Committee Reports:

<u>Agenda Item</u>	<u>Individual(s) Reporting</u>	<u>Information, Engagement Supporting Documents, Other Information</u>	<u>Action, Notes Follow Up Items</u>
<b>Sportsmanship</b>	Rick O’Leary Melton Jefferson	Discussion on process for how to handle egregious violations of KingCo Sportsmanship Code of Conduct.	A proposal may be made at next KingCo AD Meeting to outline a process.
<b>Handbook</b>	Melton Jefferson	Review of process of changing handbook language. Hopefully Fall commissioners gathered suggested changes.	
<b>Scheduling</b>	Lori, Wes, Kyle, <b>Jason, Lance,</b> Rick , Phil, Dan, <b>Clark, Jordan</b>	Present football, volleyball and girls’ soccer schedules, KingCo Tourney brackets	<p>Next meeting agenda: KingCo All League, KingCo champions, schedules for individual sports, review feedback from meeting and prepare VB, FB and GSO schedules for 2nd reading</p> <p>Issaquah District AD, Jordan Frost, shared the girls soccer results of Power Ranking percentage vs weighted average rank to determine placement of teams in groups.</p> <p>Weighted Average Rank looks at a team’s average rank in the league over the three years. Power ranking average is the overall power ranking % over the three years. Both take into account 50% weight to last year, 30% to two years ago, and 20% to three years ago.</p> <p>Question arose as to what happens when you have a senior heavy team who made your team exceptional in one year putting you in a tier the current team maybe shouldn’t be in. Response was that in looking at numbers and reverse engineering them, the rankings changed negligibly. Also, three years of data create the placement. Therefore, placement won’t be too greatly impacted by one year of success.</p> <p>Motion to accept Weighted Average Rank (WAR) as determiner of team placement in a schedule. Seconded. Approved unanimously.</p> <p>Volleyball schedule was presented with school names in groups. Question asked about how do</p>

			<p>the small schools explain to their community that they are traveling long distances to play 4A schools? It was shared that with a large conference of different sized classification, this is the best option to provide a competitive schedule with matching and equating.</p> <p>Clarification on how teams are determined for these placements. It is all regular season games, league and non-league, from the last three years.</p> <p>Clarification on crossover games - bottom three (rank 22-24) and top 3 (rank 1-3) don't have scheduled crossover games. Option to play teams in that grouping or find more non-leagues.</p> <p>Suggestion made that crossovers can be placed in different spots in the schedule. They can be at beginning, middle, or interspersed.</p> <p>Concern over some teams who ended up in a lower tier seem to be better than teams in an upper tier. Do teams who got beat up in a higher classification (3A) end up too far below teams that had moderate success (2A) in a lower classification?</p> <p>Options of football schedule presented</p>
