

WABASHA-KELLOGG SCHOOL DISTRICT

SCHOOL FACILITY BOND REFERENDUM

The Wabasha-Kellogg School District will ask voters to support a \$16.2 million bond referendum on November 7, 2023.

VOTE
NOVEMBER 7

Update and Replace Building Infrastructure and Systems

A significant portion of the building's **roof** is beyond its service life and will be replaced. In addition, portions of the **heating, ventilation, and air conditioning (HVAC) system** will be upgraded and/or replaced. The **electrical system and elevator** will be updated. The building's **fire protection system** will be updated.

Update and Expand the Career and Technical Education Labs (Shop)

The high school's shop area, now known as the Career and Technical Education (CTE) lab, is nearly 50 years old and needs to be **updated and expanded to increase course offerings, improve educational experiences,** and provide access to the latest equipment and technology.

Update Science Labs

The high school's science classrooms have not been renovated since their original construction in 1974. They will be **redesigned to allow greater flexibility for project-based learning activities and better access to technology.** The lab stations will get updates to plumbing and cabinetry as well as modifications to meet Americans with Disabilities Act (ADA) standards.

Creation of Secure Main Entrances

The schools' offices will be redesigned to improve operational efficiencies and **route visitors through main offices** to check in before having access to the school.

Add and Update Restrooms

The restrooms will be expanded and updated to address **failing fixtures and meet the Americans with Disabilities Act (ADA) code requirements.**

Renovate High School Classrooms and Media Center

The high school was built in 1974 with an open concept library and a large portion of space for lockers. Lockers will be relocated throughout hallways, allowing the existing locker area to be repurposed into an educational breakout space. The library will be separated into **small group collaboration and project-based learning spaces.** The music room will be remodeled to improve space use and acoustics while providing needed storage for equipment. The classrooms used for **special education services will be renovated** to provide space for both large and small group instructional space.
