicles), while operating school district vehicles or equipment, and at any school-sponsored program or event. Use of alcohol or cannabis is also prohibited throughout the school or work day, including lunch or other breaks, whether or not the employee is on or off school district property. Employees under the influence of alcohol or cannabis are prohibited from entering or remaining on school district property.
- E. Any employee who violates this section shall be subject to discipline that includes, but is not limited to, immediate suspension without pay and immediate discharge.
- F. The school district may discipline, discharge, or take other adverse personnel action against an employee for cannabis flower, cannabis product, lower-potency hemp edible, or hemp-derived consumer product use, possession, impairment, sale, or transfer while an employee is working, on school district premises, or operating a school district vehicle, machinery, or equipment as follows:
 - 1. if, as the result of consuming cannabis flower, a cannabis product, a lower-potency hemp edible, or a hemp-derived consumer product, the employee does not possess that clearness of intellect and control of self that the employee otherwise would have;
 - 2. if cannabis testing verifies the presence of cannabis flower, a cannabis product, a lower-potency hemp edible, or a hemp-derived consumer product following a confirmatory test;
 - 3. as provided in the school district's written work rules for cannabis flower, cannabis products, lower-potency hemp edibles, or hemp-derived consumer products and cannabis testing, provided that the rules are in writing and in a written policy that contains the minimum information required by section 181.952; or
 - 4. as otherwise authorized or required under state or federal law or regulations, or if a failure to do so would cause the school district to lose a monetary or licensing-related benefit under federal law or regulations.

III. FEDERALLY MANDATED DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS

A. General Statement of Policy

All persons subject to commercial driver's license requirements shall be tested for alcohol, cannabis (including medical cannabis), cocaine, amphetamines, opiates (including heroin), and phencyclidine (PCP), pursuant to federal law. Drivers who test positive for alcohol or drugs shall be subject to disciplinary action, which may include termination of employment.

B. Definitions

1. “Actual Knowledge” means actual knowledge by the school district that a driver has used alcohol or controlled substances based on: (a) direct observation of the employee’s use (not observation of behavior sufficient to warrant reasonable suspicion testing); (b) information provided by a previous employer; (c) a traffic citation; or (d) an employee’s admission, except when made in connection with a qualified employee self-admission program.
2. “Alcohol Screening Device” (ASD) means a breath or saliva device, other than an Evidential Breath Testing Device (EBT), that is approved by the National Highway Traffic Safety Administration and placed on its Conforming Products List for such devices.
3. “Breath Alcohol Technician” (BAT) means an individual who instructs and assists individuals in the alcohol testing process and who operates the EBT.
4. “Commercial Motor Vehicle” (CMV) includes a vehicle that is designed to transport 16 or more passengers, including the driver.
5. “Designated Employer Representative” (DER) means an employee authorized by the school district to take immediate action to remove employees from safety-sensitive duties, or cause employees to be removed from these covered duties, and to make required decisions in the testing and evaluation process. The DER receives test results and other communications for the school district.
6. “Department of Transportation” (DOT) means United States Department of Transportation.
7. “Direct Observation” means observation of alcohol or controlled substances use and does not include observation of employee behavior or physical characteristics sufficient to warrant reasonable suspicion testing.
8. “Driver” is any person who operates a CMV, including full-time, regularly employed drivers, casual, intermittent, or occasional drivers, leased drivers, and independent owner-operator contractors.
9. “Evidential Breath Testing Device” (EBT) means a device approved by the National Highway Traffic Safety Administration for the evidentiary testing of breath for alcohol concentration and placed on its Conforming Products List for such devices.

12. “Refusal to Submit” (to an alcohol or controlled substances test) means that a driver: (a) fails to appear for any test within a reasonable time, as determined by the school district, consistent with applicable DOT regulations, after being directed to do so; (b) fails to remain at the testing site until the testing process is complete; (c) fails to provide a urine specimen or an adequate amount of saliva or breath for any DOT drug or alcohol test; (d) fails to permit the observation or monitoring of the driver’s provision of a specimen in the case of a directly observed or monitored collection in a drug test; (e) fails to provide a sufficient breath specimen or sufficient amount of urine when directed and a determination has been made that no adequate medical explanation for the failure exists; (f) fails or declines to take an additional test as directed by the school district or the collector; (g) fails to undergo a medical examination or evaluation, as directed by the MRO or the DER; (h) fails to cooperate with any part of the testing process (e.g., refuses to empty pockets when so directed by the collector, behaves in a confrontational way that disrupts the collection process, fails to wash hands after being directed to do so by the collector, fails to sign the certification on the forms); (i) fails to follow the observer’s instructions, in an observed collection, to raise the driver’s clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if the driver has any type of prosthetic or other device that could be used to interfere with the collection process; (j) possesses or wears a prosthetic or other device that could be used to interfere with the collection process; (k) admits to the collector or MRO that the driver adulterated or substituted the specimen; or (l) is reported by the MRO as having a verified adulterated or substituted test result. An applicant who fails to appear for a pre-employment test, who leaves the testing site before the pre-employment testing process commences, or who does not provide a urine specimen because he or she has left before it commences is not deemed to have refused to submit to testing.
13. “Safety-Sensitive Functions” are on-duty functions from the time the driver begins work or is required to be in readiness to work until relieved from work and all responsibility for performing work, and include such functions as driving, loading and unloading vehicles, or supervising or assisting in the loading or unloading of vehicles, servicing, repairing, obtaining assistance to repair, or remaining in attendance during the repair of a disabled vehicle.

15. “Stand Down” means the practice of temporarily removing an employee

16. “Substance Abuse Professional” (SAP) means a qualified person who evaluates employees who have violated a DOT drug and alcohol regulation and makes recommendations concerning education, treatment, follow-up testing, and aftercare.

C. Policy and Educational Materials

1. The school district shall provide a copy of this policy and procedures to each driver prior to the start of its alcohol and drug testing program and to each driver subsequently hired or transferred into a position requiring driving of a CMV.
2. The school district shall provide to each driver information required under Title 49 of the Code of Federal Regulations, including information concerning the effects of alcohol and controlled substances use on an individual’s health, work, and personal life; signs and symptoms of an alcohol or controlled substance problem (the driver’s or a coworker’s); and available methods of intervening when an alcohol or controlled substance problem is suspected, including confrontation, referral to an employee assistance program, and/or referral to management.
3. The school district shall provide written notice to representatives of employee organizations that the information described above is available.
4. The school district shall require each driver to sign a statement certifying that the driver received a copy of the policy and materials. This statement should be in the form of Attachment A to this policy. The school district will maintain the original signed certificate and will provide a copy to the driver if the driver so requests.

D. Alcohol and Controlled Substances Testing Program Manager

1. The program manager will coordinate the implementation, direction, and administration of the alcohol and controlled substances testing policy for bus drivers. The program manager is the principal contact for the collection site, the testing laboratory, the MRO, the BAT, the SAP, and the person submitting to the test. Employee questions concerning this policy shall be directed to the program manager.
2. The school district shall designate a program manager and provide written notice of the designation to each driver along with this policy.

E. Specific Prohibitions for Drivers

1. Alcohol Concentration. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater. Drivers who test greater than 0.04 will be taken out of service and will be subject to evaluation by a professional and retesting at the driver's expense.
2. Alcohol Possession. No driver shall be on duty or operate a CMV while the driver possesses alcohol.
3. On-Duty Use. No driver shall use alcohol while performing safety-sensitive functions.
4. Pre-Duty Use. No driver shall perform safety-sensitive functions within four (4) hours after using alcohol.
5. Use Following an Accident. No driver required to take a post-accident test shall use alcohol for eight (8) hours following the accident, or until the driver undergoes a post-accident alcohol test, whichever occurs first.
6. Refusal to Submit to a Required Test. No driver shall refuse to submit to an alcohol or controlled substances test required by post-accident, random, reasonable suspicion, return-to-duty, or follow-up testing requirements. A verified adulterated or substituted drug test shall be considered a refusal to test.
7. Use of Controlled Substances. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, except when the use is pursuant to instructions (which have been presented to the school district) from a licensed medical practitioner who is familiar with the driver's medical history and has advised the driver that the substance does not adversely affect the driver's ability to safely operate a CMV. Controlled substance includes medical cannabis, regardless of whether the driver is enrolled in the state registry program.
8. Positive, Adulterated, or Substituted Test for Controlled Substance. No driver shall report for duty, remain on duty, or perform a safety-sensitive function if the driver tests positive for controlled substances, including medical cannabis, or has adulterated or substituted a test specimen for controlled substances.
9. General Prohibition. Drivers are also subject to the general policies and procedures of the school district that prohibit possession, transfer, sale, exchange, reporting to work under the influence of drugs or alcohol, and consumption of drugs or alcohol while at work or while on school district premises or operating any school district vehicle, machinery, or equipment.

F. Other Alcohol-Related Conduct

No driver found to have an alcohol concentration of 0.02 or greater but less than 0.04 shall perform safety-sensitive functions for at least twenty-four (24) hours following administration of the test. The school district will not take any action under this policy other than removal from safety-sensitive functions based solely on test results showing an alcohol concentration of less than 0.04 but may take action otherwise consistent with law and the policies of the school district.

G. Prescription Drugs/Cannabinoid Products

A driver shall inform the driver's supervisor if at any time the driver is using a controlled substance pursuant to a physician's prescription. The physician's instructions shall be presented to the school district upon request. Use of a prescription drug shall be allowed if the physician has advised the driver that the prescribed drug will not adversely affect the driver's ability to safely operate a CMV. Use of medical cannabis is prohibited notwithstanding the driver's enrollment in the patient registry. Use of nonintoxicating cannabinoids or edible cannabinoid products is not a legitimate medical explanation for a confirmed positive test result for cannabis. MROs will verify a drug test confirmed as positive, even if a driver claims to have only used nonintoxicating cannabinoids or edible cannabinoid product.

H. Testing Requirements

1. Pre-Employment Testing

- a. A driver applicant shall undergo testing for [alcohol and] controlled substances, including medical cannabis, before the first time the driver performs safety-sensitive functions for the school district.
- b. Tests shall be conducted only after the applicant has received a conditional offer of employment.
- c. To be hired, the applicant must test negative and must sign an agreement in the form of Attachment B to this policy, authorizing former employers to release to the school district all information on the applicant's alcohol tests with results of blood alcohol concentration of 0.04 or higher, or verified positive results for controlled substances, including medical cannabis, or refusals to be tested (including verified adulterated or substituted drug test results), or any other violations of DOT agency drug and alcohol testing regulations, or, if the applicant violated the testing regulations, documentation of the applicant's successful completion of DOT return-to-duty requirements (including follow-up tests), within the preceding two (2) years.

- d. The applicant also must be asked whether he or she has tested positive, or refused to test, on any pre-employment drug or alcohol test administered by an employer to which the employee, during the last two (2) years, applied for, but did not obtain, safety-sensitive transportation work covered by DOT testing rules.
- e. Before employing a driver subject to controlled substances and alcohol testing, the school district must conduct a full pre-employment query of the federal Commercial Driver's License (CDL) Drug and Alcohol Clearinghouse ("Clearinghouse") to obtain information about whether the driver (1) has a verified positive, adulterated, or substituted controlled substances test result; (2) has an alcohol confirmation test with a concentration of 0.04 or higher; (3) has refused to submit to a test in violation of federal law; or (4) that an employer has reported actual knowledge that the driver used alcohol on duty, before duty, or following an accident in violation of federal law or used a controlled substance in violation of federal law. The applicant must give specific written or electronic consent for the school district to conduct the Clearinghouse full query (see Attachment C to this policy). The school district shall retain the consent for three (3) years from the date of the query.

2. Post-Accident Testing

- a. As soon as practicable following an accident involving a CMV, the school district shall test the driver for alcohol and controlled substances, including medical cannabis, if the accident involved the loss of human life or if the driver receives a citation for a moving traffic violation arising from an accident which results in bodily injury or disabling damage to a motor vehicle.
- b. Drivers should be tested for alcohol use within two (2) hours and no later than eight (8) hours after the accident.
- c. Drivers should be tested for controlled substances, including medical cannabis, no later than thirty-two (32) hours after the accident.
- d. A driver subject to post-accident testing must remain available for testing, or shall be considered to have refused to submit to the test.
- e. If a post-accident alcohol test is not administered within two (2) hours following the accident, the school district shall prepare and maintain on file a record stating the reasons the test was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours.
- f. If a post-accident alcohol test is not administered within eight (8)

hours following the accident or a post-accident controlled substances test is not administered within thirty-two (32) hours following the accident, the school district shall cease attempts to administer the test, and prepare and maintain on file a record stating the reasons for not administering the test.

- g. The school district shall report drug and alcohol program violations to the Clearinghouse as required under federal law.

3. Random Testing

- a. The school district shall conduct tests on a random basis at unannounced times throughout the year, as required by the federal regulations.
- b. The school district shall test for alcohol at a minimum annual percentage rate of 10% of the average number of driver positions, and for controlled substances, including medical cannabis, at a minimum annual percentage of 50%.
- c. The school district shall adopt a scientifically valid method for selecting drivers for testing, such as random number table or a computer-based random number generator that is matched with identifying numbers of the drivers. Each driver shall have an equal chance of being tested each time selections are made. Each driver selected for testing shall be tested during the selection period.
- d. Random tests shall be unannounced. Dates for administering random tests shall be spread reasonably throughout the calendar year.
- e. Drivers shall proceed immediately to the collection site upon notification of selection; provided, however, that if the driver is performing a safety-sensitive function, other than driving, at the time of notification, the driver shall cease to perform the function and proceed to the collection site as soon as possible.

4. Reasonable Suspicion Testing

- a. The school district shall require a driver to submit to an alcohol test and/or controlled substances, including medical cannabis, test when a supervisor or school district official, who has been trained in accordance with the regulations, has reasonable suspicion to believe that the driver has used alcohol and/or controlled substances, including medical cannabis, on duty, within four (4) hours before coming on duty, or just after the period of the work day. The test shall be done as soon as practicable following the observation of the behavior indicative of the use of controlled substances or alcohol.

- b. The reasonable suspicion determination must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odors. The required observations for reasonable suspicion of a controlled substances violation may include indications of the chronic and withdrawal effects of controlled substances.
 - c. Alcohol testing shall be administered within two (2) hours following a determination of reasonable suspicion. If it is not done within two (2) hours, the school district shall prepare and maintain a record explaining why it was not promptly administered and continue to attempt to administer the alcohol test within eight (8) hours. If an alcohol test is not administered within eight (8) hours following the determination of reasonable suspicion, the school district shall cease attempts to administer the test and state in the record the reasons for not administering the test.
 - d. The supervisor or school district official who makes observations leading to a controlled substances reasonable suspicion test shall make and sign a written record of the observations within twenty-four (24) hours of the observed behavior or before the results of the drug test are released, whichever is earlier.
5. Return-To-Duty Testing. A driver found to have violated this policy shall not return to work until an SAP has determined the employee has successfully complied with prescribed education and/or treatment and until undergoing return-to-duty tests indicating an alcohol concentration of less than 0.02 and a confirmed negative result for the use of controlled substances. The school district is not required to return a driver to safety-sensitive duties because the driver has met these conditions; this is a personnel decision subject to collective bargaining agreements or other legal requirements.
6. Follow-Up Testing. When an SAP has determined that a driver is in need of assistance in resolving problems with alcohol and/or controlled substances, the driver shall be subject to unannounced follow-up testing as directed by the SAP for up to sixty (60) months after completing a treatment program.
7. Refusal to Submit and Attendant Consequences
- a. A driver or driver applicant may refuse to submit to drug and alcohol testing.
 - b. Refusal to submit to a required drug or alcohol test subjects the driver or driver applicant to the consequences specified in federal regulations as well as the civil and/or criminal penalty provisions of

49 United States Code section 521(b). In addition, a refusal to submit to testing establishes a presumption that the driver or driver applicant would test positive if a test were conducted and makes the driver or driver applicant subject to discipline or disqualification under this policy.

- c. A driver applicant who refuses to submit to testing shall be disqualified from further consideration for the conditionally offered position.
- d. An employee who refuses to submit to testing shall not be permitted to perform safety-sensitive functions and will be considered insubordinate and subject to disciplinary action, up to and including dismissal. If an employee is offered an opportunity to return to a DOT safety-sensitive duty, the employee will be evaluated by an SAP and must submit to a return-to-duty test prior to being considered for reassignment to safety-sensitive functions.
- e. Drivers or driver applicants who refuse to submit to required testing will be required to sign Attachment D to this policy.

I. Testing Procedures

1. Drug Testing

- a. Drug testing is conducted by analyzing a donor's urine specimen. Split urine samples will be collected in accordance with federal regulations. The donor will provide a urine sample at a designated collection site. The collection site personnel will then pour the sample into two sample bottles, labeled "primary" and "split," seal the specimen bottles, complete the chain of custody form, and prepare the specimen bottles for shipment to the testing laboratory for analysis. The specimen preparation shall be conducted in sight of the donor.
- b. If the donor is unable to provide the appropriate quantity of urine, the collection site person shall instruct the individual to drink up to forty (40) ounces of fluid distributed reasonably through a period of up to three (3) hours to attempt to provide a sample. If the individual is still unable to provide a complete sample, the test shall be discontinued and the school district notified. The DER shall refer the donor for a medical evaluation to determine if the donor's inability to provide a specimen is genuine or constitutes a refusal to test. For pre-employment testing, the school district may elect to not have a referral made, and revoke the employment offer.
- c. Drug test results are reported directly to the MRO by the testing laboratory. The MRO reports the results to the DER. If the results

are negative, the school district is informed and no further action is necessary. If the test result is confirmed positive, adulterated, substituted, or invalid, the MRO shall give the donor an opportunity to discuss the test result. The MRO will contact the donor directly, on a confidential basis, to determine whether the donor wishes to discuss the test result. The MRO shall notify each donor that the donor has seventy-two (72) hours from the time of notification in which to request a test of the split specimen at the donor's expense. No split specimen testing is done for an invalid result.

- d. If the donor requests an analysis of the split specimen within seventy-two (72) hours of having been informed of a confirmed positive test, the MRO shall direct, in writing, the laboratory to provide the split specimen to another Department of Health and Human Services – SAMHSA certified laboratory for analysis. If the donor has not contacted the MRO within seventy-two (72) hours, the donor may present the MRO information documenting that serious illness, injury, inability to contact the MRO, lack of actual notice of the confirmed positive test, or other circumstances unavoidably prevented the donor from timely making contact. If the MRO concludes that a legitimate explanation for the donor's failure to contact him/her within seventy-two (72) hours exists, the MRO shall direct the analysis of the split specimen. The MRO will review the confirmed positive test result to determine whether an acceptable medical reason for the positive result exists. The MRO shall confirm and report a positive test result to the DER and the employee when no legitimate medical reason for a positive test result as received from the testing laboratory exists.
- e. If, after making reasonable efforts and documenting those efforts, the MRO is unable to reach the donor directly, the MRO must contact the DER who will direct the donor to contact the MRO. If the DER is unable to contact the donor, the donor will be suspended from performing safety-sensitive functions.
- f. The MRO may confirm the test as a positive without having communicated directly with the donor about the test results under the following circumstances:
 - (1) The donor expressly declines the opportunity to discuss the test results;
 - (2) The donor has not contacted the MRO within seventy-two (72) hours of being instructed to do so by the DER; or
 - (3) The MRO and the DER, after making and documenting all reasonable efforts, have not been able to contact the donor within ten (10) days of the date the confirmed test result was

received from the laboratory.

2. Alcohol Testing

- a. The federal alcohol testing regulations require testing to be administered by a BAT using an EBT or an STT using an ASD. EBTs and ASDs can be used for screening tests but only EBTs can be used for confirmation tests.
- b. Any test result less than 0.02 alcohol concentration is considered a “negative” test.
- c. If the donor is unable to provide sufficient saliva for an ASD, the DER will immediately arrange to use an EBT. If the donor attempts and fails to provide an adequate amount of breath, the school district will direct the donor to obtain a written evaluation from a licensed physician to determine if the donor’s inability to provide a breath sample is genuine or constitutes a refusal to test.
- d. If the screening test results show alcohol concentration of 0.02 or higher, a confirmatory test conducted on an EBT will be required to be performed between fifteen (15) and thirty (30) minutes after the completion of the screening test.
- e. Alcohol tests are reported directly to the DER.

J. Driver/Driver Applicant Rights

1. All drivers and driver applicants subject to the controlled substances testing provisions of this policy who receive a confirmed positive test result for the use of controlled substances have the right to request, at the driver’s or driver applicant’s expense, a confirming retest of the split urine sample. If the confirming retest is negative, no adverse action will be taken against the driver, and a driver applicant will be considered for employment.
2. The school district will not discharge a driver who, for the first time, receives a confirmed positive drug or alcohol test UNLESS:
 - a. The school district has first given the employee an opportunity to participate in, at the employee’s own expense or pursuant to coverage under an employee benefit plan, either a drug or alcohol counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with the SAP; and
 - b. The employee refuses to participate in the recommended program, or fails to successfully complete the program as evidenced by withdrawal before its completion or by a positive test result on a

confirmatory test after completion of the program.

- c. This limitation on employee discharge does not bar discharge of an employee for reasons independent of the first confirmed positive test result.

K. Testing Laboratory

The testing laboratory for controlled substances will be [*name, address, telephone number*], which is a laboratory certified by the Department of Health and Human Services – SAMHSA to perform controlled substances testing pursuant to federal regulations.

L. Confidentiality of Test Results

All alcohol and controlled substances test results and required records of the drug and alcohol testing program are considered confidential information under federal law and private data on individuals as that phrase is defined in Minnesota Statutes, Chapter 13. Any information concerning the individual’s test results and records shall not be released without written permission of the individual, except as provided for by regulation or law.

M. Recordkeeping Requirements and Retention of Records

- 1. The school district shall keep and maintain records in accordance with the federal regulations in a secure location with controlled access.
- 2. The required records shall be retained for the following minimum periods:

Basic records	5 years
---------------	---------

“Basic records” includes records of: (a) alcohol test results with concentration of 0.02 or greater; (b) verified positive drug test results; (c) refusals to submit to required tests (including substituted or adulterated drug test results); (d) SAP reports; (e) all follow-up tests and schedules for follow-up tests; (f) calibration documentation; (g) administration of the testing programs; and (h) each annual calendar year summary.

Information obtained from previous employers	3 years
Alcohol and controlled substance collection procedures.	2 years
Negative and cancelled controlled substance tests	1 year
Alcohol tests with less than 0.02 concentration	1 year
Education and training records	indefinite

“Education and training records” must be maintained while the individuals perform the functions which require training and for the two (2) years after ceasing to perform those functions.

3. Personal Information

Personal information about all individuals who undergo any required testing under this policy will be shared with the U.S. DOT Drug & Alcohol Clearinghouse ("Clearinghouse") as required under federal law, including:

- a. The name of the person tested;
- b. Any verified positive, adulterated, or substituted drug test result;
- c. Any alcohol confirmation test with a BAC concentration of 0.04 or higher;
- d. Any refusal to submit to any test required hereunder;
- e. Any report by a supervisor of actual knowledge of use as follows
 - i. Any on-duty alcohol use;
 - ii. Any pre-duty alcohol use;
 - iii. Any alcohol use following an accident; and
 - iv. Any controlled substance use.
- f. Any report from a substance abuse professional certifying successful completion of the return-to-work process;
- g. Any negative return-to-duty test; and
- h. Any employer's report of completion of follow-up testing.

N. Training

The school district shall ensure all persons designated to supervise drivers receive training. The designated employees shall receive at least sixty (60) minutes of training on alcohol misuse and at least sixty (60) minutes of training on controlled substances use. The training shall include physical, behavioral, speech, and performance indicators of probable misuse of alcohol and use of controlled substances. The training will be used by the supervisors to make determinations of reasonable suspicion.

O. Consequences of Prohibited Conduct and Enforcement

1. Removal. The school district shall remove a driver who has engaged in prohibited conduct from safety-sensitive functions. A driver shall not be permitted to return to safety-sensitive functions until and unless the return-to-duty requirements of federal DOT regulations have been completed.
2. Referral, Evaluation, and Treatment

- a. A driver or driver applicant who has engaged in prohibited conduct shall be provided a listing of SAPs readily available to the driver or applicant and acceptable to the school district.
- b. If the school district offers a driver an opportunity to return to a DOT safety-sensitive duty following a violation, the driver must be evaluated by an SAP and the driver is required to successfully comply with the SAP's evaluation recommendations (education, treatment, follow-up evaluation(s), and/or ongoing services). The school district is not required to provide an SAP evaluation or any subsequent recommended education or treatment.
- c. Drivers are responsible for payment for SAP evaluations and services unless a collective bargaining agreement or employee benefit plan provides otherwise.
- d. Drivers who engage in prohibited conduct also are required to comply with follow-up testing requirements.

3. Disciplinary Action

- a. Any driver who refuses to submit to post-accident, random, reasonable suspicion, or follow-up testing not only shall not perform or continue to perform safety-sensitive functions, but also may be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
- b. Drivers who test positive with verification of a confirmatory test or are otherwise found to be in violation of this policy or the federal regulations shall be subject to disciplinary action, which may include immediate suspension without pay and/or immediate discharge.
- c. Nothing in this policy limits or restricts the right of the school district to discipline or discharge a driver for conduct which not only constitutes prohibited conduct under this policy but also violates the school district's other rules or policies.

P. Other Testing

The school district may request or require that drivers submit to cannabis testing or drug and alcohol testing other than that required by federal law. For example, drivers may be requested or required to undergo cannabis testing or drug and alcohol testing on an annual basis as part of a routine physical examination. Such additional testing of drivers will be conducted only in accordance with the provisions of this policy and as provided in Minnesota Statutes, sections 181.950-181.957. For purposes of such additional, non-mandatory testing, drivers fall

within the definition of “other employees” covered by Section IV. of this policy.

Q. Report to Clearinghouse

The school district shall promptly submit to the Clearinghouse any record generated of an individual who refuses to take an alcohol or controlled substance test required under Title 49, Code of Federal Regulations, tests positive for alcohol or a controlled substance in violation of federal regulations, or violates subpart B of Part 382 of Title 49, Code of Federal Regulations (or any subsequent corresponding regulations).

R. Annual Clearinghouse Query

1. The school district must conduct a query of the Clearinghouse record at least once per year for information for all employees subject to controlled substance and alcohol testing related to CMV operation to determine whether information exists in the Clearinghouse about those employees. In lieu of a full query, the school district may obtain the individual driver’s consent to conduct a limited query to satisfy the annual query requirement. The limited query will tell the employer whether there is information about the driver in the Clearinghouse but will not release that information to the employer. If the limited query shows that information exists in the Clearinghouse about the driver, the school district must conduct a full query within twenty-four (24) hours or must not allow the driver to continue to perform any safety-sensitive function until the employee conducts the full query and the results confirm the driver’s Clearinghouse record contains no prohibitions showing the driver has a verified positive, adulterated or substitute controlled substance test, no alcohol confirmation test with a concentration of 0.04 or higher, refuses to submit to a test, or was reported to have used alcohol on duty, before duty, following an accident or otherwise used a controlled substance in violation of the regulations except where the driver completed the SAP evaluation, referral and education/treatment process as required by the regulations. The school district shall comply with the query requirements set forth in 49 Code of Federal Regulations 382.701.
2. The school district may not access an individual’s Clearinghouse record unless the school district (1) obtains the individual’s prior written or electronic consent for access to the record; and (2) submits proof of the individual’s consent to the Clearinghouse. The school district must retain the consent for three (3) years from the date of the last query. The school district shall retain for three (3) years a record of each request for records from the Clearinghouse and the information received pursuant to the request.
3. The school district shall protect the individual’s privacy and confidentiality of each Clearinghouse record it receives. The school district shall ensure that information contained in a Clearinghouse record is not divulged to a

person or entity not directly involved in assessing and evaluating whether a prohibition applies with respect to the individual to operate a CMV for the school district.

4. The school district may use an individual's Clearinghouse record only to assess and evaluate whether a prohibition applies with respect to the individual to operate a CMV for the school district.

IV. CANNABIS TESTING OR DRUG AND ALCOHOL TESTING FOR OTHER EMPLOYEES

The school district may request or require drug and alcohol testing or cannabis testing for other school district personnel, i.e., employees who are not school bus drivers, or job applicants for such positions. The school district does not have a legal duty to request or require any employee or job applicant to undergo drug and alcohol testing or cannabis testing as authorized in this policy, except for school bus drivers and other drivers of CMVs who are subject to federally mandated testing. (See Section III. of this policy.) If a school bus driver is requested or required to submit to drug or alcohol testing beyond that mandated by federal law, the provisions of Section IV. of this policy will be applicable to such testing.

A. Definitions

1. "Cannabis testing" means the analysis of a body component sample according to the standards established under one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1, for the purpose of measuring the presence or absence of cannabis flower, as defined in Minnesota Statutes, section 342.01, subdivision 16, cannabis products, as defined in section 342.01, subdivision 20, lower-potency hemp edibles as defined in section 342.01, subdivision 50, hemp-derived consumer products as defined in section 342.01, subdivision 37, or cannabis metabolites in the sample tested. The definitions in this section apply to cannabis testing unless stated otherwise.
2. "Confirmatory test" and "confirmatory retest" mean a drug or alcohol test that uses a method of analysis allowed under one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1.
3. "Drug" means a controlled substance as defined in Minnesota Statutes, section 152.01, subdivision 4, but does not include marijuana, tetrahydrocannabinols, cannabis flower as defined in section 342.01, subdivision 16, cannabis products as defined in section 342.01, subdivision 20, lower-potency hemp edibles as defined in section 342.01, subdivision 50, and hemp-derived consumer products as defined in section 342.01, subdivision 37.
4. "Drug and Alcohol Testing," "Drug or Alcohol Testing," and "Drug or Alcohol Test" mean analysis of a body component sample by a testing

laboratory that meets one of the criteria listed in Minnesota Statutes, section 181.953, subdivision 1, for the purpose of measuring the presence or absence of drugs, alcohol, or their metabolites in the sample tested. "Drug and alcohol testing," "drug or alcohol testing," and "drug or alcohol test" do not include cannabis or cannabis testing, unless stated otherwise.

5. "Employee" means a person, independent contractor, or person working for an independent contractor who performs services for compensation, in whatever form, for an employer.
6. "Initial screening test" means a drug or alcohol test or cannabis test which uses a method of analysis under one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1.
7. "Job Applicant" means a person, independent contractor, or person working for an independent contractor who applies to become an employee of the charter school in a position that does not require a commercial driver's license, and includes a person who has received a job offer made contingent on the person's passing drug or alcohol testing. Job applicants for positions requiring a commercial driver's license are governed by the provisions of the charter school's drug and alcohol testing policy relating to school bus drivers (Section III.).
8. "Other Employees" means any persons, independent contractors, or persons working for an independent contractor who perform services for the charter school for compensation, either full time or part time, in whatever form, except for persons whose positions require a commercial driver's license, and includes both professional and nonprofessional personnel. Persons whose positions require a commercial driver's license are primarily governed by the provisions of the charter school's drug and alcohol testing policy relating to school bus drivers (Section III.). To the extent that the drug and alcohol testing of persons whose positions require a commercial driver's license is not mandated by federal law and regulations, such testing shall be governed by Section IV. of this policy and the drivers shall fall within this definition of "other employees."
9. "Positive Test Result" means a finding of the presence of drugs, alcohol, or their metabolites in the sample tested in levels at or above the threshold detection levels contained in the standards of one of the programs listed in Minnesota Statutes, section 181.953, subdivision 1.
10. "Random Selection Basis" means a mechanism for selection of employees that:
 - a. results in an equal probability that any employee from a group of employees subject to the selection mechanism will be selected; and
 - b. does not give the charter school discretion to waive the selection of

any employee selected under the mechanism.

11. “Reasonable Suspicion” means a basis for forming a belief based on specific facts and rational inferences drawn from those facts.
12. “Safety-Sensitive Position” means a job, including any supervisory or management position, in which an impairment caused by drug, alcohol, or cannabis usage would threaten the health or safety of any person.

B. Circumstances Under Which Cannabis Testing or Drug or Alcohol Testing May Be Requested or Required; Exceptions

1. General Limitations

- a. The school district will not request or require an employee or job applicant whose position does not require a commercial driver’s license to undergo drug or alcohol testing or cannabis testing, unless the testing is done pursuant to this policy; and is conducted by a testing laboratory that meets one of the criteria listed in Minnesota Statutes, section 181.953, subdivision 1.
- b. The school district will not request or require an employee or job applicant whose position does not require a commercial driver’s license to undergo drug and alcohol testing or cannabis testing on an arbitrary and capricious basis.

2. Cannabis Testing Exceptions

For the following positions, cannabis and its metabolites are considered a drug and subject to the drug and alcohol testing provisions in Minnesota Statutes, sections 181.950 to 181.957:

- a. a safety-sensitive position, as defined in Minnesota Statutes, section 181.950, subdivision 13;
- b. a position requiring face-to-face care, training, education, supervision, counseling, consultation, or medical assistance to children;
- c. a position requiring a commercial driver's license or requiring an employee to operate a motor vehicle for which state or federal law requires drug or alcohol testing of a job applicant or an employee;
- d. a position of employment funded by a federal grant; or
- e. any other position for which state or federal law requires testing of a job applicant or an employee for cannabis.

3. Job Applicant Testing

The school district may request or require any job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing, provided a job offer has been made to the applicant and the same test is requested or required of all job applicants conditionally offered employment for that position. If a job applicant has received a job offer that is contingent on the applicant's passing drug and alcohol testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the event the job offer is subsequently withdrawn, the school district shall notify the job applicant of the reason for its action.

- a. The school district must not request or require a job applicant to undergo cannabis testing solely for the purpose of determining the presence or absence of cannabis as a condition of employment unless otherwise required by state or federal law.
- b. Unless otherwise required by state or federal law, the school district must not refuse to hire a job applicant solely because the job applicant submits to a cannabis test or a drug and alcohol test authorized by Minnesota law and the results of the test indicate the presence of cannabis.
- c. The school district must not request or require an employee or job applicant to undergo cannabis testing on an arbitrary or capricious basis.
- d. Cannabis testing authorized under paragraph (d) must comply with the safeguards for testing employees provided in Minnesota Statutes, sections 181.953 and 181.954.

4. Random Testing

The school district may request or require "other employees" to undergo cannabis testing or drug and alcohol testing on a random selection basis only if they are employed in safety-sensitive positions.

5. Reasonable Suspicion Testing

The school district may request or require any employee to undergo cannabis testing or drug and alcohol testing if the school district has a reasonable suspicion that the employee:

- a. is under the influence of cannabis, drugs, or alcohol;
- b. has violated the school district's written work rules prohibiting the use, possession, sale, or transfer of drugs or alcohol, cannabis

flower, cannabis products, lower-potency hemp edibles, or hemp-derived consumer products while the employee is working or while the employee is on the school district's premises or operating the school district's vehicles, machinery, or equipment;

- c. has sustained a personal injury, as that term is defined in ~~Minn. Stat.~~ Minnesota Statutes, section 176.011, subdivision 16, or has caused another employee to sustain a personal injury; or
- d. has caused a work-related accident or was operating or helping to operate machinery, equipment, or vehicles involved in a work-related accident.

6. Treatment Program Testing

The school district may request or require any employee to undergo cannabis testing and drug and alcohol testing if the employee has been referred by the school district for chemical dependency treatment or evaluation or is participating in a chemical dependency treatment program under an employee benefit plan, in which case the employee may be requested or required to undergo cannabis testing and drug and alcohol testing without prior notice during the evaluation or treatment period and for a period of up to two (2) years following completion of any prescribed chemical dependency treatment program.

7. Routine Physical Examination Testing

The school district may request or require any employee to undergo drug and alcohol testing as part of a routine physical examination provided the drug or alcohol test is requested or required no more than once annually and the employee has been given at least two weeks' written notice that a drug or alcohol test may be requested or required as part of the physical examination.

C. No Legal Duty to Test

The school district does not have a legal duty to request or require any employee or job applicant whose position does not require a commercial driver's license to undergo drug and alcohol testing.

D. Right of Other Employee or Job Applicant to Refuse Drug and Alcohol Testing and Consequences of Such Refusal

1. Right of Other Employee or Job Applicant to Refuse Drug and Alcohol Testing

Any employee or job applicant whose position does not require a commercial driver's license has the right to refuse drug and alcohol testing

subject to the provisions contained in Paragraphs 2. and 3. of Section **IV.D.**

2. Consequences of an Employee's Refusal to Undergo Drug and Alcohol Testing

Any employee in a position that does not require a commercial driver's license who refuses to undergo drug and alcohol testing in the circumstances set out in the Random Testing, Reasonable Suspicion Testing, and Treatment Program Testing provisions of this policy may be subject to disciplinary action, up to and including immediate discharge.

3. Consequences of a Job Applicant's Refusal to Undergo Drug and Alcohol Testing

Any job applicant for a position which does not require a commercial driver's license who refuses to undergo drug and alcohol testing pursuant to the Job Applicant Testing provision of this policy shall not be employed.

E. Reliability and Fairness Safeguards

1. Pretest Notice

Before requesting an employee or job applicant whose position does not require a commercial driver's license to undergo drug or alcohol testing or requesting cannabis testing, the school district shall provide the employee or job applicant with a Pretest Notice in the form of Attachment D to this policy on which to acknowledge that the employee or job applicant has received the school district's drug and alcohol testing or cannabis testing policy.

2. Notice of Test Results

Within three (3) working days after receipt of a test result report from the testing laboratory, the school district shall inform in writing an employee or job applicant who has undergone drug or alcohol testing or cannabis testing of a negative test result on an initial screening test or of a negative or positive test result on a confirmatory test.

3. Notice of and Right to Test Result Report

Within three (3) working days after receipt of a test result report from the testing laboratory, the school district shall inform in writing, an employee or job applicant who has undergone drug or alcohol testing of the employee or job applicant's right to request and receive from the school district a copy of the test result report on any drug or alcohol test or cannabis test.

4. Notice of and Right to Explain Positive Test Result

- a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide the individual with notice of the test results and, at the same time, written notice of the right to explain the results and to submit additional information. (see attachment G to this policy)
- b. The school district may request that the employee or job applicant indicate any over-the-counter or prescription medication that the individual is currently taking or has recently taken and any other information relevant to the reliability of, or explanation for, a positive test result.
- c. The employee may present verification of enrollment in the medical cannabis patient registry or of enrollment in a Tribal medical cannabis program as part of the employee's explanation.
- d. Use of nonintoxicating cannabinoids or edible cannabinoid products is not a legitimate medical explanation for a confirmed positive test result for cannabis. MROs will verify a drug test confirmed as positive, even if an employee claims to have only used nonintoxicating cannabinoids or edible cannabinoid product.
- e. Within three (3) working days after notice of a positive test result on a confirmatory test, an employee or job applicant may submit information (in addition to any information already submitted) to the school district to explain that result.

5. Notice of and Right to Request Confirmatory Retests

- a. If an employee or job applicant has a positive test result on a confirmatory test, the school district shall provide the individual with notice of the test results and, at the same time, written notice of the right to request a confirmatory retest of the original sample at his or her expense.
- b. An employee or job applicant may request a confirmatory retest of the original sample at his or her own expense after notice of a positive test result on a confirmatory test. Within five (5) working days after notice of the confirmatory test result, the employee or job applicant shall notify the school district in writing of his or her intention to obtain a confirmatory retest. Within three (3) working days after receipt of the notice, the school district shall notify the original testing laboratory that the employee or job applicant has requested the laboratory to conduct the confirmatory retest or to transfer the sample to another laboratory licensed under Minnesota Statutes, section 181.953, subdivision 1 to conduct the confirmatory retest. The original testing laboratory shall ensure that appropriate chain-of-custody procedures are followed during transfer of the

sample to the other laboratory. The confirmatory retest must use the same drug, alcohol, or cannabis threshold detection levels as used in the original confirmatory test. If the confirmatory retest does not confirm the original positive test result, no adverse personnel action based on the original confirmatory test may be taken against the employee or job applicant.

6. If an employee or job applicant has a positive test result on a confirmatory test, the school district, at the time of providing notice of the test results, shall also provide written notice to inform the individual of other rights provided under Sections F. or G., below, whichever is applicable.

Attachments F and G to this policy provide the Notices described in Paragraphs 2. through 6. of this Section E.

F. Discharge and Discipline of Employees Whose Positions Do Not Require a Commercial Driver's License

1. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of a positive test result from an initial screening test that has not been verified by a confirmatory test.
2. In the case of a positive test result on a confirmatory test, the employee shall be subject to discipline which includes, but is not limited to, immediate suspension without pay and immediate discharge, pursuant to the provisions of this policy.
3. The school district may not discharge an employee for whom a positive test result on a confirmatory test was the first such result for the employee on a drug or alcohol test or cannabis test requested by the school district, unless the following conditions have been met:
 - a. The school district has first given the employee an opportunity to participate in, at the employee's own expense or pursuant to coverage under an employee benefit plan, either a drug, alcohol, or cannabis counseling or rehabilitation program, whichever is more appropriate, as determined by the school district after consultation with a certified chemical abuse counselor or a physician trained in the diagnosis and treatment of chemical dependency; and
 - b. The employee has either refused to participate in the counseling or rehabilitation program or has failed to successfully complete the program, as evidenced by withdrawal from the program before its completion or by a positive test result on a confirmatory test after completion of the program.
4. Notwithstanding Paragraph 1., the school district may temporarily suspend

the tested employee or transfer that employee to another position at the same rate of pay pending the outcome of the confirmatory test and, if requested, the confirmatory retest, provided the school district believes that it is reasonably necessary to protect the health or safety of the employee, co-employees or the public. An employee who has been suspended without pay must be reinstated with back pay if the outcome of the confirmatory test or requested confirmatory retest is negative.

5. The school district may not discharge, discipline, discriminate against, request, or require rehabilitation of an employee on the basis of medical history information or the employee's status as a patient enrolled in the medical cannabis registry program revealed to the school district, unless the employee was under an affirmative duty to provide the information before, upon, or after hire, or failing to do so would violate federal law or regulations or cause the school district to lose money or licensing-related benefit under federal law or regulations.
6. The school district may not discriminate against any employee in termination, discharge, or any term of condition of employment or otherwise penalize an employee based upon an employee registered patient's positive drug test for cannabis components or metabolites, unless the employee used, possessed, or was impaired by medical cannabis on school district property during the hours of employment.
7. An employee must be given access to information in the individual's personnel file relating to positive test result reports and other information acquired in the drug and alcohol testing process or cannabis testing process and conclusions drawn from and actions taken based on the reports or other acquired information.

G. Withdrawal of Job Offer for an Applicant for a Position That Does Not Require a Commercial Driver's License

If a job applicant has received a job offer made contingent on the applicant's passing drug and alcohol testing, the school district may not withdraw the offer based on a positive test result from an initial screening test that has not been verified by a confirmatory test. In the case of a positive test result on a confirmatory test, the school district may withdraw the job offer.

H. Chain-of-Custody Procedures

The school district has established its own reliable chain-of-custody procedures to ensure proper record keeping, handling, labeling, and identification of the samples to be tested. The procedures require the following:

1. Possession of a sample must be traceable to the employee from whom the sample is collected, from the time the sample is collected through the time the sample is delivered to the laboratory;

2. The sample must always be in the possession of, must always be in view of, or must be placed in a secure area by a person authorized to handle the sample;
3. A sample must be accompanied by a written chain-of-custody record; and
4. Individuals relinquishing or accepting possession of the sample must record the time the possession of the sample was transferred and must sign and date the chain-of-custody record at the time of transfer.

I. Privacy, Confidentiality and Privilege Safeguards

1. Privacy Limitations

A laboratory may only disclose to the school district test result data regarding the presence or absence of drugs, alcohol or their metabolites in a sample tested.

2. Confidentiality Limitations

With respect to employees and job applicants, test result reports and other information acquired in the drug or alcohol testing process are private data on individuals as that phrase is defined in Minnesota Statutes, chapter 13, and may not be disclosed by the school district or laboratory to another employer or to a third-party individual, governmental agency, or private organization without the written consent of the employee or job applicant tested.

3. Exceptions to Privacy and Confidentiality Disclosure Limitations

Notwithstanding Paragraphs 1. and 2., evidence of a positive test result on a confirmatory test may be: (1) used in an arbitration proceeding pursuant to a collective bargaining agreement, an administrative hearing under Minnesota Statutes, chapter 43A or other applicable state or local law, or a judicial proceeding, provided that information is relevant to the hearing or proceeding; (2) disclosed to any federal agency or other unit of the United States government as required under federal law, regulation or order, or in accordance with compliance requirements of a federal government contract; and (3) disclosed to a substance abuse treatment facility for the purpose of evaluation or treatment of the employee.

4. Privilege

Positive test results from the school district drug or alcohol testing program may not be used as evidence in a criminal action against the employee or job applicant tested.

J. Notice of Testing Policy to Affected Employees

The school district shall provide written notice of this drug, alcohol, and cannabis testing policy to all affected employees upon adoption of the policy, to a previously non-affected employee upon transfer to an affected position under the policy, and to a job applicant upon hire and before any testing of the applicant if the job offer is made contingent on the applicant's passing drug and alcohol testing. Affected employees and applicants will acknowledge receipt of this written notice in the form of Attachment H to this policy.

V. **POSTING**

The school district shall post notice in an appropriate and conspicuous location on its premises that it has adopted a drug and alcohol testing policy and that copies of the policy are available for inspection during regular business hours by its employees or job applicants in its personnel office or other suitable locations.

420 STUDENTS AND EMPLOYEES WITH SEXUALLY TRANSMITTED INFECTIONS AND DISEASES AND CERTAIN OTHER COMMUNICABLE DISEASES AND INFECTIOUS CONDITIONS

I. PURPOSE

Public concern that students and staff of the school district be able to attend the schools of the district without becoming infected with serious communicable or infectious diseases, including, but not limited to, Human Immunodeficiency Virus (HIV), Acquired Immunodeficiency Syndrome (AIDS), Hepatitis B, and Tuberculosis, requires that the school board adopt measures effectively responding to health concerns while respecting the rights of all students, employees, and contractors, including those who are so infected. The purpose of this policy is to adopt such measures.

II. GENERAL STATEMENT OF POLICY

A. Students

The policy of the school board is that students with communicable diseases not be excluded from attending school in their usual daily attendance setting so long as their health permits and their attendance does not create a significant risk of the transmission of illness to students or employees of the school district. A procedure for minimizing interruptions to learning resulting from communicable diseases will be established by the school district in its IEP and Section 504 team process, if applicable, and in consultation with community health and private health care providers. Procedures for the inclusion of students with communicable diseases will include any applicable educational team planning processes, including the review of the educational implications for the student and others with whom the student comes into contact.

B. Employees

The policy of the school board is that employees with communicable diseases not be excluded from attending to their customary employment so long as they are physically, mentally, and emotionally able to safely perform tasks assigned to them and so long as their employment does not create a significant risk of the transmission of illness to students, employees, or others in the school district. If a reasonable accommodation will eliminate the significant risk of transmission, such accommodation will be undertaken unless it poses an undue hardship to the school district.

C. Circumstances and Conditions

1. Determinations of whether a contagious individual's school attendance or job performance creates a significant risk of the transmission of the illness to students or employees of the school district will be made on a case by case basis. Such decisions will be based upon the nature of the risk (how it is transmitted), the duration of the risk (how long the carrier is infectious), the severity of the risk (what is the potential harm to third parties), and the probabilities the disease will be transmitted and will cause varying degrees of harm. When a student is disabled, such a determination will be made in consultation with the educational planning team.
2. The school board recognizes that some students and some employees, because of special circumstances and conditions, may pose greater risks for the transmission of infectious conditions than other persons infected with the same illness. Examples include students who display biting behavior, students or employees who are unable to control their bodily fluids, who have oozing skin lesions, or who have severe disorders which result in spontaneous external bleeding. These conditions need to be taken into account and considered in assessing the risk of transmission of the disease and the resulting effect upon the educational program of the student or employment of the employee by consulting with the Commissioner of Health, the physician of the student or employee, and the parent(s)/guardian(s) of the student.

D. Students with Special Circumstances and Conditions

The school River Bend Education District, along with the infected individual's physician, the infected individual or parent(s)/guardian(s), and others, if appropriate, will weigh risks and benefits to the student and to others, consider the least restrictive appropriate educational placement, and arrange for periodic reevaluation as deemed necessary by the state epidemiologist. The risks to the student shall be determined by the student's physician.

E. Extracurricular Student Participation

Student participation in nonacademic, extracurricular, and non-educational programs of the school district are subject to a requirement of equal access and comparable services.

F. Precautions

The school district will develop routine procedures for infection control at school and for educating employees about these procedures. The procedures shall be developed through cooperation with health professionals taking into consideration any guidelines of the Minnesota Department of Education and the Minnesota Department of Health. (These precautionary procedures shall be consistent with the school district's procedures regarding blood-borne pathogens developed

pursuant to the school district's employee right to know policy.)

G. Information Sharing

1. Employee and student health information shall be shared within the school district only with those whose jobs require such information and with those who have a legitimate educational interest (including health and safety) in such information and shall be shared only to the extent required to accomplish legitimate educational goals and to comply with employees' right to know requirements.
2. Employee and student health data shall be shared outside the school district only in accordance with state and federal law and with the school district's policies on employee and student records and data.

H. Reporting

If a medical condition of student or staff threatens public health, it must be reported to the Minnesota Commissioner of Health.

I. Prevention

The school district shall, with the assistance of the Minnesota Commissioners of Health and Education, implement a program to prevent and reduce the risk of sexually transmitted diseases in accordance with Minnesota Statutes section 121A.23 that includes:

1. planning materials, guidelines, and other technically accurate and updated information;
2. a comprehensive, developmentally appropriate, technically accurate, and updated curriculum that includes helping students to abstain from sexual activity until marriage;
3. cooperation and coordination among school districts and Service Cooperatives;
4. a targeting of adolescents, especially those who may be at high risk of contracting sexually transmitted diseases and infections, for prevention efforts;
5. involvement of parents and other community members;
6. in-service training for district staff and school board members;
7. collaboration with state agencies and organizations having a sexually transmitted infection and disease prevention or sexually transmitted infection and disease risk reduction program;

8. collaboration with local community health services, agencies and organizations having a sexually transmitted infection and disease risk reduction program; and
9. participation by state and local student organizations.
10. The program must be consistent with the health and wellness curriculum.
11. The school district may accept funds for sexually transmitted infection and disease prevention programs developed and implemented under this section from public and private sources, including public health funds and foundations, department professional development funds, federal block grants, or other federal or state grants.

J. Vaccination and Screening

The school district will develop procedures regarding the administration of Hepatitis B vaccinations and Tuberculosis screenings in keeping with current state and federal law. The procedures shall provide that the Hepatitis B vaccination series be offered to all who have occupational exposure at no cost to the employee.

424 LICENSE STATUS

I. PURPOSE

The purpose of this policy is to ensure that qualified teachers are employed by the school district and to fulfill its duty to ascertain the licensure status of its teachers. A school board that employs a teacher who does not hold a valid teaching license or permit places itself at risk for a reduction in state aid. This policy does not negate a teacher's duty and responsibility to maintain a current and valid teaching license.

II. GENERAL STATEMENT OF POLICY

- A. A qualified teacher is one holding a valid license to perform the particular service for which the teacher is employed by the school district.
- B. No person shall be a qualified teacher until the school district verifies, through the Minnesota education licensing system available on the Minnesota Professional Educator Licensing and Standards Board website, that the person is a qualified teacher consistent with state law.
- C. The school district has a duty to ascertain the licensure status of its teachers and ensure that the school district's teacher license files are up to date. The school district shall establish a procedure for annually reviewing its teacher license files to verify that every teacher's license is current and appropriate to the particular service for which the teacher is employed by the school district.
- D. The school district must annually report to the Professional Educator Licensing and Standards Board: (1) all new teacher hires and terminations, including layoffs, by race and ethnicity; and (2) the reasons for all teacher resignations and requested leaves of absence. The report must not include data that would personally identify individuals.

III. PROCEDURE

- A. The superintendent or the superintendent's designee shall establish a schedule for the annual review of teacher licenses.
- B. Where it is discovered that a teacher's license will expire within one year from the date of the annual review, the superintendent or the superintendent's designee will advise the teacher in writing of the approaching expiration and that the teacher must complete the renewal process and file the license with the superintendent prior to the expiration of the current license. However, failure to provide this notice does

not relieve a teacher from his/her duty and responsibility of ensuring that his/her teaching license is valid, current and appropriate to his/her teaching assignment.

- C. If it is discovered that a teacher's license has expired, the superintendent will immediately investigate the circumstances surrounding the lack of license and will take appropriate action. The teacher shall be advised that the teacher's failure to have the license reinstated will constitute gross insubordination, inefficiency and willful neglect of duty which are grounds for immediate discharge from employment.
- D. The duty and responsibility of maintaining a current and valid teaching license appropriate to the teaching assignment as required by this policy shall remain with the teacher, notwithstanding the superintendent's failure to discover a lapsed license or license that does not support the teaching assignment. A teacher's failure to comply with this policy may be grounds for the teacher's immediate discharge from employment.

V. STAFF DEVELOPMENT FUNDING

- A. Unless the school district is in statutory operating debt or a majority of the school board and a majority of its licensed teachers annually vote to waive the requirement to reserve basic revenue for staff development, the school district will reserve an amount equal to at least two percent of its basic revenue for: (1) teacher development and evaluation under Minnesota Statutes, section 122A.40, subdivision 8 or 122A.41, subdivision 5; (2) principal development and evaluation under section 123B.147, subdivision. 3; (3) professional development under section 122A.60; (4) in-service education for programs under section 120B.22, subdivision 2; and (5) teacher mentorship under section 122A.70, subdivision 1. To the extent extra funds remain, staff development revenue may be used for development plans, including plans for challenging instructional activities and experiences under section 122A.60, and for curriculum development and programs, other in-service education, teacher's workshops, teacher conferences, the cost of substitute teachers for staff development purposes, preservice and in-service education for special education professionals and paraprofessionals, and other related costs for staff development efforts. The school district also may use the revenue reserved for staff development for grants to the school district's teachers to pay for coursework and training leading to certification as either a college in the schools teacher or a concurrent enrollment teacher. To receive a grant, the teacher must be enrolled in a program that includes coursework and training focused on teaching a core subject.
- B. The school district may, in its discretion, expend an additional amount of unreserved revenue for staff development based on its needs.
- C. Release time provided for teachers to supervise students on field trips and school activities, or independent tasks not associated with enhancing the teacher's knowledge and instructional skills, such as preparing report cards, calculating grades, or organizing classroom materials, may not be counted as staff development time that is financed with staff development reserved revenue under Minnesota Statutes, section 122A.61.

VI. PROCEDURE FOR USE OF STAFF DEVELOPMENT FUNDS

- A. On a yearly* basis, the Advisory Staff Development Committee, with the assistance of the Site Professional Development Teams, shall prepare a projected budget setting forth proposals for allocating staff development and mentoring funds reserved for each school site. Such budgets shall include, but not be limited to, projections as to the cost of building site training programs, costs of individual staff seminars, and cost of substitutes.
- B. Upon approval of the budget by the school board, the Advisory Committee shall be responsible for monitoring the use of such funds in accordance with the Staff Development Plan and budget. The requested use of staff development funds must meet or make progress toward the goals and objectives of the Staff Development Plan. All costs/expenditures will be reviewed by the school board and/or superintendent for consistency with the Staff Development Plan on a quarterly basis.*
- C. Individual requests from staff for leave to attend staff development activities shall be submitted and reviewed according to school district policy, staff procedures, contractual agreement, and the effect on school district operations. Failure to timely submit such requests may be cause for denial of the request.
- D. The school district may use staff development revenue, special grant programs established by the legislature, or another funding source to pay a stipend to a mentor who may be a current or former teacher who has taught at least three (3) years and is not on an improvement plan. Other initiatives using such funds, or funds available under Minnesota Statutes, sections 124D.861 and 124D.862, may include:
1. additional stipends as incentives to mentors of color or who are American Indian;
 2. financial supports for professional learning community affinity groups across schools within and between districts for teachers from underrepresented racial and ethnic groups to come together throughout the school year;
 3. programs for induction aligned with the school district or school mentorship program during the first three (3) years of teaching, especially for teachers from underrepresented racial and ethnic groups; or
 4. grants supporting licensed and nonlicensed educator participation in professional development, such as workshops and graduate courses, related

* This time period may be changed to accommodate individual school district needs.

to increasing student achievement for students of color and American Indian students in order to close opportunity and achievement gaps.

To the extent the school district receives a grant for any of the above purposes, it will negotiate additional retention strategies or protection from unrequested leave of absences in the beginning years of employment for teachers of color and teachers who are American Indian. Retention strategies may include providing financial incentives for teachers of color and teachers who are American Indian to work in the school or district for at least five (5) years and placing American Indian educators at sites with other American Indian educators and educators of color at sites with other educators of color to reduce isolation and increase opportunity for collegial support.

VII. PARAPROFESSIONALS, TITLE I AIDES, AND OTHER INSTRUCTIONAL SUPPORT STAFF

- A. The school district must provide a minimum of eight hours of paid orientation or professional development annually to all paraprofessionals, Title I aides, and other instructional support staff. Six of the eight hours must be completed before the first instructional day of the school year or within 30 days of hire.
- B. The orientation or professional development must be relevant to the employee's occupation and may include collaboration time with classroom teachers and planning for the school year.
- C. For paraprofessionals who provide direct support to students, at least 50 percent of the professional development or orientation must be dedicated to meeting the requirements of this section. Professional development for paraprofessionals may also address the requirements of Minnesota Statutes, section 120B.363, subdivision 3.
- D. A school administrator must provide an annual certification of compliance with this requirement to the MDE Commissioner.

VIII. REPORTING

- A. The school district and site staff development committee shall prepare a report of the previous fiscal year's staff development activities and expenditures as part of the school district's world's best workforce report.
 - 1. The report must include assessment and evaluation data indicating progress toward district and site staff development goals based on teaching and learning outcomes, including the percentage of teachers and other staff involved in instruction who participate in effective staff development activities.
 - 2. The report will provide a breakdown of expenditures for:

- a. Curriculum development and curriculum training programs;
- b. Staff development training models, workshops, and conferences; and
- c. The cost of releasing teachers or providing substitute teachers for staff development purposes.

The report also must indicate whether the expenditures were incurred at the district level or the school site level and whether the school site expenditures were made possible by the grants to school sites that demonstrate exemplary use of allocated staff development revenue. These expenditures must be reported using the uniform financial and accounting and reporting standards (UFARS).

- 3. The report will be signed by the superintendent and staff development chair.
- B. To the extent the school district receives a grant for mentorship activities described in Section V.D., by June 30 of each year after receiving a grant, the site staff development committee must submit a report to the Professional Educator Licensing and Standards Board on program efforts that describes mentoring and induction activities and assesses the impact of these programs on teacher effectiveness and retention.

As used in this subdivision, "combustible liquid" is a liquid having a flash point at or above 100 degrees Fahrenheit.

IV. EXCEPTIONS

- A. A student who finds a weapon on the way to school or in a school location, or a student who discovers that he or she accidentally has a weapon in his or her possession, and takes the weapon immediately to the principal’s office shall not be considered to possess a weapon. If it would be impractical or dangerous to take the weapon to the principal’s office, a student shall not be considered to possess a weapon if he or she immediately turns the weapon over to an administrator, teacher or head coach or immediately notifies an administrator, teacher or head coach of the weapon’s location.
- B. It shall not be a violation of this policy if a nonstudent (or student where specified) falls within one of the following categories:

C. Policy Application to Instructional Equipment/Tools

While the school district does not allow the possession, use, or distribution of weapons by students or nonstudents, such a position is not meant to interfere with instruction or the use of appropriate equipment and tools by students or nonstudents. Such equipment and tools, when properly possessed, used, and stored, shall not be considered in violation of the rule against the possession, use, or distribution of weapons. However, when authorized instructional and work equipment and tools are used in a potentially dangerous or threatening manner, such possession and use will be treated as the possession and use of a weapon.

D. Firearms in School Parking Lots and Parking Facilities

A school district may not prohibit the lawful carry or possession of firearms in a school parking lot or parking facility. For purposes of this policy, the “lawful” carry or possession of a firearm in a school parking lot or parking facility is specifically limited to nonstudent permit-holders authorized under Minnesota Statutes section 624.714 to carry a pistol in the interior of a vehicle or outside the motor vehicle for the purpose of directly placing a firearm in, or retrieving it from, the trunk or rear area of the vehicle. Any possession or carry of a firearm beyond the immediate vicinity of a permit-holder’s vehicle shall constitute a violation of this policy.

V. CONSEQUENCES FOR STUDENT WEAPON POSSESSION/USE/DISTRIBUTION

- A. The school district does not allow the possession, use, or distribution of weapons by students. Consequently, the minimum consequence for students willfully possessing, using, or distributing weapons shall include:
 - 1. immediate out-of-school suspension;

- D. Administrative Discretion

While the school district does not allow the possession, use, or distribution of weapons by students, the superintendent may use discretion in determining whether, under the circumstances, a course of action other than the minimum consequences specified above is warranted. If so, other appropriate action may be taken, including consideration of a recommendation for lesser discipline.

VI. CONSEQUENCES FOR WEAPON POSSESSION/USE/DISTRIBUTION BY NONSTUDENTS

- A. Employees
 - 1. An employee who violates the terms of this policy is subject to disciplinary action, including nonrenewal, suspension, or discharge as deemed appropriate by the school board.

Depending on the circumstances, the person may be barred from future entry to school locations. In addition, if the person is a student in another school district, that school district may be contacted concerning the policy violation.
2. If appropriate, law enforcement will be notified of the policy violation by the member of the public and may be asked to provide an escort to remove the member of the public from the school location.

VII. REPORTS OF DANGEROUS WEAPON INCIDENTS IN SCHOOL ZONES

The school district must electronically report to the Minnesota Commissioner of Education incidents involving the use or possession of a dangerous weapon in school zones, as required under Minnesota Statutes section 121A.06.

502 SEARCH OF STUDENT LOCKERS, DESKS, PERSONAL POSSESSIONS, AND STUDENT'S PERSON

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to provide for a safe and healthful educational environment by enforcing the school district's policies against contraband.

II. GENERAL STATEMENT OF POLICY

A. Lockers and Personal Possessions Within a Locker

Pursuant to Minnesota statutes, school lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant. The personal possessions of students within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials must provide notice of the search to students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials.

B. Desks

School desks are the property of the school district. At no time does the school district relinquish its exclusive control of desks provided for the convenience of students. Inspection of the interior of desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

C. Personal Possessions and Student's Person

The personal possessions of students and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

D. It shall be a violation of this policy for students to use lockers and desks for unauthorized purposes or to store contraband. It shall be a violation for students to carry contraband on their person or in their personal possessions.

III. DEFINITIONS

- A. “Contraband” means any unauthorized item possession of which is prohibited by school district policy and/or law. It includes but is not limited to weapons and “look-alikes,” alcoholic beverages, controlled substances and “look-alikes,” overdue books and other materials belonging to the school district, and stolen property.
- B. “Personal possessions” includes but is not limited to purses, backpacks, bookbags, packages, and clothing.
- C. “Reasonable suspicion” means that a school official has grounds to believe that the search will result in evidence of a violation of school district policy, rules, and/or law. Reasonable suspicion may be based on a school official’s personal observation, a report from a student, parent or staff member, a student’s suspicious behavior, a student’s age and past history or record of conduct both in and out of the school context, or other reliable sources of information.
- D. “Reasonable scope” means that the scope and/or intrusiveness of the search is reasonably related to the objectives of the search. Factors to consider in determining what is reasonable include the seriousness of the suspected infraction, the reliability of the information, the necessity of acting without delay, the existence of exigent circumstances necessitating an immediate search and further investigation (e.g. to prevent violence, serious and immediate risk of harm or destruction of evidence), and the age of the student.

IV. PROCEDURES

- A. School officials may inspect the interiors of lockers and desks for any reason at any time, without notice, without student consent, and without a search warrant.
- B. School officials may inspect the personal possessions of a student and/or a student’s person based on a reasonable suspicion that the search will uncover a violation of law or school rules. A search of personal possessions of a student and/or a student’s person will be reasonable in its scope and intrusiveness.
- C. As soon as practicable after a search of personal possessions within a locker pursuant to this policy, the school officials must provide notice of the search to students whose possessions were searched unless disclosure would impede an ongoing investigation by police or school officials.
- D. Whenever feasible, a search of a person shall be conducted in private by a school official of the same sex. A second school official of the same sex shall be present as an observer during the search of a person whenever feasible.
- E. A strip search is a search involving the removal of coverings or clothing from private areas. Mass strip searches, or body cavity searches, are prohibited. Strip searches will be conducted only in circumstances involving imminent danger.
- F. A school official conducting any other search may determine when it is appropriate to have a second official present as an observer.
- G. A copy of this policy will be printed in the student handbook or disseminated in any other way which school officials deem appropriate. The school district shall

provide a copy of this policy to a student when the student is given use of a locker.

V. DIRECTIVES AND GUIDELINES

School administration may establish reasonable directives and guidelines which address specific needs of the school district, such as use of tape in lockers, standards of cleanliness and care, posting of pin-ups and posters which may constitute sexual harassment, etc.

VI. SEIZURE OF CONTRABAND

If a search yields contraband, school officials will seize the item and, where appropriate, turn it over to legal officials for ultimate disposition.

VII. VIOLATIONS

A student found to have violated this policy and/or the directives and guidelines implementing it shall be subject to discipline in accordance with the school district's Student Discipline Policy, which may include suspension, exclusion, or expulsion, and the student may, when appropriate, be referred to legal officials.

However, prior to reducing the student's grade, an administrative conference must be held among the principal, student, and parent.
- (e) Depending on the program enrolled, after 3 cumulated unexcused absences in a semester, the administration may impose the loss of academic credit in the class or classes from which the student has been absent. However, prior to loss of credit, an administrative conference must be held among the principal, student, and parent.
- (f) If the result of a grade reduction or loss of credit has the effect of an expulsion, the school district will follow the procedures set forth in the Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56.

505 DISTRIBUTION OF NONSCHOOL-SPONSORED MATERIALS ON SCHOOL PREMISES BY STUDENTS AND EMPLOYEES

I. PURPOSE

The purpose of this policy is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

II. GENERAL STATEMENT OF POLICY

- A. The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, non-school-sponsored material.
- B. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board adopts the following regulations and procedures regarding distribution of non-school-sponsored material on school property and at school activities.

III. DEFINITIONS

- A. "Distribute" or "Distribution" means circulation or dissemination of material by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, posting or displaying material, or placing material in internal staff or student mailboxes.
- B. "Non-school-sponsored material" or "unofficial material" includes all materials or objects intended for distribution, except school newspapers, employee newsletters, literary magazines, yearbooks, and other publications funded and/or sponsored or authorized by the school. Examples of non-school-sponsored materials include, but are not limited to, leaflets, brochures, buttons, badges, flyers, petitions, posters, and underground newspapers whether written by students or employees or others, and tangible objects.
- C. "Obscene to minors" means:
 - 1. The average person, applying contemporary community standards, would find that the material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;

2. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, or lewd exhibition of the genitals; and
 3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.
- D. “Minor” means any person under the age of eighteen (18).
- E. “Material and substantial disruption” of a normal school activity means:
1. Where the normal school activity is an educational program of the district for which student attendance is compulsory, “material and substantial disruption” is defined as any disruption which interferes with or impedes the implementation of that program.
 2. Where the normal school activity is voluntary in nature (including school athletic events, school plays and concerts, and lunch periods) “material and substantial disruption” is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

In order for expression to be considered disruptive, specific facts must exist upon which the likelihood of disruption can be forecast including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

- F. “School activities” means any activity sponsored by the school including, but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays and other theatrical productions, and in-school lunch periods.
- G. “Libelous” is a false and unprivileged statement about a specific individual that tends to harm the individual’s reputation or to lower that individual in the esteem of the community.

IV. GUIDELINES

- A. Students and employees of the school district have the right to distribute, at reasonable times and places as set forth in this policy, and in a reasonable manner, non-school-sponsored material.
- B. Requests for distribution of non-school-sponsored material will be reviewed by the

administration on a case-by-case basis. However, distribution of the materials listed below is always prohibited. Material is prohibited that:

1. is obscene to minors;
2. is libelous or slanderous;
3. is pervasively indecent or vulgar or contains any indecent or vulgar language or representations, with a determination made as to the appropriateness of the material for the age level of students to which it is intended;
4. advertises or promotes any product or service not permitted to minors by law;
5. advocates violence or other illegal conduct;
6. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religious, or ethnic origin);
7. presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school regulations.

C. Distribution by students and employees of non-school-sponsored materials on school district property are subject to reasonable time, place, and manner restrictions set forth below. In making decisions regarding the time, place, and manner of distribution, the administration will consider factors including, but not limited to, the following:

1. whether the material is educationally related;
2. the extent to which distribution is likely to cause disruption of or interference with the school district's educational objectives, discipline, or school activities;
3. whether the materials can be distributed from the office or other isolated location so as to minimize disruption of traffic flow in hallways;
4. the quantity or size of materials to be distributed;
5. whether distribution would require assignment of school district staff, use of school district equipment, or other resources;
6. whether distribution would require that non-school persons be present on

the school grounds;

7. whether the materials are a solicitation for goods or services not requested by the recipients.

V. TIME, PLACE, AND MANNER OF DISTRIBUTION

- A. No non-school-sponsored material shall be distributed during and at the place of a normal school activity if it is reasonably likely to cause a material and substantial disruption of that activity.
- B. Distribution of non-school-sponsored material is prohibited when it blocks the safe flow of traffic within corridors and entrance ways of the school, and school parking lots. Distribution shall not impede entrance to or exit from school premises in any way.
- C. No one shall coerce a student or staff member to accept any publication.
- D. The time, place, and manner of distribution will be solely within the discretion of the administration, consistent with the provisions of this policy.

VI. PROCEDURES

- A. Any student or employee wishing to distribute (as defined in this policy) non-school-sponsored material must first submit for approval a copy of the material to the principal at least 24 hours in advance of desired distribution time, together with the following information:
 1. Name and phone number of the person submitting the request and, if a student, the room number of his or her first-period class.
 2. Date(s) and time(s) of day intended for distribution.
 3. Location where material will be distributed.
 4. If material is intended for students, the grade(s) of students to whom the distribution is intended.
- B. Within one school day, the principal will review the request and render a decision. In the event that permission to distribute the material is denied or limited, the person submitting the request should be informed in writing of the reasons for the denial or limitation.
- C. If the person submitting the request does not receive a response within one school day, the person shall contact the office to verify that the lack of response was not due to an inability to locate the person.
- D. If the person is dissatisfied with the decision of the principal, the person may

submit a written request for appeal to the superintendent. If the person does not receive a response within three (3) school days (not counting Saturdays, Sundays, and holidays) of submitting the appeal, the person shall contact the office of the superintendent to verify that the lack of response is not due to an inability to locate the person.

- E. Permission or denial of permission to distribute material does not imply approval or disapproval of its contents by either the school, the administration of the school, the school board, or the individual reviewing the material submitted.

VII. DISCIPLINARY ACTION

- A. Distribution by any student of non-school-sponsored material prohibited herein or in violation of the provisions of time, place, and manner of distribution as described above will be halted and disciplinary action will be taken in accordance with the school district's Student Discipline Policy.
- B. Distribution by any employee of non-school-sponsored material prohibited herein or in violation of the provisions of time, place, and manner of distribution as described above will be halted and appropriate disciplinary action will be taken, in accordance with any individual contract, collective bargaining agreement, school district policies and procedures, and/or governing statute.
- C. Any other party violating this policy will be requested to leave the school property immediately and, if necessary, the police will be called.

VIII. NOTICE OF POLICY TO STUDENTS AND EMPLOYEES

A copy of this policy will be published in student handbooks and posted in school buildings.

IX. IMPLEMENTATION

The school district administration may develop any additional guidelines and procedures necessary to implement this policy for submission to the school board for approval. Upon approval by the school board, such guidelines and procedures shall be an addendum to this policy.

[Note: School districts are encouraged to consider additional guidelines which reflect varied local practices relating to this subject matter including addressing the subject of consistency and uniformity for approving or disapproving practices under this policy.]

Discipline Complaint Procedure

Students, parents and other guardians, and school staff (Complainant) may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the behavior and discipline policies are not being implemented appropriately or are being discriminately applied.

The discipline complaint process is initiated when a Complainant completes and submits a Discipline Complaint Form to the school district superintendent or the superintendent's designee.

A Discipline Complaint Form is available on the school district website and in administrative offices.

Investigation of the complaint will commence within three school days of receipt of the complaint. The superintendent will direct the investigation and will designate and identify the school district personnel who will manage the investigation and who are responsible for keeping and regulating access to any resulting record. The school district may use outside counsel as it sees fit.

Upon completion of the investigation, a Written Determination addressing each allegation and containing findings and conclusions will be issued to the Complainant in a manner consistent with the Minnesota Government Data Practices Act.

If the investigation finds the requirements of the Minnesota Pupil Fair Dismissal Act (Minnesota Statutes, sections 121A.40 to 121A.61), including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant school district staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future, the superintendent or the superintendent's designee will take necessary measures.

Reprisal or retaliation against any person who asserts, alleges, or reports a complaint is prohibited. The school district will take appropriate action consistent with Minnesota law and school district policies in the event that an individual or individuals are found to have engaged in reprisal or retaliation.

506 STUDENT DISCIPLINE

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statutes, section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

X. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district code of conduct, rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;

Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student

from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

C. Procedures for Removal of a Student From a Class.

J. Procedures for immediate and appropriate interventions for violations of the Code of Student Conduct are identified in each program handbook.

XII. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion, and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any

student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to use nonexclusionary disciplinary policies and procedures before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

The use of exclusionary practices for early learners as defined in Minnesota Statutes, section 121A.425 is prohibited. The use of exclusionary practices to address attendance and truancy issues is prohibited.

B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or

 - b. kindergarten through Grade 3.
2. This section does not apply to a dismissal from school for less than one school day, except as provided under Minnesota Statutes, chapter 125A and federal law for a student receiving special education services.
3. Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under Nonexclusionary discipline have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.

D. Suspension Procedures

1. “Suspension” means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.
3. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
4. The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for less than one day, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to

self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.

5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
6. Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statutes, section 123A.05 selected to allow the student to progress toward meeting graduation standards under Minnesota Statutes, section 120B.02, although in a different setting.
7. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
8. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the

principal or the principal's designee; and

- c. petition the juvenile court that the student is in need of services under Minnesota Statutes chapter 260C.
9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
10. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
11. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
12. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.

E. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the

school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56; describe the nonexclusionary disciplinary practices accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district must advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE) and is posted on its website.

6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the

proposed dismissal action may be based.

13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of the Minnesota Department of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minnesota Statutes section 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student

identification numbers of affected students.

21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

XIII. ADMISSION OR READMISSION PLAN

A school administrator must prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan must include measures to improve the student's behavior, which may include completing a character education program consistent with Minnesota Statutes, section 120B.232, subdivision 1, social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must include reasonable attempts to obtain parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XIV. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a school district employee by a pupil, and each pupil withdrawal agreement within thirty (30) days of the effective date of the dismissal action, pupil withdrawal, or assault, to the MDE Commissioner. This report must include a statement of the nonexclusionary disciplinary practices, or other sanction, intervention, or resolution in response to the assault given to the pupil and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the pupil's age, grade, gender, race, and special education status.

XV. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13.

XVI. STUDENTS WITH DISABILITIES

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a

necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XVII. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minnesota Statutes section 124D.03) or Enrollment in Nonresident District (Minnesota Statutes section 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minnesota Statutes chapter 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XVIII. DISCIPLINE COMPLAINT PROCEDURE

Students, parents and other guardians, and school staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;

2. provide an opportunity for involved parties to submit additional information related to the complaint;
3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;
4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and
6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

XIX. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XX. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

507 CORPORAL PUNISHMENT AND PRONE RESTRAINT

I. PURPOSE

The purpose of this policy is to describe limitations on the use of corporal punishment and prone restraint upon a student.

II. GENERAL STATEMENT OF POLICY

No employee or agent of the school district shall inflict corporal punishment or use prone restraint upon a student except as provided below.

III. DEFINITIONS

1. "Corporal punishment" means conduct involving:
 - a. hitting or spanking a person with or without an object; or
 - b. unreasonable physical force that causes bodily harm or substantial emotional harm.
2. "Prone restraint" means placing a child in a face-down position.

IV. PROHIBITIONS

1. An employee or agent of a district shall not inflict corporal punishment or cause corporal punishment to be inflicted upon a pupil to reform unacceptable conduct or as a penalty for unacceptable conduct.
2. An employee or agent of a district, including a school resource officer, security personnel, or police officer contracted with a district, shall not use prone or compressive restraint except that the restrictions on prone and compressive restraints do not apply under the circumstances enumerated in Minnesota Statutes, section 609.06, subdivision 1(1). All peace officers, including those who are school resource officers or otherwise agents of a school district, may use force as reasonably necessary to carry out official duties, including, but not limited to, making arrests and enforcing orders of the court.
3. An employee or agent of a district, including a school resource officer, security personnel, or police officer contracted with a district, shall not inflict any form of physical holding that restricts or impairs a pupil's ability to breathe; restricts or impairs a pupil's ability to communicate distress; places pressure or weight on a

pupil's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen; or results in straddling a pupil's torso.

4. Conduct that violates this Article is not a crime under Minnesota Statutes, section 645.241, but may be a crime under Minnesota Statutes, chapter 609 if the conduct violates a provision of Minnesota Statutes, chapter 609. Conduct that violates IV.1 above is not per se corporal punishment under the statute. Nothing in this Minnesota Statutes, section 121A.58 or 125A.0941 precludes the use of reasonable force under Minnesota Statutes, section 121A.582.

V. EXCEPTIONS

A teacher, school principal, and other school staff may use reasonable force under the conditions set forth in Policy 506 (Student Discipline).

VI. VIOLATION

Employees who violate the provisions of this policy shall be subject to disciplinary action as appropriate. Any such disciplinary action shall be made pursuant to and in accordance with applicable statutory authority, collective bargaining agreements, and school district policies. Violation of this policy may also result in civil or criminal liability for the employee.

508 EXTENDED SCHOOL YEAR FOR CERTAIN STUDENTS WITH INDIVIDUALIZED EDUCATION PROGRAMS

I. PURPOSE

The purpose of this policy is to ensure that the school district complies with the overall requirements of law as mandated for certain students subject to individualized education programs (IEPs) when necessary to provide a free appropriate public education (FAPE).

II. GENERAL STATEMENT OF POLICY

A. Extended School Year Services Must Be Available to Provide a FAPE. The school district shall provide extended school year (ESY) services to a student who is the subject of an IEP if the student's IEP team determines the services are necessary during a break in instruction in order to provide a FAPE.

B. Extended School Year Determination. At least annually, the IEP team must determine that a student is in need of ESY services if the student meets any of the following conditions:

1. There will be significant regression of a skill or acquired knowledge from the student's level of performance on an annual goal that requires more than the length of the break in instruction to recoup unless the IEP team determines a shorter time for recoupment is more appropriate; OR
2. Services are necessary for the student to attain and maintain self-sufficiency because of the critical nature of the skill addressed by an annual goal, the student's age and level of development, and the timeliness for teaching the skill; OR
3. The IEP team otherwise determines, given the student's unique needs, that ESY services are necessary to ensure the pupil receives a FAPE.

C. Required Factors Schools Must Consider in Making ESY Determinations. The IEP team must decide ESY eligibility using information including:

1. Prior observations of the student's regression and recoupment over the summer;
2. Observations of the student's tendency to regress over extended breaks in

instruction during the school year; and

3. Experience with other students with similar instructional needs.

D. Additional Factors to Consider, Where Relevant. In making its determination of ESY needs, the following factors must be considered, where relevant:

1. The student's progress and maintenance of skills during the regular school year.
2. The student's degree of impairment.
3. The student's rate of progress.
4. The student's behavioral or physical problems.
5. The availability of alternative resources.
6. The student's ability and need to interact with nondisabled peers.
7. The areas of the student's curriculum which need continuous attention.
8. The student's vocational needs.

E. No Unilateral Decisions.

In the course of providing ESY services to children with disabilities, the school district may not unilaterally limit the type, amount, or duration of those services.

F. Services to Nonresident Students Temporarily Placed in School District.

A school district may provide ESY services to nonresident children with disabilities temporarily placed in the school district in accordance with applicable state law.

514 BULLYING PROHIBITION POLICY

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The education district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the education district and the rights and welfare of its students and is within the control of the education district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the Education District in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited:
1. on the school premises, at the school functions or activities, on the school transportation;
 2. by the use of electronic technology and communications on the school premises, during the school functions or activities, on the school transportation, or on the school computers, networks, forums, and mailing lists; or
 3. by use of electronic technology and communications off the school premises to the extent such use substantially and materially disrupts student learning or the school environment.
- B. A school-aged child who voluntarily participates in a public school activity, such as a cocurricular or extracurricular activity, is subject to the policy provisions applicable to the public school students participating in the activity.
- C. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another

student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources. This policy also applies to sexual exploitation.

- D. Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status, status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota Statutes, chapter 363A is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.

Malicious and sadistic conduct and sexual exploitation by a school district or school staff member, independent contractor, or enrolled student against a staff member, independent contractor, or student that occurs as described in Article II. A above is prohibited.

- E. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- F. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- G. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- H. False accusations or reports of bullying against another student are prohibited.
- I. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The education district may take into account the following factors:
 - 1. The developmental ages and maturity levels of the parties involved;
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 - 3. Past incidences or past or continuing patterns of behavior;
 - 4. The relationship between the parties involved; and

5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The education district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the education district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from education district property and events.

- J. The education district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. “Bullying” means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:
 1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
 2. materially and substantially interferes with a student’s educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term “bullying” specifically includes cyberbullying, malicious and sadistic conduct, and sexual exploitation.

- B. “Cyberbullying” means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on education district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school

environment.

- C. “Immediately” means as soon as possible but in no event longer than 24 hours.
- D. “Intimidating, threatening, abusive, or harming conduct” means, but is not limited to, conduct that does the following:
 - 1. Causes physical harm to a student or a student’s property or causes a student to be in reasonable fear of harm to person or property;
 - 2. Under Minnesota common law, violates a student’s reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or
 - 3. Is directed at any student or students, including those based on a person’s actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.
- E. “Malicious and sadistic conduct” means creating a hostile learning environment by acting with the intent to cause harm by intentionally injuring another without just cause or reason or engaging in extreme or excessive cruelty or delighting in cruelty.
- F. “On school premises, on education district property, at school functions or activities, or on school transportation” means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. Education district property also may mean a student’s walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the education district does not represent that it will provide supervision or assume liability at these locations and events.
- G. “Prohibited conduct” means bullying, cyberbullying, malicious and sadistic conduct, sexual exploitation, or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about prohibited conduct.
- H. “Remedial response” means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.

- I. “Student” means a student enrolled in a public school or a charter school.

IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the education district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The education district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the education district office, but oral reports shall be considered complaints as well.
- C. The building principal, or the principal’s designee, or the building supervisor (hereinafter the “building report taker”) is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to an education district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the education district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the education district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. Education district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.
- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating

access to any report of bullying and the record of any resulting investigation.

- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The education district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the education district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. EDUCATION DISTRICT ACTION

- A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the education district shall undertake or authorize an investigation by the building report taker or a third party designated by the education district.
- B. The building report taker or other appropriate education district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the education district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See MSBA/MASA Model Policy 506) and other applicable school district policies; and applicable regulations.
- E. The education district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the education district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial

or disciplinary action taken, to the extent permitted by law.

- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the education district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The education district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the education district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

VII. TRAINING AND EDUCATION

- A. The education district shall discuss this policy with school personnel and volunteers and provide appropriate training to education district personnel regarding this policy. The education district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the education district. The education district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.
- B. The education district shall require ongoing professional development, consistent with Minnesota Statutes section 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:
 - 1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;

2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
 3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;
 4. The incidence and nature of cyberbullying; and
 5. Internet safety and cyberbullying.
- C. The education district annually will provide education and information to students regarding bullying, including information regarding this education district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.
- D. The administration of the education district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.
- E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

1. Engage all students in creating a safe and supportive school environment;
2. Partner with parents and other community members to develop and implement prevention and intervention programs;
3. Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;
4. Train student bystanders to intervene in and report incidents of bullying and other prohibited conduct to the schools' primary contact person;

5. Teach students to advocate for themselves and others;
 6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and
 7. Foster student collaborations that, in turn, foster a safe and supportive school climate.
- F. The education district may implement violence prevention and character development education programs to prevent or reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.
- G. The education district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The education district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy (See MSBA/MASA Model Policy 515) in the student handbook.

VIII. NOTICE

- A. The education district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.
- B. This policy must be conspicuously posted throughout each school building, in the administrative offices of the education district, and in the office of each school.
- C. This policy must be distributed to each education district or school employee and independent contractor at the time of hiring or contracting.
- D. Notice of the rights and responsibilities of students and their parents under this policy must be included in the student discipline policy (See MSBA/MASA Model Policy 506) distributed to parents at the beginning of each school year.
- E. This policy shall be available to all parents and other school community members in an electronic format in the language appearing on the education district's or a school's website.
- F. Each school must develop a process for discussing this policy with students, parents of students, independent contractors, and school employees.
- G. The school district shall provide an electronic copy of its most recently amended policy to the Minnesota Commissioner of Education.

IX. POLICY REVIEW

To the extent practicable, the school board shall, on a cycle consistent with other education district policies, review and revise this policy. The policy shall be made consistent with Minnesota Statutes, sections 121A.031 and 121A.0312 and other applicable law. Revisions shall be made in consultation with students, parents, and community organizations.

PUBLIC NOTICE

Education District No. 6049 gives notice to parents of students currently in attendance in the District, and eligible students currently in attendance in the District, of their rights regarding pupil records.

1. Parents and eligible students are hereby informed that they have the following rights:
 - a. That a parent or eligible student has a right to inspect and review the student's education records within 45 days after the day the request for access is received by the school district. A parent or eligible student should submit to the school district a written request to inspect education records which identify as precisely as possible the record or records he or she wishes to inspect. The parent or eligible student will be notified of the time and place where the records may be inspected;
 - b. That the parent or eligible student has a right to seek amendment of the student's education records to ensure that those records are not inaccurate, misleading, or otherwise in violation of the student's privacy rights. A parent or eligible student may ask the school district to amend a record that they believe is inaccurate or misleading. The request shall be in writing, identify the item the parent or eligible student believes to be inaccurate, misleading, or in violation of the privacy rights of the student, shall state the reason for this belief, and shall specify the correction the parent or eligible student wishes the school district to make. The request shall be signed by the parent or eligible student. If the school district decides not to amend the record as requested by the parent or eligible student, the school district will notify the parent or eligible student of the decision and advise him or her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing;
 - c. That the parent or eligible student has a right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that federal and state law and the regulations promulgated thereunder authorize disclosures without consent;
 - d. That the school district may disclose education records to other school officials within the school district if the school district has determined they have legitimate educational interests. For purposes of such disclosure, a "school official" is a person employed by the school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or other employee; a person serving on the school board; a person or company with whom the school district has consulted to perform a specific task (such as

an attorney, auditor, medical consultant, therapist, public information officer, or data practices compliance official); or a parent or student serving on an official committee, such as a disciplinary or grievance committee; or any individual assisting a school official in the performance of his or her tasks. A school official has a “legitimate educational interest” if the individual needs to review an education record in order to fulfill his or her professional responsibility and includes, but is not limited to, an interest directly related to classroom instruction, teaching, student achievement and progress, discipline of a student, and student health and welfare and the ability to respond to a request for educational data;

- e. That the school district forwards education records on request to a school or post-secondary educational institution in which a student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student’s enrollment, including information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, suspension and expulsion information pursuant to 20 U.S.C. § 7917, part of the federal Every Student Succeeds Act [*insert the following bracketed phrase if the school district has a policy regarding Staff Notification of Violent Behavior by Students*] [and data regarding a student’s history of violent behavior,] and any disposition order which adjudicates the student as delinquent for committing an illegal act on school district property and certain other illegal acts;
- f. That the parent or eligible student has a right to file a complaint with the U.S. Department of Education regarding an alleged failure by the school district to comply with the requirements of 20 U.S.C. § 1232g and the rules promulgated thereunder. The name and address of the office that administers the Family Education Rights and Privacy Act is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue S.W.
Washington, D.C. 20202-8520

- g. That the parent or eligible student has a right to obtain a copy of the education district’s policy regarding the protection and privacy of pupil records; and
 - h. That copies of the education district’s policy regarding the protection and privacy of school records are located at the program office.
2. Education District No. 6049 has adopted a school board policy in order to comply with state and federal laws regarding education records. The policy does the following:

- a. It classifies records as public, private, or confidential.
 - b. It establishes procedures and regulations to permit parents or students to inspect and review a student's education records. These procedures include the method of determining fees for copies, a listing of the locations of these education records, and the identity of the individuals in charge of the records.
 - c. It establishes procedures and regulations to allow parents or students to request the amendment of a student's education records to ensure that the records are not inaccurate, misleading, or otherwise in violation of the student's privacy rights.
 - d. It establishes procedures and regulations for access to and disclosure of education records.
 - e. It establishes procedures and regulations for safeguarding the privacy of education records and for obtaining prior written consent of the parent or student when required prior to disclosure.
3. Copies of the school board policy and accompanying procedures and regulations are available to parents and students upon written request to the Education District Director.
 4. Pursuant to applicable law, Education District No. 6049 gives notice to parents of students currently in attendance in the school district, and eligible students currently in attendance in the school district, of their rights regarding "directory information."

"Directory information" includes the following information relating to a student: the student's name; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status; participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; the most recent educational agency or institution attended by the student. "Directory information" also includes the name, address, and telephone number of the student's parent(s). "Directory information" does not include a student's social security number or a student's identification number (ID) if the ID may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number, password, or other factor known or possessed only by the authorized user. It also does not include identifying information on a student's religion, race, color, social position, or nationality.
 5. Pursuant to applicable law, Education District No. 6049 hereby gives notice to parents of students and eligible students in grades 11 and 12 of their rights regarding release of information to military recruiting officers and post-secondary educational institutions. The school district must release the names, addresses,

electronic mail address (which shall be the electronic mail addresses provided by the school district, if available, that may be released to military recruiters only), and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request. Data released to military recruiting officers under this provision may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military and cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces.

Notice: Refusal to release the above information to military recruiting officers and post-secondary educational institutions alone does not affect the school district's release of directory information to the public, including military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in the Directory Information section of this notice also must be followed. If you do not want your child's or eligible student's directory information released to military recruiting officers or post-secondary educational institutions, you also must notify the school district that you do not want this directory information released to any member of the public, including military recruiting officers and post-secondary educational institutions.

515 PROTECTION AND PRIVACY OF PUPIL RECORDS

I. PURPOSE

The education district recognizes its responsibility in regard to the collection, maintenance, and dissemination of pupil records and the protection of the privacy rights of students as provided in federal law and state statutes.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding the protection and privacy of parents and students are adopted by the education district, pursuant to the requirements of 20 United States Code, section 1232g, *et seq.*, (Family Educational Rights and Privacy Act (FERPA)) 34 Code of Federal Regulations part 99 and consistent with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes, chapter 13, and Minnesota Rules parts 1205.0100-1205.2000.

III. DEFINITIONS

A. Authorized Representative

“Authorized representative” means any entity or individual designated by the school district, state, or an agency headed by an official of the Comptroller of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or state and local educational authorities to conduct, with respect to federal or state supported education programs, any audit or evaluation or any compliance or enforcement activity in connection with federal legal requirements that relate to these programs.

B. Biometric Record

“Biometric record,” as referred to in “Personally Identifiable,” means a record of one or more measurable biological or behavioral characteristics that can be used for automated recognition of an individual (e.g., fingerprints, retina and iris patterns, voiceprints, DNA sequence, facial characteristics, and handwriting).

C. Dates of Attendance

“Dates of attendance,” as referred to in “Directory Information,” means the period of time during which a student attends or attended a school or schools in the education district, including attendance in person or by paper correspondence, videoconference, satellite, Internet, or other electronic information and

telecommunications technologies for students who are not in the classroom, and including the period during which a student is working under a work-study program. The term does not include specific daily records of a student's attendance at a school or schools in the education district.

D. Directory Information

1. "Directory information," under federal law, means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes the student's name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency or institution attended. It also includes the name, address, and telephone number of the student's parent(s). Directory information does not include:
 - a. a student's social security number;
 - b. a student's identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
 - c. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student's identity, such as a PIN, password, or other factor known or possessed only by the student;
 - d. personally identifiable data which references religion, race, color, social position, or nationality; or
 - e. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student's parent or guardian.
2. Under Minnesota law, a school district may not designate a student's home address, telephone number, email address, or other personal contact information as "directory information."

E. Education Records

1. What constitutes “education records.” Education records means those records that are: (1) directly related to a student; and (2) maintained by the school district or by a party acting for the school district.
2. What does not constitute education records. The term “education records” does not include:
 - a. Records of instructional personnel that are:
 - (1) kept in the sole possession of the maker of the record;
 - (2) used only as a personal memory aid;
 - (3) not accessible or revealed to any other individual except a temporary substitute teacher; and
 - (4) destroyed at the end of the school year.
 - b. Records of a law enforcement unit of the school district, provided education records maintained by the school district are not disclosed to the unit, and the law enforcement records are:
 - (1) maintained separately from education records;
 - (2) maintained solely for law enforcement purposes; and
 - (3) disclosed only to law enforcement officials of the same jurisdiction.
 - c. Records relating to an individual, including a student, who is employed by the school district which:
 - (1) are made and maintained in the normal course of business;
 - (2) relate exclusively to the individual in that individual’s capacity as an employee; and
 - (3) are not available for use for any other purpose.

However, records relating to an individual in attendance at the school district who is employed as a result of his or her status as a student are education records.

- d. Records relating to an eligible student, or a student attending an institution of post-secondary education, that are:
 - (1) made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or

paraprofessional acting in his or her professional or paraprofessional capacity or assisting in that capacity;

(2) made, maintained, or used only in connection with the provision of treatment to the student; and

(3) disclosed only to individuals providing the treatment; provided that the records can be personally reviewed by a physician or other appropriate professional of the student's choice. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are a part of the program of instruction within the school district.

e. Records created or received by the school district after an individual is no longer a student at the school district and that are not directly related to the individual's attendance as a student.

f. Grades on peer-related papers before the papers are collected and recorded by a teacher.

F. Education Support Services Data

"Education support services data" means data on individuals collected, created, maintained, used, or disseminated relating to programs administered by a government entity or entity under contract with a government entity designed to eliminate disparities and advance equities in educational achievement for youth by coordinating services available to participants, regardless of the youth's involvement with other government services. Education support services data does not include welfare data under Minnesota Statutes, section 13.46.

Unless otherwise provided by law, all education support services data are private data on individuals and must not be disclosed except according to Minnesota Statutes, section 13.05 or a court order.

G. Eligible Student

"Eligible student" means a student who has attained eighteen (18) years of age or is attending an institution of post-secondary education.

H. Juvenile Justice System

"Juvenile justice system" includes criminal justice agencies and the judiciary when involved in juvenile justice activities.

I. Legitimate Educational Interest

4. Perform a task directly related to responding to a request for data.

J. Parent

"Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent of the student in the absence of a parent or guardian. The school district may presume the parent has the authority to exercise the rights provided herein, unless it has been provided with evidence that there is a state law or court order governing such matters as marriage dissolution, separation or child custody, or a legally binding instrument which provides to the contrary.

K. Personally Identifiable

"Personally identifiable" means that the data or information includes, but is not limited to: (a) a student's name; (b) the name of the student's parent or other family member; (c) the address of the student or student's family; (d) a personal identifier such as the student's social security number or student number or biometric record; (e) other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; (f) other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or (g) information requested by a person who the school district reasonably believes knows the identity of the student to whom the education record relates.

P. Summary Data

“Summary data” means statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify the individual is ascertainable.

Q. Other Terms and Phrases

All other terms and phrases shall be defined in accordance with applicable state and federal law or ordinary customary usage.

IV. GENERAL CLASSIFICATION

State law provides that all data collected, created, received, or maintained by a school district are public unless classified by state or federal law as not public or private or confidential. State law classifies all data on individuals maintained by a school district which relates to a student as private data on individuals. This data may not be disclosed to parties other than the parent or eligible student without consent, except pursuant to a valid court order, certain state statutes authorizing access, and the provisions of FERPA and the regulations promulgated thereunder.

V. STATEMENT OF RIGHTS

A. Rights of Parents and Eligible Students

Parents and eligible students have the following rights under this policy:

1. The right to inspect and review the student’s education records;

2. The right to request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights;
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that such consent is not required for disclosure pursuant to this policy, state or federal law, or the regulations promulgated thereunder;
4. The right to refuse release of names, addresses, and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions;
5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school district to comply with the federal law and the regulations promulgated thereunder;
6. The right to be informed about rights under the federal law; and
7. The right to obtain a copy of this policy at the location set forth in Section XXI. of this policy.

B. Eligible Students

All rights and protections given to parents under this policy transfer to the student when he or she reaches eighteen (18) years of age or enrolls in an institution of post-secondary education. The student then becomes an "eligible student." However, the parents of an eligible student who is also a "dependent student" are entitled to gain access to the education records of such student without first obtaining the consent of the student. In addition, parents of an eligible student may be given access to education records in connection with a health or safety emergency if the disclosure meets the conditions of any provision set forth in 34 Code of Federal Regulations section 99.31(a).

C. Students with a Disability

The school district shall follow 34 Code of Federal Regulations sections 300.610-300.617 with regard to the privacy, notice, access, recordkeeping, and accuracy of information related to students with a disability.

VI. DISCLOSURE OF EDUCATION RECORDS

A. Consent Required for Disclosure

1. The education district shall obtain a signed and dated written informed consent of the parent of a student or the eligible student before disclosing personally identifiable information from the education records of the student, except as provided herein.

2. The written consent required by this subdivision must be signed and dated by the parent of the student or the eligible student giving the consent and shall include:
 - a. a specification of the records to be disclosed;
 - b. the purpose or purposes of the disclosure;
 - c. the party or class of parties to whom the disclosure may be made;
 - d. the consequences of giving informed consent; and
 - e. if appropriate, a termination date for the consent.
3. When a disclosure is made under this subdivision:
 - a. if the parent or eligible student so requests, the education district shall provide him or her with a copy of the records disclosed; and
 - b. if the parent of a student who is not an eligible student so requests, the school district shall provide the student with a copy of the records disclosed.
4. A signed and dated written consent may include a record and signature in electronic form that:
 - a. identifies and authenticates a particular person as the source of the electronic consent; and
 - b. indicates such person's approval of the information contained in the electronic consent.
5. If the responsible authority seeks an individual's informed consent to the release of private data to an insurer or the authorized representative of an insurer, informed consent shall not be deemed to have been given unless the statement is:
 - a. in plain language;
 - b. dated;
 - c. specific in designating the particular persons or agencies the data subject is authorizing to disclose information about the data subject;
 - d. specific as to the nature of the information the subject is authorizing to be disclosed;

- e. specific as to the persons or agencies to whom the subject is authorizing information to be disclosed;
- f. specific as to the purpose or purposes for which the information may be used by any of the parties named in Clause e. above, both at the time of the disclosure and at any time in the future; and
- g. specific as to its expiration date which should be within a reasonable time, not to exceed one year except in the case of authorizations given in connection with applications for: (i) life insurance or noncancellable or guaranteed renewable health insurance and identified as such, two years after the date of the policy, or (ii) medical assistance under Minnesota Statutes, chapter 256B or Minnesota Care under Minnesota Statutes, chapter 256L, which shall be ongoing during all terms of eligibility, for individualized education program health-related services provided by a school district that are subject to third party reimbursement.

6. Eligible Student Consent

Whenever a student has attained eighteen (18) years of age or is attending an institution of post-secondary education, the rights accorded to and the consent required of the parent of the student shall thereafter only be accorded to and required of the eligible student, except as provided in Section V. of this policy.

B. Prior Consent for Disclosure Not Required

The education district may disclose personally identifiable information from the education records of a student without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

- 1. To other school officials, including teachers, within the education district whom the school district determines have a legitimate educational interest in such records;
- 2. To a contractor, consultant, volunteer, or other party to whom the education district has outsourced institutional services or functions provided that the outside party:
 - a. performs an institutional service or function for which the education district would otherwise use employees;
 - b. is under the direct control of the education district with respect to the use and maintenance of education records; and
 - c. will not disclose the information to any other party without the prior consent of the parent or eligible student and uses the information

only for the purposes for which the disclosure was made;

3. To officials of other schools, school districts, or post-secondary educational institutions in which the student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer. The records shall include information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, and with proper annual notice (see Section XIX.), suspension and expulsion information pursuant to section 7917 of the federal Every Student Succeeds Act, 20 United States Code section 7917, and, if applicable, data regarding a student's history of violent behavior. The records also shall include a copy of any probable cause notice or any disposition or court order under Minnesota Statutes, section 260B.171, unless the data are required to be destroyed under Minnesota Statutes, section 120A.22, subdivision 7(c) or section 121A.75. On request, the school district will provide the parent or eligible student with a copy of the education records that have been transferred and provide an opportunity for a hearing to challenge the content of those records in accordance with Section XV. of this policy;
4. To authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or the Commissioner of the State Department of Education or his or her representative, subject to the conditions relative to such disclosure provided under federal law;
5. In connection with financial aid for which a student has applied or has received, if the information is necessary for such purposes as to:
 - a. determine eligibility for the aid;
 - b. determine the amount of the aid;
 - c. determine conditions for the aid; or
 - d. enforce the terms and conditions of the aid.

“Financial aid” for purposes of this provision means a payment of funds provided to an individual or a payment in kind of tangible or intangible property to the individual that is conditioned on the individual's attendance at an educational agency or institution;

6. To state and local officials or authorities to whom such information is specifically allowed to be reported or disclosed pursuant to state statute adopted:
 - a. before November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and such system's ability to

effectively serve the student whose records are released; or

- b. after November 19, 1974, if the reporting or disclosure allowed by state statute concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records are released, provided the officials and authorities to whom the records are disclosed certify in writing to the school district that the data will not be disclosed to any other party, except as provided by state law, without the prior written consent of the parent of the student. At a minimum, the school district shall disclose the following information to the juvenile justice system under this paragraph: a student's full name, home address, telephone number, and date of birth; a student's school schedule, attendance record, and photographs, if any; and parents' names, home addresses, and telephone numbers;
7. To organizations conducting studies for or on behalf of educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction; provided that the studies are conducted in a manner which does not permit the personal identification of parents or students by individuals other than representatives of the organization who have a legitimate interest in the information, the information is destroyed when no longer needed for the purposes for which the study was conducted, and the school district enters into a written agreement with the organization that: (a) specifies the purpose, scope, and duration of the study or studies and the information to be disclosed; (b) requires the organization to use personally identifiable information from education records only to meet the purpose or purposes of the study as stated in the written agreement; (c) requires the organization to conduct the study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the organization with legitimate interests; and (d) requires the organization to destroy all personally identifiable information when information is no longer needed for the purposes for which the study was conducted and specifies the time period in which the information must be destroyed. For purposes of this provision, the term, "organizations," includes, but is not limited to, federal, state, and local agencies and independent organizations. In the event the Department of Education determines that a third party outside of the school district to whom information is disclosed violates this provision, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years;
8. To accrediting organizations in order to carry out their accrediting functions;
9. To parents of a student eighteen (18) years of age or older if the student is a dependent of the parents for income tax purposes;

10. To comply with a judicial order or lawfully issued subpoena, provided, however, that the school district makes a reasonable effort to notify the parent or eligible student of the order or subpoena in advance of compliance therewith so that the parent or eligible student may seek protective action, unless the disclosure is in compliance with a federal grand jury subpoena, or any other subpoena issued for law enforcement purposes, and the court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed, or the disclosure is in compliance with an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code section 2332b(g)(5)(B), an act of domestic or international terrorism as defined in 18 U.S.C. § 2331, or a parent is a party to a court proceeding involving child abuse and neglect or dependency matters, and the order is issued in the context of the proceeding. If the school district initiates legal action against a parent or student, it may disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the school district to proceed with the legal action as a plaintiff. Also, if a parent or eligible student initiates a legal action against the school district, the school district may disclose to the court, without a court order or subpoena, the student's education records that are relevant for the school district to defend itself;
11. To appropriate parties, including parents of an eligible student, in connection with an emergency if knowledge of the information is necessary to protect the health, including the mental health, or safety of the student or other individuals. The decision is to be based upon information available at the time the threat occurs that indicates that there is an articulable and significant threat to the health or safety of a student or other individuals. In making a determination whether to disclose information under this section, the school district may take into account the totality of the circumstances pertaining to a threat and may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other students. A record of this disclosure must be maintained pursuant to Section XIII.E. of this policy. In addition, an educational agency or institution may include in the education records of a student appropriate information concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community. This information may be disclosed to teachers and school officials within the school district and/or teachers and school officials in other schools who have legitimate educational interests in the behavior of the student;
12. To the juvenile justice system if information about the behavior of a student who poses a risk of harm is reasonably necessary to protect the health or safety of the student or other individuals;

13. Information the school district has designated as “directory information” pursuant to Section VII. of this policy;
14. To military recruiting officers and post-secondary educational institutions pursuant to Section XI. of this policy;
15. To the parent of a student who is not an eligible student or to the student himself or herself;
16. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiologic investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted;
17. To volunteers who are determined to have a legitimate educational interest in the data and who are conducting activities and events sponsored by or endorsed by the educational agency or institution for students or former students;
18. To the juvenile justice system, on written request that certifies that the information will not be disclosed to any other person except as authorized by law without the written consent of the parent of the student:
 - a. the following information about a student must be disclosed: a student’s full name, home address, telephone number, date of birth; a student’s school schedule, daily attendance record, and photographs, if any; and any parents’ names, home addresses, and telephone numbers;
 - b. the existence of the following information about a student, not the actual data or other information contained in the student’s education record, may be disclosed provided that a request for access must be submitted on the statutory form and it must contain an explanation of why access to the information is necessary to serve the student: (1) use of a controlled substance, alcohol, or tobacco; (2) assaultive or threatening conduct that could result in dismissal from school under the Pupil Fair Dismissal Act; (3) possession or use of weapons or look-alike weapons; (4) theft; or (5) vandalism or other damage to property. Prior to releasing this information, the principal or chief administrative officer of a school who receives such a request must, to the extent permitted by federal law, notify the student’s parent or guardian by certified mail of the request to disclose information. If the student’s parent or guardian notifies the school official of an objection to the disclosure within ten (10) days of receiving certified notice, the school official must not disclose the information and instead must inform the requesting member of the juvenile justice

system of the objection. If no objection from the parent or guardian is received within fourteen (14) days, the school official must respond to the request for information.

The written requests of the juvenile justice system member(s), as well as a record of any release, must be maintained in the student's file;

19. To the principal where the student attends and to any counselor directly supervising or reporting on the behavior or progress of the student if it is information from a disposition order received by a superintendent under Minnesota Statutes, section 260B.171, subdivision 3. The principal must notify the counselor immediately and must place the disposition order in the student's permanent education record. The principal also must notify immediately any teacher or administrator who directly supervises or reports on the behavior or progress of the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other school district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student, outline the offense, and describe any conditions of probation about which the school must provide information if this information is provided in the disposition order. Disposition order information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information may not be further disseminated by the counselor, teacher, administrator, staff member, substitute, or volunteer except as necessary to serve the student, to protect students and staff, or as otherwise required by law, and only to the student or the student's parent or guardian;
20. To the principal where the student attends if it is information from a peace officer's record of children received by a superintendent under Minnesota Statutes, section 260B.171, subdivision 5. The principal must place the information in the student's education record. The principal also must notify immediately any teacher, counselor, or administrator directly supervising the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student and describe the alleged offense if this information is provided in the peace officer's notice. Peace officer's record

information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information must not be further disseminated by the counselor, teacher administrator, staff member, substitute, or volunteer except to communicate with the student or the student's parent or guardian as necessary to serve the student, to protect students and staff, or as otherwise required by law.

The principal must delete the peace officer's record from the student's education record, destroy the data, and make reasonable efforts to notify any teacher, counselor, staff member, administrator, substitute, or volunteer who received information from the peace officer's record if the county attorney determines not to proceed with a petition or directs the student into a diversion or mediation program or if a juvenile court makes a decision on a petition and the county attorney or juvenile court notifies the superintendent of such action;

21. To the Secretary of Agriculture, or authorized representative from the Food and Nutrition Service or contractors acting on behalf of the Food and Nutrition Service, for the purposes of conducting program monitoring, evaluations, and performance measurements of state and local educational and other agencies and institutions receiving funding or providing benefits of one or more programs authorized under the National School Lunch Act or the Child Nutrition Act of 1966 for which the results will be reported in an aggregate form that does not identify any individual, on the conditions that: (a) any data collected shall be protected in a manner that will not permit the personal identification of students and their parents by other than the authorized representatives of the Secretary; and (b) any personally identifiable data shall be destroyed when the data are no longer needed for program monitoring, evaluations, and performance measurements; or
22. To an agency caseworker or other representative of a State or local child welfare agency, or tribal organization (as defined in 25 United States Code section 5304), who has the right to access a student's case plan, as defined and determined by the State or tribal organization, when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student, provided that the education records, or the personally identifiable information contained in such records, of the student will not be disclosed by such agency or organization, except to an individual or entity engaged in addressing the student's education needs and authorized by such agency or organization to receive such disclosure and such disclosure is consistent with the State or tribal laws applicable to protecting the confidentiality of a student's education records.

C. Nonpublic School Students

The education district may disclose personally identifiable information from the education records of a nonpublic school student, other than a student who receives

shared time educational services, without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. Pursuant to a valid court order;
2. Pursuant to a statute specifically authorizing access to the private data; or
3. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiological investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted.

VII. RELEASE OF DIRECTORY INFORMATION

A. Educational Data

1. Educational data designated as directory information is public data on individuals to the extent required under federal law. Directory information must be designated pursuant to the provisions of:
 - a. Minnesota Statutes, section 13.32, subdivision 5; and
 - b. United States Code, title 20, section 1232g, and Code of Federal Regulations, title 34, section 99.37, which were in effect on January 3, 2012.
2. The school district may not designate a student's home address, telephone number, email address, or other personal contact information as directory information under this section.
3. When requested, the school district must share personal contact information and directory information, whether public or private, with the Minnesota Department of Education, as required for federal reporting purposes.

B. Former Students

Unless a former student validly opted out of the release of directory information while the student was in attendance and has not rescinded the opt out request at any time, the school district may disclose directory information from the education records generated by it regarding the former student without meeting the requirements of Paragraph C. of this section. In addition, under an explicit exclusion from the definition of an "education record," the school district may release records that only contain information about an individual obtained after he or she is no longer a student at the school district and that are not directly related to the individual's attendance as a student (e.g., a student's activities as an alumnus of the school district).

C. Present Students and Parents

The school district may disclose directory information from the education records of a student and information regarding parents without prior written consent of the parent of the student or eligible student, except as provided herein.

1. When conducting the directory information designation and notice process required by federal law, the school district shall give parents and students notice of the right to refuse to let the district designate specified data about the student as directory information.
2. The school district shall give annual notice by any means that are reasonably likely to inform the parents and eligible students of:
 - a. the types of personally identifiable information regarding students and/or parents that the school district has designated as directory information;
 - b. the parent's or eligible student's right to refuse to let the school district designate any or all of those types of information about the student and/or the parent as directory information; and
 - c. the period of time in which a parent or eligible student has to notify the school district in writing that he or she does not want any or all of those types of information about the student and/or the parent designated as directory information.
2. Allow a reasonable period of time after such notice has been given for a parent or eligible student to inform the school district in writing that any or all of the information so designated should not be disclosed without the parent's or eligible student's prior written consent, except as provided in Section VI. of this policy.
3. A parent or eligible student may not opt out of the directory information disclosures to:
 - a. prevent the school district from disclosing or requiring the student to disclose the student's name, ID, or school district e-mail address in a class in which the student is enrolled; or
 - b. prevent the school district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the school district as directory information.
4. The school district shall not disclose or confirm directory information without meeting the written consent requirements contained in Section

VI.A. of this policy if a student's social security number or other non-directory information is used alone or in combination with other data elements to identify or help identify the student or the student's records.

D. Procedure for Obtaining Nondisclosure of Directory Information

The parent's or eligible student's written notice shall be directed to the responsible authority and shall include the following:

1. Name of the student and/or parent, as appropriate;
2. Home address;
3. School presently attended by student;
4. Parent's legal relationship to student, if applicable; and
5. Specific categories of directory information to be made not public without the parent's or eligible student's prior written consent, which shall only be applicable for that school year.

E. Duration

The designation of any information as directory information about a student or parents will remain in effect for the remainder of the school year unless the parent or eligible student provides the written notifications provided herein.

VIII. DISCLOSURE OF PRIVATE RECORDS

A. Private Records

For the purposes herein, education records are records which are classified as private data on individuals by state law and which are accessible only to the student who is the subject of the data and the student's parent if the student is not an eligible student. The school district may not disclose private records or their contents except as summary data, or except as provided in Section VI. of this policy, without the prior written consent of the parent or the eligible student. The school district will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other party to whom personally identifiable information from education records is disclosed.

B. Private Records Not Accessible to Parent

In certain cases, state law intends, and clearly provides, that certain information contained in the education records of the school district pertaining to a student be accessible to the student alone, and to the parent only under special circumstances, if at all.

1. The responsible authority may deny access to private data by a parent when a minor student who is the subject of that data requests that the responsible authority deny such access. The minor student's request must be submitted in writing setting forth the reasons for denying access to the parent and must be signed by the minor. Upon receipt of such request the responsible authority shall determine if honoring the request to deny the parent access would be in the best interest of the minor data subject. In making this determination the responsible authority shall consider the following factors:
 - a. whether the minor is of sufficient age and maturity to be able to explain the reasons for and understand the consequences of the request to deny access;
 - b. whether the personal situation of the minor is such that denying parental access may protect the minor data subject from physical or emotional harm;
 - c. whether there are grounds for believing that the minor data subject's reasons for precluding parental access are reasonably accurate;
 - d. whether the data in question is of such a nature that disclosure of it to the parent may lead to physical or emotional harm to the minor data subject; and
 - e. whether the data concerns medical, dental or other health services provided pursuant to Minnesota Statutes, sections 144.341-144.347, in which case the data may be released only if the failure to inform the parent would seriously jeopardize the health of the minor.

C. Private Records Not Accessible to Student

Students shall not be entitled to access to private data concerning financial records and statements of the student's parent or any information contained therein.

D. Military-Connected Youth Identifier

When a school district updates its enrollment forms in the ordinary course of business, the school district must include a box on the enrollment form to allow students to self-identify as a military-connected youth. For purposes of this section, a "military-connected youth" means having an immediate family member, including a parent or sibling, who is currently in the armed forces either as a reservist or on active duty or has recently retired from the armed forces. Data collected under this provision is private data on individuals, but summary data may be published by the Department of Education.

IX. DISCLOSURE OF CONFIDENTIAL RECORDS

A. Confidential Records

Confidential records are those records and data contained therein which are made not public by state or federal law, and which are inaccessible to the student and the student's parents or to an eligible student.

B. Reports Under the Maltreatment of Minors Reporting Act

Pursuant to Minnesota Statutes, chapter 260E, written copies of reports pertaining to a neglected and/or physically and/or sexually abused child shall be accessible only to the appropriate welfare and law enforcement agencies. In respect to other parties, such data shall be confidential and will not be made available to the parent or the subject individual by the school district. The subject individual, however, may obtain a copy of the report from either the local welfare agency, county sheriff, or the local police department subject to the provisions of Minnesota Statutes, chapter 260E.

Regardless of whether a written report is made under Minnesota Statutes, chapter 260E, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

C. Investigative Data

Data collected by the school district as part of an active investigation undertaken for the purpose of the commencement or defense of pending civil legal action, or are retained in anticipation of a pending civil legal action are classified as protected nonpublic data in the case of data not on individuals, and confidential data in the case of data on individuals.

1. The education district may make any data classified as protected non-public or confidential pursuant to this subdivision accessible to any person, agency, or the public if the school district determines that such access will aid the law enforcement process, promote public health or safety, or dispel widespread rumor or unrest.
2. A complainant has access to a statement he or she provided to the education district.
3. Parents or eligible students may have access to investigative data of which the student is the subject, but only to the extent the data is not inextricably intertwined with data about other school district students, school district employees, and/or attorney data as defined in Minnesota Statutes, section 13.393.
4. Once a civil investigation becomes inactive, civil investigative data becomes public unless the release of the data would jeopardize another

pending civil legal action, except for those portions of such data that are classified as not public data under state or federal law. Any civil investigative data presented as evidence in court or made part of a court record shall be public. For purposes of this provision, a civil investigation becomes inactive upon the occurrence of any of the following events:

- a. a decision by the school district, or by the chief attorney for the school district, not to pursue the civil legal action. However, such investigation may subsequently become active if the school district or its attorney decides to renew the civil legal action;
 - b. the expiration of the time to file a complaint under the statute of limitations or agreement applicable to the civil legal action; or
 - c. the exhaustion or expiration of rights of appeal by either party to the civil legal action.
5. A “pending civil legal action” for purposes of this subdivision is defined as including, but not limited to, judicial, administrative, or arbitration proceedings.

D. Chemical Abuse Records

To the extent the school district maintains records of the identity, diagnosis, prognosis, or treatment of any student which are maintained in connection with the performance of any drug abuse prevention function conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, such records are classified as confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by law.

X. DISCLOSURE OF SCHOOL RECORDS PRIOR TO EXCLUSION OR EXPULSION HEARING

At a reasonable time prior to any exclusion or expulsion hearing, the student and the student’s parent or guardian or representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the action proposed by the school district may be based, pursuant to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, section 121A.40, *et seq.*

XI. DISCLOSURE OF DATA TO MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS

A. The education district will release the names, addresses, electronic mail address (which shall be the electronic mail addresses provided by the school district, if available, that may be released to military recruiting officers only), and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request unless a parent or eligible student has refused in writing to release this

data pursuant to Paragraph C. below.

- B. Data released to military recruiting officers under this provision:
1. may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military;
 2. cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces; and
 3. copying fees shall not be imposed.
- C. A parent or eligible student has the right to refuse the release of the name, address, electronic mail addresses (which shall be the electronic mail addresses provided by the school, if available, that may be released to military recruiting officers only) or home telephone number to military recruiting officers and post-secondary educational institutions. To refuse the release of the above information to military recruiting officers and post-secondary educational institutions, a parent or eligible student must notify the responsible program principal in writing by October 1st each year. The written request must include the following information:
1. Name of student and parent, as appropriate;
 2. Home address;
 3. Student's grade level;
 4. School presently attended by student;
 5. Parent's legal relationship to student, if applicable;
 6. Specific category or categories of information which are not to be released to military recruiting officers and post-secondary educational institutions; and
 7. Specific category or categories of information which are not to be released to the public, including military recruiting officers and post-secondary educational institutions.
- D. Annually, the school district will provide public notice by any means that are reasonably likely to inform the parents and eligible students of their rights to refuse to release the names, addresses, and home phone numbers of students in grades 11 and 12 without prior consent.
- E. A parent or eligible student's refusal to release the above information to military recruiting officers and post-secondary educational institutions does not affect the school district's release of directory information to the rest of the public, which

includes military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in Section VII. of this policy also must be followed. Accordingly, to the extent the school district has designated the name, address, home phone number, and grade level of students as directory information, absent a request from a parent or eligible student not to release such data, this information will be public data and accessible to members of the public, including military recruiting officers and post-secondary educational institutions.

XII. LIMITS ON REDISCLOSURE

A. Redisclosure

Consistent with the requirements herein, the school district may only disclose personally identifiable information from the education records of a student on the condition that the party to whom the information is to be disclosed will not disclose the information to any other party without the prior written consent of the parent of the student or the eligible student, except that the officers, employees, and agents of any party receiving personally identifiable information under this section may use the information, but only for the purposes for which the disclosure was made.

B. Redisclosure Not Prohibited

1. Subdivision A. of this section does not prevent the school district from disclosing personally identifiable information under Section VI. of this policy with the understanding that the party receiving the information may make further disclosures of the information on behalf of the school district provided:
 - a. The disclosures meet the requirements of Section VI. of this policy; and
 - b. The school district has complied with the record-keeping requirements of Section XIII. of this policy.
2. Subdivision A. of this section does not apply to disclosures made pursuant to court orders or lawfully issued subpoenas or litigation, to disclosures of directory information, to disclosures to a parent or student or to parents of dependent students, or to disclosures concerning sex offenders and other individuals required to register under 42 United States Code section 14071. However, the school district must provide the notification required in Section XII.D. of this policy if a redisclosure is made based upon a court order or lawfully issued subpoena.

C. Classification of Disclosed Data

The information disclosed shall retain the same classification in the hands of the party receiving it as it had in the hands of the school district.

D. Notification

The school district shall inform the party to whom a disclosure is made of the requirements set forth in this section, except for disclosures made pursuant to court orders or lawfully issued subpoenas, disclosure of directory information under Section VII. of this policy, disclosures to a parent or student, or disclosures to parents of a dependent student. In the event that the Family Policy Compliance Office determines that a state or local educational authority, a federal agency headed by an official listed in 34 Code of Federal Regulations section 99.31(a)(3), or an authorized representative of a state or local educational authority or a federal agency headed by an official listed in section 99.31(a)(3), or a third party outside of the school district improperly rediscloses personally identifiable information from education records or fails to provide notification required under this section of this policy, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years.

XIII. RESPONSIBLE AUTHORITY; RECORD SECURITY; AND RECORD KEEPING

A. Responsible Authority

The responsible authority shall be responsible for the maintenance and security of student records.

B. Record Security

The principal of each school subject to the supervision and control of the responsible authority shall be the records manager of the school, and shall have the duty of maintaining and securing the privacy and/or confidentiality of student records.

C. Plan for Securing Student Records

The building principal shall submit to the responsible authority a written plan for securing students records by September 1 of each school year. The written plan shall contain the following information:

1. A description of records maintained;
2. Titles and addresses of person(s) responsible for the security of student records;
3. Location of student records, by category, in the buildings;
4. Means of securing student records; and
5. Procedures for access and disclosure.

D. Review of Written Plan for Securing Student Records

The responsible authority shall review the plans submitted pursuant to Paragraph C. of this section for compliance with the law, this policy, and the various administrative policies of the school district. The responsible authority shall then promulgate a chart incorporating the provisions of Paragraph C. which shall be attached to and become a part of this policy.

E. Record Keeping

1. The principal shall, for each request for and each disclosure of personally identifiable information from the education records of a student, maintain a record, with the education records of the student, that indicates:
 - a. the parties who have requested or received personally identifiable information from the education records of the student;
 - b. the legitimate interests these parties had in requesting or obtaining the information; and
 - c. the names of the state and local educational authorities and federal officials and agencies listed in Section VI.B.4. of this policy that may make further disclosures of personally identifiable information from the student's education records without consent.
2. In the event the school district discloses personally identifiable information from an education record of a student pursuant to Section XII.B. of this policy, the record of disclosure required under this section shall also include:
 - a. the names of the additional parties to which the receiving party may disclose the information on behalf of the school district;
 - b. the legitimate interests under Section VI. of this policy which each of the additional parties has in requesting or obtaining the information; and
 - c. a copy of the record of further disclosures maintained by a state or local educational authority or federal official or agency listed in Section VI.B.4. of this policy in accordance with 34 Code of Federal Regulations section 99.32 and to whom the school district disclosed information from an education record. The school district shall request a copy of the record of further disclosures from a state or local educational authority or federal official or agency to whom education records were disclosed upon a request from a parent or eligible student to review the record of requests for disclosure.
3. Section XIII.E.1. does not apply to requests by or disclosure to a parent of

a student or an eligible student, disclosures pursuant to the written consent of a parent of a student or an eligible student, requests by or disclosures to other school officials under Section VI.B.1. of this policy, to requests for disclosures of directory information under Section VII. of this policy, or to a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or agency has ordered that the existence or the contents of the subpoena or the information provided in response to the subpoena not be disclosed or as directed by an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code section 2332b(g)(5)(B) or an act of domestic or international terrorism.

4. The record of requests of disclosures may be inspected by:
 - a. the parent of the student or the eligible student;
 - b. the school official or his or her assistants who are responsible for the custody of the records; and
 - c. the parties authorized by law to audit the record-keeping procedures of the school district.
5. The school district shall record the following information when it discloses personally identifiable information from education records under the health or safety emergency exception:
 - a. the articulable and significant threat to the health or safety of a student or other individual that formed the basis for the disclosure; and
 - b. the parties to whom the school district disclosed the information.
6. The record of requests and disclosures shall be maintained with the education records of the student as long as the school district maintains the student's education records.

XIV. RIGHT TO INSPECT AND REVIEW EDUCATION RECORDS

A. Parent of a Student, an Eligible Student or the Parent of an Eligible Student Who is Also a Dependent Student

The education district shall permit the parent of a student, an eligible student, or the parent of an eligible student who is also a dependent student who is or has been in attendance in the school district to inspect or review the education records of the student, except those records which are made confidential by state or federal law or as otherwise provided in Section VIII. of this policy.

B. Response to Request for Access

The education district shall respond to any request pursuant to Subdivision A. of this section immediately, if possible, or within ten (10) days of the date of the request, excluding Saturdays, Sundays, and legal holidays.

C. Right to Inspect and Review

The right to inspect and review education records under Subdivision A. of this section includes:

1. The right to a response from the school district to reasonable requests for explanations and interpretations of records; and
2. If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the education records, the school district shall provide the parent or eligible student with a copy of the records requested or make other arrangements for the parent or eligible student to inspect and review the requested records.
3. Nothing in this policy shall be construed as limiting the frequency of inspection of the education records of a student with a disability by the student's parent or guardian or by the student upon the student reaching the age of majority.

D. Form of Request

Parents or eligible students shall submit to the education district a written request to inspect education records which identify as precisely as possible the record or records he or she wishes to inspect.

E. Collection of Student Records

If a student's education records are maintained in more than one location, the responsible authority may collect copies of the records or the records themselves from the various locations so they may be inspected at one site. However, if the parent or eligible student wishes to inspect these records where they are maintained, the education district shall attempt to accommodate those wishes. The parent or eligible student shall be notified of the time and place where the records may be inspected.

F. Records Containing Information on More Than One Student

If the education records of a student contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information which pertains to that student.

G. Authority to Inspect or Review

The education district may presume that either parent of the student has authority to inspect or review the education records of a student unless the school district has been provided with evidence that there is a legally binding instrument or a state law or court order governing such matters as marriage dissolution, separation, or custody which provides to the contrary.

H. Fees for Copies of Records

1. The education district shall charge a reasonable fee for providing photocopies or printed copies of records unless printing a copy is the only method to provide for the inspection of data. In determining the amount of the reasonable fee, the education district shall consider the following:
 - a. the cost of materials, including paper, used to provide the copies;
 - b. the cost of the labor required to prepare the copies;
 - c. any schedule of standard copying charges established by the school district in its normal course of operations;
 - d. any special costs necessary to produce such copies from machine-based record-keeping systems, including but not limited to computers and microfilm systems; and
 - e. mailing costs.
2. If 100 or fewer pages of black and white, letter or legal size paper copies are requested, actual costs shall not be used, and, instead, the charge shall be no more than 25 cents for each page copied.
3. The cost of providing copies shall be borne by the parent or eligible student.
4. The responsible authority, however, may not impose a fee for a copy of an education record made for a parent or eligible student if doing so would effectively prevent or, in the case of a student with a disability, impair the parent or eligible student from exercising their right to inspect or review the student's education records.

XV. REQUEST TO AMEND RECORDS; PROCEDURES TO CHALLENGE DATA

A. Request to Amend Education Records

The parent of a student or an eligible student who believes that information contained in the education records of the student is inaccurate, misleading, or violates the privacy rights of the student may request that the education district amend those records.

1. The request shall be in writing, shall identify the item the requestor believes to be inaccurate, misleading, or in violation of the privacy or other rights of the student, shall state the reason for this belief, and shall specify the correction the requestor wishes the education district to make. The request shall be signed and dated by the requestor.
2. The education district shall decide whether to amend the education records of the student in accordance with the request within thirty (30) days after receiving the request.
3. If the education district decides to refuse to amend the education records of the student in accordance with the request, it shall inform the parent of the student or the eligible student of the refusal and advise the parent or eligible student of the right to a hearing under Subdivision B. of this section.

B. Right to a Hearing

If the education district refuses to amend the education records of a student, the school district, on request, shall provide an opportunity for a hearing in order to challenge the content of the student's education records to ensure that information in the education records of the student is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student. A hearing shall be conducted in accordance with Subdivision C. of this section.

1. If, as a result of the hearing, the education district decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall amend the education records of the student accordingly and so inform the parent of the student or the eligible student in writing.
2. If, as a result of the hearing, the education district decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the education district, or both.
3. Any statement placed in the education records of the student under Subdivision B. of this section shall:
 - a. be maintained by the education district as part of the education records of the student so long as the record or contested portion thereof is maintained by the school district; and
 - b. if the education records of the student or the contested portion thereof is disclosed by the education district to any party, the explanation shall also be disclosed to that party.

C. Conduct of Hearing

1. The hearing shall be held within a reasonable period of time after the education district has received the request, and the parent of the student or the eligible student shall be given notice of the date, place, and time reasonably in advance of the hearing.
2. The hearing may be conducted by any individual, including an official of the education district who does not have a direct interest in the outcome of the hearing. The school board attorney shall be in attendance to present the school board's position and advise the designated hearing officer on legal and evidentiary matters.
3. The parent of the student or eligible student shall be afforded a full and fair opportunity for hearing to present evidence relative to the issues raised under Subdivisions A. and B. of this section and may be assisted or represented by individuals of his or her choice at his or her own expense, including an attorney.
4. The education district shall make a decision in writing within a reasonable period of time after the conclusion of the hearing. The decision shall be based solely on evidence presented at the hearing and shall include a summary of evidence and reasons for the decision.

D. Appeal

The final decision of the designated hearing officer may be appealed in accordance with the applicable provisions of Minnesota Statutes, chapter 14 relating to contested cases.

XVI. PROBLEMS ACCESSING DATA

- A. The data practices compliance official is the designated employee to whom persons may direct questions or concerns regarding problems in obtaining access to data or other data practices problems.
- B. Data practices compliance official means Director of the Education District.
- C. Any request by an individual with a disability for reasonable modifications of the school district's policies or procedures for purposes of accessing records shall be made to the data practices compliance official.

XVII. COMPLAINTS FOR NONCOMPLIANCE WITH FERPA

A. Where to File Complaints

Complaints regarding alleged violations of rights accorded parents and eligible students by FERPA, and the rules promulgated thereunder, shall be submitted in

writing to the U.S. Department of Education, Student Privacy Policy Office, 400 Maryland Avenue S.W., Washington, D.C. 20202-8520.

B. Content of Complaint

A complaint filed pursuant to this section must contain specific allegations of fact giving reasonable cause to believe that a violation of FERPA and the rules promulgated thereunder has occurred.

XVIII. WAIVER

A parent or eligible student may waive any of his or her rights provided herein pursuant to FERPA. A waiver shall not be valid unless in writing and signed by the parent or eligible student. The school district may not require such a waiver.

XIX. ANNUAL NOTIFICATION OF RIGHTS

A. Contents of Notice

The education district shall give parents of students currently in attendance and eligible students currently in attendance annual notice by such means as are reasonably likely to inform the parents and eligible students of the following:

1. That the parent or eligible student has a right to inspect and review the student's education records and the procedure for inspecting and reviewing education records;
2. That the parent or eligible student has a right to seek amendment of the student's education records to ensure that those records are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights and the procedure for requesting amendment of records;
3. That the parent or eligible student has a right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that federal and state law and the regulations promulgated thereunder authorize disclosure without consent;
4. That the parent or eligible student has a right to file a complaint with the U.S. Department of Education regarding an alleged failure by the school district to comply with the requirements of FERPA and the rules promulgated thereunder;
5. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest for purposes of disclosing education records to other school officials whom the school district has determined to have legitimate educational interests; and

516.5 OVERDOSE MEDICATION

I. PURPOSE

As a means of enhancing the health and safety of its students, staff and visitors, the school district will acquire, administer, and store doses of an opiate antagonist, specifically Naloxone (Narcan)ⁱ, and administration devices or kits for emergency use to assist a student, staff member, or other individual believed or suspected to be experiencing an opioid overdose on school district property during the school day or at school district activities.

II. GENERAL STATEMENT OF POLICY

The school board authorizes school administration to obtain and possess opioid overdose reversal medication, such as Naloxone, to be maintained and administered to a student or other individual by trained school staff if the staff member determines in good faith that the person to whom the medication is administered is experiencing an opioid overdose. Authorization for obtaining, possessing and administering Naloxone or similar permissible medications under this policy are contingent upon: 1) the continued validity of state and federal law that permit a person who is not a healthcare professional to dispense an opiate antagonist to the school district and its employees by law; 2) that the school district and its staff are immune from criminal prosecution and not otherwise liable for civil damages for administering the opiate antagonist to another person who the staff member believes in good faith to be suffering from a drug overdose; and 3) the availability of funding either from outside sources or as approved by the school board to obtain and administer opioid overdose reversal medication.

III. DEFINITIONS

- A. **“Drug-related overdose”** means an acute condition, including mania, hysteria, extreme physical illness, respiratory depression or coma, resulting from the consumption or use of a controlled substance, or another substance with which a controlled substance was combined, and that a layperson would reasonably believe to be a drug overdose that requires immediate medical assistance.
- B. **“Naloxone Coordinator”** is a school district staff person or administrator appointed to monitor adherence to protocols outlined in this policy and referenced procedures. The Naloxone Coordinator is responsible for building-level administration and management of Opiate Antagonist medications and supplies.

The school district's Naloxone Coordinator is [insert title of staff person appointed as coordinator].

- C. **“Opiate”** means any dangerous substance having an addiction forming or addiction sustaining liability similar to morphine or being capable of conversion into a drug having such addiction forming or addiction sustaining liability.
- D. **“Opiate Antagonist”** means naloxone hydrochloride (“Naloxone”) or any similarly acting drug approved by the federal Food and Drug Administration for the treatment of a drug overdose.
- E. **“Standing Order”** means directions from the school district’s medical provider that sets forth how to house and administer Naloxone or other Opiate Antagonist medications to students, staff members or other individuals believed or suspected to be experiencing an opioid overdose. This Standing Order should include the following information:
 - 1. Administration type
 - 2. Dosage
 - 3. Date of issuance
 - 4. Signature of the authorized provider

IV. GENERAL STATEMENT OF POLICY AND RESPONSIBILITIES

- A. The education district must maintain a supply of opiate antagonists at each school site to be administered in compliance with Minnesota law. Each school building must have two doses of nasal naloxone available on-site.
- B. A licensed physician, a licensed advanced practice registered nurse authorized to prescribe drugs pursuant to Minnesota Statutes, section 148.235, or a licensed physician assistant may authorize a nurse or other personnel employed by, or under contract with, a public school may be authorized to administer opiate antagonists as defined under Minnesota Statutes, section 604A.04, subdivision 1.
- C. A licensed practical nurse is authorized to possess and administer an opiate antagonist in a school setting notwithstanding Minnesota Statutes, 148.235, subdivisions 8 and 9.
- D. School District Collaborative Planning and Implementation Team

To the extent Naloxone is obtained for use consistent with this policy, the education district will establish a school district-wide collaborative planning and implementation team (“Education District Planning Team”) who will oversee the

general development and operations related to the use of opiate antagonist Naloxone and regularly report to the school board as to its activities.

1. The Education District Planning Team will include the Naloxone Coordinator and may include the superintendent (or designee), school nurse, public health experts, first responders, student or family representatives, and community partners who will be assigned to the Team by the superintendent or designee or solicited as volunteers by the superintendent.
2. The Education District Planning Team, through the Naloxone Coordinator, will obtain a protocol or Standing Order from a licensed medical prescriber for the use of Naloxone or other Opiate Antagonist by school district staff in all school facilities and activities and will update or renew the protocol or Standing Order annually or as otherwise required. A copy of the protocol or Standing Order will be maintained in the office of the Naloxone Coordinator.
3. The Education District Planning Team will develop school district-wide guidelines and procedures and determine the form(s) of Naloxone to be used within the school district (nasal, auto injector, manual injector) and the method and manner of arranging for the financing and purchasing, storage and use of Naloxone to be approved by the school board. Once approved by the school district board, these guidelines and procedures will be attached and incorporated into this policy. At a minimum, these guidelines and procedures will:
 - a. Ensure that when Naloxone is administered, education district employees must activate the community emergency response system (911) to ensure additional medical support due to the limited temporary effect of Naloxone and the continued need of recipients of additional medical care;
 - b. Require education district employees to contact a school district healthcare professional to obtain medical assistance for the recipient of the Naloxone, if possible, pending arrival of emergency personnel;
 - c. Direct education district employees to make immediate attempts to determine if the recipient is a minor and, if so, locate the identity of the parent or guardian of the minor and ensure contact with that parent or guardian is made as soon as possible after administration of the Naloxone for the purpose of informing the parent or guardian of the actions that have been taken; and
 - d. Require education district staff to inform the building administrator or other administrator overseeing an event or activity of the

administration of Naloxone, as well as the Naloxone Coordinator, after taking necessary immediate emergency steps.

4. The Education District Planning Team will determine the type and method of annual training, identify staff members at each school site to be trained and coordinate the implementation of the training with the assistance of the Naloxone Coordinator.

E. Site Planning Teams

1. In consultation with the Education District Planning Team, the administrator at each school site may establish, in the manner the superintendent or Naloxone Coordinator deems appropriate, a Site Planning Team within the school site.
2. The Site Planning Team will be responsible for the coordination and implementation of this policy, school district-wide guidelines and procedures within the school site and will develop and implement any specific guidelines and procedure for the storage and use of Naloxone within the school site in a manner consistent with this policy and school district wide procedures and guidelines.

F. Education District Staff

Education district staff members will be responsible for attending all required training pertaining to the policy, procedures and guidelines for the storage and use of Naloxone and performing any assigned responsibilities pursuant to the guidelines and procedures.

V. NALOXONE STORAGE

- A. The Site Planning Team will select numerous Naloxone storage locations within the school site-
- B. The selected storage locations of Naloxone will be classified as non-public "security information" as the school board has determined that the disclosure of this data to the general public would be likely to substantially jeopardize the security of the medication that could be subject to theft, tampering, and improper use. Therefore, the identity of the storage locations will be shared only with those school district staff members whom the Education District Planning Team or Site Team have determined need access to this information to aid public health and safety as determined in the procedures and guidelines.
- C. Stock Naloxone will be clearly labeled, monitored for expiration dates, and stored in a secured location that is accessible by trained staff as set forth in paragraph V.B.

VI. Privacy Protections

The education district will maintain the privacy of students and staff related to the administration of Naloxone as required by law.

516 STUDENT MEDICATION

I. PURPOSE

The purpose of this policy is to set forth the provisions that must be followed when administering nonemergency prescription medication to students at school.

II. GENERAL STATEMENT OF POLICY

The education district acknowledges that some students may require prescribed drugs or medication during the school day. The education district's licensed school nurse, trained health clerk, principal, or teacher will administer prescribed medications, except any form of medical cannabis, in accordance with law and education district procedures.

III. REQUIREMENTS

- A. The administration of prescription medication or drugs at school requires a completed signed request from the student's parent. An oral request must be reduced to writing within two school days, provided that the school district may rely on an oral request until a written request is received.
- B. An "Administering Prescription Medications" form must be completed annually (once per school year) and/or when a change in the prescription or requirements for administration occurs. Prescription medication as used in this policy does not include any form of medical cannabis as defined in Minnesota Statutes section 152.22, subdivision 6.
- C. Prescription medication must come to school in the original container labeled for the student by a pharmacist in accordance with law and must be administered in a manner consistent with the instructions on the label.
- D. The school nurse may request to receive further information about the prescription, if needed, prior to administration of the substance.
- E. Prescription medications are not to be carried by the student, but will be left with the appropriate education district personnel. Exceptions to this requirement are: prescription asthma medications self-administered with an inhaler (See Part J.5. below), and medications administered as noted in a written agreement between the school district and the parent or as specified in an IEP (individualized education program), Section 504 plan, or IHP (individual health plan).
- F. The school must be notified immediately by the parent or student 18 years old or

older in writing of any change in the student's prescription medication administration. A new medical authorization or container label with new pharmacy instructions shall be required immediately as well.

- G. For drugs or medicine used by children with a disability, administration may be as provided in the IEP, Section 504 plan or IHP.
- H. The school nurse, or other designated person, shall be responsible for the filing of the Administering Prescription Medications form in the health records section of the student file. The school nurse, or other designated person, shall be responsible for providing a copy of such form to the principal and to other personnel designated to administer the medication.
- I. Procedures for administration of drugs and medicine at school and school activities shall be developed in consultation with a school nurse, a licensed school nurse, or a public or private health organization or other appropriate party (if appropriately contracted by the school district under Minnesota Statutes section 121A.21). The school district administration shall submit these procedures and any additional guidelines and procedures necessary to implement this policy to the school board for approval. Upon approval by the school board, such guidelines and procedures shall be an addendum to this policy.
- J. If the administration of a drug or medication described in this section requires the school district to store the drug or medication, the parent or legal guardian must inform the school if the drug or medication is a controlled substance. For a drug or medication that is not a controlled substance, the request must include a provision designating the school district as an authorized entity to transport the drug or medication for the purpose of destruction if any unused drug or medication remains in the possession of school personnel. For a drug or medication that is a controlled substance, the request must specify that the parent or legal guardian is required to retrieve the drug or controlled substance when requested by the school.
- K. Specific Exceptions:
 - 1. Special health treatments and health functions such as catheterization, tracheostomy suctioning, and gastrostomy feedings do not constitute administration of drugs and medicine;
 - 2. Emergency health procedures, including emergency administration of drugs and medicine are not subject to this policy;
 - 3. Drugs or medicine provided or administered by a public health agency to prevent or control an illness or a disease outbreak are not governed by this policy;
 - 4. Drugs or medicines used at school in connection with services for which a minor may give effective consent are not governed by this policy;

5. Drugs or medicines that are prescription asthma or reactive airway disease medications can be self-administered by a student with an asthma inhaler if:
 - a. the school district has received a written authorization from the pupil's parent permitting the student to self-administer the medication;
 - b. the inhaler is properly labeled for that student; and
 - c. the parent has not requested school personnel to administer the medication to the student.

The parent must submit written authorization for the student to self-administer the medication each school year. In a school that does not have a school nurse or school nursing services, the student's parent or guardian must submit written verification from the prescribing professional which documents that an assessment of the student's knowledge and skills to safely possess and use an asthma inhaler in a school setting has been completed.

If the education district employs a school nurse or provides school nursing services under another arrangement, the school nurse or other appropriate party must assess the student's knowledge and skills to safely possess and use an asthma inhaler in a school setting and enter into the student's school health record a plan to implement safe possession and use of asthma inhalers;

6. Medications:
 - a. that are used off school grounds;
 - b. that are used in connection with athletics or extracurricular activities; or
 - c. that are used in connection with activities that occur before or after the regular school day

are not governed by this policy.

7. Nonprescription Medication. A secondary student may possess and use nonprescription pain relief in a manner consistent with the labeling, if the education district has received written authorization from the student's parent or guardian permitting the student to self-administer the medication. The parent or guardian must submit written authorization for the student to self-administer the medication each school year. The education district may revoke a student's privilege to possess and use nonprescription pain relievers if the school district determines that the student is abusing the

privilege. This provision does not apply to the possession or use of any drug or product containing ephedrine or pseudoephedrine as its sole active ingredient or as one of its active ingredients. Except as stated in this paragraph, only prescription medications are governed by this policy.

8. At the start of each school year or at the time a student enrolls in school, whichever is first, a student's parent, school staff, including those responsible for student health care, and the prescribing medical professional must develop and implement an individualized written health plan for a student who is prescribed epinephrine auto-injectors that enables the student to:
 - a. possess of epinephrine auto-injectors; or
 - b. if the parent and prescribing medical professional determine the student is unable to possess the epinephrine, have immediate access to epinephrine auto-injectors in close proximity to the student at all times during the instructional day.

The plan must designate the school staff responsible for implementing the student's health plan, including recognizing anaphylaxis and administering epinephrine auto-injectors when required, consistent with state law. This health plan may be included in a student's § 504 plan.

9. A student may possess and apply a topical sunscreen product during the school day while on school property or at a school-sponsored event without a prescription, physician's note, or other documentation from a licensed health care professional. School personnel are not required to provide sunscreen or assist students in applying sunscreen.

L. "Parent" for students 18 years old or older is the student.

M. Districts and schools may obtain and possess epinephrine auto-injectors to be maintained and administered by school personnel to a student or other individual if, in good faith, it is determined that person is experiencing anaphylaxis regardless of whether the student or other individual has a prescription for an epinephrine auto-injector. The administration of an epinephrine auto-injector in accordance with this section is not the practice of medicine.

A district or school may enter into arrangements with manufacturers of epinephrine auto-injectors to obtain epinephrine auto-injectors at fair-market, free, or reduced prices. A third party, other than a manufacturer or supplier, may pay for a school's supply of epinephrine auto-injectors.

N. Procedure regarding unclaimed drugs or medications.

1. The school district has adopted the following procedure for the collection and transport of any unclaimed or abandoned prescription drugs or medications

remaining in the possession of school personnel in accordance with this policy. Before the transportation of any prescription drug or medication under this policy, the school district shall make a reasonable attempt to return the unused prescription drug or medication to the student's parent or legal guardian. Transportation of unclaimed or unused prescription drugs or medications will occur at least annually, but may occur more frequently at the discretion of the school district.

2. If the unclaimed or abandoned prescription drug is not a controlled substance as defined under Minnesota Statutes section 152.01, subdivision 4, or is an over-the-counter medication, the school district will either designate an individual who shall be responsible for transporting the drug or medication to a designated drop-off box or collection site or request that a law enforcement agency transport the drug or medication to a drop-off box or collection site on behalf of the school district.
3. If the unclaimed or abandoned prescription drug is a controlled substance as defined in Minnesota Statutes section 152.01, subdivision 4, the school district or school personnel is prohibited from transporting the prescription drug to a drop-off box or collection site for prescription drugs identified under this paragraph. The school district must request that a law enforcement agency transport the prescription drug or medication to a collection bin that complies with Drug Enforcement Agency regulations, or if a site is not available, under the agency's procedure for transporting drugs.

518 DNR-DNI ORDERS

I. PURPOSE

The school district recognizes that it is serving students with complex health needs. The school district also recognizes that school district staff may be confronted with requests to withhold emergency care of a student in the event of a life-threatening situation at school or school activities or be presented with Do Not Resuscitate/Do Not Intubate (DNR-DNI) orders. The purpose of this policy is to provide guidance to school district staff and parents or guardians in these situations.

II. GENERAL STATEMENT OF POLICY

- A. The primary mission of the school district is education. DNR-DNI orders are medical documents. School district staff will not accept or honor requests to withhold emergency care or DNR-DNI orders. The school district will not convey such orders to emergency medical personnel.
- B. School district staff will provide reasonable emergency care and assistance when a student is undergoing a medical emergency during school or school activities.
- C. School district staff will activate emergency medical services (911) as soon as possible when a student is undergoing a medical emergency during school or school activities.
- D. The parent/guardian will be notified of the emergency as soon as possible.
- E. Notwithstanding this school district policy, IEP and Section 504 teams must develop individualized medical emergency care plans for students when appropriate in accordance with state and federal law.
- F. Parents/guardians who request that emergency care be withheld for their child or who present DNR-DNI orders, shall be advised of and shall be given a copy of this policy.

519 INTERVIEWS OF STUDENTS BY OUTSIDE AGENCIES

I. PURPOSE

There are occasions in which persons other than education district officials and employees find it necessary to speak with a student during the school day. Student safety and disruption of the educational program is of concern to the education district. The purpose of this policy is to establish the procedures for access to students by authorized individuals during the school day.

II. GENERAL STATEMENT OF POLICY

- A. Generally, students may not be interviewed during the school day by persons other than a student's parents, school district officials, employees and/or agents, except as otherwise provided by law and/or this policy.
- B. Requests from law enforcement officers and those other than a student's parents, school district officials, employees and/or agents to interview students shall be made through the principal's office. Upon receiving a request, it shall be the responsibility of the principal to determine whether the request will be granted. Prior to granting a request, the principal shall attempt to contact the student's parents to inform them of the request, except where otherwise prohibited by law.

III. INTERVIEWS CONDUCTED UNDER THE MALTREATMENT OF MINORS ACT

- A. In the case of an investigation pursuant to the Reporting of Maltreatment of Minors Act, Minnesota Statutes Chapter 260E, a local welfare agency, the agency responsible for investigating the report, and a local law enforcement agency may interview, without parental consent, an alleged victim and any minors who currently reside with or who have resided with the alleged perpetrator. The interview may take place at school and during school hours. School district officials will work with the local welfare agency, the agency responsible for investigating the report, or law enforcement agency to select a place appropriate for the interview. The interview may take place outside the presence of the perpetrator or parent, legal custodian, guardian, or school district official.
- B. If the interview took place or is to take place on school district property, an order of the juvenile court pursuant to Minnesota Statutes Chapter 260E may specify that school district officials may not disclose to the parent, legal custodian, or guardian the contents of the notification of intent to interview the child on school district property and/or any other related information regarding the interview that may be

a part of the child's record. The school district official must receive a copy of the order from the local welfare or law enforcement agency.

- C. When the local welfare agency, local law enforcement agency, or agency responsible for assessing or investigating a report of maltreatment determines that an interview should take place on school district property, school district officials must receive written notification of intent to interview the child on school district property prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school district property. Where the interviews are conducted by the local welfare agency, the notification must be signed by the chair of the local social services agency or the chair's designee. The notification is private educational data on the student. School district officials may not disclose to the parent, legal custodian or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded, unless a school employee or agent is alleged to have maltreated the child. Until school district officials receive said notification, all inquiries regarding the nature of the investigation or assessment should be directed to the local welfare or law enforcement agency or the agency responsible for assessing or investigating a report of maltreatment shall be solely responsible for any disclosure regarding the nature of the assessment or investigation.
- D. School district officials shall have discretion to reasonably schedule the time, place, and manner of an interview by a local welfare or local law enforcement agency on school district premises. However, where the alleged perpetrator is believed to be a school district official or employee, the local welfare or local law enforcement agency will have discretion to determine where the interview will be held. The interview must be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school district officials and the local welfare or law enforcement agency. However, school district officials must yield to the discretion of the local welfare or law enforcement agency concerning other persons in attendance at the interview. School district officials will make every effort to reduce the disruption to the educational program of the child, other students, or school staff when an interview is conducted on school district premises.
- E. Students shall not be taken from school district property without the consent of the principal and without proper warrant.

520 STUDENT SURVEYS

I. PURPOSE

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. The purpose of this policy is to establish the parameters of information that may be sought in student surveys.

II. GENERAL STATEMENT OF POLICY

Student surveys may be conducted as determined necessary by the school district. Surveys, analyses, and evaluations conducted as part of any program funded through the U.S. Department of Education must comply with 20 United States Code section 1232h.

III. STUDENT SURVEYS IN GENERAL

- A. Student surveys will be conducted anonymously and in an indiscernible fashion. No mechanism will be used for identifying the participating student in any way. No attempt will be made in any way to identify a student survey participant. No requirement that the student return the survey shall exist, and no record of the student's returning a survey will be maintained.
- B. The director may choose not to approve any survey that seeks probing personal and/or sensitive information that could result in identifying the survey participant, or is discriminatory in nature based on age, race, color, sex, disability, religion, or national origin.
- C. Surveys containing questions pertaining to the student's or the student's parent(s) or guardian(s) personal beliefs or practices in sex, family life, morality, and religion will not be administered to any student unless the parent or guardian of the student is notified in writing that such survey is to be administered and the parent or guardian of the student gives written permission for the student to participate or has the opportunity to opt out of the survey depending upon how the survey is funded. Any and all documents containing the written permission of a parent for a student to participate in a survey will be maintained by the school district in a file separate from the survey responses.
- D. Although the survey is conducted anonymously, potential exists for personally identifiable information to be provided in response thereto. To the extent that personally identifiable information of a student is contained in his or her responses

to a survey, the school district will take appropriate steps to ensure the data is protected in accordance with Minnesota Statutes chapter 13 (Minnesota Government Data Practices Act), 20 United States Code section 1232g (Family Educational Rights and Privacy Act) and 34 Code of Federal Regulations Part 99.

- E. The school district must not impose an academic or other penalty on a student who opts out of participating in a student survey.

IV. STUDENT SURVEYS CONDUCTED AS PART OF DEPARTMENT OF EDUCATION PROGRAM

- 34. All instructional materials, including teacher's manuals, films, tapes, or other supplementary material which will be used in connection with any survey, analysis, or evaluation as part of any program funded in whole or in part by the U.S. Department of Education, shall be available for inspection by the parents or guardians of the students.

- B. No student shall be required, as part of any program funded in whole or in part by the U.S. Department of Education, without the prior consent of the student (if the student is an adult or emancipated minor), or, in the case of an unemancipated minor, without the prior written consent of the parent, to submit to a survey that reveals information concerning:

- 34. political affiliations or beliefs of the student or the student's parent;
- 2. mental and psychological problems of the student or the student's family;
- 3. sex behavior or attitudes;
- 4. illegal, antisocial, self-incriminating, or demeaning behavior;
- 5. critical appraisals of other individuals with whom respondents have close family relationships;
- 6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;

(34) “Personal information” means individually identifiable information including a student or parent’s first and last name; a home or other physical address (including street name and the name of the city or town); a telephone number; or a Social Security identification number.

€ the sale by students of products or services to raise funds for school-related or education-related activities; and

(f) student recognition programs.

(3) The right of a parent to inspect, on request, any instrument used in the collection of information, as described in Section IV.C.1., Subparagraph e., above, before the instrument is administered or distributed to a student and procedures for granting a request by a parent for reasonable access to such an instrument within a reasonable period of time after the request is received.

2. The policies adopted under Section IV.C., Subparagraph 1., above, shall provide for reasonable notice of the adoption or continued use of such policies directly to parents of students enrolled in or served by the school district.
 34. The notice will be provided at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in a policy.
 - b. The notice will provide parents with an opportunity to opt out of participation in the following activities:
 - (34) Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, or otherwise providing that information to others for that purpose.
 - (2) The administration of any third-party survey (non-Department of Education funded) containing one or more of the items contained in Section IV.B., above.
 - (3) Any nonemergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student or other students.

“Invasive physical examination” means any medical examination that involves the exposure of private body parts, or act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.
 - c. The notice will advise students of the specific or approximate dates during the school year when the activities in Section IV.C.2., Subparagraph b., above, are scheduled, or expected to be scheduled.
 - d. The notice provisions shall not be construed to preempt applicable provisions of state law that require parental notification and do not apply to any physical examination or screening that is permitted or required by applicable state law, including physical examinations or screenings that are permitted without parental notification.

V. NOTICE

34. The school district must give parents and students notice of this policy at the

beginning of each school year and after making substantive changes to this policy.

- B. The school district must inform parents at the beginning of the school year if the district or school has identified specific or approximate dates for administering surveys and give parents reasonable notice of planned surveys scheduled after the start of the school year. The school district must give parents direct, timely notice when their students are scheduled to participate in a student survey by United States mail, e-mail, or another direct form of communication.

- B. The responsibility of the school district is to identify and evaluate learners who, within the intent of Section 504, need services, accommodations, or programs in order that such learners may receive a free appropriate public education.
- C. For this policy, a learner who is protected under Section 504 is one who:
 - 1. has a physical or mental impairment that substantially limits one or more of such person's major life activities; or
 - 2. has a record of such an impairment; or
 - 3. is regarded as having such an impairment.
- D. Learners may be protected from disability discrimination and be eligible for services, accommodations, or programs under the provisions of Section 504 even though they are not eligible for special education pursuant to the Individuals with Disabilities Education Act.

III. COORDINATOR

Persons who have questions or comments should contact the ALC principal (507)359-8700. This person is the school district's Americans with Disabilities Act/Section 504 coordinator. 522 TITLE IX SEX NONDISCRIMINATION POLICY, GRIEVANCE PROCEDURE AND PROCESS

[Note: On May 6, 2020, the U.S. Department of Education, Office for Civil Rights (OCR), released the long-awaited final rule amending Title IX regulations at 34 Code of Federal Regulations part 106. These regulations, which went into effect on August 14, 2020, are the first Title IX regulations applicable to sexual harassment and are applicable to complaints by both school district students and employees. The extensive regulations will require districts to revise their policies and procedures with respect to sexual harassment and ensure that administration and staff are trained on the new requirements.]

The final rule requires school districts to provide notice of its nondiscrimination policy and grievance procedures, including how to file or report sexual harassment and how the school district will respond to the following groups: applicants for admission and employment; students; parents or legal guardians; and unions or professional organizations holding agreements with the school district. 34 Code of Federal Regulations section 106.8(b). The provisions of this policy generally conform to the requirements of the new regulations.]

I. GENERAL STATEMENT OF POLICY

- A. The school district does not discriminate on the basis of sex in its education programs or activities, and it is required by Title IX of the Education Amendments Act of 1972, and its implementing regulations, not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The school district is committed to maintaining an education and work environment that is free from discrimination based on sex, including sexual harassment.
- B. The school district prohibits sexual harassment that occurs within its education programs and activities. When the school district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, it shall promptly respond in a manner that is not deliberately indifferent.
- C. This policy applies to sexual harassment that occurs within the school district's education programs and activities and that is committed by a school district employee, student, or other members of the school community. This policy does not apply to sexual harassment that occurs off school grounds, in a private setting, and outside the scope of the school district's education programs and activities. This policy does not apply to sexual harassment that occurs outside the geographic boundaries of the United States, even if the sexual harassment occurs in the school district's education programs or activities.
- D. Any student, parent, or guardian having questions regarding the application of Title IX and its regulations and/or this policy and grievance process should discuss them with the Title IX Coordinator. The school district's Title IX Coordinator(s) is/are:

Title IX Coordinator
Anna Flesichmann, Alternative Program Administrative Coordinator
507-359-8709
Afleischmann@riverbend.k12.mn.us

Interim Title IX Coordinator
Paula Williamson, Human Resources
507-359-8784
pwilliamson@riverbend.k12.mn.us

Questions relating solely to Title IX and its regulations may be referred to the Title IX Coordinator(s), the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

- E. The effective date of this policy is August 14, 2020, and applies to alleged violations of this policy occurring on or after August 14, 2020.

II. DEFINITIONS

- A. "Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to the school district's Title IX Coordinator or to any employee of the school district. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the school district with actual knowledge is the respondent.
- B. "Complainant" means a person who is alleged to be the victim of conduct that could constitute sexual harassment under Title IX. A Title IX Coordinator who signs a formal complaint is not a complainant unless the Title IX Coordinator is alleged to be the victim of the conduct described in the formal complaint.
- C. "Day" or "days" means, unless expressly stated otherwise, business days (i.e. day(s) that the school district office is open for normal operating hours, Monday - Friday, excluding State-recognized holidays).
- D. "Deliberately indifferent" means clearly unreasonable in light of the known circumstances. The school district is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.
- E. "Education program or activity" means locations, events, or circumstances for which the school district exercises substantial control over both the respondent and the context in which the sexual harassment occurs and includes school district education programs or activities that occur on or off of school district property.
- F. "Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the school district investigate the allegation of sexual harassment.
 - 1. A formal complaint filed by a complainant must be a physical document or an electronic submission. The formal complaint must contain the complainant's physical or digital signature, or otherwise indicate that the complainant is the person filing the formal complaint and must be submitted to the Title IX Coordinator in person, by mail, or by email.
 - 2. A formal complaint shall state that, at the time of filing the formal complaint,

the complainant was participating in, or attempting to participate in, an education program or activity of the school district with which the formal complaint is filed.

- G. "Informal resolution" means options for resolving a formal complaint that do not involve a full investigation and adjudication. Informal resolution may encompass a broad range of conflict resolution strategies, including mediation or restorative justice.
- H. "Relevant questions" and "relevant evidence" are questions, documents, statements, or information that are related to the allegations raised in a formal complaint. Relevant evidence includes evidence that is both inculpatory and exculpatory. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.
- I. "Remedies" means actions designed to restore or preserve the complainant's equal access to education after a respondent is found responsible. Remedies may include the same individualized services that constitute supportive measures, but need not be non-punitive or non-disciplinary, nor must they avoid burdening the respondent.
- J. "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment under Title IX.
- K. "Sexual harassment" means any of three types of misconduct on the basis of sex that occurs in a school district education program or activity and is committed against a person in the United States:
 - 1. *Quid pro quo* harassment by a school district employee (conditioning the provision of an aid, benefit, or service of the school district on an individual's participation in unwelcome sexual conduct);
 - 2. Unwelcome conduct that a reasonable person would find so severe, pervasive, and objectively offensive that it denies a person equal educational access; or
 - 3. Any instance of sexual assault (as defined in the Clery Act, 20 United States Code section 1092(f)(6)A(v)), dating violence, domestic violence, or stalking (as defined in the Violence Against Women Act, 34 United States Code section 12291).
- L. "Supportive measures" means individualized services provided to the complainant or respondent without fee or charge that are reasonably available, non-punitive, non-disciplinary, not unreasonably burdensome to the other party, and designed to ensure equal educational access, protect safety, and deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, alternative educational services as defined under Minnesota Statutes section 121A.41, as amended, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the school district buildings or property, and other similar measures.
- M. "Title IX Personnel" means any person who addresses, works on, or assists with the

school district's response to a report of sexual harassment or formal complaint, and includes persons who facilitate informal resolutions. The following are considered Title IX Personnel:

1. "Title IX Coordinator" means an employee of the school district that coordinates the school district's efforts to comply with and carry out its responsibilities under Title IX. The Title IX Coordinator is responsible for acting as the primary contact for the parties and ensuring that the parties are provided with all notices, evidence, reports, and written determinations to which they are entitled under this policy and grievance process. The Title IX Coordinator is also responsible for effective implementation of any supportive measures or remedies. The Title IX Coordinator must be free from conflicts of interest and bias when administrating the grievance process.
2. "Investigator" means a person who investigates a formal complaint. The investigator of a formal complaint may not be the same person as the Decision-maker or the Appellate Decision-maker. The Investigator may be a school district employee, school district official, or a third party designated by the school district.
3. "Decision-maker" means a person who makes a determination regarding responsibility after the investigation has concluded. The Decision-maker cannot be the same person as the Title IX Coordinator, the Investigator, or the Appellate Decision-maker.
3. "Appellate Decision-maker" means a person who considers and decides appeals of determinations regarding responsibility and dismissals of formal complaints. The Appellate Decision-maker cannot be the same person as the Title IX Coordinator, Investigator, or Decision-maker. The Appellate Decision-maker may be a school district employee, or a third party designated by the school district.
4. The superintendent of the school district may delegate functions assigned to a specific school district employee under this policy, including but not limited to the functions assigned to the Title IX Coordinator, Investigator, Decision-maker, Appellate Decision-maker, and facilitator of informal resolution processes, to any suitably qualified individual and such delegation may be rescinded by the superintendent at any time. The school district may also, in its discretion, appoint suitably qualified persons who are not school district employees to fulfill any function under this policy, including, but not limited to, Investigator, Decision-maker, Appellate Decision-maker, and facilitator of informal resolution processes.

III. BASIC REQUIREMENTS FOR GRIEVANCE PROCESS

A. Equitable Treatment

1. The school district shall treat complainants and respondents equitably. However, equality or parity with respect to supportive measures provided to complainants and respondents is not required.
2. The school district will not impose any disciplinary sanctions or take any other actions against a respondent that do not constitute supportive measures until it

has completed this grievance process and the respondent has been found responsible.

3. The school district will provide appropriate remedies to the complainant any time a respondent is found responsible.

B. Objective and Unbiased Evaluation of Complaints

1. Title IX Personnel, including the Title IX Coordinator, Investigator, Decision-maker, and Appellate Decision-maker, shall be free from conflicts of interest or bias for or against complainants or respondents generally or a specific complainant or respondent.
2. Throughout the grievance process, Title IX Personnel will objectively evaluate all relevant evidence, inculpatory and exculpatory, and shall avoid credibility determinations based solely on a person's status as a complainant, respondent, or witness.

- C. Title IX Personnel will presume that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

D. Confidentiality

The school district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act (FERPA), 20 United States Code section 1232g, FERPA regulations, 34 Code of Federal Regulations part 99, Minnesota law under Minnesota Statutes section 13.32, or as required by law, or to carry out the purposes of 34 Code of Federal Regulations part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder (i.e., the school district's obligation to maintain confidentiality shall not impair or otherwise affect the complainants and respondents receipt of the information to which they are entitled with respect to the investigative record and determination of responsibility).

E. Right to an Advisor; Right to a Support Person

Complainants and respondents have the right, at their own expense, to be assisted by an advisor of their choice during all stages of any grievance proceeding, including all meetings and investigative interviews. The advisor may be, but is not required to be, an attorney. In general, an advisor is not permitted to speak for or on behalf of a complainant or respondent, appear in lieu of complainant or respondent, participate as a witness, or participate directly in any other manner during any phase of the grievance process.

A complainant or respondent with a disability may be assisted by a support person throughout the grievance process, including all meetings and investigative interviews, if such accommodation is necessary. A support person may be a friend, family member, or any individual who is not otherwise a potential witness. The support person is not permitted to speak for or on behalf of a complainant or respondent, appear in lieu of complainant or respondent, participate as a witness, or participate directly in any other

manner during any phase of the grievance process.

F. Notice

The school district will send written notice of any investigative interviews or meetings to any party whose participation is invited or expected. The written notice will include the date, time, location, participants, and purpose of the meeting or interview, and will be provided to allow sufficient time for the party to prepare to participate.

G. Consolidation

The school district may, in its discretion, consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

H. Evidence

1. During the grievance process, the school district will not require, allow, rely upon, or otherwise use questions or evidence that constitute or seek disclosure of information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.
2. The school district shall not access, consider, disclose, or otherwise use a party's medical, psychological, and similar treatment records unless the school district obtains the party's voluntary, written consent.

I. Burden of Proof

1. The burden of gathering evidence and the burden of proof shall remain upon the school district and not upon the parties.
2. The grievance process shall use a preponderance of the evidence standard (i.e. whether it is more likely than not that the respondent engaged in sexual harassment) for all formal complaints of sexual harassment, including when school district employees are respondents.

J. Timelines

[NOTE: The Title IX regulations require reasonably prompt timeframes for conclusion of the grievance process, but do not specify any particular timeframes. The time periods below are suggested. School districts may establish their own district-specific timeline, although it is recommended that legal counsel be consulted before adjusting time periods.]

1. Any informal resolution process must be completed within thirty (30) calendar days following the parties' agreement to participate in such informal process.
2. An appeal of a determination of responsibility or of a decision dismissing a formal complaint must be received by the school district within five (5) days of the date the determination of responsibility or dismissal was provided to the parties.
3. Any appeal of a determination of responsibility or of a dismissal will be decided within thirty (30) calendar days of the day the appeal was received by the School

District.

4. The school district will seek to conclude the grievance process, including any appeal, within 120 calendar days of the date the formal complaint was received by the School District.
5. Although the school district strives to adhere to the timelines described above, in each case, the school district may extend the time frames for good cause. Good cause may include, without limitation: the complexity of the allegations; the severity and extent of the alleged misconduct; the number of parties, witnesses, and the types of other evidence (e.g., forensic evidence) involved; the availability of the parties, advisors, witnesses, and evidence (e.g., forensic evidence); concurrent law enforcement activity; intervening school district holidays, breaks, or other closures; the need for language assistance or accommodation of disabilities; and/or other unforeseen circumstances.

K. Potential Remedies and Disciplinary Sanctions

1. The following is the range of possible remedies that the school district may provide a complainant and disciplinary sanctions that the school district might impose upon a respondent, following determination of responsibility: counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual or unilateral restrictions on contact between the parties, changes in work locations, leaves of absence, monitoring of certain areas of the school district buildings or property, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge.
2. If the Decision-maker determines a student-respondent is responsible for violating this policy, the Decision-maker will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the superintendent of the recommended remedies, such that an authorized administrator can consider the recommendation(s) and implement appropriate remedies in compliance with MSBA Model Policy 506 – Student Discipline. The discipline of a student-respondent must comply with the applicable provisions of Minnesota Pupil Fair Dismissal Act, the Individuals with Disabilities Education Improvement Act (IDEA) and/or Section 504 of the Rehabilitation Act of 1972, and their respective implementing regulations.

IV. REPORTING PROHIBITED CONDUCT

- A. Any student who believes they have been the victim of unlawful sex discrimination or sexual harassment, or any person (including the parent of a student) with actual knowledge of conduct which may constitute unlawful sex discrimination or sexual harassment toward a student should report the alleged acts as soon as possible to the Title IX Coordinator.
- B. Any employee of the school district who has experienced, has actual knowledge of, or has witnessed unlawful sex discrimination, including sexual harassment, or who otherwise becomes aware of unlawful sex discrimination, including sexual harassment, must promptly report the allegations to the Title IX Coordinator without screening or investigating the report or allegations.
- C. A report of unlawful sex discrimination or sexual harassment may be made at any time,

including during non-business hours, and may be made in person, by mail, by telephone, or by e-mail using the Title IX Coordinator's contact information. A report may also be made by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.

- D. Sexual harassment may constitute both a violation of this policy and criminal law. To the extent the alleged conduct may constitute a crime, the School District may report the alleged conduct to law enforcement authorities. The school district encourages complainants to report criminal behavior to the police immediately.

V. INITIAL RESPONSE AND ASSESSMENT BY THE TITLE IX COORDINATOR

- A. When the Title IX Coordinator receives a report, the Title IX Coordinator shall promptly contact the complainant confidentially to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.
- B. The school district will offer supportive measures to the complainant whether or not the complainant decides to make a formal complaint. The school district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the school district's ability to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.
- C. If the complainant does not wish to file a formal complaint, the allegations will not be investigated by the school district unless the Title IX Coordinator determines that signing a formal complaint to initiate an investigation over the complainant's wishes is not clearly unreasonable in light of the known circumstances.
- D. Upon receipt of a formal complaint, the school district must provide written notice of the formal complaint to the known parties with sufficient time to prepare a response before any initial interview. This written notice must contain:
 - 1. The allegations of sexual harassment, including sufficient details known at the time, the identities of the parties involved in the incident (if known), the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known;
 - 2. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the grievance process;
 - 3. A statement explaining that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;
 - 4. A statement that the parties may inspect and review evidence gathered pursuant to this policy;
 - 5. A statement informing the parties of any code of conduct provision that prohibits knowingly making false statements or knowingly submitting false information; and

6. A copy of this policy.

VI. STATUS OF RESPONDENT DURING PENDENCY OF FORMAL COMPLAINT

A. Emergency Removal of a Student

1. The school district may remove a student-respondent from an education program or activity of the school district on an emergency basis before a determination regarding responsibility is made if:
 - a. The school district undertakes an individualized safety and risk analysis;
 - b. The school district determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal of the student-respondent; and
 - c. The school district determines the student-respondent poses such a threat, it will so notify the student-respondent and the student-respondent will have an opportunity to challenge the decision immediately following the removal. In determining whether to impose emergency removal measures, the Title IX Coordinator shall consult related school district policies, including MSBA Model Policy 506 – Student Discipline. The school district must take into consideration applicable requirements of the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973, prior to removing a special education student or Section 504 student on an emergency basis.

[NOTE: The interrelationship between the Title IX regulations authorizing the emergency removal of student and the Minnesota Pupil Fair Dismissal Act (MPFDA) is unclear at this time. School districts should consult with legal counsel regarding the emergency removal of a student. At a minimum, it is recommended that school districts provide alternative educational services, as defined in the MPFDA, to any student so removed under the Title IX regulations.]

B. Employee Administrative Leave

The school district may place a non-student employee on administrative leave during the pendency of the grievance process of a formal complaint. Such leave will typically be paid leave unless circumstances justify unpaid leave in compliance with legal requirements. The school district must take into consideration applicable requirements of Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act prior to removing an individual with a qualifying disability.

VII. INFORMAL RESOLUTION OF A FORMAL COMPLAINT

- A. At any time prior to reaching a determination of responsibility, informal resolution may be offered and facilitated by the school district at the school district's discretion, but only after a formal complaint has been received by the school district.
- B. The school district may not require as a condition of enrollment or continued enrollment,

or of employment or continued employment, or enjoyment of any other right, waiver of the right to a formal investigation and adjudication of formal complaints of sexual harassment.

- C. The informal resolution process may not be used to resolve allegations that a school district employee sexually harassed a student.
- D. The school district will not facilitate an informal resolution process without both parties' agreement, and will obtain their voluntary, written consent. The school district will provide to the parties a written notice disclosing the allegations, the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, the parties' right to withdraw from the informal resolution process, and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
- E. At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint.

VIII. DISMISSAL OF A FORMAL COMPLAINT

- A. Under federal law, the school district must dismiss a Title IX complaint, or a portion thereof, if the conduct alleged in a formal complaint or a portion thereof:
 - 1. Would not meet the definition of sexual harassment, even if proven;
 - 2. Did not occur in the school district's education program or activity; or
 - 3. Did not occur against a person in the United States.
- B. The school district may, in its discretion, dismiss a formal complaint or allegations therein if:
 - 1. The complainant informs the Title IX Coordinator in writing that the complainant desires to withdraw the formal complaint or allegations therein;
 - 2. The respondent is no longer enrolled or employed by the school district; or
 - 3. Specific circumstances prevent the school district from gathering sufficient evidence to reach a determination.
- C. The school district shall provide written notice to both parties of a dismissal. The notice must include the reasons for the dismissal.
- D. Dismissal of a formal complaint or a portion thereof does not preclude the school district from addressing the underlying conduct in any manner that the school district deems appropriate.

[NOTE: For example, school districts are reminded of the obligation under Minnesota Statutes section 122A.20, subdivision 2, to make a mandatory report to the Minnesota Professional Educator Licensing and Standards Board concerning any teacher who resigns during the course of an investigation of misconduct.]

IX. INVESTIGATION OF A FORMAL COMPLAINT

- A. If a formal complaint is received by the School District, the school district will assign or designate an Investigator to investigate the allegations set forth in the formal complaint.
- B. If during the course of the investigation the school district decides to investigate any allegations about the complainant or respondent that were not included in the written notice of a formal complaint provided to the parties, the school district must provide notice of the additional allegations to the known parties.
- C. When a party's participation is invited or expected in an investigative interview, the Investigator will coordinate with the Title IX Coordinator to provide written notice to the party of the date, time, location, participants, and purposes of the investigative interview with sufficient time for the party to prepare.
- D. During the investigation, the Investigator must provide the parties with an equal opportunity to present witnesses for interviews, including fact witnesses and expert witnesses, and other inculpatory and exculpatory evidence.
- E. Prior to the completion of the investigative report, the Investigator, through the Title IX Coordinator, will provide the parties and their advisors (if any) with an equal opportunity to inspect and review any evidence directly related to the allegations. The evidence shall be provided in electronic format or hard copy and shall include all relevant evidence, evidence upon which the school district does not intend to rely in reaching a determination regarding responsibility, and any inculpatory or exculpatory evidence whether obtained from a party or another source. The parties will have ten (10) days to submit a written response, which the Investigator will consider prior to completion of the investigative report.
- F. The Investigator will prepare a written investigative report that fairly summarizes the relevant evidence. The investigative report may include credibility determinations that are not based on a person's status as a complainant, respondent or witness. The school district will send the parties and their advisors (if any) a copy of the report in electronic format or hard copy, for their review and written response at least ten (10) days prior to a determination of responsibility.

X. DETERMINATION REGARDING RESPONSIBILITY

[NOTE: The Title IX regulations do not require school districts to conduct live hearings as part of the decision-making phase of the grievance process. Accordingly, this Policy does not include procedures for a live hearing. If a school district desires to create such procedures, legal counsel should be consulted.]

- A. After the school district has sent the investigative report to both parties and before the school district has reached a determination regarding responsibility, the Decision-maker must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness.
- B. The Decision-maker must provide the relevant questions submitted by the parties to the other parties or witnesses to whom the questions are offered, and then provide each party with the answers, and allow for additional, limited follow-up questions from each party.

- C. The Decision-maker must explain to the party proposing the questions any decision to exclude a question as not relevant.
- D. When the exchange of questions and answers has concluded, the Decision-maker must issue a written determination regarding responsibility that applies the preponderance of the evidence standard to the facts and circumstances of the formal complaint. The written determination of responsibility must include the following:
 - 1. Identification of the allegations potentially constituting sexual harassment;
 - 2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
 - 3. Findings of fact supporting the determination;
 - 4. Conclusions regarding the application of the school district's code of conduct to the facts;
 - 5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the school district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the recipient's education program or activity will be provided by the school district to the complainant; and
 - 6. The school district's procedures and permissible bases for the complainant and respondent to appeal and the date by which an appeal must be made.
- E. In determining appropriate disciplinary sanctions, the Decision-maker should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved, and the context in which the alleged incident occurred.
- F. The written determination of responsibility must be provided to the parties simultaneously.
- G. The Title IX Coordinator is responsible for the effective implementation of any remedies.
- H. The determination regarding responsibility becomes final either on the date that the school district provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

XI. APPEALS

- A. The school district shall offer the parties an opportunity to appeal a determination regarding responsibility or the school district's dismissal of a formal complaint or any allegations therein, on the following bases:
 - 1. A procedural irregularity that affected the outcome of the matter (e.g., a material deviation from established procedures);
 - 2. New evidence that was not reasonably available at the time the determination

regarding responsibility or dismissal was made, that could affect the outcome of the matter; and

3. The Title IX Coordinator, Investigator, or Decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.
- B. If notice of an appeal is timely received by the school district, the school district will notify the parties in writing of the receipt of the appeal, assign or designate the Appellate Decision-maker, and give the parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.
 - C. After reviewing the parties' written statements, the Appellate Decision-maker must issue a written decision describing the result of the appeal and the rationale for the result.
 - D. The written decision describing the result of the appeal must be provided simultaneously to the parties.
 - E. The decision of the Appellate Decision-maker is final. No further review beyond the appeal is permitted.

XII. RETALIATION PROHIBITED

- A. Neither the school district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, constitutes retaliation. Retaliation against a person for making a report of sexual harassment, filing a formal complaint, or participating in an investigation, constitutes a violation of this policy that can result in the imposition of disciplinary sanctions/consequences and/or other appropriate remedies.
- B. Any person may submit a report or formal complaint alleging retaliation in the manner described in this policy and it will be addressed in the same manner as other complaints of sexual harassment or sex discrimination.
- C. Charging an individual with violation of school district policies for making a materially false statement in bad faith in the course of a grievance proceeding under this policy shall not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

XIII. TRAINING

- A. The school district shall ensure that Title IX Personnel receive appropriate training. The training shall include instruction on:
 1. The Title IX definition of sexual harassment;

2. The scope of the school district's education program or activity;
 3. How to conduct an investigation and grievance process, appeals, and informal resolution processes, as applicable;
 4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias;
 5. For Decision-makers, training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's prior sexual behavior are not relevant; and
 6. For Investigators, training on issues of relevance, including the creation of an investigative report that fairly summarizes relevant evidence.
- B. The training materials will not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints.
- C. Materials used to train Title IX Personnel must be posted on the school district's website. If the school district does not have a website, it must make the training materials available for public inspection upon request.

XIV. DISSEMINATION OF POLICY

- A. This policy shall be made available to all students, parents/guardians of students, school district employee, and employee unions.
- B. The school district shall conspicuously post the name of the Title IX Coordinator, including office address, telephone number, and work e-mail address on its website and in each handbook that it makes available to parents, employees, students, unions, or applicants.
- C. The school district must provide applicants for admission and employment, students, parents or legal guardians of secondary school students, employees, and all unions holding collective bargaining agreements with the school district, with the following:
1. The name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator;
 2. Notice that the school district does not discriminate on the basis of sex in the education program or activity that it operates, and that it is required by Title IX not to discriminate in such a manner;
 3. A statement that the requirement not to discriminate in the education program or activity extends to admission and employment, and that inquiries about the application of Title IX may be referred to the Title IX Coordinator, to the Assistant Secretary for Civil Rights of the United States Department of Education, or both; and
 4. Notice of the school district's grievance procedures and grievance process contained in this policy, including how to report or file a complaint of sex discrimination, how to report or file a formal complaint of sexual harassment, and how the school district will respond.

XV. RECORDKEEPING

[NOTE: School districts should consider amending their respective retention schedules to reflect the recordkeeping requirements discussed below].

- A. The school district must create, and maintain for a period of seven calendar years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the school district must document:
1. The basis for the school district's conclusion that its response to the report or formal complaint was not deliberately indifferent;
 2. The measures the school district has taken that are designed to restore or preserve equal access to the school district's education program or activity; and
 3. If the school district does not provide a complainant with supportive measures, then it must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. Such a record must be maintained for a period of seven years.
 4. The documentation of certain bases or measures does not limit the recipient in the future from providing additional explanations or detailing additional measures taken.
- B. The school district must also maintain for a period of seven calendar years records of:
1. Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the recipient's education program or activity;
 2. Any appeal and the result therefrom;
 3. Any informal resolution and the result therefrom; and
 4. All materials used to train Title IX Personnel.

524 INTERNET ACCEPTABLE USE AND SAFETY POLICY

I. PURPOSE

The purpose of this policy is to set forth policies and guidelines for access to the school district computer system and acceptable and safe use of the Internet, including electronic communications.

II. GENERAL STATEMENT OF POLICY

In making decisions regarding student and employee access to the school district computer system and the Internet, including electronic communications, the school district considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the school district computer system and to the Internet enables students and employees to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The school district expects that faculty will blend thoughtful use of the school district computer system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.

III. LIMITED EDUCATIONAL PURPOSE

The school district is providing students and employees with access to the school district computer system, which includes Internet access. The purpose of the system is more specific than providing students and employees with general access to the Internet. The school district system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the district system to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

IV. USE OF SYSTEM IS A PRIVILEGE

The use of the school district system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment; or civil or criminal liability under other applicable laws.

V. UNACCEPTABLE USES

- A. While not an exhaustive list, the following uses of the school district system and Internet resources or accounts are considered unacceptable:
1. Users will not use the school district system to access, review, upload, download, store, print, post, receive, transmit, or distribute:
 - a. pornographic, obscene, or sexually explicit material or other visual depictions that are harmful to minors;
 - b. obscene, abusive, profane, lewd, vulgar, rude, inflammatory, threatening, disrespectful, or sexually explicit language;
 - c. materials that use language or images that are inappropriate in the education setting or disruptive to the educational process;
 - d. information or materials that could cause damage or danger of disruption to the educational process;
 - e. materials that use language or images that advocate violence or discrimination toward other people (hate literature) or that may constitute harassment or discrimination.
 2. Users will not use the school district system to knowingly or recklessly post, transmit, or distribute false or defamatory information about a person or organization, or to harass another person, or to engage in personal attacks, including prejudicial or discriminatory attacks.
 3. Users will not use the school district system to engage in any illegal act or violate any local, state, or federal statute or law.
 4. Users will not use the school district system to vandalize, damage, or disable the property of another person or organization, will not make deliberate attempts to degrade or disrupt equipment, software, or system performance by spreading computer viruses or by any other means, will not tamper with, modify, or change the school district system software, hardware, or wiring or take any action to violate the school district's security system, and will not use the school district system in such a way as to disrupt the use of the system by other users.
 5. Users will not use the school district system to gain unauthorized access to information resources or to access another person's materials, information, or files without the implied or direct permission of that person.
 6. Users will not use the school district system to post private information about another person, personal contact information about themselves or other persons, or other personally identifiable information, including, but

not limited to, addresses, telephone numbers, school addresses, work addresses, identification numbers, account numbers, access codes or passwords, labeled photographs, or other information that would make the individual's identity easily traceable, and will not repost a message that was sent to the user privately without permission of the person who sent the message.

- a. This paragraph does not prohibit the posting of employee contact information on school district webpages or communications between employees and other individuals when such communications are made for education-related purposes (i.e., communications with parents or other staff members related to students).
- b. Employees creating or posting school-related webpages may include personal contact information about themselves on a webpage. However, employees may not post personal contact information or other personally identifiable information about students unless:
 - (1) such information is classified by the school district as directory information and verification is made that the school district has not received notice from a parent/guardian or eligible student that such information is not to be designated as directory information in accordance with Policy 515; or
 - (2) such information is not classified by the school district as directory information but written consent for release of the information to be posted has been obtained from a parent/guardian or eligible student in accordance with Policy 515.

In addition, prior to posting any personal contact or personally identifiable information on a school-related webpage, employees shall obtain written approval of the content of the postings from the building administrator.

- c. These prohibitions specifically prohibit a user from utilizing the school district system to post personal information about a user or another individual on social networks, including, but not limited to, social networks such as "Facebook," "Twitter," "Instagram," "Snapchat," "TikTok," "Reddit," and similar websites or applications.
7. Users must keep all account information and passwords on file with the designated school district official. Users will not attempt to gain unauthorized access to the school district system or any other system

through the school district system, attempt to log in through another person's account, or use computer accounts, access codes, or network identification other than those assigned to the user. Messages and records on the school district system may not be encrypted without the permission of appropriate school authorities.

8. Users will not use the school district system to violate copyright laws or usage licensing agreements, or otherwise to use another person's property without the person's prior approval or proper citation, including the downloading or exchanging of pirated software or copying software to or from any school computer, and will not plagiarize works they find on the Internet.
 9. Users will not use the school district system for conducting business, for unauthorized commercial purposes, or for financial gain unrelated to the mission of the school district. Users will not use the school district system to offer or provide goods or services or for product advertisement. Users will not use the school district system to purchase goods or services for personal use without authorization from the appropriate school district official.
 10. Users will not use the school district system to engage in bullying or cyberbullying in violation of the school district's Bullying Prohibition Policy. This prohibition includes using any technology or other electronic communication off school premises to the extent that student learning or the school environment is substantially and materially disrupted.
- B. The school district has a special interest in regulating off-campus speech that materially disrupts classwork or involves substantial disorder or invasion of the rights of others. A student or employee engaging in the foregoing unacceptable uses of the Internet when off school district premises also may be in violation of this policy as well as other school district policies. Examples of such violations may include, but are not limited to, serious or severe bullying or harassment targeting particular individuals, threats aimed at teachers or other students, failure to follow rules concerning lessons, the writing of papers, the use of computers, or participation in other online school activities, and breaches of school security devices. If the school district receives a report of an unacceptable use originating from a non-school computer or resource, the school district may investigate such reports to the best of its ability. Students or employees may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of the use or access to the school district computer system and the Internet and discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment.
- C. If a user inadvertently accesses unacceptable materials or an unacceptable Internet site, the user shall immediately disclose the inadvertent access to an appropriate school district official. In the case of a school district employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the building

administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher or, in the case of a school district employee, the building administrator.

VI. FILTER

- A. With respect to any of its computers with Internet access, the school district will monitor the online activities of both minors and adults and employ technology protection measures during any use of such computers by minors and adults. The technology protection measures utilized will block or filter Internet access to any visual depictions that are:
 - 1. Obscene;
 - 2. Child pornography; or
 - 3. Harmful to minors.
- B. The term “harmful to minors” means any picture, image, graphic image file, or other visual depiction that:
 - 1. Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or
 - 2. Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
 - 3. Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
- C. Software filtering technology shall be narrowly tailored and shall not discriminate based on viewpoint.
- D. An administrator, supervisor, or other person authorized by the Superintendent may disable the technology protection measure, during use by an adult, to enable access for bona fide research or other lawful purposes.
- E. The school district will educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

VII. CONSISTENCY WITH OTHER SCHOOL POLICIES

Use of the school district computer system and use of the Internet shall be consistent with school district policies and the mission of the school district.

VIII. LIMITED EXPECTATION OF PRIVACY

- A. By authorizing use of the school district system, the school district does not relinquish control over materials on the system or contained in files on the system. Users should expect only limited privacy in the contents of personal files on the school district system.
- B. Routine maintenance and monitoring of the school district system may lead to a discovery that a user has violated this policy, another school district policy, or the law.
- C. An individual investigation or search will be conducted if school authorities have a reasonable suspicion that the search will uncover a violation of law or school district policy.
- D. Parents may have the right at any time to investigate or review the contents of their child's files and e-mail files in accordance with the school district's Protection and Privacy of Pupil Records Policy. Parents have the right to request the termination of their child's individual account at any time.
- E. School district employees should be aware that the school district retains the right at any time to investigate or review the contents of their files and e-mail files. In addition, school district employees should be aware that data and other materials in files maintained on the school district system may be subject to review, disclosure, or discovery under Minnesota Statutes chapter 13 (Minnesota Government Data Practices Act).
- F. The school district will cooperate fully with local, state and federal authorities in any investigation concerning or related to any illegal activities or activities not in compliance with school district policies conducted through the school district system.

IX. INTERNET USE AGREEMENT

- A. The proper use of the Internet, and the educational value to be gained from proper Internet use, is the joint responsibility of students, parents, and employees of the school district.
- B. This policy requires the permission of and supervision by the school's designated professional staff before a student may use a school account or resource to access the Internet.
- C. The Internet Use Agreement form for students must be read and signed by the user,

the parent or guardian, and the supervising teacher. The Internet Use Agreement form for employees must be signed by the employee. The form must then be filed at the school office. As supervising teachers change, the agreement signed by the new teacher shall be attached to the original agreement.

X. LIMITATION ON SCHOOL DISTRICT LIABILITY

Use of the school district system is at the user's own risk. The system is provided on an "as is, as available" basis. The school district will not be responsible for any damage users may suffer, including, but not limited to, loss, damage, or unavailability of data stored on school district diskettes, tapes, hard drives, or servers, or for delays or changes in or interruptions of service or misdeliveries or nondeliveries of information or materials, regardless of the cause. The school district is not responsible for the accuracy or quality of any advice or information obtained through or stored on the school district system. The school district will not be responsible for financial obligations arising through unauthorized use of the school district system or the Internet.

XI. USER NOTIFICATION

- A. All users shall be notified of the school district policies relating to Internet use.
- B. This notification shall include the following:
 - 1. Notification that Internet use is subject to compliance with school district policies.
 - 2. Disclaimers limiting the school district's liability relative to:
 - a. Information stored on school district diskettes, hard drives, or servers.
 - b. Information retrieved through school district computers, networks, or online resources.
 - c. Personal property used to access school district computers, networks, or online resources.
 - d. Unauthorized financial obligations resulting from use of school district resources/accounts to access the Internet.
 - 3. A description of the privacy rights and limitations of school sponsored/managed Internet accounts.
 - 4. Notification that, even though the school district may use technical means to limit student Internet access, these limits do not provide a foolproof means for enforcing the provisions of this acceptable use policy.
 - 5. Notification that goods and services can be purchased over the Internet that

could potentially result in unwanted financial obligations and that any financial obligation incurred by a student through the Internet is the sole responsibility of the student and/or the student's parents.

6. Notification that the collection, creation, reception, maintenance, and dissemination of data via the Internet, including electronic communications, is governed by Public and Private Personnel Data Policy, and Protection and Privacy of Pupil Records Policy.
7. Notification that, should the user violate the school district's acceptable use policy, the user's access privileges may be revoked, school disciplinary action may be taken and/or appropriate legal action may be taken.
8. Notification that all provisions of the acceptable use policy are subordinate to local, state, and federal laws.

XII. PARENTS' RESPONSIBILITY; NOTIFICATION OF STUDENT INTERNET USE

- A. Outside of school, parents bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, telephones, radio, movies, and other possibly offensive media. Parents are responsible for monitoring their student's use of the school district system and of the Internet if the student is accessing the school district system from home or a remote location.
- B. Parents will be notified that their students will be using school district resources/accounts to access the Internet and that the school district will provide parents the option to request alternative activities not requiring Internet access. This notification should include:
 1. A copy of the user notification form provided to the student user.
 2. A description of parent/guardian responsibilities.
 3. A notification that the parents have the option to request alternative educational activities not requiring Internet access and the material to exercise this option.
 4. A statement that the Internet Use Agreement must be signed by the user, the parent or guardian, and the supervising teacher prior to use by the student.
 5. A statement that the school district's acceptable use policy is available for parental review.

XIII. NOTIFICATION REGARDING TECHNOLOGY PROVIDERS

- A. "Technology provider" means a person who:
 1. contracts with the school district, as part of a one-to-one program or

- otherwise, to provide a school-issued device for student use; and
2. creates, receives, or maintains educational data pursuant or incidental to a contract with the school district.
- B. “Parent” means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian.
- C. Within 30 days of the start of each school year, the school district must give parents and students direct and timely notice, by United States mail, e-mail, or other direct form of communication, of any curriculum, testing, or assessment technology provider contract affecting a student’s educational data. The notice must:
1. identify each curriculum, testing, or assessment technology provider with access to educational data;
 2. identify the educational data affected by the curriculum, testing, or assessment technology provider contract; and
 3. include information about the contract inspection and provide contact information for a school department to which a parent or student may direct questions or concerns regarding any program or activity that allows a curriculum, testing, or assessment technology provider to access a student’s educational data.
- D. The school district must provide parents and students an opportunity to inspect a complete copy of any contract with a technology provider.
- E. A contract between a technology provider and the school district must include requirements to ensure appropriate security safeguards for educational data. The contract must require that:
1. the technology provider’s employees or contractors have access to educational data only if authorized; and
 2. the technology provider’s employees or contractors may be authorized to access educational data only if access is necessary to fulfill the official duties of the employee or contractor.
- F. All educational data created, received, maintained, or disseminated by a technology provider pursuant or incidental to a contract with a public educational agency or institution are not the technology provider’s property.

XIV. SCHOOL-ISSUED DEVICES

- A. “School-issued device” means hardware or software that the school district, acting independently or with a technology provider, provides to an individual student for that student’s dedicated personal use. A school-issued device includes a device

issued through a one-to-one program.

- B. Except as provided in paragraph C, the school district or a technology provider must not electronically access or monitor:
 - 1. any location-tracking feature of a school-issued device;
 - 2. any audio or visual receiving, transmitting, or recording feature of a school-issued device; or
 - 3. student interactions with a school-issued device, including but not limited to keystrokes and web-browsing activity.

- C. The school district or a technology provider may only engage in activities prohibited by paragraph B if:
 - 1. the activity is limited to a noncommercial educational purpose for instruction, technical support, or exam-proctoring by school district employees, student teachers, staff contracted by the school district, a vendor, or the Minnesota Department of Education, and notice is provided in advance;
 - 2. the activity is permitted under a judicial warrant;
 - 3. the school district is notified or becomes aware that the device is missing or stolen;
 - 4. the activity is necessary to respond to an imminent threat to life or safety and the access is limited to that purpose;
 - 5. the activity is necessary to comply with federal or state law, including but not limited to Minnesota Statutes section 121A.031; or
 - 6. the activity is necessary to participate in federal or state funding programs, including but not limited to the E-Rate program.

- D. If the school district or a technology provider interacts with a school-issued device as provided in paragraph C, clause 4, it must, within 72 hours of the access, notify the student to whom the school-issued device was issued or that student's parent and provide a written description of the interaction, including which features of the device were accessed and a description of the threat. This notice is not required at any time when the notice itself would pose an imminent threat to life or safety, but must instead be given within 72 hours after that imminent threat has ceased.

XV. CELL PHONE USE

- 1. Students are prohibited from using cell phones and other electronic communication devices during the instructional day. Students also are prohibited from using a cell

phone or other electronic communication device to engage in conduct prohibited by school district policies including, but not limited to, cheating, bullying, harassment, and malicious and sadistic conduct.

2. If the school district has a reasonable suspicion that a student has violated a school policy, rule, or law by use of a cell phone or other electronic communication device, the school district may search the device. The search of the device will be reasonably related in scope to the circumstances justifying the search.
3. Students who use an electronic communication device during the school day and/or in violation of school district policies may be subject to disciplinary action pursuant to the school district's discipline policy. In addition, a student's cell phone or electronic communication device may be confiscated by the school district and, if applicable, provided to law enforcement. Cell phones or other electronic communication devices that are confiscated and retained by the school district will be returned in accordance with school building procedures.

XVI. LIMIT ON SCREEN TIME FOR CHILDREN IN PRESCHOOL AND KINDERGARTEN

A child in a publicly funded preschool or kindergarten program may not use an individual-use screen, such as a tablet, smartphone, or other digital media, without engagement from a teacher or other students. This section does not apply to a child for whom the school has an individualized family service plan, an individualized education program, or a 504 plan in effect.

XVII. IMPLEMENTATION; POLICY REVIEW

- A. The school district administration may develop appropriate user notification forms, guidelines, and procedures necessary to implement this policy for submission to the school board for approval. Upon approval by the school board, such guidelines, forms, and procedures shall be an addendum to this policy.
- B. The administration shall revise the user notifications, including student and parent notifications, if necessary, to reflect the adoption of these guidelines and procedures.
- C. The school district Internet policies and procedures are available for review by all parents, guardians, staff, and members of the community.
- D. Because of the rapid changes in the development of the Internet, the school board shall conduct an annual review of this policy.

525 VIOLENCE PREVENTION [APPLICABLE TO STUDENTS AND STAFF]

I. PURPOSE

The purpose of this policy is to recognize that violence has increased and to identify measures that the school district will take in an attempt to maintain a learning and working environment that is free from violent and disruptive behavior.

The school board is committed to promoting healthy human relationships and learning environments that are physically and psychologically safe for all members of the school community. It further believes that students are the first priority and they should be protected from physical or emotional harm during school activities and on school grounds, buses, or field trips while under school district supervision.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to strictly enforce its weapons policy (Policy 501).
- B. The policy of the school district is to act promptly in investigating all acts, or formal or informal complaints, of violence and take appropriate disciplinary action against any student or staff member who is found to have violated this policy or any related policy.
- C. The administration will periodically review discipline policies and procedures, prepare revisions if necessary, and submit them to the school board for review and adoption.
- D. The school district will implement approved violence prevention strategies to promote safe and secure learning environments, to diminish violence in our schools, and to aid in the protection of children whose health or welfare may be jeopardized through acts of violence.

III. IMPLEMENTATION OF POLICY

- A. The school board will review and approve policies to prevent and address violence in our schools. The superintendent or designee will develop procedures to effectively implement the school weapons and violence prevention policies. It shall be incumbent on all students and staff to observe all policies and report violations to the school administration.
- B. The school board and administration will inform staff and students annually of

policies and procedures related to violence prevention and weapons.

- C. The school district will act promptly to investigate all acts and formal and informal complaints of violence and take appropriate disciplinary action against any student or staff member who is found to have violated this policy or any related policy.
- D. The consequences set forth in the school weapons policy (Policy 501) will be imposed upon any student or nonstudent who possesses, uses or distributes a weapon when in a school location.
- E. The consequences set forth in the school hazing policy (Policy 526) will be imposed upon any student or staff member who commits an act against a student or staff member; or coerces a student or staff member into committing an act, that creates a substantial risk of harm to a person in order for the student or staff member to be initiated into or affiliated with an organization, or for any other purpose.
- F. Students who engage in assault or violent behavior will be removed from the classroom immediately and for a period of time deemed appropriate by the principal, in consultation with the teacher, pursuant to the student discipline policy (Policy 506).
- G. Students with disabilities may be expelled for behavior unrelated to their disabilities, subject to the procedural safeguards required by the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, and the Pupil Fair Dismissal Act.
- H. Procedures will be developed for the referral of any person in violation of this policy or the weapons policy to the local law enforcement agency in accordance with Minnesota Statutes section 121A.05.
- I. Students who wear objectionable emblems, signs, words, objects, or pictures on clothing communicating a message that is racist, sexist, or otherwise derogatory to a protected minority group or which connotes gang membership or that approves, advances, or provokes any form of religious, racial, or sexual harassment or violence against other individuals as defined in the harassment and violence policy (Policy 413) will be subject to the procedures set forth in the student dress and appearance policy (Policy 504). “Gang” as used in this policy means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or whose members engaged in a pattern of criminal gang activity. A “pattern of gang activity” means the commission, attempt to commit, conspiring to commit, or solicitation of two or more criminal acts, provided the criminal acts were committed on separate dates or by two or more persons who are members of or belong to the same criminal street gang.

- J. This policy is not intended to abridge the rights of students to express political, religious, philosophical, or similar opinions by wearing apparel on which such messages are stated. Such messages are acceptable as long as they are not lewd, vulgar, obscene, defamatory, profane, denote gang affiliation, advocate harassment or violence against others, are likely to disrupt the education process, or cause others to react in a violent or illegal manner (Policy 504).

IV. PREVENTION STRATEGIES

The school district has adopted and will implement the following prevention strategies to promote safe and secure learning environments, to diminish violence in our schools, and to aid in the protection of children whose health or welfare may be jeopardized through acts of violence.

The curriculum may be created in consultation with federal, state, and local agencies and community-based organizations, including the Child Welfare Information Gateway website maintained by the United States Department of Health and Human Services, to identify research-based tools, curricula, and programs to prevent child sexual abuse.

526 HAZING PROHIBITION

[Note: School districts are required by statute to have a policy addressing these issues. The Minnesota Department of Education will maintain and make available Model Policy 526 – Hazing Prohibition in accordance with Minn. Stat. § 121A.69.]

I. PURPOSE

The purpose of this policy is to maintain a safe learning environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

II. GENERAL STATEMENT OF POLICY

- A. No student, teacher, administrator, volunteer, contractor, or other employee of the school district shall plan, direct, encourage, aid, or engage in hazing.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate hazing.
- C. Apparent permission or consent by a person being hazed does not lessen the prohibitions contained in this policy.
- D. This policy applies to behavior that occurs on or off school property and during and after school hours.
- E. A person who engages in an act that violates school policy or law in order to be initiated into or affiliated with a student organization shall be subject to discipline for that act.
- F. The school district will act to investigate all complaints of hazing and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

- A. “Hazing” means committing an act against a student, or coercing a student into committing an act, that creates a substantial risk of harm to a person, in order for the student to be initiated into or affiliated with a student organization, or for any other school-related purpose. The term hazing includes, but is not limited to:
 - 1. Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking, or placing a harmful substance on the body.
 - 2. Any type of physical activity such as sleep deprivation, exposure to weather, confinement in a restricted area, calisthenics, or other activity

that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.

3. Any activity involving the consumption of any alcoholic beverage, drug, tobacco product, or any other food, liquid, or substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
 4. Any activity that intimidates or threatens the student with ostracism, that subjects a student to extreme mental stress, embarrassment, shame, or humiliation, that adversely affects the mental health or dignity of the student or discourages the student from remaining in school.
 5. Any activity that causes or requires the student to perform a task that involves violation of state or federal law or of school district policies or regulations.
- B. "Student organization" means a group, club, or organization having students as its primary members or participants. It includes grade levels, classes, teams, activities, or particular school events. A student organization does not have to be an official school organization to come within the terms of this definition.

IV. REPORTING PROCEDURES

- A. Any person who believes he or she has been the victim of hazing or any person with knowledge or belief of conduct which may constitute hazing shall report the alleged acts immediately to an appropriate school district official designated by this policy.
- B. The building principal, the principal's designee, or the building supervisor (hereinafter building report taker) is the person responsible for receiving reports of hazing at the building level. Any person may report hazing directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.
- C. Teachers, administrators, volunteers, contractors, and other employees of the school district shall be particularly alert to possible situations, circumstances, or events which might include hazing. Any such person who receives a report of, observes, or has other knowledge or belief of conduct which may constitute hazing shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute hazing in a timely manner may be subject to disciplinary action.
- D. Submission of a good faith complaint or report of hazing will not affect the complainant or reporter's future employment, grades, or work assignments.
- E. Reports of hazing are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The school district will respect the privacy of the

complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to comply with any discovery or disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Upon receipt of a complaint or report of hazing, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.
- B. The school district may take immediate steps, at its discretion, to protect the complainant, reporter, students, or others pending completion of an investigation of hazing.
- C. Upon completion of the investigation, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements, applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act, school district policies, and regulations.
- D. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students involved in a hazing incident and the remedial action taken, to the extent permitted by law, based on a confirmed report.

VI. REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who retaliates against any person who makes a good faith report of alleged hazing or against any person who testifies, assists, or participates in an investigation, or against any person who testifies, assists, or participates in a proceeding or hearing relating to such hazing. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment.

VII. DISSEMINATION OF POLICY

[Note: Proper reference should be made to the appropriate handbooks in each school district.]

- A. This policy shall appear in each school's student handbook and in each school's building and staff handbooks.

I understand that this is a privilege and that the interior of the motor vehicle, including, but not limited to, glove and trunk compartments, is subject to search upon reasonable suspicion by school officials without my consent, without a search warrant, and with no notice to me. I understand that if I refuse a request by a school official to open a locked motor vehicle under my control or its compartments, my parking privileges may be withdrawn and I may be subject to discipline. Finally, I acknowledge receipt of the school district's motor vehicle policy.

527 STUDENT USE AND PARKING OF MOTOR VEHICLES; PATROLS, INSPECTIONS, AND SEARCHES

I. PURPOSE

The purpose of this policy is to provide guidelines for use and parking of motor vehicles by students in school district locations, to maintain order and discipline in the schools, and to protect the health, safety, and welfare of students and school personnel.

II. GENERAL STATEMENT OF POLICY

The policy of this school district is to allow the limited use and parking of motor vehicles by students in school district locations. The position of the school district is that a fair and equitable district-wide student motor vehicle policy will contribute to the quality of the student's educational experience, will maintain order and discipline in the schools, and will protect the health, safety, and welfare of students and school personnel. This policy applies to all students in the school district.

III. DEFINITIONS

- A. "Contraband" means any unauthorized item possession of which is prohibited by school district policy and/or law. It includes, but is not limited to, weapons and "look-alikes," alcoholic beverages, controlled substances and "look-alikes," overdue books and other materials belonging to the school district, and stolen property.
- B. "Reasonable suspicion" means that a school official has grounds to believe that the search will result in evidence of a violation of school district policy, rules, and/or law. Reasonable suspicion may be based on a school official's personal observation, a report from a student, parent, or staff member, a student's suspicious behavior, a student's age and past history or record of conduct both in and out of the school context, or other reliable sources of information.
- C. "Reasonable scope" means that the scope and/or intrusiveness of the search is reasonably related to the objectives of the search. Factors to consider in determining what is reasonable include the seriousness of the suspected infraction, the reliability of the information, the necessity of acting without delay, the existence of exigent circumstances necessitating an immediate search and further investigation (e.g., to prevent violence, serious and immediate risk of harm, or destruction of evidence), and the age of the student.
- D. "School district location" means property that is owned, rented, leased, or

borrowed by the school district for school purposes, as well as property immediately adjacent to such property that may be used for parking or gaining access to such property. A school district location also shall include off school property at any school-sponsored or school-approved activity, event, or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district.

IV. STUDENT USE OF MOTOR VEHICLES IN SCHOOL DISTRICT LOCATIONS

Students generally are not permitted to use motor vehicles during the school day in any school district location. Students may use motor vehicles on the high school campus[es] during the school day only if there is an emergency and permission has been granted to the student by an Education District Principal to use a motor vehicle. Students are permitted to use motor vehicles in school district locations outside of the school day only on the high school campus[es].

V. STUDENT PARKING OF MOTOR VEHICLES IN SCHOOL DISTRICT LOCATIONS

- A. Students are permitted to park in a school district location as a matter of privilege, not of right. Students driving a motor vehicle to a high school campus may park the motor vehicle in the parking lot designated for student parking only. Students will not park vehicles in driveways, or on private property.
- B. When there are unauthorized vehicles parked on school district property, school officials may:
 - 1. move the vehicle or require the driver or other person in charge of the vehicle to move it off school district property; or
 - 2. if unattended, provide for the removal of the vehicle, at the expense of the owner or operator, to the nearest convenient garage or other place of safety off of school district property.

VI. PATROLS, INSPECTIONS, AND SEARCHES

School officials may conduct routine patrols of school district locations and routine inspections of the exteriors of the motor vehicles of students. In addition, the interiors of motor vehicles of students in school district locations may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule.

A. Patrols and Inspections

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

B. Search of Interior of Student Motor Vehicle

The interiors of motor vehicles of students in school district locations, including glove or trunk compartments, may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to withdrawal of parking privileges and to discipline if the student refuses to open a locked motor vehicle under the student's control or its compartments upon the request of a school official.

C. Prohibition of Contraband and Interference with Patrols, Inspections, Searches, and/or Seizures

A violation of this policy occurs when students store or carry contraband in motor vehicles in a school district location or interfere with patrols, inspections, searches, and/or seizures as provided by this policy.

D. Seizure of Contraband

If a search yields contraband, school officials will seize the item and may turn it over to legal officials for ultimate disposition when appropriate.

E. Dissemination of Policy

A copy of this policy will be printed in the student handbook or disseminated in any other way which school officials deem appropriate.

VII. DIRECTIVES AND GUIDELINES

The superintendent is granted authority to develop and present for school board review and approval reasonable directives and guidelines which address specific needs of the school district related to student use and parking of motor vehicles in school district locations, such as a permit system and parking regulations. Approved directives and guidelines shall be attached as an addendum to this policy.

VIII. VIOLATIONS

A student found to have violated this policy and/or the directives and guidelines implementing it shall be subject to withdrawal of parking privileges and/or to discipline in accordance with the school district's Student Discipline Policy, which may include suspension, exclusion, or expulsion. In addition, the student may be referred to legal officials when appropriate.

Re: Immunizations

Dear Parent:

As you know, school begins on [date]. Before your child, [name of child], can be enrolled, however, we must receive proof that he/she has received immunization against a number of diseases as required by state law or is excepted therefrom. To date, we have no immunization records for your child nor a claim of exception.

Please complete the enclosed form verifying that [name of child] has received the required immunizations, consistent with medically acceptable standards and return the form to [name of school official], *before school begins*. By state law, we cannot allow [name of child] to stay in school longer than thirty days unless we have received proof that he/she has had the required immunizations or is excepted therefrom.

If you cannot submit a statement from a physician or public clinic regarding your elementary or secondary school child, you may submit your own statement on the enclosed form detailing the precise dosages given for each required immunization and the month and year each immunization was given. If you elect to submit your own statement in lieu of one from a health care provider, please contact [name of school official] at [telephone number] to determine the precise vaccinations required for your child, as the requirements vary according to the child's age.

If you are claiming an exception for medical reasons that an immunization is contraindicated or because of your conscientiously held beliefs, you must either submit a statement from a physician stating the immunization is contraindicated or you must submit a notarized statement, signed by you as the parent/guardian, or if the student is an emancipated person, by the emancipated person, stating that the student has not been immunized because of conscientiously held beliefs. The enclosed form may be used for this purpose.

If we do not receive proof of immunization or exception by [date], your child will be sent home from school and discharged from enrollment. It will then be necessary for you to re-enroll the child after immunization requirements have been met before the child can return to school. If you have any questions, please contact [name of school official] at [telephone number].

Thank you for your cooperation.

If you have already submitted a statement to us, please indicate how the statement was submitted (i.e. hand-delivered, mailed), when it was delivered and to whom. It may be necessary for you to obtain a duplicate statement if the original cannot be found. If additional time to obtain a duplicate is required, please so indicate in your response.

If we do not receive proof of immunization or exception by [ten school days], your child will be sent home from school and discharged from enrollment. Re: Non-Enrollment for Lack of Immunization Proof

Dear Parent:

We are sending your child, [name of child], home today because we have not yet received proof that he or she has received appropriate immunizations or is excepted therefrom. Minnesota law does not allow us to enroll an elementary or secondary school student without proof that the student has received the required immunizations or is excepted therefrom.

As we advised earlier, State law and School District policy allow for a thirty-day grace period and a ten-day due process period during which your child may attend school. Those grace periods have now expired.

[Name of child] may re-enroll as soon as we have received appropriate proof of immunizations. If you have any questions about the proof or the immunizations required, please contact [name of school official] at [telephone number] as soon as possible.

We look forward to having [name of child] back in school soon.

Very truly yours,

[School District Official]

530 IMMUNIZATION REQUIREMENTS

I. PURPOSE

The purpose of this policy is to require that all students receive the proper immunizations as mandated by law to ensure the health and safety of all students.

II. GENERAL STATEMENT OF POLICY

All students are required to provide proof of immunization, or appropriate documentation exempting the student from such immunization, and such other data necessary to ensure that the student is free from any communicable diseases, as a condition of enrollment.

III. STUDENT IMMUNIZATION REQUIREMENTS

- A. No student may be enrolled or remain enrolled, on a full-time, part-time, or shared-time basis, in any elementary or secondary school within the school district until the student or the student's parent or guardian has submitted to the designated school district administrator the required proof of immunization. Prior to the student's first date of attendance, the student or the student's parent or guardian shall provide to the designated school district administrator one of the following statements:
1. a statement from a physician, advanced practice registered nurse, physician assistant, or a public clinic which provides immunizations (hereinafter "medical statement"), affirming that the student received the immunizations required by law, consistent with medically acceptable standards; or
 2. a medical statement affirming that the student received the primary schedule of immunizations required by law and has commenced a schedule of the remaining required immunizations, indicating the month and year each immunization was administered, consistent with medically acceptable standards.
- B. The statement of a parent or guardian of a student or an emancipated student may be substituted for the medical statement. If such a statement is substituted, this statement must indicate the month and year each immunization was administered. Upon request, the designated school district administrator will provide information to the parent or guardian of a student or an emancipated student of the dosages required for each vaccine according to the age of the student.

- C. The parent or guardian of persons receiving instruction in a home school shall submit one of the statements set forth in Section III.A. or III.B., above, or statement of immunization set forth in Section IV., below, to the superintendent of the school district by October 1 of the first year of their home schooling in Minnesota and the grade 7 year.
- D. When there is evidence of the presence of a communicable disease, or when required by any state or federal agency and/or state or federal law, students and/or their parents or guardians may be required to submit such other health care data as is necessary to ensure that the student has received any necessary immunizations and/or is free of any communicable diseases. No student may be enrolled or remain enrolled in any elementary or secondary school within the school district until the student or the student's parent or guardian has submitted the required data.
- E. The school district may allow a student transferring into a school a maximum of 30 days to submit a statement specified in Section III.A. or III.B., above, or Section IV., below. Students who do not provide the appropriate proof of immunization or the required documentation related to an applicable exemption of the student from the required immunization within the specified time frames shall be excluded from school until such time as the appropriate proof of immunizations or exemption documentation has been provided.
- F. If a person who is not a Minnesota resident enrolls in a school district online learning course or program that delivers instruction to the person only by computer and does not provide any teacher or instructor contact time or require classroom attendance, the person is not subject to the immunization, statement, and other requirements of this policy.

IV. EXEMPTIONS FROM IMMUNIZATION REQUIREMENTS

Students will be exempt from the foregoing immunization requirements under the following circumstances:

- A. The parent or guardian of a minor student or an emancipated student submits a signed medical statement affirming that the immunization of the student is contraindicated for medical reasons or that laboratory confirmation of the presence of adequate immunity exists; or
- B. The parent or guardian of a minor student or an emancipated student submits his or her notarized statement stating the student has not been immunized because of the conscientiously held beliefs of the parent, guardian or student.

V. NOTICE OF IMMUNIZATION REQUIREMENTS

- A. The school district will develop and implement a procedure to:
 1. notify parents and students of the immunization and exemption

requirements by use of a form approved by the Department of Health;

2. notify parents and students of the consequence for failure to provide required documentation regarding immunizations;
3. review student health records to determine whether the required information has been provided; and
4. make reasonable arrangements to send a student home when the immunization requirements have not been met and advise the student and/or the student's parent or guardian of the conditions for re-enrollment.

[See Attachments A, B, C, and D.]

- B. The notice provided shall contain written information describing the exemptions from immunization as permitted by law. The notice shall be in a font size at least equal to the font size and style as the immunization requirements and on the same page as the immunization requirements.

VI. IMMUNIZATION RECORDS

- A. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student attains the age of majority.
- B. Upon request, the school district may exchange immunization data with persons or agencies providing services on behalf of the student. Immunization data is private student data and disclosure of such data shall be governed by Policy 515 Protection and Privacy of Pupil Records.
- C. The designated school district administrator will assist a student and/or the student's parent or guardian in the transfer of the student's immunization file to the student's new school within 30 days of the student's transfer.
- D. Upon request of a public or private post-secondary educational institution, the designated school district administrator will assist in the transfer of the student's immunization file to the post-secondary educational institution.

VII. OTHER

Within 60 days of the commencement of each new school term, the school district will forward a report to the Commissioner of the Department of Education stating the number of students attending each school in the school district, including the number of students receiving instruction in a home school, the number of students who have not been immunized, and the number of students who received an exemption. The school district also will forward a copy of all exemption statements received by the school district to the Commissioner of the Department of Health.

531 THE PLEDGE OF ALLEGIANCE

[Note: Recitation of the Pledge of Allegiance by students and instruction of students as provided in this policy are required by statute. Also, the statement in Part III., below, must be included in the student handbook or a policy guide. A local school board or a charter school board of directors may waive these statutory requirements by a majority vote taken annually. If the local school board or charter school board of directors waives the requirement to recite the Pledge of Allegiance, it may adopt a district or school policy regarding the reciting of the Pledge of Allegiance.]

I. PURPOSE

The school board recognizes the need to display an appropriate United States flag and to provide instruction to students in the proper etiquette, display, and respect of the flag. The purpose of this policy is to provide for recitation of the Pledge of Allegiance and instruction in school to help further that end.

II. GENERAL STATEMENT OF POLICY

Students in this school district shall recite the Pledge of Allegiance to the flag of the United States of America one or more times each week. The recitation shall be conducted:

- A. By each individual classroom teacher or the teacher's surrogate; or
- B. Over a school intercom system by a person designated by the school principal or other person having administrative control over the school.

III. EXCEPTIONS

Anyone who does not wish to participate in reciting the Pledge of Allegiance for any personal reasons may elect not to do so. Students and school personnel must respect another person's right to make that choice.

IV. INSTRUCTION

Students will be instructed in the proper etiquette toward, correct display of, and respect for the flag, and in patriotic exercises.

532 USE OF PEACE OFFICERS AND CRISIS TEAMS TO REMOVE STUDENTS WITH IEPs FROM SCHOOL GROUNDS

I. PURPOSE

The purpose of this policy is to describe the appropriate use of peace officers and crisis teams to remove, if necessary, a student with an individualized education program (IEP) from school grounds.

II. GENERAL STATEMENT OF POLICY

The school district is committed to promoting learning environments that are safe for all members of the school community. It further believes that students are the first priority and that they should be reasonably protected from physical or emotional harm at all school locations and during all school activities.

In general, all students, including those with IEPs, are subject to the terms of the school district's discipline policy. Building level administrators have the leadership responsibility to maintain a safe, secure, and orderly educational environment within which learning can occur. Corrective action to discipline a student and/or modify a student's behavior will be taken by staff when a student's behavior violates the school district's discipline policy.

If a student with an IEP engages in conduct which, in the judgment of school personnel, endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, that student may be removed from school grounds in accordance with this policy.

III. DEFINITIONS

For purposes of this policy, the following terms have the meaning given them in this section:

- A. "Crisis team" means a group of persons, which may include teachers and non-teaching school personnel, selected by the building administrator in each school building who have received crisis intervention training and are responsible for becoming actively involved with resolving crises. The building administrator or designee shall serve as the leader of the crisis team.
- B. "Emergency" means a situation where immediate intervention is needed to protect a child or other individual from physical injury.

- C. “Peace officer” means an employee or an elected or appointed official of a political subdivision or law enforcement agency who is licensed by the Board of Peace Officer Standards and Training, charged with the prevention and detection of crime and the enforcement of general criminal laws of the state and who has the full power of arrest. The term “peace officer” includes a person who serves as a sheriff, a deputy sheriff, a police officer, or a state patrol trooper.
- D. “Police liaison officer” is a peace officer who, pursuant to an agreement between the school district and a political subdivision or law enforcement agency, is assigned to a school building for all or a portion of the school day to provide law enforcement assistance and support to the building administration and to promote school safety, security, and positive relationships with students.
- E. The phrase “remove the student from school grounds” is the act of securing the person of a student with an IEP and escorting that student from the school building or school activity at which the student with an IEP is located.
- F. “Student with an IEP” or “the student” means a student who is eligible to receive special education and related services pursuant to the terms of an IEP or an individual interagency intervention plan (IIIP).
- G. All other terms and phrases used in this policy shall be defined in accordance with applicable state and federal law or ordinary and customary usage.

IV. REMOVAL OF STUDENTS WITH IEPs FROM SCHOOL GROUNDS

A. Removal By Crisis Team

If the behavior of a student with an IEP escalates to the point where the student’s behavior endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building’s crisis team may be summoned. The crisis team may attempt to de-escalate the student’s behavior by means including, but not limited to, those described in the student’s IEP and/or behavior intervention plan. When such measures fail, or when the crisis team determines that the student’s behavior continues to endanger or may endanger the health, safety, or property of the student, other students, staff members, or school property, the crisis team may remove the student from school grounds.

If the student’s behavior cannot be safely managed, school personnel may immediately request assistance from the police liaison officer or a peace officer.

B. Removal By Police Liaison Officer or Peace Officer

If a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building’s crisis team, building administrator, or the building administrator’s designee, may request that the police liaison officer or a peace officer remove the student from school grounds.

If a student with an IEP is restrained or removed from a classroom, school building, or school grounds by a peace officer at the request of a school administrator or school staff person during the school day twice in a 30-day period, the student's IEP team must meet to determine if the student's IEP is adequate or if additional evaluation is needed.

Whether or not a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, school district personnel may report a crime committed by a student with an IEP to appropriate authorities. If the school district reports a crime committed by a student with an IEP, school personnel shall transmit copies of the special education and disciplinary records of the student for consideration by appropriate authorities to whom it reports the crime, to the extent that the transmission is permitted by the Family Education Rights and Privacy Act (FERPA), the Minnesota Government Data Practices Act, and school district's policy, Protection and Privacy of Pupil Records.

The fact that a student with an IEP is covered by special education law does not prevent state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a student with an IEP.

C. Reasonable Force Permitted

1. In removing a student with an IEP from school grounds, a building administrator, other crisis team members, or the police liaison officer or other agents of the school district, whether or not members of a crisis team, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another
2. In removing a student with an IEP from school grounds, police liaison officers and school district personnel are further prohibited from engaging in the following conduct:
 - a. Corporal punishment prohibited by Minnesota Statutes, section 121A.58;
 - b. Requiring a child to assume and maintain a specified physical position, activity, or posture that induces physical pain;
 - c. Totally or partially restricting a child's senses as punishment;
 - d. Denying or restricting a child's access to equipment and devices such as walkers, wheelchairs, hearing aids, and communication boards that facilitate the child's functioning except when temporarily removing the equipment or device is needed to prevent injury to the child or others or serious damage to the equipment or

device, in which case the equipment or device shall be returned to the child as soon as possible;

- e. Interacting with a child in a manner that constitutes sexual abuse, neglect, or physical abuse under Minnesota Statutes, Chapter 260E;
 - f. Physical holding (as defined in Minnesota Statutes, section 125A.0941) that restricts or impairs a child's ability to breathe, restricts or impairs a child's ability to communicate distress, places pressure or weight on a child's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen, or results in straddling a child's torso;
 - g. Withholding regularly scheduled meals or water; and/or
 - h. Denying a child access to toilet facilities.
3. Any reasonable force used under Minnesota Statutes, sections 121A.582; 609.06, subdivision 1; and 609.379 which intends to hold a child immobile or limit a child's movement where body contact is the only source of physical restraint or confines a child alone in a room from which egress is barred shall be reported to the Minnesota Department of Education as a restrictive procedure, including physical holding or seclusion used by an unauthorized or untrained staff person.

D. Parental Notification

The building administrator or designee shall make reasonable efforts to notify the student's parent or guardian of the student's removal from school grounds as soon as possible following the removal.

E. Continued Removals; Review of IEP

Continued and repeated use of the removal process described herein must be reviewed in the development of the individual student's IEP or IIP.

F. Effect of Policy in an Emergency; Use of Restrictive Procedures

A student with an IEP may be removed in accordance with this policy regardless of whether the student's conduct would create an emergency.

If the school district seeks to remove a student with an IEP from school grounds under this policy due to behaviors that constitute an emergency and the student's IEP, IIP, or behavior intervention plan authorizes the use of one or more restrictive procedures, the crisis team may employ those restrictive procedures, in addition to any reasonable force that may be necessary, to facilitate the student's removal from school grounds, as long as the crisis team members who are implementing the restrictive procedures have received the training required by Minnesota Statutes,

section 125A.0942, subdivision 5, and otherwise comply with the requirements of section 125A.0942.

G. Reporting to the Minnesota Department of Education (MDE)

Annually, stakeholders may recommend, as necessary, to the Commissioner of MDE (Commissioner) specific and measurable implementation and outcome goals for reducing the use of restrictive procedures. The Commissioner must submit to the Legislature a report on districts' progress in reducing the use of restrictive procedures that recommends how to further reduce these procedures and eliminate the use of seclusion. By January 15, April 15, July 15, and October 15 of each year, districts must report, in a form and manner determined by the Commissioner, about individual students who have been secluded. By July 15 each year, districts must report summary data. The summary data must include information on the use of restrictive procedures for the prior school year, July 1 through June 30, including the use of reasonable force by school personnel that is consistent with the definition of physical holding or seclusion of a child with a disability.

1. The school district will encourage and support healthy eating by students and engage in nutrition promotion that is:
 - a. offered as part of a comprehensive program designed to provide students with the knowledge and skills necessary to promote and protect their health;
 - b. part of health education classes, as well as classroom instruction in subjects such as math, science, language arts, social sciences, and elective subjects, where appropriate; and
 - c. enjoyable, developmentally appropriate, culturally relevant, and includes participatory activities, such as contests, promotions, taste testing, and field trips.

The school district will encourage all students to make age appropriate, healthy selections of foods and beverages, including those sold individually outside the reimbursable school meal programs, such as through a la carte/snack lines, vending machines, fundraising events, concession stands, and student stores.

B. Physical Activity

1. Students need opportunities for physical activity and to fully embrace regular physical activity as a personal behavior. Toward that end, health and physical education will reinforce the knowledge and self-management skills needed to maintain a healthy lifestyle and reduce sedentary activities, such as watching television;
2. Opportunities for physical activity will be incorporated into other subject lessons, where appropriate; and

D. Other Foods and Beverages Made Available to Students

1. Student wellness will be a consideration for all foods offered, but not sold, to students on the school campus, including those foods provided through:
 - a. Celebrations and parties. The school district will provide a list of healthy party ideas to parents and teachers, including non-food celebration ideas.
 - b. Classroom snacks brought by parents. The school district will provide to parents a list of suggested foods and beverages that meet Smart Snacks nutrition standards.

534 SCHOOL MEALS POLICY

I. PURPOSE

The purpose of this policy is to ensure that students receive healthy and nutritious meals through the school district's nutrition program and that school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy of the school district is to provide meals to students in a respectful manner and to maintain the dignity of students by prohibiting lunch shaming or otherwise ostracizing the student. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day and minimize identification of students with insufficient funds to pay for a la carte items or second meals as well as to maintain the financial integrity of the school nutrition program.

II. PAYMENT OF MEALS

- A. All a la carte items or second meal purchases are to be prepaid before meal service begins. A student who does not have sufficient funds will not be allowed to charge a la carte items or a second meal until additional money is deposited in the student's account.

If the school district participates in the United States Department of Agriculture National School Lunch program and has an Identified Student Percentage below the federal percentage determined for all meals to be reimbursed at the free rate via the Community Eligibility Provision must participate in the free school meals program.

- B. A school that participates in the United States Department of Agriculture National School Lunch program and has an Identified Student Percentage at or above the federal percentage determined for all meals to be reimbursed at the free rate must participate in the federal Community Eligibility Provision in order to participate in the free school meals program.

- C. Each school that participates in the free school meals program must:

(1) participate in the United States Department of Agriculture School Breakfast Program and the United States Department of Agriculture National School Lunch Program; and

(2) provide to all students at no cost up to two federally reimbursable meals per school day, with a maximum of one free breakfast and one free lunch.

- D. Once a meal has been placed on a student's tray or otherwise served to a student, the meal may not be subsequently withdrawn from the student by the cashier or other school official, whether or not the student has an outstanding meals balance.
- E. When a student has a negative account balance, the student will not be allowed to charge a snack item.
- F. If a parent or guardian chooses to send in one payment that is to be divided between sibling accounts, the parent or guardian must specify how the funds are to be distributed to the students' accounts. Funds may not be transferred between sibling accounts unless written permission is received from the parent or guardian.

III. LOW OR NEGATIVE ACCOUNT BALANCES – NOTIFICATION

- A. The school district will make reasonable efforts to notify families when meal account balances are low or fall below zero.
- B. Families will be notified of an outstanding negative balance once the negative balance reaches \$0. Families will be notified by email, phone call or letter.
- C. Reminders for payment of outstanding student meal balances will not demean or stigmatize any student participating in the school lunch program, including, but not limited to, dumping meals, withdrawing a meal that has been served, announcing or listing students' names publicly, providing alternative meals not specifically related to dietary needs; providing nonreimbursable meals; or affixing stickers, stamps, or pins.

IV. UNPAID MEAL CHARGES

- A. The school district will make reasonable efforts to communicate with families to resolve the matter of unpaid charges. Where appropriate, families may be encouraged to apply for free or reduced-price meals for their children.
- B. The school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. Unpaid meal charges are designated as delinquent debt when payment is overdue, the debt is considered collectable, and efforts are being made to collect it.
- C. Negative balances of more than \$20, not paid prior to the end of the school year, may be turned over to the superintendent or superintendent's designee for collection. In some instances, the school district does use a collection agency to collect unpaid school meal debts after reasonable efforts first have been made by the school district to collect the debt. Collection options may include, but are not limited to, use of collection agencies, claims in the conciliation court, or any other legal method permitted by law.

- D. The school district may not enlist the assistance of non-school district employees, such as volunteers, to engage in debt collection efforts.
- E. The school district will not impose any other restriction prohibited under Minnesota Statutes, section 123B.37 due to unpaid student meal balances. The school district will not limit a student's participation in any school activities, graduation ceremonies, field trips, athletics, activity clubs, or other extracurricular activities or access to materials, technology, or other items provided to students due to an unpaid student meal balance.

V. COMMUNICATION OF POLICY

- A. This policy and any pertinent supporting information shall be provided in writing (i.e., mail, email, back-to-school packet, student handbook, etc.) to:
 - 1. all households at or before the start of each school year;
 - 2. students and families who transfer into the school district, at the time of enrollment; and
 - 3. all school district personnel who are responsible for enforcing this policy.
- B. The school district will post this policy on the school district's website, or the website of the organization where the meal is served, in addition to providing the required written notification described above.
- C. If the school district contracts with a third party for its meal services, it will provide the vendor with its school meals policy. The school district will ensure that any third-party provider with whom the school district enters into either an original or modified contract after July 1, 2021, adheres to the school district's school meals policy.

Alternative instruction may be provided by the parent, guardian, or adult student if the alternative instruction, if any, offered by the

school board does not meet the concerns of the parent, guardian, or adult student. The school board is not required to pay for the costs of alternative instruction provided by a parent, guardian, or adult student. School personnel may not impose an academic or other penalty upon a student merely for arranging alternative instruction under this section. School personnel may evaluate and assess the quality of the student's work.

V. CPR AND AED INSTRUCTION

- C. Educators must possess the knowledge and skills to effectively teach all English learners in their classrooms. School districts must provide appropriate curriculum, targeted materials, professional development opportunities for educators, and

sufficient resources to enable English learners to become career and college ready.

- D. When assisting students in developing a plan for a smooth and successful transition to postsecondary education and employment, school districts must recognize the unique possibilities of each student and ensure that the contents of each student's plan reflect the student's unique talents, skills, and abilities as the student grows, develops, and learns.
- E. If a student with a disability has an Individualized Education Program (IEP) or standardized written plan that meets the plan components herein, the IEP satisfies the requirement, and no additional transition plan is needed.

- C. The superintendent shall be responsible for developing procedures and guidelines to establish an orderly process for the review and recommendation of textbooks and other instructional materials by the professional staff. Such procedures and guidelines shall provide opportunity for input and consideration of the views of students, parents, and other interested members of the school district community. This procedure shall be coordinated with the school district's curriculum development effort and may utilize advisory committees.

610 FIELD TRIPS

I. PURPOSE

The purpose of this policy is to provide guidelines for student trips and to identify the general process to be followed for review and approval of trip requests.

II. GENERAL STATEMENT OF POLICY

The general expectation of the school board is that all student trips will be well planned, conducted in an orderly manner and safe environment, and will relate directly to the objectives of the class or activity for which the trip is requested. Student trips will be categorized within three general areas:

A. Instructional Trips

Trips that take place during the school day, relate directly to a course of study, and require student participation shall fall in this category. These trips shall be subject to review and approval of the building principal and shall be financed by school district funds within the constraints of the school building budget. Fees may not be assessed against students to defray direct costs of instructional trips. (Minnesota Statutes section 123B.37)

B. Supplementary Trips

This category pertains to those trips in which students voluntarily participate and which usually take place outside the regular school day. Examples of trips in this category involve student activities, clubs, and other special interest groups. These trips are subject to review and approval of the activities director and/or the building principal. Financial contributions by students may be requested. (Minnesota Statutes section 123B.36)

C. Extended Trips

1. Trips that involve one or more overnight stops fall into this category. Extended trips may be instructional or supplementary and must be requested well in advance of the planned activity. An extended trip request form must be completed and approved at each level: student, principal, superintendent, and school board. Exceptions to the approval policy may be granted or expedited to accommodate emergencies or contingencies (e.g., tournament competition).

2. The school board acknowledges and supports the efforts of booster clubs and similar organizations in providing extended trip opportunities for students.

III. REGULATIONS

- A. Rules of conduct and discipline for students and employees shall apply to all student trip activity.
- B. The school administration shall be responsible for providing more detailed procedures, including parental involvement, supervision, and such other factors deemed important and in the best interest of students.
- C. Transportation shall be furnished through a commercial carrier or school-owned vehicle.
- D. An employee may use a personal vehicle to transport staff or personal property for purposes of a field trip upon prior, written approval from administration.
- E. An employee must not use a personal vehicle to transport one or more students for purposes of a field trip.
 1. If immediate transportation of a student is required due to an emergency or unforeseen circumstance, such as the illness or injury of a child, and the transportation does not constitute regular or scheduled transportation, a personal vehicle may be used. To the extent a personal vehicle is used, the vehicle must be properly registered and insured.
 2. An employee must obtain preapproval by administration of student transportation by a personal vehicle, pursuant to Section III.E.1, if practicable. If preapproval by administration of use of a personal vehicle cannot be obtained in a reasonable time given the circumstances, an employee shall report the relevant facts and circumstances justifying the need for use of a personal vehicle to administration as soon as practicable. The relevant facts and circumstances for use of a personal vehicle shall be documented by administration.

IV. SCHOOL BOARD REVIEW

The superintendent shall at least annually report to the school board upon the utilization of trips under this policy.

- A. Achievement and career and college readiness in mathematics, reading, and writing, as measured against a continuum of empirically derived, clearly defined benchmarks focused on students' attainment of knowledge and skills so that students, their parents, and teachers know how well students must perform to have a reasonable chance to succeed in a career or college without the need for postsecondary remediation and which facilitates the monitoring of students' continuous development of and growth in requisite knowledge and skills; analysis of students' progress and performance levels, identification of students' academic strengths and diagnosis of areas where students require curriculum or instructional adjustments, targeted interventions, or remediation; and determination of students' learning and instructional needs and the instructional tools and best practices that support academic rigor for the student based on analysis of students' progress and performance data; and
- B. [Note: Starting in the 2026-27 school year, a high school must offer an ethnic studies course; in elementary and middle schools by the 2027-28 school year.]

VII. GRADUATION STANDARDS REQUIREMENTS

615 TESTING ACCOMMODATIONS, MODIFICATIONS, AND EXEMPTIONS FOR IEPs, SECTION 504 PLANS, AND LEP STUDENTS

I. PURPOSE

The purpose of the policy is to provide adequate opportunity for students identified as having individualized education program (IEP), Rehabilitation Act of 1973, § 504 accommodation plan (504 plan), or English Learner (EL) needs to participate in statewide assessment systems designed to hold schools accountable for the academic performance of all students.

II. GENERAL STATEMENT OF POLICY

A. Minnesota Test of Academic Skills (MTAS)

1. The school district will utilize the existing annual review of IEPs or 504 plans to review, on a case-by-case basis, and determine how a student with a disability will participate in statewide testing.
2. Participation decisions will be made separately for mathematics, reading, and science. The assessment options are the Minnesota Comprehensive Assessment (MCA) and the MTAS.
3. Eligibility Requirements
 - a. The following requirements must be met for a student with a significant cognitive disability to be eligible for the MTAS:
 - (1) The IEP team must consider the student's ability to access the MCA, with or without accommodations;
 - (2) The IEP must review the student's instructional program to ensure that the student is receiving instruction linked to the general education curriculum to the extent appropriate. If instruction is not linked to the general education curriculum, the IEP team must review the student's goals and determine how access to the general curriculum will be provided;
 - (3) The IEP team determined the student's cognitive functioning to be significantly below age expectations. The team also determined that the student's disability has a significant impact on his or her ability to function in multiple environments, including home, school, and community;
 - (4) The IEP team determined that the student needs explicit and intensive instruction and/or extensive supports in multiple settings to acquire, maintain, and generalize academic and life skills in order to actively participate in school, work, home, and community environments;

- (5) The IEP team must document, in the IEP, reasons the MCA is or is not an appropriate measure of the student's academic progress and how the student would participate in statewide testing.
 - b. MTAS participation decisions must not be made on the following factors:
 - (1) Student's disability category;
 - (2) Placement;
 - (3) Participation in a separate, specialized curriculum;
 - (4) An expectation that the student will receive a low score on the MCA;
 - (5) Language, social, cultural, or economic differences;
 - (6) Concern for accountability calculations.
- B. Alternate ACCESS for ELs
 1. The school district will utilize the existing annual review of IEPs or 504 plans to review, on a case-by-case basis, and determine how an identified EL student with a disability will participate in statewide testing.
 2. Eligibility Requirements
 - a. The student must be identified as EL in MARSS in order to take an English language proficiency assessment.
 - b. The student must have a significant cognitive disability. If the student has been identified as eligible to take the MTAS in mathematics, reading, or science, the student meets this criterion.
 - c. For students in grades that the MTAS is not administered:
 - (1) the student must have cognitive functioning significantly below age level;
 - (2) the student's disability must have a significant impact on his or her ability to function in multiple environments, including home, school, and community; and
 - (3) the student needs explicit and intensive instruction and/or extensive supports in multiple settings to acquire, maintain, and generalize academic and life skills in order to actively participate in school, work, home, and community environments.
 - d. The IEP team must consider the student's ability to access the ACCESS, with or without accommodations.
 - e. The IEP team must document, in the IEP, reasons the MCA is or is not an appropriate English language proficiency assessment for the student.

3. Alternate ACCESS participation decisions must not be made on the following factors:
 - a. Student’s disability category;
 - b. Participation in a separate, specialized curriculum;
 - c. Current level of English language proficiency;
 - d. The expectation that the student will receive a low score on the ACCESS for ELs;
 - e. Language, social, cultural, or economic differences;
 - f. Concern for accountability calculations.

C. EL Students New to the United States

EL students new to the United States will take all assessments, including all academic assessments (math, reading, and science), as well as the English Language Proficiency Assessment (ACCESS).

III. DEFINITION OF TERMS

See the current “Procedures Manual for the Minnesota Assessments” which is produced by the Minnesota Department of Education and available through [_minnesota.pearsonaccessnext.com](http://minnesota.pearsonaccessnext.com).

616 SCHOOL DISTRICT SYSTEM ACCOUNTABILITY

I. PURPOSE

The purpose of this policy is to focus public education strategies on a process that promotes higher academic achievement for all students and ensures broad-based community participation in decisions regarding implementation of the Minnesota K-12 Academic Standards and federal law.

II. GENERAL STATEMENT OF POLICY

Implementation of the Minnesota K-12 Academic Standards and federal law requires accountability for the school district. The school district established a system to transition to the graduation requirements of the Minnesota K-12 Academic Standards. The school district also established a system to review and improve instruction, curriculum, and assessment which will include substantial input by students, parents or guardians, and local community members. The school district will be accountable to the public and the state through annual reporting.

III. DEFINITIONS

- A. “Credit” means a student’s successful completion of an academic year of study or a student’s mastery of the applicable subject matter, as determined by the school district
- B. “World’s best workforce” means striving to: meet school readiness goals; close the academic achievement gap among all racial and ethnic groups of students and between students living in poverty and students not living in poverty; have all students attain career and college readiness before graduating from high school; and have all students graduate from high school.

IV. ESTABLISHMENT OF GOALS; IMPLEMENTATION; EVALUATION AND REPORTING

A. School District Goals

- 1. The school board has established school district-wide goals that provide broad direction for the school district. Incorporated in these goals are the graduation and education standards contained in the Minnesota K-12 Academic Standards and federal law. The broad goals shall be reviewed

annually and approved by the school board. The school board shall adopt annual goals based on the recommendations of the school district's Advisory Committee.

2. The District Advisory Committee created under Policy 603 (Curriculum Development) is established by the school board to ensure active community participation in all phases of planning and improving the instruction and curriculum affecting state and district academic standards.
3. The school district-wide improvement goals should address recommendations identified through the District Advisory Committee process. The school district's goal setting process will include consideration of individual site goals. School district goals may also be developed through an education effectiveness program, an evaluation of student progress committee, or through some other locally determined process.

- B. System for Reviewing All Instruction and Curriculum. Incorporated in the process will be analysis of the school district's progress toward implementation of the Minnesota Academic Standards. Instruction and curriculum shall be reviewed and evaluated by taking into account strategies and best practices, student outcomes, principal evaluations under Minnesota Statutes section 123B.147, and teacher evaluations under Minnesota Statutes section 122A.40 or 122A.41.

[Insert Local Cycle in this space]

- C. Implementation of Graduation Requirements

1. The District Advisory Committee shall also advise the school board on implementation of the state and local graduation requirements, including K-12 curriculum, assessment, student learning opportunities, and other related issues. Recommendations of the District Advisory Committee shall be published annually to the community. The school board shall receive public input and comment and shall adopt or update this policy at least annually.
2. The school board shall annually review and determine if student achievement levels at each school site meet federal expectations. If the school board determines that student achievement levels at a school site do not meet federal expectations and the site has not made adequate yearly progress for two consecutive school years, the District Advisory Committee shall work with the school site to adopt a plan to raise student achievement levels to meet federal expectations. The District Advisory Committee may seek assistance from the Commissioner of the Minnesota Department of Education (MDE) (Commissioner) in developing a plan which must include parental involvement components.

3. The educational assessment system component utilized by the school board to measure individual students' educational progress must be based, to the extent annual tests are administered, on indicators of current achievement that show growth relative to an individual student's prior achievement. Indicators of achievement and prior achievement must be based on highly reliable statewide or districtwide assessments. The school board will utilize models developed by the Commissioner for measuring individual student progress. The school board must coordinate with MDE in evaluating school sites and continuous improvement plans, consistent with best practices.

D. Comprehensive Continuous Improvement of Student Achievement

1. By October 31st of each year, the District Advisory Committee will meet to advise and assist the school district in the implementation of the school district system accountability and comprehensive continuous improvement process.
2. The District Advisory Committee, will provide active community participation in:
 - a. Reviewing the school district instructional and curriculum plan, with emphasis on implementing the Minnesota K-12 Academic Standards;
 - b. Identifying annual instruction and curriculum improvement goals for recommendation to the school board;
 - c. Making recommendations regarding the evaluation process that will be used to measure school district progress toward its goals; and,
 - d. Advising the school board about development of the annual budget.

 - c. Building teams may be established as subcommittees to develop and implement an education effectiveness plan and to carry out methods to improve instruction, curriculum, and assessments as well as methods to use technology in meeting the school district

improvement plan.

- d. A local plan to evaluate student progress, using a local process, shall be used for developing a plan for assessment of student progress toward the Graduation Standards, as well as program evaluation data for use by the District Advisory Committee in the instruction and curriculum review process. This plan shall annually be approved by the school board.
5. Translation services should be provided to the extent appropriate and practicable.
 6. The District Advisory Committee shall meet the following timeline each year:
 - Month: Organizational meeting of the Committee to review the authorizing legislation and the roles and responsibilities of the Committee as determined by the school board.
 - Month(s): Agree on the process to be used. Become familiar with the instruction and curriculum of the cycle content area.
 - Month(s): Review evaluation results and prepare recommendations.
 - Month: Present recommendations to the school board for its input and approval.
- E. Evaluation of Student Progress Committee. A committee of professional staff shall develop a plan for assessment of student progress, the Graduation Standards, as well as program evaluation data for use by the District Advisory Committee to review instruction and curriculum, cultural competencies, including cultural awareness and cross-cultural communication, and student achievement at the school site. This plan shall annually be approved by the school board.
- F. Reporting
1. Consistent with Minnesota Statutes, section 120B.36, subdivision. 1, the school board shall publish a report in the local newspaper with the largest circulation in the district, by mail, or by electronic means on the school district website. The school board shall hold an annual public meeting to review and revise, where appropriate, student achievement goals, local assessment outcomes, plans, strategies, and practices for improving curriculum and instruction and cultural competency and efforts to equitably distribute diverse, effective, experienced, and in-field teachers, and to review school district success in realizing the previously adopted student achievement goals and related benchmarks and the improvement plans

leading to the world's best workforce. The school board must transmit an electronic summary of its report to the Commissioner in the form and manner the Commissioner determines. 618 ASSESSMENT OF STUDENT ACHIEVEMENT

I. PURPOSE

The purpose of this policy is to institute a process for the establishment and revision of assessments to measure achievement toward meeting the Minnesota Academic Standards, track academic progress over time, and provide Minnesota graduates information related to career and college readiness.

II. GENERAL STATEMENT OF POLICY

The school district has established a procedure by which students shall complete Graduation Requirements. This procedure includes the adoption of performance assessment methods to be used in measuring student performance. The school district strives to continually enhance student achievement of Graduation Requirements.

III. DEFINITIONS

- A. “Academic standard” means a summary description of student learning in a required content area or elective content area.
- B. “Benchmark” means the specific knowledge or skill that a student must master to complete part of an academic standard by the end of the grade level or grade band.
- C. “Career and college ready,” for purposes of statewide accountability, means a high school graduate has the knowledge, skills, and competencies to successfully pursue a career pathway, including postsecondary credit leading to a degree, diploma, certificate, or industry-recognized credential and employment. Students who are career and college ready are able to successfully complete credit-bearing coursework at a two- or four-year college or university or other credit-bearing postsecondary program without need for remediation.
- D. “Cultural competence,” for purposes of statewide accountability, means the ability and will to interact effectively with people of different cultures, native languages, and socioeconomic backgrounds.
- E. “Elective standards” means a locally adopted expectation for student learning in career and technical education and world languages.
- F. “Experiential learning” means learning for students that includes career exploration through a specific class or course or through work-based experiences such as job shadowing, mentoring, entrepreneurship, service learning, volunteering,

internships, or other cooperative work experience, youth apprenticeship, or employment.

- G. “Required standard” means (1) a statewide adopted expectation for student learning in the content areas of language arts, mathematics, science, social studies, physical education, and the arts, and (2) a locally adopted expectation for student learning in health.

IV. ESTABLISHMENT OF CRITERIA FOR ASSESSMENT

- A. The Director shall establish criteria by which student performance of local academic standards and elective standards are to be evaluated and approved. The criteria will be submitted to the school board for approval. Upon approval by the school board, the criteria shall be deemed part of this policy.
- B. The director shall ensure that students and parents or guardians are provided with notice of the process by which academic standards will be assessed.
- C. Staff members will be expected to utilize staff development opportunities to the extent necessary to ensure effective implementation and continued improvement of the implementation of assessments under the Minnesota Academic Standards.

V. STANDARDS FOR MINNESOTA ACADEMIC STANDARDS PERFORMANCE ASSESSMENTS

A. Benchmarks

The school district will offer and students must achieve all benchmarks for an academic standard to satisfactorily complete that state standard. These benchmarks will be used by the school district and its staff in developing tests to measure student academic knowledge and skills.

[School districts are required to formally establish a periodic review cycle for academic standards and related benchmarks in health, world languages, and career and technical education.]

B. Statewide Academic Standards Testing

- 1. The school district will utilize statewide assessments developed from and aligned with the state’s required academic standards as these tests become available to evaluate student progress toward career and college readiness in the context of the state’s academic standards.
- 2. The school district will administer annually, in accordance with the process determined by the Minnesota Department of Education, the state-constructed tests aligned with state standards to all students in grades 3 through 8 and at the high school level as follows:

- a. computer-adaptive reading and mathematics assessments in grades 3 through 8;
 - b. high school reading in grade 10, mathematics in grade 11, and a high school writing test, when it becomes available; and
 - c. science assessments in one grade in the grades 3 through 5 span, the grades 6 through 8 span, and a life science assessment in the grades 9 through 12 span (a passing score on high school science assessments is not a condition of receiving a diploma).
3. The school district will develop and administer locally constructed tests in social studies, health and physical education, and the arts to determine if a student has met the required academic standards in these areas.
 4. The school district may use a student's performance on a statewide assessment as one of the multiple criteria to determine grade promotion or retention. The school district also may use a high school student's performance on a statewide assessment as a percentage of the student's final grade in a course, or place a student's assessment score on the student's transcript.
 5. For students in grade 8 in the 2012-2013 school year and later, the school district must record on the high school transcript a student's progress toward career and college readiness. For other students, this record of progress must be made as soon as practicable. In addition, the school district may include a notation of high achievement on the high school diplomas of those graduating seniors who, according to established school board criteria, demonstrate exemplary academic achievement during high school.
 6. Students who do not meet or exceed the Minnesota Academic Standards, as measured by the Minnesota Comprehensive Assessments administered in high school, must be informed that admission to a public school is free and available to any resident under 21 years of age. The school district will determine how this notice is given.

C. Student Participation

1. The Minnesota Commissioner of Education must create and publish a form for parents and guardians that:
 - a. explains the need for state academic standards;
 - b. identifies the state assessments that are aligned with state standards;
 - c. identifies the consequences, if any, the school or student may face if a student does not participate in state or locally required standardized assessments;

- d. states that students who receive a college ready benchmark on the high school Minnesota Comprehensive Assessment are not required to take a remedial, noncredit course at a Minnesota state college or university in the corresponding subject area;
 - e. summarizes the provisions in Minnesota Statutes section 120B.301(a) and (c); and
 - f. notifies a parent of the right to not have the parent's child participate in the state and locally required assessments and asks a parent that chooses to not have a child participate in the assessments the basis for the decision.
2. The school district must post the form created by the Commissioner on the school district website and include it in the school district's student handbook.

VI. RIGOROUS COURSE OF STUDY WAIVER

- A. Upon receiving a student's application signed by the student's parent or guardian, the school district must declare that a student meets or exceeds a specific academic standard required for graduation if the school board determines that the student:
- 1. is participating in a course of study, including an advanced placement or international baccalaureate course or program; a learning opportunity outside the curriculum of the school district; or an approved preparatory program for employment or post-secondary education that is equally or more rigorous than the corresponding state or local academic standard required by the school district;
 - 2. would be precluded from participating in the rigorous course of study, learning opportunity, or preparatory employment or post-secondary education program if the student were required to achieve the academic standard to be waived; and
 - 3. satisfactorily completes the requirements for the rigorous course of study, learning opportunity, or preparatory employment or post-secondary education program.
- B. The school board also may formally determine other circumstances in which to declare that a student meets or exceeds a specific academic standard that the site requires for graduation under this section.
- C. A student who satisfactorily completes a post-secondary enrollment options course or program or an advanced placement or international baccalaureate course or program is not required to complete other requirements of the academic standards corresponding to that specific rigorous course of study.

VII. CAREER EXPLORATION ASSESSMENT

- A. Student assessments, in alignment with state academic standards, shall include clearly defined career and college readiness benchmarks and satisfy Minnesota's postsecondary admissions requirements. Achievement and career and college readiness in mathematics, reading, and writing must also be assessed. When administering formative or summative assessments used to measure the academic progress, including the oral academic development, of English learners and inform their instruction, schools must ensure that the assessments are accessible to the students and students have the modifications and supports they need to sufficiently understand the assessments.
- B. On an annual basis, the school district must use the career exploration elements in these assessments, beginning no later than grade 9, to help students and their families explore and plan for postsecondary education or careers based on the students' interests, aptitudes, and aspirations. The school district must use timely regional labor market information and partnerships, among other resources, to help students and their families successfully develop, pursue, review, and revise an individualized plan for postsecondary education or a career. This process must help increase students' engagement in and connection to school, improve students' knowledge and skills, and deepen students' understanding of career pathways as a sequence of academic and career courses that lead to an industry-recognized credential, an associate's degree, or a bachelor's degree and are available to all students, whatever their interests and career goals.
- C. All students, except those eligible for alternative assessments, will be encouraged to participate in a nationally normed college entrance exam in grade 11 or 12. A student under this paragraph who demonstrates attainment of required state academic standards on these assessments, which include career and college readiness benchmarks, is academically ready for a career or college and is encouraged to participate in courses awarding college credit to high school students. Such courses and programs may include sequential courses of study within broad career areas and technical skill assessments that extend beyond course grades.
- To the extent state funding for college entrance exam fees is available, the school district will pay the cost, one time, for an interested student in grade 11 or 12, who is eligible for a free or reduced-priced meal, to take a nationally recognized college entrance exam before graduating. The school district may require a student who is not eligible for a free or reduced-priced meal to pay the cost of taking a nationally recognized college entrance exam. The school district will waive the cost for a student who is unable to pay.
- D. As appropriate, students through grade 12 must continue to participate in targeted instruction, intervention, or remediation and be encouraged to participate in courses awarding college credit to high school students.

- E. In developing, supporting, and improving students' academic readiness for a career or college, the school district must have a continuum of empirically derived, clearly defined benchmarks focused on students' attainment of knowledge and skills so that students, their parents, and teachers know how well students must perform to have a reasonable chance to succeed in a career or college without need for postsecondary remediation.

- E. “Nonpublic school” is a private school or home school in which a child is provided instruction in compliance with the Minnesota compulsory attendance laws.

IV. TRANSFER OF CREDIT FROM OTHER SCHOOLS

A. Transfer of Academic Requirements from Other Minnesota Public Secondary Schools

The school district will accept and transfer secondary credits and grades awarded to a student from another Minnesota public secondary school upon presentation of a certified transcript from the transferring public secondary school evidencing the course taken and the grade and credit awarded.

B. Transfer of Academic Requirements from Other Schools

1. The school district will accept secondary credits and grades awarded to a student for courses successfully completed at a public school outside of Minnesota or an accredited nonpublic school upon presentation of a certified transcript from the transferring public school in another state or nonpublic school evidencing the course taken and the grade and credit awarded.

a. When a determination is made that the content of the course aligns directly with school district graduation requirements, the student will be awarded commensurate credits and grades.

b. In the event the content of a course taken at an accredited nonpublic school or public school in another state does not fully align with the content of the school district's high school graduation requirements but is comparable to elective credits offered by the school district for graduation, the student may be provided elective credit applied toward graduation requirements.

c. If no comparable course is offered by the school district for which high school graduation credit would be provided, no credit will be provided to the student.

2. Students transferring from a non-accredited, nonpublic school shall receive credit from the school district upon presentation of a transcript or other documentation evidencing the course taken and grade and credit awarded.

a. Students will be required to provide copies of course descriptions, syllabi, or work samples for determination of appropriate credit. In addition, students also may be asked to provide interviews/conferences with the student and/or student's parent and/or former administrator or teacher; review of a record of the student's entire curriculum at the nonpublic school; and review of the student's complete record of academic achievement.

b. Where the school district determines that a course completed by a

student at a non-accredited, nonpublic school is commensurate with school district graduation requirements, credit shall be awarded, but the grade shall be “P” (pass).

- c. In the event the content of a course taken at an non-accredited, nonpublic school does not fully align with the content of the school district’s high school graduation requirements but is comparable to elective credits offered by the school district for graduation, the student may be provided elective credit applied toward graduation requirements.
 - d. If no comparable course is offered by the school district for which local high school graduation credit would be provided, no credit will be provided to the student.
- C. A student must provide the school with a copy of the student’s grades in each course taken for secondary credit under this policy, including interim or nonfinal grades earned during the academic term.

V. POSTSECONDARY ENROLLMENT CREDIT

- A. A student who satisfactorily completes a postsecondary enrollment options course or program under Minnesota Statutes, section 124D.09 that has been approved as meeting the necessary requirements is not required to complete other requirements of the academic standards corresponding to that specific rigorous course of study.
- B. Secondary credits granted to a student through a postsecondary enrollment options course or program must be counted toward the graduation requirements and subject area requirements of the district.
 - 1. Course credit will be considered by the school district only upon presentation of a certified transcript from an eligible institution evidencing the course taken and the grade and credit awarded.
 - 2. Seven quarter or four semester postsecondary credits shall equal at least one full year of high school credit. Fewer postsecondary credits may be prorated.
 - 3. When a determination is made that the content of the postsecondary course aligns directly with a required course for high school graduation, the commensurate credit and grade will be recorded on the student’s transcript as a course credit applied toward graduation requirements.
 - 4. In the event the content of the postsecondary course does not fully align with the content of a high school course required for graduation but is comparable to elective credits offered by the school district for graduation, the school district may provide elective credit and the grade will be recorded on the student’s transcript as an elective course credit applied toward

graduation requirements.

5. If no comparable course is offered by the school district for which high school graduation credit would be provided, the school district will notify the Commissioner, who shall determine the number of credits that shall be granted to a student.
 6. When secondary credit is granted for postsecondary credits taken by a student, the school district will record those credits on the student's transcript as credits earned at a postsecondary institution.
- C. A list of the courses or programs meeting the necessary requirements may be obtained from the school district.
- D. By the earlier of (1) three weeks prior to the date by which a student must register for district courses for the following school year, or (2) March 1 of each year, the school district must provide up-to-date information on the district's website and in materials that are distributed to parents and students about the program, including information about enrollment requirements and the ability to earn postsecondary credit to all pupils in grades 8, 9, 10, and 11.

VI. CREDIT FOR EMPLOYMENT WITH HEALTH CARE PROVIDERS

Consistent with the career and technical pathways program, a student in grade 11 or 12 who is employed by an institutional long-term care or licensed assisted living facility, a home and community-based services and supports provider, a hospital or health system clinic, or a child care center may earn up to two elective credits each year toward graduation under Minnesota Statutes, section 120B.024, subdivision 1, paragraph (a), clause (7), at the discretion of the enrolling school district. A student may earn one elective credit for every 350 hours worked, including hours worked during the summer. A student who is employed by an eligible employer must submit an application, in the form or manner required by the school district, for elective credit to the school district in order to receive elective credit. The school district must verify the hours worked with the employer before awarding elective credit.

- C. When a determination is made that the content of the advanced academic course aligns directly with a required course for high school graduation, the commensurate

credit and grade will be recorded on the student's transcript as a course credit applied toward graduation requirements.

- D. In the event the content of the advanced academic course does not fully align with the content of a high school course required for graduation but is comparable to elective credits offered by the school district for graduation, the school district may provide elective credit and the grade will be recorded on the student's transcript as an elective course credit applied toward graduation requirements.
- E. If no comparable course is offered by the school district for which high school graduation credit would be provided, the school district will notify the Commissioner and request a determination of the number of credits that shall be granted to a student.

VIII. WEIGHTED GRADES

The school district does not offer weighted grades.

IX. PROCESS FOR AWARDING CREDIT

- A. The building principal will be responsible for carrying out the process to award credits and grades pursuant to this policy. The building principal will notify students in writing of the decision as to how credits and grades will be awarded.
- B. A student or the student's parent or guardian may seek reconsideration of the decision by the building principal as to credits and/or grades awarded upon request of a student or the student's parent or guardian if the request is made in writing to the superintendent within five school days of the date of the building principal's decision. The request should set forth the credit and/or grade requested and the reason(s) why credit(s)/grade(s) should be provided as requested. Any pertinent documentation in support of the request should be submitted.
- C. The decision of the superintendent as to the award of credits or grades shall be a final decision by the school district and shall not be appealable by the student or student's parent or guardian except as set forth in Section IX.D. below.
- D. If a student disputes the number of credits granted by the school district for a particular postsecondary enrollment course, or advanced academic credit course, the student may appeal the school district's decision to the Commissioner. The decision of the Commissioner shall be final.
- E. At any time during the process, the building principal or superintendent may ask for course descriptions, syllabi, or work samples from a course where content of the course is in question for purposes of determining alignment with graduation requirements or the number of credits to be granted. Students will not be provided credit until requested documentation is available for review, if requested.

621 LITERACY AND THE READ ACT

[Note: By the 2026-2027 school year, the school district must provide evidence-based reading instruction through a focus on student mastery of the foundational reading skills of phonemic awareness, phonics, and fluency, as well as the development of oral language, vocabulary, and reading comprehension skills. Students must receive evidence-based instruction that is proven to effectively teach children to read, consistent with Minnesota Statutes, sections 120B.1117 to 120B.124.]

I. PURPOSE

This policy aligns with Minnesota law established in the Read Act and on other topics related to reading.

II. GENERAL STATEMENT OF POLICY

The school district recognizes the centrality of reading in a student's educational experience.

III. DEFINITIONS

- A. "Evidence-based" means the instruction or item described is based on reliable, trustworthy, and valid evidence and has demonstrated a record of success in increasing students' reading competency in the areas of phonological and phonemic awareness, phonics, vocabulary development, reading fluency, and reading comprehension. Evidence-based literacy instruction is explicit, systematic, and includes phonological and phonemic awareness, phonics and decoding, spelling, fluency, vocabulary, oral language, and comprehension that can be differentiated to meet the needs of individual students. Evidence-based instruction does not include the three-cueing system, as defined in subdivision 16.
- B. "Fluency" means the ability of students to read text accurately, automatically, and with proper expression.
- C. "Foundational reading skills" includes phonological and phonemic awareness, phonics and decoding, and fluency. Foundational reading skills appropriate to each grade level must be mastered in kindergarten, grade 1, grade 2, and grade 3. Struggling readers in grades 4 and above who do not demonstrate mastery of grade-level foundational reading skills must continue to receive explicit, systematic instruction to reach mastery.

- D. "Literacy specialist" means a person licensed by the Professional Educator Licensing and Standards Board as a teacher of reading, a special education teacher, or a kindergarten through grade 6 teacher, who has completed professional development approved by the Minnesota Department of Education (MDE) in structured literacy. A literacy specialist employed by the department under Minnesota Statutes, section 120B.123, subdivision 7, or by a district as a literacy lead, is not required to complete the approved training before August 30, 2025.
- E. "Literacy lead" means a literacy specialist with expertise in working with educators as adult learners. A district literacy lead must support the district's implementation of the Read Act; provide support to school-based coaches; support the implementation of structured literacy, interventions, curriculum delivery, and teacher training; assist with the development of personal learning plans; and train paraprofessionals and other support staff to support classroom literacy instruction. A literacy lead may be employed by one district, jointly by two or more districts, or may provide services to districts through a partnership with the regional service cooperatives or another district.
- F. "Multitiered system of support" or "MTSS" means a systemic, continuous improvement framework for ensuring positive social, emotional, behavioral, developmental, and academic outcomes for every student. The MTSS framework provides access to layered tiers of culturally and linguistically responsive, evidence-based practices and relies on the understanding and belief that every student can learn and thrive. Through a MTSS at the core (Tier 1), supplemental (Tier 2), and intensive (Tier 3) levels, educators provide high quality, evidence-based instruction and intervention that is matched to a student's needs; progress is monitored to inform instruction and set goals and data is used for educational decision making.
- G. "Oral language," also called "spoken language," includes speaking and listening, and consists of five components: phonology, morphology, syntax, semantics, and pragmatics.
- H. "Phonemic awareness" means the ability to notice, think about, and manipulate individual sounds in spoken syllables and words.
- I. "Phonics instruction" means the explicit, systematic, and direct instruction of the relationships between letters and the sounds they represent and the application of this knowledge in reading and spelling.
- J. "Progress monitoring" means using data collected to inform whether interventions are working. Progress monitoring involves ongoing monitoring of progress that quantifies rates of improvement and informs instructional practice and the development of individualized programs using state-approved screening that is reliable and valid for the intended purpose.

- K. "Reading comprehension" means a function of word recognition skills and language comprehension skills. It is an active process that requires intentional thinking during which meaning is constructed through interactions between the text and reader. Comprehension skills are taught explicitly by demonstrating, explaining, modeling, and implementing specific cognitive strategies to help beginning readers derive meaning through intentional, problem-solving thinking processes.
- L. "Structured literacy" means an approach to reading instruction in which teachers carefully structure important literacy skills, concepts, and the sequence of instruction to facilitate children's literacy learning and progress. Structured literacy is characterized by the provision of systematic, explicit, sequential, and diagnostic instruction in phonemic awareness, phonics, fluency, vocabulary and oral language development, and reading comprehension.
- M. "Three-cueing system," also known as "meaning structure visual (MSV)," means a method that teaches students to use meaning, structure and syntax, and visual cues when attempting to read an unknown word.
- N. "Vocabulary development" means the process of acquiring new words. A robust vocabulary improves all areas of communication, including listening, speaking, reading, and writing. Vocabulary growth is directly related to school achievement and is a strong predictor for reading success.

IV. READING SCREENER; PARENT NOTIFICATION AND INVOLVEMENT

- A. The school district must administer an approved evidence-based reading screener to students in kindergarten through grade 3 within the first six weeks of the school year, and again within the last six weeks of the school year. The screener must be one of the screening tools approved by the Minnesota Department of Education (MDE).
- B. The school district must identify any screener it uses in the district's annual literacy plan, and submit screening data with the annual literacy plan by June 15.
- C. Schools, at least biannually after administering each screener, must give the parent of each student who is not reading at or above grade level timely information about:
 - 1. the student's reading proficiency as measured by a screener approved by MDE;
 - 2. reading-related services currently being provided to the student and the student's progress; and

3. strategies for parents to use at home in helping their student succeed in becoming grade-level proficient in reading in English and in their native language.
- D. The school district may not use this section to deny a student's right to a special education evaluation.

V. IDENTIFICATION AND REPORT

- A. Students enrolled in kindergarten, grade 1, grade 2, and grade 3, including multilingual learners and students receiving special education services, must be universally screened for mastery of foundational reading skills, including phonemic awareness, phonics, decoding, fluency, oral language, and for characteristics of dyslexia as measured by a screening tool approved by MDE. The screening for characteristics of dyslexia may be integrated with universal screening for mastery of foundational skills and oral language.
- B. The school district must submit data on student performance in kindergarten, grade 1, grade 2, and grade 3 on foundational reading skills, including phonemic awareness, phonics, decoding, fluency, and oral language to MDE in the annual local literacy plan submission due on June 15.
- C. Students in grades 4 and above, including multilingual learners and students receiving special education services, who do not demonstrate mastery of foundational reading skills, including phonemic awareness, phonics, decoding, fluency, and oral language, must be screened using a screening tool approved by MDE for characteristics of dyslexia and must continue to receive evidence-based instruction, interventions, and progress monitoring until the students achieve grade-level proficiency. A parent, in consultation with a teacher, may opt a student out of the literacy screener if the parent and teacher decide that continuing to screen would not be beneficial to the student. In such limited cases, the student must continue to receive progress monitoring and literacy interventions.
- D. Reading screeners in English, and in the predominant languages of school district students where practicable, must identify and evaluate students' areas of academic need related to literacy. The school district also must monitor the progress and provide reading instruction appropriate to the specific needs of multilingual learners. The school district must use an approved, developmentally appropriate, and culturally responsive screener and annually report summary screener results to the MDE Commissioner by June 15 in the form and manner determined by the MDE Commissioner.
- E. The school district must include in its literacy plan a summary of the district's efforts to screen, identify, and provide interventions to students who demonstrate characteristics of dyslexia as measured by a screening tool approved by MDE. With

respect to students screened or identified under paragraph (a), the report must include:

1. a summary of the school district's efforts to screen for dyslexia;
2. the number of students universally screened for that reporting year;
3. the number of students demonstrating characteristics of dyslexia for that year; and
4. an explanation of how students identified under this subdivision are provided with alternate instruction and interventions under Minnesota Statutes, section 125A.56, subdivision 1.

VI. INTERVENTION

- A. For each student identified under the screening identification process, the school district shall provide reading intervention to accelerate student growth and reach the goal of reading at or above grade level by the end of the current grade and school year.
- B. The school district must implement progress monitoring, as defined in Minnesota Statutes, section 120B.1118, for a student not reading at grade level.
- C. The school district must use evidence-based curriculum and intervention materials at each grade level that are designed to ensure student mastery of phonemic awareness, phonics, vocabulary development, reading fluency, and reading comprehension. Starting July 1, 2023, if the school district purchases new literacy curriculum, or literacy intervention or supplementary materials, the curriculum or materials must be evidence-based as defined in Minnesota Statutes, section 120B.1118.
- D. If a student does not read at or above grade level by the end of the current school year, the school district must continue to provide reading intervention until the student reads at grade level. School district intervention methods shall encourage family engagement and, where possible, collaboration with appropriate school and community programs that specialize in evidence-based instructional practices and measure mastery of foundational reading skills, including phonemic awareness, phonics, decoding, fluency, and oral language.
- E. By the 2025-2026 school year, intervention programs must be taught by an intervention teacher or special education teacher who has successfully completed training in evidence-based reading instruction approved by MDE. Intervention may include but is not limited to requiring student attendance in summer school, intensified reading instruction that may require that the student be removed from

the regular classroom for part of the school day, extended-day programs, or programs that strengthen students' cultural connections.

- F. The school district must determine the format of the personal learning plan in collaboration with the student's educators and other appropriate professionals. The school must develop the learning plan in consultation with the student's parent or guardian. The personal learning plan must include targeted instruction that is evidence-based and ongoing progress monitoring, and address knowledge gaps and skill deficiencies through strategies such as specific exercises and practices during and outside of the regular school day, group interventions, periodic assessments or screeners, and reasonable timelines. The personal learning plan may include grade retention, if it is in the student's best interest; a student may not be retained solely due to delays in literacy or not demonstrating grade-level proficiency. A school must maintain and regularly update and modify the personal learning plan until the student reads at grade level. This paragraph does not apply to a student under an individualized education program.

VII. LOCAL LITERACY PLAN

- A. The school district must adopt a local literacy plan to have every child reading at or above grade level every year beginning in kindergarten and to support multilingual learners and students receiving special education services in achieving their individualized reading goals. The school district must update and submit the plan to the Commissioner of MDE by June 15 each year. The plan must be consistent with the Read Act, and include the following:
1. a process to assess students' foundational reading skills, oral language, and level of reading proficiency and the screeners used, by school site and grade level, under Minnesota Statutes, section 120B.123;
 2. a process to notify and involve parents;
 3. a description of how schools in the school district will determine the targeted reading instruction that is evidence-based and includes an intervention strategy for a student and the process for intensifying or modifying the reading strategy in order to obtain measurable reading progress;
 4. evidence-based intervention methods for students who are not reading at or above grade level and progress monitoring to provide information on the effectiveness of the intervention;
 5. identification of staff development needs, including a plan to meet those needs;
 6. the curricula used by school site and grade level;

7. a statement of whether the school district has adopted a MTSS framework;
 8. student data using the measures of foundational literacy skills and mastery identified by MDE for the following students:
 - a. students in kindergarten through grade 3;
 - b. students who demonstrate characteristics of dyslexia; and
 - c. students in grades 4 to 12 who are identified as not reading at grade level; and
 9. the number of teachers and other staff that have completed training approved by the department.
- B. The school district must post its literacy plan on the official school district website and submit it to the Commissioner of MDE using the template developed by the Commissioner beginning June 15, 2024.

VIII. STAFF TRAINING

- A. Beginning July 1, 2024, a school district must provide access to the training required under Minnesota Statutes, section 120B.123, subdivision 5, to:
1. intervention teachers working with students in kindergarten through grade 12;
 2. all classroom teachers of students in kindergarten through grade 3 and children in prekindergarten programs;
 3. special education teachers;
 4. curriculum directors;
 5. instructional support staff who provide reading instruction; and
 6. employees who select literacy instructional materials for a district.
- B. The school district must provide training from a menu of approved evidence-based training programs to all reading intervention teachers, literacy specialists, and other teachers and staff identified in Minnesota Statutes, section 120B.12, subdivision 1, paragraph (b), by July 1, 2025; and by July 1, 2027, to other teachers in the school district, prioritizing teachers who work with students with disabilities, English learners, and students who qualify for the graduation incentives program under

Minnesota Statutes, section 124D.68. The Commissioner of MDE may grant a school district an extension to these deadlines.

- C. By August 30, 2025, the school district must employ or contract with a literacy lead, or be actively supporting a designated literacy specialist through the process of becoming a literacy lead. The school board may satisfy the requirements of this subdivision by contracting with another school board or cooperative unit under Minnesota Statutes, section 123A.24 for the services of a literacy lead by August 30, 2025. The school district literacy lead must collaborate with school district administrators and staff to support the school district's implementation of requirements under the Read Act.

IX. STAFF DEVELOPMENT

- A. The school district must provide training programs on evidence-based reading instruction to teachers and instructional staff in accordance with subdivision 1, paragraph (b). The training must include teaching in the areas of phonemic awareness, phonics, vocabulary development, reading fluency, reading comprehension, and culturally and linguistically responsive pedagogy.
- B. The school district shall use the data under Article V. above to identify the staff development needs so that:
 - 1. elementary teachers are able to implement explicit, systematic, evidence-based instruction in the five reading areas of phonemic awareness, phonics, fluency, vocabulary, and comprehension with emphasis on mastery of foundational reading skills as defined in Minnesota Statutes, section 120B.1118 and other literacy-related areas including writing until the student achieves grade-level reading and writing proficiency;
 - 2. elementary teachers have sufficient training to provide students with evidence-based reading and oral language instruction that meets students' developmental, linguistic, and literacy needs using the intervention methods or programs selected by the school district for the identified students;
 - 3. licensed teachers employed by the school district have regular opportunities to improve reading and writing instruction;
 - 4. licensed teachers recognize students' diverse needs in cross-cultural settings and are able to serve the oral language and linguistic needs of students who are multilingual learners by maximizing strengths in their native languages in order to cultivate students' English language development, including oral academic language development, and build academic literacy; and

5. licensed teachers are well trained in culturally responsive pedagogy that enables students to master content, develop skills to access content, and build relationships.
- C. The school district must provide staff in early childhood programs sufficient training to provide children in early childhood programs with explicit, systematic instruction in phonological and phonemic awareness; oral language, including listening comprehension; vocabulary; and letter-sound correspondence.

X. LITERACY INCENTIVE AID USES

The school district must use its literacy incentive aid to support implementation of evidence-based reading instruction. The following are eligible uses of literacy incentive aid:

1. training for kindergarten through grade 3 teachers, early childhood educators, special education teachers, reading intervention teachers working with students in kindergarten through grade 12, curriculum directors, and instructional support staff that provide reading instruction, on using evidence-based screening and progress monitoring tools;
2. evidence-based training using a training program approved by MDE;
3. employing or contracting with a literacy lead, as defined in Minnesota Statutes, section 120B.1118;
4. materials, training, and ongoing coaching to ensure reading interventions under Minnesota Statutes, section 125A.56, subdivision 1, are evidence-based; and costs of substitute teachers to allow teachers to complete required training during the teachers' contract day.

706 ACCEPTANCE OF GIFTS

I. PURPOSE

The purpose of this policy is to provide guidelines for the acceptance of gifts by the school board.

II. GENERAL STATEMENT OF POLICY

It is the policy of this school district to accept gifts only in compliance with state law.

III. ACCEPTANCE OF GIFTS GENERALLY

The school board may receive, for the benefit of the school district, bequests, donations or gifts for any proper purpose. The school board shall have the sole authority to determine whether any gift or any precondition, condition, or limitation on use included in a proposed gift furthers the interests of or benefits the school district and whether it should be accepted or rejected.

IV. GIFTS OF REAL OR PERSONAL PROPERTY

The school board may accept a gift, grant or devise of real or personal property only by the adoption of a resolution approved by two-thirds of its members. The resolution must fully describe any conditions placed on the gift. The real or personal property so accepted may not be used for religious or sectarian purposes.

[Note: This voting requirement and gift use provision is specified by Minnesota Statutes section 465.03.]

V. ADMINISTRATION IN ACCORDANCE WITH TERMS

If the school board agrees to accept a bequest, donation, gift, grant or devise which contains preconditions, conditions or limitations on use, the school board shall administer it in accordance with those terms. 707 TRANSPORTATION OF PUBLIC-SCHOOL STUDENTS

[Note: The obligations stated in this policy are largely governed by statute. Statutory references are included throughout the policy. A school district may choose to add obligations to the model policy.]

I. PURPOSE

The purpose of this policy is to provide for the transportation of students consistent with the requirements of law.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to provide for the transportation of students in a manner which will protect their health, welfare, and safety.
- B. The school district recognizes that transportation is an essential part of the school district services to students and parents but further recognizes that transportation by school bus is a privilege and not a right for an eligible student.

III. DEFINITIONS

- A. “Child with a disability” includes every child identified under federal and state special education law as deaf or hard of hearing, blind or visually impaired, deafblind, or having a speech or language impairment, a physical impairment, other health disability, developmental cognitive disability, an emotional or behavioral disorder, specific learning disability, autism spectrum disorder, traumatic brain injury, or severe multiple impairments, and who needs special education and related services, as determined by the rules of the Commissioner of Education. A licensed physician, an advanced practice nurse, or a licensed psychologist is qualified to make a diagnosis and determination of attention deficit disorder or attention deficit hyperactivity disorder for purposes of identifying a child with a disability. In addition, every child under age three, and at the school district’s discretion from age three to seven, who needs special instruction and services, as determined by the rules of the Commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development is a child with a disability. A child with a short-term or temporary physical or emotional illness or disability, as determined by the rules of the Commissioner, is not a child with a disability. (Minn. Stat. § 125A.02)
- B. “Home” is the legal residence of the child. In the discretion of the school district, “home” also may be defined as a licensed day care facility, school day care

facility, a respite care facility, the residence of a relative, or the residence of a person chosen by the student's parent or guardian as the home of a student for part or all of the day, if requested by the student's parent or guardian, or an afterschool program for children operated by a political subdivision of the state, if the facility, residence, or program is within the attendance area of the school the student attends. Unless otherwise specifically provided by law, a homeless student is a resident of the school district if enrolled in the school district. (Minn. Stat. § 123B.92, Subd. 1(b)(1); Minn. Stat. § 127A.47, Subd. 2)

- C. "Homeless student" means a student, including a migratory student, who lacks a fixed, regular, and adequate nighttime residence and includes: students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; are awaiting foster care placement; have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings, and migratory children who qualify as homeless because they are living in any of the preceding listed circumstances. (42 U.S.C. § 11434a)
- D. "Nonpublic school" means any school, church, or religious organization, or home school wherein a resident of Minnesota may legally fulfill the compulsory instruction requirements of Minn. Stat. §120A.22, which is located within the state, and which meets the requirements of Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d, *et seq.*). (Minn. Stat. §123B.41, Subd. 9)
- E. "Nonresident student" is a student who attends school in the school district and resides in another district, defined as the "nonresident district." In those instances when the divorced or legally separated parents or parents residing separately share joint physical custody of a student and the parents reside in different school districts, the student shall be a resident of the school district designated by the student's parents. When parental rights have been terminated by court order, the legal residence of a student placed in a residential or foster facility for care and treatment is the district in which the student resides. (Minn. Stat. § 123B.88, Subd. 6; Minn. Stat. § 125A.51; Minn. Stat. § 127A.47, Subd. 3)
- F. "Pupil support services" are health, counseling, and guidance services provided by the public school in the same district where the nonpublic school is located. (Minn. Stat. § 123B.41, Subd. 4)
- G. "School of origin," for purposes of determining the residence of a homeless student, is the school that the student attended when permanently housed or the school in which the student was last enrolled. (42 U.S.C. § 11432(g)(3)(G))
- H. "Shared time basis" is a program where students attend public school for part of the regular school day and who otherwise fulfill the requirements of Minn. Stat. §

120A.22 by attendance at a nonpublic school. (Minn. Stat. § 126C.01, Subd. 8)

- I. “Student” means any student or child attending or required to attend any school as provided in Minnesota law and who is a resident or child of a resident of Minnesota. (Minn. Stat. § 123B.41, Subd. 11)

IV. ELIGIBILITY

- A. Upon the request of a parent or guardian, the school district shall provide transportation to and from school, at the expense of the school district, for all resident students who reside two miles or more from the school, except for those students whose transportation privileges have been revoked or have been voluntarily surrendered by the student’s parent or guardian. (Minn. Stat. § 123B.88, Subd. 1)
- B. The school district may, in its discretion, also provide transportation to any student to and from school, at the expense of the school district, for any other purpose deemed appropriate by the school board.

[Note: In this section, school districts may wish to outline those discretionary areas where they intend to provide transportation. For example, some school districts may provide that transportation shall be provided for all resident elementary students who reside one mile or more from the school.]

- C. In the discretion of the school district, transportation along regular school bus routes may also be provided, where space is available, to any person where such use of a bus does not interfere with the transportation of students. The cost of providing such transportation must be paid by those individuals using these services or some third-party payor. Bus transportation also may be provided along school bus routes when space is available for participants in early childhood family education programs and school readiness programs if these services do not result in an increase in the school district’s expenditures for transportation. (Minn. Stat. § 123B.88, Subd. 10, 11, 12, and 13)
- D. For purposes of stabilizing enrollment and reducing mobility, the school district may, in its discretion, establish a full-service school zone and may provide transportation for students attending a school in that full-service school zone. A full-service school zone may be established for a school that is located in an area with higher than average crime or other social and economic challenges and that provides education, health or human services, or other parental support in collaboration with a city, county, state, or nonprofit agency.

V. TRANSPORTATION OF NONRESIDENT STUDENTS

- A. If requested by the parent of a nonresident student, the school district shall provide transportation to a nonresident student within its borders at the same level of service that is provided to resident students. (Minn. Stat. § 124D.04, Subd. 7; Minn. Stat. § 123B.92, Subd. 3)

- B. If the school district decides to transport a nonresident student within the student's resident district, the school district will notify the student's resident district of its decision, in writing, prior to providing transportation. (Minn. Stat. § 123B.88, Subd. 6)
- C. When divorced or legally separated parents or parents residing separately reside in different school districts and share physical custody of a student, the parents shall be responsible for the transportation of the student to the border of the school district during those times when the student is residing with the parent in the nonresident school district. (Minn. Stat. § 127A.47, Subd. 3(b))
- D. The school district may provide transportation to allow a student who attends a high-need English language learner program and who resides within the transportation attendance area of the program to continue in the program until the student completes the highest grade level offered by the program. (Minn. Stat. § 123B.92, Subd. 3(b))

VI. TRANSPORTATION OF RESIDENT STUDENTS TO NONDISTRICT SCHOOLS

- A. In general, the school district shall not provide transportation between a resident student's home and the border of a nonresident district where the student attends school under the Enrollment Options Program. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the student is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. (Minn. Stat. § 124D.03, Subd. 8)
- B. Resident students shall be eligible for transportation to and from a nonresident school district at the expense of the school district, if in the discretion of the school district, inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in the resident student's own district unreasonably difficult or impracticable. The school district, in its discretion, may also provide for transportation of resident students to schools in other districts for grades and departments not maintained in the district, including high school, for the whole or a part of the year or for resident students who attend school in a building rented or leased by the school district in an adjacent district. (Minn. Stat. § 123B.88, Subds. 1 and 4)
- C. In general, the school district is not responsible for transportation for any resident student attending school in an adjoining state under a reciprocity agreement but may provide such transportation services at its discretion. (Minn. Stat. § 124D.041)

**VII. SPECIAL EDUCATION STUDENTS/STUDENTS WITH A DISABILITY/
STUDENTS WITH TEMPORARY DISABILITIES**

- A. Upon a request of a parent or guardian, the board must provide necessary transportation, consistent with Minn. Stat. § 123B.92, Subd. 1(b)(4), for a resident child with a disability not yet enrolled in kindergarten for the provision of special instruction and services. Special instruction and services for a child with a disability not yet enrolled in kindergarten include an individualized education program (IEP) team placement in an early childhood program when that placement is necessary to address the child's level of functioning and needs. (Minn. Stat. § 123B.88, Subd. 1)
- B. Resident students with a disability whose handicapped conditions are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the school district or the day training and habilitation program attended by the student. The school district shall determine the type of vehicle used to transport students with a disability on the basis of the handicapping condition and applicable laws. This provision shall not be applicable to parents who transport their own child under a contract with the school district. (Minn. Stat. § 123B.88, Subd. 19; Minn. Rules Part 7470.1600)
- C. Resident students with a disability who are boarded and lodged at Minnesota state academies for educational purposes, but who also are enrolled in a public school within the school district, shall be provided transportation, by the school district to and from said board and lodging facilities, at the expense of the school district. (Minn. Stat. § 125A.65)
- D. If a resident student with a disability attends a public school located in a contiguous school district and the school district of attendance does not provide special instruction and services, the school district shall provide necessary transportation for the student between the school district boundary and the educational facility where special instruction and services are provided within the school district. The school district may provide necessary transportation of the student between its boundary and the school attended in the contiguous district but shall not pay the cost of transportation provided outside the school district boundary. (Minn. Stat. § 125A.12)
- E. When a student with a disability or a student with a short-term or temporary disability is temporarily placed for care and treatment in a day program located in another school district and the student continues to live within the school district during the care and treatment, the school district shall provide the transportation, at the expense of the school district, to that student. The school district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the school district receives a copy of the order, then the school district must provide transportation to and from the program unless the court or agency

orders otherwise. Transportation shall only be provided by the school district during regular operating hours of the school district. (Minn. Stat. § 125A.15(b); Minn. Stat. § 125A.51(d))

- F. When a nonresident student with a disability or a student with a short-term or temporary disability is temporarily placed in a residential program within the school district, including correctional facilities operated on a fee-for-service basis and state institutions, for care and treatment, the school district shall provide the necessary transportation at the expense of the school district. Where a joint powers entity enters into a contract with a privately owned and operated residential facility for the provision of education programs for special education students, the joint powers entity shall provide the necessary transportation. (Minn. Stat. § 125A.15(c) and (d); Minn. Stat. § 125A.51(e))
- G. Each driver and aide assigned to a vehicle transporting students with a disability will be provided with appropriate training for the students in their care, will assist students with their safe ingress and egress from the bus, will ensure the proper use of protective safety devices, and will be provided with access to emergency health care information as required by law. (Minn. Rules Part 7470.1700)
- H. Any parent of a student with a disability who believes that the transportation services provided for that child are not in compliance with the applicable law may utilize the alternative dispute resolution and due process procedures provided for in Minn. Stat. Ch. 125A. (Minn. Rules Part 7470.1600, Subd. 2)

VIII. HOMELESS STUDENTS

- A. Homeless students shall be provided with transportation services comparable to other students in the school district. (42 U.S.C. § 11432(e)(3)(C)(i)(III)(cc) and (g)(4)(A))
- B. Upon request by the student's parent, guardian, or homeless education liaison, the school district shall provide transportation for a homeless student as follows:
 - 1. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements within the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location on the same basis as transportation services are provided to other students in the school district. (42 U.S.C. § 11432(g)(1)(J)(iii)(I))
 - 2. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements outside of the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location on the same basis as transportation services are provided to other students in the school district, unless the school district and the school district in which the student is temporarily placed agree that the school district in which the student is temporarily placed shall provide

transportation. (Minn. Stat. § 125A.51(f); 42 U.S.C. § 11432(g)(1)(J)(iii)(II))

3. If a nonresident student is homeless and is residing in a public or private homeless shelter or has other non-shelter living arrangements within the school district, the school district may provide transportation services between the shelter or non-shelter location and the student's school of origin outside of the school district upon agreement with the school district in which the school of origin is located. (Minn. Stat. § 125A.51(f))
4. A homeless nonresident student enrolled under Minn. Stat. § 124D.08, Subd. 2a, must be provided transportation from the student's district of residence to and from the school of enrollment. (Minn. Stat. § 123B.92, Subd. 3(c)).

IX. AVAILABILITY OF SERVICES

Transportation shall be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break. Transportation may be provided for summer instructional programs for students with a disability or in conjunction with a learning year program. Transportation between home and school may also be provided, in the discretion of the school district, on staff development days. (Minn. Stat. § 123B.88, Subd. 21)

X. MANNER OF TRANSPORTATION

The scheduling of routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children, the determination of fees, and any other matter relating thereto shall be within the sole discretion, control and management of the school board. The school district may, in its discretion, provide room and board, in lieu of transportation, to a student who may be more economically and conveniently provided for by that means. (Minn. Stat. § 123B.88, Subd. 1)

XI. RESTRICTIONS

Transportation by the school district is a privilege and not a right for an eligible student. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or violation of any other law governing student conduct on a school bus pursuant to the school district's discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the Pupil Fair Dismissal Act. Revocation procedures for a student who is an individual with a disability under 20 U.S.C. § 1415 (Individuals with Disabilities Act), 29 U.S.C. § 794 (the Rehabilitation Act), and 42 U.S.C. § 12132, (Americans with Disabilities Act) are governed by these provisions. (Minn. Stat. § 121A.59)

XII. FEES

- A. In its discretion, the school district may charge fees for transportation of students

to and from extracurricular activities conducted at locations other than school, where attendance is optional. (Minn. Stat. § 123B.36, Subd. 1(10))

- B. The school district may charge fees for transportation of students to and from school when authorized by law. If the school district charges fees for transportation of students to and from school, guidelines shall be established for that transportation to ensure that no student is denied transportation solely because of inability to pay. The school district also may waive fees for transportation if the student's parent is serving in, or within the past year has served in, active military service as defined in Minn. Stat. § 190.05. (Minn. Stat. § 123B.36, Subds. 1(11) and 6)
- C. The school district may charge reasonable fees for transportation of students to and from post-secondary institutions for students enrolled under the post-secondary enrollment options program. Families who qualify for mileage reimbursement may use their state mileage reimbursement to pay this fee. (Minn. Stat. § 123B.36, Subd. 1(13))
- D. Where, in its discretion, the school district provides transportation to and from an instructional community-based employment station that is part of an approved occupational experience vocational program, the school district may require the payment of reasonable fees for transportation from students who receive remuneration for their participation in these programs. (Minn. Stat. § 123B.36, Subd. 3)

709 STUDENT TRANSPORTATION SAFETY POLICY

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to provide safe transportation for students and to educate students on safety issues and the responsibilities of school bus ridership.

II. PLAN FOR STUDENT TRANSPORTATION SAFETY TRAINING

A. School Bus Safety Week

The school district may designate a school bus safety week. The National School Bus Safety Week is the third week in October.

B. Student School Bus Safety Training

1. The school district shall provide students enrolled in grades kindergarten (K) through 10 with age-appropriate school bus safety training of the following concepts:
 - a. transportation by school bus is a privilege, not a right;
 - b. school district policies for student conduct and school bus safety;
 - c. appropriate conduct while on the bus;
 - d. the danger zones surrounding a school bus;
 - e. procedures for safely boarding and leaving a school bus;
 - f. procedures for safe vehicle lane crossing; and
 - g. school bus evacuation and other emergency procedures.
2. All students in grades K through 6 who are transported by school bus and are enrolled during the first or second week of school must receive the school bus safety training by the end of the third week of school. All students in grades 7 through 10 who are transported by school bus and are enrolled during the first or second week of school must receive the school bus safety training or receive bus safety instruction materials by the end of the

sixth week of school, if they have not previously received school bus training. Students in grades K through 10 who enroll in a school after the second week of school, are transported by school bus, and have not received training in their previous school districts shall undergo school bus safety training or receive bus safety instructional materials within 4 weeks of their first day of attendance.

3. The school district and a nonpublic school with students transported by school bus at public expense must provide students enrolled in grades K through 3 school bus safety training twice during the school year.

- A. Riding the school bus is a privilege, not a right. The school district's general student behavior rules are in effect for all students on school buses, including

nonpublic and charter school students.

B. Consequences for school bus/bus stop misconduct will be imposed by the school district under adopted administrative discipline procedures. In addition, all school bus/bus stop misconduct will be reported to the school district's transportation safety director. Serious misconduct may be reported to local law enforcement.

1. School Bus and Bus Stop Rules. The school district school bus safety rules are to be posted on every bus. If these rules are broken, the school district's discipline procedures are to be followed. In most circumstances, consequences are progressive and may include suspension of bus privileges. It is the school bus driver's responsibility to report unacceptable behavior to the school district's Transportation Office/School Office.

2. Rules at the Bus Stop

a. Get to your bus stop 5 minutes before your scheduled pick up time. The school bus driver will not wait for late students.

4. Consequences

- a. Consequences for school bus/bus stop misconduct will apply to all regular and late routes. Decisions regarding a student's ability to ride the bus in connection with cocurricular and extracurricular events (for example, field trips or competitions) will be in the sole discretion of the school district. Parents or guardians will be notified of any suspension of bus privileges.

(1) Elementary (K-6)

1st offense – warning

2nd offense – 3 school-day suspension from riding the bus

3rd offense – 5 school-day suspension from riding the bus

2nd offense – 5 school-day suspension from riding the bus

3rd offense – 10 school-day suspension from riding the bus

4th offense – 20 school-day suspension from riding the bus/meeting with parent

5th offense – suspended from riding the bus for the remainder of the school year

Note: When any student goes 60 transportation days without a report, the student's consequences may start over at the first offense.

(3) Other Discipline

Based on the severity of a student's conduct, more serious consequences may be imposed at any time. Depending on the nature of the offense, consequences such as suspension or expulsion from school also may result from school bus/bus stop misconduct.

(4) Records

Records of school bus/bus stop misconduct will be forwarded to the individual school building and will be retained in the same manner as other student discipline records. Reports of student misbehavior on a school bus or in a bus-loading or unloading area that are reasonably believed to cause an immediate and substantial danger to the student or surrounding persons or property shall be provided by the school district to local law enforcement and the Department of Public Safety in accordance with state and federal law.

(5) Vandalism/Bus Damage

Students damaging school buses will be responsible for the damages. Failure to pay such damages (or make arrangements to pay) within 2 weeks may result in the loss of bus privileges until damages are paid.

(6) Notice

School bus and bus stop rules and consequences for violations of these rules will be reviewed with students annually and copies of these rules will be made available to students. School bus rules are to be posted on each school bus.

(7) Criminal Conduct

In cases involving criminal conduct (for example, assault, weapons, drug possession, or vandalism), the appropriate school district personnel and local law enforcement officials will be informed.

All new school bus drivers shall be provided with pre-service training, including in-vehicle (actual driving) instruction, before transporting students and shall meet the competency testing specified in the Minnesota Department of Public Safety Model School Bus Driver Training Manual. All school bus drivers shall receive in-service training annually. For purposes of this section, "annually" means at least once every 380 days from the initial or previous evaluation and at least once every 380 days from the initial or previous license verification. The school district shall retain on file an annual individual school bus driver "evaluation certification" form for each school district driver as contained in the Model School Bus Driver Training Manual.
2. All bus drivers operating a type III vehicle will be provided with annual training and certification as set forth in Section VII.C.1.b., below, by either the school district or the entity from whom such services are contracted by the school district.

2. Understand student behavior, including issues relating to students with disabilities;
3. Ensure orderly conduct of students on the bus and handling incidents of misconduct appropriately;
4. Know and understand relevant laws, rules of the road, and local school bus safety policies;

The evaluation must include completion of an individual “school bus driver evaluation form” (road test evaluation) as contained in the Model School Bus Driver Training Manual.

VII. OPERATING RULES AND PROCEDURES

A. General Operating Rules

1. School buses shall be operated in accordance with state traffic and school bus safety laws and the procedures contained in the Minnesota Department of Public Safety Model School Bus Driver Training Manual.

3. The parent/guardian may designate, pursuant to school district policy, a day care facility, respite care facility, the residence of a relative, or the residence of a person chosen by the parent or guardian as the address of the student for transportation purposes. The address must be in the attendance area of the assigned school and meet all other eligibility requirements.
4. Bus drivers must minimize, to the extent practical, the idling of school bus engines and exposure of children to diesel exhaust fumes.
5. To the extent practical, the school district will designate school bus loading/unloading zones at a sufficient distance from school air-intake systems to avoid diesel fumes from being drawn into the systems.

[Note: A school district is not required to comply with Section VII.A.5. if the school board determines that alternative locations block traffic, impair student safety, or are not cost effective.]

6. A bus driver may not operate a school bus while communicating over, or otherwise operating, a cellular phone for personal reasons, whether hand-held or hands free, when the vehicle is in motion or a part of traffic. For purposes of this paragraph, “school bus” has the meaning given in Minnesota Statutes, section 169.011, subdivision 71. In addition, “school bus” also includes type III vehicles when driven by employees or agents of the school district. “Cellular phone” means a cellular, analog, wireless, or digital telephone capable of sending or receiving telephone or text messages without an access line for service.

B. Type III Vehicles

1. Type III vehicles are restricted to passenger cars, station wagons, vans,

and buses having a maximum manufacturer's rated seating capacity of 10 or fewer people including the driver and a gross vehicle weight rating of 10,000 pounds or less. A van or bus converted to a seating capacity of 10 or fewer and placed in service on or after August 1, 1999, must have been originally manufactured to comply with the passenger safety standards.

2. Type III vehicles must be painted a color other than national school bus yellow.
3. Type III vehicles shall be state inspected in accordance with legal requirements.
4. Vehicles model year 2007 or older must not be used as type III vehicles to transport school children, except those vehicles that are manufactured to meet the structural requirements of federal motor vehicle safety standard 222, Code of Federal Regulations, title 49, part 571.
5. If a type III vehicle is school district owned, the school district name will be clearly marked on the side of the vehicle. The type III vehicle must not have the words "school bus" in any location on the exterior of the vehicle or in any interior location visible to a motorist.
6. A "type III vehicle" must not be outwardly equipped and identified as a type A, B, C, or D bus.
7. Eight-lamp warning systems and stop arms must not be installed or used on type III vehicles.
8. Type III vehicles must be equipped with mirrors as required by law.
9. Any type III vehicle may not stop traffic and may not load or unload before making a complete stop and disengaging gears by shifting into neutral or park. Any type III vehicle used to transport students must not load or unload so that a student has to cross the road, except where not possible or impractical, then the driver or assistant must escort a student across the road. If the driver escorts the student across the road, then the motor must be stopped, the ignition key removed, the brakes set, and the vehicle otherwise rendered immobile.
10. Any type III vehicle used to transport students must carry emergency equipment including:
 - a. Fire extinguisher. A minimum of one 10BC rated dry chemical type fire extinguisher is required. The extinguisher must be mounted in a bracket and must be located in the driver's compartment and be readily accessible to the driver and passengers. A pressure indicator is required and must be easily read without removing the extinguisher from its mounted position.

 - c. Passenger cars and station wagons may carry a fire extinguisher, a first aid kit, and warning triangles in the trunk or trunk area of the vehicle if a label in the driver and front passenger area clearly indicates the location of these items.
- 11. Students will not be regularly transported in private vehicles that are not state inspected as type III vehicles. Only emergency, unscheduled transportation may be conducted in vehicles with a seating capacity of 10 or fewer without meeting the requirements for a type III vehicle. Also, parents may use a private vehicle to transport their own children under a contract with the district. The school district has no system of inspection for private vehicles.
 - 12. All drivers of type III vehicles will be licensed drivers and will be familiar with the use of required emergency equipment. The school district will not knowingly allow a person to operate a type III vehicle if the person has been convicted of an offense that disqualifies the person from operating a school bus.
 - 13. Type III vehicles will be equipped with child passenger restraints, and child passenger restraints will be utilized to the extent required by law.

 - (d) placing the type III vehicle in “park” during loading and unloading;
 - (e) escorting a student across the road under clause (c) only after the motor is stopped, the ignition key is removed, the brakes are set, and the vehicle is otherwise rendered immobile; and

711 VIDEO RECORDING ON SCHOOL BUSES

I. PURPOSE

The transportation of students to and from school is an important function of the school district, and transportation by the school district is a privilege and not a right for an eligible student. The behavior of students and employees on the bus is a significant factor in the safety and efficiency of school bus transportation. Student and employee misbehavior increases the potential risks of injury. Therefore, the school district believes that video recording student passengers and employees on the school bus will encourage good behavior and, as a result, promote safety. The purpose of this policy is to establish a school bus video recording system.

II. GENERAL STATEMENT OF POLICY

A. Placement

1. Each and every school bus owned, leased, contracted, and/or operated by the school district shall be equipped with a fully enclosed box for placement and operation of a video camera and conspicuously placed signs notifying riders that their conversations or actions may be recorded.
2. A video camera will not necessarily be installed in each and every school bus owned, leased, contracted, and/or operated by the school district, but cameras may be rotated from bus to bus without prior notice to students.
3. Video cameras will be placed on a particular school bus, to the extent possible, where the school district has received complaints of inappropriate behavior.

B. Use of Video Recordings

1. A video recording of the actions of student passengers and/or employees may be used by the school district as evidence in any disciplinary action brought against any student or employee arising out of the student's or employee's conduct on the bus.
2. A video recording will be released only in conformance with the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13 and the Family Educational Rights and Privacy Act, 20 United States Code section 1232g and the rules and/or regulations promulgated thereunder.

3. Video recordings will be viewed by school district personnel on a random basis and/or when discipline problems on the bus have been brought to the attention of the school district.
4. A video recording will be retained by the school district until relooped or until the conclusion of disciplinary proceedings in which the video recording is used for evidence.

712 VIDEO SURVEILLANCE OTHER THAN ON BUSES

I. PURPOSE

Maintaining the health, welfare, and safety of students, staff, and visitors while on school district property and the protection of school district property are important functions of the school district. The behavior of individuals who come on to school property is a significant factor in maintaining order and discipline and protecting students, staff, visitors, and school district property. The school board recognizes the value of video/electronic surveillance systems in monitoring activity on school property in furtherance of protecting the health, welfare, and safety of students, staff, visitors, and school district property.

II. GENERAL STATEMENT OF POLICY

A. Placement

1. School district buildings and grounds may be equipped with video cameras.
2. Video surveillance may occur in any school district building or on any school district property.
3. Video surveillance will normally not be used in bathrooms or locker rooms, although these areas may be placed under surveillance by individuals of the same sex as the occupants of the bathrooms or locker rooms. Video surveillance in bathrooms or locker rooms will only be utilized in extreme situations, with extraordinary controls, and only as expressly approved by the superintendent.

B. Use of Video Recordings

1. Video recordings will be viewed by school district personnel on a random basis and/or when problems have been brought to the attention of the school district.
2. A video recording of the actions of students and/or employees may be used by the school district as evidence in any disciplinary action brought against any student or employee arising out of the student's or employee's conduct in school district buildings or on school grounds.
3. A video recording will be released only in conformance with the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13, and the Family Educational Rights and Privacy Act, 20 United States Code section

1232g, and the rules and/or regulations promulgated thereunder.

C. Security and Maintenance

1. The school district shall establish appropriate security safeguards to ensure that video recordings are maintained and stored in conformance with the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13, and the Family Educational Rights and Privacy Act, 20 United States Code section 1232g, and the rules and/or regulations promulgated thereunder.
2. The school district shall ensure that video recordings are retained in accordance with the school district's records retention schedule.

713 STUDENT ACTIVITY ACCOUNTING

I. PURPOSE

The school board recognizes the need to provide alternative paths to learning, skill development for its students, and activities for student enjoyment. It also understands its commitment to and obligation for assuring maximum accountability for public funds and student activity funds. For these reasons, the school board will assume control over and/or oversee funds for student activities as set forth in this policy.

II. GENERAL STATEMENT OF POLICY

A. Curricular and Cocurricular Activities

The school board shall take charge of, control over, and account for all student activity funds that relate to curricular and cocurricular activities.

B. Extracurricular Activities

The school board shall take charge of and control over all student activity accounting that relates to extracurricular activities.

C. Non-Student Activities

In overseeing student activity accounts under this policy, the school board shall not maintain or account for funds generated by non-students including, but not limited to, convenience funds of staff members, booster club funds, parent-teacher organization or association funds, or funds donated to the school district for specified purposes other than student activities.

III. DEFINITIONS

A. Cocurricular Activity

A “cocurricular activity” means those portions of the school-sponsored and directed activities designed to provide opportunities for students to participate in such experiences on an individual basis or in groups, at school and at public events, for improvement of skills (i.e., interscholastic sports, band, etc.). Cocurricular activities are not offered for school credit, cannot be counted toward graduation, and have *one or more* of the following characteristics:

1. They are conducted at regular and uniform times during school hours, or at times established by school authorities;
2. They are directed or supervised by instructional staff in a learning environment similar to that found in courses offered for credit; and
3. They are partially, primarily, or totally funded by public moneys for general instructional purposes under direction and control of the school board.

B. Curricular Activity

A “curricular activity” means those portions of the school program for which credit is granted, whether the activity is part of a required or elective program.

C. Extracurricular (Noncurricular/Supplementary) Activity

An “extracurricular (noncurricular/supplementary) activity” means all direct and personal services for students for their enjoyment that are managed and operated under the guidance of an adult or staff member. Extracurricular activities have *all* of the following characteristics:

1. They are not offered for school credit nor required for graduation;
2. They generally are conducted outside school hours or, if partly during school hours, at times agreed by the participants and approved by school authorities;
3. The content of the activities is determined primarily by the student participants under the guidance of a staff member or other adult.

D. Public Purpose Expenditure

A “public purpose expenditure” is one which benefits the community as a whole, is directly related to the functions of the school district, and does not have as its primary objective the benefit of private interest.

IV. MANAGEMENT AND CONTROL OF ACTIVITY FUNDS

A. Curricular and Cocurricular Activities

1. All money received on account of cocurricular activities shall be turned over to the treasurer, who shall deposit such funds in the general fund, to be disbursed for expenses and salaries connected with the activities, or otherwise, by the school board upon properly allowed itemized claims.

2. The treasurer shall account for all revenues and expenditures related to curricular and cocurricular activities in accordance with the Uniform Financial Accounting and Reporting Standards (UFARS) and school district policies and procedures.

B. Extracurricular Activities

1. Any and all costs of extracurricular activities may be provided from school revenues.
2. All money received or expended for extracurricular activities shall be recorded in the same manner as other revenues and expenditures of the school district and shall be turned over to the treasurer, who shall deposit such funds in the general fund, to be disbursed for expenses and salaries connected with the activities, or otherwise, by the school board upon properly allowed itemized claims.
3. The treasurer shall account for all revenues and expenditures related to extracurricular activities in accordance with UFARS and school district policies and procedures.
4. All student activity funds will be collected and expended:
 - a. in compliance with school district policies and procedures;
 - b. under the general direction of the principal and with the participation of students and faculty members who are responsible for generating the revenue;
 - c. in a manner which does not produce a deficit or an unreasonably large accumulation of money to a particular student activity fund;
 - d. for activities which directly benefit the majority of those students making the contributions in the year the contributions were made whenever possible; and
 - e. in a manner which meets a public purpose.
5. Activity accounts of a graduated class will be terminated prior to the start of the school year following graduation. Any residual money from a graduating class activity fund will remain in the general fund and may be used for any school district purpose. Prior to depositing such accounts, all donations or gifts accepted for the specific purpose of the student activity account shall be administered in accordance with the terms of the gift or donation and school district policy.

V. DEMONSTRATION OF ACCOUNTABILITY

A. Annual External Audit

The school board shall direct its independent certified public accountants to audit, examine, and report upon student activity accounts as part of its annual school district audit in accordance with state law.

B. Fundraiser Report

The administration will prepare a fundraising report semi-annually which will be reviewed by the school board in May and November. The report will list the activity, type of fundraisers, timing, purpose, and results.

[Note: The school board should conduct periodic reviews of student fundraising. The manner in which such reviews are conducted is in the discretion of the school board.]

714 FUND BALANCES

I. PURPOSE

The purpose of this policy is to create new fund balance classifications to allow for more useful fund balance reporting and for compliance with the reporting guidelines specified in Statement No. 54 of the Governmental Accounting Standards Board (GASB)

II. GENERAL STATEMENT OF POLICY

The policy of this school district is to comply with GASB Statement No. 54. To the extent a specific conflict occurs between this policy and the provisions of GASB Statement No. 54, the GASB Statement shall prevail.

III. DEFINITIONS

- A. “Assigned” fund balance amounts are comprised of unrestricted funds constrained by the school district’s intent that they be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. In funds other than the general fund, the assigned fund balance represents the remaining amount that is not restricted or committed. The assigned fund balance category will cover the portion of a fund balance that reflects the school district’s intended use of those resources. The action to assign a fund balance may be taken after the end of the fiscal year. An assigned fund balance cannot be a negative number.
- B. “Committed” fund balance amounts are comprised of unrestricted funds used for specific purposes pursuant to constraints imposed by formal action of the school board and that remain binding unless removed by the school board by subsequent formal action. The formal action to commit a fund balance must occur prior to fiscal year end; however, the specific amounts actually committed can be determined in the subsequent fiscal year. A committed fund balance cannot be a negative number.
- C. “Enabling legislation” means legislation that authorizes a school district to assess, levy, charge, or otherwise mandate payment of resources from external providers and includes a legally enforceable requirement that those resources be used only for the specific purposes listed in the legislation.
- D. “Fund balance” means the arithmetic difference between the assets and liabilities reported in a school district fund.

- E. “Nonspendable” fund balance amounts are comprised of funds that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. They include items that are inherently unspendable, such as, but not limited to, inventories, prepaid items, long-term receivables, non-financial assets held for resale, or the permanent principal of endowment funds.
- F. “Restricted” fund balance amounts are comprised of funds that have legally enforceable constraints placed on their use that either are externally imposed by resource providers or creditors (such as through debt covenants), grantors, contributors, voters, or laws or regulations of other governments, or are imposed by law through constitutional provisions or enabling legislation.
- G. “Unassigned” fund balance amounts are the residual amounts in the general fund not reported in any other classification. Unassigned amounts in the general fund are technically available for expenditure for any purpose. The general fund is the only fund that can report a positive unassigned fund balance. Other funds would report a negative unassigned fund balance should the total of nonspendable, restricted, and committed fund balances exceed the total net resources of that fund.
- H. “Unrestricted” fund balance is the amount of fund balance left after determining both nonspendable and restricted net resources. This amount can be determined by adding the committed, assigned, and unassigned fund balances.

IV. CLASSIFICATION OF FUND BALANCES

The school district shall classify its fund balances in its various funds in one or more of the following five classifications: nonspendable, restricted, committed, assigned, and unassigned.

V. MINIMUM FUND BALANCE

The school district will strive to maintain a minimum unassigned general fund balance of 15% percent of the annual budget.

VI. ORDER OF RESOURCE USE

If resources from more than one fund balance classification could be spent, the school district will strive to spend resources from fund balance classifications in the following order (first to last): restricted, committed, assigned, and unassigned.

VII. COMMITTING FUND BALANCE

A majority vote of the school board is required to commit a fund balance to a specific purpose and subsequently to remove or change any constraint so adopted by the board.-

VIII. ASSIGNING FUND BALANCE

The school board, by majority vote, may assign fund balances to be used for specific purposes when appropriate. The board also delegates the power to assign fund balances to the following: Education District Director and the Education District Business Manager. Assignments so made shall be reported to the school board on a monthly basis, either separately or as part of ongoing reporting by the assigning party if other than the school board.

An appropriation of an existing fund balance to eliminate a projected budgetary deficit in the subsequent year's budget in an amount no greater than the projected excess of expected expenditures over expected revenues satisfies the criteria to be classified as an assignment of fund balance.

IX. REVIEW

The school board will conduct an annual review of the sufficiency of the minimum unassigned general fund balance level.

[Note: The school board should determine the review period adequate for their school district and change "an annual" to "a quarterly" or "a monthly" or some other time frame if appropriate.]

721 UNIFORM GRANT GUIDANCE POLICY REGARDING FEDERAL REVENUE SOURCES

I. PURPOSE

The purpose of this policy is to ensure compliance with the requirements of the federal Uniform Grant Guidance regulations by establishing uniform administrative requirements, cost principles, and audit requirements for federal grant awards received by the school district.

II. DEFINITIONS

A. Grants

1. “State-administered grants” are those grants that pass through a state agency such as the Minnesota Department of Education (MDE).
2. “Direct grants” are those grants that do not pass through another agency such as MDE and are awarded directly by the federal awarding agency to the grantee organization. These grants are usually discretionary grants that are awarded by the U.S. Department of Education (DOE) or by another federal awarding agency.

[Note: All of the requirements outlined in this policy apply to both direct grants and state-administered grants.]

- B. “Non-federal entity” means a state, local government, Indian tribe, institution of higher education, or nonprofit organization that carries out a federal award as a recipient or subrecipient.
- C. “Federal award” has the meaning, depending on the context, in either paragraph 1. or 2. of this definition:
 1. a. The federal financial assistance that a non-federal entity receives directly from a federal awarding agency or indirectly from a pass-through entity, as described in 2 Code of Federal Regulations section 200.101 (Applicability); or
 - b. The cost-reimbursement contract under the federal Acquisition Regulations that a non-federal entity receives directly from a federal awarding agency or indirectly from a pass-through entity, as described in 2 Code of Federal Regulations section 200.101

(Applicability).

2. The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of 2 Code of Federal Regulations section 200.40 (Federal Financial Assistance), or the cost-reimbursement contract awarded under the federal Acquisition Regulations.
3. “Federal award” does not include other contracts that a federal agency uses to buy goods or services from a contractor or a contract to operate federal-government-owned, contractor-operated facilities.

D. “Contract” means a legal instrument by which a non-federal entity purchases property or services needed to carry out the project or program under a federal award. The term, as used in 2 Code of Federal Regulations Part 200, does not include a legal instrument, even if the non-federal entity considers it a contract, when the substance of the transaction meets the definition of a federal award or subaward.

E. Procurement Methods

1. “Procurement by micro-purchase” is the acquisition of supplies or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold (generally \$10,000, except as otherwise discussed in 48 Code of Federal Regulations Subpart 2.1 or as periodically adjusted for inflation).

[Note: Minnesota school districts may choose to increase their federal micro-purchase threshold to \$25,000, which would align with the Minnesota limit. School districts choosing to adopt this increase must annually certify the higher threshold and the justification for using the higher threshold. Acceptable reasons for justification must meet *one* of the following criteria: (1) a qualification as a low-risk auditee, in accordance with the criteria established in 2 Code of Federal Regulations section 200.520; (2) an annual internal institutional risk assessment to identify, mitigate, and manage financial risks; or (3) a higher threshold consistent with state law.]

2. “Procurement by small purchase procedures” are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than \$250,000 (periodically adjusted for inflation).
3. “Procurement by sealed bids (formal advertising)” is a publicly solicited and a firm, fixed-price contract (lump sum or unit price) awarded to the responsible bidder whose bid, conforming to all the material terms and conditions of the invitation for bids, is the lowest in price.

4. “Procurement by competitive proposals” is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. Competitive proposals are generally used when conditions are not appropriate for the use of sealed bids.
 5. “Procurement by noncompetitive proposals” is procurement through solicitation of a proposal from only one source.
- F. “Equipment” means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which exceeds the lesser of the capitalization level established by the non-federal entity for financial statement purposes, or \$5,000.
 - G. “Compensation for personal services” includes all remuneration, paid currently or accrued, for services of employees rendered during the period of performance under the federal award, including, but not necessarily limited to, wages and salaries. Compensation for personal services may also include fringe benefits which are addressed in 2 Code of Federal Regulations section 200.431 (Compensation - Fringe Benefits).
 - H. “Post-retirement health plans” refer to costs of health insurance or health services not included in a pension plan covered by 2 Code of Federal Regulations section 200.431(g) for retirees and their spouses, dependents, and survivors.
 - I. “Severance pay” is a payment in addition to regular salaries and wages by the non-federal entities to workers whose employment is being terminated.
 - J. “Direct costs” are those costs that can be identified specifically with a particular final cost objective, such as a federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy.
 - K. “Relocation costs” are costs incident to the permanent change of duty assignment (for an indefinite period or for a stated period not less than 12 months) of an existing employee or upon recruitment of a new employee.
 - L. “Travel costs” are the expenses for transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business of the school district.

III. CONFLICT OF INTEREST

- A. Employee Conflict of Interest. No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ

any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The employees, officers, and agents of the school district may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, the school district may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by employees, officers, or agents of the school district.

- B. Organizational Conflicts of Interest. The school district is unable or appears to be unable to be impartial in conducting a procurement action involving the related organization because of relationships with a parent company, affiliate, or subsidiary organization.
- C. Disclosing Conflicts of Interest. The school district must disclose in writing any potential conflict of interest to MDE in accordance with applicable federal awarding agency policy.

IV. ACCEPTABLE METHODS OF PROCUREMENT

- A. General Procurement Standards. The school district must use its own documented procurement procedures which reflect applicable state laws, provided that the procurements conform to the applicable federal law and the standards identified in the Uniform Grant Guidance.
- B. The school district must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.
- C. The school district's procedures must avoid acquisition of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives and any other appropriate analysis to determine the most economical approach.
- D. The school district must award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.
- E. The school district must maintain records sufficient to detail the history of procurement. These records will include, but are not necessarily limited to, the following: rationale for the method of procurement; selection of the contract type; contractor selection or rejection; and the basis for the contract price.
- F. The school district alone must be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all

contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the school district of any contractual responsibilities under its contracts.

- G. The school district must take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible.
- H. Methods of Procurement. The school district must use one of the following methods of procurement:
1. Procurement by micro-purchases. To the extent practicable, the school district must distribute micro-purchases equitably among qualified suppliers. Micro-purchases may be awarded without soliciting competitive quotations if the school district considers the price to be reasonable.
 2. Procurement by small purchase procedures. If small purchase procedures are used, price or rate quotations must be obtained from an adequate number of qualified sources.
 3. Procurement by sealed bids (formal advertising).
 4. Procurement by competitive proposals. If this method is used, the following requirements apply:
 - a. Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered to the maximum extent practical;
 - b. Proposals must be solicited from an adequate number of qualified sources;
 - c. The school district must have a written method for conducting technical evaluations of the proposals received and for selecting recipients;
 - d. Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and
 - e. The school district may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method where price is not used as a selection factor can only be used in

procurement of A/E professional services; it cannot be used to purchase other types of services, though A/E firms are a potential source to perform the proposed effort.

5. Procurement by noncompetitive proposals. Procurement by noncompetitive proposals may be used only when one or more of the following circumstances apply:
 - a. The item is available only from a single source;
 - b. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
 - c. The DOE or MDE expressly authorizes noncompetitive proposals in response to a written request from the school district; or
 - d. After solicitation of a number of sources, competition is determined inadequate.
- I. Competition. The school district must have written procedures for procurement transactions. These procedures must ensure that all solicitations:
 1. Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description must not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product, or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When making a clear and accurate description of the technical requirements is impractical or uneconomical, a “brand name or equivalent” description may be used as a means to define the performance or other salient requirements of procurement. The specific features of the named brand which must be met by offers must be clearly stated; and
 2. Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.
- J. The school district must ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, the school district must not preclude potential bidders from qualifying during the solicitation period.
- K. Non-federal entities are prohibited from contracting with or making subawards under “covered transactions” to parties that are suspended or debarred or whose principals are suspended or debarred. “Covered transactions” include procurement

contracts for goods and services awarded under a grant or cooperative agreement that are expected to equal or exceed \$25,000.

- L. All nonprocurement transactions entered into by a recipient (i.e., subawards to subrecipients), irrespective of award amount, are considered covered transactions, unless they are exempt as provided in 2 Code of Federal Regulations section 180.215.

V. MANAGING EQUIPMENT AND SAFEGUARDING ASSETS

- A. Property Standards. The school district must, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired or improved with federal funds as provided to property owned by the non-federal entity. Federally owned property need not be insured unless required by the terms and conditions of the federal award.

The school district must adhere to the requirements concerning real property, equipment, supplies, and intangible property set forth in 2 Code of Federal Regulations sections 200.311, 200.314, and 200.315.

- B. Equipment

Management requirements. Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part under a federal award, until disposition takes place will, at a minimum, meet the following requirements:

1. Property records must be maintained that include a description of the property; a serial number or other identification number; the source of the funding for the property (including the federal award identification number (FAIN)); who holds title; the acquisition date; the cost of the property; the percentage of the federal participation in the project costs for the federal award under which the property was acquired; the location, use, and condition of the property; and any ultimate disposition data, including the date of disposition and sale price of the property.
2. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.
3. A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft must be investigated.
4. Adequate maintenance procedures must be developed to keep property in good condition.
5. If the school district is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

VI. FINANCIAL MANAGEMENT REQUIREMENTS

A. Financial Management. The school district's financial management systems, including records documenting compliance with federal statutes, regulations, and the terms and conditions of the federal award, must be sufficient to permit the preparation of reports required by general and program-specific terms and conditions; and the tracing of funds to a level of expenditures adequate to establish that such funds have been used according to the federal statutes, regulations, and the terms and conditions of the federal award.

B. Payment. The school district must be paid in advance, provided it maintains or demonstrates the willingness to maintain both written procedures that minimize the time elapsing between the transfer of funds and disbursement between the school district and the financial management systems that meet the standards for fund control.

Advance payments to a school district must be limited to the minimum amounts needed and timed to be in accordance with the actual, immediate cash requirements of the school district in carrying out the purpose of the approved program or project. The timing and amount of advance payments must be as close as is administratively feasible to the actual disbursements by the non-federal entity for direct program or project costs and the proportionate share of any allowable indirect costs. The school district must make timely payment to contractors in accordance with the contract provisions.

C. Internal Controls. The school district must establish and maintain effective internal control over the federal award that provides reasonable assurance that the school district is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government," issued by the Comptroller General of the United States, or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

The school district must comply with federal statutes, regulations, and the terms and conditions of the federal award.

The school district must also evaluate and monitor the school district's compliance with statutes, regulations, and the terms and conditions of the federal award.

The school district must also take prompt action when instances of noncompliance are identified, including noncompliance identified in audit findings.

The school district must take reasonable measures to safeguard protected personally identifiable information considered sensitive consistent with applicable federal and state laws regarding privacy and obligations of confidentiality.

VII. ALLOWABLE USE OF FUNDS AND COST PRINCIPLES

- A. Allowable Use of Funds. The school district administration and board will enforce appropriate procedures and penalties for program, compliance, and accounting staff responsible for the allocation of federal grant costs based on their allowability and their conformity with federal cost principles to determine the allowability of costs.
- B. Definitions
1. “Allowable cost” means a cost that complies with all legal requirements that apply to a particular federal education program, including statutes, regulations, guidance, applications, and approved grant awards.
 2. “Education Department General Administrative Regulations (EDGAR)” means a compilation of regulations that apply to federal education programs. These regulations contain important rules governing the administration of federal education programs and include rules affecting the allowable use of federal funds (including rules regarding allowable costs, the period of availability of federal awards, documentation requirements, and grants management requirements). EDGAR can be accessed at: <http://www2.ed.gov/policy/fund/reg/edgarReg/edgar.html>.
 3. “Omni Circular” or “2 Code of Federal Regulations Part 200s” or “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards” means federal cost principles that provide standards for determining whether costs may be charged to federal grants.
 4. “Advance payment” means a payment that a federal awarding agency or passthrough entity makes by any appropriate payment mechanism, including a predetermined payment schedule, before the non-federal entity disburses the funds for program purposes.
- C. Allowable Costs. The following items are costs that may be allowable under the 2 Code of Federal Regulations Part 200s under specific conditions:
1. Advisory councils;
 2. Audit costs and related services;
 3. Bonding costs;
 4. Communication costs;
 5. Compensation for personal services;
 6. Depreciation and use allowances;
 7. Employee morale, health, and welfare costs;

8. Equipment and other capital expenditures;
9. Gains and losses on disposition of depreciable property and other capital assets and substantial relocation of federal programs;
10. Insurance and indemnification;
11. Maintenance, operations, and repairs;
12. Materials and supplies costs;
13. Meetings and conferences;
14. Memberships, subscriptions, and professional activity costs;
15. Security costs;
16. Professional service costs;
17. Proposal costs;
18. Publication and printing costs;
19. Rearrangement and alteration costs;
20. Rental costs of building and equipment;
21. Training costs; and
22. Travel costs.

D. Costs Forbidden by Federal Law. 2 Code of Federal Regulations Part 200s and EDGAR identify certain costs that may never be paid with federal funds. The following list provides examples of such costs. If a cost is on this list, it may not be supported with federal funds. The fact that a cost is not on this list does not mean it is necessarily permissible. Other important restrictions apply to federal funds, such as those items detailed in the 2 Code of Federal Regulations Part 200s; thus, the following list is not exhaustive:

1. Advertising and public relations costs (with limited exceptions), including promotional items and memorabilia, models, gifts, and souvenirs;
2. Alcoholic beverages;
3. Bad debts;
4. Contingency provisions (with limited exceptions);

5. Fundraising and investment management costs (with limited exceptions);
6. Donations;
7. Contributions;
8. Entertainment (amusement, diversion, and social activities and any associated costs);
9. Fines and penalties;
10. General government expenses (with limited exceptions pertaining to Indian tribal governments and Councils of Government (COGs));
11. Goods or services for personal use;
12. Interest, except interest specifically stated in 2 Code of Federal Regulations section 200.441 as allowable;
13. Religious use;
14. The acquisition of real property (unless specifically permitted by programmatic statute or regulations, which is very rare in federal education programs);
15. Construction (unless specifically permitted by programmatic statute or regulations, which is very rare in federal education programs); and
16. Tuition charged or fees collected from students applied toward meeting matching, cost sharing, or maintenance of effort requirements of a program.

E. Program Allowability

1. Any cost paid with federal education funds must be permissible under the federal program that would support the cost.
2. Many federal education programs detail specific required and/or allowable uses of funds for that program. Issues such as eligibility, program beneficiaries, caps or restrictions on certain types of program expenses, other program expenses, and other program specific requirements must be considered when performing the programmatic analysis.
3. The two largest federal K-12 programs, Title I, Part A, and the Individuals with Disabilities Education Act (IDEA), do not contain a use of funds section delineating the allowable uses of funds under those programs. In those cases, costs must be consistent with the purposes of the program in order to be allowable.

F. Federal Cost Principles

1. The Omni Circular defines the parameters for the permissible uses of federal funds. While many requirements are contained in the Omni Circular, it includes five core principles that serve as an important guide for effective grant management. These core principles require all costs to be:
 - a. Necessary for the proper and efficient performance or administration of the program.
 - b. Reasonable. An outside observer should clearly understand why a decision to spend money on a specific cost made sense in light of the cost, needs, and requirements of the program.
 - c. Allocable to the federal program that paid for the cost. A program must benefit in proportion to the amount charged to the federal program – for example, if a teacher is paid 50% with Title I funds, the teacher must work with the Title I program/students at least 50% of the time. Recipients also need to be able to track items or services purchased with federal funds so they can prove they were used for federal program purposes.
 - d. Authorized under state and local rules. All actions carried out with federal funds must be authorized and not prohibited by state and local laws and policies.
 - e. Adequately documented. A recipient must maintain proper documentation so as to provide evidence to monitors, auditors, or other oversight entities of how the funds were spent over the lifecycle of the grant.

G. Program Specific Fiscal Rules. The Omni Circular also contains specific rules on selected items of costs. Costs must comply with these rules in order to be paid with federal funds.

1. All federal education programs have certain program specific fiscal rules that apply. Determining which rules apply depends on the program; however, rules such as supplement, not supplant, maintenance of effort, comparability, caps on certain uses of funds, etc., have an important impact when analyzing whether a particular cost is permissible.
2. Many state-administered programs require local education agencies (LEAs) to use federal program funds to supplement the amount of state, local, and, in some cases, other federal funds they spend on education costs and not to supplant (or replace) those funds. Generally, the “supplement, not supplant” provision means that federal funds must be used to supplement the level of funds from non-federal sources by providing additional

services, staff, programs, or materials. In other words, federal funds normally cannot be used to pay for things that would otherwise be paid for with state or local funds (and, in some cases, with other federal funds).

3. Auditors generally presume supplanting has occurred in three situations:
 - a. School district uses federal funds to provide services that the school district is required to make available under other federal, state, or local laws.
 - b. School district uses federal funds to provide services that the school district provided with state or local funds in the prior year.
 - c. School district uses Title I, Part A, or Migrant Education Program funds to provide the same services to Title I or Migrant students that the school district provides with state or local funds to nonparticipating students.
4. These presumptions apply differently in different federal programs and also in schoolwide program schools. Staff should be familiar with the supplement not supplant provisions applicable to their program.

H. Approved Plans, Budgets, and Special Conditions

1. As required by the Omni Circular, all costs must be consistent with approved program plans and budgets.
2. Costs must also be consistent with all terms and conditions of federal awards, including any special conditions imposed on the school district's grants.

I. Training

1. The school district will provide training on the allowable use of federal funds to all staff involved in federal programs.
2. The school district will promote coordination between all staff involved in federal programs through activities, such as routine staff meetings and training sessions.

- J. Employee Sanctions. Any school district employee who violates this policy will be subject to discipline, as appropriate, up to and including the termination of employment.

VIII. COMPENSATION – PERSONAL SERVICES EXPENSES AND REPORTING

A. Compensation – Personal Services

Costs of compensation are allowable to the extent that they satisfy the specific requirements of the Uniform Grant Guidance and that the total compensation for individual employees:

1. Is reasonable for the services rendered and conforms to the established written policy of the school district consistently applied to both federal and non-federal activities; and
2. Follows an appointment made in accordance with a school district's written policies and meets the requirements of federal statute, where applicable.

Unless an arrangement is specifically authorized by a federal awarding agency, a school district must follow its written non-federal, entity-wide policies and practices concerning the permissible extent of professional services that can be provided outside the school district for non-organizational compensation.

B. Compensation – Fringe Benefits

1. During leave.

The costs of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if all of the following criteria are met:

- a. They are provided under established written leave policies;
 - b. The costs are equitably allocated to all related activities, including federal awards; and
 - c. The accounting basis (cash or accrual) selected for costing each type of leave is consistently followed by the school district.
2. The costs of fringe benefits in the form of employer contributions or expenses for social security; employee life, health, unemployment, and worker's compensation insurance (except as indicated in 2 Code of Federal Regulations section 200.447(d)); pension plan costs; and other similar benefits are allowable, provided such benefits are granted under established written policies. Such benefits must be allocated to federal awards and all other activities in a manner consistent with the pattern of benefits attributable to the individuals or group(s) of employees whose salaries and wages are chargeable to such federal awards and other activities and charged as direct or indirect costs in accordance with the school district's accounting practices.
 3. Actual claims paid to or on behalf of employees or former employees for workers' compensation, unemployment compensation, severance pay, and

similar employee benefits (e.g., post-retirement health benefits) are allowable in the year of payment provided that the school district follows a consistent costing policy.

4. Pension plan costs may be computed using a pay-as-you-go method or an acceptable actuarial cost method in accordance with the written policies of the school district.
 5. Post-retirement costs may be computed using a pay-as-you-go method or an acceptable actuarial cost method in accordance with established written policies of the school district.
 6. Costs of severance pay are allowable only to the extent that, in each case, severance pay is required by law; employer-employee agreement; established policy that constitutes, in effect, an implied agreement on the school district's part; or circumstances of the particular employment.
- C. Insurance and Indemnification. Types and extent and cost of coverage are in accordance with the school district's policy and sound business practice.
- D. Recruiting Costs. Short-term, travel visa costs (as opposed to longer-term, immigration visas) may be directly charged to a federal award, so long as they are:
1. Critical and necessary for the conduct of the project;
 2. Allowable under the cost principles set forth in the Uniform Grant Guidance;
 3. Consistent with the school district's cost accounting practices and school district policy; and
 4. Meeting the definition of "direct cost" in the applicable cost principles of the Uniform Grant Guidance.
- E. Relocation Costs of Employees. Relocation costs are allowable, subject to the limitations described below, provided that reimbursement to the employee is in accordance with the school district's reimbursement policy.
- F. Travel Costs. Travel costs may be charged on an actual cost basis, on a per diem or mileage basis in lieu of actual costs incurred, or on a combination of the two, provided the method used is applied to an entire trip and not to selected days of the trip, and results in charges consistent with those normally allowed in like circumstances in the school district's non-federally funded activities and in accordance with the school district's reimbursement policies.

Costs incurred by employees and officers for travel, including costs of lodging, other subsistence, and incidental expenses, must be considered reasonable and otherwise allowable only to the extent such costs do not exceed charges normally

allowed by the school district in its regular operations according to the school district's written reimbursement and/or travel policies.

In addition, when costs are charged directly to the federal award, documentation must justify the following:

1. Participation of the individual is necessary to the federal award; and
2. The costs are reasonable and consistent with the school district's established travel policy.

Temporary dependent care costs above and beyond regular dependent care that directly results from travel to conferences is allowable provided the costs are:

1. A direct result of the individual's travel for the federal award;
2. Consistent with the school district's documented travel policy for all school district travel; and
3. Only temporary during the travel period.

[Note: Noncompliance. If a school district fails to comply with federal statutes, regulations, or the terms and conditions of a federal award, the DOE or MDE may impose additional conditions, as described in 2 Code of Federal Regulations section 200.208 (Specific Conditions). If the DOE or MDE determines that noncompliance cannot be remedied by imposing additional conditions, the DOE or MDE may take one or more of the following actions, as appropriate under the circumstances: 1) Temporarily withhold cash payments pending correction of the deficiency by the school district or more severe enforcement action by the DOE or MDE; 2) Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance; 3) Wholly or partly suspend or terminate the federal award; 4) Initiate suspension or debarment proceedings as authorized under 2 Code of Federal Regulations Part 180 and DOE regulations (or, in the case of MDE, recommend such a proceeding be initiated by the DOE); 5) Withhold further federal awards for the project or program; and/or 6) Take other remedies that may be legally available.]

722 PUBLIC DATA AND DATA SUBJECT REQUESTS

I. PURPOSE

The school district recognizes its responsibility relative to the collection, maintenance, and dissemination of public data as provided in state statutes.

II. GENERAL STATEMENT OF POLICY

The school district will comply with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13 (MGDPA), and Minnesota Rules parts 1205.0100-1205.2000 in responding to requests for public data.

III. DEFINITIONS

A. Confidential Data on Individuals

Data made not public by statute or federal law applicable to the data and are inaccessible to the individual subject of those data.

B. Data on Individuals

All government data in which any individual is or can be identified as the subject of that data, unless the appearance of the name or other identifying data can be clearly demonstrated to be only incidental to the data and the data are not accessed by the name or other identifying data of any individual.

C. Data Practices Compliance Officer

The data practices compliance official is the designated employee of the school district to whom persons may direct questions or concerns regarding problems in obtaining access to data or other data practices problems. The responsible authority may be the data practices compliance official.

D. Government Data

All data collected, created, received, maintained or disseminated by any government entity regardless of its physical form, storage media or conditions of use.

E. Individual

“Individual” means a natural person. In the case of a minor or an incapacitated person as defined in Minnesota Statutes section 524.5-102, subdivision 6, "individual" includes a parent or guardian or an individual acting as a parent or guardian in the absence of a parent or guardian, except that the responsible authority shall withhold data from parents or guardians, or individuals acting as parents or guardians in the absence of parents or guardians, upon request by the minor if the responsible authority determines that withholding the data would be in the best interest of the minor.

F. Inspection

“Inspection” means the visual inspection of paper and similar types of government data. Inspection does not include printing copies by the school district, unless printing a copy is the only method to provide for inspection of the data. For data stored in electronic form and made available in electronic form on a remote access basis to the public by the school district, inspection includes remote access to the data by the public and the ability to print copies of or download the data on the public’s own computer equipment.

G. Not Public Data

Any government data classified by statute, federal law, or temporary classification as confidential, private, nonpublic, or protected nonpublic.

H. Nonpublic Data

Data not on individuals made by statute or federal law applicable to the data: (a) not accessible to the public; and (b) accessible to the subject, if any, of the data.

I. Private Data on Individuals

Data made by statute or federal law applicable to the data: (a) not public; and (b) accessible to the individual subject of those data.

J. Protected Nonpublic Data

Data not on individuals made by statute or federal law applicable to the data (a) not public and (b) not accessible to the subject of the data.

K. Public Data

All government data collected, created, received, maintained, or disseminated by the school district, unless classified by statute, temporary classification pursuant to statute, or federal law, as nonpublic or protected nonpublic; or, with respect to data on individuals, as private or confidential.

L. Public Data Not on Individuals

Data accessible to the public pursuant to Minnesota Statutes section 13.03.

M. Public Data on Individuals

Data accessible to the public in accordance with the provisions of section 13.03.

N. Responsible Authority

The individual designated by the school board as the individual responsible for the collection, use, and dissemination of any set of data on individuals, government data, or summary data, unless otherwise provided by state law. Until an individual is designated by the school board, the responsible authority is the superintendent.

O. Summary Data

Statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify an individual is ascertainable. Unless classified pursuant to Minnesota Statutes section 13.06, another statute, or federal law, summary data is public.

IV. REQUESTS FOR PUBLIC DATA

A. All requests for public data must be made in writing directed to the responsible authority.

1. A request for public data must include the following information:
 - a. Date the request is made;
 - b. A clear description of the data requested;
 - c. Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
 - d. Method to contact the requestor (such as phone number, address, or email address).
2. Unless specifically authorized by statute, the school district may not require persons to identify themselves, state a reason for, or justify a request to gain access to public government data. A person may be asked to provide certain identifying or clarifying information for the sole purpose of facilitating access to the data.
3. The identity of the requestor is public, if provided, but cannot be required by the government entity.

4. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.
- B. The responsible authority will respond to a data request at reasonable times and places as follows:
1. The responsible authority will notify the requestor in writing as follows:
 - a. The requested data does not exist; or
 - b. The requested data does exist but either all or a portion of the data is not accessible to the requestor; or
 - (1) If the responsible authority determines that the requested data is classified so that access to the requestor is denied, the responsible authority will inform the requestor of the determination in writing, as soon thereafter as possible, and shall cite the specific statutory section, temporary classification, or specific provision of federal law on which the determination is based.
 - (2) Upon the request of a requestor who is denied access to data, the responsible authority shall certify in writing that the request has been denied and cite the specific statutory section, temporary classification, or specific provision of federal law upon which the denial was based.
 - c. The requested data does exist and provide arrangements for inspection of the data, identify when the data will be available for pick-up, or indicate that the data will be sent by mail. If the requestor does not appear at the time and place established for inspection of the data or the data is not picked up within ten (10) business days after the requestor is notified, the school district will conclude that the data is no longer wanted and will consider the request closed.
 2. The school district's response time may be affected by the size and complexity of the particular request, including necessary redactions of the data, and also by the number of requests made within a particular period of time.
 3. The school district will provide an explanation of technical terminology, abbreviations, or acronyms contained in the responsive data on request.
 4. The school district is not required by the MGDPA to create or collect new data in response to a data request, or to provide responsive data in a specific form or arrangement if the school district does not keep the data in that form or arrangement.

5. The school district is not required to respond to questions that are not about a particular data request or requests for data in general.

V. REQUEST FOR SUMMARY DATA

- A. A request for the preparation of summary data shall be made in writing directed to the responsible authority.
 1. A request for the preparation of summary data must include the following information:
 - a. Date the request is made;
 - b. A clear description of the data requested;
 - c. Identify the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
 - d. Method to contact requestor (phone number, address, or email address).
- B. The responsible authority will respond within ten (10) business days of the receipt of a request to prepare summary data and inform the requestor of the following:
 1. The estimated costs of preparing the summary data, if any; and
 2. The summary data requested; or
 3. A written statement describing a time schedule for preparing the requested summary data, including reasons for any time delays; or
 4. A written statement describing the reasons why the responsible authority has determined that the requestor's access would compromise the private or confidential data.
- C. The school district may require the requestor to pre-pay all or a portion of the cost of creating the summary data before the school district begins to prepare the summary data.

VI. DATA BY AN INDIVIDUAL DATA SUBJECT

- A. Collection and storage of all data on individuals and the use and dissemination of private and confidential data on individuals shall be limited to that necessary for the administration and management of programs specifically authorized by the legislature or local governing body or mandated by the federal government.

- B. Private or confidential data on an individual shall not be collected, stored, used, or disseminated by the school district for any purposes other than those stated to the individual at the time of collection in accordance with Minnesota Statutes section 13.04, except as provided in Minnesota Statutes section 13.05, subdivision 4.
- C. Upon request to the responsible authority or designee, an individual shall be informed whether the individual is the subject of stored data on individuals, and whether it is classified as public, private or confidential. Upon further request, an individual who is the subject of stored private or public data on individuals shall be shown the data without any charge and, if desired, shall be informed of the content and meaning of that data.
- D. After an individual has been shown the private data and informed of its meaning, the data need not be disclosed to that individual for six months thereafter unless a dispute or action pursuant to this section is pending or additional data on the individual has been collected or created.
- E. The responsible authority or designee shall provide copies of the private or public data upon request by the individual subject of the data. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.
- F. The responsible authority or designee shall comply immediately, if possible, with any request made pursuant to this subdivision, or within ten days of the date of the request, excluding Saturdays, Sundays and legal holidays, if immediate compliance is not possible.
- G. An individual subject of the data may contest the accuracy or completeness of public or private data. To exercise this right, an individual shall notify in writing the responsible authority describing the nature of the disagreement. The responsible authority shall within 30 days either: (1) correct the data found to be inaccurate or incomplete and attempt to notify past recipients of inaccurate or incomplete data, including recipients named by the individual; or (2) notify the individual that the authority believes the data to be correct. Data in dispute shall be disclosed only if the individual's statement of disagreement is included with the disclosed data.
- H. The determination of the responsible authority may be appealed pursuant to the provisions of the Administrative Procedure Act relating to contested cases. Upon receipt of an appeal by an individual, the commissioner shall, before issuing the order and notice of a contested case hearing required by Minnesota Statutes chapter 14, try to resolve the dispute through education, conference, conciliation, or persuasion. If the parties consent, the commissioner may refer the matter to

mediation. Following these efforts, the commissioner shall dismiss the appeal or issue the order and notice of hearing.

- I. Data on individuals that have been successfully challenged by an individual must be completed, corrected, or destroyed by a government entity without regard to the requirements of Minnesota Statutes section 138.17.
- J. After completing, correcting, or destroying successfully challenged data, the school district may retain a copy of the commissioner of administration's order issued under Minnesota Statutes chapter 14 or, if no order were issued, a summary of the dispute between the parties that does not contain any particulars of the successfully challenged data.

VII. REQUESTS FOR DATA BY AN INDIVIDUAL SUBJECT OF THE DATA

- A. All requests for individual subject data must be made in writing directed to the responsible authority.
- B. A request for individual subject data must include the following information:
 - 1. Statement that one is making a request as a data subject for data about the individual or about a student for whom the individual is the parent or guardian;
 - 2. Date the request is made;
 - 3. A clear description of the data requested;
 - 4. Proof that the individual is the data subject or the data subject's parent or guardian;
 - 5. Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
 - 6. Method to contact the requestor (such as phone number, address, or email address).
- C. The identity of the requestor of private data is private.
- D. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.
- E. Policy 515 (Protection and Privacy of Pupil Records) addresses requests of students or their parents for educational records and data.

VIII. COSTS

- A. Public Data

1. The school district will charge for copies provided as follows:
 - a. 100 or fewer pages of black and white, letter or legal sized paper copies will be charged at 25 cents for a one-sided copy or 50 cents for a two-sided copy.
 - b. More than 100 pages or copies on other materials are charged based upon the actual cost of searching for and retrieving the data and making the copies or electronically sending the data, unless the cost is specifically set by statute or rule.
 - (1) The actual cost of making copies includes employee time, the cost of the materials onto which the data is copied (paper, CD, DVD, etc.), and mailing costs (if any).
 - (2) Also, if the school district does not have the capacity to make the copies, e.g., photographs, the actual cost paid by the school district to an outside vendor will be charged.
2. All charges must be paid for [in cash or by check] in advance of receiving the copies.

B. Summary Data

1. Any costs incurred in the preparation of summary data shall be paid by the requestor prior to preparing or supplying the summary data.
2. The school district may assess costs associated with the preparation of summary data as follows:
 - a. The cost of materials, including paper, the cost of the labor required to prepare the copies, any schedule of standard copying charges established by the school district, any special costs necessary to produce such copies from a machine-based record-keeping system, including computers and microfilm systems;
 - b. The school district may consider the reasonable value of the summary data prepared and, where appropriate, reduce the costs assessed to the requestor.

C. Data Belonging to an Individual Subject

1. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.

The responsible authority shall not charge the data subject any fee in those instances where the data subject only desires to view private data.

The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies. Based on the factors set forth in Minnesota Rule 1205.0300, subpart 4, the school district determines that a reasonable fee would be the charges set forth in section VIII.A of this policy that apply to requests for data by the public.

2. The school district may not charge a fee to search for or to retrieve educational records of a child with a disability by the child's parent or guardian or by the child upon the child reaching the age of majority.

IX. Annual Review and Posting

- A. The responsible authority shall prepare a written data access policy and a written policy for the rights of data subjects (including specific procedures the school district uses for access by the data subject to public or private data on individuals). The responsible authority shall update the policies no later than August 1 of each year, and at any other time as necessary to reflect changes in personnel, procedures, or other circumstances that impact the public's ability to access data.
- B. Copies of the policies shall be easily available to the public by distributing free copies to the public or by posting the policies in a conspicuous place within the school district that is easily accessible to the public or by posting them on the school district's website.

802 DISPOSITION OF OBSOLETE EQUIPMENT AND MATERIAL

[Note: The provisions of this policy substantially reflect statutory requirements.]

I. PURPOSE

The purpose of this policy is to provide guidelines for the superintendent to assist in timely disposition of obsolete equipment and material.

II. GENERAL STATEMENT OF POLICY

Effective use of school building space, and consideration for safety of personnel, will at times require disposal of obsolete equipment and material.

III. DEFINITIONS

- A. “Contract” means an agreement entered into by the school district for the sale of supplies, materials, or equipment.
- B. “Official newspaper” is a regular issue of a qualified legal newspaper.

IV. MANNER OF DISPOSITION

A. Authorization

The superintendent shall be authorized to dispose of obsolete equipment and materials by selling it at a fair price consistent with the procedures outlined in this policy. Any sale exceeding the minimum amount for which bids are required must first be specifically authorized by the school board. The superintendent shall be authorized to properly dispose of used books, materials, and equipment deemed to have little or no value.

B. Contracts Over \$175,000

1. If the value of the equipment or materials is estimated to exceed \$175,000, sealed bids shall be solicited by two weeks’ published notice in the official newspaper. This notice shall state the time and place of receiving bids and contain a brief description of the subject matter. Additional publication in the official newspaper or elsewhere may be made as the school board shall deem necessary.
2. The sale shall be awarded to the highest responsible bidder, be duly executed in writing, and be otherwise conditioned as required by law.

3. A record shall be kept of all bids, with names of bidders and amounts of bids, and an indication of the successful bid. A bid containing an alteration or erasure of any price contained in the bid which is used in determining the highest responsible bid shall be rejected unless the alteration or erasure is corrected by being crossed out and the correction printed in ink or typewritten adjacent thereto and initialed in ink by the person signing the bid.
4. In the case of identical high bids from two or more bidders, the school board may, at its discretion, utilize negotiated procurement methods with the tied high bidders so long as the price paid does not go below the high tied bid price. In the case where only a single bid is received, the school board may, at its discretion, negotiate a mutually agreeable contract with the bidder so long as the price paid does not fall below the original bid. If no satisfactory bid is received, the board may readvertise.
5. All bids obtained shall be kept on file for a period of at least one year after their receipt. Every contract made without compliance with the foregoing provisions shall be void.
6. Data submitted by a business to a school in response to a request for bids are private until opened. Once opened, the name of the bidder and the dollar amount specified become public; all other data are private until completion of the selection process, meaning the school has completed its evaluation and ranked the responses. After completion of the selection process, all data submitted by all bidders are public except trade secret data. If all responses are rejected prior to completion of the selection process, all data remain private, except the name of the bidder and the dollar amount specified which were made public at the bid opening for one year from the proposed opening date or until resolicitation results in completion of the selection process or until a determination is made to abandon the purchase, whichever occurs sooner, at which point the remaining data becomes public. Data created or maintained by the school district as part of the selection or evaluation process are protected as nonpublic data until completion of the selection or evaluation process. At that time, the data are public with the exception of trade secret data.

C. Contracts From \$25,000 to \$175,000

If the amount of the sale is estimated to exceed \$25,000 but not to exceed \$175,000, the contract may be made either upon sealed bids in the manner directed above or by direct negotiation, by obtaining two or more quotations for the purchase or sale when possible, and without advertising for bids or otherwise complying with the requirements of competitive bidding notice. All quotations obtained shall be kept on file for a period of at least one year after receipt.

D. Contracts \$25,000 or Less

If the amount of the sale is estimated to be \$25,000 or less, the contract may be made either upon quotation or in the open market, in the discretion of the school board. The sale in the open market may be by auction. If the contract is made on quotation, it shall be based, so far as practicable, on at least two quotations which shall be kept on file for a period of at least one year after receipt.

E. Electronic Sale of Surplus Supplies, Materials, and Equipment

Notwithstanding the other procedural requirements of this policy, the school district may contract to sell supplies, materials, and equipment which is surplus, obsolete, or unused through an electronic selling process in which purchasers compete to purchase the supplies, materials, or equipment at the highest purchase price in an open and interactive environment.

F. Notice of Quotation

Notice of procedures to receive quotations shall be given by publication or other means as appropriate to provide reasonable notice to the public.

G. Sales to Employees

No officer or employee of the school district shall sell or procure for sale or possess or control for sale to any other officer or employee of the school district any property or materials owned by the school district unless the property and materials are not needed for public purposes and are sold to a school district employee after reasonable public notice, at a public auction or by sealed response, if the employee is not directly involved in the auction or sale process. Reasonable notice shall include at least one week's published or posted notice. A school district employee may purchase no more than one motor vehicle from the school district at any one auction. This section shall not apply to the sale of property or materials acquired or produced by the school district for sale to the general public in the ordinary course of business. Nothing in this section shall prohibit an employee of the school district from selling or possessing for sale public property if the sale or possession for sale is in the ordinary course of business or the normal course of the employee's duties.

H. Exceptions for Surplus School Computers

1. A school district may bypass the requirements for competitive bidding and is not subject to any other laws relating to school district contracts if it is disposing of surplus school computer and related equipment, including a tablet device, by conveying the property and title to:
 - a. another school district;
 - b. the state department of corrections;

- c. the board of trustees of Minnesota State Colleges and Universities;
 - d. the family of a student residing in the district whose total family income meets the federal definition of poverty; or
 - e. a charitable organization under section 501(c)(3) of the Internal Revenue Code that is registered with the attorney general's office for educational use.
2. If surplus school computers are not disposed of as described in Paragraph 1., upon adoption of a written resolution of the school board, when updating or replacing school computers, including tablet devices, used primarily by students, the school district may sell or give used computers or tablets to qualifying students at the price specified in the written resolution. A student is eligible to apply to the school board for a computer or tablet under this subdivision if the student is currently enrolled in the school and intends to enroll in the school in the year following the receipt of the computer or tablet. If more students apply for computers or tablets than are available, the school must first qualify students whose families are eligible for free or reduced-price meals and then dispose of the remaining computers or tablets by lottery.

806 CRISIS MANAGEMENT POLICY

[Note: The Commissioner of the Minnesota Department of Education is required to maintain and make available to school boards and charter schools a Model Crisis Management Policy. See Minnesota Statutes section 121A.035. School boards and charter schools must adopt a Crisis Management Policy to address potential crisis situations in their school districts or charter schools. Id. This Model Crisis Management Policy was originally the result of a collaborative effort among the Minnesota Department of Education, Division of Compliance and Assistance; the Minnesota Department of Public Safety, Division of Homeland Security and Emergency Management; and the Minnesota School Boards Association.]

I. PURPOSE

The purpose of this Model Crisis Management Policy is to act as a guide for school district and building administrators, school employees, students, school board members, and community members to address a wide range of potential crisis situations in the school district. The step-by-step procedures suggested by this Policy will provide guidance to each school building in drafting crisis management plans to coordinate protective actions prior to, during, and after any type of emergency or potential crisis situation. Each school district should develop tailored building-specific crisis management plans for each school building in the school district, and sections or procedures may be added or deleted in those crisis management plans based on building needs.

The school district will, to the extent possible, engage in ongoing emergency planning within the school district and with emergency responders and other relevant community organizations. The school district will ensure that relevant emergency responders in the community have access to their building-specific crisis management plans and will provide training to school district staff to enable them to act appropriately in the event of a crisis.

II. GENERAL INFORMATION

A. The Policy and Plans

The school district's Crisis Management Policy has been created in consultation with local community response agencies and other appropriate individuals and groups that would likely be involved in the event of a school emergency. It is designed so that each building administrator can tailor a building-specific crisis management plan to meet that building's specific situation and needs.

The school district's administration and/or the administration of each building

shall present tailored building-specific crisis management plans to the school board for review and approval. The building-specific crisis management plans will include general crisis procedures and crisis-specific procedures. Upon approval by the school board, such crisis management plans shall be an addendum to this Crisis Management Policy. This Policy and the plans will be maintained and updated on an annual basis.

B. Elements of the District Crisis Management Policy

1. General Crisis Procedures. The Crisis Management Policy includes general crisis procedures for securing buildings, classroom evacuation, building evacuation, campus evacuation, and sheltering. The Policy designates the individual(s) who will determine when these actions will be taken. These district-wide procedures may be modified by building administrators when creating their building-specific crisis management plans. A communication system will be in place to enable the designated individual to be contacted at all times in the event of a potential crisis, setting forth the method to contact the designated individual, the provision of at least two designees when the contact person is unavailable, and the method to convey contact information to the appropriate staff persons. The alternative designees may include members of the emergency first responder response team. A secondary method of communication should be included in the plan for use when the primary method of communication is inoperable. Each building in the school district will have access to a copy of the Comprehensive School Safety Guide (2011 Edition) to assist in the development of building-specific crisis management plans.

All general crisis procedures will address specific procedures for the safe evacuation of children and employees with special needs such as physical, sensory, motor, developmental, and mental health challenges.

[Note: More specific information on planning for children with special needs can be found in the Comprehensive School Safety Guide (2011 Edition) and United States Department of Education's document entitled, "Practical Information on Crisis Planning, a Guide for Schools and Communities." A website link is provided in the resource section of this Policy.]

- a. Lock-Down Procedures. Lock-down procedures will be used in situations where harm may result to persons inside the school building, such as a shooting, hostage incident, intruder, trespass, disturbance, or when determined to be necessary by the building administrator or his or her designee. The building administrator or designee will announce the lock-down over the public address system or other designated system. Code words will not be used.

Provisions for emergency evacuation will be maintained even in the event of a lock-down. Each building administrator will submit lock-down procedures for their building as part of the building-specific crisis management plan.

[Note: State law requires a minimum of five school lock-down drills each school year. See Minnesota Statutes, section 121A.035.]

- b. Evacuation Procedures. Evacuations of classrooms and buildings shall be implemented at the discretion of the building administrator or his or her designee. Each building's crisis management plan will include procedures for transporting students and staff a safe distance from harm to a designated safe area until released by the building administrator or designee. Safe areas may change based upon the specific emergency situation. The evacuation procedures should include specific procedures for children with special needs, including children with limited mobility (wheelchairs, braces, crutches, etc.), visual impairments, hearing impairments, and other sensory, developmental, or mental health needs. The evacuation procedures should also address transporting necessary medications for students that take medications during the school day.

[Note: State law requires a minimum of five school fire drills, consistent with Minnesota Statutes, section 299F.30, and one school tornado drill each school year. See Minnesota Statutes section 121A.035.]

- c. Sheltering Procedures. Sheltering provides refuge for students, staff, and visitors within the school building during an emergency. Shelters are safe areas that maximize the safety of inhabitants. Safe areas may change based upon the specific emergency. The building administrator or his or her designee will announce the need for sheltering over the public address system or other designated system. Each building administrator will submit sheltering procedures for his or her building as part of the building-specific crisis management plan.

[Note: The Comprehensive School Safety Guide (2011 Edition) has sample lock-down procedures, evacuation procedures, and sheltering procedures.]

2. Crisis-Specific Procedures. The Crisis Management Policy includes crisis-specific procedures for crisis situations that may occur during the school day or at school-sponsored events and functions. These district-wide procedures are designed to enable building administrators to tailor response procedures when creating building-specific crisis management plans.

[Note: The Comprehensive School Safety Guide (2011 Edition) includes crisis-specific procedures.]

3. School Emergency Response Teams

- a. Composition. The building administrator in each school building will select a school emergency response team that will be trained to respond to emergency situations. All school emergency response team members will receive on-going training to carry out the building's crisis management plans and will have knowledge of procedures, evacuation routes, and safe areas. For purposes of student safety and accountability, to the extent possible, school emergency response team members will not have direct responsibility for the supervision of students. Team members must be willing to be actively involved in the resolution of crises and be available to assist in any crisis situation as deemed necessary by the building administrator. Each building will maintain a current list of school emergency response team members which will be updated annually. The building administrator, and his or her alternative designees, will know the location of that list in the event of a school emergency. A copy of the list will be kept on file in the school district office, or in a secondary location in single building school districts.

[Note: The Comprehensive School Safety Guide (2011 Edition) has a sample School Emergency Response Team list.]

- b. Leaders. The building administrator or his or her designee will serve as the leader of the school emergency response team and will be the primary contact for emergency response officials. In the event the primary designee is unavailable, the designee list should include more than one alternative designee and may include members of the emergency response team. When emergency response officials are present, they may elect to take command and control of the crisis. It is critical in this situation that school officials assume a resource role and be available as necessary to emergency response officials.

III. PREPARATION BEFORE AN EMERGENCY

A. Communication

1. District Employees. Teachers generally have the most direct contact with students on a day-to-day basis. As a result, they must be aware of their role in responding to crisis situations. This also applies to non-teaching school personnel who have direct contact with students. All staff shall be aware of the school district's Crisis Management Policy and their own

building's crisis management plan. Each school's building-specific crisis management plan shall include the method and dates of dissemination of the plan to its staff. Employees will receive a copy of the relevant building-specific crisis management plans and shall receive periodic training on plan implementation.

2. Students and Parents. Students and parents shall be made aware of the school district's Crisis Management Policy and relevant tailored crisis management plans for each school building. Each school district's building-specific crisis management plan shall set forth how students and parents are made aware of the district and school-specific plans. Students shall receive specific instruction on plan implementation and shall participate in a required number of drills and practice sessions throughout the school year.

B. Planning and Preparing for Fire

1. Designate a safe area at least 50 feet away from the building to enable students and staff to evacuate. The safe area should not interfere with emergency responders or responding vehicles and should not be in an area where evacuated persons are exposed to any products of combustion. (Depending on the wind direction, where the building on fire is located, the direction from which the fire is arriving, and the location of fire equipment, the distance may need to be extended.)

[Note: Evacuation areas at least 50 feet from school buildings are recommended but not mandated by statute or rule. Evacuation areas should be selected based on safety and the individual school site's proximity to streets, traffic patterns, and other hazards.]

2. Each building's facility diagram and site plan shall be available in appropriate areas of the building and shall identify the most direct evacuation routes to the designated safe areas both inside and outside of the building. The facility diagram and site plan must identify the location of the fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs.
3. Teachers and staff will receive training on the location of the primary emergency evacuation routes and alternate routes from various points in the building. During fire drills, students and staff will practice evacuations using primary evacuation routes and alternate routes.
4. Certain employees, such as those who work in hazardous areas in the building, will receive training on the locations and proper use of fire extinguishers and protective clothing and equipment.
5. Fire drills will be conducted periodically without warning at various times of the day and under different circumstances, e.g., lunchtime, recess, and

during assemblies. State law requires a minimum of five fire drills each school year, consistent with Minnesota Statutes section 299F.30. See Minnesota Statutes, section 121A.035.

[Note: The State Fire Marshal advises schools to defer fire drills during the winter months.]

6. A record of fire drills conducted at the building will be maintained in the building administrator's office.

[Note: The Comprehensive School Safety Guide (2011 Edition), under the Preparedness/Planning section, has a sample fire drills schedule and log.]

7. The school district will have prearranged sites for emergency sheltering and transportation as needed.
8. The school district will determine which staff will remain in the building to perform essential functions if safe to do so (e.g., switchboard, building engineer, etc.). The school district also will designate an administrator or his or her designee to meet local fire or law enforcement agents upon their arrival.

[Note: The Comprehensive School Safety Guide (2011 Edition), under the Response section, has a sample fire procedure form, evacuation/relocation and student reunification/release procedures, and planning for student reunification.]

C. Facility Diagrams and Site Plans

All school buildings will have a facility diagram and site plan that includes the location of primary and secondary evacuation routes, exits, designated safe areas inside and outside of the building, and the location of fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs. All facility diagrams and site plans will be updated regularly and whenever a major change is made to a building. Facility diagrams and site plans will be maintained by the building administrator and will be easily accessible and on file in the school district office. Facility diagrams and site plans will be provided to first responders, such as fire and law enforcement personnel.

[Note: For single building school districts, such as charter schools, a secondary location for the diagrams and site plans will be included in the district's Crisis Management Policy and may include filing documents with a charter school sponsor, or compiling facility diagrams and site plans and distributing copies to first responders or sharing the documents with first responders during the crisis planning process.]

[Note: To the extent data contained in facility diagrams and site plans constitute

security information pursuant to Minnesota Statutes section 13.37, school districts are advised to consult with appropriate officials and/or legal counsel prior to dissemination of the facility diagrams or site plans to anyone other than first responders.]

D. Emergency Telephone Numbers

Each building will maintain a current list of emergency telephone numbers and the names and addresses of local, county, and state personnel who may be involved in a crisis situation. The list will include telephone numbers for local police, fire, ambulance, hospital, the Poison Control Center, county and state emergency management agencies, local public works departments, local utility companies, the public health nurse, mental health/suicide hotlines, and the county welfare agency. A copy of this list will be kept on file in the school district office, or at a secondary location for single building school districts and will be updated annually.

School district employees will receive training on how to make emergency contacts, including 911 calls, when the school district's main telephone number and location is electronically conveyed to emergency personnel instead of the specific building in need of emergency services.

School district plans will set forth a process to internally communicate an emergency, using telephones in classrooms, intercom systems, or two-way radios, as well as the procedure to enable the staff to rapidly convey emergency information to a building designee. Each plan will identify a primary and secondary method of communication for both internal and secondary use. It is recommended that the plan include several methods of communication because computers, intercoms, telephones, and cell phones may not be operational or may be dangerous to use during an emergency.

[Note: The Comprehensive School Safety Guide (2011 Edition), under the Preparedness/Planning section, has a sample Emergency Phone Numbers list.]

E. Warning and Notification Systems

The school district shall maintain a warning system designed to inform students, staff, and visitors of a crisis or emergency. This system shall be maintained on a regular basis under the maintenance plan for all school buildings. The school district should consider an alternate notification system to address the needs of staff and students with special needs, such as vision or hearing.

The building administrator shall be responsible for informing students and employees of the warning system and the means by which the system is used to identify a specific crisis or emergency situation. Each school's building-specific crisis management plan will include the method and frequency of dissemination of the warning system information to students and employees.

F. Early School Closure Procedures

The superintendent will make decisions about closing school or buildings as early in the day as possible. The early school closure procedures will set forth the criteria for early school closure (e.g., weather-related, utility failure, or a crisis situation), will specify how closure decisions will be communicated to staff, students, families, and the school community (designated broadcast media, local authorities, e-mail, or district or school building web sites), and will discuss the factors to be considered in closing and reopening a school or building.

Early school closure procedures also will include a reminder to parents and guardians to listen to designated local radio and TV stations for school closing announcements, where possible.

[Note: The Comprehensive School Safety Guide (2011 Edition), under the Response section, provides universal procedures for severe weather shelter.]

G. Media Procedures

The superintendent has the authority and discretion to notify parents or guardians and the school community in the event of a crisis or early school closure. The superintendent will designate a spokesperson who will notify the media in the event of a crisis or early school closure. The spokesperson shall receive training to ensure that the district is in strict compliance with federal and state law relative to the release of private data when conveying information to the media.

[Note: The Comprehensive School Safety Guide (2011 Edition), under the Response section, has a sample Media Procedures form.]

H. Behavioral Health Crisis Intervention Procedures

Short-term behavioral health crisis intervention procedures will set forth the procedure for initiating behavioral health crisis intervention plans. The procedures will utilize available resources including the school psychologist, counselor, community behavioral health crisis intervention, or others in the community. Counseling procedures will be used whenever the superintendent or the building administrator determines it to be necessary, such as after an assault, a hostage situation, shooting, or suicide. The behavioral health crisis intervention procedures shall include the following steps:

1. Administrator will meet with relevant persons, including school psychologists and counselors, to determine the level of intervention needed for students and staff.
2. Designate specific rooms as private counseling areas.
3. Escort siblings and close friends of any victims as well as others in need of emotional support to the counseling areas.

4. Prohibit media from interviewing or questioning students or staff.
5. Provide follow-up services to students and staff who receive counseling.
6. Resume normal school routines as soon as possible.

I. Long-Term Recovery Intervention Procedures

Long-term recovery intervention procedures may involve both short-term and long-term recovery planning:

1. Physical/structural recovery.
2. Fiscal recovery.
3. Academic recovery.
4. Social/emotional recovery.

[Note: The Comprehensive School Safety Guide (2011 Edition), under the Recovery section, addresses the recovery components in more detail.]

IV. ACTIVE SHOOTER DRILL

A. Definitions

1. "Active shooter drill" means an emergency preparedness drill designed to teach students, teachers, school personnel, and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school. An active shooter drill is not an active shooter simulation, nor may an active shooter drill include any sensorial components, activities, or elements which mimic a real life shooting.
2. "Active shooter simulation" means an emergency exercise including full-scale or functional exercises, designed to teach adult school personnel and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school which also incorporates sensorial components, activities, or elements mimicking a real life shooting. Activities or elements mimicking a real life shooting include, but are not limited to, simulation of tactical response by law enforcement. An active shooter simulation is not an active shooter drill.
3. "Evidence-based" means a program or practice that demonstrates any of the following:
 - a. a statistically significant effect on relevant outcomes based on any of the following:

- i. strong evidence from one or more well designed and well implemented experimental studies;
 - ii. moderate evidence from one or more well designed and well implemented quasi-experimental studies; or
 - iii. promising evidence from one or more well designed and well implemented correlational studies with statistical controls for selection bias; or
 - b. a rationale based on high-quality research findings or positive evaluations that the program or practice is likely to improve relevant outcomes, including the ongoing efforts to examine the effects of the program or practice.
4. "Full-scale exercise" means an operations-based exercise that is typically the most complex and resource-intensive of the exercise types and often involves multiple agencies, jurisdictions, organizations, and real-time movement of resources.
 5. "Functional exercises" means an operations-based exercise designed to assess and evaluate capabilities and functions while in a realistic, real-time environment, however, movement of resources is usually simulated.

B. Criteria

An active shooter drill conducted according to Minnesota Statutes, section 121A.037 with students in early childhood through grade 12 must be:

1. accessible;
2. developmentally appropriate and age appropriate, including using appropriate safety language and vocabulary;
3. culturally aware;
4. trauma-informed; and
5. inclusive of accommodations for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

C. Student Mental Health and Wellness

Active shooter drill protocols must include a reasonable amount of time immediately following the drill for teachers to debrief with their students. The opportunity to debrief must be provided to students before regular classroom

activity may resume. During the debrief period, students must be allowed to access any mental health services available on campus, including counselors, school psychologists, social workers, or cultural liaisons. An active shooter drill must not be combined or conducted consecutively with any other type of emergency preparedness drill. An active shooter drill must be accompanied by an announcement prior to commencing. The announcement must use concise and age-appropriate language and, at a minimum, inform students there is no immediate danger to life and safety.

D. Notice

1. The school district must provide notice of a pending active shooter drill to every student's parent or legal guardian before an active shooter drill is conducted. Whenever practicable, notice must be provided at least 24 hours in advance of a pending active shooter drill and inform the parent or legal guardian of the right to opt their student out of participating.
2. If a student is opted out of participating in an active shooter drill, no negative consequence must impact the student's general school attendance record nor may nonparticipation alone make a student ineligible to participate in or attend school activities.
3. The Commissioner of the Minnesota Department of Education must ensure the availability of alternative safety education for students who are opted out of participating or otherwise exempted from an active shooter drill. Alternative safety education must provide essential safety instruction through less sensorial safety training methods and must be appropriate for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

E. Participation in Active Shooter Drills

Any student in early childhood through grade 12 must not be required to participate in an active shooter drill that does not meet the Criteria set forth above.

F. Active Shooter Simulations

A student must not be required to participate in an active shooter simulation. An active shooter simulation must not take place during regular school hours if a majority of students are present, or expected to be present, at the school. A parent or legal guardian of a student in grades 9 through 12 must have the opportunity to opt their student into participating in an active shooter simulation.

G. Violence Prevention

1. A school district or charter school conducting an active shooter drill must provide students in middle school and high school at least one hour, or one

standard class period, of violence prevention training annually.

2. The violence prevention training must be evidence-based and may be delivered in-person, virtually, or digitally. Training must, at a minimum, teach students the following:
 - a. how to identify observable warning signs and signals of an individual who may be at risk of harming oneself or others;
 - b. the importance of taking threats seriously and seeking help; and
 - c. the steps to report dangerous, violent, threatening, harmful, or potentially harmful activity.
3. A school district or charter school must ensure that students have the opportunity to contribute to their school's safety and violence prevention planning, aligned with the recommendations for multihazard planning for schools, including but not limited to:
 - a. student opportunities for leadership related to prevention and safety;
 - b. encouragement and support to students in establishing clubs and programs focused on safety; and
 - c. providing students with the opportunity to seek help from adults and to learn about prevention connected to topics including bullying, sexual harassment, sexual assault, and suicide.

H. Board Meeting

At a regularly scheduled school board meeting, a school board of a district that has conducted an active shooter drill must consider the following:

1. the effect of active shooter drills on the safety of students and staff; and
2. the effect of active shooter drills on the mental health and wellness of students and staff.

807 HEALTH AND SAFETY POLICY

[Note: To receive health and safety revenue for any fiscal year, school districts must submit an application to the Minnesota Commissioner of Education, along with a health and safety budget adopted and confirmed by the school board as being consistent with the school district's health and safety policy. This policy has been approved by the Minnesota Department of Education.]

The subdivisions of Minnesota Statutes Section 123B.57 that relate to a school district's ability to apply for health and safety revenue have been repealed effective fiscal year 2017. The provisions of this policy substantially reflect statutory requirements.]

I. PURPOSE

The purpose of this policy is to assist the school district in promoting health and safety, reducing injuries, and complying with federal, state, and local health and safety laws and regulations.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to implement a health and safety program that includes plans and procedures to protect employees, students, volunteers, and members of the general public who enter school district buildings and grounds. The objective of the health and safety program will be to provide a safe and healthy learning environment; to increase safety awareness; to help prevent accidents, illnesses, and injuries; to reduce liability; to assign duties and responsibilities to school district staff to implement and maintain the health and safety program; to establish written procedures for the identification and management of hazards or potential hazards; to train school district staff on safe work practices; and to comply with all health and safety, environmental, and occupational health laws, rules, and regulations.
- B. All school district employees have a responsibility for maintaining a safe and healthy environment within the school district and are expected to be involved in the health and safety program to the extent practicable. For the purpose of implementing this policy, the school district may form a health and safety advisory committee to be appointed by the superintendent. The health and safety advisory committee will be composed of employees and other individuals with specific knowledge of related issues. The advisory committee will provide recommendations to the administration regarding plans and procedures to implement this policy and to establish procedures for identifying, analyzing, and controlling hazards, minimizing risks, and training school district staff on safe work practices. The committee will also recommend procedures for investigating

accidents and enforcement of workplace safety rules. Each recommendation shall include estimates of annual costs of implementing and maintaining that proposed recommendation. The superintendent may request that the safety committee established under Minnesota Statutes section 182.676 carry out all or part of the duties of the advisory committee or the advisory committee may consider recommendations from a separate safety committee established under Minnesota Statutes section 182.676.

III. PROCEDURES

- A. Based upon recommendations from the health and safety advisory committee and subject to the budget adopted by the school board to implement or maintain these recommendations, the administration will adopt and implement written plans and procedures for identification and management of hazards or potential hazards existing within the school district in accordance with federal, state, and local laws, rules, and regulations. Written plans and procedures will be maintained, updated, and reviewed by the school board on an annual basis and shall be an addendum to this policy. The administration shall identify in writing a contact person to oversee compliance with each specific plan or procedure.
- B. To the extent that federal, state, and local laws, rules, and regulations do not exist for identification and management of hazards or potential hazards, the health and safety advisory committee shall evaluate other available resources and generally accepted best practice recommendations. Best practices are techniques or actions which, through experience or research, have consistently proven to lead to specific positive outcomes.
- C. The school district shall monitor and make good faith efforts to comply with any new or amended laws, rules, or regulations to control potential hazards.

IV. PROGRAM AND PLANS

- A. For the purpose of implementing this policy, the administration will, within the budgetary limitations adopted by the school board, implement a health and safety program that includes specific plan requirements in various areas as identified by the health and safety advisory committee. Areas that may be considered include, but are not limited to, the following:
 - 1. Asbestos
 - 2. Fire and Life Safety

17. Forklift Safety
18. Hazardous Waste
19. Hearing Conservation
20. Hoist/Lift/Elevator Safety
21. Integrated Pest Management
22. Laboratory Safety Standard/Chemical Hygiene Plan
23. Lead
24. Control of Hazardous Energy Sources (Lockout/Tagout)

If a risk is not present in the school district, the preparation of a plan or procedure for that risk will not be necessary.

- B. The administration shall establish procedures to ensure, to the extent practicable, that all employees are properly trained and instructed in job procedures, crisis response duties, and emergency response actions where exposure or possible exposure to hazards and potential hazards may occur.
- C. The administration shall conduct or arrange safety inspections and drills. Any identified hazards, unsafe conditions, or unsafe practices will be documented and corrective action will be taken to the extent practicable to control that hazard, unsafe condition, or unsafe practice.
- D. Communication from employees regarding hazards, unsafe or potentially unsafe working conditions, and unsafe or potentially unsafe practices is encouraged in either written or oral form. No employee will be retaliated against for reporting hazards or unsafe or potentially unsafe working conditions or practices.

- F. In the event of an accident or a near miss, the school district shall promptly cause an accident investigation to be conducted in order to determine the cause of the incident and to take action to prevent a similar incident. All accidents and near misses must be reported to an immediate supervisor as soon as possible.

V. BUDGET

The superintendent shall be responsible to provide for periodic school board review and approval of the various plan requirements of the health and safety program, including current plan requirements and related written plans and procedures and recommendations for additional plan requirements proposed to be adopted. The superintendent, or such other school official as designated by the superintendent, each year shall prepare preliminary revenue and expenditure budgets for the school district's health and safety program. The preliminary budgets shall be accompanied by such written commentary as may be necessary for them to be clearly understood by the members of the school board and the public. The school board shall review the projected revenues and expenditures for this program and make such adjustments within the expenditure budget to carry out the current program and to implement new recommendations within the revenues projected and appropriated for this purpose. No funds may be expended for the health and safety program in any school year prior to the adoption of the budget document authorizing that expenditure for that year, or prior to the adoption of an amendment to that budget document by the school board to authorize that expenditure for that year. The health and safety program shall be implemented, conducted, and administered within the fiscal restraints of the budget so adopted.

VI. ENFORCEMENT

Enforcement of this policy is necessary for the goals of the school district's health and safety program to be achieved. Within applicable budget limitations, school district employees will be trained and receive periodic reviews of safety practices and procedures, focusing on areas that directly affect the employees' job duties. Employees shall participate in practice drills. Willful violations of safe work practices may result in disciplinary action in accordance with applicable school district policies.

904 DISTRIBUTION OF MATERIALS ON SCHOOL DISTRICT PROPERTY BY NONSCHOOL PERSONS

I. PURPOSE

The purpose of this policy is to provide for distribution of materials appropriate to the school setting by nonstaff and nonstudents on school district property in a reasonable time, place, and manner which does not disrupt the educational program nor interfere with the educational objectives of the school district.

II. GENERAL STATEMENT OF POLICY

- A. The school district intends to provide a method for non-school persons and organizations to distribute materials appropriate to the school setting within the limitations and provisions of this policy.
- B. To provide for orderly and nondisruptive distribution of materials, the school board adopts the following regulations and procedures.

III. DEFINITIONS

- A. "Distribution" means circulation or dissemination of materials by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, posting or displaying materials, or placing materials in internal staff or student mailboxes.
- B. "Materials" includes all materials and objects intended by non-school persons or non-school organizations for distribution. Examples of non-school-sponsored materials include, but are not limited to, leaflets, brochures, buttons, badges, flyers, petitions, posters, underground newspapers whether written by students, employees or others, and tangible objects.
- C. "Non-school person" means any person who is not currently enrolled as a student in or employed by the school district.
- D. "Obscene to minors" means:
 - 1. The average person, applying contemporary community standards, would find that the material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;
 - 2. The material depicts or describes, in a manner that is patently offensive to

prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, and lewd exhibition of the genitals; and

3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.
- E. “Minor” means any person under the age of eighteen (18).
- F. “Material and substantial disruption” of a normal school activity means:
1. Where the normal school activity is an educational program of the school district for which student attendance is compulsory, “material and substantial disruption” is defined as any disruption which interferes with or impedes the implementation of that program.
 2. Where the normal school activity is voluntary in nature (including school athletic events, school plays and concerts, and lunch periods) “material and substantial disruption” is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

In order for expression to be considered disruptive, specific facts must exist upon which the likelihood of disruption can be forecast including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

- G. “School activities” means any activity sponsored by the school including, but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays, other theatrical productions, and in-school lunch periods.
- H. “Libelous” is a false and unprivileged statement about a specific individual that tends to harm the individual’s reputation or to lower him or her in the esteem of the community.

IV. GUIDELINES

- A. Non-school persons and organizations may, within the provisions of this policy, be granted permission to distribute, at reasonable times and places as set forth in this policy, and in a reasonable manner, materials and objects which are appropriate to the school setting.
- B. Requests for distribution of materials will be reviewed by the administration on a case-by-case basis. However, distribution of the following materials is always

prohibited. Material is prohibited that:

1. is obscene to minors;
2. is libelous;
3. is pervasively indecent or vulgar or contains any indecent or vulgar language or representations, with a determination made as to the appropriateness of the material for the age level of students to which it is intended;
4. advertises any product or service not permitted to minors by law;
5. advocates violence or other illegal conduct;
6. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religious, or ethnic origin);
7. presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school regulations.

C. Permission for non-school persons to distribute materials on school district property is a privilege and not a right. In making decisions regarding permission for such distribution, the administration will consider factors including, but not limited to, the following:

1. whether the material is educationally related;
2. the extent to which distribution is likely to cause disruption of or interference with the school district's educational objectives, discipline, or school activities;
3. whether the materials can be distributed from the office or other isolated location so as to minimize disruption of traffic flow in hallways;
4. the quantity or size of materials to be distributed;
5. whether distribution would require assignment of school district staff, use of school district equipment, or other resources;
6. whether distribution would require that non-school persons be present on the school grounds;
7. whether the materials are a solicitation for goods or services not requested

by the recipients.

V. TIME, PLACE, AND MANNER OF DISTRIBUTION

If permission is granted pursuant to this policy for the distribution of any materials, the time, place, and manner of distribution will be solely within the discretion of the administration, consistent with the provisions of this policy.

VI. PROCEDURES

- A. Any non-school person wishing to distribute materials must first submit for approval a copy of the materials to the administration at least five days in advance of desired distribution time, together with the following information:
 - 1. Name and phone number of the person submitting the request.
 - 2. Date(s) and time(s) of day of requested distribution.
 - 3. If material is intended for students, the grade(s) of students to whom the distribution is intended.
 - 4. The proposed method of distribution.
- B. The administration will review the request and render a decision. The administration will assign a location and method of distribution and will inform the persons submitting the request whether non-school persons may be present to distribute the materials. In the event that permission to distribute the materials is denied or limited, the person submitting the request should be informed in writing of the reasons for the denial or limitation.
- C. Permission or denial of permission to distribute material does not imply approval or disapproval of its contents by either the school, the administration of the school, the school board, or the individual reviewing the material submitted.
- D. In the event that permission to distribute materials is denied, the non-school person or organization may request reconsideration of the decision by the superintendent. The request for reconsideration must be in writing and must set forth the reasons why distribution is desirable and in the interest of the school community.

VII. VIOLATION OF POLICY

Any party violating this policy or distributing materials without permission will be directed to leave the school property immediately and, if necessary, the police will be called.

VIII. IMPLEMENTATION

The school district administration may develop any additional guidelines and procedures

necessary to implement this policy for submission to the school board for approval. Upon approval by the school board, such guidelines and procedures shall be an addendum to this policy.

[Note: School districts are encouraged to consider additional guidelines which reflect varied local practices relating to this subject matter including addressing the subject of consistency and uniformity for approving or disapproving practices under this policy.]

906 COMMUNITY NOTIFICATION OF PREDATORY OFFENDERS

[Note: School board adoption of a policy regarding a predatory offender notification is discretionary. Minnesota Statutes section 244.052 imposes duties on law enforcement agencies but does not impose mandatory notification duties on school districts except as set forth in Paragraph IV.B.6., below.]

I. PURPOSE

The purpose of this policy is to assist school administrators and staff members in responding to a notification by a law enforcement agency that a convicted predatory offender is moving into the school district so that they may better protect individuals in the school's care while they are on or near the school district premises or under the control of the school district.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to provide information to staff regarding known predatory offenders that are moving into the school district so that they may monitor school premises for the safety of the school, its students, and employees. Staff will be notified as appropriate and have access to Offender Fact Sheets.
- B. The superintendent, in cooperation with appropriate school transportation officials, will evaluate bus routes and bus stops. Bus drivers will have access to Offender Fact Sheets. If necessary, bus stops may be moved if they place children in close proximity to a predatory offender who has been convicted of crimes against children of similar ages.
- C. The superintendent, in conjunction with the building principal or designee, shall prepare or provide safety information for distribution to students regarding protecting themselves from abuse, abduction, or exploitation. The school district will prepare a list of available resources. Staff will provide safety information to students on how to protect themselves against abuse, abduction, or exploitation. School officials may ask their police liaison officer or local law enforcement officials for assistance in providing instruction to staff and students.

III. DEFINITIONS

- A. Minnesota Statutes section 244.052, as amended, allows law enforcement agencies to disclose information about certain predatory offenders when they are released into the community. The information disclosed and to whom it is disclosed will depend upon their assessment of the level of risk posed by the

predatory offender.

- B. “Risk Level Assessment” is the level of danger to the community as established by the Minnesota Department of Corrections following a review by a committee of experts. The level of risk assigned to a soon-to-be-released offender determines the scope of notification.

- C. “Risk Levels”
 - 1. “Level I” – Risk Level I is assigned to a predatory offender whose risk assessment score indicates a low risk of reoffense.
 - 2. “Level II” – Risk Level II is assigned to a predatory offender whose risk assessment score indicates a moderate risk of reoffense.
 - 3. “Level III” – Risk Level III is assigned to a predatory offender whose risk assessment score indicates a high risk of reoffense.

- D. “Notification or Disclosure by Law Enforcement Agency”
 - 1. Risk Level I – The local law enforcement agency may disclose certain information to other law enforcement agencies and to any victims of or witnesses to the offense committed by the offender. There will be no disclosure to school districts.
 - 2. Risk Level II – In addition to those notified in Level I, a law enforcement agency may notify agencies and groups the offender is likely to encounter that the offender is about to move into the community and provide to those agencies and groups an Offender Fact Sheet on the offender. School districts, private schools, day care centers, and other institutions serving those likely to be victimized by the predatory offender are included in a Level II notification.
 - 3. Risk Level III – In most cases, the local law enforcement agencies will hold a community meeting and distribute an Offender Fact Sheet with information concerning and a photograph of the soon-to-be-released Level III offender.

- E. “Offender Fact Sheet” is a data sheet compiled by the Department of Corrections or local law enforcement agency. The Offender Fact Sheet contains both public and private data including a photograph and physical description of the predatory offender, as well as the general location of the offender’s residence.
 - 1. A local law enforcement agency will generally provide Offender Fact Sheets for Level II predatory offenders directly to the school district.
 - 2. Level III Offender Fact Sheets will be distributed at a community meeting

conducted by the local law enforcement agency.

- F. “Law enforcement agency” means the law enforcement agency having primary jurisdiction over the location where the offender expects to reside upon release.
- G. “Criminal history conviction data” is public data on a convicted criminal which is compiled by the State Bureau of Criminal Apprehension (BCA).

IV. PROCEDURES

A. Level II Notification

In keeping with the statutorily designated purpose that Offender Fact Sheets are to be used by staff members to secure the school and protect individuals in the school district’s care while they are on or near the school district’s premises or under the control of the school district, the school district will take the following steps:

1. The superintendent shall notify the law enforcement agencies within the school district that all appropriate Level II and Level III notifications are to be provided at least to the superintendent of schools.
2. Upon notification of the release of a Level II predatory offender, the superintendent shall forward the Offender Fact Sheet to all building principals and central office administrators. This would include transportation, food service and buildings and grounds supervisors.
3. Principals of schools in close proximity to the Level II predatory offender’s residence shall meet with staff and show the Offender Fact Sheet to persons within the buildings who supervise students or who would be in a position to observe if the Level II offender was in or around the school. This includes, but is not limited to, administrators, teachers, coaches, paraprofessionals, custodians, clerical and office workers, food service workers, volunteers, and transportation providers.
4. The school district shall request criminal history conviction data on the Level II predatory offender from its local law enforcement agency. On a case-by-case basis, the superintendent may determine whether to send a letter to parents with general information regarding release of the Level II offender and a copy of the criminal history conviction data that the school district obtained from its local law enforcement agency. The offender fact sheet contains data classified as private or not public under Minnesota law and may only be distributed to parents, students, or others outside the school district if it determines the release is for the purpose of securing the schools and protecting individuals under the school district’s care while they are on or near school premises.

5. The building administrator shall cause the Offender Fact Sheet to be posted in each building in an area accessible to staff and employees but not the general public unless a determination has been made that public posting will help secure the school or protect students.
6. The school district shall not distribute or provide access to Level II Offender Fact Sheets to parents, students, or others outside the school district unless a determination has been made that dissemination of the data will help secure the school or protect students.

[Note: The Minnesota Department of Administration issued an opinion confirming that the Predatory Offender Fact Sheet contains private data or not public data. However, it is the department's opinion that a school district may release any information contained in the notification to anyone, including staff, students, parents, and guardians, if it determines that the release of data will help secure the school or protect students.]

B. Level III Notification

1. The superintendent shall notify the law enforcement agencies within the school district that all Level III notifications of community meetings are to be provided to the superintendent of schools.
2. When a Level III predatory offender is released into a community, generally the local law enforcement agency will notify the school district of the time and location of the community meeting at which the Level III Offender Fact Sheet will be distributed to the community.
3. When the school district receives this information, the superintendent shall determine on a case-by-case basis whether the school district will notify parents and students of the time, date, and location of the community meeting.
4. When notified of a Level III predatory offender community meeting the superintendent or another school district administrator designated by the superintendent shall attend the community notification meeting.
5. When the school district receives information that a Level III predatory offender is moving into the school district, in addition to following the procedures specified above, the school district shall follow the procedures outlined for a Level II notification.
6. If the predatory offender is participating in programs offered by the school district that require or allow the person to interact with children other than the person's children, the superintendent shall notify parents of children in the school district of the contents of the Offender Fact Sheet.
