

Wabasha-Kellogg Public Schools Policy

710 EXTRACURRICULAR TRANSPORTATION

I. PURPOSE

The purpose of this policy is to make clear to students, parents and staff the School District's policy regarding extracurricular transportation.

II. GENERAL STATEMENT OF POLICY

The determination as to whether to provide transportation for students, spectators or participants to and from extracurricular activities shall be made solely by the School District administration. This determination shall include, but is not limited to, the decision to provide transportation, the persons to be transported, the type or method to be utilized, all transportation scheduling and coordination, and any other transportation arrangements or decisions. Employees who are involved in extracurricular activities shall be advised by the administration as to the transportation arrangements made, if any.

III. ARRANGEMENT OF EXTRACURRICULAR TRANSPORTATION.

School District employees shall undertake independent arrangement, scheduling or coordination of transportation for extracurricular activities only when specifically directed or approved by the School District administration **or** designee. School District employees will notify a building administrator or designee of all transportation arrangements made. If the School District makes no arrangements for extracurricular transportation, students who wish to participate are responsible for arranging for or providing their own transportation.

IV. EMPLOYEE TRANSPORTATION OF STUDENTS.

In the event of an emergency or other unforeseeable circumstances, employees are authorized to make appropriate transportation arrangements for students as necessary. Employees will transport students in non-emergency circumstances only when such extracurricular transportation is approved by the administration. If any transportation arrangements are made by employees pursuant to this section, the relevant facts and circumstances shall be reported to the administration. All vehicles used to transport students shall be properly registered and insured.

V. FEES

In its discretion, the School District may charge fees for transportation of students to and from extracurricular activities conducted at locations other than school, where attendance is optional.

[Note: This policy provides that employees may use a personal vehicle to transport students in an emergency or other unforeseeable circumstance. An "emergency or other unforeseeable circumstance" does not include situations where regular transportation is available or scheduled.]

For example, if a scheduled extracurricular event occurs outside of the school district and the school district transports a team or group of students to and from the event, an employee would be prohibited by law from using a personal vehicle to transport some students to the event. In contrast, if a student attending this same event became ill or injured and required immediate transportation home or to a health care facility, the immediate need to transport one student would not constitute regular or scheduled transportation. An employee would have authority to transport the student in a personal vehicle under these circumstances, if using a vehicle that is properly registered and insured. The expectation of the school district is that the employee would immediately contact administration about these circumstances to ensure oversight of the employee's use of this exception.

Nonregular and nonscheduled transportation also would include situations where some notice may be provided of the need for transportation to a nonscheduled event for which transportation generally is not provided by the school district. For example, a group of students may participate in a scheduled debate competition for which regular school district transportation is provided. Two students advance to a regional competition the following day. Transportation would not have been scheduled to the regional competition as the students' advancement was not predicted. These circumstances may justify an employee's use of a personal vehicle to transport the two students to the regional competition, if the vehicle is properly registered and insured. Because the employee has sufficient time to contact an administrator, advance written permission by an administrator would be expected for the purpose of overseeing that the reasons for an employee using a personal vehicle comply with the requirements of the law.]
