

Grades 7 – 12
Wabasha-Kellogg Public Schools
Chromebook Protection Plan Agreement

*****Each student that leases a W-K owned Chromebook is responsible for his/her own device at all times*****

Annual Lease and Protection Plan Premium: \$60 per student/year

Scholarship Fund:

Wabasha-Kellogg has a scholarship fund available to help pay for the Lease and Protection plan for students who qualify. If eligible, the scholarship fund pays \$40 and the student pays \$20 for the lease of the Chromebook. Contact Sandi or Angie in the High School office to determine if your child is eligible for this scholarship.

Coverage:

- The District issued Chromebook comes with a 3 year, 3 claim accidental damage/manufacture warranty.
- The District's protection plan provides protection for manufacturer defect and accidental damage.
- The District has sole authority to determine any and all replacement costs and fees due to damages.
- This plan does not cover lost or stolen devices. As with a regular textbook, if the device is lost or stolen, it will be the responsibility of the student. The school district will obviously use all of its resources and energy to help the student locate their device. The student is also expected to have a lock on their lockers to help protect their device and other school and personal belongings.
- The District reserves the right at any time to require students to check in/out devices daily.
- If the device is damaged beyond repair and is considered 'totaled,' the device will be replaced under the warranty plan, but then the plan is terminated. At that point, the student/parent would be responsible for any future damages or issues.
- Damaged devices must be returned to the District before replacement can be determined. While waiting for their device to be repaired, the student will be able to use one of the district's Chromebooks free of charge.
- Battery chargers and cords are also issued with the device and are considered part of the device, but are not covered under the protection plan. If damaged, lost or stolen, the student is responsible to replace. The issued charger and cord must also be returned at the end of the school year with the device or the student will be charged appropriately.
